Selecting VMCAS Programs

▶ Before Selecting a Program

- ▶ **Check the program's deadline requirements.** Ensure you have enough time to apply. Determine if VMCAS or your program requires recommendations, transcripts, or other supplementary materials - if so, these must be received prior to the deadline for your application to be considered complete. Once your application is complete, it takes on average two weeks to be verified.
- ▶ **Confirm your eligibility.** Research the program and determine if you are eligible to apply. Contact the program directly if you have any questions regarding your eligibility. We do not verify prerequisites and requirements, so it is your responsibility to ensure you are eligible.
- ▶ **Confirm that the program still has seats available.** Some programs fill their classes prior to their posted deadline, even if they do not specifically state they offer rolling admissions. We strongly encourage you to contact your programs and ensure seats are still available before submitting your application. We cannot offer refunds if a school you selected has already filled its class, nor can we transfer the payment to another program.

Adding a College or University

- ▶ Click **Add a College or University**.
- ▶ Type and select your college or university. It may take several tries to find your school, especially if it shares its name with others or could be spelled differently. For example, if you attended "Saint John's University," you may need to try "Saint John," "St. John," or "St John" (no period) to bring the school up on the list. If you exhausted all options and it does not appear, select **Can't find your school?**
- ▶ Select if you obtained (or plan to obtain) a degree from the selected institution.
 - ▶ If you earned or plan to earn a degree, provide details about the earned or expected degree.
 - ▶ Click **Add another Degree** to add additional degrees for this same college or university.
- ▶ Select your college's or university's term system. You can usually find this on the back of your official transcripts, or you can contact your college's registrar.

 - ▶ If your transcript lists some courses as quarter and others as semester, enter the term type that is most common (i.e., if you have six quarter terms and two semester terms, enter quarter).
- ▶ Select if you are still attending your institution. Enter dates of the first and last (if applicable) terms you attended. Be sure to only enter each college or university you attended once, regardless of gaps in your attendance there.
- ▶ Click **Save** to complete the entry.

Official Transcript ⓘ	Not Yet Received Order
-----------------------	--

⚠ Transcripts Are Required

You can submit your application before transcripts are received. However, you must submit all required transcript and foreign evaluation types in order to complete your application.

Your programs require specific transcript types from your colleges and universities attended.

Sending Transcripts

For each college or university entered, click **Order** and select if you are ordering electronic transcripts (recommended) or submitting a transcript via mail. See [Sending Official Transcripts to VMCAS](#) for more information.

Note that if you attended a foreign college or university - and depending on your program's requirements - you may be required to send a foreign evaluation. See [Sending Official Transcripts to VMCAS](#) for more information.

Requirements

- ▶ Transcripts must be sent to VMCAS from all US and English-speaking Canadian institutions you listed in the **Colleges Attended** section of your application, even if the courses later transferred to another institution. We cannot process your application without receiving all of your transcripts.
- ▶ Do not send foreign transcripts (non-US/non-English-Canadian). This includes transcripts from Caribbean and French-Canadian schools. We cannot accept these documents and they will be destroyed. See the **Foreign and French-Canadian Transcripts** section for more details.
- ▶ Transcripts must be original. Transcripts that are photocopied, faxed, on file at a career center or Interfolio, etc. are not accepted.
- ▶ Transcripts must be addressed to VMCAS. Transcripts addressed to you, a program, school, or any address other than VMCAS are not accepted.
- ▶ Transcripts must be mailed by your registrar. For security purposes, we cannot accept transcripts mailed by you or anyone other than the registrar. If anything on your transcript indicates that it was issued to the student, picked up by you, or mailed to any address other than VMCAS, your transcript will be rejected and you will need to send a new one.
- ▶ In rare occurrences where a school's computer system can only include the applicant's name in the transcript's Issue to field, instruct the registrar to mail the transcript to VMCAS and include a letter stating the registrar's policy for addressing transcripts. Transcripts will not be accepted without this letter. Additionally, the transcript cannot have an "Issued to Student" or "Student Copy" stamp and cannot be picked up by the applicant.

Sending Transcripts Electronically

- ▶ In rare cases, if your institution cannot submit official transcripts by mail or electronically from Credentials Solutions, Parchment, or National Student Clearinghouse due to the COVID-19 pandemic, we can accept official transcripts sent via email from the Registrar directly. Your institution can contact the Customer Service team for more information.
- ▶ We cannot accept transcripts sent via email from applicants.
- ▶ VMCAS only accepts electronic transcripts from Credentials Solutions, Parchment, and National Student Clearinghouse. If your school does not offer any of these services, your transcript must be sent by mail.
- ▶ If your school requires that you use a service other than Credentials Solutions, Parchment, or National Student Clearinghouse, you should ask that service to mail the transcripts instead of sending them electronically. Since you cannot include the Transcript Request Form, you should include your full VMCAS ID number when entering the VMCAS mailing address.
- ▶ When using any of these services, select VMCAS as the recipient. If you can't select VMCAS and instead are asked for an email address, your transcript must be sent by mail. Do not send your transcript to the VMCAS customer service email.
- ▶ **UGA uses Parchment:**
 - ▶ **Parchment**
 - ▶ [Click here](#) to see if your school offers the Parchment service. If your school is not listed, your transcript must be sent by mail. Otherwise, follow the instructions to proceed. Once your transcript is requested, it takes up to seven business days for it to post to your application. If your transcript is not posted after this timeframe, contact Parchment directly to confirm the order was completed, then contact customer service.

