BELKIN.

SOHO KVM 4 Port

With Belkin's newly redesigned SOHO KVM, you can share your monitor, keyboard and mouse with up to four USB and PS/2 computers. You can also connect one set of speakers and use them for all your computers.

The SOHO KVM Switch helps to increase your efficiency and productivity at home or in the office by reducing desktop clutter while keeping access to all of your programs and files spread accross multiple computers

Benefits

- Switches easily between MACs and PCs
- Front panel buttons with NEW LED indicator lights allow you access audio and video content from multiple computers simultaneously
- Requires no software for installation
- Now includes a built-in USB 2.0 hub for connecting your peripherals
- Included cables are color coded to match the front buttons and back panel for trouble free installation
- Now supports hot-key functionality for optional switching
- Available in 2- and 4-port models
- Supports monitors with VGA connections
- Supports PS/2 keyboards and mice
- Supports both PS/2- and USB-based computers
