HP Document Capture Solutions

HP Document Capture Solutions help:
- Streamline business workflows
- Maintain regulatory compliance
- Workgroups and departments share information more effectively

Single-function capture hardware

HP Scanjet 7800 Scanner

Fast, powerful sheet-fed scanner for workgroup document management

- 25 ppm/50 ipm
- 50-page ADF plus card slot
- Color, black-and-white, grayscale scans
- Complete document management software suite
  - HP Smart Document Scan Software
  - ISIS and TWAIN drivers
  - Kofax SVRS image improvement software
  - ScanSoft PaperPort document management software
  - New Soft BizCard reader software
  - IRIS ReadIRIS OCR software

Part # L1980A

HP Scanjet N7710 Scanner

Fast, powerful sheet-fed scanner for workgroup document management

- 35 ppm/70 ipm
- 50-page ADF plus card slot
- Color, black-and-white, grayscale scans
- Ultrasonic double feed detection
- Complete document management software suite
  - HP Smart Document Scan Software
  - ISIS and TWAIN drivers
  - Kofax VRS image enhancement software
  - ScanSoft PaperPort document management software
  - New Soft BizCard reader software
  - IRIS ReadIRIS OCR software

Part # L1989A

HP Scanjet N8420/N8460 Scanner

Fast, powerful flatbed scanners for workgroup document management

- 25 ppm/50 ipm— HP Scanjet N8420
- 35 ppm/70 ipm— HP Scanjet N8460
- Color, black-and-white, grayscale scans
- 100-page ADF
- Ultrasonic double feed detection
- Complete document management software suite
  - HP Smart Document Scan Software
  - ISIS and TWAIN drivers
  - Kofax SVRS image improvement software
  - ScanSoft PaperPort document management software
  - IRIS ReadIRIS OCR software

HP Scanjet N8420
Part # L2689A

HP Scanjet N8460
Part # L2690A

HP 9250C Digital Sender

Share, archive and integrate paper documents into electronic workflows with a dedicated device.

- Notebook-size physical keyboard in addition to the HP Easy Select Control Panel
- Color scan/digital send
- 55 ipm black-and-white/ 33 ipm color scan
- 50-page ADF
- PDF, TIFF, MTIFF, JPEG file formats
- IRIS ReadIRIS OCR software
- Embedded LDAP and Kerberos network authentication
- Embedded send-to-network folder and e-mail
- Ships with one license of HP Digital Sending Software 4.0 (DSS4), but must be installed separately.

Part # CB472A

Multifunction capture hardware

HP LaserJet M3035mfp

Watch productivity soar with print, copy, scan and fax integrated in one reliable multifunction machine that's affordable for every workgroup.

- Print/copy/color scan/digital send/fax
- 35 ppm copy/print speed
- 50-page ADF
- Superior network connectivity and management
- Embedded LDAP and Kerberos network authentication
- Embedded send-to-network folder and e-mail

HP LaserJet M3035mfp
Part # CB414A

HP LaserJet M3035xsmfp
Part # CB415A

HP LaserJet M4345mfp

Raise the bar on efficiency and increase productivity— this powerful, scalable and easy-to-use workgroup MFP combines print, copy and digital send with workgroup black-and-white speeds and reliable LaserJet technology.

- Print/copy/color scan/digital send/fax
- 45 ppm copy/print speed
- 50-page ADF
- Superior network connectivity and management
- Embedded LDAP and Kerberos network authentication
- Embedded send-to-network folder and e-mail

HP LaserJet M4345mfp
Part # CB425A

HP LaserJet M4345xmfp
Part # CB426A

HP LaserJet M5035mfp

Do more with less—print and copy 11x17-sized documents, fax and perform multiple send-to functions with one easy-to-use device.

