BILLS & PAYMENTS

Telephone bills are issued once a month and local service is billed a month in advance and long distance charges are for the prior month. You should receive your bill by the 1st of each month. Should you not receive your bill by the 3rd of the month, please contact Business Office. **Failure to receive a bill does not relieve you of responsibility to pay.** When paying by mail, please enclose the bottom portion of page 1 with your payment or write your phone number on the check. Payments made after the due date are subject to a Late Fee of \$5.00 plus 1.5% of the unpaid balance over \$20.00 or more.

Payments may be made at the following authorized payment agencies:

Bank of Dudley Dublin & Dudley
 Colony Bank Chester
 Farmers State Bank Dublin & Cadwell
 1st Laurens Bank Dublin & Dexter
 Morris Bank Dublin
 Capital City Bank Dublin

PRTC accepts Visa, MasterCard and Discover debit and credit cards.

Payments may be made by phone with Visa, MasterCard and Discover:

Returned Check Fee \$35.00-Residential
 \$40.00-Business

PRTC E-Bill is now SmartHub! SmartHub will make credit/debit card payments and receiving your e-Bill very easy. SmartHub allows you to:
 Pay Your Bill • Receive Bill Reminders • Update Your Account/Contact Information • Review Past Payments • Stop Paper Billing • Sign Up For Automatic Payments...and so much more! Also, you can download the SmartHub App (iOS & Android compatible).

To access SmartHub:

<https://progressivetel.smarthub.coop> or go to www.progressivetel.com and click the Bill Pay Tab.

Should your phone line, Cable TV & Broadband be disconnected for non-pay, a Reconnect Fee will be added to your next month bill:

Phone Only \$25.00-Residential
 \$30.00-Business
 If disconnected more than 30 days \$50.00-Residential
 \$65.00-Business
 Cable TV Reconnect \$35.00-Residential
 and Business
 Broadband Reconnect (with phone) \$35.00-Residential
 and Business
 Broadband Reconnect (with phone & TV) \$5.00-Residential
 and Business

2 Doing Business With Us

GENERAL RULES

1. The Telephone Cooperative's obligation to furnish Exchange and Toll Service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary pole lines, circuits and equipment, including necessary "Rights of Way" and removal of tree limbs and branches which might endanger the satisfactory operation of its lines.
2. If service is interrupted for more than 48 continuous hours, other than by the negligence or willful act of a Subscriber, an allowance at the minimum rate will be allowed after notice and demand to the Cooperative. No other liability shall in any case attach to the Cooperative on account of interruptions of service.
3. The Telephone Cooperative, except as provided in its tariffs, shall not be liable for damage claimed on account of errors in or omissions from its Directories nor for the result of the publications of such errors in the Directory, nor will the Cooperative be a party to controversies arising as a result of listings published in its Directories.
4. The Telephone Cooperative offers the use of its facilities for communication between patrons, and no liability shall attach to the Cooperative because of any errors or misunderstanding arising between a patron and an operator or any other patron.
5. Equipment, instruments and lines furnished by the Cooperative on the premises of a Subscriber are the property of the Cooperative whose agents and employees shall have the right to enter said premises at reasonable hours to service said equipment and for the lines. Such equipment, instruments and lines are not to be used for any part of transmitting, delivering or collecting any message where any Toll or consideration has been, or is to be paid to any party other than the Telephone Cooperative.
6. No equipment, apparatus, circuits, or devices whether physically, by induction or otherwise, shall be attached to or connected with facilities furnished by the Cooperative.
7. Subscriber Telephone Service—as distinguished from Public or Semi-Public telephone service is furnished only for the use of the Subscriber, his family, employees or business associates, or persons residing in Subscriber's household. Applications for party line service are accepted by the Cooperative with the understanding that each Subscriber will so use the Service as not to interfere with an equitable proportionate use of the service by the other Subscribers on same line.

An extra directory listing: Names of other members of your household can be listed in the telephone directory at a small extra charge. Businessmen may find it especially convenient to list not only your firm, but your name as well. A handy extension telephone put in your kitchen, by your bedside, in your workshop, or out in the barn will save you countless steps. You may enjoy this service for a few pennies a day.

The Subscriber has no property right in the telephone number or any right to continuance of service through any particular central office, and the Cooperative may change the telephone number or exchange designation, or both, of a Subscriber whenever it deems it advisable in the conduct of its business.

The Subscriber is required to pay all charges for exchange service and facilities, and for Toll messages, including messenger service. The Subscriber is held responsible for all charges for telephone service rendered at his telephone, both exchange and toll, including charges for toll messages on which the charges have been reversed.
8. Maintenance and Repairs: All ordinary expense of maintenance and repair, unless otherwise specified in the Telephone Cooperatives' tariff, is borne by the Telephone Cooperative. The Subscriber agrees to take good care of the instruments and all accessories connected therewith. In case of loss or damage to, or destruction of any of the Cooperative's instruments or accessories, not due to ordinary wear and tear, the subscriber is held responsible for the cost of replacing the equipment destroyed or for the cost of restoring the equipment to its original condition, except where such damage is not occasioned by the negligence of the Subscriber. Subscribers may not rearrange, disconnect or remove or permit others to rearrange, disconnect or remove any apparatus or wiring installed by The Telephone Cooperative, except upon the written consent of the Telephone Cooperative.

