**Adieux** Simone De Beauvoir 2013-01-09 Simone de Beauvoir's account of the last ten years of Jean-Paul Sartre's life provides a focus for understanding one of the greatest thinkers of the twentieth century. But the book, consisting of both a year-by-year account of Sartre's last decade and a conversation between him and de Beauvoir about his life and work, is more than just a philosophical examination. It is also a personal dialogue of astonishing frankness that illuminates one of the most famous and complex relationships of the twentieth century. Translated by Patrick O'Brian  
**Sartre by Himself** Jean-Paul Sartre 1978 The text of a film shot during 1972.

**Hearts and Minds** Axel Madsen 2015-03-17 A dual biography of the two most influential socio-political moralists of the twentieth century, whose lives were intertwined personally and intellectually for more than forty-six years. Madsen provides an engrossing view of the luminously transparent relationship that was unconventional yet faithful to its ideals.

**No Exit** Jean-Paul Sartre 1958 Two women and one man are locked up together for eternity in one hideous room in Hell. The windows are bricked up, there are no mirrors, the electric lights can never be turned off, and there is no exit. The irony of this Hell is that its torture is not of the rack and fire, but of the burning humiliation of each soul as it is stripped of its pretenses by the cruel curiosity of the damned. Here the soul is shorn of secrecy, and even the blackest deeds are mercilessly exposed to the fierce light of Hell. It is an eternal torment.

**Jean-Paul Sartre** Benjamin Suhl 1999 This is the first survey and appraisal of the literary criticism written by Jean-Paul Sartre during the last thirty years. Benjamin Suhl relates Sartre's evolution as a systematic philosopher. For those not acquainted with all Sartre's critical writing during this period, the author includes descriptive presentation of the material, including recent article as yet unavailable in English.

**Feminist Interpretations of Jean-Paul Sartre** Julien S. Murphy 2010-11-01 While Sartre was committed to liberation struggles around the globe, his writing never directly addressed the oppression of women. Yet there is compatibility between his central ideas & feminist beliefs. In this first feminist collection on Sartre, philosophers reassess the merits of Sartre's radical philosophy of freedom for feminist theory. Contributors are Hazel E. Barnes, Linda A. Bell, Stuart Z. Charme, Peter Diers, Kate & Edward Fullbrook, Karen Green, Sarah Lucia Hoagland, Sonia Kruks, Guillermine de Lacoste, Thomas Martin, Phyllis Sutton Morris, Constance Mui, & Iris Marion Young.

**Writing the Mind** Simon Kemp 2017-09-25 "My thought is me: that is why I cannot stop. I exist because I think... and I can't stop myself from thinking." - Jean-Paul Sartre, *Nausea*  
**Writing the Mind: Representing Consciousness from Proust to Darrieussecq** explores the works of seven ground-breaking thinkers and novelists of recent history to compare and contrast the varying representations of the conscious and the unconscious mind. Grounding his study in the writings of philosophers like Jean-Paul Sartre and Marcel Proust, Simon Kemp explores the non-literary influences of science, faith and philosophy as presented in their works, demonstrates how writers learn from and sometimes deviate from preceding generations, and how they agree or disagree with their peers. Kemp's elegant study also charts the rise and wane of Freudian influence on literature through the twentieth century, and the emergence of cognitive and neo-Darwinian ideas at the dawn of the twenty-first. In the work of these seven writers, we discover radically different understandings of how consciousness and the unconscious mind are constituted, which are the most salient characteristics of mental life, and even what it is that defines a mind at all.

**Iron in the Soul** Jean-Paul Sartre 1950 Repeat. Volume 3 of trilogy "The roads to freedom".

**Jean-Paul Sartre** Steven Churchill 2014-09-11 Most readers of Sartre focus only on the works written at the peak of his influence as a public intellectual in the 1940s, notably "Being and Nothingness". "Jean-Paul Sartre: Key Concepts" aims to reassess Sartre and to introduce readers to the full breadth of his philosophy. Bringing together leading international scholars, the book examines concepts from across Sartre's career, from his initial views on the "inner life" of conscious experience, to his later conceptions of hope as the binding agent for a common humanity. The book will be invaluable to readers looking for a comprehensive assessment of Sartre's thinking - from his early influences to the development of his key concepts, to his legacy.