- Print/copy/color digital send/fax
- 35 ppm copy/print
- 50-page ADF
- Embedded LDAP and Kerberos network authentication
- Embedded send-to-network folder and e-mail

HP LaserJet M5035mfp
Part # Q7829A

HP LaserJet M5035xmfp
Part # Q7830A

HP LaserJet M5035xsmfp
Part # Q7831A

HP software solutions

Capture solutions

HP offers document capture solutions from HP partners that, in combination with HP devices and services, help organizations speed up and streamline business processes, reduce paper-based logistics, and enable flexible and intelligent digital workflows. At the same time, these solutions enable consolidation of devices and prevention of unauthorized access to input devices. Whether your paper processes are simple or complex, HP and third-party partner capture solutions can meet all levels of the customer's distributed capture requirements.[1]

Solutions	Company	Description
AccuRoute®	Omtool, Ltd.	Document capture and delivery solution for general office use, with specific expertise in financial services, legal and healthcare applications
Ascent® Capture	Kofax Image Products	Solution for structured and unstructured forms recognition and automatic document classification technology
AutoStore™	Notable Solutions, Inc.	General office document capture solution when there is a need to route to line-of-business applications and content-management systems
Cobra® Image Router	Cobra Technologies	Integrates HP Digital Sending Image capable devices with the powerful Router routing, data store and collaboration capabilities of Lotus notes and Domino
DES® (Document Exchange Server)	Kofax Image Products	Ad hoc document capture solution for general office scanning and routing to back-end data applications
eCopy™ ScanStation OP and eCopy Desktop	eCopy, Inc.	Desktop scan solution enabling users to manage, modify and share Portable and eCopy Document Format (PDF) documents the same way they handle paper-based information
IQmfp®	Informa Software	Electronic filing solution for HP LaserJet MFPs and Scanjet scanners. Allows users to capture, index, store and retrieve paper documents, as well as electronic files produced by Microsoft® Office applications.

[1]Standalone sheet-fed and flatbed scanners use ISIS or TWAIN drivers for connectivity to most application software.

HP Digital Sending Software 4 (DSS 4)

HP DSS 4[2] enables paper documents to be incorporated into electronic business processes at the touch of a button. From as many as 1,000 supported HP MFPs and digital senders per DSS server, documents can be digitized and sent quickly, with improved security features, to network folders, printers, fax service, improving productivity and reducing the cost of sharing and storing information with the ability to backup DSS settings for disaster recovery.

Network user authentication at the MFP or digital sender front panel:

- LDAP
- Novell
- NTLM
- Kerberos network security

HP DSS 4 routes captured documents to:

- E-mail
- Network folder
- User's home folder
- Remote printer
- FTP
- Filenet Capture Professional
- Fax (analog, Internet, and Microsoft Windows® 2000)
- LAN fax servers (Captaris, Biscom, Castelle, etc.)

ReadIRIS Optical Character Recognition (OCR) converts documents from image files to searchable text files in a variety of formats including:

- Searchable PDF
- Microsoft Word
- TXT
- HTML
- RTF

Part # (T1936AA)

Option UA0	1 device license	**$399**
Option 0AD	5 device licenses	**$1,699**
Option A09	10 device licenses	**$3,199**
Option 0AA	50 device licenses	**$5,499**
Option UD6	250 device licenses	**$14, 999**

[2]HP DSS 4 works across all DSS versions

HP Smart Document Scan Software

Simplify the scanning process and boost workgroup productivity with this fast, robust ISIS-based capture and routing software. It's also 508 compliant under the U.S. Rehabilitation Act.

- Create custom workflow profiles.
- Assign profiles to front-panel buttons for easy one-touch scanning or launch from the application.
- Turn Integrated Kofax VRS on or off as part of a profile definition.
- Integrate easily into existing or new workflows, including middle ware and backend repositories.
- Preview, reorganize and add additional scans at the end of a scan job.

Scan settings
- Simplex/Duplex
- Kofax VRS
- Page sizes
- Resolution
- Color mode
- Brightness and Contrast
- Misfeed detection
- JPEG compression
- Color dropout
- Gamma correction

Process settings
- Auto-straighten
- Auto-orient
- Auto-crop
- Delete blank pages
- Detect barcodes
- Separate pages into multiple documents

Destination settings
Local driver or mapped network drive with user write privileges and the ability to feed downstream document management systems polling for files

File types supported
- PDF, PDF-A
- Text (txt)
- Unicode (txt)
- Rich Text (rtf)
- BMP
- HTML 4.0 (htm)
- Word (doc)
- Word Perfect (wpd)
- XML
- Excel (xls)
- Open eBook 1.0 (opf)
- JPEG Image (jpg)
- TIFF (tif)
- PNG

Routing destinations
- Application (including applications that launch from a command line argument)
- E-mail
- Sharepoint
- FTP
- Webfolder
- Printer
