Micro Absorber Oil Binding Granules

Highly effective, quick-acting oil binding granules for universal use.

Highly absorbent, quick-acting.

- Less material is used, meaning reduced disposal costs.
- 1 kg oil binding granules binds approx. 1.01 litres of oil.
- The fine granule capillary system encapsulates the absorbed material and does not release it.

Universal use

- Can be used for most liquids, including acid, alkaline and water leaks.
- Can be used for inside and outside applications.

Extremely simple handling

- Granules remain hard even after absorbing liquids.
- Minimal dust that does not silt up and is easy to sweep up.
- Optimum loose weight ensuring granules remain at the application area.

Non-slip

No risk of slipping on the granules when walking or driving on them.

Workplace Safety Signage

Würth Workplace Signage has been rigorously tested to our exacting standards and specifically designed to **deliver a real solution for your business. All Würth Signage is made from high quality sheet metal.** With Würth you know our signs are the last you will ever need to buy because Würth safety signs are built to last.

The comprehensive range of Würth safety signage boasts over 50 individual articles to cater for all your workplace needs. Broken up into six distinct categories it is easy to identify the right signs for your business. Our range includes:

- **Mandatory Signage** to let people know what PPE is required on site or any other instructions that must be followed.
- **Danger Signage** to let people know of activities or situations that may be threatening to their life.
- **Hazard Signage** to let people know of hazardous practices that occur in the workplace where care should be taken to avoid injury.
- **Dangerous Goods Signage** to let people know of dangerous goods or chemicals stored on the premises.
- **Regulatory Signage** to indicate a certain restriction in the workplace, such as a speed limit or no smoking.
- **Miscellaneous Signage** for all your other workplace needs. These range from 'Fire Extinguisher' to 'MSDS Located Here' and even 'Please leave this lunch area clean'.

By partnering with Würth you can be sure you are meeting your legal obligations under AS1319. More important than this you can rest comfortably in the knowledge that you are taking all possible steps to ensure that everyone goes home safe at the end of the day.

 A red ORSYmat vending machine is shown with its door open, revealing shelves of various tools and consumables. A person's hands are visible, one holding a packaged utility knife and the other holding a metal rod. The machine has a green light on the left side. The background is a blurred view of the machine's interior shelves.

ORSYmat®

ONSITE VENDING

Imagine having an unlimited supply of all essential consumables or PPE in your warehouse.

This is precisely the principle behind ORSYmat®.
And you don't need a lot of space for it!

Your contractors and staff can access products when they need it, they simply scan a provided pass to identify themselves and the item is dispensed according to the predefined rules set by you.

The innovative control system communicates directly with the ERP system of Würth Australia and this facilitates real-time inventory management and automated refilling of consumables, tools and essential product groups, such as personal protective equipment. This not only gives you full transparency, but also control.

All delivered in a small but powerful space!

ORSY®

100% SYSTEM AND 0% STRESS

ORSY IS SIMPLE BUT SOPHISTICATED.

It means **OR**der with a **SY**stem.

Wurth ORSY was developed by working closely with our customers. This modular system of shelf components is suitable for the special requirements of any business or department.

ORSY allows you to efficiently store and retrieve a variety of consumables, tools and other essential industrial supplies with maximum transparency.

We will help you design a customised system that is best-suited to your working environment. You tell us what the contents will be and how much space you have. We'll take care of the rest!
