

THE ONLY ACCESSORY YOU NEED

EDITION 7, 2017

Welcome To Our Latest Accessories Catalogue.

Once again we are proud to bring you a wide-ranging collection of accessory products from a series of leading brands. This edition is also supplemented with the addition of hardware, highlighting a selection of laptops, tablets and mobility products from brands that are at the forefront of I.T.

Within this catalogue you will find a range of products from a variety of major brands to ensure we can offer everything that you will need to get the most out of your technology investments. With products split across dedicated colour coded categories, simply flick to the relevant section to find the accessory you need. The brochure shows just a selection of what we offer; to view the full range we have available please visit our website or contact us for more details.

We hope this latest catalogue provides you with everything you need and look forward to working with you soon.

Lenovo

Welcome to Lenovo

Innovation is in Lenovo's DNA and helps Lenovo continuously improve and perfect their business; it's not only their products and technologies, but also present in all of their efforts, from their strategy and execution to their business model.

With a never stand still philosophy Lenovo are continuing to transform themselves from a product-centric company to a customer-centric company. Throughout the company, there is dedication to working on Lenovo's transformation through developing unique competitive advantages.

Lenovo is a US\$46 billion global Fortune 500 company and a leader in providing innovative consumer, commercial and enterprise technologies.

With all this in mind it can be expected that there is much more to come from Lenovo in the coming years and months.

¹iPhone 7 and iPhone 7 Plus are splash, water and dust resistant, and were tested under controlled laboratory conditions with a rating of IP67 under IEC standard 60529. Splash, water and dust resistance are not permanent conditions and resistance might decrease as a result of normal wear. Do not attempt to charge a wet iPhone; refer to the user guide for cleaning and drying instructions. Liquid damage not covered under warranty. ²Data plan required. 4G LTE Advanced and 4G LTE are available in selected markets and through selected networks. Speeds are based on theoretical throughput and vary based on site conditions and network. For details on 4G LTE support, contact your network and see www.apple.com/iphone/LTE. ³iPhone 7 and iPhone 7 Plus in jet black are only available in 128GB and 256GB models.

There's nothing quite like iPhone.

Every iPhone features a beautiful design, advanced cameras, a gorgeous Retina display, incredible performance, ultra-fast wireless¹, Touch ID, long battery life,² iOS 10 and the App Store. That's why there's nothing quite like iPhone.

¹Data plan required. LTE Advanced and LTE are available in selected markets and through selected carriers. Speeds are based on theoretical throughput and vary based on site conditions and carrier. For details on 4G LTE support, contact your carrier and see www.apple.com/iphone/LTE. ²Battery life varies by use and configuration. See www.apple.com/uk/batteries for more information.

VARICOLOR®
Range

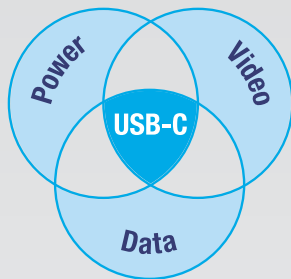

Let's talk USB-C

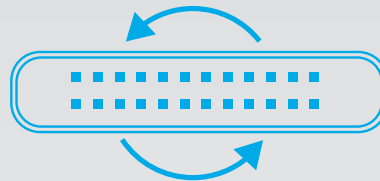

What is it?

USB-C is the next generation of USB connector

It can deliver power, video and data through a single cable

USB-C

It's smaller than the standard USB-A port and it's reversible

USB-C ports have been appearing on devices since early 2015 but for now you'll need a range of accessories to make new USB-C hardware work with legacy USB infrastructure.

The **Targus USB-C to HDMI / USB-C / USB-A Adapter** allows you to deliver power, video and data through a single USB-C port.

Charge your USB-C laptops, tablets and phones – power delivery up to 60W

USB-A data speeds up to 5Gbps, so you could transfer a 2GB film in 3 seconds

Supports video at 4K ultra-high definition for stunning clarity

We recommend Microsoft® software

Windows 10 Pro and the HP Spectre Pro x360

Get a business-ready convertible laptop with the versatility to get you through any task. Power through your day with the long battery life and four operating modes, while not compromising on quality thanks to the 6th Gen Intel® Core™ i7 processor.

