

CUMMINS®

ISLG Overhaul Kit

New engine overhaul kit **MCB5633416** is now available for Cummins® ISLG 8.9L CM2180 engine applications. The upper gasket set included in this new kit contains the updated head gasket along with high temperature seals. This engine kit also contains piston kit **M-5406084** which features a forged steel crown and skirt with graphite skirt coating for improved scuff resistance. Additionally, the piston kit contains new piston cooling jets. Contact Interstate-McBee for more details.

Part Number	Description
M-5406084	Kit - Piston
MCB5633416	Kit - Engine Overhaul
M-5341745	Nozzle - Piston Cooling

CUMMINS®

ISX/QSX Fuel Pump Repair Kits

Interstate-McBee offers popular fuel pump repair kits for Cummins® ISX/QSX - HPI applications. Kits **M-4089431RK** and **M-4089431RKS** can be used to service the 4089431 and 4089163 fuel pumps. These kits contain high temperature molded seals, a replacement main shaft, a hardened hexagonal drive shaft, and a premium double drive shaft seal kit with installer. The **M-4084931RKS** kit also contains the additional seals and gaskets used to reseal the damper (buffer). Using our service kits can save hundreds when compared with buying a replacement pump assembly.

Part Number	Description
M-4089431RK	Repair Kit - Fuel Pump
M-4089431RKS	Repair Kit - Fuel Pump

Fuel pump gasket **M-4954471** is also available to service early style gear pumps.

CUMMINS®

ISB6.7L Piston and Overhaul Kits

Interstate-McBee is expanding its coverage of popular Cummins ISB6.7L engines. New piston kits and engine kits are now available for later model 6.7L HPCR engines popular in both industrial and pickup truck applications. The piston kits are used in HPCR CM2150, CM2250, and CM2350 engine applications and feature gallery cooling to help lower piston crown and ring pack temperatures. The new pistons also incorporate graphite skirt coating to improve scuff resistance in these highly loaded applications. The **M-PK5336102** and **M-4376348** pistons are .50mm oversize for servicing a worn cylinder block. These new pistons are offered in many different Inframe and Overhaul kits so please contact Interstate-McBee for more details and exact applications.

Part Number	Description	Application
M-4376345	Kit - Piston Std.	Pickup Trucks
M-PK5336102	Kit - Piston .50mm	Pickup Trucks
IF4376345	Kit - Inframe	Pickup Trucks
