# HP Designjet Printers— Driving innovation in large-format printing for more than 30 years

For over three decades, HP has been in the business of providing innovation—transforming the way design professionals in Architecture, Engineering, Construction, Geospatial and Graphics markets operate.

It all began in the late 1970s with HP's first pen plotter—and what's now become the industry-standard HP-GL Graphic Language. In the early 1990s, HP invented inkjet technology which was deployed to Designjet printers—making large-format printing in black-and-white easy, fast and affordable. In that same decade, HP Designjet printers introduced color, higher printing speeds, and the ability to print high-resolution images and complex files in large-format—helping portray information in architectural drawings more reliably than ever.

In the new millennium, Designjet printers brought faster printing speeds and light-resistant UV inks, allowing Print Service Providers and Graphic Designers to create applications for both indoor and outdoor use. Photographers also adopted HP large-format printing to replace silver halide—demonstrating that HP Designjet printers deliver superior image quality with prints lasting up to 200 years.

In 2010, with the rise of mobility and globalization, HP launched the first generation of Designjet ePrinters with web-connectivity features—and the first multifunction large-format ePrinter that offered copying, scanning and printing capabilities in a single device. Using HP Designjet ePrint & Share, AEC professionals are able to access, view and print projects wherever work takes them.<sup>1</sup>

Today, more than three million HP Designjet printers have shipped to locations around the world, making Designjet the leader in the market with the widest range of large-format printers for design professionals, whether they're in single- or multi-user environments.

Continuous innovation and established leadership in the large-format printing industry requires rigorous R&D and manufacturing processes, strong commitment to industry standards and constant forward thinking, as well as regularly gathering customer insights to help improve products and introduce new innovations.

That's why HP Designjet is looking to the future—leveraging the cloud to find new ways to help design professionals do their jobs more effectively in a world that is becoming more digital, more mobile and more social every day... but where paper remains the backbone of their workflows.

**For more information, visit**  
[hp.com/go/Designjet](http://hp.com/go/Designjet)

<sup>1</sup> Requires an HP Designjet ePrint & Share account, Internet connection to the printer and connected Internet-capable device. When using the HP Designjet ePrint & Share mobile app, a compatible Apple® iOS or Android™ device and Internet connection are required. Data or connection charges may apply. Print times may vary. 5 GB of temporary storage per account. For more information, visit [hp.com/go/eprintandshare](http://hp.com/go/eprintandshare).

# Choose a printer depending on the type of application

Whether you're printing large-format CAD drawings, maps, renderings, presentations, event graphics or fine art prints, HP Designjet printers can make it happen. The chart below identifies the application range for each HP Designjet printer, so it's easy to identify the printer that best fits your needs.

		Line drawings (color and black-and- white)	Maps and Orthophotos	Renderings, posters and presentations	Retail POP/POS	Exhibition and event graphics	Professional photography and digital fine art

# Production

For large workgroups and departments, print service providers, reprographic firms and quick printers who want to print anything from simple CAD drawings to complex color documents with high speed and outstanding image quality.

