**RUNNER'S
WORLD**

Running can not be fully understood and enjoyed by reading through lists and race summaries of who won what and so on. Naturally these summaries are of interest but wouldn't feature articles be better? Like interviews with Arthur Lydiard, Jim Ryun, Ron Hill, Kenneth Cooper, Marty Liquori; technical but easy-to-understand articles on pacing, prep training, general training, running in the heat; like race stories on the Boston marathon, Earth Day marathon; special features on 100-miling, Billy Mills, age-group running, women running, 24-Hour Relay; along with regular features like Medical Advice, Running Highlights, Coming Events, Interviews, Editorial, Worth Repeating. This is what **RUNNER'S WORLD** has to offer. It appears 6 times per year with 48 or more pages per issue. Now shouldn't you be among the nearly 8,500 people who currently subscribe?

STATISTICAL INFORMATION

Two kinds of tabulated best performance lists appear in this handbook. Most important, we feel, are the various BEST PERFORMERS lists for age group girls and boys. Where possible these lists have been carried to twenty, or even thirty deep in order to include many athletes who have achieved worthy performances.

In compiling lists of best performers a number of difficulties arise. Foremost is the difficulty of obtaining accurate information, especially in regards to the age of the athletes. Though it is the aim of the editors to eventually compile best performers lists by age (using the actual birthdate of the competitor as the determining factor), at this point we have decided to compile only age-group lists until such time as more complete information can be obtained.

The other type of list is the BEST BY AGE list, which takes note of the best single performance at each age, as determined by the athlete's birthdate. This type of list is considered by the editors to be inferior in value to the deeper best performers list, but is included at this time to give an idea of the progression of best marks and to emphasize the performances of those athletes who are at the younger end of their age-group. Marks listed in these tabulations are not to be considered as "age records."

The various types of Junior competition are in vastly different stages of development. Furthermore, the available information varies considerably according to the type of program. Therefore a variety of formats, as indicated by the introductions to each list, has been necessitated. For instance, girls age-group lists for 13 and youngers have compiled for nearly ten years but a similar compilation for boys has only recently begun in earnest. There has been little effort to compile age or age-group lists for AAU competition for 14 years and older and athletes. Consequently, no all-time lists have been yet developed for these older competitors.

To different degrees, depending on the list, a number of factors have been considered in compiling the performances:

- 1- Was the performance made under competitive conditions?
- at least three athletes in the event - a regularly scheduled event, rather than a "pick-up" meet or hastily improvised "record attempt";
 - 2- Was the mark made on reasonably standard facilities?
- known surveyed track and field - proper hurdle heights - toe boards in weight events and long jump - regulation jumping pits and crossbar- curbs or flags on track;
 - 3- Was a reasonable effort made to insure accuracy?
- wind gage used - proper measurement in field events - at least three watches on the race - sector marks in weight events;
 - 4- Was the meet reported in such a way as to show information on the factors listed above?
- at least three athletes listed in the event - all events listed- wind, implement weights, hurdle heights and any pertinent information that would help alleviate possibilities of errors.
- Every mark on a list has meaning to every other mark only in so far that it was made under reasonably the same conditions. Therefore it is necessary to consider all the elements mentioned above.

As time goes by, and as more information becomes available, the editors will insist on more accurate and detailed data before including athletes and their performances in such listings. As for the present, the editors welcome corrections and/or additions. When submitting such data, include as much information as possible, especially complete meet results if available.

NOTES:

Abbreviations used in this handbook include: y - distance in yards; m - metric distance; i - indoor mark; p - mark made in pentathlon; h - heat; AAU - Amateur Athletic Union; JO - Junior Olympics; RRCA - Road Runners Club of America; YG - Youth Games. 1971 Performances are designated by athletes names shown in capital letters. Pentathlon scoring for girls is based on "old" (pre 1971) IAAF scoring tables.

Starting Line 1972 Handbook

Foreword

This handbook is the first Junior Age-Group track Annual ever published.

The purpose of this handbook is to serve as a reference and a guide to information on all aspects of organized Track & Field and related sports for young athletes.

The statistical compilations are the work of Calvin Brown, Jim Hanley, Bill Peck and Max Zucker, assisted by Bob Lord and Jack Sheppard.

This Annual was coordinated and assembled by the staff of STARTING LINE, with the invaluable assistance of many contributors throughout the nation.

A special thanks must go to Mark Becker, Ed Bowie, Eli Gagich, Charles Gilliland, Herman Goldberg, John Harwick, Jeff Johnson, Peter Kenney, Dale Knox, Lyle Knudson, George Miller, Gabe Mirkin, Hugo Pruter, Stan Romero and Steve Sutton.

THE BEST OF '71

Selected by the staff of
STARTING LINE

The names of many superb athletes graced the pages of STARTING LINE in 1971. To point out some of the best is an enjoyable but difficult task. The editors have decided to select what we consider to be the outstanding track, field and all-around junior (17 or younger) athletes in each section. These athletes have been selected on the basis of their competitive record, the quality of their performances, and their versatility. Each geographical area has its share of such talent.

In addition, we believe that track is not just for the winners but is a great activity for boys and girls of all ages and abilities. In order to emphasize this point we have also chosen some of the outstanding track & field families and teams, not only because they are good in athletics, but because of the contributions they make to themselves, their communities and the sport by consistently "taking part".

THE EAST

Boys Track - RICK BUCKSTAD (Edison, N.J.) has won the RRCA 14-15 Division X-Country Championships the past two years. On the track he has showed his distance versatility by running a 4:35 mile and setting an age-14 best in the 3000 meter Steeplechase.

Girls Track - KATHIE LAWSON (Keene, N.H.) was the fifth fastest women in the world at 200 meters (23.1) and was ranked thirteenth globally by WOMEN'S TRACK & FIELD WORLD on the basis of her excellent international competitive record in this event. The 17 year-old was the top ranking U.S. Junior at 100 yards too. She outranks the likes of ESTHER STROY (Washington, D.C.) who added to her already extensive international record by placing third in Pan-American Games at Cali, Columbia.

JACK WALL

Boys Field - JACK WALL (Erie, Pa.) at 12 years of age holds practically all age bests in the shot put and discus (regardless of weight) from 7 thru 12. Last year he heaved 145-2 (1kg Discus) and 48-1 $\frac{1}{4}$ (8lb Shot). The strength of this area is further emphasized by the consistency of ALVIN JACKSON (Providence, R.I.) who shattered all U.S. age best for 16 year-olds in both the 12 lb. Hammer Throw (219-9) and 2 kg Discus (155-9) as well as RON SEMKIW (Pittsburgh, Pa.) whose National Junior Olympic Shot Put victory added to his all-time age 14 & 15 bests for 12 lb. Shot.

Girls Field - ALICE PFAFF (Lexington, Mass.) tied the National J0 high jump record (5-4 $\frac{3}{4}$) and was her state high school champ in the long jump as well. Lawson's Liberty AC teammate is a prime candidate for an Olympic berth in the vertical jump.

All-Around - BRIAN MONDSCHHEIN (Havertown, Pa.), the son of a 1948 Olympian in the Decathlon, recorded a solid 6517 score in his dad's event as a high school junior.

