CONTRACT NO.: Various CONTRACTOR: Various

ALL STATE AGENCIES AND OTHERS AUTHORIZED TO USE STATE CONTRACTS:

Intel Chip Shortage:

Intel Corporation has announced a supply chain shortage of the Intel processor chips offered by many Hardware Manufacturers that are on the Manufacturer Umbrella Contract. This CPU shortage has been ongoing since September 2018 and could potentially affect the delivery of tablets, workstations, desktops, and notebook computers purchased under the Manufacturer Umbrella Contract and the Aggregate Agreement 18-01. Delays related to the shortage should be reported to the OGS Aggregate Buy team at OGS.sm.PS.AggregateBuy@ogs.ny.gov

As state and local agencies near the end of the fiscal year, Authorized Users are advised to take the foregoing information into account when planning procurements. OGS encourages Authorized Users to forecast demand for their agency and submit single large orders vs. submitting multiple small orders wherever possible.

The OGS Aggregate Buy team is attempting to inventory Authorized Users' forecasted demand through the end of the fiscal year (March 31, 2020) to help facilitate procurement efforts. If Authorized Users are aware of any large forthcoming purchases (such as those involved in a system refresh), they are strongly advised to share that information with the OGS Aggregate Buy team at OGS.sm.PS.AggregateBuy@ogs.ny.gov.

Intel Corporation's open letter to their customers and partners can be found on their website.