2. Copy the “Transcript ID,” and copy it into the official transcript request form.
3. Request **ALL** transcripts the moment the application opens.

NOTE: Please list any alternate names used such as nickname, maiden name, or name variance in the Alternate Name field under the Biographic section of the application.

***Monitor the application to ensure the transcript is received. It is the applicants responsibility to monitor their application for transcript receipt, even after the application is submitted. VMCAS will **NOT** notify applicants concerning missing transcripts. If it has been longer than **10 business days** since the transcript was mailed and it has not been posted, the materials should be resubmitted. The status of all transcripts can be view in the **“Check Status”** tab at the top of the application home screen.

The screenshot displays the VMCAS application interface. At the top, there are three tabs: 'Add Program', 'Submit Application', and 'Check Status'. The 'Check Status' tab is highlighted with a yellow circle and has a notification icon (a blue circle with a white '1') above it. Below the tabs, the 'Overall Status' section is visible. Underneath, there is a 'Transcripts' section with a dropdown arrow. It shows a list of transcripts with the following details: 'UNIVERSITY OF GEORGIA' and 'August 2017 - Still Attending'. To the right of this entry, the status is 'Not Arrived', which is also circled in yellow. Above the 'Not Arrived' status, it says 'Arrived 0 of 1'.

VMCAS Transcript Entry

► Requirements

- Reporting coursework accurately is your responsibility. Since credit values, grade values, and course subjects vary widely from school to school, your programs need some type of standardization so they can accurately compare applicants. This standardization is achieved by using your coursework to create a standard set of GPAs, ensuring you are compared to other applicants fairly and equally.
 - Complete the **Colleges Attended** section before entering your courses.
 - Report all courses on your transcripts, not just prerequisites. Be sure to include courses from which you withdrew, repeated courses, ungraded labs, test credits, gym courses, orientations, or other non-graded courses.
 - Use official copies of your transcripts. Coursework must exactly match your official transcripts; don't use an unofficial version, like a printout from your school's website. List your courses under the correct term, year, and class level. Department prefixes and course numbers must precisely match those on your transcripts.
 - Enter courses under the institution where you originally took the course, exactly as they appear on the original school's transcript. Don't list courses under the school in which the credits were transferred. You may need to go back to your Colleges Attended and add a school to enter the transfer credits for.
- Note that if you don't want to enter all your coursework yourself, our specialists can enter it for you for an additional fee. See the **Professional Transcript Entry Service (PTE)** topic for more information.

VMCAS Transcript Entry

▶ Enter a Term

1. Click **Start** to begin entering courses for a college or university.
2. Add a semester, quarter, or trimester depending on the term system you selected in the **Colleges Attended** section.
3. Select a term.
4. Select a year. Options are based on the time spans you selected in the **Colleges Attended** section.
5. Select an academic status. Academic status refers to your status during the term you are inputting, not your current status. Refer to the list of Academic Status definitions below for more information. If you're entering courses for a term that is currently in progress or planned, select **In Progress/Planned**.
6. Click **Save**.
7. Continue adding terms, as needed.

▶ Academic Status Definitions

- **Freshman-Senior:** Applies to all college- or university-level courses taken prior to your first bachelor's degree. In general, four-year students should list one year per designation and five-year students should list their last two years as senior. Non-traditional students should label their terms as evenly as possible in chronological order.
 - Dual enrollment courses (college courses taken during high school) are considered Freshman and should be listed under the college where you took them. Do **not** report these courses again as transfer credits at your undergraduate institution.
- **Post-Baccalaureate:** Applies to undergraduate level courses taken after your first bachelor's degree is earned. If you earned a second bachelor's degree, that is considered post-baccalaureate.
- **Graduate:** Applies to master's degree- and doctorate degree-level work only, regardless of whether the degree was earned. Work such as that taken in pursuit of a Ph.D, MD, PharmD, JD, JurisD, LL.D, DC., etc. are considered doctorate degree-level.

VMCAS Transcript Entry

▶ Enter Courses for a Completed Term

- ▶ Click **Add A Course** under the appropriate term.
- ▶ Enter the course code. Department prefixes and course numbers must exactly match what appears on your official transcript.
- ▶ Enter the course title. You can abbreviate it if it does not fit in the text box.
- ▶ Select the course subject. If you're unsure, make your best guess; our team will help you if it doesn't match.
- ▶ Enter the course credits exactly as they appear on your transcript. See the **Course Credits** section below for more details.
- ▶ Enter the grade exactly as it appears on your transcript, including any pluses or minuses.
 - ▶ If your grades are listed as "BA," "CB," or "DC," you must list them as "AB," "BC," and "CD" in order for the system to recognize them.
 - ▶ If your grades are listed as numbers (e.g., 93), enter them exactly as they appear on your transcript. They will automatically convert to the equivalent CAS letter grade.
- ▶ The **CAS Grade** populates automatically. This allows us to standardize your coursework for all programs and cannot be edited.
- ▶ Click **Save**.
- ▶ Continue adding courses, as needed.