Family - GREG FLIPPEN (Riverhead, N.Y.) was the National J0 long jump champ in 1970 with a 25-0 leap and was the second in the same event at the '71 Golden West High School Meet. Sister DEBBIE, 16, threatens to equal that record as she narrowly lost the Junior Olympic long jump title last year, but did win the AAU Junior crown.

Team - It is doubtful that any team in the nation had more youngsters competing in more different types of activities than the MOUNT LEBANON TRACK CLUB of Pennsylvania. This hyper-active group sponsors local and regional Junior Olympic and AAU competition in track & field, cross-country and road runs for age-groupers as well as taking leadership in hosting indoor meet and training camps for young girls and boys.

THE MIDWEST

Boys Track - DAVE MERRICK (New Lenox, Ill.) set all-time age bests for 17 year-olds at two miles (8:49.0) and three-miles (13:38.2) but neighbor CRAIG VIRGIN (Lebanon, Ill.), who ran a marvelous 8:57.4 two-mile at age 15, threatens to exceed Merrick.

Girls Track - AUDREY MAROCCO (Chicago, Ill.) had the nation's fastest series of 12-13 Division sprint times, both wind-aided and legal, and was a top long jumper too.

Boys Field - STEVE SCHERTZER (Upper Sandusky, Ohio) followed up his age 13 high jump best of 6-1 by leaping 6-4 $\frac{1}{4}$ at age 14 and 6-5 after he turned 15.

Girls Field - SUE PARKS (Ypsilanti, Mich.), the youngest member of the U.S. Pan-Am Games and USA vs. USSR teams, qualified for both meets with lifetime best high jumps of 5-7 at age 15. MORANDA LACY (Wichita, Kans.), 17, grabbed a sixth place in the Pan-American meet at Cali, Columbia by long jumping consistently and well.

All-Around - SUE KELLEY (Homewood, Ill.) the nation's fastest 12-13 girl hurdler, is also one of the top ranking shot putters, discus throwers, jumpers and....you name it, she can do it. Naturally Sue is one of the all-time best pentathletes too.

Family & Team - COMMUNITY TRACK CLUB (Columbus, Ohio) is a very new team but has already got a firm basis in terms of talent (ranging from Olympic Champ, Madeline Manning Jackson to the speedy young TALLEY sisters, GINA and LISA) and an understanding of the meaning of sport. Coaches ED and RIDA WHITE set an example for all of us by their attitude of sportsmanship as exemplified by the fact that they voluntarily disqualified their own athletes for cutting the course in the '71 state X-country meet.

THE SOUTH

Boys Track - JON SLAUGHTER (Nashville, Tenn.) was credited with age-13 all-time bests at two, three and six miles, 3000, 5000 and 10000 meters as well as a 4:49.6 in winning the RRCA Postal Mile. He took second in the RRCA 14-15 Cross-Country Meet. Nearly as impressive was 7 year-old MIKE MCKINNEY (Dale City, Va.) who recorded unprecedented times for one so young of 5:29.8/

mile, 2:41.0/880 and 75.0/440. He won the eastern RRCA Postal Mile. Girls Track - NANCY TEFERTILLER (Gainesville, Fla.) tied the nation's best mark for 9 year-olds in the 220 (29.2) and also recorded speedy 6.7, 13.0 and 69.7 times in the other sprints. Even more of a mark was made by RENELDA ENGLAND, 13, (from Houston, Tex.) who not only beat all competition and previous best times for her age in the 440, but won the USTFF Women's Championships in that event in addition.

Boys Field - SHANNON LEROY (Brentwood, Tenn.) took second in the National JO high jump with a superb 6-6, though only 15 at the time. Girls Field - SUZIE SNIDER (Waco, Tex.), 16 year-old high school basketball phenom ranked highly in the girls shot put and discus and found time to win the USTFF Women's high jump championship and place in the javelin throw as well.

All-Around - KATHY DAY (Gainesville, Fla.) at age 12 had the following amazing series of marks during summer meets: 50-6.2; 100-12.1; 440-64.7; 880-2:36.3; 50yd Low Hurdles-7.4; 120yd LH-18.5; high jump-4-8; long jump-15-7; 6 pound shot put-27-4; Discus Throw-77-3 plus an unbelievable (if true) triple jump of 36-8!

Family - The running SHEA's of Raleigh, N.C., namely JULIE and MARK, have to travel hundreds of miles to get any serious competition but rank among the tops for their age at distance running as they have proven in recent RRCA Cross Country Nationals.

Team - The MIAMI JETS, a team which combines numbers and talent, is one the better examples of the growth of age-group teams for boys and girls in southern Florida.

NANCY TEFERTILLER

THE WEST

Boys Track - As an 11 year-old KEVIN KNOX (Wasco, Cal.) heads the all-time list in the 440 (60.7), 880 (2:17.3) and mile with a scintillating 5:00.3. Kevin was also the winner of the RRCA Postal Mile and Cross-Country Championships.

Girls Track - MARY DECKER (Garden Grove, Cal.) was surely the best of a truly great crop of 12-13 distance runners who had stunning marks at races from 880 to marathon. CAROL HUDSON (Albuquerque, N.M.) at age 15 beat nearly all the top U.S. women at 800 meters and looks like an Olympic team prospect. JANETTE WINDLE (Westminster, Cal.) excelled at every track event as a 9 year-old, especially her out-of-sight 64.4 quarter. MABLE FERGERSON (Pomona, Cal.) astonished all by reaching the finals in all three sprints at the Girls AAU Meet, running 9 races (heats & finals) in two days and set a 440 record to boot. She was only 16.

Boys Field - HOWARD BANICH (Arvada, Colo.) set world age-15 bests in the

16 lb. Shot (49-9 $\frac{1}{4}$), 12 lb. Shot (59-3 $\frac{3}{4}$), 1.6 kg Discus (179-7) and 2 kg. Discus (50-0) to overshadow the performance of LARRY JOHNSON (Fresno, Cal.) who long jumped a Bob Beamish 22-0 in the 12-13 (Junior) class in Junior Olympic competition.

All-Around - WENDY KOENIG (Estes Park, Colo.) startled track buffs in everything she tried, from early indoor jumps (5-6, 19-10) to hurdling and middle distances outdoors (including unconfirmed 2:10.5 880) to cross-country (eighth in Girls AAU). Naturally she wasn't bad in the pentathlon, scoring 4167 as a 15 year-old.

Family - Look at the all-time best performance lists and you will see the ASSUMAs (Rialto, Cal.) all over the place. DOREEN, CHUCK, FRANK and MIKE have taken top places in AAU and RRCA competitions and rankings in all sorts of distance events.

Team - DUKE CITY DASHERS (Albuquerque, N.M.) have shown what can be done when the talent at local schools is given a chance for organized competition. DCD swept the three team titles in National Girls AAU Age-Group Cross-Country Meet in 1971 and had several ranking girls and boys in many events in AAU track & field rankings.