## HP Designjet T3500 Production eMFP

The most productive large-format color MFP<sup>1</sup>—prints up to size E/A0

<b>Printer size:</b>	36 inch (910 mm)																					
<b>PostScript® available:</b>	✓ (with PostScript Upgrade Kit)																					
<b>Print resolution:</b>	Up to 2400 x 1200 optimized dpi																					
<b>Print speed line drawings<sup>2</sup>:</b>	21 sec/page on A1/D, 120 A1/D prints per hour																					
<b>Memory:</b>	Intel® Core™ i5M-260 processor, 128 GB (virtual) <sup>3</sup> , 500 GB hard disk (AES-256 encrypted, FIPS 140-2 Level 2 certified)																					
<b>Connectivity:</b>	<p><b>Interfaces (standard):</b> High-Speed USB 2.0 certified host connector, Gigabit Ethernet (1000Base-T), supporting the following standards: TCP/IP, BootP/DHCP (IPv4 only), DHCPv6, TFTP (IPv4 only), SNMP (v1, v2c, v3), Apple Bonjour Compatible, FTP, WS Discovery, Embedded Web Server (HTTP, HTTPS), IPsec, SMTP (e-mail), Raw IP printing (9100, 9101, 9102), LPD, IPP, WS print, NTLM, NTLM v2, SSL/TLS, 802.1X authentication (WEP, WPA, WPA2, LEAP, PEAP, EAP-TLS)</p> <p><b>Print languages (standard):</b> HP-GL/2, HP-RTL, TIFF, JPEG, CALS G4, HP PCL 3 GUI</p> <p><b>Drivers (included):</b> HP-GL/2, HP-RTL drivers for Windows®; HP PCL 3 GUI driver for Mac OS X; PostScript Windows and Mac drivers with optional PostScript/PDF Upgrade Kit. Compatible with HP Designjet Universal Print Driver for HP-GL/2 and HP Designjet PostScript Upgrade Kit</p>																					
<b>Web connectivity:</b>	✓																					
<b>Wi-Fi certification<sup>4</sup>:</b>	—																					
<b>Media handling:</b>	<p><b>Input:</b> Two automatic front-loading roll feeds; smart roll switching; rolls up to 200 m (650 ft) each; sheet feed</p> <p><b>Output:</b> Integrated output stacker (from A4/A to A0/E, with up to 100 A1/D-size capacity); basket; automatic cutter</p> <p><b>Scanner:</b> Straight-through scan paper path for sheet and cardboard originals</p>																					
<b>Ink types and drop size:</b>	<p>Dye-based (C, G, M, pK, Y); pigment-based (mK)</p> <p>6 pl (C, M, Y, G, pK); 9 pl (mK)</p>																					
<b>Recommended HP large-format printing materials:</b>	<table border="1"> <tr> <td>C1861A</td> <td>HP Bright White Inkjet Paper (FSC® certified)<sup>5</sup></td> <td>914 mm x 45.7 m (36 in x 150 ft)</td> </tr> <tr> <td>C6020B</td> <td>HP Coated Paper (PEFC™ certified)<sup>6</sup></td> <td>914 mm x 45.7 m (36 in x 150 ft)</td> </tr> <tr> <td>C6030C</td> <td>HP Heavyweight Coated Paper (PEFC™ certified)<sup>6</sup></td> <td>914 mm x 30.5 m (36 in x 100 ft)</td> </tr> <tr> <td>Q1421B</td> <td>HP Universal Satin Photo Paper</td> <td>914 mm x 30.5 m (36 in x 100 ft)</td> </tr> <tr> <td>Q8751A</td> <td>HP Universal Bond Paper</td> <td>914 mm x 175 m (36 in x 574 ft)</td> </tr> </table>	C1861A	HP Bright White Inkjet Paper (FSC® certified) <sup>5</sup>	914 mm x 45.7 m (36 in x 150 ft)	C6020B	HP Coated Paper (PEFC™ certified) <sup>6</sup>	914 mm x 45.7 m (36 in x 150 ft)	C6030C	HP Heavyweight Coated Paper (PEFC™ certified) <sup>6</sup>	914 mm x 30.5 m (36 in x 100 ft)	Q1421B	HP Universal Satin Photo Paper	914 mm x 30.5 m (36 in x 100 ft)	Q8751A	HP Universal Bond Paper	914 mm x 175 m (36 in x 574 ft)

<sup>1</sup> Compared with large-format color MFPs under \$25,000 USD. Based on the fastest-rated color speeds as published by manufacturers as of January 2014. Test methods vary.

<sup>2</sup> Mechanical printing time. Printed in Fast mode, using HP Bright White Inkjet Paper (Bond) and Original HP inks.

<sup>3</sup> Based on 2.5 GB RAM.

<sup>4</sup> Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections.

<sup>5</sup> BMG trademark license code FSC®-C115319, see [fsc.org](http://fsc.org); HP trademark license code FSC®-C017543, see [fsc.org](http://fsc.org); BMG trademark license code PEFC™/29-31-261, see [pefc.org](http://pefc.org); HP trademark license code PEFC™/29-31-198, see [pefc.org](http://pefc.org). Not all FSC®- or PEFC™-certified products are available in all regions.

<sup>6</sup> Can be recycled through commonly available recycling programs.

<sup>7</sup> 90-day Limited Hardware Warranty.

<sup>8</sup> 3-year Limited Hardware Warranty.

<sup>9</sup> Defective Media Retention keeps your sensitive data safe. To comply with security regulations, you can keep the defective hard-drive or data-retentive memory component while getting a new replacement disk or memory.

<sup>10</sup> Trade Agreements Act compliant.