▶ Enter Courses for an In-Progress or Planned Term

- ▶ You should enter any courses that you are currently taking or plan to take in the near future. This is not required, but is strongly recommended, as some programs require it. Note, however, that any term containing In Progress/Planned courses cannot be marked as complete; the entire term must be marked as In Progress/Planned. Contact your programs to determine if they require planned or in-progress coursework to be listed. Once you complete in-progress courses, you can update them in the application.
- ▶ Make sure that you selected **In Progress/Planned** for the term you're listing the course under. This alerts the system that you aren't required to enter a grade for this course.
- ▶ Enter the course code.
- ▶ Enter the course title. You can abbreviate it if it does not fit in the text box.
- ▶ Select the course subject. If you're unsure, make your best guess.
- ▶ Enter the expected course credits. Depending on the format of your credits, you may need to convert them. See the **Course Credits** section below for more details.
- ▶ Click **Save**.
- ▶ Continue adding courses, as needed.

Credits

▶ Enter Narrative Transcripts

- If your institution uses a narrative transcript, enter your coursework as described above. If the transcript lists "suggested" credits and/or grades, be sure to enter those as well; otherwise, list the course credits as "0.0" and the grades as "Pass."
- Your programs will see the list of classes you took, along with a copy of the official narrative transcript that you submit.
- **Course Credits**

▶ Semester, Trimester, and Quarter Credits

- If your course credits are mostly in "3.0," "4.0," or "5.0" format, then your transcript is listing normal semester, trimester, or quarter credits and no conversion is necessary. Enter the credits exactly as they appear on your transcript.

▶ Unit Credits

- If all of your course credits are listed in "1.0" or "0.50" format, then your transcript is listing credit units and you need to perform a conversion. Check the back of your transcript for a conversion ratio, which will say something like "1 unit is equivalent to 4 semester hours."
- If there is no conversion on the back of your transcript, contact your registrar's office to determine the conversion ratio. Then, convert the credits by multiplying the number of units listed on your transcript by the conversion factor. For example, if your conversion is 1 unit = 4 hours and your transcript lists 1 unit for a course, you would enter 4.00 credits on your application. If 0.50 is listed, you would enter 2.00.
- Review **VMCAS Grade Value Charts** to view some Canadian institutions' unit conversion ratios.

Credits

▶ Lab Credits

- If your transcript lists labs separately, you must list them as separate courses on your application as well. Record the labs exactly as they appear on your transcript. If your transcript combines lab and lecture courses into one course, list it as one course on your application.

▶ Test Credits

- You can only list test credits if they were awarded by one of the schools you attended, and they appear on your transcript. Test credit types include Advanced Placement (AP), International Baccalaureate (IB), CLEP, DANTE, Regents, and courses you "tested out of" at college or university. List these credits under your first term at the school that awarded you the credit and enter "CR" as the grade. If no course prefix or number appears on the transcript, enter "N/A" for Not Applicable.
- Be sure to designate these test credits appropriately in the Transcript Review section (below).

Course Types

▶ Enter Course Types (Transcript Review)

- Once you enter and save all your courses, click **Review & Finalize My Transcripts**. Your next step is to designate specific courses as study abroad, Advanced Placement, repeated, etc. You must complete Transcript Review before you can add prerequisites in the Program Materials section.

▶ Primary College

- Identify your primary undergraduate institution. This is typically considered the college or university where you earned (or will earn) your first Bachelor's Degree. If no degree is planned, select the college or university where you completed the majority of your undergraduate coursework.

▶ Repeated Classes

- Indicate if you repeated any of your courses. Courses should only be marked as repeated if you repeated them at the same institution (i.e., you retook the course for a higher grade). Withdrawn courses, courses taken at different schools, and courses taken multiple times for new credit (i.e., school band, physical education, etc) are not considered repeated.
- Record full credit values and grades for all repeated courses. VMCAS is required to include all repeated courses in GPA calculations, regardless of an institution's or state's academic forgiveness policies.
- If you repeated courses, select **Yes** and click **Continue**. Then, click the plus sign next to the repeated courses for each college or university you attended.

Course Types

▶ Advanced Placement Credit

- Indicate if you received Advanced Placement (AP) credit on the College Board Advanced Placement Exams for any of your courses.
- If you received AP credit, select **Yes** and click **Continue**. Then, click the plus sign next to the advanced placement courses. Be sure to only select courses that are clearly marked as AP on your transcript.

▶ Other Test Credit

- Indicate if you received credit for tests other than the AP exam, including International Baccalaureate (IB), CLEP, DANTE, Regents, or Institutional/Departmental exams (i.e., courses you "tested out of" at college or university).
- If you received test credits, select **Yes** and click **Continue**. Then, click the plus sign next to the courses. Be sure to only select courses that are clearly identified as test credits on your transcript.