KEVIN KNOX

Girls Junior Rankings

by Bill Peck

Following is a ranking of the top ten Junior Girls (born in 1953 or later) in each event for the 1971 season, based not only on the best mark for the year, but also on consistency throughout the season, major honors won and especially on the athlete's performance in the most important meets of the year. These major meets included the Pan-American Trials at Quantico, Va., Strawberry Festival (Garden Grove, Cal), USIFF Championships (Wichita, Kans), "Show Meet" (Champaign, Ill), National AAU Girls and Women's Championships (Bakersfield, Cal), National Junior AAU (Wilmington, Del), the National Junior Olympics (Colorado Springs, Colo) and U.S. Youth Games (Boston, Mass). For a few the season also included the Pan-American Games (Cali, Colombia), USA vs. USSR/World (Berkeley, Cal) and USA vs. Africa Meet at Durham, North Carolina.

100 yard/100 meter DASH

(1) KATHIE LAWSON, 17, won major victories at the Strawberry Festival and Girls AAU to make up for disappointing showing at Champaign, while ill. She led a pack of real speedsters including (2) MAVIS LAING, 17, who was second in the Girls AAU and fourth in the Women's race and was consistently fast after gaining more fame at longer distances in earlier years. (3) PAM GREENE had at least eight times of 10.8y/10.8m or better, was fourth in the "Show Meet" and Girls AAU and eighth in the Women's AAU. Most of the time she was just ahead of her young teammate (4) PAT BENSON, 14, who was fourth in the Girls AAU. (5) MABLE FERGERSON, 16, was only ninth in the Girls AAU - 10 minutes after her 440 victory - but was a close third at Quantico, second at Garden Grove and reached the finals at Champaign. (6) RHONDA McMANUS was the Junior AAU Champ and finished fifth in the Girls AAU race. (7) ROBYN RUSSELL, 17, was sixth in the Girls AAU and a semi-finalist at the Pan-Am Trials. (8) DITRA HENRY, 14, was the National JO winner and was second behind McManus at Wilmington. (9) DEBORAH EDWARDS, 15-16, had fast early season times and took third in the National JO. (10) DIANE GROUT, 14, was third in the USIFF to rank ahead of Youth Games champ, KAREN McDANIEL.

200 meter/220 yard DASH

(1) LAWSON led the greatest collection of young furlong runners in history. She was second to the world's best women at Champaign, Bakersfield and Berkeley plus a close third at Durham, a record which earned her a thirteenth world ranking! An early season fifth at the Pan-Am Trials prevented her from winning a medal at Cali. (2) ESTHER STROY, 17, ranked eighteenth among the world's women on the basis of her third place at the Pan-Am Games, after solid wins at Quantico and Champaign. She finished fifth at Berkeley and only fifth at the Girls AAU, which shows the strength of the competition, but she had two wins over Lawson. (3) MABLE FERGERSON beat Stroy twice was second in the Girls AAU and had solid thirds in the Pan-Am Trials, "Show Meet" and Women's AAU. (4) RHONDA McMANUS was the surprise winner of the Girls AAU, took fourth in the Women's Division and captured the Junior AAU Championship. (5) GREENE, the former internationalist, was a consistent fourth at the Girls AAU and Pan-Am Trials, plus fifth at the Women's AAU and "Show Meet". (6) LAING, defending Girls AAU champ, was only third in '71 and took a sixth at Quantico. (7) BENSON was fifth in the AAU Girls and "Show Meet" plus eighth in the Women's AAU race. (8) RUSSELL was seventh at Bakersfield (Girls), sixth at Champaign, but a close second at Colorado Springs. (9) JILL THOMAS, 17, was fifth in the Women's AAU and a finalist at Champaign. (10) KATHI GUINEY, 17-18, was the surprise National Junior Olympic winner.

400 meter/440 yard DASH

(1) MABLE FERGERSON, sensational winner of both Girls and Women's AAU with world class times, edges (2) ESTHER STROY, the 1968 Olympian, who was second in "Show Meet" and Girls AAU, third at Berkeley and won at Garden Grove. (3) SHEILA INGRAM, 14, went wild in late season, winning at Wilmington, Colorado Springs and Boston in record times after failing to reach the finals at Bakersfield. (4) MAVIS LAING, the former national champ and international star concentrated on shorter sprints but was winner at Champaign and second at Garden Grove, while finishing fourth at Berkeley. (5) CORDELLA INGRAM, 14, former age-group record holder was third in the Girls AAU & second in the Junior AAU. (6) DEBORAH EDWARDS was fifth at Quantico after fast early season times. (7) WENDY KOENIG, 15-16, the versatile runner-up in the National JO, had three sub 56.0 times. (8) RENELDA ENGLAND, 13, the USIFF Women's Champ and impressive age group winner at Bakersfield ranks ahead of (9) DIANNE YOST, 17, fourth in both Girls AAU and National Junior Olympics and (10) consistent CAROL MAYES, 17, fifth placer in Girls AAU meet.

800 meter/880 yard RUN

(1) CAROL HUDSON, 15, impressive winner over Doris Brown and Terry Crawford at Mt SAC Relays, won the Girls AAU decisively placed third in the Women's division and was fifth at the Champaign "Show Meet". (2) KATHY GIBBONS, 16-17, ran longer races most of the time but was sixth at Pan-Am Trials and had a good European tour in the 800m. (3) ANNE GALLAHER, 15, was second in the Girls AAU and was a finalist at Champaign to rank ahead of (4) KIM MILLER, 16-17, who was only fourth in the Girls AAU but grabbed fifth in the Women's section with a lifetime best. (5) LIANE SWEGLE, 17, National JO champ in slow time - at high altitude - was fifth in Girls AAU and fast semi-finalist in Women's Division. (6) SUE PARKS, 15, Pan-Am Games high jumper was third in Girls AAU in this event to lead (7) LINDA WOOTEN, who pushed teammate Miller all year and was sixth in Girls AAU. The remaining slots are filled by (8) TERI ANDERSON, who was second at Kansas Relays in good time, (9) ROBIN EVANS, the USTFF Women's Champ and (10) DEBBIE ROTH, 15-16, Oregon high school champ who concentrated on longer races.

1500 meter/One mile RUN

(1) GIBBONS, the AAU Women's Champ was beaten only by Doris Brown at Champaign and Durham, was sixth at Berkeley and had a good series in Europe to rank ahead of another top-notch (2) EILEEN CLAUGUS, who breezed to an easy record victory in the AAU Girls race after placing a strong third at Champaign. (3) DEBBIE ROTH was fifth in the Women's AAU mile after a successful high school season. (4) BRENDIA WEBB, 16, was a good third in the Girls AAU after capturing sixth at Champaign to rank ahead of (5) DEBRA JOHNSON, 14, who barefooted her way to a solid second place in the Girls AAU after an up-and-down season. The next three ranks are filled by the 4th thru 6th placers, in order, in the Girls AAU mile, namely (6) LYNN LOVAT, 14, of the distance oriented Wolverines Track Club, (7) ROBIN EVANS, diminutive Iowa high schooler and (8) SANDY LANGAN, who was overshadowed by teammate Claugus but had a strong season in her own right. (9) DEBBIE HEALD, 15, whose season was ruined by injury after an impressive early season win in good time at Phoenix ranks ahead of (10) JUDY GRAHAM, 17-18, who ran under 5:00 early, then reached Women's AAU finals after changing age.

