Product Description

Here's everything you need to give a great presentation — right down to the presentation itself. The Kensington Wireless Presenter with Laser Pointer and Memory features a dongle with 4 GB of built-in memory. The wireless presenter can store hundreds of presentations and it feels great in the palm of your hand. The 2.4GHz wireless receiver has a range of up to 30 feet, and with Plug & Play installation you can get right to your presentation without the need for special software or drivers.

Features

- Easy-to-use 4-button controls
- Professional high gloss black finish
- PC and Mac® compatible
- Built-in laser pointer helps you highlight key points
- 2.4GHz wireless receiver for long-range use up to 30ft
- 4GB built-in memory to store your presentations
- Plug & Play operation
- USB wireless receiver stores inside
- Includes 2 AAA batteries and low-battery indicator
- USB receiver deactivates battery when inserted into presenter for storage preventing accidental battery drain
- Battery indicator light warns when battery power is low
