Hardwood Floors' subscription base is BPA audited. A BPA audit provides advertisers and agencies with assurance that what they choose to invest in does, in fact, reach target audiences for specific ads. The BPA Worldwide audit also helps media companies by documenting the quality of their audiences.

Hardwood Floors (Print: ISSN 0897-022X and Online: ISSN 2475-5125) is published on a bi-monthly basis, plus the Annual Industry Guide, by the National Wood Flooring Association and distributed as a membership benefit to its member companies and without charge upon request to qualified individuals throughout the wood flooring industry. Single copy price is \$8, annual Industry Guide is \$50. Subscriptions: \$40/year (includes 6 issues and Industry Guide) in the U.S. and Canada. Publication office: 111 Chesterfield Industrial Blvd., Chesterfield, MO 63005. Phone: 800.422.4556. Printing office: Walsworth, 306 N. Kansas Ave., Marceline, MO 64658. Printed in the U.S. Periodicals postage is paid at Chesterfield, MO and at additional mailing offices. POSTMASTER: Send address changes to Hardwood Floors, P.O. Box 9147, Lowell, MA 01853.

PUBLISHING PARTNERS

PLANT YOUR SHADE NOW

Welcome to the 2023 NWFA Industry Guide, a resource the hardwood flooring industry looks forward to each year. It's a great way to stay abreast of new products and where you can find them. It can be helpful especially for our customers when they are working out of their normal geographic area and need to find product.

Whether you are looking for an NWFA Certified Professional, seeking a product for an installation, or in need of a distribution partner, it can be found in the guide you are holding. Keep this book on your desk or in your truck, and refer back to it for the next 12 months. Utilize the online version of the industry guide when you are on the go by downloading the *Hardwood Floors* magazine app or visiting hardwoodfloorsmag.com/industryguide.

The past few years have been strange and unpredictable. As we look to 2023, cautious optimism seems to be the theme for the wood flooring industry. According to the NWFA and *Hardwood Floors* magazine's recent industry outlook survey, 21 percent of respondents expect sales to be up significantly, and 18 percent expect sales to be up somewhat.

Hardwood has been in high demand, in part due to the boom in housing renovations. Rumblyings remain about how much longer that will be the case with new home builds and remodeling projects starting to cool down. Survey respondents cited the economy, supply chain challenges, and labor shortages as their top worries for the year ahead. It seems the unprecedented times continue in the marketplace. You may be wondering what you can do to prepare.

Warren Buffett once said, "Someone is sitting in the shade today because someone planted a tree a long time ago."

The information contained in the NWFA Industry Guide can help you plant seeds today that will benefit your business in the future. Use the information and connections listed to boost your business and plant the seeds for a more-prosperous future. This guide is just one example of how the NWFA supports the entire wood flooring supply chain and works to provide resources to help you achieve success.

Specifically, with the NWFA, you have the opportunity to:

- Gain a competitive edge through the NWFA's education offerings, such as hands-on training, online courses, webinars, and certifications.
- Utilize the NWFA's industry-standard technical guidelines and publications.
- Connect with other wood flooring professionals across the NWFA's more than 3,100 member companies from more than 40 countries.
- Read *Hardwood Floors* magazine for trends, technical skills, and business best practices.
- Network and learn in-person at the NWFA Expo in Milwaukee, Wisconsin, May 2-4, 2023.
- Save money with exclusive member discounts on programs and services you regularly use.

These are only a few examples of the value received for the \$475 cost of a one-year membership. Investing in yourself and your team is the best way to be prepared for whatever may come your way in 2023.

If the challenges of running a business in today's world have you feeling the heat, NWFA can offer some shelter from the sun. ■

Add even more value to your career by learning about all of the benefits of being an NWFA member.

For more information, call **800.422.4556** or visit nwfa.org.

Bona® Adhesives — The FIRST GREENGUARD GOLD Certified wood flooring adhesives in the industry!

