Pietraia

(ambienti aridi e rocciosi)

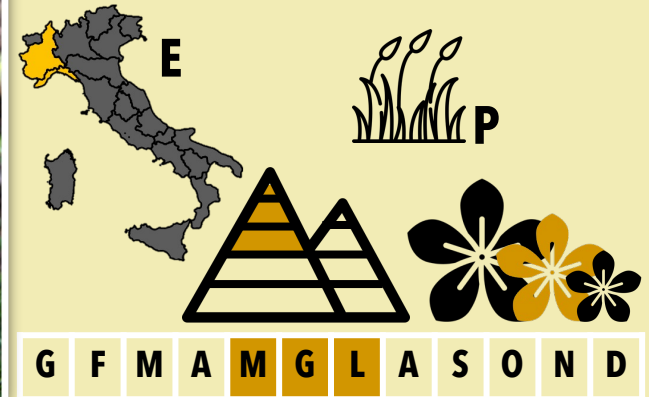

I FIORI RARI E/O ENDEMICI DELLE ALPI LIGURI

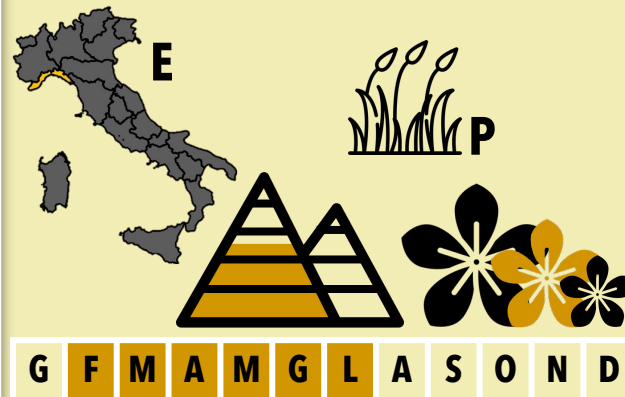

Meleagride piemontese o Fritillaria involucreta (*Fritillaria involucreta*)

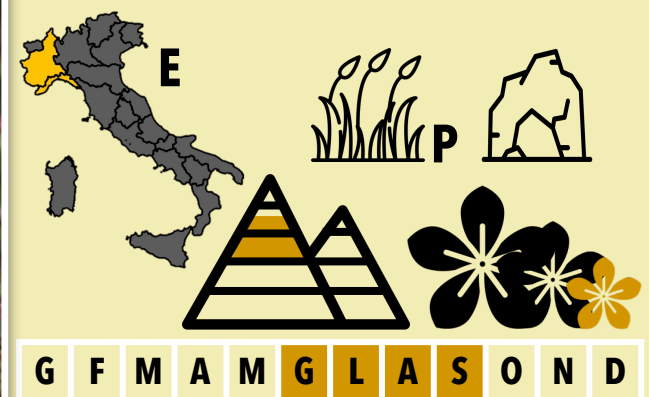

Fritillaria di Moggridge (*Fritillaria tubaeformis* subsp. *moggridgei*)

Giglio pomponio (*Lilium pomponium*)

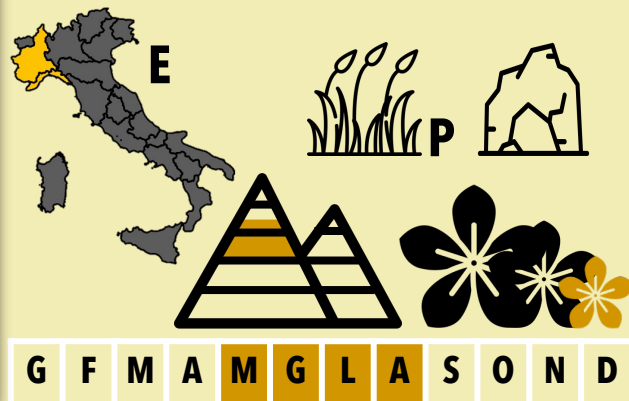

Issopo delle Alpi Marittime (*Micromeria marginata*)

