INTRODUCTION AND BACKGROUND

1. On March 17, 2021 (the “Filing Date”), the Ontario Superior Court of Justice granted an Order (the “Receivership Order”) appointing MNP Ltd. as Receiver (the “Receiver”), without security, of all of the assets, undertakings and properties of AVAD Canada Ltd. (“AVAD Canada” or the “Company”) acquired for or used in relation to the business carried on by AVAD.
2. Copies of the relevant documents relating to these proceedings are available on the Receiver’s website <https://mnpdebt.ca/en/corporate/corporate-engagements/avad-canada-ltd>.
3. The Company was continued in British Columbia on July 13, 2018. AVAD Canada was the Canadian operating affiliate of the North American business of AVAD, a wholesale distributor of a variety of electronic equipment and accessories. The Company had warehouses located in Mississauga, Ontario (the “Mississauga Warehouse”) and Calgary, Alberta (the “Calgary Warehouse”, collectively the “Warehouses”). On or around March 17, 2021, substantially all of the business and assets of the United States affiliates were sold (the “US Sale Transaction”). The US Sale Transaction did not include AVAD Canada and resulted in the formation of a new US entity, Surf Opco LLC (“NewCo”). Upon completion of the US Sale Transaction, AVAD Canada’s operations were determined to no longer be viable.
4. The Receivership Order was granted pursuant to an application by MidCap Funding IV Trust (“MidCap”), as agent for secured lenders who are owed approximately \$525,400 US pursuant to a Credit and Security Agreement dated October 2, 2018 (the “MidCap Loan”). The MidCap Loan was secured by a general security agreement also dated October 2, 2018 (the “MidCap Security”).

Accordingly, the Receiver does not express an opinion, nor does it provide any other form of assurance on the financial information of the Company. The Receiver may refine or alter its observations as further information is obtained or brought to its attention after the date of this report.

6. All amounts included herein are in Canadian dollars unless otherwise stated.

SALE OF ASSETS

Sale Process

- 9. A sale process was undertaken by the Receiver with respect to the Assets (defined above as the “Sale Process”). The timeline used by the Receiver for the Sale Process, as amended, is summarized below:

Milestones	Estimated deadlines
Issuance of an Information Summary (the “Summary”) and non-disclosure agreement (the “NDA”)	March 29, 2021
Data room access granted upon receipt of a NDA	Beginning March 29, 2021
Due diligence period for potential bidders	March 29 to May 7, 2021
Deadline for receipt of offers for sale/ proposals for auction/ liquidation (the “Deadline”)	May 7, 2021
Selection of successful offeror(s)	May 12, 2021
Closing of transaction (dependent on the timing of Court approval)	May 26, 2021

- 10. The information summary (the “Summary”), a copy of which is attached hereto as “Appendix 1”, was sent via email to approximately 80 interested parties (including 10 known auctioneers/ liquidators). The Summary was circulated beginning on March 29, 2021. It was also posted on the Receiver’s Website and the Sale Process was advertised in the Globe and Mail on April 9, 2021.
- 11. Approximately 22 interested parties, who had executed the required NDA were granted access to an electronic data room. Of those interested parties who submitted the NDA, approximately seven viewed the Assets.

12. At the Deadline, the Receiver received 11 offers (the “Offers”) from seven interested parties (the “Offerors”). Six of the Offerors were auctioneers and one was a corporate buyer. The Offerors submissions are detailed in the Confidential Report and summarized below:
 - 12.1. Three included offers for outright purchase as well as auction proposals that provided net minimum guarantees (“NMG(s)”);
 - 12.2. Two included offers to auction the assets based on a straight commission. One of those offers also included a NMG option; and
 - 12.3. Two additional offers were received for the outright purchase of the Assets, one from an auctioneer and one from a corporate buyer.
13. The Sale Process was conducted over a five-week period. The Receiver is of the view that the Sale Process was fair, reasonable and transparent, provided sufficient market exposure and generated the highest and best value for the Assets.
14. Following the Deadline, the Receiver contacted selected of the Offerors to clarify the terms of their Offers, as further set out in the Confidential Report. Following the final review of the Offers, the Receiver entered into the Auction Agreement.