**Short French Fiction** John Flower 1998 Short fiction in France has made a major contribution to French culture and literature. This volume provides new insights into some of the best examples of this form of writing in the twentieth century and also includes a chapter which explores ways in which the genre is evolving as the century draws to a close. Each chapter has been written by specialists in their particular field; their interpretations are backed by the experience of teaching and writing about these authors. They invite the reader to go beyond the immediate context or circumstances of what is related in the story under scrutiny and illustrate some of the many ways in which short stories may be narrated. In some cases stories are revisited and subjected to new interpretations; in others those perhaps less well known are revealed as being no less rewarding. The book offers stimulating reading for those already familiar with some of the works under discussion as well as for those coming to them afresh.

**The Wall (Intimacy) and Other Stories** Jean-Paul Sartre 1969 One of Sartre's greatest existentialist works of fiction, *The Wall* contains the only five short stories he ever wrote. Set during the Spanish Civil War, the title story crystallizes the famous philosopher's existentialism.

**Jean-Paul Sartre** René Marill-Albérès 2014-11-04 Professor Albérès in this well-ordered volume traces through successive works the elaboration of various concepts now linked to French Existentialism—anguish, nausea, hypocrisy, lucidity, consciousness, conformity, commitment, ethical values, situation, etc. Translated from the French by Wade Baskin.

**Le mur de Jean-Paul Sartre** Carol J. Harvey 1986

**The Philosophical Contexts of Sartre's The Wall and Other Stories** Kevin W. Sweeney 2016-05-16 *The Philosophical Contexts of The Wall and Other Stories* presents a philosophical analysis of all five stories in Sartre's short-story collection, concentrating on characters' acts of bad faith. Kevin W. Sweeney argues that each of the five stories has its own philosophical problem that serves as the context for the narrative, and that Sartre constructs each story as a reply to the philosophical issue in the context and as support for his position on that issue.

**Jean-Paul Sartre and His Critics** François Lapointe 1975

**The Age of Reason** Jean-Paul Sartre 1973 The first novel of Sartre's monumental *Roads to Freedom* series, *The Age of Reason* is set in 1938 and tells of Mathieu, a French professor of philosophy who is obsessed with the idea of freedom. As the shadows of the Second World War draw closer -- even as his personal life is complicated by his mistress's pregnancy -- his search for a way to remain free becomes more and more intense. **What Is Subjectivity?** Jean-Paul Sartre 2016-12-06 Jean-Paul Sartre, at the height of his powers, debates with Italy's leading intellectuals In 1961, the prolific French intellectual Jean-Paul Sartre was invited to give a talk at the Gramsci Institute in Rome. In attendance were some of Italy's leading Marxist thinkers, such as Enzo Paci, Cesare Luporini, and Galvano Della Volpe, whose contributions to the long and remarkable discussion that followed are collected in this volume, along with the lecture itself. Sartre posed the question "What is subjectivity?"—a question of renewed importance today to contemporary debates concerning "the subject" in critical theory. This work includes a preface by Michel Kail and Raoul Kirchmayr and an afterword by Fredric Jameson, who makes a rousing case for the continued importance of Sartre's philosophy.

**Portraits** Jean-Paul Sartre 2009 "Portraits (Situations IV) brings together Sartre's most important writings on literature and artists in one of his most productive periods. It includes his preface to Sarraute's *Portrait of a Man Unknown* and his homages to Andre Cide, Maurice Merleau-Ponry and Albert Camus. The Merleau-Ponty essay casts considerable light on the recent history of French philosophy, particularly with regard to dominant post-war political conceptions, and the lengthy studies of Sartre's close friend Paul Nizan and of the young Andre Gorz are no less revealing. This volume also contains Sartre's 'Reply to Albert Camus', which confirmed the break between the two writers on its publication in 1952." "Alongside these major writings are fascinating articles on Tintoretto and a number of contemporary painters, including Ciacornerti and Masson, and two highly

readable accounts of Sartre's travels in Italy." --Book Jacket.