Bona® is proud to announce that we have earned **GREENGUARD GOLD Certification** on our full line of wood floor adhesive products!

What **GREENGUARD GOLD** Means

- **GREENGUARD GOLD** products emit lower VOCs than standard Greenguard products.
- **GREENGUARD GOLD** standard includes health-based criteria for additional chemicals and also requires lower total VOC emissions levels to ensure that products are acceptable **for use in environments such as schools and healthcare facilities.**
- Bona Adhesives are **GREENGUARD GOLD** Certified with your health in mind. Did you know that people spend more than 90% of their time indoors?
- **Indoor Air Quality** – Children, and some adults are more susceptible to indoor air quality problems. Children breathe more per body weight, so they get a bigger dose of whatever is in the air.

Scan here to learn more
about Bona® Adhesives!

CEO'S NOTE

SEE THE *Good*

We all hoped to return to normal in 2022. However, for every bit of normal we had, it seemed there were reminders of the ongoing landscape of uncertainty. From the continuing pandemic to the economy to the supply chain, it seems there are no guarantees anymore.

You are not alone in facing these problems, though. The NWFA is going to continue moving forward with a service culture that is able to shift quickly to meet the wood flooring industry's needs when conditions change. The NWFA Board of Directors and Emerging Leaders Council are working with an innovation facilitator to help us learn more about being fearless in our approach to the future and adapting in the ways you need us to adapt.

As we ponder the future, let's not forget the past 12 months have not been all doom and gloom, in spite of the challenges. Here are a few reminders of the good around the industry:

- This year, a growing emphasis on health in the home and the narrowing of the price gap between real wood and alternative flooring products was front and center in consumers' goodwill toward real wood.
- The 2022 Remodeling Impact Report, a joint study from the National Association of Realtors (NAR) and the National Association of the Remodeling Industry (NARI), calculated consumers' viewpoints toward their projects upon completion. Renovators who refinished their hardwood floors or installed new wood flooring gave their projects a perfect "Joy Score" of 10.
- NWFA hosted a successful Wood Flooring Expo in Tampa, Florida, with strong attendance and education sessions designed

NWFA'S MISSION:

To unify and strengthen the wood flooring community through technical standards, education, networking, and advocacy.

to help attendees succeed in today's business environment. There, the industry celebrated the success of the marketplace, discussed opportunities, and unveiled new product developments.

- During the NWFA Expo, the Emerging Leaders Council hosted 40 local high school students at an event to highlight career paths in the wood flooring industry as part of our efforts to address the labor shortage. Our ongoing efforts include the federally recognized Wood Flooring Apprenticeship, education and certification programs, and partnership with the Floor Covering Education Foundation (FCEF).
- The NWFA's online learning platform, NWFA University, added 13 new or updated courses to its library. Now there is even more to learn about installation and acclimation in a convenient and affordable way.

What are the good things you experienced – professionally and personally – this year? Where are some areas where you need help thinking ahead?

Learn more about all that NWFA has to offer in helping you navigate the unpredictable future starting on page 10 or by visiting nwfa.org. I also welcome your feedback on how we serve and innovate the industry. Call or email me anytime at 636.519.9663 or michael.martin@nwfa.org. ■

NWFA CERTIFIED PROFESSIONAL

Your Pathway to Success

Wood flooring professionals like you turn to the National Wood Flooring Association (NWFA) for their career advancement and education.

Why become an NWFA Certified Professional?

- Enhance professional credibility and gain a competitive edge.
- Offer your customers peace of mind through knowing that they're hiring a recognized industry professional for their floors.
- Generate new business by being listed on the NWFA's "Find a Professional" consumer search.

TESTIMONIAL

"Becoming certified was one of the best things I've ever done for my career. The process was straightforward, and the resources at my disposal were second to none. If you're looking to accelerate your career, then becoming an NWFA Certified Professional is the best choice you can possibly make for yourself."

