## WELCOMING A HOPEFUL SPRING

After a year of many challenges, we at timi of sweden wanted to create even more feel good jewelry with happy messages, so that the women wearing them feel empowered, optimistic and strong.

### NEW ITEMS TO LOOK OUT FOR:

#### PRECIOUS STONE - page 10

This new item with its earthy natural packaging was introduced in autumn and immediately became a big hit. Each stone comes with a power like strength, courage, healing, protection and love. A perfect gift!

#### FRIENDSHIP JEWELRY - page 19

This past year sure has taught us the importance of our most loyal friends. To honour this we've made a friendship category that includes many of our best selling items.

#### FEEL GOOD JEWELRY - page 20-21

Our first gold foiled packaging comes with a happy individual message that makes it the most perfect personalized gift!  
8 different designs in both earrings and bracelets.

#### STERLING SILVER MESSAGE PLATES - page 41

We're introducing sterling silver plates with strong messages like BRAVE and HOPE to gift yourself. But also message like BFF and BEST MUM to give away to your loved ones.

# OUR STORY

## HOW IT STARTED

Timi of Sweden was founded in the south of Sweden in 2010, by Tiffany and her husband Mikael.

The name Timi comes from the play of words with the first two letters in each of their respective names.

## ABOUT US

We are a group of fun loving people, who are aesthetic enthusiasts.

We create handmade gift products that put a smile on your face. Our biggest priority is the happiness of our customers as well as our employees.

## OUR PRODUCTS

Every product that comes out of our creative studio is made with love and full of little surprises in every detail.

We started with jewelry, packed in beautiful cards, and have since then developed our concept further and extended our product line with products such as postcards, greeting cards, notebooks, phone cases, and other nice gift products.

## WHY CHOOSE US?

We make sure that we leave a little bit of happiness in everything that we do. As our partners, you can be rest assured that everything we produce is of good quality and helps leave a positive impact on the world through our employee education program.

It's important to us that you, as a timi partner, feel happy and excited about your order.

Our distributors/agents/partners like selling our products because they sell very well and makes the consumer smile.

We have many stores in Germany, Belgium and France, and we continue to grow on the European market, which we are very proud of. Contact us at [info@timi.se](mailto:info@timi.se) if you're interested to be a partner.

## OUR PHILOSOPHY

We at Timi of Sweden care about the people we work with, how our products are made and the positive impact we leave in the world. Our factory is spacious and provide a good work environment for our employees, so that they can take pride in their work, and be happy and comfortable while working. We provide our employees with free food, a safe work environment, and absolutely no child labour. We support an education program for our employees' children to help them have a better future. We believe that in everything we do, we want to leave the world a little bit happier.