Le Mur de Jean-Paul Sartre Geneviève Idt 1983

**Mallarmé, Or The Poet Of Nothingness** Jean-Paul Sartre 2004-05-04 This is the first translation of a major text by Sartre on one of the greatest modern French poets, Stéphane Mallarmé, whom Sartre hailed as a "hero, prophet, wizard, and tragedian." Written in 1953, Sartre's text provides not only an invigorating and convincing interpretation of Mallarmé by also an original overview of French literature in the nineteenth century.

The Wall Jean-Paul Sartre 2005 New Translation of a profoundly chilling collection of five stories, including *The Room*, *Erostratus*, *The Childhood of a Leader* and *Intimacy*, from the master of Existentialism prisoners on the night prior to their execution. Through the gaze of an impartial doctor - seemingly there for the men's solace - their mental descent is charted in exquisite, often harrowing detail. And as the morning draws inexorably closer, the men cross the psychological wall between life and death, long before the first shot rings out. This brilliant snapshot of life in anguish is the perfect introduction to a collection of stories where the neurosis of the modern world is mirrored in the lives of the people that inhabit it.

**Jean-Paul Sartre: A Bibliography of International Criticism** Robert Wilcocks 1975 A large, comprehensive compilation of journalism and international criticism of the works and activities of Jean-Paul Sartre. The work covers Sartre's stormy career from 1937 to 1975, containing nearly 700,000 entries and over 3,200 authors.

**The Wall: (Intimacy) and Other Stories** Jean-Paul Sartre 2010-07-27 One of Sartre's greatest existentialist works of fiction, *The Wall* contains the only five short stories he ever wrote. Set during the Spanish Civil War, the title story crystallizes the famous philosopher's existentialism. 'The Wall', the lead story in this collection, introduces three political prisoners on the night prior to their execution. Through the gaze of an impartial doctor—seemingly there for the men's solace—their mental descent is charted in exquisite, often harrowing detail. And as the morning draws inexorably closer, the men cross the psychological wall between life and death, long before the first shot rings out. This brilliant snapshot of life in anguish is the perfect introduction to a collection of stories where the neurosis of the modern world is mirrored in the lives of the people that inhabit it. This is an unexpurgated edition translated from the French by Lloyd Alexander.

The Thematics of Commitment Peter Maxwell Cryle 2014-07-14 Viewing thematic writing as the differentiation and elaboration of cultural knowledge, P. M. Cryle applies this new kind of "thematics" most often mentioned by literary critics in connection with existentialist literature. Originally published in 1985. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Giacometti: Critical Essays Peter Read 2017-07-05 *Giacometti: Critical Essays* brings together new studies by an international team of scholars who together explore the whole span of Alberto Giacometti's work and career from the 1920s to the 1960s. During this complex period in France's intellectual history, Giacometti's work underwent a series of remarkable stylistic shifts while he forged close affiliations with an equally remarkable set of contemporary writers and thinkers. This book throws new light on under-researched aspects of his output and approach, including his relationship to his own studio, his work in the decorative arts, his tomb sculptures and his use of the pedestal. It also focuses on crucial ways his work was received and articulated by contemporary and later writers, including Michel Leiris, Francis Ponge, Isaku Yanaihara and Tahar Ben Jelloun. This book thus engages with energising tensions and debates that informed Giacometti's work, including his association with both surrealism and existentialism, his production of both 'high' art and decorative objects, and his concern with both formal issues, such as scale and material, and with the expression of philosophical and poetic ideas. This multifaceted collection of essays confirms Giacometti's status as one of the most fascinating artists of the twentieth century.

