

Fixed-Height Flat Panel Floor Stand

VFM-F EU SAP: 4291361 US SAP: 12939539

vav.link/vfm-f

Height can be set from almost touching the floor to 2500 mm high

Transfers weight of touch panel to the ground

Optional extras: cover, shelf, wheels

The Vision Flat-Panel Mount Floor (VFM-F)

(VFM-F) range has the greatest adjustability of any mount available. It accepts almost any size of display – interactive or not. The H-frame provides incredible strength, flexibility, and stability. The cover and shelf shown in the images are optional extras.

Height adjustment

The flat-panel mount can be fixed to the legs at almost any height. Plus the outer legs adjust up and down the H-frame with 700mm (28") of range to provide levelling and height adjustment. At it's lowest setting it can almost touch the floor. At it's highest setting the top of the display can be around 2500mm (98") high.

Wide Stance

The legs are 750mm (30") wide to create a stable platform. This width reduces wobble and eliminates jacking (shuddering) as the display travels up due to uneven weight distribution.

4 x Wall Anchors

The H-Frame – which is 133mm (5.2") deep overall – can be fixed directly to the wall or the wall anchors can stand it off from the wall up to 150mm (5.9") to allows dado rail to pass behind. The wall anchors can be positioned literally at any point behind the H-Frame.

Cable Management

The wall anchor sub-frame has slots to easily cable-tie power distribution blocks and cables at rear.

Cover

This mount looks great without a cover but for corporate applications the optional cover is essential. Constructed from Aluminium Composite Panel which is strong and scratch resistant, the cover comes in four parts: one section goes above the display and is only visible when the screen is at its lowest point. The other three section fix below the screen. Dark grey.

Choose VESA

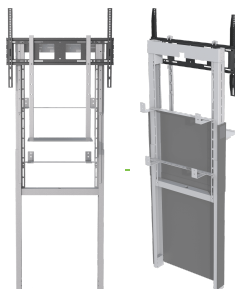

The mount is bundled with Vision's VFM-W8X4 wall mount which has a VESA pattern of up to 800 x 400mm, or the larger VFM-W12X6 which has a VESA pattern of up to 1200 x 600mm for very large displays such as Microsoft's Surface Hub.

Wheels

Sturdy wheels convert the assembly into a portable solution. The wheels include a cross-brace and measure 750mm x 750mm (29.5"). 70mm (2.8") locking wheels are used. Dark Grey or white.

Shelf

A shelf is available which can be mounted above or below the flat-panel at various heights. 306mm (12") deep x 500mm (19.7") wide. Dark Grey or white.

The logo for VISION, featuring the word "VISION" in a bold, white, sans-serif font. The letter "O" is stylized with a play button icon inside it. The logo is set against a dark green background that is part of a larger graphic design at the bottom of the page.

SPECIFICATIONS

PACKAGED DIMENSIONS:VFM-F

1400 x 380 x 110 mm / 55.12" x 14.96" x 4.33"

PACKAGED DIMENSIONS:VFM-FC

800 x 140 x 610 mm / 31.5" x 5.51" x 24.0"

PACKAGED DIMENSIONS:VFM-FW

835 x 230 x 110 mm / 32.87" x 9.06" x 4.33"

PACKAGED DIMENSIONS:VFM-FS

860 x 360 x 60 mm / 33.9" x 14.2" x 2.4"

PRODUCT WEIGHT:VFM-F

35 kg (77.16 lbs)

PRODUCT WEIGHT:VFM-FC

11.5 kg (25.4 lbs)

PRODUCT WEIGHT:VFM-FW

12 kg (26.5 lbs)

PRODUCT WEIGHT:VFM-FS

4.5 kg (9.9 lbs)

PACKAGED WEIGHT:VFM-F

40 kg (88.18 lbs)

PACKAGED WEIGHT:VFM-FC

13 kg (28.66 lbs)

PACKAGED WEIGHT:VFM-FW

14 kg (30.9 lbs)

PACKAGED WEIGHT:VFM-FS

6.5 kg (14.3 lbs)

SAFE WORKING LOAD

110" flat panel / 130kg (287 lbs) Note: when using wheels extreme caution should be used when moving a heavy assembly. Vision recommends not raising the display over 2000mm (78.7") high unless it is possible to secure the top of the H-Frame to a load bearing structure.