- Stephen Young, Young Brothers Hardwood

STEPS TO PROFESSIONAL CERTIFICATION

- 1. Select a Path:** The NWFA offers members a variety of certifications, including **Certified Sales Advisor, Certified Installer, Certified Sand & Finisher, or Certified Wood Floor Inspector.**
- 2. Begin your Journey:** Register online and complete courses contained within the award-winning NWFA University, attend a hands-on training course, and successfully complete a hands-on test the day following the training event.
- 3. You're on Your Way:** Once you pass your hands-on test, you'll sign a Certified Professional Code of Conduct and your path to becoming certified is complete.

*Once certified as an Installer or Sand & Finisher, you then are eligible to pursue the NWFA's highest levels of recognition - **Certified Craftsman and Certified Master Craftsman.***

>> Get started today. Register for hands-on or online training at nwfa.org.

SCAN ME

IT STANDS ALONE

SOLVA-MASTIC® WFR 930

This patented product spreads easily and cleans wet or dry without etching the finish of the floor. It meets all the standards for IAQ, even in the state of California. WFR-930 is an alcohol-based adhesive that eliminates hollow spots, and its simplicity is unmatched. We have heard from installers over and over again, and the consensus is always the same: "Don't EVER stop making this adhesive". WFR-930 stands in a class all its own. We are not going anywhere and neither is your floor! *Stick With What Works*

This patented product spreads easily and cleans wet or dry without etching the finish of the floor. It meets all the standards

FEATURED PRODUCT | 25027 | PREMIER COASTAL FOG

CASTILLIAN

COTTAGE | ESTATE | PREMIER

Mullican's Castillian collection is one of the most exquisite selections of engineered hardwood flooring ever designed. Precision manufactured from the finest European White Oak; the Cottage, Estate and Premier collections feature extra-wide planks, a wire-brushed surface treatment and 10 products with muted, natural colors to choose from. Bring nature inside with real hardwood flooring.

@ArboritecUSA

@ArboritecUSA

Ceramic Silica is one of the most abundant minerals in the Earth's Crust. Arboritec's unique Small Particle Technology allows us to create more durable **CERAMIC FORTIFIED** waterborne wood floor finishes. The ceramics within our waterborne finishes act like atomic rebar providing unrivaled support, durability and hardness. Arboritec finishes are known to create, restore and protect some of the most beautiful floors on the planet.

LENMAR
 THE ULTIMATE IN PERFORMANCE
 FOR FINE WOOD FINISHES

Lenmar's® premium floor coatings are designed for the professional hardwood floor refinisher with both commercial and residential applicability.

The Lenmar line offers superior flow out for a smooth self-leveling finish, an exceptional amount of solids for maximum build, and a tough durable film that helps resist household chemicals, marring, and scuffing when fully cured.

If you are looking for a superior level of floor coating solutions then Lenmar is your right choice!

LIZIN LITZ

YOUR FLOOR. OUR PASSION.

STO SERIES

HIGH-CAPACITY OPTIMIZED CROSS-CUT SAW SYSTEM

**STANDS OUT FOR ITS SPEED,
ACCURACY AND STURDY DESIGN**

**DEVELOPED ESPECIALLY
FOR FLOORING**

**SYSTEM INTEGRATED
IN OUR ADAPTED SOLUTIONS**

For more than 20 years, Lico Machinery Inc. has stood out for the quality of its equipment, its adapted solutions, as well as its unique and unbeatable service. Lico specializes in the design and manufacture of sawmill and flooring equipment ranging from standalone machines to complete solutions. No compromise is made on the quality of the equipment, from design to installation, because we know that in a world where profitability depends on productivity, only quality performs.

WHO NEEDS PLYWOOD?

When you can make your own flooring base core.

With the recent shortage and increased cost of plywood, Ogden Group has developed a manufacturing method that replaces plywood with a solid engineered core substrate.