Auction Agreement

15. Based on the Offers received and the Receiver’s further discussions with Infinity, the Receiver entered into the Auction Agreement. A redacted copy of the Auction Agreement is attached as “Appendix 2’ hereto. An unredacted copy of the Auction Agreement is attached to the Confidential Report. The contents of the Auction Agreement are summarized below:
 - 15.1. Infinity will dispose of the Assets via online auction(s) (the “Auction(s)”) with the Assets being available for viewing and pickup at the Warehouses. The Auctions must be completed such that the Calgary Warehouse can be vacated by July 15, 2021 and the Mississauga Warehouse can be vacated by July 23, 2021.
 - 15.2. The NMG included in the Auction Agreement is disclosed in the Confidential Report. Following payment of the NMG, Infinity is entitled to retain additional sale proceeds up to a set amount. Any proceeds over that amount will then be split with 85% being payable to AVAD Canada and 15% being payable to Infinity (the “Overage”). The Receiver notes that there may be revisions to the NMG based on any required amendments to the asset listing or material changes to the condition of the Assets.
 - 15.3. Infinity was required to pay a deposit (the “Deposit”) upon execution of the Auction Agreement. The Auction Agreement was executed on May 20, 2021 and the Deposit was provided to the Receiver.

- 15.4. The balance of the NMG will be paid in full two days prior to the Auctions and any Overage will be paid within 21 days of the Auctions being completed.
- 15.5. The Auction Agreement is conditional upon Court approval.
16. The Receiver is supportive of the sales contemplated in the Auction Agreement, based on the following:
 - 16.1. The Sale Process was reasonable in the circumstances and the Assets were adequately exposed to the market;
 - 16.2. Based on the Offers, the Auction Agreement is anticipated to provide the most beneficial recovery to creditors. As further set out in the Confidential Report, the Infinity Offer provides the highest NMG and provides the potential for additional upside recovery depending on the outcome of the Auctions;
 - 16.3. Infinity's marketing of the Assets will create a platform for AVAD Canada to maximize recoveries derived from the Assets and ensure that the consideration to be received by the Assets is reasonable and fair taking into account their market value and condition;
 - 16.4. The Receiver notes that the value of the Assets was impacted by the fact that selected inventory was obsolete and the piecemeal nature of the available inventory;
 - 16.5. The Auction Agreement is unconditional except for Court approval;
 - 16.6. The sale is being completed on an "as is, where is" basis with no surviving representation or warranties being made by the Receiver; and
 - 16.7. Infinity is entitled to retain and charge purchasers at the auctions a buyers' premium of 18% of the purchase price.

SEALING OF THE CONFIDENTIAL REPORT

17. The Confidential Report contains the details of the Offers and a copy of the unredacted Auction Agreement, which discloses its commercial terms, including the NMG and the Overage (collectively, the "Confidential Details"). At the May Hearing, the Receiver is seeking to seal the Confidential Report in order that the market for the Assets will be preserved such that Infinity has the ability to auction the Assets in a profitable manner or in the event that the Auction Agreement is not completed as contemplated..
18. The only information in the Auction Agreement in relation to which a Sealing Order is being sought are the Confidential Details and there are no reasonable alternative measures to sealing this information.

