Welcome!

Dear Friends,

We hope you can be with us on October 1st for what will be a day of fun and great excitement. The Herefords in this sale represent some of the most predictable genetics to sell in quite some time. Many of them stemming directly from P606, the maternal giant, whose daughters have produced mainstream herd sires across the country. The young cattle in this sale are possibly the best I have ever had the opportunity to work with. It's amazing how many outstanding donor and herd sire prospects are within this group. The females are AI'd to the top bulls in the breed. The genetics they are carrying will be valuable and just a whole lot of fun to see next spring.

I would like to thank Grady and Connie Sparks, and Ron Dugger for allowing us the opportunity to acquire the Drummond Sparks Beef herd. First of all, they are all wonderful, caring people that have done so much for our breed. They have been and continue to be great role models, especially to our youth. Now, I don't want to misstate or say what their breeding plan was for their program, but whatever they did, it worked! You will be amazed at how good these cattle are. You will have the opportunity to evaluate and purchase them in their entirety.

The CMR cattle in this dispersal are, as always, beautifully uddered, maternal cattle that breed back, have the look, and will perform in the pasture. 95% of the females selling trace back to P606. The heifers nursing these cows are the best donor, show heifer and breed changing females we have ever offered. The bred heifers are special and will be a highlight.

We hope you will come and join us for some southern hospitality and a good time. If there is anything Jil or I can do, or if you have any questions, please do not hesitate to give us a call. We look forward to seeing you on the 1st of October!

Sincerely,

JIL AND WALT MCKELLAR

If you focus on longevity, the 731 family exhibits that trait to the fullest. 731 and her progeny have a flawless foot structure, beautifully designed udder suspension and teat placement, with eye placement that is ideally set. These traits certainly attribute to a longer production life and this is where the 731 family excels! We invite you to come and view this awesome cow family.

FAMILY

Walter McKellar gave my son, Dustin, this picture after my Dad passed away in June of 2009. This cherished picture brings back fond memories of my childhood years growing up on Circle M Ranch. My family moved to Circle M Ranch in 1956, living in the house where Walt and Jil live today. That was 61 years ago; so grateful to call Walter, Louise, Walt and Jil "family".

Walt's grandfather, M.P. "Hot" Moore, was legendary when it came to selling one. Walt has done a masterful job following in his grandfather's footsteps. Walt's expertise in raising and selling the good ones will be evident on Oct 1st. Please join us for this memorable event.

In closing, a heart-felt thanks to my wife, Mary Helen, and special friends Don Birk and Eddie Burks - You are very good at what you do!

See you ringside,
Jack
