imagine improving your image with the push of a button.

MultiXpress C8380ND Colour Laser Multifunction Printer

Samsung MultiXpress C8380ND

Colour Laser Multifunction Printer

imagine a colour workgroup MFP that cares as much about your image as any member of your team. The Samsung MultiXpress C8380ND delivers impressive colour documents with the efficiency of a copier, but at a fraction of the price. The MultiXpress C8380ND features a hardworking duty cycle of 100,000 pages per month, a 2,720-sheet paper capacity and speeds up to 40 pages per minute. It comes loaded with productivity-enhancing features like an 80 GB hard drive for increased functionality and security, open architecture that allows it to be customized to your specific workflow needs, an intuitive 7-inch colour touch screen control panel and more. Efficiency in living colour. With the Samsung MultiXpress C8380ND, it's not hard to imagine.

A flexible printer.

Open Architecture Design Customize touch screen applications to make workflow easier. Enhance security by using a custom application such as a badge reader or bio recognition. Use a card swipe to keep track of throughput. Scan and auto send documents to team members without a computer. Access your network to print documents or forms without a computer. And much more. (Custom applications require software development kits, and third-party development partners are required for implementation.)

Who We Built the MultiXpress C8380ND for:

The MultiXpress C8380ND is for medium-sized businesses in fields where high-volume colour is critical, such as financial services, sales and marketing, and for any business who wants to use colour to project a more professional image.

Fast Printing Time is money and at 40 pages per minute (either black or colour), you can work quickly and efficiently. The MultiXpress C8380ND has many standard printing functions built in so, you can do more with your printer than you thought.
40 PPM

Large Duty Cycle and Capacity The MultiXpress C8380ND can churn out stacks of vibrant colour documents at a rate of 100,000 pages per month. And the 2,720-sheet maximum capacity (with optional cassettes) means longer non-stop printing.

Auto Duplex Savings Save money by printing on both sides of the paper. Save time by using the auto document feeder. Load and print 100 sheets at a time. Even incoming faxes can be printed duplex.

80 GB Hard Drive for Expanded Printing and Security The standard 80 GB hard drive enables the Samsung MultiXpress C8380ND to do more than you expect. You'll have functions like collate printing, proof printing, delayed printing, confidential printing and job storage (password protected secure printing).

The standard 80 GB hard drive also increases your ability to manage and monitor network print jobs. Using the simple interface, print jobs can be monitored and controlled from anywhere on the network. Print jobs can be stored on the MFP's hard drive, and you can delay printing until you're able to retrieve them, to increase security and confidentiality.

Collate Printing   Proof Printing   Delayed Printing   Confidential Printing   Store Job

Overlay Printing You can also store forms directly on the hard drive for use with our Forms Overlay feature, so you can update forms easily, and everyone on the network will have access to the latest versions.

Form Stored on Printer   Data from PC   Printed Output
A versatile copier.

Legal Size Platen Just lay your legal size original on the legal size glass, and make true 1-to-1 copies, without having to feed your legal size originals through the document feeder. You aren't limited to 8-1/2" x 11" size documents.

ID Copy Copy both sides of an ID, driver's license or passport onto one side of the page. It saves paper. It saves time.
Copy Front
Copy Back
Print 2 Sides on 1

Auto-Fit Copy Copy any size original, then print it full size on a sheet of letter, legal or any other size paper in the paper tray.

Poster Copy You don't need a giant printer to make a giant poster. The MultiXpress 8380ND prints your image on several sheets that form one big poster.

Clone Copy Quickly copy one image and print it multiple times on the same sheet of paper. No additional software required.
Margin Shift Want to copy documents or images and put them into a binder? The MultiXpress 8380ND can add a margin, so you don't have to punch holes in your words or pictures.

Auto Suppress Copy an article from a newspaper or magazine and remove its background. You get a clean copy, suitable for inclusion in presentations.
Cover Copy Print the text of a large document or booklet from one tray, and the cover on a different size and weight paper from the other tray.
Cassette 1
Cassette 2

Book Copy No need to reposition the book for each page. You can copy left pages only, right pages only, or both at once.

Copy

Transparent Film Copy Need to make a copy of a transparency? It's simple with the MultiXpress C8380ND.

Booklet Copy Turn any document into a booklet. The MultiXpress C8380ND can reduce each page by 50%, then print them side-by-side with the proper spacing and in the correct order, so you can fold, staple and distribute booklets efficiently.

Fold here.

A powerful fax.

Fax Options It's more than a simple fax machine. It allows you to speed dial up to 200 numbers, group dial up to 100 groups, duplex send and receive, fax-to-email, secure fax and colour fax. And the Duplex function lets you print received faxes double-sided, to reduce your operating costs.