The solid core substrate consists of a 2-ply construction - a rotary peeled veneer bottom layer and a top layer comprised of sticks that are gang-ripped from 4/4 low-grade lumber. The wear layer is applied on top of the core substrate, just as it would be placed on plywood. The substrate core is made into a panel that is 2' wide by 8' long. This panel is then ripped into the widths required for the flooring. Based on the 2' x 8' panel, the machinery system can produce approximately 30,000 sq. ft. of substrate core per shift.

There are several advantages of manufacturing your own solid engineered core.

- The cost of the solid engineered core is a fraction of the price of plywood
- You no longer need to rely on outside vendors to provide your substrate
- Significantly less glue lines on the solid core - resulting in increased tooling life
- Requires minimal labor due to the automation of the system
- A core that is 100% made in the USA

- Cost effective
- Fast return on investment
- Tested and proven product
- Independence from plywood supplier
- Minimum labor required for manufacturing

Call for more information on how to produce your own core and become independent from overseas plywood manufacturing companies.

“My new floors
look amazing...
especially after the
hardwood started
swelling!”
Said No One Ever.

80% of all problems in wood projects are caused by moisture content issues. A quick and simple, non-damaging moisture meter reading can save you from angry customer calls, unnecessary repair time, and a bad reputation. Call today and learn why Wagner's industry-leading Orion meters may just be the most important tool for your job.

Somerset Wood Products is now Merrick Hardwoods.
What else has changed? Not much.

We still have the same people, locations, quality,
service and products we are known for, including:

**UNFINISHED FLOORING • BIOFUEL WOOD PELLETS
APPALACHIAN HARDWOOD LUMBER**

Best of all, we remain committed to the highest level
of customer satisfaction. Just like always.

MERRICK GROUP : Merrick Hardwoods • Somerset Pellet Fuel •
Kentucky Hardwood Lumber Company, Inc. • Interstate Hardwoods, Inc.

+1 (606) 561-4146 • merrickhardwoods.com

BE PART OF BUILDING SOMETHING BIG

Where We've Been

It's no secret, the hardwood industry has been losing market share to products that look like wood, but have none of the natural benefits or authentic attributes of Real American Hardwood. In order to recapture market share and improve industry stability, hardwood organizations united to form the Real American Hardwood Coalition.

Where We Are

The goal is to develop a national consumer promotion campaign on a scale that's never been seen before. And a lot has been accomplished in a short period of time—including the completion of a consumer research initiative, establishing brand guidelines, registering trademarks, and launching social media profiles.

Where We're Going, Together

The next steps will have the largest impact on the industry and require buy-in from all industry stakeholders. The Coalition is preparing to launch a comprehensive promotion campaign—including a consumer-oriented website, in-store promotion at top big box stores, a broad media relations campaign, social media influencer partnerships, print and web advertising, and much more.

How You Can Get Involved

Moving the campaign forward and expanding its reach will take the support of the entire industry—for the benefit of the entire industry.

- Make a voluntary contribution to help fund the consumer promotion campaign.
- Use the Real American Hardwood logo on your sales and marketing communications, facilities and vehicles, products, and website.
- Follow [@RealAmericanHardwood](#) on Instagram and Facebook, and tag [#RealAmericanHardwood](#) in your social media posts.

Visit RealAmericanHardwood.org to learn more.

Is it Real Wood?

Is it Refinishable?

The hard surface marketplace is full of confusion. The new NWFA Engineered Wood Flooring Refinishable Program cuts through the clutter and identifies real wood flooring products with wear layers thick enough to be sanded & refinished.

LEARN MORE ABOUT THE PROGRAM AND VIEW THE COMPLETE LIST OF CERTIFIED MANUFACTURERS

**NWFA.ORG/MANUFACTURING/

THIS IS MY STORY

FLOOR COVERING INDUSTRY FOUNDATION

— *The Heart of Flooring*

“Without FCIF, I would not have been able to make it. The grant helped my family with household bills, plus gas to and from my doctor appointments.”