# HP Designjet T7200 Production Printer

Proven color production solution with low cost of ownership

<b>Printer size:</b>	42 inch (1067 mm)
<b>PostScript available:</b>	✔ (with PostScript Upgrade Kit)
<b>Print resolution:</b>	Up to 2400 x 1200 optimized dpi
<b>Print speed line drawings<sup>1</sup>:</b>	15.5 sec/page on A1/D, 165 A1/D prints per hour
<b>Print speed color images<sup>2</sup>:</b>	Up to: 17.5 sec/page on A1/D or up to 117.5 m <sup>2</sup> /hr (1265 ft <sup>2</sup> /hr) on coated media
<b>Memory:</b>	64 GB (virtual) <sup>3</sup> , 320 GB hard disk
<b>Connectivity:</b>	<b>Interfaces (standard):</b> Gigabit Ethernet (1000Base-T), EIO Jetdirect accessory slot <b>Print languages (standard):</b> HP-GL/2, HP-RTL, CALS G4 <b>Drivers (included):</b> HP-GL/2, HP-RTL drivers for Windows; PostScript Windows and Mac OS X drivers with optional PostScript Upgrade Kit. Compatible with HP Designjet Universal Print Driver for HP-GL/2 and HP Designjet Universal Print Driver for PS (with PostScript Upgrade Kit)
<b>Web connectivity:</b>	—
<b>Wi-Fi certification<sup>4</sup>:</b>	—
<b>Media handling:</b>	<b>Input:</b> Two roll feeds (upgradeable to three), automatic roll switching, rolls up to 200 m (650 ft) each <b>Output:</b> Automatic cutter, media bin, spindle-less media loading

<sup>1</sup> Compared with large-format inkjet printers under \$25,000 USD for graphic applications. Based on the fastest rated color speeds as published by manufacturers as of October 2013. Test methods vary.  
<sup>2</sup> Mechanical printing time. Printed in Fast mode with HP Vivid Photo Inks.  
<sup>3</sup> ICC absolute colorimetric accuracy on HP Premium Instant Dry Photo Paper with Original HP inks.  
<sup>4</sup> Based on 1 GB RAM. Expandable to 1.5 GB RAM through a Designjet qualified SODIMM included only in the optional HP Designjet PostScript/PDF Upgrade Kit accessory.  
<sup>5</sup> FSC® trademark license code FSC®-C017543, see [fsc.org](http://fsc.org). Not all FSC®-certified product is available in all regions.  
<sup>6</sup> Recyclable in consumer collection systems that can accept mixed paper (may not be recyclable in your area).  
<sup>7</sup> HP Large-Format Media take-back program availability varies. Recycling program may not exist in your area. See [hp.com/recycle](http://hp.com/recycle) for details.  
<sup>8</sup> Only in selected U.S. channels.  
<sup>9</sup> Defective Media Retention keeps your sensitive data safe. To comply with security regulations, you can keep the defective hard-drive or data-retentive memory component while getting a new replacement disk or memory.  
<sup>10</sup> Trade Agreements Act compliant.

## HP Designjet Z6600 Production Printer

The fastest 60-inch graphics production printer with efficient operation<sup>1</sup>

<b>Printer size:</b>	60 inch (1523 mm)																																						
<b>PostScript available:</b>	✓ (with PostScript Upgrade Kit)																																						
<b>Maximum print speed<sup>2</sup>:</b>	1500 ft <sup>2</sup> /hr on plain media

# Office—CAD and GIS

For individual or multiuser environments, HP Designjet printers help streamline your printer workflow with features like automatic media-roll alignment and an integrated output stacking tray that delivers flat, collated prints. Also, scan and share with simplicity, complete work efficiently with true print previews and quickly produce a range of high-quality applications—from black-and-white CAD drawings to color presentations.

Print when you want, the way you want with the HP Designjet technology. HP offers the industry’s widest range of large-format printers for design professionals.

