COOLER MASTER Make It Yours.

CHOOSE YOUR STYLE

Sleek design without compromise on performance and functionality.

The front slide panel hides your I/O ports, but keeps it easy to access when needed. The partial meshed front and ventilation holes on the side and top of the chassis generates plenty of airflow.

The MasterBox E500L will be available in three models with a different color accent. You can decide your personal preference and match the overall color theme of your build.

FEATURES

Front Slide Panel: Keep a clean design and hide your I/O ports behind this smooth front slide panel.

Sleek and elegant design
The brushed front slide panel gives the case an elegant look. MasterBox E500L shows the elegant aesthetics of simplicity.

Colored trim: Stand out from the rest with a nice color accent.

Support for a Total of 5 Fans & Watercooling: Five 120mm fans and front and rear watercooling support ensure that you don't have to compromise on performance.

Graphics card support up to 399mm: You won't ever have to worry about the fit of your graphics card, with support for even the largest, widest cards.