80 yard (30 inch)/100 meter (33 inch) HURDLES

(1) BOBBETTE KRUG, 14-15, was unbeaten by her sub-eighteen peers as she swept the AAU Girls and National JO titles and was seventh in the Women's AAU at 100 meters. She had an unconfirmed 13.8 for the longer race. (2) JANET BEDFORD, 16-17, was a close third in the Girls AAU over the low barriers and had speedy 100m times. (3) LORRAINE TUMMINGS, 17, was better at the "highs" with consistently good times and the Junior AAU Championship to her credit, but was fifth in the Girls AAU and a close third in the National JO. (4) MAVIS LAING didn't run in nationals but defeated Jan Glotzer in fast 100 meter race. (5) LAVONNE NEAL was a strong runner-up at Girls AAU to outrank (6) LORNA TINNEY, 17, who consistently challenged teammate Krug all year and was 4th in Girls AAU. (7) CLAUDIA JOHNSON, had sub-par performance at Bakersfield but was runner-up in both Junior AAU (100m) and National JO (80yd), beating Tummings in the latter race. (8) SPIDER BAKER, 15, was consistent at "lows" (fifth in JO, sixth in Girls AAU) and "highs". (9) TERRY WHEELER, 15, was seventh in Girls AAU despite very limited season. (10) WENDY KOENIG, found time from other events to nab fourth in JO.

HIGH JUMP

Many jumpers of nearly equal ability make rating difficult but (1) SUE PARKS is given the nod for her leaps in "pressure" meets, which include a surprise second at Quantico, a victory at Champaign and sixth and seventh, respectively, at the international meets at Berkeley and Cali. Her non-placing effort at Bakersfield was advantageous to (2) DEANNE WILSON, 15-16, who over 5-7 in three meets and was seventh in the Women's AAU after capturing the Girls Championship. (3) SANDI GOLDSBERRY, 15, had good third places at Quantico, Champaign and Women's AAU, was five times over 5-5, but was only fifth at Girls AAU though at same height as winner. (4) SALLY PLIHAL, 17-18, competed in the early season only, placing third at Quantico and Champaign. (5) CONNIE DORSEY, 17, lanky second placer at Girls AAU, was third at JO and sixth at Champaign. (6) DENISE KEMP, 15, Nevada's National JO winner, cleared winning height at Girls AAU but placed only eighth on misses. (7) ALICE PFAFF, 17, was second at Colorado Springs with same height as winner Kemp and took sixth at Quantico. (8) MITZI McMILLIN, 14-15, fourth in Girls AAU and fifth in National JO, was over 5-4 consistently against tough opposition all year. (9) FLORENCE HERBERT was Junior AAU Champ and sixth at Pan-Am Trials as well as Girls AAU. (10) SUZIE SNIDER, 15-16, was the USTFF Women's Champion and had five meets over 5-4.

LONG JUMP

(1) KIM ATTLESEY, 17-18, led a long overdue general improvement in this event as she narrowly missed the Pan-Am Games with a close third in the trials at Quantico, then got better as the season progressed. She was second at Champaign, fourth at Berkeley, copped the Women's AAU and won at Durham, exceeding 20 feet in five meets. (2) DORA LEE ROBERTS, 16, who trounced Attlesey and all-time great Willye White in early season meets and leaped over 20 feet on three occasions (including a questionable 20-7), had her year ruined by a knee injury at Champaign and hobbled to a fourth place at the Girls AAU. (3) MORANDA LACY, 16-17, edged Attlesey for second at Quantico, won the USFFF meet and was sixth at Champaign and Cali, bettering 19-6 at least 5 times. (4) DIANNE KUMMER, 17, started late but was third, then fourth at Bakersfield and won the Junior AAU title. (5) MYRA ALBRECHT, 17, surprise winner of Girls AAU also took seventh in Women's section and had an unconfirmed 19-11 in an all-comers meet. (6) Consistent NORA JOHNSON, 17, was a solid second and fifth, respectively, in Girls and Women's AAU. (7) DEBBIE FLIPPEN, 16, jumped 19-3 twice to take runner-up spots in the National JO and Junior AAU to outrank the narrow victor at Colorado Springs, (8) 15 year-old GAYLENE BARBER. (9) WENDY KOENIG, after a shocking 19-10 $\frac{1}{4}$ in a minor indoor meet, had an erratic outdoor campaign but did manage a fifth in the National JO and other 19 foot jumps. (10) JACKIE TAYLOR, 15, grabbed a fourth at Colorado Springs and third at Wilmington.

SHOT PUT (8 pound/4 kilogram)

(1) DOTTIE BARNES, 17, Oregon high school champ won the Girls AAU by 2 $\frac{1}{2}$ feet before a car accident ended her season. (2) IVA WRIGHT, 16, was runner-up in Girls AAU but annexed the National JO crown. (3) SUZIE SNIDER, Texas high school champ, chased Iva in Girls AAU (third) and National JO (second) but was over 44 feet at least 4 times. (4) URSULA RADFORD, 17, was fourth at Girls AAU and third at Colorado Springs and had an unconfirmed 44-11 $\frac{1}{2}$ mark. (5) KATHY SCHMIDT, 17, former javelinist was over 40 ft. at least six times and took sixth in the Girls AAU. (6) WAYNETTE MITCHELL, 15 year-old Hawaiian took a good fourth at National JO. (7) MELODY ROSE, 16, Girls AAU fifth placer was consistent around 41 feet. (8) YVETTE BROWNLEE, 14, Wright's Fresno teammate was seventh in Girls AAU and had several other 40 foot marks to outrank the 5th and 6th placers at Colorado Springs, (9) MARY LIPELT, 17, from South Dakota and (10) BETTY FEHIKER, 16, from Missouri.

DISCUS THROW

(1) WRIGHT was unchallenged among her peers as she was three times over 150 feet and placed fourth in the Women's AAU after capturing the Girls AAU Title by ten feet. (2) SCHMIDT reportedly over 140 feet in three questionable meets and nabbed second in the Girls AAU. (3) BARNES was a close third in the Girls AAU after early season success in the Northwest, exceeding 134 feet at least four times. (4) SNIDER was runner-up in USTFF Women's Championships and fourth in Girls AAU. (5) DEBRA RIVERA, 13-14, set all-time best for sub-fourteens and had unconfirmed 147 foot throw in all-comers competition but was distant sixth in Girls AAU. (6) BROWNLEE was fifth in Girls AAU, in front of Rivera. (7) DEBBIE NOLAN, 17-18, teammate of Schmidt and Rivera, had several throws in 120-130 foot range. (8) TRACY LUCAS, 17, had good early season throws but tailed off later as did (9) DEBBIE BROWN, 15-16. However, their marks are sufficient to rank them ahead of (10) BONNIE WILLIAMSON, Montanan who was 7th at Girls AAU.