## HP Designjet T2500 eMultifunction Printer series

Newly designed, two-roll, web-connected ePrinter with scan and copy capabilities

Medium to large workgroup

<b>Printer size:</b>	36 inch (910 mm)
<b>PostScript available:</b>	✓
<b>Print resolution:</b>	Up to 2400 x 1200 optimized dpi
<b>Scan/Copy resolution:</b>	Up to 600 dpi
<b>Print speed line drawings<sup>1</sup>:</b>	21 sec/page on A1/D, 120 A1/D prints per hour
<b>Scan speed:</b>	<b>Color:</b> up to 3.81 cm/sec (1.5 in/sec) <b>Grayscale:</b> up to 11.43 cm/sec (4.5 in/sec)
<b>Memory:</b>	128 GB (virtual) <sup>2</sup> , 320 GB hard disk
<b>Connectivity<sup>3</sup>:</b>	<b>Interfaces (standard):</b> Gigabit Ethernet (1000 Base-T) <b>Print languages (standard):</b> Basic eMultifunction Printer: HP-GL/2, HP-RTL, TIFF, JPEG, CALS G4, HP PCL 3 GUI, URF; PostScript eMultifunction Printer: Adobe PostScript 3, Adobe PDF 1.7 Extension Level 3, HP-GL/2, HP-RTL, TIFF, JPEG, CALS G4, HP PCL 3 GUI, URF <b>Drivers (included):</b> HP-GL/2, HP-RTL drivers for Windows; HP PCL 3 GUI driver for Mac OS X; PostScript Windows, Linux and Mac drivers <sup>4</sup>
<b>Printing paths:</b>	Printer driver, HP Designjet ePrint & Share, HP Embedded Web Server, HP Instant Printing, direct printing from USB flash drive, email printing
<b>Web connectivity:</b>	✓
<b>Wi-Fi certification<sup>5</sup>:</b>	—
<b>Media handling:</b>	<b>Input:</b> Two automatic front-loading roll feeds, smart roll switching, sheet feed <b>Output:</b> Integrated output stacking tray (from A4/A to A0/E, with up to 50 A1/D-size capacity), media bin, automatic cutter <b>Scanner:</b> Straight-through scan paper path for sheet and cardboard originals

<sup>1</sup> Mechanical printing time. Printed in Fast mode, using HP Bright White Inkjet Paper (Bond) and Original HP inks.

<sup>2</sup> Based on 1.5 GB RAM.

<sup>3</sup> Includes an embedded Jetdirect print server.

<sup>4</sup> Included with PostScript printers only.

<sup>5</sup> Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections.

<sup>6</sup> FSC® trademark license code FSC®-C017543, see [fsc.org](http://fsc.org). PEFC™ trademark license code PEFC™/29-31-198, see [pefc.org](http://pefc.org). Not all FSC®- or PEFC™-certified products are available in all regions.

<sup>7</sup> Recyclable through commonly available recycling programs.

<sup>8</sup> Requires an HP Designjet ePrint & Share account, Internet connection to the printer, and connected Internet-capable device. When using the HP Designjet ePrint & Share mobile app, a compatible Apple® iOS or Android™ device and Internet connection are required. Data or connection charges may apply. Print times may vary. 5 GB of temporary storage per account. For more information, visit [hp.com/go/eprintandshare](http://hp.com/go/eprintandshare).

<sup>9</sup> Defective Media Retention keeps your sensitive data safe. To comply with security regulations, you can keep the defective hard-drive or data-retentive memory component while getting a new replacement disk or memory.

<sup>10</sup> Trade Agreements Act compliant.

<sup>1</sup> Mechanical printing time. Printed in Fast mode with Economode on, using HP Bright White Inkjet Paper (Bond) with Original HP inks.

<sup>2</sup> Based on 640 MB RAM.

<sup>3</sup> Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections.

<sup>1</sup> Mechanical printing time. Printed in Fast mode with Economode on, using HP Bright White Inkjet Paper (Bond) with HP Photo Inks.

<sup>2</sup> Based on 640 MB RAM.

<sup>3</sup> Only available via HP Instant Printing PRO or the HP Embedded Web Server.

<sup>4</sup> Cuts all media except canvas and banners.

<sup>5</sup> FSC® trademark license code FSC®-C017543, see fsc.org. Not all FSC® - certified product is available in all regions.

<sup>6</sup> Recyclable through commonly available recycling programs.

<sup>7</sup> Recyclable in consumer collection systems that can accept mixed paper (may not be recyclable in your area).

<sup>8</sup> HP Large-Format Media take-back program availability varies. Recycling programs may not exist in your area. See [hp.com/recycle](http://hp.com/recycle) for details.

<sup>9</sup> Defective Media Retention keeps your sensitive data safe. To comply with security regulations, you can keep the defective hard-drive or data-retentive memory component while getting a new replacement disk or memory.

<sup>10</sup> Trade Agreements Act compliant.

<sup>1</sup> Mechanical printing time. Printed in Fast mode on HP Bright White Inkjet Paper (Bond) with Original HP inks.

<sup>2</sup> ICC absolute colorimetric accuracy on HP Proofing Matte paper with Original HP inks.

<sup>3</sup> Based on 640 MB RAM.

<sup>4</sup> HP-GL/2 printing only available via HP Instant Printing Pro, which can be downloaded for free at [hp.com/go/hpinstantprintingpro](http://hp.com/go/hpinstantprintingpro).

<sup>5</sup> HP Large-Format Media take-back program availability varies. Recycling programs may not exist in your area. See [hp.com/recycle](http://hp.com/recycle) for details.