Doing Business With Us 3

GENERAL RULES (CONT'D)

9. The Progressive Rural Telephone Cooperative was formed for the express purpose of providing dial telephone service to small towns and rural areas at the lowest possible cost to its members. The board of directors and management of this cooperative are pledged to use their best judgment in the economical operation of your telephone system. In order to run this business successfully, certain rules and regulations must be established and strictly followed. The following rules and regulations have been established by the board of directors in regard to the payment of assessments.

The Telephone Cooperative members will pay an annual telephone assessment. Such annual assessments will be paid in monthly installments in advance or by previous arrangement with the office of the Cooperative. Billing will be mailed to each member on the first of the month, covering the month's assessments and any toll charges of the previous month.

These bills are considered delinquent after the 10th of the same month. On the 20th day a second notice will be mailed and if the bill has not been paid by the date on this notice, service will be disconnected. Bill will have to be paid in full plus a \$25.00 (Residential), \$30.00 (Business) service charge before service is restored.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cable grams or radio grams to the Western Union Telegraph Co., and have the charges billed to your telephone account if you are a telephone subscriber. Dial Operator and ask for Western Union.

STATEMENT OF NONDISCRIMINATION

Progressive Rural Telephone Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Utilities (RUS) and the Federal Communications Commission that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, religion, sex, age, handicap, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground or race, color, religion, sex, age, handicap, or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization."

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C., 20250, or the Rural Utilities (RUS), Washington, D.C., 20250, or the Federal Communications Commission, Washington, D.C., 20554, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Utilities (RUS) extends the time for filing. Identity of complaints will be kept confidential except to the Rules and Regulations."

WARNING TELEPHONE SAFETY

The telephone is one of the safest appliances in your home or office, but there are a few situations where a telephone user should be careful.

- * Do not use the telephone while you are in the bathtub, shower or swimming pool. Putting the telephone in water could cause electrical shock.
- * Avoid using the telephone during electrical storms in your immediate area. There is a remote risk of a dangerous electrical shock from lightning when using the phone during electrical storms. Urgent calls should be brief. We use protective measures to prevent electrical surges from entering your home, but absolute protection from lightning is impossible.
- * If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the hand set and dial. While unlikely, it may be possible for the spark to trigger an explosion if the gas concentration is high enough.

Yield Telephone Lines for Emergencies

If you are talking on the phone and an operator or other person asks you to hang up so an emergency call can go through, please hang up immediately; it is against the law not to do so. It is also against the law to ask someone to yield a line by claiming an emergency when one does not exist. If you commit either crime, you may be fined, imprisoned or both.

Harassing and Obscene Calls

It is against state and federal laws to make obscene or harassing calls. Penalties can be imprisonment or a fine.

Doing Business With Us 5

TROUBLESHOOTING TIP:

If your line should not have dial tone and you have a number of different types of communications equipment, such as cordless phones, computer modems, answering machines, home security systems or satellite systems, plugged in to your line, try unplugging these devices and waiting approximately two minutes before reconnecting. If your dial tone returns, one of these devices is causing your problem and may need to be replaced. If your dial tone does not return there may be a problem with your telephone jack(s). If you have PRTC wire maintenance we will come and repair the jack and wiring at no charge. If you do not have PRTC wire maintenance for the inside wiring in your home and we come out to repair trouble caused by this wiring, you will be charged a service charge plus time and materials for the work performed to correct the problem. Trouble caused by the equipment listed above is not covered by the wire maintenance plan, so make sure that you have isolated the cause of your trouble.

PRTC maintains all the wires and equipment to provide dial tone to the house protector on the outside of your home. If you do not have the PRTC wire maintenance plan you may check the protector on the outside of your home before calling for repair service by following these simple steps:

1. Take a working telephone from inside your home to the protector on the outside of your home
2. Remove cover from house protector
3. Unplug grey line cord from jack
4. Plug telephone line cord into jack, if you have dial tone at this point, the trouble is being caused by the wiring or other device(s) in your home. If there is no dial tone at this point call, 984-4724 to report your trouble.
5. If you have PRTC wire maintenance plan call PRTC and we will repair the trouble for you at no additional charge, if you do not have the wire maintenance plan and you wish to have PRTC repair the trouble, you will be charged a service call charge plus time and materials to repair the trouble.

So to avoid the possibility of unnecessary charges call today to sign up for PRTC Wire Maintenance and allow us to maintain your telephone wiring.*

*Wiring must meet PRTC specifications

LIFELINE THROUGH PRTC

Progressive Rural Telephone Co-op. offers Lifeline Service to qualifying residential customers. Lifeline offers a monthly credit towards basic phone service for eligible PRTC subscribers. Participation in the Lifeline Program is based on the subscriber's income or participation in an approved program.