▶ Honors Courses

- Indicate if you took any honors courses, which are generally college or university courses taken at an honors level. These are usually designated with an "H" in the course number on your transcript. Note that earning Latin honors upon graduation does not mean your courses are retroactively considered "Honors."
- If you took honors courses, select **Yes** and click **Continue**. Then, click the plus sign next to the courses. Be sure to only select courses that are clearly identified as honors on your transcript.

▶ Study Abroad Courses

- If you studied abroad, indicate the courses you took as part of your institution's study abroad program. Refer to the Sending Transcripts section for more information.
- If you studied abroad, select **Yes** and click **Continue**. Then, click the plus sign next to the courses.

Professional Transcript Entry

If you prefer not to enter all your coursework yourself, the Professional Transcript Entry Service (PTE) specialists can enter it for you for an additional fee. This service is only available for completed coursework from accredited schools. Coursework from unlisted schools, foreign coursework, and planned/in-progress courses are ineligible for PTE and must be entered by you.

Note that the PTE specialists only enter the information listed on your official transcripts and do not correct errors for coursework you have already entered. If you entered coursework and made a mistake or did not report an institution, these errors will be communicated to you during the verification process, at which point it will be your responsibility to correct them.

Note that PTE is not available until programs are open for selection on **May 11, 2023**

If you choose to use PTE, be aware that you must order it by **August 10, 2023**.

The screenshot shows a web interface for 'Transcript Entry'. At the top left, there is a circular progress indicator with a graduation cap icon and the text '2/4 Sections Completed'. Below this are two blue buttons: 'High School Attended' and 'Colleges Attended', both with checkmarks. A 'Transcript Entry' button is also visible. A blue banner with a play icon says 'Need help with Transcript Entry? Watch this video.' The main content area is titled 'Professional Transcript Entry' and contains several sections: 'What is this?' with a tip to save time; 'How long does it take?' with a calendar icon and a 10-business-day notice; 'Why should I use it?' with three bullet points about time-saving, focus, and accuracy; 'How much does it cost?' with a price list; and 'How can I learn more?' with a link. At the bottom, there is a question 'Would you like to use Professional Transcript Entry?' with two radio button options: 'Yes, I'd like to have my transcripts entered' and 'No thanks, I'll handle it myself'. A 'Continue' button is at the very bottom.

Professional Transcript Entry

- ▶ **Fees:** Fees for PTE are as follows:
 - 1-3 transcripts: \$75 - 4-6 transcripts: \$100 - 7 or more transcripts: \$150
 - ▶ These fees apply only to coursework entry and are in addition to regular application fees. Fee waivers and coupon codes are not available for PTE. Additionally, your PTE payment cannot be transferred to another cycle (e.g., re-applicants, applicants applying in multiple cycles, etc.).
- ▶ **Process:** To successfully sign up for PTE, complete the following required steps:

1. Enter any coursework that is not eligible for PTE.

Before the PTE process can start, you must enter any coursework that is ineligible for PTE. Ineligible coursework includes planned or in-progress courses and courses taken at unlisted US schools. We cannot enter these courses on your behalf and they must be entered by you before you pay for PTE.

Note that once you make your PTE payment, you will be unable to enter any additional planned/in-progress courses until the verification process is complete.

2. Send us your official transcripts.

We must receive all required transcripts before PTE can begin. See [Sending Official Transcripts to VMCAS](#) for more details. Monitor your application to ensure your transcripts are received. On average, it takes up to seven business days from the date we receive your transcripts to post them to your application. Once your transcripts post, you will receive a confirmation email and you can view your transcript receipt dates on the [Check Status](#) tab.

3. Sign up and pay for PTE.

Click [Tell Me More](#) at the bottom of the [Transcript Entry](#) page and follow the prompts to sign up for PTE and enter your payment information. Payments are non-refundable and can only be made online via credit card. After making your payment, you can continue adding colleges attended for PTE until you submit your application. You cannot add any colleges attended for PTE once your application is submitted or during the Academic Update period (if applicable).

4. Submit and complete your application

Before PTE, you must submit and pay for your application. Once your application is submitted and we receive your transcripts, we will begin work on your application within ten business days. Note that applications are placed in line for PTE on a first-come, first-served basis.

Professional Transcript Entry

▶ Turnaround Time

- Once all the requirements are met, it may take up to ten business days for transcript entry to be completed. Your application will not be given a Complete Date and moved into the verification queue until your coursework entry is approved, at which point it can take up to an additional two weeks to be verified. Please keep these turnaround times and your program's deadline requirements in mind. We are not responsible for missed deadlines due to PTE procedures or turnaround times.

▶ Reviewing and Approving Your Coursework Entry

- You will receive a notification once your PTE is complete. You should then review the coursework entered by the PTE specialists to ensure it is accurate and approve the entry. You should also match your coursework to any required prerequisite courses in the **Program Materials** section before approving the entry.
- If you find any issues with the coursework entry, email customer service to determine how to proceed. Wait for corrections to be confirmed and implemented before approving the coursework entry.
- Once you approve your coursework entry (and complete all other application requirements), your application is given a Complete Date and placed in line for verification. Be sure to approve your coursework in a timely manner to avoid any delays in processing your application.
- If you reapply in a future cycle, your PTE coursework will only carry forward if you submit your application and approve the PTE coursework entry in the current cycle.

