## Word from Mayor of City of Zagreb

Dear pet lovers,

Welcome to the "cat festival", the world cat show which is held in our city. The city of Zagreb organizes during the entire year a series of events dedicated to greater care of the loving pets, both dogs and cats, to the joy and pleasure of citizens of Zagreb and owners of pets.

We organize actions of looking after and finding home for pets as well, in cooperation with the association of friends of animals and professional associations, and in that manner we try to make sensitive the wider public for the urban problems of pets.

We will have the opportunity to see and feel here at the "world cat show" all the charm and attractions of these beautiful creatures - the cats.

I would like to thank the organizers and sponsors who made great effort, so that the owners and pet lovers may enjoy not only in cat parade but also in other cultural and tourist attractions offered by the city of Zagreb.

It should be known that it is never too late to be good towards people and pets. I wish you a pleasant stay in the Croatian capital.

Mayor of city of Zagreb  
Milan Bandić

## Riječ gradonačelnika grada Zagreba

Dragi ljubitelji kućnih ljubimaca!

Dobrodošli na „Mačji festival“, na Svjetsku izložbu mačaka koja se održava u našem Gradu.

Na radost i zadovoljstvo Zagrepčana i vlasnika kućnih ljubimaca Grad Zagreb tijekom cijele godine organizira čitav niz manifestacija koje su posvećene većoj brizi za omiljene kućne ljubimce, i pse i mačke.

Također, u suradnji s Udrugom prijatelja životinja i stručnim udrugama – organiziramo akcije zbrinjavanja i udomljavanja kućnih ljubimaca, pa na taj način senzibiliziramo i najširu javnost za urbanu problematiku kućnih ljubimaca.

Sada, na Svjetskoj izložbi mačaka, uz bogat popratni i raznorodni program, imat ćemo priliku vidjeti i osjetiti sve čari i draži tih divnih mačjih stvorenja.

Hvala organizatorima i sponzorima koji su se potrudili da vlasnici i ljubitelji kućnih ljubimaca, uz mačju paradu, mogu uživati i u ostalim kulturnim i turističkim sadržajima koje im nudi Grad Zagreb. Jer valja znati da nije nikada kasno za činiti dobro: i ljudima i kućnim ljubimcima!

Želim vam ugodan boravak u hrvatskoj metropoli!

Gradonačelnik grada Zagreba,  
Milan Bandić

## About FIFe World Cat Show

The First World Cat Show under the auspices of FIFe (Federation Internationale Feline) was held in 1991, and the World Cat Show continued to be organized, each year in a different European FIFe member country. Thus to date World Shows were held in Germany (2), Austria (2), Luxembourg, Denmark (2), Switzerland (2), Portugal (2), the Netherlands (2), Hungary, Poland, Italy (2), Czech Republic, Finland, Slovakia and France.

FIFe World Cat Show is the most prestigious event of the year for all FIFe members, exhibitors, breeders and cat lovers around the world. On the day of this Show no other show is held by any FIFe members.

Statistics show that an average of 1500 cats from some 30 countries participate in World Shows, with large domestic and international audiences.

FIFe World Cat Show is the greatest and most beautiful cat holiday in cat world. Everything is there for them – the cats.

FIFe rules require that the World Cat Show be held during the last week in October, and that is when the attention of the entire “cat world” is turned to the World Show, the country which organizes it and the results of the “most beautiful of the beautiful”.

In 2012, The World Cat Show takes place in Zagreb on the 27th and 28th October. The Exhibition Team of the World Exhibition, SFDH and all its members will do their best to make this World Exhibition as beautiful, pleasant and interesting as possible for all participants and visitors.

## Dobrodošli na 21. Svjetsku izložbu mačaka, Zagreb, Croatia 2012

U ime Saveza felinoloških društava Hrvatske – SFDH, iznimno mi je zadovoljstvo i čast našim dragim gostima i izlagačima, posjetiteljima i naravno mačkama, zaželjeti dobrodošlicu na Svjetskoj izložbi mačaka 2012. godine u Zagrebu.

