The pinnacle of performance and security
HP LaserJet Enterprise M611dn and M612dn

The world's most secure printing[1]

High-speed performance

Powerful printing. Energy smart.[2]

The world's most secure printing[1]

Only HP enterprise printers repair themselves from attacks in real time while offering outstanding manageability. Automatically monitor threats, detect intrusions, and validate operating software while centrally managing your fleet with ease.

Always on guard

Only HP enterprise printers offer built-in security features that are always on guard.[1]

- With HP Sure Start, each printer regularly checks its operating code and repairs itself from attempted hacks.
- Whitelisting checks firmware during startup to help ensure its authentic, good code—digitally signed by HP.
- Run-time intrusion detection continually monitors activity to detect and stop attacks, then automatically reboots.
- HP Connection Inspector inspects outgoing network connections to stop suspicious requests like malware.

Get instant notification of potential security issues so immediate action can be taken to prevent potential attacks. This printer works with leading Security Information and Event Management (SIEM) tools like Splunk, ArcSight, and McAfee.

Take security to the next level

Help protect your printer with more than 100 embedded security features.[3] Protect information on the printer and in transit over the network. Store data on the optional 256-bit encrypted HP High-Performance Secure Hard Disk.

Add features such as card readers[4] and more through the Hardware Integration Pocket.[5] Equip your printer to store and protect larger files with the optional 1 GB memory upgrade. Further safeguard data stored on the printer—keys, passwords, certificates, and more—using the standard HP Trusted Platform Module.[6]

Easily develop, deploy, and integrate over 180 HP and third-party solutions with the HP Open Extensibility Platform. Optional HP Access Control solutions can help you reinforce security, while helping to reduce costs.

Centralise control to help build business efficiency

Centralise control of your printing environment with HP Web Jetadmin.[7] Optional HP JetAdvantage Security Manager offers an effective, policy-based approach to help secure HP devices.[8] Easily set security configuration policies and automatically validate settings across the fleet.

HP JetAdvantage Secure Print[9] and HP Access Control (HPAC) help secure documents by requiring authentication to release print jobs. In addition, extend capabilities and easily customise with HPAC—integrate job accounting, manage rights, and establish quotas for things such as colour use. Save IT time and make printing easy for the entire enterprise by using a single driver for all HP devices.

High-speed performance

Get the job done with a printer equipped for high-speed performance and designed for energy efficiency. Be confident that your employees can speed through their tasks without interruption.

Keep business moving

Don't wait for documents—this printer prints your first page from ready/sleep mode as fast as 5.1/7.9 seconds.[10,11] Get prints up to 71 pages per minute (ppm),[12] A4 (M612 series), with 85% duplex efficiency. Print on A5 paper in landscape mode at speeds up to 115 ppm (M612 series).[13]

71 ppm[12]

Print directly from your smartphone, tablet, or notebook PC to your Wi-Fi Direct®[14] enabled printer—without accessing the company network. Or choose managed mobile print solutions (HP PrinterOn Enterprise or HP Access Control) for advanced management and reporting capabilities.[15]

Loaded for productivity

Spend less time loading paper with a 4,400-sheet maximum input capacity.[16] Options for this series include a 2,100-sheet paper feeder, a wheeled stand which helps you relocate the printer, and a five-bin stapler/stacker/mailbox with job offset. Standard and optional 550-sheet input trays fit a whole ream of paper and support paper sizes from A6 to 216 x 356 mm.

Equip employees to breeze through tasks with the adjustable 10.9 cm touchscreen control panel, which makes managing jobs at the printer simple and efficient. (For more information, see Appendix A on page 15.) An easy-access USB port on all models allows users to easily walk up and print.[17]

Designed to conserve

Help keep productivity up and energy use down. This efficient printer is designed for exceptionally low energy consumption—thanks to its innovative design and specially formulated toner.[18]

Help cut costs with HP Auto-On/Auto-Off Technology[19] and HP Instant-On Technology[20]—intelligence that readies your printer right when you need it and turns it off when you don't. Support for thin media allows users to print on papers as light as 60 g/m².