### HP Designjet Z-series Printers for Graphics

**HP Designjet Z5400  
PostScript® ePrinter**

Copy Shops

The first multi-roll ePrinter for graphics to produce high-quality, long-lasting prints efficiently

Two automatic roll feeds, smart roll switching, sheet feed

Media bin, automatic cutter<sup>4</sup>

Photographic, proofing, fine art printing material, self-adhesive, banner and sign, bond and coated, backlit, canvas

44 inch (1118 mm)

570 ft<sup>2</sup>/hr

Up to 2400 x 1200 dpi

Original HP Photo Inks

6 (M, Y, pk, lg, mk, C)

320 GB hard disk

**HP Designjet Z5200  
Photo Printer**

Copy Shops

Professional 8-ink PostScript printer designed for outstanding graphic applications

Sheet feed, roll feed

Media bin, automatic cutter<sup>5</sup>

Photographic, proofing, fine art printing material, self-adhesive, banner and sign, bond and coated, backlit, canvas

44 inch (1118 mm)

445 ft<sup>2</sup>/hr<sup>7</sup>

Up to 2400 x 1200 dpi

Original HP Photo Inks

8 (M, Y, lm, lc, pk, lg, mk, C)

160 GB hard disk

**HP Designjet Z3200  
Photo Printer series**

Photo Labs, Professional Photographers and Graphic Designers

The most advanced 12-ink printer<sup>3</sup> for gallery-quality prints

Sheet feed, roll feed

Media bin, automatic cutter<sup>5</sup>

Photographic paper, fine art, coated and display-graphic printing materials

24 inch (610 mm)  
44 inch (1118 mm)

182.9 ft<sup>2</sup>/hr

Up to 2400 x 1200 dpi

Original HP Photo Inks

12 (M, Y, pk, lg, mk, R, lm, lc, G, GN, B Gloss Enhancer (E))

80 GB hard disk

**HP Designjet Z2100  
Photo Printer**

Photo Labs, Professional Photographers and Graphic Designers

HP's affordable 8-ink printer to produce durable prints

Sheet feed, roll feed

Media bin, automatic cutter<sup>5</sup>

Photographic paper, proofing paper, fine art printing material, self-adhesive, sign and banner, backlit, bond and coated

24 inch (610 mm)

150 ft<sup>2</sup>/hr

Up to 2400 x 1200 dpi

Original HP Photo Inks

8 (mk, pk, lg, C, M, Y, lm, lc)

80 GB hard disk

<sup>1</sup> Compared to large-format inkjet printers under \$25,000 for graphic applications. Based on the fastest rated color speeds as published by manufacturers as of October 2013. Test methods vary.

<sup>2</sup> Compared to large-format inkjet printers under \$25,000 for graphic applications. Based on the fastest rated color speeds as published by manufacturers as of January 2010. Test methods vary.

<sup>3</sup> The 12-ink HP Designjet Z3200 Photo Printer is the most advanced printer compared with other HP Z-series printers.

<sup>4</sup> Cuts all media except canvas and banners.

<sup>5</sup> Cuts all media except canvas.

<sup>6</sup> Mechanical printing time. Printed in Fast mode with Economode on, using HP Bright White Inkjet Paper (Bond) and Original HP Inks. Measured on a 60-inch printer.

<sup>7</sup> Mechanical printing time. Printed in Fast mode on HP Bright White Inkjet Paper (Bond) with Original HP Inks.

# HP Designjet Technologies

## HP Designjet ePrint & Share<sup>1</sup>

Experience cloud printing from virtually anywhere—a conference room, the job site, or even home—using HP Designjet ePrint & Share. This free web service makes it easy to access, view and print large-format documents, using your tablet, smartphone, laptop, or even your ePrinter's touchscreen from virtually anywhere.<sup>1</sup>

- Automatically save a copy of your prints in your online print history so it's easy to retrace the progress of your work.
- Access, view and reprint files from your online print history.
- Email projects to your ePrinter and print.
- Conveniently share files stored in your online print history with an automatically generated hyperlink.
- Use your email to send print-ready files to print on your HP Designjet ePrinter.
- Access multiple FTP sites in one place, so it's easy to view and print all your files.
- Scan and share files through email from your HP Designjet T2500 eMFP's touchscreen using HP Designjet ePrint & Share.<sup>1</sup>
- Help keep your projects safeguarded with trusted HP security features.