- ✓ Benefit from a 13.3" diagonal touch FHD or QHD touchscreen
- ✓ Weighing just 1.45kg, with a super slim form factor (15.4mm), the Spectre Pro x360 is all about portability
- ✓ Includes 8 GB RAM and 256 GB SSD Storage for quick and efficient multi-tasking

Windows 10 Pro Features:

- Join a domain including Azure Active Directory for a single sign-on for cloud services
- Distribute apps to the whole company with Windows Store for Business
- Enjoy the flexibility of Remote Desktop access
- Be worry free with BitLocker encryption to keep your data protected

Part Number: V1B00EA

The Perfect Partner: Microsoft Office Home & Business 2016

Create and communicate faster with time saving features, a new modern look, built-in collaboration tools, and the power of Outlook for email. Get the apps you know and love, along with free storage on OneDrive. For all of your business needs, Office Home & Business has you covered.

We recommend Microsoft® software

Windows 10 Pro and the HP EliteBook 1030

Get things done like never before with the power of Windows 10 Pro on the HP EliteBook 1030. No space is wasted, and thanks to the near edge-to-edge touchscreen you can see more while carrying less.

- ✔ Collaborate clearly using the HD webcam and the built-in HP Noise Reduction Software
- ✔ See things like you've never seen them before with the 13.3" QHD Display (3200x1800)
- ✔ With the 6th Generation Intel® Core™ m7 processor, you're ready to handle anything the work day throws at you

Part Number: X2F04EA

Windows 10 Pro Features:

- Join a domain including Azure Active Directory for a single sign-on for cloud services
- Enjoy the flexibility of Remote Desktop access
- Distribute apps to the whole company with Windows Store for Business
- Be worry free with BitLocker encryption to keep your data protected

The Perfect Partner: Microsoft Office Home & Business 2016

Create and communicate faster with time saving features, a new modern look, built-in collaboration tools, and the power of Outlook for email. Get the apps you know and love, along with free storage on OneDrive. For all of your business needs, Office Home & Business has you covered.

Kensington®

SMARTFIT® ERGONOMICS SYSTEM

Because one size doesn't fit all

1. Measure

Just place your hand on the baseline of the hand chart. The tip of your middle finger indicates your SmartFit colour.

2. Adjust

Now adjust your product to the correct SmartFit colour setting. (You won't need any tools).

3. Fit

The final step is to validate the fit of your SmartFit product at your workstation and start working more comfortably.

KEEP IT CONFIDENTIAL

3M™ Privacy Filters. Keep visual hackers in the dark.

You see your screen with pristine image clarity in the center-viewing angle, while prying eyes beside you see only a black or gold screen. Advanced microlouver technology “blacks out” side views with worldclass effective privacy. That’s why people worldwide trust 3M™ Privacy Products to help keep their private information private. And why 3M is a leader in visual privacy protection.

**3M Privacy solutions available from 10.1” to 30.0” widescreen.
Solutions available for laptops, monitors, Apple devices and touchscreen displays.**

250m	800ft	A7L704uk250M	250, Grey, UTP, CAT6, Solid

Assembled

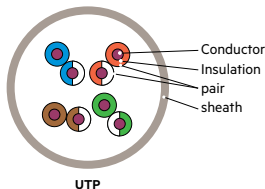

STP

STP – Shielded Twisted Pair

This type of shielding protects EMI from entering or exiting the cable and also protects neighbouring pairs from crosstalk. This is more commonly used in industrial, commercial and longer-length applications

Snagless

UTP

UTP – Unshielded Twisted Pair

This is the most popular type of cable that consists of two unshielded wires twisted around each other. Due to its low cost, UTP cabling is used extensively for LANs

CAT6 benefits over CAT5e

- Greater bandwidth - 200 MHz versus 100MHz
- Higher signal-to-noise ratio
- Higher reliability for current applications
- Higher data rates for future applications

EM+S

We recommend Microsoft® software

Enterprise Mobility + Security

The Perfect Business Partner for Office 365

If your customers are purchasing Office 365, then Microsoft's Enterprise Mobility + Security product is a brilliant match for the software. The combined power of Microsoft Intune, Azure AD Premium, and Azure Rights Management Solution make it an extremely useful and effective mobile device management service.

- EM+S includes Microsoft Intune, Azure AD Premium, and Azure Rights Management
- Deploy software safely and securely across the workforce
- Manage software and documents remotely
- EM+S covers PCs, laptops, tablets, and mobile phones (including iPhone and Android devices)
- The only Microsoft solution designed to protect Office 365 emails, files, and applications

EM+S is available through a variety of flexible purchasing options.