Powerful
printing.
Energy smart.[2]

Get exceptional print quality and help protect your device, using Original HP Toner cartridges with JetIntelligence.

Exceptional print quality

Count on the advantages of Original HP Toner cartridges—performance, high quality, and dependability. Precision black toner is engineered to deliver consistent placement of toner particles and produce sharp text, bold blacks, and crisp graphics.
Help protect your investment

Don't put your printer—and print quality—at risk. Help retain the consistent Original HP quality you paid for with innovative anti-fraud technology. Enable office-wide adherence to printing policies with cartridge authentication technology.

Ready to work, right away

Speed through print jobs right out of the box. This printer is shipped with preinstalled, specially designed Original HP LaserJet toner cartridges with JetIntelligence. Auto seal removal enables simple and seamless cartridge replacement, so you can get back to business fast—without costly delays or frustrating messes.

Print uninterrupted and get more pages with optional high-yield and extra-high-yield cartridges[21] (A/X/Y: 10,500/25,200/42,000 pages[22])

Appendix A: Control panel features

Upgrade to a modern interface

The HP LaserJet Enterprise M611dn and M612dn are powered by HP FutureSmart 4.0 firmware. Its modern, tablet-like interface keeps things simple and intuitive across your fleet of enterprise devices. A scalable control panel interface improves future extensibility and provides a robust set of new apps and usability features. The new Message Center, with more detailed information and helpful animations, makes it easy to address device events. The simplified home screen displays just three core apps by default on the 10.9 cm colour graphics display. Additional apps are easily accessed by swiping right to left, like with a smartphone or tablet.

Troubleshoot with ease

The HP LaserJet Enterprise M611dn and M612dn can help save your IT department valuable time when it comes to troubleshooting problems. The Remote Control Panel allows users to operate the user interface remotely, so IT can troubleshoot problems without running to the printer.[37] Users can also quickly troubleshoot technical issues with HP's innovative, cloud-based Online Help services that are relevant and up to date. Easily solve problems from your PC or mobile device. A Quick Response (QR) code on the touchscreen links to Online Help using smart phones and tablets.[38] You can also find these links in the HP Embedded Web Server event log.