**For more information, visit**  
[hp.com/go/eprintandshare](http://hp.com/go/eprintandshare)

Start printing your large-format documents from virtually anywhere, visit: [hp.com/go/eprintandshare](http://hp.com/go/eprintandshare) and download the mobile app from the App Store and Google Play.

<sup>1</sup> Requires an HP Designjet ePrint & Share account, Internet connection to the printer, and connected Internet-capable device. When using the HP Designjet ePrint & Share mobile app, a compatible Apple® iOS or Android™ device and Internet connection are required. Data or connection charges may apply. Print times may vary. 5 GB of temporary storage per account. For more information, visit [hp.com/go/eprintandshare](http://hp.com/go/eprintandshare).

## HP Designjet Universal Print Driver

Provide IT teams with greater control and effectiveness, reduce printer-related costs, and improve IT and end-user productivity with the HP Designjet Universal Print Driver (UPD). This intelligent single-driver solution radically simplifies printer deployment and management, saving time and freeing IT to focus on innovation. HP Designjet UPD includes two drivers—HP-GL/2 and PostScript—and supports a broad range of HP Designjet printers.<sup>2</sup>

### Simplify printing and management

- Remove much of the time and hassles associated with installing, updating and testing multiple drivers.

### Reduce fleet management costs

- Reduce costs associated with traditional print driver installation, updates and testing.
- Save money by reducing the amount of time IT must spend on printer integration, management and maintenance.
- Cut down on help desk-related costs with a simplified single-driver solution.

### Focus IT efforts on innovation

- Keep your system up-to-date.
- Transition IT resources from integration to innovation.

Empower IT teams by dramatically reducing the number of drivers they have to manage. Give them the tools they need to improve efficiency and significantly cut costs. Simplify printing for end users and more effectively manage your overall fleet today.

**Learn more at**  
[hp.com/go/DesignjetUPD](http://hp.com/go/DesignjetUPD)

## HP Designjet Accounting tool

Build efficient accounting, facility management and onsite services with HP certified accounting solutions for HP Designjet printers. Take advantage of advanced accounting features, remotely track ink and media use to help monitor costs on a print-by-print basis, and view customer accounts quickly and easily. Printers can automatically send usage reports via e-mail that you can manage through a free Microsoft® Excel template provided by HP. You no longer have to contact customers or visit their sites to obtain the information needed for precise invoicing.

**To see more features and compatible printers, visit**  
[hp.com/go/Designjet/accounting](http://hp.com/go/Designjet/accounting)

<sup>2</sup> Supported HP Designjet printers include HP Designjet T120 ePrinter, HP Designjet T520 ePrinter series, HP Designjet T790 ePrinter series, HP Designjet T795 ePrinter, HP Designjet T920 ePrinter series, HP Designjet T1300 PostScript® ePrinter, HP Designjet T1500 ePrinter series, HP Designjet T2300 eMultifunction Printer, HP Designjet T2500 eMultifunction Printer series, HP Designjet T3500 Production eMFP, HP Designjet T7100 Printer, HP Designjet T7200 Production Printer, HP Designjet Z5400 PostScript® ePrinter, HP Designjet Z6200 Photo Production Printer, HP Designjet Z6600 Production Printer, and the HP Designjet Z6800 Photo Production Printer.

## HP technology leadership

### Original HP Vivid Photo Inks<sup>1</sup>

Create impressive long-lasting images in color and black-and white with rich optical density and smooth transitions using **HP Vivid Photo Inks**. Print on many substrates to deliver a wide range of jobs such as posters, canvas prints and POP signs. HP Designjet printheads are designed together with HP Vivid Photo Inks to provide precise, accurate placement of smaller drops and high speed. Each printhead prints two colors of ink with 1,056 nozzles per color.

Using **HP chromatic red ink**, your HP Designjet printing system provides the broad color gamut needed to produce vibrant color and deep, rich blacks and to achieve true photo-realistic image quality.

High, **uniform gloss** provides the professional finish. With a wide range of blacks and grays with smooth, subtle transitions, true gray neutrality, and rich black density, you can produce remarkable B&W prints. And these prints provide lasting results with exceptional print permanence indoors in-window and away from direct sun.<sup>2</sup>

HP Vivid Photo Inks<sup>3</sup>

### Outstanding speed<sup>1</sup>

**HP Double Swath Technology** provides breakthrough speed and performance. The HP Designjet Z6200 and the HP Designjet Z6800 Photo Production Printer include two sets of four HP 771 Designjet Printheads, and the HP Designjet Z6600 Production Printer includes two sets of three HP 771 and HP 773 Designjet Printheads creating a wide print swath— up to 1.67-inches/42.5 mm—and a high firing frequency to deliver prints with amazing speed.