VMCAS Course Subjects

- ▶ When completing the Transcript Entry section, you select your course subjects from a standardized list that was created in conjunction with the Association of American Veterinary Medical Colleges (AAVMC). These course subjects fall into categories that VMCAS uses to help [calculate several GPAs](#). All course subjects are included in an overall GPA calculation, including course subjects not listed here.
- ▶ If you're not sure which course subject to choose based on the course title, default to the department the course is offered through. During [verification](#), our team will update any course subjects that were incorrectly listed.
- ▶ If you disagree with a course subject selected during verification, refer to [Disputing and Correcting Course Subjects and GPAs](#) for information on how to dispute a course subject decision. You can only dispute the subject assigned to your course; you cannot dispute the GPA that subject factors into.
- ▶ Click [here](#) for the course subjects list.

Standardized Tests

Self-Reported Test Scores

You can self-report your Standardized Test scores or report tests you plan to take in the **Standardized Tests** section. Some of the programs you apply to may require you to report certain test scores; be sure to check with your programs to ensure you are completing all requirements.

Note that self-reporting your scores is not the same as providing official scores to your programs. If your programs require official test scores, see **Sending Official Test Scores** for more information.

The screenshot shows the VMCAS (Veterinary Medical College Application Service) interface. At the top, there are logos for VMCAS and AVMC. The navigation bar includes "My Application" and "Add Program". The main heading is "Standardized Tests".

On the left, a circular progress indicator shows "2/4 Sections Completed" with a graduation cap icon. Below it, a sidebar lists sections: "High School Attended" (checked), "Colleges Attended" (checked), "Transcript Entry", and "Standardized Tests" (selected).

The main content area contains the following text:

Once you submit your application, you cannot edit previously entered tests, but you can add new tests.

Note that self-reporting your scores isn't the same as providing official scores to your programs. If your programs require official test scores, see [Sending Official Test Scores](#) for more information.

A button labeled "I Am Not Adding Any Standardized Tests" is visible.

Letters of Evaluation

► Before You Begin

- Recommendations (sometimes called Letters of Evaluation, Letters of Reference, or Letters of Recommendation) are submitted by the recommenders themselves; they cannot be completed or submitted by the applicant or another party on behalf of the recommender. We are not responsible for verifying recommenders' identities. If a discrepancy is found, we reserve the right to contact the appropriate individuals to investigate and to share the discrepancy with all programs.
- Before getting started, consider the following:
 - **All recommendations can be submitted electronically** by recommenders using [Letters by Liaison](#), our Recommender Portal.
 - **Research each program's requirements.** You should determine whether your programs have specific requirements regarding recommender roles or relationships before listing recommenders on your application. Many programs have strict guidelines and completed recommendations cannot be removed or replaced.
 - **Prepare your recommenders.** Once you choose your recommenders, be sure to inform them about the process and that they will be completing the recommendation electronically. We recommend getting their preferred email address and asking that they monitor that inbox for your recommendation request (which will come from vmcasinfo@vmcas.org), including any junk or spam folders.

► Requirements

- You are required to request **at least 3** and may request a **maximum of 6** recommendations. Recommenders must meet the application deadline of **September 18, 2023**. No exceptions are possible.

Recommendations

Submit an Evaluation Request

1. In the **Recommendations** section, click **Create Recommendation Request**.
2. Enter the recommender's full name and email address.
3. Select the date by which you would like this recommendation completed. This date should be before your program(s) deadline.
4. Enter a brief message or note for the recommender.
5. Select whether you want to waive your right of access to the recommendation. See **Waiver** below.
6. Click the checkboxes to indicate your permission for us (and programs) to contact your recommenders.
7. Click **Save This Recommendation Request** to submit it. Once you do so, an email is immediately sent to the recommender.
8. Confirm with your recommenders that they received the email notification.
9. Use the **Check Status** tab to monitor the status of your recommendations. Completed recommendations are marked as "Complete" and have a Complete Date listed. Follow up with your recommenders if their recommendations are still marked as "Requested" or "Accepted." It is your responsibility to ensure that recommendation requests are received and completed on time. We will not notify applicants about missing recommendations.

The screenshot shows the VMCAS (Virginia Medical College Admission Service) interface. At the top, there are logos for VMCAS and AAMC. The navigation bar includes "My Application" and "Add Program". The main heading is "Recommendations".

On the left, a sidebar shows a progress indicator for "Sections Completed" (0/5) and a menu with options: "Recommendations", "Experiences", "Achievements", "COVID-19 Transcript Hardships", and "Documents".

The main content area contains the following text:

You must have a minimum of 3 requested recommendations in order to submit your application. You may enter a maximum of 6.

Once you have saved an electronic recommendation, an email request will automatically be sent to the recommender on your behalf. Please advise your recommender to look for this email in their inbox, as well as their spam or junk-mail folder, as emails do occasionally get filtered out.

