

HP Chromebook - 15-de0010nr (6JA25UA)

Overview

Like the style, love the power

Satisfy your desire for a sophisticated laptop with the slim, beautifully designed new Chromebook. With the fully integrated Google Play Store, and all-day battery life, you can work or play all day, and beyond.

See More. Do More.

Work and play all day with an Intel® processor and all-day battery life. With a full size keyboard and numpad, stay productive and get things done all day long. With a 15" FHD micro-edge display and HP Audio Boost, enjoy entertainment like never before.

Apps for everything

An ecosystem designed to seamlessly keep you in sync, your favorite Chrome browser and the Google Play Store, filled with apps that can help you do everything from work to play.

Designed to look as good as you

Look good wherever you go with a design that's both stylish and durable. The protective finish and decorative coating creates a ceramic-like finish, and the 3D metal design provides additional strength and durability in a premium style.

Features

Chrome

This easy-to-use operating system was designed to be fast in every possible way, while keeping you safe and more secure on the web.

FHD IPS touchscreen

Always see your content at its best with 178° wide-viewing angles and a vibrant picture. And with touchscreen technology, you can control your PC right from the screen.^[2]

USB-C™

Power your device or connect to an external display from just one USB-C™ port with 5 Gb/s signaling rate. And it's reversible, so you never have to worry about plugging in upside down.^[3]

Dual-core Intel® Pentium processor

The perfect combination of performance, power consumption, and value helps your device run smoothly and reliably with two processing cores to handle all your tasks.^[1]

USB 3.0 connector

With the world's most popular USB connection, you can easily connect any of your existing USB devices and experience data transfer speeds ten times faster than USB 2.0.

64 GB eMMC storage

An embedded Multimedia Card provides reliable flash-based storage at a great value. And without the moving parts of a traditional hard drive, there's a lower chance of failure and damage.
