MASTERBOX MB511

MCB-B511D-KANN-S00

PLAY IT COOL.

With the **MasterBox MB511**, systems built for high demand gaming can breathe easy through the mesh front panel. Along with the aggressive intakes in front, there is also ventilation on top for added thermal support.

Graphics cards might be getting larger and wider over time, but with 400mm of accommodating space, build worry-free with the MasterBox MB511.

The chassis and PSU shroud are powder-coated in black to help compliment your build while the edge-to-edge transparent side panel shows it off.

FEATURES

Mesh Front Panel – Offers efficient airflow for demanding systems through the mesh front panel.

Aggressive Intakes – Large intakes on each side of the front panel pay tribute to high performance cars.

Cooling Support – Support for a total of six 120mm fans, and front, top and rear radiator placement ensures that you don't have to compromise on performance.

Graphics Card Support Up To 400mm – You won't ever have to worry about the fit of your graphics card with support for even the largest, widest cards.

Edge to Edge Transparent Side Panel – Showcase your build through the transparent side panel.

Full Black Coating & PSU Cover – Let your system stand out with an all-black background.