In this section, you can send requests for recommendations. Recommendations (sometimes called Letters of Evaluation, Letters of Reference, or Letters of Recommendation) are submitted by the recommendors themselves via **Letters by Liaison**, our recommender portal; they cannot be completed or submitted by the applicant or another party on behalf of the recommender. [Click here](#) for more information.

Please note: You do not need to wait for your recommendations to be written. Please complete and submit your application as soon as the first three requests have been made. To resend a recommendation request, click on the blue pencil icon and select the "Resend This Recommendation Request" button.

You can edit and delete requests that are in Requested or Accepted status. Once a request is Completed, you cannot make any changes regardless of whether you've submitted your application or not.

The interface displays three recommendation slots, each with a progress bar and a "Create Recommendation Request" button:

- Recommendation 1: Progress bar is nearly full, with a checkmark icon on the right.
- Recommendation 2: Progress bar is nearly full, with a checkmark icon on the right.
- Recommendation 3: Progress bar is nearly full, with a checkmark icon on the right.

At the bottom, there is a section titled "Create Recommendation Request" with a "Create Recommendation Request" button.

Recommendations

Resend the Recommendation Request

If you need to resend a request:

- In the **Recommendations** section, locate the request you wish to resend.
- Click the **pencil icon** to edit the request.
- Scroll to the bottom of the page and click **Resend this Recommendation Request**.

Change the Recommender's Email Address

- If you entered an incorrect email address for any recommenders (or if any recommender asks that you send the request to a different email address), you must delete these requests and then re-add them with the correct email.

Waiver

- The Family Education Rights and Privacy Act of 1974 (FERPA) gives you the right to access recommendations unless you choose to waive your right of inspection and review. Prior to requesting any recommendations, you are required to indicate whether you wish to waive your rights. VMCAS will release your decision to waive or not waive access to your recommenders and designated programs. Your waiver decision serves the same purpose as a legal signature and is binding.
- Selecting **Yes** indicates to programs that your recommender completed their recommendation with the understanding that you would not be able to view it. This means you will not be able to see the content of the recommendation. Programs may view this type of recommendation as a more accurate representation of an applicant's qualifications.
- Selecting **No** indicates to programs that your recommender completed their recommendation with the understanding that you may choose to view it in the future. Selecting this option does not allow you to view your recommendation via the application. If you do not waive your right to view the recommendation, you may ask your recommender for a copy of the recommendation. Programs may view this type of recommendation as a less accurate representation of an applicant's qualifications.
- Once you make a selection, you can't change it, so consider the choices carefully.

Experiences

In this section, you can enter your professional experiences in several categories, or types. Review the type definitions below, consider the duties you performed during the experience, and use your best judgment to determine which category your experience falls into. If you have any questions about your experiences fulfilling an individual program's requirements, inquire with that program directly.

Although you can enter any experiences that you believe are relevant to your application, we recommend focusing on those experiences within the last 10 years and at the collegiate level and above. Enter only current and in-progress experiences and check your program's requirements regarding documentation.

The screenshot displays the VMCAS (Veterinary Medical College Application Service) application portal. At the top, there are logos for VMCAS and AAVMC. The main navigation bar includes "My Application" and "Add Program". The central heading is "Experiences". Below the heading, there is a progress indicator showing a folder icon and "0/5 Sections Completed". A sidebar on the left lists application sections: Recommendations, Experiences (highlighted), Achievements, COVID-19 Transcript Hardships, and Documents. The main content area contains instructions: "You may update the information in this section at any time prior to submission. Once you have submitted, you will be able to add more Experiences, but you will not be able to update or delete completed Experiences. Refer to the Checklist on the program materials section of the application to determine if experiences are required for your program application." It also includes a link to "Click here" for definitions and a link to the "AAVMC experience chart". A note states: "Once you submit your application, you cannot edit previously entered experiences, but you can add new experiences." There are two buttons: a blue "Add an Experience" button with a plus icon, and a white "I Am Not Adding Any Experiences" button.

Utilize Core Competencies For Experience Section

- ▶ There are 15 Core Competencies created by the AAMC (Association of American Medical Colleges) and you can utilize these Core Competencies to help you write your 600-character description for all your experiences. Even though this was created for pre-med students, it is still useful to use as a pre-vet student. A competency is an observable behavior that combines knowledge, skills, values, and attitudes related to a specific activity. There are four categories: Interpersonal, Intrapersonal, Thinking and Reasoning and Science
- ▶ This will help you understand how your experiences, particularly those which are not related to healthcare, are viewed and evaluated.
- ▶ The work and activities you are already involved with, and your life experiences, likely demonstrate these competencies. For example, you can demonstrate the scientific inquiry competency by excelling in scientific research, or illustrate a service orientation competency by leading a service trip.
- ▶ Click [here](#) for a Core Competencies Worksheet.