Nakon više godina zalaganja za kandidaturu domaćina, naša vrhovna institucija Fédération Internationale Féline - FIFe, povjerila nam je organizaciju Svjetske izložbe u Republici Hrvatskoj na što smo izrazito ponosni i ovim putem se zahvaljujemo svim njenim članicama na ukazanom povjerenju.

Svjetska izložba mačaka jedinstvena je manifestacija od velikog kulturnog značaja za našu zemlju i grad, a samim time i za promociju felinologije – znanosti o mačkama – kako u Hrvatskoj tako i u svijetu.

Prva svjetska izložba održana je 1990. godine u Münchenu, Njemačka, i od tada se održava svake godine u jednoj od zemalja članica FIFe. Neupitno najveći događaj u „svijetu mačaka“ prožet je snažnim osjećajima među izlagačima i uzgajivačima diljem svijeta, te mnogim natjecanjima na međunarodnim izložbama koje prethode, a na kojima mačke postižu kvalifikacije za sudjelovanje na Svjetskoj izložbi.

U ova dva dana događanja, svi mi prisutni ovdje, te putem video linka u cijelom svijetu s nestrpljenjem iščekujemo samo jedno – saznati koje će mačke ponijeti titulu Svjetskog prvaka, World Winner, Croatia 2012. koja im se nakon dobivene titule upisuje u rodovnicu. Svaki sudac tijekom suđenja nominira najbolje mačke za Best in Show – BIS. Među velikom konkurencijom pobjednika može biti maksimalno 26, od čega po 6 u svakoj od četiri kategorije, te 2 pobjednika u kategoriji domaćih mačaka.

Zahvaljujem se svim izlagačima iz 33 zemlje svijeta i 35 Saveza koji su prijavama svojih mačaka uveličali ovaj događaj. Posebno se zahvaljujem sucima iz 13 država i njihovim sudačkim pomoćnicima.

Hvala gradonačelniku grada Zagreba, g. Milanu Bandiću na pristupačnosti, podršci i pomoći u realizaciji Svjetske izložbe mačaka, Turističkoj zajednici grada Zagreba na čelu s gđom. Amelom Tomašević, Ministarstvu turizma kao pokrovitelju i Ministarstvu poljoprivrede kao supokrovitelju, Večernjem listu i Antunu Ponošu kao kao medijskim pokroviteljima.

Zahvaljujem se i cijelom timu Arene Zagreb na čelu s g. Tomislavom Pervanom na podršci, razumijevanju i pomoći u ostvarenju ovog događaja. Posebna zahvala g. Damiru Skoku, predsjedniku Kinološkog saveza Hrvatske koji potvrđuje da psi i mačke mogu zajedno.

Hvala svima koji su na bilo koji način sudjelovali i pomogli u organizaciji izložbe, a nisu poimenice spomenuti u ovom obraćanju; vaš doprinos je ono što ovu cjelinu čini zaokruženom. Svi mi ovdje danas dijelimo istu strast - ljubav prema mačkama, a želja nam je da na mnoge posjetitelje tu strast i prenesemo.

# Welcome, Willcomen, Bienvenue

## Welcome to the 21<sup>st</sup> World Cat Show, Zagreb, Croatia 2012

In the name of the Association of Croatian Felinological Organizations (Savez felinoloških društava Hrvatske – SFDH), it is my exceptional pleasure and honour to bid our dear guests and exhibitors, visitors and, of course, cats, welcome to the World Cat Show 2012 in Zagreb.

After years of efforts in putting forward our candidacy for hosting of this event, our umbrella organization Fédération Internationale Féline – FIFe, has entrusted us with organizing the World Cat Show in Croatia, a fact we are extremely proud of. We should like to take this opportunity to thank all the members thereof for showing such faith in us.

World Cat Show is a unique event of great cultural importance to our country and our city, and thus for promotion of felinology – science on cats – in Croatia and the world.

The first World Show was organized in 1990 in München, Germany, and since that time it has been taking place in different FIFe member countries. This undoubtedly greatest yearly event in the world of cats is important to exhibitors and breeders all around the world, and is the keystone bringing together all the international shows preceding it, where qualifications are gained to take part in the Show itself.

