Mobile Storage for Android Devices

JetFlash® 380

Transfer files to and from your mobile device with ease while on the go. Transcend's JetFlash 380 USB OTG Flash Drive is designed to transform the way you carry and exchange personal digital media. Plus, with the free-to-download Transcend Elite App, you can easily explore files on the JetFlash 380 and quickly backup photos, videos, documents, and other content stored on your smartphone or tablet.

Dual access, double the convenience

On one side, a micro USB interface lets you connect to mobile devices. On the other side, a full-size USB interface functions like a regular flash drive that can be connected to any USB port-equipped device.

Splash and dust resistant

Using innovative COB (Chip-on-Board) engineering and assembled with a metallic casing, the JetFlash 380 is completely resistant to dust and splashes while remaining extraordinarily lightweight.

Lighter and smaller

JetFlash 380 is smaller and lighter than ordinary flash drives, making it easier to carry around. With up to 64GB capacity, you can effortlessly expand the storage capacities of your mobile devices. "Memory Full" message will not ruin your important moment anymore.

Mobile Storage for Android Devices
JetFlash® 380

Features

· Dual connector design to transfer between micro USB and USB 2.0 interfaces

· Compact, one-piece COB (Chip On Board) manufacturing