PRTC subscribers are eligible for a Lifeline credit if they are currently enrolled in one of the following programs:

- Medicaid
- SNAP (Supplemental Nutrition Assistance Program) or Food Stamps
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance
- Veterans Pension and Survivors Benefit
- Income-based eligibility (at or below 135% of the federal poverty guidelines)

For more information on Lifeline, please visit lifelinesupport.org or call PRTC at 984.4201.

6 Long Distance Calling

station-to-station calls to be billed to the telephone from which you are calling to call _____ dial "1" then the distant area code and telephone number. If an Operator asks for your number, give the one from which you are calling.

person-to-person, collect, credit card and calls to be billed to another number

Telephones have been equipped to permit Direct Distance Dialing of person-to-person, collect, credit card and calls to be billed to another number.

For Operated-Assisted calls and Progressive Rural Long Distance is your long distance carrier, dial 1-800-225-5288 or use a calling card.

For Operated-Assisted calls and Progressive Rural Long Distance is **NOT** your long distance carrier, dial "0"

After you have dialed the number an Operator will answer and assist you in completing the call as follows.

person-to-person call: give the name of the person you are calling.

collect call: say "Collect" and give your name.

credit card call: say "Credit Card Call" and give your credit card number.

call billed to another number: say "Bill To" and give the area code and telephone number to which the call is to be billed.

to obtain the distant area code

Area codes for selected cities are shown on page 7. If the place you want is not listed, dial OPERATOR.

to reach long distance directory assistance

Dial "1", followed by the distant area code then 555-1212. Tell the Operator the city and name of the person or business you are calling. There will be a charge for using this service. Or call 1-800-373-3411 (Free 411)

to reach Toll-Free directory assistance

dial "1"—then Area Code "800"—then 555-1212 to obtain numbers of those customers who offer incoming long distance

calls without charge to persons calling from specific locations.

if you reach a wrong number

or have any other trouble with your call... dial OPERATOR immediately and explain what happened. The necessary adjustment will be made.

you will not be charged

if you hang up before you dial the complete number.