SUZIE SNIDER

JAVELIN THROW

(1) KARIN SMITH, 15, had good early marks and took fifth at Quantico, then had an erratic mid-season but finished strong to take the Girls AAU title. She finished with four meets over 150 feet. (2) CLAUDETTE FABIAN, 17-18, was consistent in the 135-150 range. (3) DENISE SHERRILL, 15, was the Girls AAU runner-up and only close challenger to champ. (4) DEBRA LANGEVAIN, 15-16, climaxed good season to take third in Girls AAU just ahead of (5) SHERRI STRIPLING, who exceeded 130 twice. (6) Versatile KAREN SCHWANTJE, 14, improved to take fifth at Bakersfield and (7) WENDY SORRICK, 17, was only seventh there but captured the Junior AAU title to rank ahead of (8) RITA WALKER, 15, who had several marks around 130 and (9) KAREN ALLENBY, whose late season spurt garnered her sixth at Bakersfield. A number of throwers, such as (10) Wash-

ington State high school champ MARCIA WALTER, had questionable or unconfirmed marks up to 142 feet, but got no chance to prove themselves against the top throwers.

Boys Highlights

by Max Zucker

Although still in its infancy, track and field for age-group boys is showing signs of quick and spirited growth. 1971 was a year where few all-time bests were able to resist the onslaught from so many fine competitors.

In order to review the highlights of the '71 season in an equitable manner, we had to consider the various degree of involvement of the athletes here represented. Many of the youngsters will be familiar to some readers, as they are "seasoned veterans", and have been active in age-group track for some years; they compete in AAU meets and their credentials are impeccable. Some of the other candidates for top honors are not as well known, and have been selected on the basis of their performance in a major meet - the Junior Olympics, for example. Although the talent of the latter is not questioned in any way, greater emphasis is given to the more consistent and experienced athletes.

Boys in the 14-15 Division are not mentioned in this section, as they have been highlighted in the 1971 Best Performers List on page 48 of this handbook.

SPRINTS

9-Under Division

DARYL LAWLER, from Los Angeles, Cal, following in the footsteps of his well known brother, Ken was the most consistent winning performer in this group. His sprint marks are some of the best in his age group and he will be a dangerous opponent in the 10-11 division. SAM PALMER (Bakersfield, Cal) and LANCE FREEMAN from Fresno, Cal, engaged in a torrid battle in Central Cal Jr. Olympics, resulting in the year's best 100 yd effort; both boys were timed in 12.5, 2nd best ever. Moving out from California, a special mention must be given to Texans LANCE BOUDREAUX (6.7 and 13.0) and GREG CALDWELL (12.8), as well as to a trio from Florida, RODNEY McDUFFIE, TODD SUMPTER (unofficial 29.6/220) and KEITH JAMES. Always in contention and one of the all-time best sprinter/jumper in this division, O. J. WADDELL continued his progression in '71 and was just too much for anybody in the Long Jump (see Jumps).

10-11 Division

For all-around top performance and for consistency over the years, MELVIN HOLLAND (Menlo Park, No. Cal) and KENNETH LAWLER (L.A., So. Cal) share the top billing in the sprints. After battling it out all year, Ken ended up slightly ahead of Melvin, but by the smallest of margins. For comparison - Lawler: 6.2/50, 11.5/100, 26.5/220 and 61.3 in the quarter (first time he ever ran this event); Holland: 6.3, 11.6, 26.8 and 62.1. (As will be seen later, Melvin's favorite event is the long jump). Right behind these two boys, and with marks to match, comes JOHN PAPPENHEIM, from Menominee Falls, Wisc. (6.2 and 27.0). The best of the year for a single top performance belongs to BILLY EDWARDS (Denver, Colo) in the 50 yd Dash, breaking the wall in winning his district JO Championships and to TONY HERNDON (Washington, D.C.) hitting the wire in an all-time best of 11.4 in a heat of the 100 of the U.S. Youth Games (he was first in the final as well).

12-13 Division

To select the outstanding sprinter in this division was an easy task - without hesitation, LARRY JOHNSON from Fresno, Cal. Larry was triple winner in the Central Cal. Jr. Olympics, one of the toughest areas, trackwise, in the nation. He is the '71 leader in the 100 and 220, but his greatest moment came in his best event, the long jump (see under Jumps). Five athletes shared the top spot in the 100 with 10.5 clockings, beside Larry: HARLAN HUCKLEBY (Detroit, Mich.), ORBY WINSTON (Friendwood, Texas), ANTHONY DICKERSON (Houston, Tex) and MICHAEL SMITH from Los Angeles, Cal. Emerging as outstanding prospects, were two boys from the New York area, JAMES KANDORN and ANTHONY BRANCATO, the latter having been credited with a best of 10.4/100. In the longer sprint, WAYNE SHILLINGS (Fresno, Cal) had the best time of the year in the 440 (54.2) moving him into second position on the all-time list.

MIDDLE DISTANCE

9-Under Division

Closing out his career in the 9-Under, TODD KNOX (Wasco, Cal) made sure to erase the name of his illustrious brother, Kevin, from the record book. His 2:29.6/880 is far ahead of any other competitor in the nation. One who came the closest was ROGER PHILLIPS an outstanding all-around young athlete from Covina, Cal. The 9-under all-

time best changed hands in the Central Cal. Jr. Olympics (naturally), where LANCE FREEMAN (Fresno) just had enough left to beat another great prospect COLBY CHURCHMAN of Bakersfield (66.3 to 66.7!). Worthy of mention for an excellent season: CRAIG CAPESTANY (Redwood City, Cal) and JOHN MCCARTHY (Yonkers, NY) in the 440; in the 880 RAY EDDY (San Juan, Cal) and two saplings that must be watched in '72 - 8 year-old GENE MIRKIN (Rockville, Md) - 2:38.7/880 and the new sensation, 7 year-old MIKE MCKINNEY from Dale City, Va. (2:41.0/880).

10-11 Division

KEVIN KNOX, possibly the most famous young athlete in age-group competition (two page spread in Sports Illustrated, no less), stood again head-and-shoulder above all in his division. He just missed breaking the 60's in the quarter (60.7) and was all alone in the 880 (2:17.3). His most consistent challengers were members of his own team, the Wasco (Cal.) Wildcats; the all-time best list is loaded with youngsters belonging to this club. To mention a few: Kevin's most persistent friend and rival RANDY WHITE; strong and powerful EDDIE LUJAN; with still one year go go in the 10-11, ROBERT NUNEZ (2:27.5 at age 10), etc., etc. From other parts of the nation: upcoming GARY KARTHAUSER (Lincoln, Neb.) top in the 1971 JO list in the 660 (also 62.0/440), very competitive and far ranging BILL DAVIS from Salinas, Cal. (see all-time list) and the pride of Spokane, Wash., BRUCE CONLEY.

12-13 Division

JIM CROWDER, from Midwest City, Oklahoma, stands out, not only as the best half-miler in the nation in '71, but also as an athlete with tremendous versatility. His range of ability extends from the 880 (2:06) down to the 220 (25.2), as well as the hurdles, whether they be the 70yd or 120yd lows. In the Oklahoma Jr. Olympics he emerged the winner of an interesting double - the 660 (1:33.6) and 70yd low hurdles in a state meet record of 9.2. Jim was also a triple winner in his state USTFF Junior Champ meet (70yd lows, 220 and 440). A youngster to look for in 1972. From other areas, there was STEVE ANDERSON (Rockwood, Oregon), '71 Jr. Olympic 880 leader; KURT SCHUMACHER, multi-talented athlete from Canoga Park, Cal, whose best events are the 440 (55.4) and the 880 (2:11.1) with good jumping ability; ORBY WINSTON, only the fourth 12-13 boy to break 2:10 in the half; and TIM WOLFINBARGER (Ontario, Cal.) an up-and-coming athlete to follow in '72.

