# CAT6a Patch and Bulk Cables

## CAT6a Solutions

- 10Gbps transmission to 100m for 10GBase-T applications
- Meets all alien crosstalk reduction specifications -  
Not affected by wire in adjacent cable
- Compliant to industry standards - Official TIA/EIA-568-B.2-10 and ISO/IEC 11801-compliant
- Performance tested - Tested to exceed 500MHz

For more information, visit

and Patch Panels

# Fiber Cables

## Fiber Optic Patch Cables

- Ensures the performance and reliability of servers, storage, and network switches
- Lifetime Warranty

## Belkin Build-To-Order Service

Belkin can manufacture virtually any cable type, length, or color. Contact your Belkin team today to get pricing and lead times.

## Fiber-Connection Types

**ST** – The ST connector uses a push-and-turn-to-lock system.

**LC** – The LC connector features a small form factor and resembles the SC connector.

**SC** – The SC connector has a molded, plastic plug casing and a push/pull locking system.

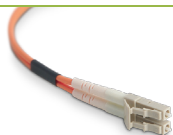

**MT-RJ** – The MT-RJ connector is a small form-factor connector with a square plastic casing that contains both fiber strands into a single polymer ferrule.