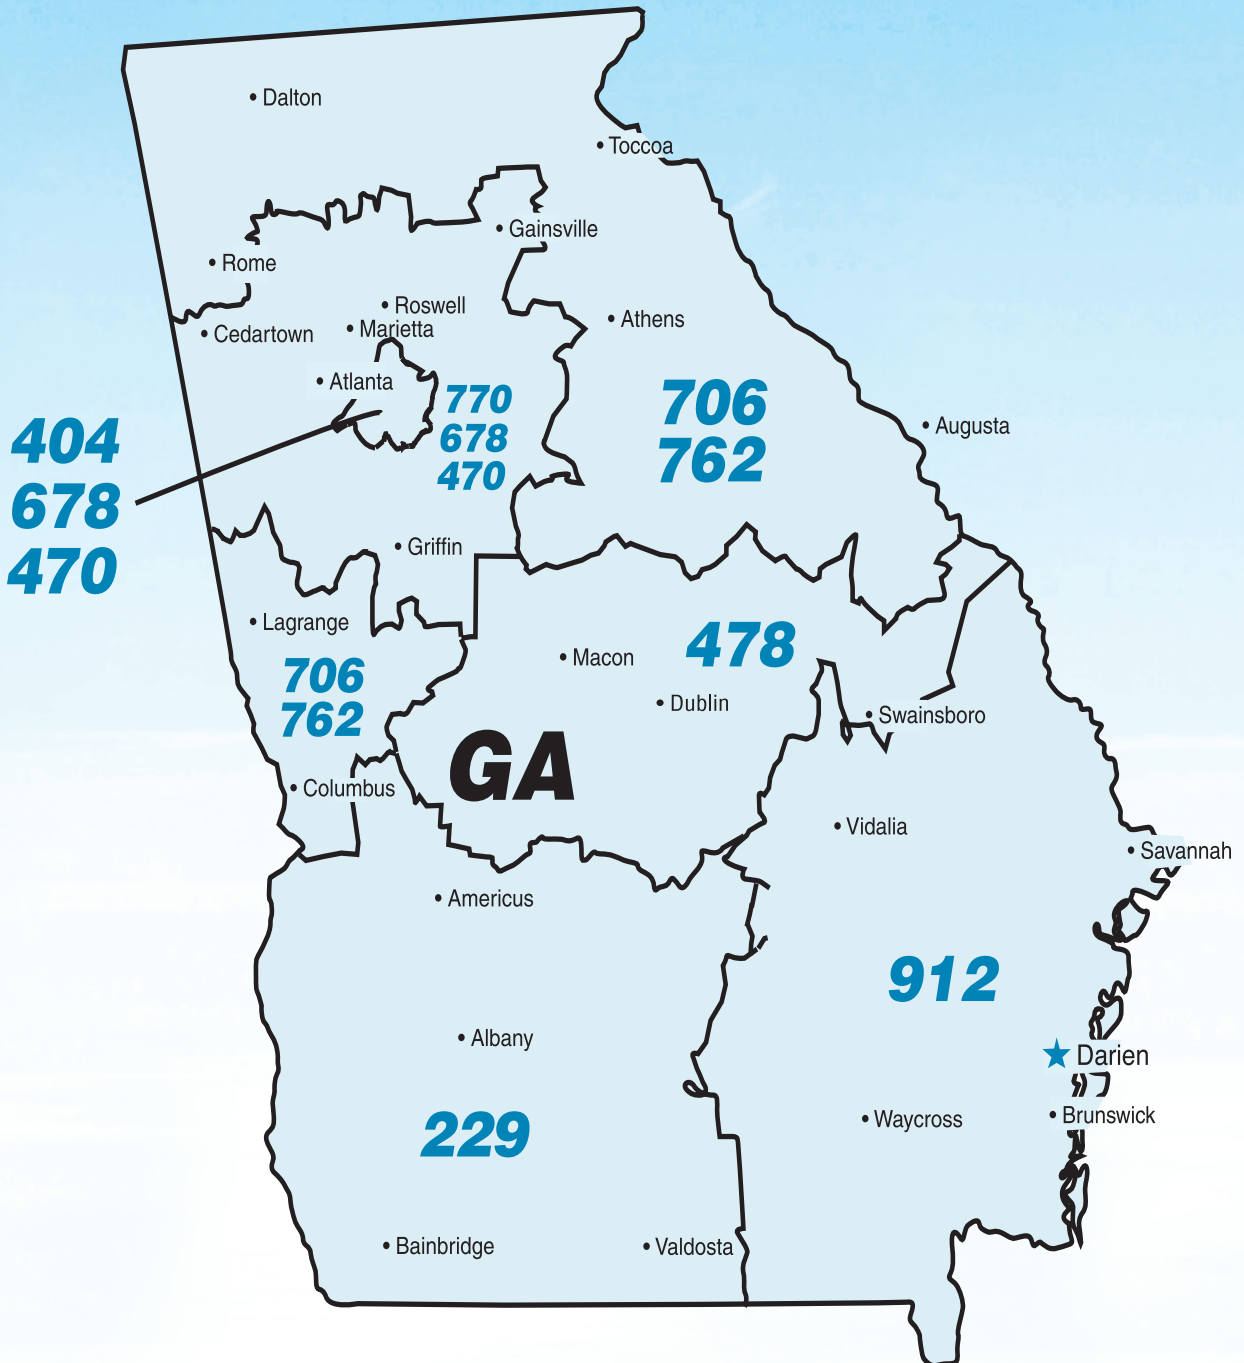

if the telephone number you dial is busy or does not answer.

you will be charged

if Voice Mail or an Answering Machine answer the call.

Georgia's Area Codes 7

The following map shows the area codes for the state of Georgia. * If you don't know the area code for the place you are calling, call directory assistance at 1-800-373-3411 (1-800-FREE411) or go to www.anywho.com/whitepages.

*As of 2010. Area codes subject to change.

Progressive Rural Telephone Co-Op., Inc. 015155

8 US Area Code Map

AREA CODES SPEED YOUR LONG DISTANCE CALLS

Legend:

- 917 Overlay Code
- 970 New Code
- 984 New Overlay Code

Area Codes do not cross State borders

As of April 2010.

For faster long distance calling, the United States and Canada have been divided into more than 120 telephone areas, each identified by a three-figure area code (NPA). (see map, pg. 7) Use of the area code will help you get your Long Distance call through faster. Area codes for frequently called cities in the United States and Canada may be found on page 9.

Note: Time zone boundaries show approximate divisions only. When Daylight Savings Time applies, the time differences will change accordingly.

10 International Dialing Guide

How to Make an International Call:

Dial 011 + Country Code + City or Area Code + Local Number

Some commonly used country and city codes are listed below; however, these codes can change. If you experience problems or do not find a listing for the area you are trying to reach, call your long distance carrier's operator for more information.

| | | | | | |

Special Services 11

UNLIMITED Broadband Internet Service

- Stream Video
- Online Gaming
- Fiber Optic connections in most areas
- NO Throttling back during peak hours
- NO Data Caps
- 24-Hour Technical Support
- Email powered by ZIMBRA - Ad Free

Steps to ensure a better, stronger Wi-Fi:

- The ideal location of a router is as close to the center of your home as possible, in an open area, away from other electronics. The more walls, doors, and other obstructions near your router, the higher the chance of something interfering with your signal.
- Make your wi-fi secure by adding a password and only share your password with people you trust to be on your network.
- Reboot your router by simply turning it off and back on. Do this at least once a week.
- Disconnect devices that are connected to the wi-fi but aren't in use. For example, turn off the wireless printer if it's not being used. Turn off automatic backups on cell phones.