Eight bi-color printheads for the HP Designjet Z6200 Photo Production Printer, six bi-color printheads for the HP Designjet Z6600 Production Printer and eight bi-color printheads for the HP Designjet Z6800 Photo Production Printer feature 1,056 nozzles per color, 1,200 nozzles per inch, and small drop volumes for top photo quality.

**The HP Optical Media Advance Sensor (OMAS)** allows you to print at top speeds and still get great output results. This breakthrough technology improves paper-advance control and accuracy, so the printer can print at higher speeds across multiple environmental conditions without impairing image quality.

<sup>1</sup> Features and availability vary by printer.

<sup>2</sup> Display permanence rating for interior displays/away from direct sunlight by HP Image Permanence Lab, and by Wilhelm Imaging Research, Inc. on a range of HP media. For more information, see [globalBMG.com/hp/printpermanence](http://globalBMG.com/hp/printpermanence).

<sup>3</sup> Light Cyan for use with HP Designjet Z6200 Printer only.

### Amazing color<sup>1</sup>

The **HP Embedded Spectrophotometer**, with i1 Color Technology from X-Rite, is mounted on the printer carriage for accurate printer calibration measurements that deliver print-to-print and printer-to-printer color consistency and accuracy.

HP Optical Media Advance Sensor (OMAS)

HP Embedded Spectrophotometer

### High productivity<sup>1</sup>

The **HP Easy Printer Care Tool** lets you easily navigate through color-management, printing, and job management workflows, and the **HP Color Center** provides easy-to-use, step-by-step instructions on how to add new media and calibrate the printer.

**HP Instant Printing PRO** allows you to quickly preview, crop and print in large format using one simple tool, providing a quick and easy way for reprographic and copy shops to print in large format. You can easily manage your files from one single application. HP Instant Printing PRO enables true print confidence. Avoid printing on the wrong-sized media with a realistic print preview.

### Certified RIPs

Our RIP certification program defines a comprehensive set of compatibility criteria aligned to the highest performance standards and the unique capabilities of HP Designjet printers. Only third-party companies that have demonstrated conformance with these criteria are awarded HP Designjet certified status.

HP has certified a number of third-party Raster Image Processors, enabling additional control over elements such as color management, ICC profile management, tiling and nesting, support of multiple printers and optimizing Pantone and spot color.

**To view RIP compatibility, please visit [hp.com/go/DesignjetRIPs](http://hp.com/go/DesignjetRIPs)**

## HP Designjet SmartStream

The most productive technical printing software designed for highly demanding environments that offers complete PDF management, creates accurate and error-free printouts, and reduces preparation time by up to 50% on complex jobs.<sup>1</sup>

### True PDF management to boost productivity

Repro houses and enterprise customers with their own central reprographics departments (CRDs) or large print rooms looking for correct and easy PDF management waste a lot of time when managing PDF files. They spend hours converting PDF files into TIFF files because their current software cannot handle PDF files, processing times are very slow, and they are still left with errors that take operator time and skill to rectify.

HP Designjet SmartStream offers true PDF management, ensuring a fully reliable reproduction of your PDF files thanks to the **Adobe PDF Print Engine 3**.<sup>2</sup> It eliminates the need to convert PDF files into TIFF files and reduces the time operators spend solving PDF issues, achieving a higher-speed of rendering, even for the most complex PDFs.

### Cut job preparation time by up to half<sup>3</sup>

With **HP Designjet SmartStream**, you can reduce up to 50% of the job preparation time on multipage jobs,<sup>3</sup> and manage with one single-screen view that provides all the information at a glance for your entire printing workflow. A user-friendly interface enables you to easily process large jobs while getting fast and accurate previews from complex PDFs. Also, HP Designjet SmartStream software is able to connect simultaneously to more than one HP Designjet production printer, allowing you to easily prepare and send jobs to any one of them.

### Gain total control of your technical printing workflow

HP Crystal Preview Technology shows what and how content will be printed with accuracy so that you can avoid reprints. Soft proofing is a mechanism that allows you to view, on your computer monitor, just how your print will look when it is on paper. That paper, ink, and mode combination has been defined by the profile included in your printer. So, by using HP Crystal Preview Technology, you will be able to see how the image will be reproduced, taking into account the gamut as well as other characteristics of the inks used.