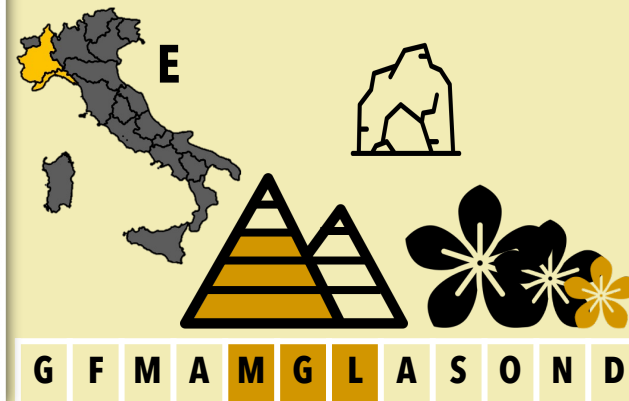

I FIORI RARI E/O ENDEMICI DELLE ALPI LIGURI

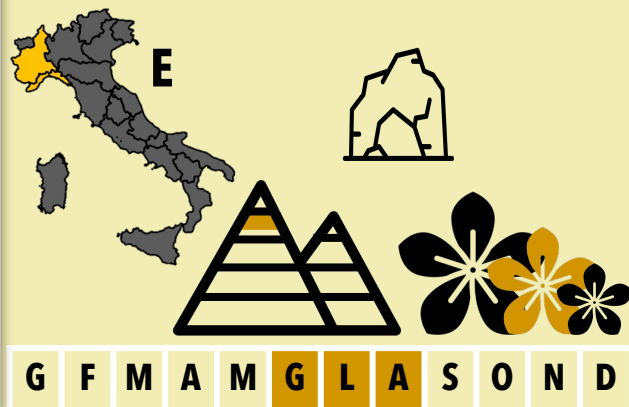

Camedrio lucido
(*Teucrium lucidum*)

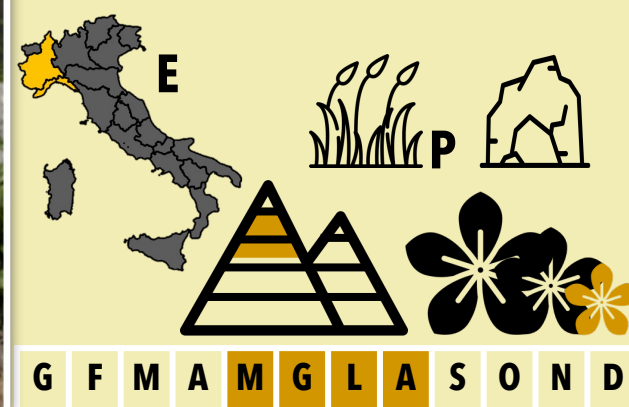

Campanula della Riviera
(*Campanula macrorrhiza*)

Raponzolo delle Alpi Marittime
(*Phyteuma cordatum*)

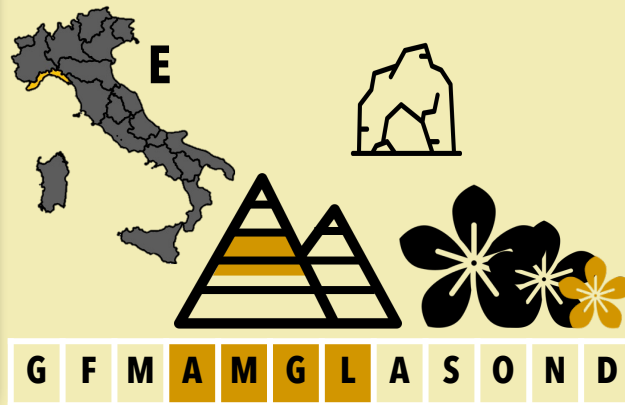

Viola di Valdieri
(*Viola valderia*)