Skitter TV available through PRTC

Get the best TV viewing experience available:

- Over 150 digital channels (including 140+ in HD @ NO extra charge)
- HBO, Cinemax, Starz, Encore
- Remote Storage DVR - Record multiple programs simultaneously and replay from any TV in your home
- WatchTVEverywhere - watch your favorite programs everywhere, online or on mobile devices
- Integrated Caller ID - see who's calling right from your TV screen

Call 984-4201 for more information about Skitter TV.

Progressive Rural Telephone Calling Features

* description and instructions on pages 12 & 13

- Anonymous Call Rejection
- Calling Number Blocking
- Call Return
- Toll Control with Pin

12 Calling Features

NOTE: Please note that some instructions are for **Copper** lines and some are for **Fiber Optic** lines. Please call 984.4201 to verify which line your service is connected to.

DESCRIPTION AND INSTRUCTION FOR CALLING FEATURES

Anonymous Call Rejection

Prevents calls from callers who block their number. The caller will hear a telephone company recorded announcement that instructs them to "unblock" their number if they wish to call you.

To Use Anonymous Call Rejection:

1. Lift the receiver and listen for a dial tone.
2. Dial * 7 7
3. Listen for announcement that the service is turned on.
4. Hang up.

To De-Activate Anonymous Call Rejection:

1. Dial * 8 7, listen for announcement that the service is turned off.

Busy Call Forwarding

Allows you to forward your calls to another number when your number is busy.

To Activate Busy Call Forwarding-COPPER:

1. Dial * 9 0 and wait for confirmation tone and dial forward-to number. If someone answers - Busy Call Forwarding is activated.
2. If there is no answer, repeat Step 1.

To Activate Busy Call Forwarding-FIBER:

1. Dial * 9 0 and the forward-to number (do not wait for confirmation tone). If someone answers - Busy Call Forwarding is activated.
2. If there is no answer, repeat Step 1.

To De-Activate Busy Call Forwarding COPPER or FIBER:

Dial * 9 1

NOTE: Any calls forwarded to a long distance number will have long distance charges.

Call Forwarding

Allows you to forward your calls to another number. Please note that you, not the originating party, will be billed for any long distance charges when the forward-to number is outside your local area.

To Activate Call Forwarding-COPPER:

Dial * 7 2, wait for confirmation tone and dial forward-to number. If forward-to number is answered, Call Forwarding is activated. If forward-to number is NOT answered, repeat.

To Activate Call Forwarding-FIBER:

Dial * 7 2 and the forward-to number (do not wait for confirmation tone). If forward-to number is answered, Call Forwarding is activated. If forward-to number is NOT answered, repeat.

To De-Activate Call Forwarding COPPER or FIBER:

Dial * 7 3, wait for confirmation tone, then hangup.

Call Reminder

Allows you to setup a call to your phone at a specified time. Works like a wake-up call.

To Activate Call Reminder:

1. Dial * 3 1 0 and input the time you want your phone to ring.
2. Press # and follow the prompts.

To Cancel Call Return:

1. Dial * 3 1 1

NOTE: Time must be input as military time. Ex: 8:00AM will be 0800 and 2:30PM will be 1430.

Call Return

Announces the last number that dialed you and gives you the option to return the call by pressing "1."

To Use Call Return:

1. Dial * 6 9

To Cancel Call Return:

1. Dial * 8 9

Call Trace

Allows you to trace obscene, threatening or harassing calls. **NOTE:** Customer must contact the appropriate law enforcement agency and the agency will have PRTC add this feature to the line.

To Use Call Trace:

1. Hang up after receiving an annoying call.
2. Lift receiver and dial * 5 7 Please write down the date and time of the call and call the Business Office. If a call is received after business hours, please call the next business day.

Call Waiting/Cancel Call Waiting

Allows you to place your first call on hold and answer another incoming call. Cancel Call Waiting will turn off Call Waiting.

To Use Call Waiting:

1. When you are on the phone, a special tone tells you a second call is waiting.
2. Press and quickly release the hookswitch on your telephone. The first caller is place on hold while you connect with the second caller. Each conversation is private.

To Use Cancel Call Waiting:

1. Listen for dial tone and press * 7 0
2. Listen for second dial tone and dial the number.

Your call will not be interrupted by the Call Waiting tone. Other callers will hear a busy signal. Call Waiting is automatically turned on after the call is completed.

Caller ID

Allows you to see the calling party's name and number before answering the call. A Caller ID phone or box is required to view the number. Please allow your phone to ring two rings before answering.

Caller ID With Call Waiting

This feature allows you to receive the name and number about a calling party on a waiting call. Your Caller ID device must be equipped for Caller ID Call Waiting.

Calling Number Delivery Blocking (per call)

Blocks your number, on a per call basis, from the person you are calling. There is no charge for this feature.