1. Based on HP review of 2019 published features of competitive in-class printers. Only HP offers a combination of security features to automatically detect, stop, and recover from attacks with a self-healing reboot, in alignment with NIST SP 800-193 guidelines for device cyber resiliency. For a list of compatible products, visit: hp.com/go/PrintersThatProtect. For more information, visit hp.com/go/PrinterSecurityClaims.
2. Based on the reduced energy use of HP LaserJet printers and cartridges with JetIntelligence introduced since 2015 compared to previous toner versions without JetIntelligence, using ENERGY STAR® methodology.
3. Some features require additional purchase. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printsecurity.
4. HP Proximity Card Reader (CZ208A) is available for separate purchase for select HP devices with Hardware Integration Pocket (HIP) and touchscreen display.
5. Solutions deployed through the Hardware Integration Pocket (HIP) may require additional purchase.
6. Use of the HP Trusted Platform Module accessory may require a firmware upgrade.
7. HP Web Jetadmin is available for download at no additional charge at hp.com/go/wja.
8. HP JetAdvantage Security Manager must be purchased separately. For details, see hp.com/go/securitymanager.
9. HP JetAdvantage Secure Print works with any network-connected printer or MFP. On-device authentication is available for many HP LaserJet, PageWide, and OfficeJet Pro devices and selected non-HP devices. Some devices may require a firmware upgrade. Internet connection required for cloud storage and retrieval of print jobs. Print-job release from a mobile device requires a network connection and QR code. For more information and a list of supported printers and MFPs, see hp.com/go/JetAdvantageSecurePrint.
10. Measured using ISO/IEC 17629. Exact speed varies depending on the system configuration, software application, driver, and document complexity. Learn more at hp.com/go/printerclaims.
11. Measured after 15 minutes in sleep. Exact speed varies depending on the system configuration, software application, driver, document complexity, and time in sleep.
12. Measured using ISO/IEC 24734; excludes first set of test documents. For more information, see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
13. Measured using ISO 24734 Feature Test, A5 Landscape Feed. Speed may vary based on content, PC, media orientation, and media type. A5 landscape printing cannot be duplexed.
14. Wi-Fi Direct printing can be added with the purchase of the optional HP Jetdirect 3000w NFC/Wireless Direct Accessory. Mobile device needs to be connected directly to the signal of a Wi-Fi Direct® supported MFP or printer prior to printing. Depending on mobile device, an app or driver may also be required. For details, see hp.com/go/mobileprinting. Wi-Fi Direct is a registered trademark of Wi-Fi Alliance®.
15. Requires purchase of server software such as HP PrinterOn Enterprise or HP Access Control Secure Pull Printing. Learn more at hp.com/go/businessmobileprinting.
16. Purchase of optional paper trays required to reach maximum input capacity.
17. An administrator must enable the easy-access USB port before use.
18. Energy claim based on TEC data reported on energystar.gov as of January 2017. Data normalised to determine energy efficiency of in-class laser printers with published speed of 55 to 75 ppm (letter). Subject to device settings. Actual results may vary.
19. HP Auto-On/Auto-Off Technology capabilities are subject to printer and settings.
20. Compared with products that use traditional fusing.
21. HP 147X High Yield and 147Y Extra High Yield Black Original LaserJet Toner cartridges are not included in printer purchase; purchase separately. Learn more at hp.com/go/learnaboutsupplies.
22. Toner cartridge yields established using ISO/IEC test standards. Actual yields and costs vary considerably depending on images printed, number of colour pages printed, and other factors.
23. All models come standard with the 100-sheet multipurpose tray and 550-sheet tray 2. The M611dn and M612dn models can add up to four additional optional 550-sheet paper feeders and the optional 2,100-sheet HCI feeder.
24. Touch-to-print capability is optional for all models with purchase of the optional HP Jetdirect 3000w NFC/Wireless Direct Accessory. Mobile device must support Near Field Communication (NFC)-enabled printing. For more information, see hp.com/go/businessmobileprinting.
25. Wireless networking is optional for all models with purchase of the optional HP Jetdirect 3100nw BLE/NFC/Wireless Accessory (3JN69A). Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections.
26. HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
27. Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.
28. Printer requires ePrint account registration. App or software may be required. Wireless operations are compatible with 2.4 GHz operations only. Learn more at hp.com/go/mobileprinting.
29. Supports the following devices running iOS 4.2 or later: iPad, iPad 2, iPhone (3GS or later), iPod touch (third generation or later). Works with HP's AirPrint-enabled printers and requires the printer be connected to the same network as your iOS device. Wireless performance is dependent on physical environment and distance from the access point.
30. Full solution software available only for Windows 7 and newer, UPD software available only for Windows 7 and newer, HP Software for Mac and Windows is no longer included on the CD, but can be downloaded from 123.hp.com, Legacy Windows Operating Systems (XP, Vista, and equivalent servers) get print and Scan drivers only with a reduced feature set, Windows RT OS for Tablets (32- and 64-bit) uses a simplified HP print driver built into the RT OS.
31. Maximum dimensions of the device are measured with all paper trays folded out and standard accessories installed.
32. The HP Universal Print Driver is available for download at no additional charge at hp.com/go/upd.
33. Acoustic values are subject to change. For current information, see hp.com/support.
34. Power requirements are based on the country/region where the scanner is sold. Do not convert operating voltages. This will damage the device and void the product warranty.
35. EPEAT® registered where applicable. EPEAT registration varies by country. See epeat.net for registration status by country.
36. Service levels and response times may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit hp.com/go/cpc.
37. Availability dependent on firmware or software updates or upgrades.
38. Online Help must be enabled on the printer or MFP. Mobile device must have an Internet connection to access online services.