INTERIM STATEMENT OF RECEIPTS AND DISBURSEMENTS

19. Attached as “Appendix 3” is an Interim Statement of Receipts and Disbursements for the period ended May 17, 2021 (the “Interim R&D”). As reflected in the Interim R&D, as at May 17, 2021, approximately \$238,800 was being held in trust by the Receiver (before consideration of the Cambridge Payment).
20. The Interim R&D reflects total receipts of approximately \$396,700. The Receiver highlights the following with respect to these receipts:
 - 20.1. The Receiver collected approximately \$234,500 from accounts held at Scotiabank and JP Morgan Chase Bank. AVAD Canada continues to hold one bank account at JP Morgan Chase Bank with a balance of \$655,800 (the “JMCB Account”). The Receiver has authorized that the MidCap Distribution be drawn from the JMCB Account pursuant to paragraph 26 of the Receivership Order.
 - 20.2. To date, approximately \$140,900 has been collected from the AVAD Receivables (including applicable taxes).
21. The Interim R&D reflects total disbursements of approximately \$157,800. The Receiver highlights the following with respect to these disbursements:
 - 21.1. Receiver’s Fees totaling approximately \$64,900 for period ended March 29, 2021 had been paid; and
 - 21.2. Rent of approximately \$67,400 was paid for the Warehouses for the period ended May 31, 2021.

CAMBRIDGE PAYMENT

22. The amount held in trust by the Receiver includes approximately \$65,600 (the “Cambridge Payment”) that was transferred by Cambridge to AVAD Canada immediately prior to the Filing Date. The Cambridge Payment was transferred into the Company’s account at Scotiabank (the “Scotiabank Account”). The Receiver has confirmed that Cambridge did not have a relationship with AVAD Canada and the Cambridge Payment was made in error. Although additional withdrawals cleared the Scotiabank Account following receipt of the Cambridge Payment, funds exceeding the Cambridge Payment were held in the Scotiabank Account on the Filing Date.
23. Following consultation with its legal counsel, the Receiver’s view is that the Cambridge Payment is recoverable as against the estate of AVAD Canada on the basis of a resulting trust, and the Receiver is accordingly seeking approval for the return of the Cambridge Payment on the basis that the Cambridge Payment was made in error and did not constitute an asset of AVAD Canada.

PROFESSIONAL FEES

24. The Receiver's fees for the period to April 30, 2021 total approximately \$123,600 plus HST. The Affidavit of Vanessa Allen sworn May 20, 2021 as to the fees of the Receiver is attached hereto as "Appendix 4." The Receiver estimates \$50,000 plus HST to complete the administration of the receivership. The Receiver's Fees, including the estimate to complete the administration of the estate, total approximately \$173,600 plus HST for a total of approximately \$199,700.
25. GSNH's accounts to April 30, 2021 total approximately \$7,150 plus HST. An Affidavit of Brendan Bissell as to the fees of GSNH will be provided to the Court in advance of the May Hearing. GSNH estimates \$21,500 plus HST to complete the administration of the receivership. GSNH's fees, including the estimate to complete the administration of the estate, total approximately \$28,700 plus HST for a total of approximately \$32,400.
26. At the May Hearing, the Receiver is seeking approval for the Professional Fees. The Professional Fees have been charged by the Receiver and GSNH at their standard hourly rates and, in the Receiver's experience, are comparable to the standard rates of other providers of similar services in Ontario and Alberta. The Receiver notes that the estimates to complete the administration of the receivership include required preparation for the May Hearing.

MIDCAP DISTRIBUTION

27. Based on a payout statement provided on May 10, 2021, MidCap is currently owed approximately \$525,400 US. As set out above, Paragraph 26 of the Receivership Order indicated that subject to the receipt by the Receiver of an independent legal opinion regarding MidCap's security ("defined above as the "MidCap Opinion"), AVAD Canada's bank accounts that were the subject of any Lockbox Agreement between the Company and MidCap could continue to operate and funds therein could be applied to obligations owing under the MidCap Loan. GSNH completed a review of the MidCap security and determined that it was valid and enforceable and created the only registered security interest over the Assets in favour of MidCap. As noted above, there is currently \$655,800 held in the JCMB Account. The Receiver has authorized MidCap to withdraw sufficient funds from the JCMB Account to repay the MidCap Loan (defined above as the "MidCap Distribution"). Following the MidCap Distribution being completed, the Chase Account will be closed with the residual funds being paid to the Receiver.