To Use Call Number Delivery Blocking-COPPER:

1. Dial * 6 7, wait for confirmation tone.
2. Dial the number you are calling.

To Use Call Number Delivery Blocking-FIBER:

1. Dial * 6 7 and dial the number you are calling (do not wait for the confirmation tone).

NOTE: For each call in which you do not want your phone number revealed, you must follow the above procedure.

Calling Features 13

Calling Number Delivery Blocking (permanent)

Blocks your number, on a permanent basis, from the person you are calling.

To Unblock Your Number-COPPER:

1. Dial ***82**, wait for confirmation tone, then dial the number you are calling.

To Unblock Your Number-FIBER:

1. Dial ***82** and the number you are calling (do not wait for confirmation tone).

NOTE: For each call in which you WANT your phone number revealed, you must follow the above procedure.

Distinctive Ringing

Allows you to program up to 10 numbers that ring with a distinctive tone when one of the programmed numbers calls you.

To Activate Distinctive Ringing:

1. Dial ***81** and follow the prompts.

Home Intercom

Allows you to ring your own phone, in order to talk with someone in another part of your house, using your phone line.

To Home Intercom:

1. Pick up the phone and dial your home phone number. When you hear the busy tone, hang up. Do not answer - when the phone stops ringing pick up your extension and you will be connected to the other party.

Last Call Erasure

Lets you delete the last details of the last number that called you.

To Last Call Erasure:

1. Dial ***320** and follow the prompts.

Repeat Dialing

Allows you to dial a code to have your phone continuously attempt to redial a busy number that you have tried to call. When the line is free, you will be alerted with a special ring.

To Use Repeat Dialing:

1. If line is busy, hang up.
2. Lift receiver, dial ***66**
3. When the line becomes free, you will be alerted by a special ringing, pick up receiver and wait to make connection.

To Cancel Repeat Dialing:

1. Dial ***86**

Speed Calling

Lets you store up to eight frequently called numbers that can be dialed with the touch of a button.

To Setup Speed Calling-COPPER:

1. Dial ***74**, you will get a confirmation tone.
2. Dial the code you want for that number. (2-49)
3. Dial the number for that code and wait for confirmation tone then hang up. If it is a long distance number you will need to put 1 + area code.

Speed Calling (Cont'd)

To Use Speed Calling-FIBER:

1. Dial ***74** (do not wait for confirmation tone).
2. Dial the code you want for that number. (2-49)
3. Dial the number for that code, then hang up. If it is a long distance number you will need to put 1 + area code.

To Use Speed Calling that has been programmed on your phone:

1. Dial the selected code number, wait for seconds and the call will be placed.

Selective Call Rejection

Allows you to program up to 10 numbers that you DON'T want to call you. The calling party will get a recording that you are not accepting calls from the number they're calling from.

To Use Selective Call Rejection:

1. Dial ***60** and follow the prompts.

Teen Service

Provides you with up to three additional phone numbers on a single line. Great for homes with teenagers. Teen Service can also be used for fax machines. Incoming calls to those numbers have a distinctive ring so that you can recognize calls to those numbers.

Three-Way Calling

Allows you to add a third party to a previously established connection. If either party hangs up after the call, you are still connected with the remaining party.

To Use Three-Way Calling:

1. Depress and release the hookswitch to put the original party on hold.
2. Listen for three bursts of dial tone followed by a regular dial tone.
3. Dial the number of the third party. When party answers you may talk privately with that caller.
4. When ready to bring original party on line, depress and release hookswitch. All three will be connected.

Toll Blocking (Long Distance Block)

This feature ensures that no long distance calls can be dialed direct from your phone, however, a prepaid calling card can be used to make long distance calls.

Toll Control with PIN (Long Distance with Code)

To Use Toll Control With PIN-COPPER:

1. Dial the long distance number. You will get 2-3 beeps.
2. Input your four digit PIN.

To Use Toll Control With PIN-FIBER:

1. Dial the long distance number and input your four digit PIN (do NOT wait for 2-3 beeps.)

Voice Mail

Works like an answering machine without the machine.

To Setup Voice Mail or Change Passcode:

1. Dial 984-4600 and follow the prompts. Your passcode is 1234, until you change it.

To Retrieve Messages:

1. Dial ***88**, it will take you to your messages.

To Retrieve Messages Away From Home:

1. Dial 984-4600.
2. Input your phone number and then your passcode.

14 Georgia Relay 711

Start connecting today with Georgia Relay

Georgia Relay is the convenient, easy-to-use telecommunications system for Georgians who are deaf, hard of hearing, deaf-blind or have difficulty speaking.

Georgia Relay is a FREE public service administered by the Georgia Public Service Commission that makes it possible for people who are deaf, hard of hearing, deaf-blind or have difficulty speaking to communicate over the telephone. A specially trained Communication Assistant (CA) facilitates the call. All relay calls are confidential and there are no records kept of relay conversations. Relay services are available 24 hours a day, seven days a week, 365 days a year. There's no limit on the length or number of calls you may place or receive.

Anyone may initiate a Georgia Relay call, simply by dialing 7-1-1.

