Note: Be sure to check all packaging materials for any small parts that may have come loose during transportation.

Parts

- Table Top x 1
- Feet x 4
- Legs x 4
- M8 x 60mm Bolt x 8

Assembly

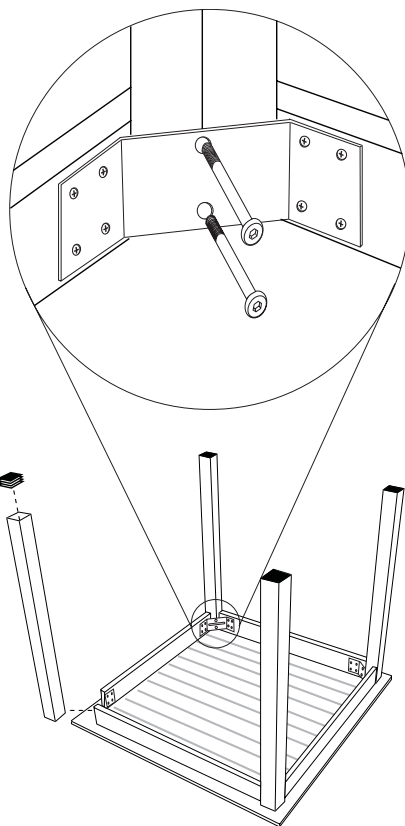

1. Lay the table top face down on a flat surface.
2. Slot one of the legs into one of the corners.
3. Screw two bolts through the holes of the bracket and into the leg.
4. Repeat for the other three legs.
5. Slot the feet into the ends of the legs.
6. Turn the table upright.

WARNING: Do not overload the table.

Wood Care

In order to maintain the appearance of the wood, regular coatings of a suitable wood treatment oil should be applied in accordance with the instructions supplied with the oil.

- Frequency depends on weather conditions experienced.
- Wooden furniture should be protected from severe weather and stored under cover during winter.
- A liberal coating of oil should be given to the furniture before storage and again when removed.
- Untreated Eucalyptus will gradually turn grey. Greyed wood needs no maintenance.
- To restore the wood to its original colour, lightly sand the wood first then use a Wood Furniture cleaner in accordance with the instructions supplied with the cleaner.
