# HP EliteBook 720 G1 Notebook PC

Take charge of your day with the HP EliteBook 720 G1 with Windows 8.1,[1] 4th generation Intel® Core™ i3/i5 processors,[2] and strong security features from HP. The elegant thin and light design with optional HD Premium touch display[3] makes the EliteBook ultra-productive in and out of the office. Powerful technology from HP helps you stay productive to support your thriving business.

HP recommends Windows.

Windows 8.1 Pro or other operating systems available

Designed to perform

With a starting weight of less than 3 pounds, the HP EliteBook 720 G1 is ideal for the mobile professional. Stay productive on the move with Windows 8.1,[1] powerful 4th generation Intel® Core™ i3/i5 processors,[2] and up to 13.5 hours of battery life.[4]

Field ready

Never fear bumps and minor spills. The thin and light HP EliteBook 720 G1 endures HP's Total Test Process of 115,000 hours and is designed to undergo MIL-SPEC 810G tests including drop testing.[5]

Self-healing safeguard

Whether working from a coffee shop or in the office, HP Sure Start Technology will protect your PC and data from malicious intended and unintended attacks.

Featuring

Rest assured, with 24/7 phone support.[6]
HP BIOSphere keeps mission-critical data and systems protected with customizable security.[7]
Enjoy the intuitive control of Windows 8.1[1] and impressive clarity of the optional HD+ touchscreen[3] featuring tough Corning® Gorilla® Glass 3.
Stay productive throughout the day with the optional HP UltraSlim docking station.[3]
The latest storage options ensure optimum performance from your HP EliteBook. Choose from a range of HDD and SSD options as well as flash cache and a mini-card SSD.

Stay connected to get work done in the field with HP Connection Manager,[8] HP Wireless Hotspot,[9] and HP Mobile Connect[10](EMEA only) and optional 4G LTE available as an After Market Option (AMO).[11]
HP 3D DriveGuard[12] helps protect critical information while you're on the move.

HP EliteBook 720 G1 Notebook PC

HP recommends Windows.

Product number: D9Y32AA

HP External USB DVDRW Drive

Connect the HP External USB DVD/RW to any available USB port on your PC to get immediate read/write access to your optical media.
Product number: F2B56AA

HP 3-year TravelNext business day Notebook Only Service

This HP services offers notebook users on the go prompt, reliable coverage in major geographies of the world, for 3 years. For more information on Care Pack services, please visit www.hp.com/go/cpc.
Product number: UL653E

Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See http://www.microsoft.com. [2] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance. [3] Sold separately or as an optional feature. [4] Windows 7 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See www.bapco.com for additional details. [5] MIL-STD testing is pending and is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. [6] Elite support only available in the US and Canada in English. [7] HP BIOSphere features may vary depending on the PC platform & configuration. [8] HP Connection Manager available on Windows 7 only. [9] The wireless hotspot application requires an active internet connection and separately purchased data plan. While HP Wireless Hotspot is active, on-device applications will continue to work and will use the same data plan as the wireless hotspot. Wireless hotspot data usage may incur additional charges. Check with your service provider for plan details. Requires Windows 8.1 or HP Connection Manager for Windows 7. [10] HP Mobile Connect service requires a compatible CDMA or HSPA mobile broadband module and prepaid service purchase. Find coverage and availability for your service area at hp.com/go/mobileconnect. [11] 4G LTE WWAN is an optional feature, not available on all products, in all regions and requires separately purchased service contract. Check with service provider for coverage and availability. Connection speeds will vary due to location, environment, network conditions, and other factors. [12] Requires Windows operating system.

Technical specifications disclaimers

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See http://www.microsoft.com. [2] This system is preinstalled with Windows 7 Professional software and also comes with a license and media for Windows 8.1 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data. [3] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance. [4] Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements. [5] For storage drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30GB (for Windows 8) is reserved for system recovery software. [6] 802.11 wireless is an optional add- on feature and requires wireless access point and Internet service is required and is not included. Availability of public wireless access points limited. [7] 4G LTE module is optional, must be configured at the factory and requires separately purchased service contract. Check with service provider for coverage and availability in your area. Connection speeds will vary due to location, environment, network conditions, and other factors. 4G LTE not available on all products, in all regions. [8] HD content required to view HD images. [9] HP 3D Drive Guard requires Windows. [10] The HP Wireless Hotspot application requires an active internet connection and separately purchased data plan. While HP wireless hotspot is active, on-device applications will continue to work and will use the same data plan as the wireless hotspot. Wireless hotspot data usage may incur additional charges. Check with your service provider for plan details. Requires Windows 8.1 or HP Connection Manager for Windows 7. [11] HP Mobile Connect is available in select EMEA countries and requires a compatible CDMA or HSPA mobile broadband module and prepaid service purchase. Find coverage and availability for your service area at www.hp.com/go/mobileconnect. [12] HP PageLift requires Windows 8. [13] HP Support Assistant: internet access required [14] ePrint requires an Internet connection to HP web-enabled printer. HP ePrint account registration required. For a list of eligible printers, supported documents and image types, and for complete details, see wwwhp.com/eprint [15] HP Client Security requires Windows [16] File Sanitizer is for the use cases outlined in the DOD 5220.22-M Supplement. Does not support Solid State Drives (SSDs). Initial setup required. Web history deleted only in Internet Explorer and Firefox browsers and must be user enabled. With Windows 8.1, user must turn off Enhanced Protection Mode in IE11 for shred on browser close feature. [17] HP Drive Encryption requires Windows. Data is protected prior to Drive Encryption login. Turning the PC off or into hibernate logs out of Drive Encryption and prevents data access. [18] Microsoft Security Essentials and Microsoft Defender require internet access. [19] Secure Erase is for the methods outlined in the National Institute of Standards and Technology Special Publication 800-88. [20] Password Manager requires Explorer or Chrome. Some websites and applications may not be supported. User may need to enable or allow the add-on / extension in the internet browser. [21] External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.