LONG DISTANCE

9-Under Division

After competing primarily in Oregon and making a name for himself in local AAU and all-comers meets, LYNN COUCH, from Medford, received national recognition when he emerged the victor in the RRCA Postal Mile Championships, edging out the pre-race favorite TODD KNOX, both boys being timed in 5:27.9. Sports International "wonder-kids" never cease to amaze. The limelight must go to 7 year-old phenom MIKE MCKINNEY, for his breathtaking 5:29.8 mile (!) and a 12:42/two-mile to boot. His teammates have also been remarkably successful - GENE MIRKIN, winner of the 8-9 National RRCA X-Country Meet; CHRIS SHERWIN who was right behind him in the same race; ROBERT RYERSON, 6-7 winner of the RRCA Eastern Postal Mile and X-Country Meets. A special mention to 7 year-old MIKE ASSUMMA, the young brother of the famous twins, overall winner in the National Postal Mile (also new No. 1 in the two-miles/12:37) and to MIKE BOITANO (San Francisco, Cal), marathoner par excellence.

10-11 Division

Although KEVIN KNOX was still No. 1 in the division, the selection for top honor is CHUCK ASSUMMA from Rialto, Cal. The best 10 year-old to ever wear spikes, Chuck was just superb in 1971. His spirited second place finish behind Kevin in the RRCA National Mile (5:07.3) and his incredible 10:51.9 in the two-mile, leaves no doubt about this boy's exceptional talent. Aside from the athletes that have already been mentioned elsewhere in this report (see Middle Distance), the following boys deserve special mention in this bumper crop year of great milers - VINCENT HOGAN (Long Island, NY), JOHN and MIKE SINGER (Saginaw, Mich.), JOHN and TOM NOEL (Greenbelt, Md) and.....take your pick by glancing at the all-time list on page 41.

12-13 Division

JON SLAUGHTER, from Nashville, Tenn., certainly was the best 13 year-old of the year. When running in his age-group, he was unbeatable. Jon traveled a great deal to go where the action was and gained first just about everywhere - the Florida Relays,

RCCA National Mile in Virginia or the X-Country National in New York (running in the 14-15 group, he placed second behind RICK BUCKSTAD - see Best of '71). On the way he collected just about every age best on the all-time list. His 10:11 and 15:38 for the two and three mile are far superior to previously existing marks. TIM RILEY (Spokane, Wash), the brother of former high school great Rick Riley, went ahead of Mark Zmuda (last year's sensation) in the all-time best mile (4:45.1). DAVID CORTEZ (Redwood City, Cal) established himself as the best under-13 marathoner, breaking three hours by a great margin.

JUMPS

9-Under Division

Finishing out his long reign in this division with an all-time best jump of 15-1 $\frac{1}{4}$, O. J. WADDELL from Compton, Cal, has been the outstanding performer in the long jump for the past two years. He has been constantly in the 14-15 foot range all year long and event registered a wind aided jump over 16 feet. Two Californians, CHRIS FOWLER (San Jose) and MARTY MILBURN (Bakersfield) were the best performers in the high jump. Fresno boys were 1-2-3 in the triple jump - LYCE WITTEN, MIKE HUERTA (the only two boys to top 28 feet) and JOHN SHOALS.

10-11 Division

In the west, where good long jumpers abound, MELVIN HOLLAND (Menlo Park, Cal) has been untouchable. A consistent performer in the 16 foot range, Melvin has also been one of the top sprinters. Very versatile, he even dabbles in the Shot (27-11 with 8lb. ball). KIRK MOORE, in winning the Central Cal. JO, flirted with 5 feet in the high jump. Over 34 feet in the triple jump were Californians (again!) JEFF ZIMMERMAN and MIKE CARTER. GREG HANSEN, an all-around fine athlete from Woodland, Wash., was very good in all the jumping events and is the best in his group in the pole vault (8-7 at age 11). Two 10 year-olds worth watching in '72: JOHN LUCKS (Bronx, NY) and MARK CARSON (Milwaukee, Wisc.), a 31-4 triple jumper.

12-13 Division

The greatest under-13 long jumper to ever appear on the age-group scene is LARRY JOHNSON from Fresno, Cal., an athlete truly in a class by himself. Although his birthdate is not available as of now, eliminating him for the moment from the age-list, there is no doubt of his immeasurable - or is it measurable - abilities. In the Junior West Coast Relays, in Fresno, Larry gave first notice of his worth by spanning 21-2 (!), way ahead of everyone. Eyebrows lifted and attention was focused on the Central Cal. JO meet, where he was entered in the sprints and jump. His double win in the sprints was covered elsewhere, but the highlight of the meet was - you guessed it - LARRY JOHNSON, in the long jump, leaping (or is it flying) the mind bending distance of 22 feet 1 inch (!!!) and everything else is literature. In the high jump, last year's standout in the 10-11 group, JEFFREY JONES was the leader in this division at age 12. Leading in the triple jump were DAVE KNIGHT (Fresno) and BRIAN BAUMERT from Howells, Nebraska.

WEIGHTS

10-11 Division

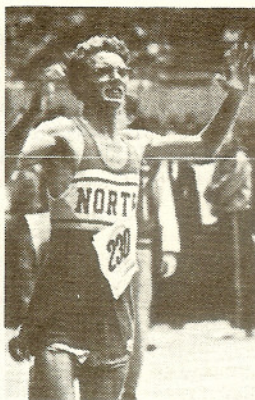

A newcomer on the age-group circuit stole the show in the 6 lb. shot. In his first complete season in organized track, MIKE AGUILAR, from Whittier, Cal., achieved the distinction of breaking the national best in that event. Mike, a complete athlete, has also been a dangerous competitor in the quarter-mile, where he has a personal best of 63.1 - not bad for a Shot Putter. STEVE WALL (Erie, Pa.), one of the famous WALL brothers, is continuing his steady progression in the Javelin. This discipline is not often contested at so young an age, and Steve owns every age best in that event since the tender age of 7. Very close to Aguilar is DESMOND QUON from Covina, Cal., who also threw the 6 pounder over last year's all-time shot put standard. Outstanding in their geographical area were: GARY STRODA (Kansas), BLAIR CLINTON in Florida and CHRIS FRIDAY & MARK RADFORD from Woodland, Washington.

12-13 Division

With the 8 lb. shot CLYDE HEARRON (Monroe, Texas) and KENT KAYHILL (Topeka, Kansas) went over 55 feet in JO competition. 12 year-old JACK WALL, from Erie, Pa., who holds most of the age bests with the 6 and 8 lb. shots (and every one in the Discus) is already closing in on the top in age group, throwing the 8 pounder 48-1 $\frac{1}{4}$. Other outstanding putters of the 1971 season were LELAND NELSON from Kansas, LARRY MOSS of Nevada, MIKE DANDO from Nebraska and ROBIN HARVEY of Albuquerque, New Mexico.