Georgia Relay features:

- **TTY** – allows people who are deaf or hard of hearing to type their messages and read the other person's responses
- **Voice Carry-Over** – for people who are hard of hearing and are able to speak clearly
- **Hearing Carry-Over** – for people who are able to hear and have difficulty speaking
- **Speech-To-Speech** – for people who have difficulty speaking or being understood on the phone
- **Captioned Telephone (CapTel®)** – for people who have difficulty hearing; allows users to listen while reading captions of what is said to them throughout their conversation
- **Voice** – allows standard phone users to communicate with people who are deaf, hard of hearing, deaf-blind or have difficulty speaking
- **Spanish Relay** – all services are available in Spanish

CapTel is a registered trademark of Ultratec, Inc.

To make a Georgia Relay call, dial 7-1-1 or...

TTY: 1-800-255-0056

In an emergency, dial 9-1-1!

FREE EQUIPMENT!

For people who qualify medically and financially, free equipment is available through the Georgia Telecommunications Equipment Distribution Program.

To learn more, call 1-888-297-9461 (Voice/TTY) or visit www.gcdhh.org/gatedp.

Emergency Preparedness 15

GA DO NOT CALL LIST/ FEDERAL DO NOT CALL REGISTRY

Georgia residential customers who want to reduce the number of unwanted telemarketing calls from telephone solicitors trying to get you to purchase, rent or invest in property, goods or services are encouraged to register with the free Federal Do Not Call Registry.

Consumers are placed on the Georgia Do Not Call List free of charge simply by registering their phone numbers with the Federal Registry. You may register your phone number with the federal list online at www.donotcall.gov or by calling toll-free, 1-888-382-1222, TTY 1-866-290-4236 from the number you wish to register.

While being on the Do Not Call Registry may significantly reduce the number of unwanted solicitations you receive, it will not prevent you from receiving calls from:

- (1) Businesses that have an established relationship with you. An established relationship exists if you have purchased, leased or rented goods or services from the business within 18 months preceding the call, or if you have submitted an application or made an inquiry to the business within three months preceding the call;
- (2) Recognized charitable or religious organizations; or
- (3) Political pollsters or candidates for public office.

Federal law requires telemarketers to search the Registry every 31 days and synchronize their call lists with the phone numbers that are on the Registry. If you receive telemarketing calls after you have registered your telephone number and it has been in the Registry for 31 days, you can file a complaint at DONOTCALL.GOV or by calling 1-888-382-1222, TTY 1-866-290-4236. You will have to know the company's name or phone number to file a "do not call" complaint.

Should you change your phone number, you will have to register the new number.

Know what's below.
Call before you dig.

ALWAYS CALL BEFORE YOU DIG

One free, easy call gets your utility
lines marked AND helps protect you
from injury and expense.

16 General Information

Reduce Your Risk from Natural Hazards

Georgians face a variety of threats to their health and safety from natural hazards such as thunderstorms, lightning, tornadoes, floods, flash floods, hurricanes, heat waves, and winter storms. Fortunately, the impact of these hazards can be significantly reduced through awareness, planning, and preparedness.

Progressive Rural Telephone Cooperative, Incorporated, and the Georgia Emergency Management Agency (GEMA) encourage each family to develop a family disaster plan before disaster strikes. For more information about family disaster plans, contact your local emergency management agency (EMA), the nearest chapter of the American Red Cross, or the National Weather Service. Remember, when severe weather approaches, monitor local radio and TV stations or NOAA weather radio, and follow the safety tips below:

Thunderstorms/Lightning

- Delay outdoor activities.
- If caught outdoors, move quickly indoors or into a hardtop vehicle - avoid convertibles.
- Stay away from trees, sheds, telephone or power lines, metal pipes, or fences.
- If inside, avoid using telephones or other appliances

Tornadoes

- If a **watch** is issued, tornadoes are possible - stay alert and be ready to take immediate cover.
- If a **warning** is issued, a tornado has been sighted or observed on radar - move to shelter, such as a basement or interior hallway, immediately.
- If outside, seek shelter in a safe building, ditch, or low area.
- Evacuate mobile homes immediately.
- Leave vehicles - take shelter in a building, ditch, or low area.

Floods/Flash Floods

- Learn local flood risks.
- During flood, store drinking water in clean bathtubs and other containers.
- Keep supply of food that needs no refrigeration or cooking.
- Do not eat food that has come in contact with flood waters.
- Be aware of downed power lines and other utility disruptions.
- Avoid flooded areas; do not drive on flooded roads; evacuate stalled vehicles in flooded areas.

Hurricanes

- If a **watch** is issued, a hurricane may strike within 24 to 36 hours.
- If a **warning** is issued, a hurricane is expected to strike within 24 hours.
- Have a 3-day supply of non-perishable food and a "disaster kit" with spare clothing, first aid supplies including: prescriptions, flashlights, portable radio, batteries, credit cards, cash.
- Fill vehicle tanks.
- Shutter windows and tie down or bring in lawn furniture, grills etc.
- If local officials recommend evacuation, leave.