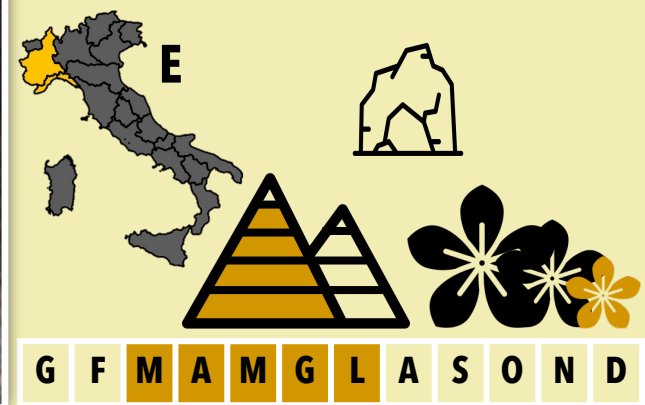

I FIORI RARI E/O ENDEMICI DELLE ALPI LIGURI

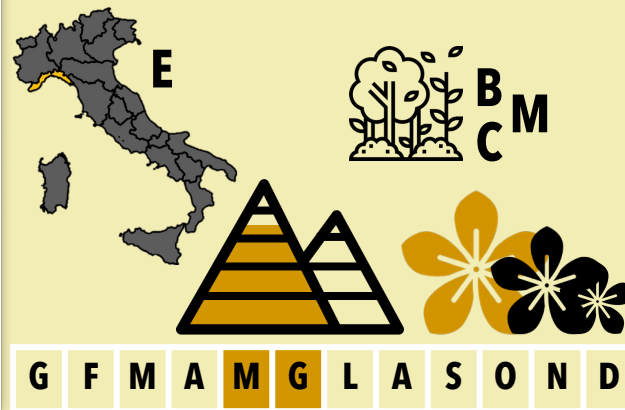

Moehringia di Le Brun
(*Moehringia lebrunii*)

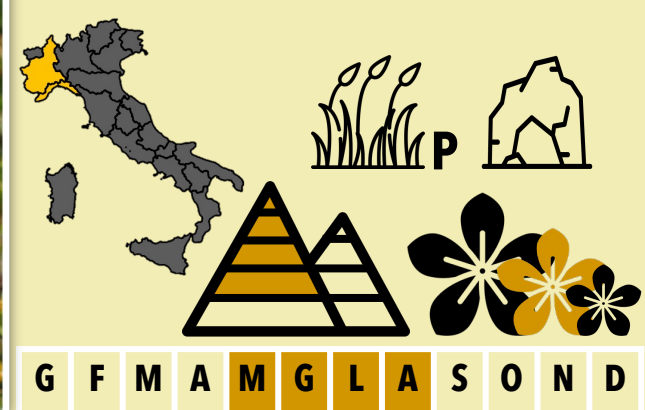

Moehringia a foglie di Sedum
(*Moehringia sedoides*)

Peonia di Huth
(*Paeonia officinalis* subsp. *huthii*)

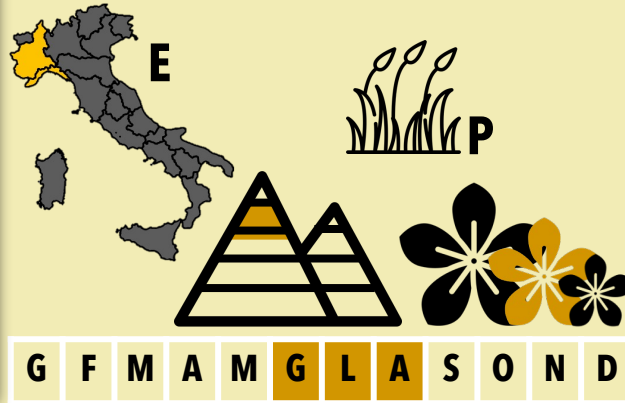

Aquilegia di Reuter
(*Aquilegia reuteri*)