For your records, we strongly recommend that you [print a PDF copy](#) of the application before this date.
 - **You can submit your application before your transcripts and Recommendations are received.** Please note, however, that your application will not be considered "complete" until we receive all official transcripts and payments, and at least three Recommendations are requested and listed.
 - **Do not wait until the last minute.** You can submit your application up until 11:59 PM ET on the deadline date; however, ensure you allow for time to complete the required payment section. You must click **Submit** and complete the final payment information before the deadline in order to guarantee your submission is accepted. We cannot grant deadline extensions if you miss your deadline.

Submitting and Completing Your VMCAS Application

▶ Submitting Your Payment

- When you are ready to submit your application, go to the **Submit Application** tab and click **Submit**. Payments can only be made in the application via a credit card. We accept Visa, Mastercard, American Express, and Discover. Credit card payments cannot be made over the phone.
- Once you submit your application and payment, click **View Payment History** for each program on the **Check Status** page to confirm your payment's receipt.

▶ After Submitting

Depending on what materials were already received, submitting changes your application status from "In-Progress" to "Received" or "Complete."

- Your application must be considered "complete" to be placed in line for verification. In general, an application is complete when:
 - All official transcripts have been received and posted to your application.
 - Your application fee payment was submitted and marked as received.
 - You submitted your application and received an email confirming it was successfully submitted.
 - Your application Program Status is "Complete."
- ▶ Note that your selected programs may have specific requirements for completion (i.e., supplemental applications, official transcripts, document uploads, etc.). We recommend contacting your programs directly to ensure you are meeting all requirements. Failure to submit all required materials may jeopardize your eligibility for admission consideration. Review each [program's homepage](#) to ensure you are meeting all requirements.

Check Your VMCAS Notifications and Status

- ▶ **Notifications:** As you progress through the application process, you'll receive important notifications and critical alerts. Applicants are responsible for monitoring these notifications and following up on any required actions. - ▶ **Application Statuses**
 - Applicants are responsible for monitoring the status of an application. Notifications are not sent for any missing items. To help you keep track of your application and all materials, click **Check Status** at the top of the application dashboard.
 - Keep in mind that it takes 7-10 business days from the date of receipt to post transcripts and official test scores to your application. Recommendations are immediately updated once received from your recommender.
 - Your application status may be:
- ▶ **In Progress:** Your application has not yet been submitted or you haven't paid the application fee.
- ▶ **Received:** Your application has been submitted, but you are missing required documents.
- ▶ **Complete:** All required materials were received and your application is in line for verification and is considered complete. Note that your programs may require additional materials for your application to be considered complete. Check with each program for more details. Once your application enters this status, it takes two weeks (on average) to move to the Verified status.
- ▶ **Undelivered:** This status indicates that an error was found, and your application was returned to you for corrections. See **Correcting an Undelivered Application**.
- ▶ **Verified:** Your application was processed and, if applicable, your GPA was calculated and made available to your programs. You'll receive a confirmation notification that your application was verified. Once your application is verified, you should direct any questions about its status to the program(s) you applied to.

Check Your VMCAS Notifications and Status

- ▶ **Transcript Statuses:** If you submit transcripts to VMCAS, your transcript's status may be:

 - ▶ **Declined:** This status indicates that the recommender declined your recommendation request. You can click **Update Recommenders** to add a new recommendation request.
- ▶ **Test Score Status:** If you submit official test scores to VMCAS, your official test score's status is listed as **Accepted** with the date VMCAS received it.

What is VMCAS Verification?

▶ Definition

- ▶ Verification is the process used to ensure all of your coursework was entered correctly and consistently. Since credit values, grade values, and course subjects vary widely from school to school, your programs need some type of standardization so they can accurately compare applicants. This standardization is achieved by using your coursework to create a standard set of GPAs, ensuring you are compared to other applicants fairly and equally.

▶ Several things happen during verification:

- ▶ Each course you entered in the [Transcript Entry](#) section gets placed under a specific [course subject category](#).
- ▶ Each grade you entered in the [Transcript Entry](#) section gets converted to a [VMCAS grade value](#).
- ▶ [GPAs are calculated](#) using the converted grade values.
- ▶ Your degrees are confirmed as awarded, if applicable.
- ▶ If significant mistakes are found in your application during the verification process, your application will be [undelivered](#), or returned to you for corrections.

▶ Timeline

- ▶ Once all of your required application materials are received, your application's status changes to **Complete** and your application is placed in line to be verified. Verifications occur in chronological order and on average take two weeks to complete. Once your application is verified, you will receive a notification and your application's status will change to **Verified**.

How VMCAS Programs Receive Your Application

When Programs Review Your Application

- ▶ Once you pay for and submit your application, you'll receive a confirmation email, and we will send your application electronically to your programs. Your programs choose when to review your application. Once your application is verified, contact the programs directly with any questions about your application's status.
- ▶ Note that programs to which you applied may also require you to submit additional fees and/or application materials (e.g., supplemental applications, letters of recommendation, official transcripts) directly to the institution. Failure to submit all required materials may jeopardize your eligibility for admission consideration. Contact each program directly to ensure you have met all requirements.