CREDITOR CLAIMS

28. In addition to MidCap, AVAD Canada listed the following creditors:
 - 28.1. Canada Revenue Agency ("CRA") currently reflects a claim of approximately \$322,900 for unpaid HST. AVAD Canada's books and records suggest that the outstanding HST balance

is actually \$202,900. The Receiver is working with CRA to locate a payment that may have been misallocated in order to resolve this discrepancy.

- 28.2. AVAD Canada employed 10 employees, who were owed wages totaling approximately \$2,100 (the "Wage Claims") and severance and termination obligations totaling approximately \$73,100; and
 - 28.3. The Company's books and records reflected additional unsecured claims of approximately \$1.1 million.
29. Given that bankruptcy proceedings have been initiated for AVAD Canada, following the MidCap Distribution, the Wage Claims will be the only known priority claim (pursuant to Section 81.4(1) of the BIA).

BANKRUPTCY DISTRIBUTION

30. As noted above, AVAD Canada filed an assignment in bankruptcy on May 17, 2021 that became effective on May 18, 2021. The bankruptcy proceedings were initiated by the Receiver as authorized in paragraph 3. (r) of the Receivership Order. Upon completion of the MidCap Distribution, there will continue to be funds available for distribution to the unsecured creditors. The required claims process and subsequent distributions to unsecured creditors will be completed through the bankruptcy proceedings, for which MNP Ltd. has been appointed as the trustee in bankruptcy. This will streamline the claims process and reduce the go-forward professional fees that are borne by the unsecured creditors.

DISCHARGE OF THE RECEIVER

31. The following administrative matters remain outstanding to complete the administration of the Receivership:
- 31.1. Completing the transaction contemplated in the Auction Agreement;
 - 31.2. Preparing and issuing the Receiver's final report pursuant to Section 246(3) of the BIA;
 - 31.3. Preparing the Final Statement of Receipts and Disbursements that will be attached to the Receiver's Certificate;
 - 31.4. Transferring the net funds available from the Receivership to the Bankrupt Estate for distribution to the unsecured creditors.
 - 31.5. Any other matters incidental to completing the administration of the Receivership.
32. Upon the completion of the matters noted above, the administration of the Receivership will be substantively complete. The collection of any remaining AVAD Receivables will be completed through the bankruptcy proceedings.

33. The Receiver may have some miscellaneous administrative items to attend to post-discharge, however, these items are not material and, in the Receiver's view, should not prevent this Honourable Court from granting the Receiver's discharge. The Receiver recommends that its discharge be approved at the May Hearing in order to avoid the need for another attendance and further professional fees that would erode the recovery of creditors.
34. The Receiver requests that the Court approve the Receiver's discharge subject to the Receiver filing the Discharge Certificate in accordance with the terms of the proposed Order granting the Receiver's discharge.

RECOMMENDATION AND CONCLUSION

35. The First Report has been prepared to provide the Court with information on the following relief sought by the Receiver at the May Hearing:
 - 35.1. Approving the Auction Agreement;
 - 35.2. Sealing the Confidential Report;
 - 35.3. Approving the reported actions of the Receiver in administering these receivership proceedings provided that only the Receiver, in its personal capacity and with respect to its own personal liability, shall be entitled to rely upon or utilize in any way such approvals;
 - 35.4. Approving the Bankruptcy Distribution;
 - 35.5. Approving the Cambridge Payment;
 - 35.6. Approving the Professional Fees; and
 - 35.7. Discharging the Receiver.
36. The Receiver is supportive of the Auction Agreement, the Sealing of the Confidential Report, the Bankruptcy Distribution and the Cambridge Payment for the reasons set-out herein.

All of which is respectfully submitted this 21st day of May 2021.