During the two-day event, all of us bodily present here and all those following us via video link will be holding our breath for one important thing – the new World Winners, Croatia 2012. The awarded cats will subsequently have the title entered into their pedigrees. Each judge, during the course of adjudication, nominates cats for Best in Show – BIS. The maximum number of winners is 26, 6 in each of the four categories, and 2 winners in the domestic cat category.

I would like to thank all the exhibitors from 33 countries around the world and 35 Associations which contributed to this event by their presence. Special thanks go to judges from 13 countries and their assistants.

Our gratitude goes to the Mayor of Zagreb, Mr Milan Bandić, for being so accessible, offering support and help in making the World Cat Show happen, to Zagreb Tourist Board lead by Mrs Amelia Tomašević, to the Ministry of Tourism for their patronage and the Ministry of Agriculture for their co-patronage, Večernjem listu and Mr Antunu Ponošu for media coverage.

Great thanks to the entire Arena Zagreb team lead by Mr Tomislav Pervan for their support, understanding and assistance in making this event come true. A very special thank you to Mr Damir Skok, Croatian Kennel Club President. He is the living proof that cats and dogs can live in harmony.

Thanks to all those who contributed to the organization of the Show but are not mentioned here. Your contribution brings all our efforts together.

All of us here today share the same passion – love of cats and it is our wish to impart some of that passion on the visitors.

Vesna Rižnar Rešetić  
President of the Association of Croatian Felinological Organizations,  
international judge – all categories  
Member of Judges & Standard Commission

# The FIFe Easy Mind System for Identifying Cats

The FIFe's Easy Mind System (EMS) simplifies and replaces the combination of letters and numbers used to identify cats. In that system, identification codes were not always uniform across breeds. In the EMS they are. A black cat, for example, is always identified by the small letter "n" no matter what its breed. A pointed cat, regardless of breed, is always identified by a "33" in its code. The first part of the EMS code, written in capital (uppercase) letters, denotes the breed.

## The Zagreb story

Zagreb, the capital of the Republic of Croatia, is one of the oldest European cities and is yet one of Europe's youngest metropolises. The fact that the Zagreb archdiocese was founded in 1094 and that the city was proclaimed a free royal city in 1242, attests to its long history. Zagreb was founded in a place where the last hills of the Alps merge towards the edge of the Panonian valley, making it an ideal spot for building a city within the Medvednica mountain hills (the highest point is Sljeme at 1035 meters, a favourite picnic spot for Zagrebians) and along the Sava River valley.

Zagreb is the administrative, economic, diplomatic and cultural capital of the country, with a population of almost one million. It is also a university center with forty higher education schools and over 40,000 students, it is a city that is proud of its long history of education: the first secular city school was built in the middle of the 14th century, the first secondary school was founded at the beginning of the 16th century and in the second half of the 16th century, Zagreb had its first university. Zagreb is a city of science and culture. Many excellent scientists and artists, who have enriched Croatian and world heritage, work here. The city has approximately fifty museums and galleries, as well as private art collections and about twenty theatres and musical venues. In 1895, the city's oldest theatre, the Croatian National Theatre, with its neo-baroque architecture was opened by the Austro-Hungarian emperor Franz Joseph I.

Many open air events and exhibitions are organized from spring to autumn. They create a very special atmosphere in the city and are a true tourist attraction. The most important cultural institutions and hotels (many of which are members of international hotel chains) are situated in the heart of the city, only walking distance depending on weather to Europe's biggest outdoor cafe.

Other main attractions include one of Europe's most lively outdoor markets, and visiting it always proves to be a memorable experience to all visitors to Zagreb. It is here that you will remember those almost forgotten scents and tastes of childhood and where you will enjoy a diversity of colour...

Despite being a Central European city in geography, culture and baroque architecture, in many ways, Zagreb has a Mediterranean way of life. Thanks to its many influences, the city has a special charm and hospitable feel generated by its open-hearted people. Many say that nothing compares to this city!