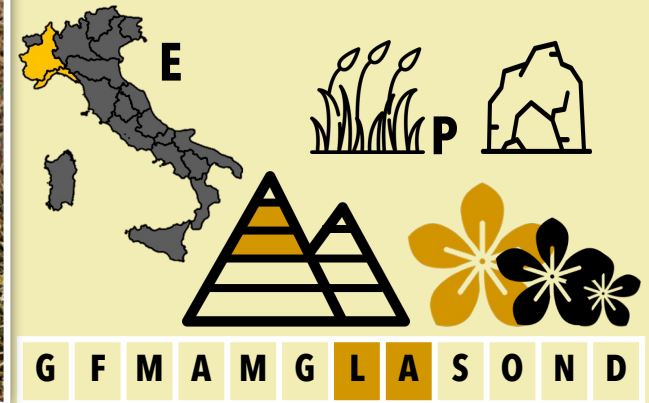

I FIORI RARI E/O ENDEMICI DELLE ALPI LIGURI

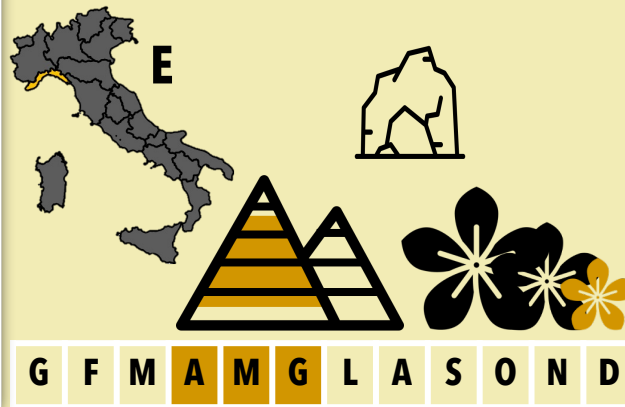

Rapòntico di Bicknell
(*Rhaponticum bicknellii*)

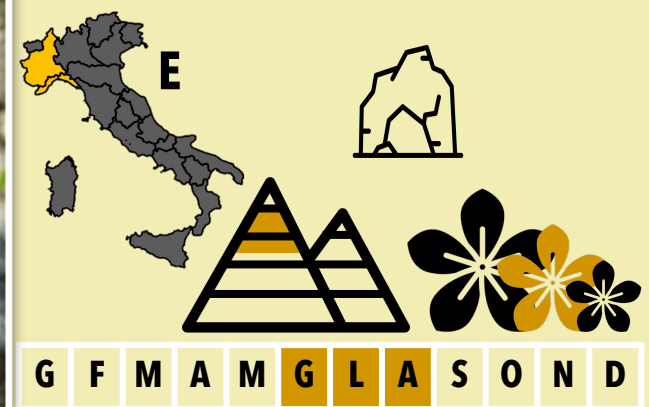

Eringio spina-argentina
(*Eryngium spinalba*)

Timelea ligure o dioica
(*Thymelaea dioica*)

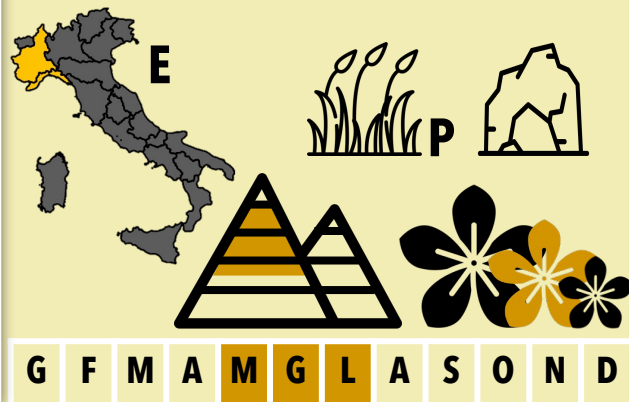

Aglio piemontese o Aglio a fiori di narciso
(*Allium narcissiflorum*)

I FIORI RARI E/O ENDEMICI DELLE ALPI LIGURI

Genziana ligure
(*Gentiana ligustica*)

Primula impolverata
(*Primula marginata*)