Girls Best Performers List

13-UNDER GIRLS ALL-TIME BEST PERFORMERS

Compiled
by CALVIN BROWN

This is an extensive list of the all-time performers in track and field events for young girls 13 years and under of age. The marks included in that list have been taken mostly from the results - outdoor and indoor (i) - of AAU meets and official AAU age group lists. Such performances have been assumed to be valid unless known to be otherwise. Marks known to be wind aided have been omitted. Those in which no precise wind information was available have been included in that list. I am most interested in receiving much more complete data on wind, or lack of it, in the Sprints, Hurdles, and the Long Jump. FUTURE LISTS MAY EXCLUDE MARKS THAT ARE NOT COMPLETE. Accurate data is difficult to obtain and more information is needed from all parts of the country. If you have any information that would make this list more complete, please send all additions corrections etc..to:

CALVIN L. BROWN, 20119 S. Hillford Ave., Carson, Cal 90745 (213) 636-3437

Information included (from left to right):
1. Time or Distance; 2. Name of Athlete; 3. Hometown of Athlete; 4. Birthdate of Athlete; 5. Year of Performance.

1971 GIRLS BEST PERFORMERS LIST (14-17)

Compiled
by BILL PECK

The following Girls junior list includes the best known valid outdoor performance of any athlete born in 1953 or later. Information was taken only from complete results of School, Youth Games, International, Junior Olympic and mostly AAU competition anytime during the calendar year 1971. Many performances in which information as to age or conditions of competition were unavailable, were omitted from this list.

All of the aspects listed on page 4 of this handbook have been considered in determining the validity of the marks; performances known to have been made under illegal conditions or in which there are two or more questionable aspects have been omitted.

The compiler wishes to thank those who submitted additional information to the Best Performers Lists that have appeared in STARTING LINE during the year.

DIRECTORY

In order to help in the establishment of better communication between those involved in age-group Track, we list below many of the AAU, School, Recreation and other teams which compete in boys and/or girls track and field, long distance running or race walking. Teams which compete only in organized interscholastic athletics (boys and girls high school teams, for example) are not included.

This is by no means a complete listing. We are anxious to learn of changes and, especially, new teams or clubs. For any corrections or additions (which will be published periodically in the magazine), please notify STARTING LINE, P.O. Box 878, Reseda, California 91335.

Boys Best Performers List

13-UNDER BOYS ALL-TIME BEST PERFORMERS

Compiled
by MAX ZUCKER

This list represents the compilation of the best known All-Time performances of athletes in the 13 and under age groups. The marks were transcribed from AAU, Jr.Olympic, Youth Games, RRCA and a few Jr.HS meets. The 1971 marks have been documented by complete meet results. Some of the pre- '71 marks, although not as complete as I would wish them to be, have met certain prerequisites warranting their insertion in this list. All performances known to have been made under questionable conditions have been omitted. Marks known to have been wind aided and the 1971 marks were results were not available have equally been left out.

I would greatly appreciate any information that would complement or negate the performances contained in this list. Additional marks will be gladly accepted if they follow our guidelines -as expressed on page 4 of this handbook. Periodically, STARTING LINE will publish the changes that have taken place in this list.

Please address all information regarding the 13 and under age groups to STARTING LINE, c/o Max Zucker, P.O. Box 878, Reseda, California 91335.

1971 BOYS BEST PERFORMERS LIST (14-15)

The following Boys "14-15 Age-Group" List includes only athletes born in 1955, 56 or 1957. Inasmuch as this is probably a first of its kind, information has been difficult to obtain. Some of the marks made in Junior Olympic or High School competition have not been verified by complete meet results, but have been included to give a better measure of the best marks for this age group. The editors wish to thank BOB LORD and JACK SHEPPARD for their efforts in helping to compile this initial list. Information (from left to right) includes the following: 1. Time or Distance; 2. Athletes name and hometown; 3. Date or performance.

(NOTE: athletes marked with asterisk are known to be under 15 at time of performance)

BOYS ALL-TIME RACE WALKING LIST

Compiled by JIM HANLEY

Following is our initial all-time age group Race Walking list. As far as we know, this is the first such list ever compiled. The marks included in that list came from National Age Group and Junior Olympic compilations, AAU handbooks, STARTING LINE's Postal Competition, the OHIO RACE WALKER Magazine and the results of other meets that were sent to us. Very few correspondents included birthdates with the results, therefore the list has been set up by age-groups rather than age. To solve this next year, we hope to compile a master list of birthdates for all walkers in the U.S. Race Walking marks for Girls were omitted from this list as there was not sufficient information to make it possible. However, a partial listing of Race Walking marks have been included in the Girls 14-17 list. Any information that would complement this list is highly welcomed. Please send all material related to Race Walking to: STARTING LINE c/o JIM HANLEY, P.O. Box 878, Reseda, California 91335.

11. PENTATHLON consists of 50 yard Hurdles, 6 pound Shot, High Jump, Long Jump and 200 meter Dash.
12. DECATHLON consists of (First Day) 100m Dash, Long Jump, 12 lb Shot Put, High Jump, 400m Dash & (Second Day) 120yd Hurdles (39"), Discus (1.6kg), Pole Vault, Javelin, 1500m Run.

Some of the major points of information concerning age group track are listed below:

1. Age-Groups. There is some variation in age groups among different organizations. AAU Girls have only 14 thru 17 rather than 14-15, 16-17. Road Runners Club of America add a 6-7 division for both boys and girls. Youth Games age groups are 9-11, 12-13 and 14-15. Junior Champ age groups consist of 6 & Under, 7-8, 9-10, 11-12, 13-14 for both boys and girls. Other organizations have age groups corresponding to grade in school or use the actual grade for determining groups for competition. Events for each age group vary.
2. Determining Age. For Junior Olympic competition the athlete's age group is determined by his or her age as of May 1st. For AAU competition the athlete's age group is usually determined by the birthdate of the athlete; a young boy or girl moves in to a new age group on the day he or she turns 10, 12, 14, etc. Youth Games set the age groups according to the age at the time of the United States Youth Games final meet.
3. Registration. Some organizations require an athlete to be previously registered before competing. The registration for AAU, as an example, consists of filling out an application affirming, among other things, that the athlete is not using sports for monetary gain. Proof of birthdate and a registration fee is also required. Junior Olympic competitors, at the district association level or higher, must also be registered with the AAU.
4. Event Limitations. Most organizations have limitations on the number of events an athlete may enter in any one meet. These limitations vary from age group to age group. For example, in Junior Olympic competition, no athlete may participate in more than three events including relays. In 9 & Under and 10-11 divisions, no athlete may compete in more than one race of 440 yards or longer (including relay legs). In the 12-13 divisions, competitors may compete in two 440 yard events or one 880 event, but not both. Similar limitations exist in AAU, Youth Games and other types of competition.
5. Running in Lanes. All races shorter than 180 yards (including hurdle races) are run entirely on the straightaway and each runner must stay in his assigned lane during the race. Most 220 yard/200 meter races are run around one turn, entirely in lanes, with "staggered" starting lines. 440 yard/400 meter races are usually run around two turns in lanes all the way, with "staggered" starts. Longer races are run from "scratch". That is, runners may break for the inside of the track whenever they are clear of the runners inside of them and don't impede their progress by "cutting in". However, many races 880 yards and longer are run with 220 yard "staggered" starts around one turn, after which the runners may break for the inside "pole", helping to prevent overcrowding and unnecessary jostling on the first turn.
6. Hurdle Races. In hurdle races, the height of the hurdles, length of run to the first hurdle, distance between hurdles and distance from last hurdle to finish line is always specified in the rules and should be noted when reporting results.
7. Relay Races. A "passing zone" of 22 yards is almost universally used. The exchange of the relay baton between runners must take place within this zone. An additional "run-up" zone, which is used by the outgoing runner in order to get a running start before he enters the passing zone, is allowed. This additional zone may not be used for completing the baton exchange, however.
8. Race Walking. This activity is defined as a progression so taken that unbroken contact with the ground is maintained. The advancing foot must contact the ground before the rear foot leaves the ground. During each step when a foot is on the ground, the leg shall be straightened (not bent at the knee) for at least one moment.
9. Jumping Events. Running long jump specifications require a take-off board of 200 millimeters (7.874 inches) in width and a landing area (sand) which is level with the take off board. High jump and pole vault rules require a measurement of the jump from a point level with the take-off point on the ground to the lowest point of the top of the crossbar, which was set before the jump was attempted. Measurements must be made with tape or other measuring device; heights taken from numerals inscribed on the jumping standards lack validity.
10. Weight Events. Rules for all weight events (Shot Put, Discus Throw, Javelin Throw, e.g.) require restraining toe boards and marked throwing sectors. The athlete must stay behind, and not touch the top of, the toe board during, and immediately after, the throw. In addition, the shot and discus require a permanent circular ring from the athlete must take his attempt. The Shot ring has a diameter of 7 feet (2.135 meters) and the Discus ring requires a diameter of 8'2 $\frac{1}{2}$ " (2.5 meters). The athlete must stay within the circles at all times during the effort. In all weight events implements must be made to land within the designated throwing sector.
11. Multi-events. For the Decathlon, Pentathlon and Triathlon official scoring tables of the International Amateur Athletic Federation (IAAF) are used. These tables list point scores for nearly every conceivable time or distance in a great variety of events. Field events are shown in metric distances so it is advisable to have a metric conversion table (showing feet and inch equivalents to metric distances) when scoring these events. Both the IAAF Scoring Table and Metric Conversion Table can be purchased from a variety of sources such as TRACK & FIELD NEWS and the Amateur Athletic Union National Office (see advertisements elsewhere in this handbook). Decathlons and sometimes Pentathlons are contested over a two day period.
12. Rules. The best source for detailed rules and regulations for each event is the Official AAU Handbook, which can be obtained from the National AAU Office (see ad in this handbook).

MAJOR MEETS OF '71

The meets presented in this section are all National in scope. This selection from the 1971 Track season represents a good sampling of the best programs existing at the age-group level.

RRC of America National Postal Mile

Falls Church, Virginia and Bakersfield, California - June 5, 1971

This initial effort by the Road Runners of America was contested at opposite ends of the country. An eastern section was held at Falls Church, Virginia and a western section at Bakersfield, Cal. About 400 athletes from eleven states and the District of Columbia took part in the competition. The highlights of this meet were the hotly contested races in the 9-Under and 14-15 divisions - the success of the CAMPBELL sisters (2 firsts and a second) - the emergence of the two Mikes - ASSUMMA and MCKINNEY, and the mastery, in their group of KEVIN KNOX and JON SLAUGHTER.

AAU Girls (14-17) National Championships

Bakersfield, California - July 6 and 7, 1971 -

This meet is open to AAU registered athletes, and is held in conjunction with the National Women AAU Championships. Warm evening and springy tartan track helped sprinter KATHY LAWSON and miler EILEEN CLAUGUS to impressive National Record wins. "Iron woman" MABEL FERGERSON reached the finals in all three sprints, setting a N.R. in the quarter. The sprints were world class with most of the placers already internationalists. A sure sign of the future of women's track in the U.S.

Girls National Age-Group (under 14) Meet

Bakersfield, California - July 8, 1971

JANETTE
WINDLE

PAM
SECCHIARI

For the second straight year, this "unofficial" National Championship meet for Girls under the age of 14 was held the day following the 14-17 Nationals. Quarter milers stole the show with RENALDA ENGLAND and JANETTE WINDLE speeding to all-time Age Bests. Janette was also a triple winner! Very impressive wins were recorded by JOHANNA DEYOUNG and Eastern distance runners ROBIN CAMPBELL and ROBIN PERRY. This age-group meet is very popular, as it drew more spectators in one day than the other four days of the Girls and Women's competition combined.

National Junior Olympic Championships

Colorado Springs, Colorado - August 12, 1971 -

Finalists from 37 different states took part in the AAU-Quaker Oats sponsored meet at the 7200 altitude of the U.S. Air Force Academy. This meet, open to registered AAU athletes 14 to 17 years of age (as of May 1), is the culmination of over 50 District Associations and 13 Regional meets. This program began (on the local level) in 1959.

This was the fifth year in which National Champions have been determined on a direct competitive basis, with a National Championship meet.

RRCA National Cross Country Championships

Bronx, New York - November 7, 1971 -

1282 athletes competed at Van Cortland Park, in the second Annual "National" Championships. Most of the runners came from the eastern states. However, competitors also came from Tennessee, Kentucky, N. Carolina, Florida as well as from California. Among the many fine performances, RICK BUCKSTAD defeated JON SLAUGHTER in the top match of the day, KEVIN KNOX came all the way from California to win in record time and runners from the vicinity of Washington and Philadelphia copped most of the top prizes. The organization was the very best.

TRACK & FIELD NEWS

TRACK AND FIELD NEWS, the popular bible of the sport for 24 years, brings you news and features 18 times a year, including twice a month during February-July peak season.

THE EXCITING NEWS of the track scene comes to you as it happens with in-depth coverage of the up-coming 1972 Olympic year.

A WEALTH OF HUMAN INTEREST FEATURES involving your favorite track figures will be found in each issue: This gives you a close look at those who are making the news: how they do it and why, their reactions, comments, and feelings.

DOZENS OF ACTION PHOTOS are contained in each copy, recapturing the thrills of competition and taking you closer still to the happenings on the track.

STATISTICAL STUDIES, U.S. AND WORLD LISTS AND RANKINGS, articles on technique and training, quotable quotes, special columns, and much more lively reading complement the news and the personality and opinion pieces to give the fan more information and material of interest than he'll find anywhere else.

THE COMPREHENSIVE COVERAGE of men's track extends from the preps to the Olympics, indoor and outdoor events, cross country, U.S. and foreign, and other special areas. You'll get all the major news of your favorite sport. Only \$7.00 for one year (18 issues).

We also offer track books, films, tours, pins, and other merchandise. Write for our free Track & Field Market Place catalog.
