1U 19in Steel Vertical Wall Mount Equipment Rack Bracket

Product ID: RK119WALLV

The RK119WALLV 1U 19in Steel Vertical Wall Mount Equipment Rack Bracket offers a versatile storage solution allowing rackmount equipment (Network devices, power strips, patch panels) to be mounted vertically (flush with wall) to save space. Alternatively, the 1U bracket can be installed horizontally under a desk, making it easy to access installed equipment directly from your workspace. This TAA compliant product adheres to the requirements of the US Federal Trade Agreements Act (TAA), allowing government GSA Schedule purchases.

Perfect for SoHo (small office, home office) environments, the wallmount bracket features a sturdy steel design constructed to EIA-310 19in rack standards, and offers space-savings for environments lacking the footprint space for a full size server equipment rack. Suitable for mounting on virtually any wall/ceiling surface (e.g. drywall), the bracket mounting holes are positioned at exactly 16in apart, matching standard construction framework.

Backed by a StarTech.com Lifetime Warranty.

Need more storage space? StarTech.com also offers a 2U 19in Wallmount Bracket, a 3U 19in Wallmount Bracket and a 4U 19in Wallmount Bracket.

Certifications, Reports and Compatibility

Applications

• Mount networking and telecommunication equipment flush against the wall

• Mount KVM switches or workstations under a desk or work bench to free up work space

• Ideal for small and medium businesses needing rack solutions

Features

• 1U VERTICAL WALL MOUNT RACK: This patch panel wall mount supports 19" rack-mountable IT/AV/Network equipment of any depth; 125lb (56.7kg) Weight capacity; EIA-310 and REACH Compliant; Compact wall mount design for minimal footprint in server room/closet

• READY TO USE: The wall mount vertical rack ships fully assembled, and includes 6x Wood Screws, and 4x M5 Cage Nuts and Screws for mounting the rack and equipment; Wall mounting holes are 16in center to center for greater stability

• BUILT TO LAST: The vertical rack is made from solid steel for durability; Provides a solid and stable anchor to mount equipment; The powder coated paint and interior corner welding ensures long-lasting use and sturdiness

• VERSATILE FUNCTIONALITY: This TAA compliant multi-use low profile 1U vertical rack mount bracket enables servers, networking switches, patch panels or AV equipment to be mounted vertically for easy equipment access where a full rack is not desirable

• THE IT PRO'S CHOICE: Designed and built for IT Professionals, this vertical wall mount patch panel bracket is backed for life, including free lifetime 24/5 multi-lingual technical assistance
