

# Accessories

Epson offers a wide range of accessories including spare lamps, active speakers and wall mounts. To view the full range visit [www.epson-europe.com](http://www.epson-europe.com)

## Optional Accessories

ACCESSORY	Interactive Pen ELPPN03A / ELPPN03B	Desktop Visualiser ELPDC20	Table Projection Mount ELPMB29	Spare Lamps ELPLP71
SKU CODE	V12H522001 / V12H523001	V12H500040	V12H516040	V13H010L71
				
ACCESSORY	Air Filter ELPAF40	Active Speakers ELPSP02	Ceiling Mount ELPMB23	
SKU CODE	V13H134A40	V12H467040DA	V12H003B23	
				

## Epson 3LCD technology

Epson 3LCD technology is at the heart of every Epson projector. This Epson developed technology produces images with incredible detail, smooth, natural colour reproduction and an exceptional greyscale range.

## Amazing White and Colour Light Output (CLO)

Delivering up to 3,100 lumens of White and Colour Light Output (CLO), the EB-1400Wi Series creates bright, colourful images even in daylight. As both the White and Colour Light Output are equal, colours are authentic and vibrant. The Colour Light Output specification measures red, green and blue, each on a nine point grid, applying the same method used in the ISO 21118 standard for measuring White Light Output.

\*Compared to leading 1-chip DLP business and education projectors based on NPD data, July 2011 through June 2012. Colour Brightness (Colour Light Output) measured in accordance with IDMS 15.4. Colour Brightness will vary depending on usage conditions. For more information please visit [www.epson.eu/CLO](http://www.epson.eu/CLO)

Brightness (or White Light Output) measures the total amount of white light projected in lumens on a nine point grid. It does not measure colour.

Colour Light Output uses three sets of a nine point grid to measure the primary colours – red, green and blue.

Epson EB-1400Wi and EB-1410Wi

# INTERACTIVE MEETING SOLUTION

Transform your business with Epson's new all-in-one interactive meeting room system. The EB-1400 Series enhances collaboration and productivity by combining ultra-short-throw projection, interactive whiteboard, paper flipchart and more in a single device.

## EB-1400Wi Series

The EB-1400Wi Series digital interactive system makes the audience an integral part of presentations, inspires discussion and enables ideas to be added, saved and shared. The result is a very smooth digital workflow.

- Project big, clear, colourful images with no shadows or glare
- Annotate and enhance presentations with dual interactive pens
- Create an electronic flip chart to support meetings
- Add, copy and delete pages as content is collectively reviewed
- Print documents immediately either locally or to a network resource
- Save created content locally to USB, to a network location, or to an attached PC. Alternatively email content direct from the projector.
- Project data and video simultaneously with split-screen function
- Share PC content with up to four systems across multiple locations
- Easy operation control pad: connect printer / scanner, search input source, capture, print and save content at the push of a button
- Low total cost of ownership (TCO): long lamp life of up to 5,000 hours\*2 and maintenance intervals of up to 5,000 hours\*3

**The complete digital solution**

Capture content from external sources, share and consolidate using interactive projection and Epson's easy interactive tools, then save, print or e-mail to distribute content effectively.

**Project big screen images up to 100in from close-up**

**Annotate directly onto the projected image with dual pens**

**Send presentations / minutes and more directly via email**

**iProjection app enables wireless projection from both iOS and Android mobile devices**

**Easy wireless connection saves setup time**

**Save presentations / minutes and more directly to USB memory\*5**

**Print the meeting memo instantly from the projector**

**Connectivity**

\*1Futuresource Consulting Ltd. \*2Lamp life when projector is operated in Eco mode. \*3When used in the general office environment (the amount of floating dust: 0.04 – 0.2mg/m<sup>3</sup>). Based on Epson's in-house test results. \*\*The warranty can be extended up to 5 years for the projectors and up to 5 years for the lamps or 3,000 hours (whichever comes first) with the Epson CoverPlus Packages. Warranty offers are not available for all countries. Please contact your local Epson representative. \*4Content can be saved as PDF or single page png file. Files may be saved locally to a USB key or to a pre-defined network folder.