A walk through Zagreb is an interesting and pleasant journey that encapsulates both history and modern day life. Ilica, the longest street in Zagreb, divides the city into the old romantic Upper Town and the young, busy and business orientated Lower Town. The oldest areas, Gradec and Kaptol, from which Zagreb arose, are considered to be one of the most preserved and beautiful European city centers built in the Art Nouveau style. The Upper and Lower Towns are connected through the Kamenita

vrata (Stone gate), yet another recognizable Zagreb tourist attraction that is linked to many legends and beliefs, as well as to faith and peace.

For some, the most recognizable place in Zagreb is its neo-gothic Cathedral situated at Kaptol. Although it took many centuries to build, the Cathedral that stands today was completed at the end of the 19th century.

The Cathedral's treasury has kept priceless treasures and objects that date back from the 11th to 19th century. The people of Zagreb are especially proud that during his first visit to the city, Pope John Paul II held a special mass inside the Zagreb Cathedral, commemorating 900 years since the founding of the Zagreb archdiocese. Others tend to remember the always lively central Ban Jelačić Square or The Mimara Museum, also known as the Zagreb Louvre. Amongst the city's many monuments is the oldest Zagreb cemetery called Mirogoj, which was opened in 1876. Thanks to its monumental neo-renaissance arcades, tombs of many famous Croats from political and cultural life lay there. Numerous grave stones have been built by famous artists. Mirogoj is a must-see place for visitors to the city. Zagreb is also the site of many cultural and international events.

A city which has so many young people is bound to be very sporty, with many sports facilities it also pays homage to an abundance of European and world sports champions, many of whom have won medals at prestigious sporting events.

The journey through Zagreb is not finished. You may best learn about it by walking down the city streets and enjoying a cappuccino in one of its many city cafes. The biggest value of this city is its atmosphere and the people who never allow you to feel alone. Zagreb has a story to tell and it has a heart, a big heart.

## Croatia – a land of impressive past

Welcome to Croatia, a land of rich cultural heritage. A heritage seen not only in numerous museums, galleries, churches and monuments studding zero category of the UNESCO list of cultural heritage sites. Croatia is that magical corner of the Mediterranean where each walk becomes a descent down a thousand-year long staircase of rich and famous history. Whether you are following the white and narrow streets of cheerful towns and ports in Istria, Kvarner and Dalmatia or climbing the green roads of central Croatia to fairytale forts and castles, each step is a special experience. A special hue to your experience comes from the fact that four cultural spheres touch and mingle here: the East and the West, the Central European and the Mediterranean. Croatia is a land of urban culture with its many towns significantly outnumbering those in other parts of the Mediterranean.

If you like the antiquity, start with the grand monuments of the Roman Pula, then move to the largest Forum on the Eastern shore of the Adriatic in Zadar, and finally visit the Diocletian's palace in Split. This walk through time will take you past the Pre-romanesque St Donat dating from the 9th Century, through the beautiful Romanesque town-monument of Trogir, to the islands of Krk and Rab.

After Gothic architecture in Zagreb, Pazin or Ston, you can discover Renaissance in Osor on the island of Cres, in the Šibenik Cathedral, on the islands of Hvar and Korčula, leading you to the unique town of Dubrovnik. Next comes Baroque in Varaždin, Bjelovar and Vukovar and the 19th Century heritage in Rijeka, Osijek, and of course Zagreb.

If you prefer the beauty of less known monuments and wandering through unknown and quiet places of beauty whispering their long history, walk into the world of countless Medieval churches full of frescoes and weaving reliefs. From Herman Dalmatin, a Medieval philosopher of renown who was born in Istra, Marko Polo – a traveller and an explorer born on the island of Korčula, Julius Klović – miniature painter and Croatian Michelangelo, Ruđer Bošković of Dubrovnik – a mathematician, astronomer and one of the greatest physicists of his time, to Nikola Tesla – one of the most brilliant inventors ever, born in Lika, Croatia is a land not only of great history, but of great people.

I da, tko ih ne bi razmazio kad svojim spretnim šapicama izmole sve što im je na umu.

Uzgoj prema pravilima FIFe, zdravlje i pojedinačni pristup, ono je što od ove uzgajivačnice možete očekivati. A svaki novi mačić veselje je bez premca.
