HP Scanjet Enterprise Flow 5000 s2 Sheet-feed Scanner
New

Transform paperwork into useful digital data. Accelerate workflows with fast, intelligent scanning.

Bring better flow—not just more files—to your work style. Add this HP Scanjet to your business processes to manage information smarter and more efficiently. Send scanned files to the cloud, SharePoint®, or HP Flow CM at the touch of a button.[1,2]

Spend less time scanning. Employees can preset profiles and make complex tasks automatic, using a simple interface and built-in software. Resize pages, eliminate flaws, and enhance colors for precise scans that are better than the original.

Help avoid missing pages and misfeeds—even with mixed paper types. HP EveryPage delivers smoother paper handling for jobs of all kinds.[3] Load stacks of documents—even mixed media sizes and types—and trust your scanner to do the rest.

The information contained herein is subject to change without notice. The only warranties for HP products and services are set forth in the express warranty statements accompanying such products and services. Nothing herein should be construed as constituting an additional warranty. HP shall not be liable for technical or editorial errors or omissions contained herein.

1 . Requires an Internet connection to the scanner through a PC and HP Smart Document Scan Software (SDSS) and driver installation.

2 . HP Flow CM Professional is available in US only and through select HP partners.

3 . HP EveryPage was referred to as HP Precision Feed for products introduced prior to Spring 2013.

4 . Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software.

5 . Maximum resolution may be limited by PC system factors and scan size.

6 . Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty.