MEET TERESA AND JAMES

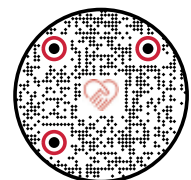

“This grant saved my home, lowered my stress level, and gave me peace of mind. If it were not for the grant, I might have been homeless.”

MEET MELISSA

“There are very few industries that have a non-profit organization dedicated to giving back to workers who have been critically injured on the job or have suffered some other hardship.”

MEET MAX

[FCIF.ORG/STORIES](https://fcif.org/stories)

Dealers/Retailers

PRO
PREMIER
PROFESSIONAL CREDIT

GOOD BUSINESS IN THE PALM OF YOUR HAND

6 MONTHS PRO PREMIER FINANCING

Zero interest if paid in full within 6 Months on purchases of \$299 or more made with your Floor & Decor PRO Premier Credit Card. Interest will be charged to your account from the purchase date if the promotional purchase is not paid in full within the promotional period.¹

- No annual fee²
- Add multiple authorized buyers to your account, sharing a single credit line
- Manage authorized buyer spending limits
- Organize account activity online by jobs and clients
- Set account and transaction alerts to monitor card usage

**APPLY
TODAY**

In-Store
Visit your local PRO Desk

¹ Deferred Interest, Payment Required plan: Zero Interest if paid in full within 6 months on purchases of \$299 or more made with the Floor & Decor PRO Premier Credit Card. Minimum payments are required for each Credit Plan. Minimum payments are NOT guaranteed to pay the promotional plan balance within the promotional period. You may have to pay more than the minimum payment to avoid accrued interest charges. Valid for single transaction only. Qualifying purchases will automatically be placed on a promotional plan. As of October 2020, terms provided for New Accounts: Purchase APR of 29.99%. Minimum interest charge of \$2 in any billing period in which interest is due. Existing Cardholders: see your credit card agreement for Account terms.

² For new accounts, as of October 2020 Purchase APR of 29.99%. Minimum Interest Charge is \$2.

Credit card offers are subject to credit approval.

Floor & Decor PRO Premier Card Accounts are issued by Comenity Capital Bank.

We help organizations sell more profitably. Value-Added Selling is a content-rich message of hope: You can compete aggressively and profitably in your markets with your total value, not just with price. We can design, customize, and deliver this

message for your organization. We do this through custom, in-house training programs and public seminars.

Hardwood Floors' subscription base is BPA audited. A BPA audit provides advertisers and agencies with assurance that what they choose to invest in does, in fact, reach target audiences for specific ads. The BPA Worldwide audit also helps media companies by documenting the quality of their audiences.

WOOD FLOORING

— ◁ —
SINCE 1909

NOFMA HAS BEEN CERTIFYING WOOD FLOORING FOR MORE THAN 100 YEARS.

The only standard in the industry that assures wood flooring has been properly kiln dried, manufactured, and graded.

WHEN QUALITY MATTERS, CONTACT AN NWFA/NOFMA MANUFACTURER.

NWFA.ORG/MANUFACTURING/ • 800.422.4556

Somerset Hardwood Flooring • Superior Hardwood Flooring by Herwynen Saw Mill Ltd.

Nails are not enough for **wide plank** wood flooring

Add MAPEI's wood-flooring adhesives to your nail-down, wide plank wood floor installation for perfect results with **no gapping**.

MAPEI's wood-flooring installation solutions provide the perfect adhesives for use in glue-assisted traditional nail- or staple-down wood flooring. Changes in humidity and temperature can cause groove-side gapping on wide plank wood floors. MAPEI's adhesives act as hidden nails, keeping planks firmly in place and reducing the tendency to gap.

For more information, contact MAPEI at 1-800-42-MAPEI (1-800-426-2734) or visit online at www.mapei.us.
