The site will be brought forward using a contractor model. Part of the site was allocated by the SADMP for at least 260 dwellings (2016). The other portion is within the development boundary and capable of accommodating a further 125 dwellings. The entire site is included within a package that the BCKLWN has been awarded, approx. £10m, as part of Homes England's Accelerated Construction Programme (ACP). As a part of this, the site has to commence by March 2021. The 260 homes are to be delivered at a rate of 7.7 dwellings per month, and the 125 homes at a rate of 6.3 dwellings per month. Early consultation and engagement 85 commenced in March 2020.

	E2.1 West Winch Growth Area - excluding the northern portion																							The land was originally promoted through the 'Princes Trust' building exercise and through the local plan process. The strategic nature of this site has long since been established through the adopted Core Strategy (2011), and the SADMP (2016). The Infrastructure Delivery Plan (IDP) (2017) provides information to underpin Section 106 requirements for the area. Maddox Associates (who represent ZAL) have brought forward a planning application for the central part of the allocation detailing at least 500 dwellings. The BCKLWN have put together a delivery team to ensure that the infrastructure requirements of the site are delivered as soon as possible and therefore delivery will be accelerated. Gerald Eve (Chartered Surveyors) and Clyde and Co (lawyers) are engaged to bring forward landowner collaboration agreements, and the S106 framework agreement for the entire Growth Area site. Maddox Associates confirm that their land is available now and free of any legal or land ownership problems. The land would be sold off for development and they anticipate that the land would begin to be built upon 6 months after the granting of reserved matters. The BC is preparing a Masterplan for the entire Growth Area. In combination with NCC they are preparing a planning application for the West Winch Housing Access Road. Delivery mechanisms are being explored for the wider site. It should be noted that Metcare have