<sup>1</sup> Conclusion based on an HP internal test measuring the time required to extract pages from a 50-page document and print them using several printers compared with using equivalent software programs.  
<sup>2</sup> Adobe PDF Print Engine 3 is the next-generation rendering platform, optimized for end-to-end PDF workflows. Adobe PDF Print Engine 3 combines performance optimizations with a new scalability framework to power high-speed digital presses, large-format printers, and CTP platesetters. Adobe PDF Print Engine 3 is the fastest rendering platform for reliable reproduction of complex, graphically rich content. To learn more, visit [adobe.com/products/pdfprintengine.html](http://adobe.com/products/pdfprintengine.html).  
<sup>3</sup> In order to work properly, the computer monitor needs to be sRGB calibrated.

## HP Designjet SmartStream

Professional software that cuts job preparation time by up to 50%<sup>1</sup>

<b>Supported file types</b>	PDF, TIFF, JPEG, and HP-GL/2
<b>Supported HP printers</b>	HP Designjet T7200 Production Printer. For documentation and other support, see <a href="http://hp.com/go/T7200/support">hp.com/go/T7200/support</a> . HP Designjet T7100 Printer (excluding the HP Designjet T7100 Monochrome Printer). For documentation and other support, see <a href="http://hp.com/go/T7100/support">hp.com/go/T7100/support</a> . HP Designjet T3500 Production eMFP. For documentation and other support, see <a href="http://hp.com/go/T3500/support">hp.com/go/T3500/support</a> . HP Designjet Z6200 Photo Production Printer. For documentation and other support, see <a href="http://hp.com/go/Z6200/support">hp.com/go/Z6200/support</a> . HP Designjet Z6600 Production Printer. For documentation and other support, see <a href="http://hp.com/go/Z6600/support">hp.com/go/Z6600/support</a> . HP Designjet Z6800 Photo Production Printer. For documentation and other support, see <a href="http://hp.com/go/Z6800/support">hp.com/go/Z6800/support</a> . Note: HP Designjet SmartStream only supports PostScript printers. If your printer requires an accessory to handle PostScript, you must install the accessory to use the printer with HP Designjet SmartStream. For further up-to-date information, see <a href="http://hp.com/go/Designjetsmartstream">hp.com/go/Designjetsmartstream</a> .
<b>Number of HP printers supported</b>	Up to 10

# The HP large-format printing system: The complete solution

HP Designjet printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a complete, efficient system to provide productivity, quality, consistency, durability and value—even when printing highly complex jobs—with every print.

## Original HP inks and HP large-format printing materials

Whether your project calls for dye-based or pigment/UV-based inks, HP has the right ink for you. The unique chemistry between Original HP Designjet inks and HP large-format printing materials—together with the carefully engineered interaction between the two—make exceptional results possible from uniform fills to crisp text and sharp lines.

**For more information on HP inks, visit**  
[hp.com/go/OriginalHPInks](http://hp.com/go/OriginalHPInks)

**For more information on HP large-format printing materials, visit**  
[globalBMG.com/hp](http://globalBMG.com/hp)

## HP Designjet Printers and the environment

Take advantage of free, convenient return and recycling of most Original HP Designjet ink cartridges and printheads<sup>1</sup>. HP's "closed loop" recycling process uses recycled plastic from HP ink cartridges to create new Original HP ink cartridges.<sup>2</sup>

Energy-efficient printers can reduce environmental impact and reduce costs. They also produce less heat and reduce cooling loads, which can make your work environment more pleasant. Most HP Designjet printers are ENERGY STAR<sup>®</sup> compliant, which assures that they meet strict energy efficiency guidelines without sacrificing performance—or your productivity.

## HP Support Services

HP Designjet Support Services offer solutions that maximize the performance of your HP large-format printing solution, while protecting your investment in the technology. Choose from installation and maintenance services or up to 5-year support coverage with warranty experience at no extra cost for the duration of the contract.

**For more information, please visit**  
[hp.com/go/designjetsupport](http://hp.com/go/designjetsupport)

<sup>1</sup> Visit [hp.com/recycle](http://hp.com/recycle) to see how to participate and for HP Planet Partners program features and availability; program may not be available in your area. Where this program is not available, consult the Material Safety Data Sheet (MSDS) available at [hp.com/go/ecodata](http://hp.com/go/ecodata) to determine appropriate disposal.

<sup>2</sup> For HP ink cartridges that use recycled materials, up to 70% of the cartridge is made from recycled content. Percentage of recycled material is based on empty weight. HP uses recycled plastic from the HP "closed loop" ink cartridge recycling process when supplies are available. Recycled plastic is also sourced from other recycle streams.