*Nausea* Jean-Paul Sartre 2013-03-25 Sartre's greatest novel — and existentialism's key text — now introduced by James Wood. *Nausea* is the story of Antoine Roquentin, a French writer who is horrified at his own existence. In impressionistic, diary form he ruthlessly catalogs his every feeling and sensation. His thoughts culminate in a pervasive, overpowering feeling of nausea which "spreads at the bottom of the viscous puddle, at the bottom of our time — the time of purple suspenders and broken chair seats; it is made of wide, soft instants, spreading at the edge, like an oil stain." Winner of the 1964 Nobel Prize in Literature (though he declined to accept it), Jean-Paul Sartre — philosopher, critic, novelist, and dramatist — holds a position of singular eminence in the world of French letters. *La Nausée*, his first and best novel, is a landmark in Existential fiction and a key work of the twentieth century.

French XX Bibliography William H. Thompson 2005-09 Provides the most complete listing available of books, articles, and book reviews concerned with French literature since 1885. The bibliography is divided into three major divisions: general studies, author subjects (arranged alphabetically), and cinema. This book is for the study of French literature and culture.

Essays in Existentialism Jean-Paul Sartre 1967

Routledge Library Editions: Existentialism Various 2021-06-23 This set collects together a vital selection of works on Existentialism, including the key *Introduction to the New Existentialism* by Colin Wilson. Some of the titles were early works written as this new philosophy spread into the English language, while others are more recent examinations.

**We Have Only This Life to Live** Jean-Paul Sartre 2013-06-04 Jean-Paul Sartre was a man of staggering gifts, whose accomplishments as philosopher, novelist, playwright, biographer, and activist still command attention and inspire debate. Sartre's restless intelligence may have found its most characteristic outlet in the open-ended form of the essay. For Sartre the essay was an essentially dramatic form, the record of an encounter, the framing of a choice. Whether writing about literature, art, politics, or his own life, he seizes our attention and drives us to grapple with the living issues that are at stake. *We Have Only This Life to Live* is the first gathering of Sartre's essays in English to draw on all ten volumes of *Situations*, the title under which Sartre collected his essays during his life, while also featuring previously uncollected work, including the reports Sartre filed during his 1945 trip to America. Here Sartre writes about Faulkner, Bataille, Giacometti, Fanon, the liberation of France, torture in Algeria, existentialism and Marxism, friends lost and found, and much else. *We Have Only This Life to Live* provides an indispensable, panoramic view of the world of Jean-Paul Sartre.

*Sartre, Self-formation, and Masculinities* Jean-Pierre Boulé 2005 Published on the occasion of Sartre's Centenary, this book helps to understand the man behind the work, offering a psycho-social analysis of Jean-Paul Sartre with an emphasis on his masculinity. It sets out to contextualize Sartre in terms of his psycho-sexual formation and processes of self-constitution in view of his childhood. The main period under detailed study is 1905-1945, before Sartre became the Sartre. It concentrates on his early childhood, his teenage years in La Rochelle, the years at the *Ecole Normale*, and the first few years of his adulthood, with specific attention on the war years. An analysis of Sartre's relationships follows, with Simone de Beauvoir and other women and men (including love and sex), before a postscript covering the period 1973-1980. This essay is not a reductive account. It tells the story of Jean-Paul Sartre, from the inside out, so that the achievements of one of the major intellectuals of the 20th Century can be measured against his own internal struggles.

**Sartre and the International Impact of Existentialism** Alfred Betschart 2020-04-21 This edited collection re-examines the global impact of Sartre's philosophy from 1944-68. From his emergence as an eminent philosopher, dramatist, and novelist, to becoming the 'world's conscience' through his political commitment, Jean-Paul Sartre shaped the mind-set of a generation, influencing writers and thinkers both in France and far beyond. Exploring the presence of existentialism in literature, theatre, philosophy, politics, psychology and film, the contributors seek to discover what made Sartre's philosophy so successful outside of France. With twenty diverse chapters encompassing the US, Europe, the Middle East, East Asia and Latin America, the volume analyses the dissemination of existentialism through literary periodicals, plays, universities and libraries around the world, as well as the substantial challenges it faced. The global post-war surge of existentialism left permanent traces in history, exerting considerable influence on our way of life in its quest for authenticity and freedom. This timely and compelling volume revives the path taken by a philosophical movement that continues to contribute to the anti-discrimination politics of today.