How VMCAS Programs Receive Your Application

Why Programs Don't Receive Your Application

- ▶ Programs don't receive your application when the following occurs:
- ▶ You did not submit your application to the program.
- ▶ You did not submit payment.
- ▶ Your application has an Undelivered status.
- ▶ Your application has been placed on hold. Applications are placed on hold when:
 - ▶ You have created more than one application account for the cycle, and the duplicates are placed on hold.
 - ▶ You have chosen to withdraw your application for the cycle.
 - ▶ Your application has been suspended as a result of a code of conduct or ethics violation.
 - ▶ A credit card payment was charged back.
- ▶ If your application is on hold, contact your program(s) for more information.

Viewing and Downloading the VMCAS Application PDF

- ▶ You can download and view your application in PDF format. From the application dashboard:
 - ▶ Navigate to the **Check Status** tab and click the download button next to a program, or
 - ▶ Navigate to the **Submit Application** tab and click the download button next to a program.
- ▶ Once you download the application PDF, you can print it or save it on your computer.

Calculating Your VMCAS GPAs

► Overview

- During verification, VMCAS uses the information you entered in the **Transcript Entry** section to calculate several GPAs, including GPAs for each institution you attended. To calculate these GPAs, each A-F or 0-100 grade you entered in the **Grade** field is first converted to a VMCAS numeric grade value, then multiplied by the attempted credits. The resulting product is Quality Points.
- Your total Quality Points are then divided by your Attempted Credits to determine your GPA.
- Non-graded credits are not included in your GPAs. Non-graded credits are earned credits for which you did not receive actual letter grades (e.g., advanced placement credits, "pass" or "satisfactory" credits, college board AP exams, etc.). Note: a grade of WF (i.e., equivalent of a withdrawn with penalty, withdrawn failing, etc.) is factored into GPA calculations as an F.
- VMCAS calculates all GPAs in semester hours. Courses that were completed in quarter hours are converted to semester hours. The conversion ratio is 1.0 quarter hour = 0.667 semester hours.
- Use the [GPA Calculator](#) to see how VMCAS will calculate your GPA.

Example:

Course	Transcript Grade	Converted Numeric Grade Value	Attempted Credits	Calculation	Quality Points
MATH 1100	A	4	4	4 × 4	16
ENGL 1310	B	3	3	3 × 3	9
GEOL 1610	C	2	4	2 × 4	8
PHED 1000	D	1	3	1 × 3	3
PSCI 1040	F	0	3	0 × 3	0
Total			17		36

GPA Calculation: 36 (Quality Points) / 17 (Attempted Credits) = 2.12 (GPA)

Calculating Your VMCAS GPAs

▶ GPA Types

- ▶ VMCAS calculates several GPA types, including:

▶ Year-Level GPAs

- ▶ Using Quality Points, VMCAS calculates a GPA for each academic year. GPAs from your Freshman, Sophomore, Junior, and Senior academic years are subsequently:
 1. Combined with any post-baccalaureate coursework to create a cumulative undergraduate GPA, and
 2. Combined with any post-baccalaureate coursework plus any graduate coursework to create an overall GPA.

Year-Level GPA Example:

Year	Credits	Quality Points	GPA
Freshman	66	166.2	2.52
Sophomore	48	119.4	2.49
Junior	66	223.2	3.38
Senior	60	169.2	2.82
Total	240	678	2.83
Post-Baccalaureate	28	112	4.0
Cumulative Undergraduate	268	790	2.95
Graduate	66	245.4	3.72
Overall	334	1035.4	3.10

Calculating Your VMCAS GPAs

▶ Course Subject Category GPAs

- ▶ Course Subject Category GPAs are based on your overall GPA in each course subject category, regardless of academic year. During verification, VMCAS ensures course subjects are placed in the correct categories so that GPAs reflect the appropriate coursework. To view which course subject GPAs are calculated by VMCAS, refer to [VMCAS Course Subjects](#).

Course Subject Category GPA Example:

Course Subject Category	Graded Credits	Quality Points	GPA
Biology/Chemistry/Physics	84.0	270	3.21
English	6.0	15.0	2.50

Calculating Your VMCAS GPAs

► Science GPAs

- Science GPAs divide each Year-Level GPA into Science and Total (science plus non-science) sections. To view which Science GPAs are calculated by VMCAS, refer to [VMCAS Course Subjects](#).
- In the following example, note that the applicant's overall science GPA is 3.08 and overall total GPA is 3.10.

Discrepancies

Because of the standardization that occurs during verification, it is not uncommon to see GPA discrepancies between what your schools calculate and what VMCAS calculates. Discrepancies occur because:

- VMCAS does not recognize an individual school's policies for forgiveness, academic renewal, or grade replacement for repeated courses. All grades earned for repeated courses are factored into your VMCAS GPA.
- VMCAS's numeric grade values differ from an individual schools.
- VMCAS calculates all GPAs in semester hours. Courses that were completed in quarter hours are converted to semester hours. The conversion ratio is 1.0 quarter hour = 0.667 semester hours.
- VMCAS breaks down your GPA by academic year, not by college or university. Coursework completed at multiple schools for similar academic years get combined. For example, if you completed freshman coursework at College ABC and freshman coursework at College XYZ, VMCAS uses all of that coursework to calculate the GPA for your freshman academic year.