Heat Waves

- Slow down; avoid strenuous activity.
- Stay indoors; if air conditioning is not available, stay on the lowest floor, out of the sunshine.
- Wear lightweight, light-colored clothing.
- Drink plenty of water regularly and often. Avoid drinks with alcohol or caffeine.
- Eat small meals and eat more often - avoid high protein foods - they increase metabolic heat.
- Avoid salt tablets, unless doctor advises otherwise.

Winter Storms

- If a **watch** is issued, be alert to changing conditions; avoid unnecessary travel.
- If a **warning** is issued, stay indoors. If you go outside, wear several layers of lightweight clothing, gloves and a hat; cover your mouth to protect your lungs, understand the dangers of wind chill, walk carefully; avoid exertion.

Don't Drink & Drive!

The mission of
Mothers Against Drunk Driving
is to stop drunk driving, support the
victims of this violent crime
and prevent underage drinking.

| | |
|---------------|-----------------|
| 6 feet | 1 fathom |
| 120 fathoms | 1 cable length |
| 5,280 feet | 1 statute mile |
| 6,076.11 feet | 1 nautical mile |

SQUARE MEASURE

| | |
|----------------|------------|
| 144 sq. inches | 1 sq. foot |
| 9 sq. feet | 1 sq. yard |
| 30¼ sq. yards | 1 sq. rod |
| 640 acres | 1 sq. mile |

METRIC EQUIVALENTS

Linear Measure

| | |
|--------------|------------------|
| 1 centimetre | 0.3937 inch |
| 1 inch | 2.54 centimetres |
| 1 foot | 0.3048 metre |
| 1 metre | 39.37 inches |
| 1 metre | 1.0936 yards |
| 1 yard | 0.9144 metre |
| 1 rod | 5.029 metres |
| 1 kilometre | 0.621 mile |
| 1 mile | 1.609 kilometres |

Square Measure

| | |
|------------------|-----------------------|
| 1 sq. centimetre | 0.155 sq. inch |
| 1 sq. inch | 6.452 sq. centimetres |
| 1 sq. foot | 0.0929 sq. metre |
| 1 sq. metre | 1.196 sq. yards |
| 1 sq. yard | 0.8361 sq. metre |
| 1 hectare | 2.47 acres |
| 1 acre | 0.4047 hectare |
| 1 sq. kilometre | 0.386 sq. mile |
| 1 sq. mile | 2.59 sq. kilometres |

Weights

| | |
|---------------|---------------------|
| 1 gram | 0.03527 ounce |
| 1 ounce | 28.35 grams |
| 1 kilogram | 2.2046 kilogram |
| 1 pound | 0.4536 kilogram |
| 1 metric ton | 0.98421 english ton |
| 1 english ton | 1.016 metric tons |

Measure of Volume

| | |
|--------------------|----------------------|
| 1 cubic centimetre | 0.061 cubic inch |
| 1 cubic inch | 16.39 cubic cm. |
| 1 cubic foot | 0.0283 cubic metre |
| 1 cubic metre | 1.308 cubic yards |
| 1 cubic yard | 0.7646 cubic metre |
| 1 litre | 1.0567 quarts liquid |
| 1 quart dry | 1.101 litres |
| 1 quart liquid | 0.9463 litre |
| 1 litre | 1.0567 quarts |
| 1 gallon | 3.78541 litres |
| 1 peck | 8.81 litres |
| 1 hectolitre | 2.8375 bushels |

TEMPERATURE CONVERSIONS

A Fahrenheit degree is smaller than a Celsius (Centigrade) degree, one Fahrenheit degree being 5/9 of a Celsius degree.

To convert Fahrenheit degrees into Celsius, subtract 32, multiply by 5, and divide by 9.

To convert Celsius into Fahrenheit, multiply by 9, divide by 5, and add 32.

The freezing point of water is 32°F., 0°C. The boiling point is 212°F., 100°C.

Representing Progressive Rural Telephone Co-Op

"Small enough to know you,
LARGE enough to serve you"

Progressive Rural Telephone Co-Op., Inc

Our Services Include:

- Excellent Customer Service
- Local Telephone Service
- Fiber Optic Cable Available In Most Areas
- High-Speed Internet/Broadband
- Skitter TV
- Business Telephone Systems (sales and lease plans)

PRTC offers a full range of communication products and services to its Members in Laurens, Dodge, Wilkinson, Bleckley and Wheeler counties. We take pride in being your "Total Communication Provider."

PRTC works hard to provide quality services at the best prices. In addition to offering phone service, we provide Broadband (high-speed Internet) and Skitter TV (cable TV) to some areas. We also provide business telephone systems.

For more information regarding our services, please give us a call at:

478-984-4201

Don't Drink & Drive!

The mission of
Mothers Against Drunk Driving
is to stop drunk driving, support the
victims of this violent crime
and prevent underage drinking.