Secure Fax With the Secure Fax feature, all incoming faxes are held in memory until you access them with your password.
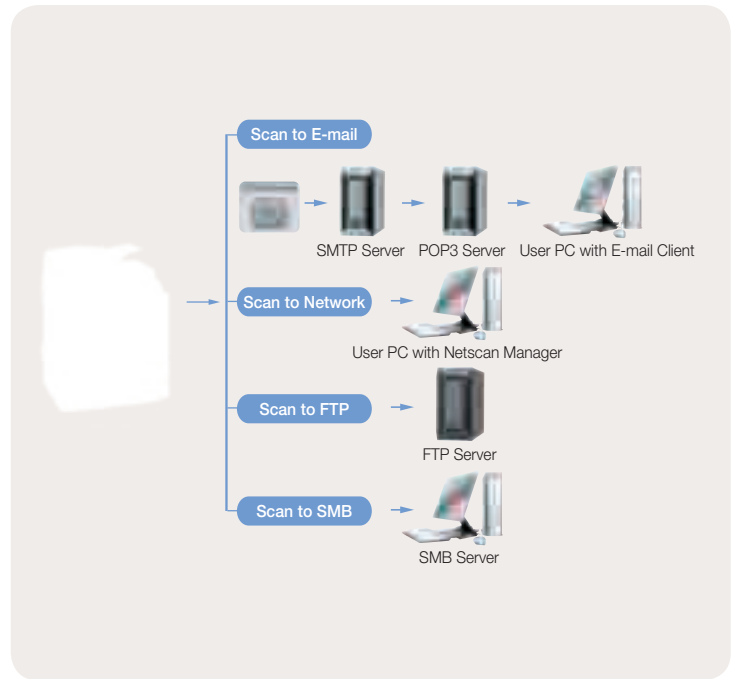

An efficient scanner.

Colour Scanner Enhanced scanning resolution (up to 4800 x 4800 dpi) and colour CCD give you the finest quality images for your documents. Scanning is also an easy way to capture and store information from hard copy documents.

Colour Scan to Network Store and share documents easily by converting them to PDF, TIFF or JPEG files. Then send the files directly to any server or PC, or anywhere else on your network.

Network Scan Management with LDAP Scan-to-email provides address book function using an LDAP server. With this feature, the most up-to-date email address book will always be available. PDF, JPEG and TIFF file formats are supported for digital scanning, and settings for SMB (Server Message Block), FTP and LDAP servers should be executed through SyncThru™ Web Service.

Scan to Anywhere The MultiXpress C8380ND supports efficient distribution of scanned documents by allowing you to send them through email, FTP, SMB and Client.

Scan to E-mail

SMTP Server   POP3 Server   User PC with E-mail Client

Scan to Network

User PC with Netscan Manager

Scan to FTP

FTP Server
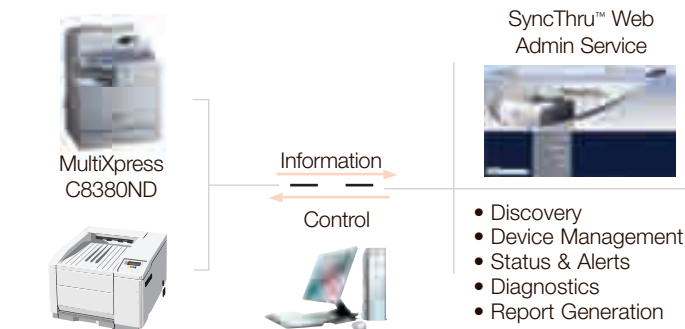

Scan to SMB

SMB Server

So many features. And so easy to use.

SyncThru™ Web Admin Service SyncThru™ Web Admin service allows IT managers to easily manage and monitor all printers/MFPs on the network. This powerful feature supports job accounting, usage metering, authentication, storage management, remote driver installation and modification settings. You can also easily change network and individual printer settings, upgrade firmware and view network printer status.

SmarThru™ Office Document Management Software
This powerful document management application for Office users creates, stores and edits scanned images, then delivers them to each application. It also makes it easy to take advantage of all the features of the MultiXpress C8380ND, even with complicated networks. SmarThru™ Office also provides network scan as a default, so you don't have to install additional applications. And SmarThru™ client lets users scan documents directly to their PC.

Secure Hard Drive Features The standard 80 GB hard drive increases your ability to manage and monitor network print jobs. Using the simple interface, print jobs can be monitored and controlled from anywhere on the network. Increase security and confidentiality for print jobs when they're stored on the MFP's hard drive and delay job printing until you're available to retrieve them. You can also store forms directly on the hard drive for use with our Forms Overlay feature, so everyone on the network has instant access to the very latest forms.

50-Sheet Finisher and Stapler (Option) Collate and staple documents up to 50 pages thick automatically. The integrated stapler will help you finish up large jobs in no time.

Colour Xpression Desktop Icon Why search through menus to check on your toner status? The Colour Xpression Desktop Icon is always on your screen so you can check your toner status at any time without having to print a status page.
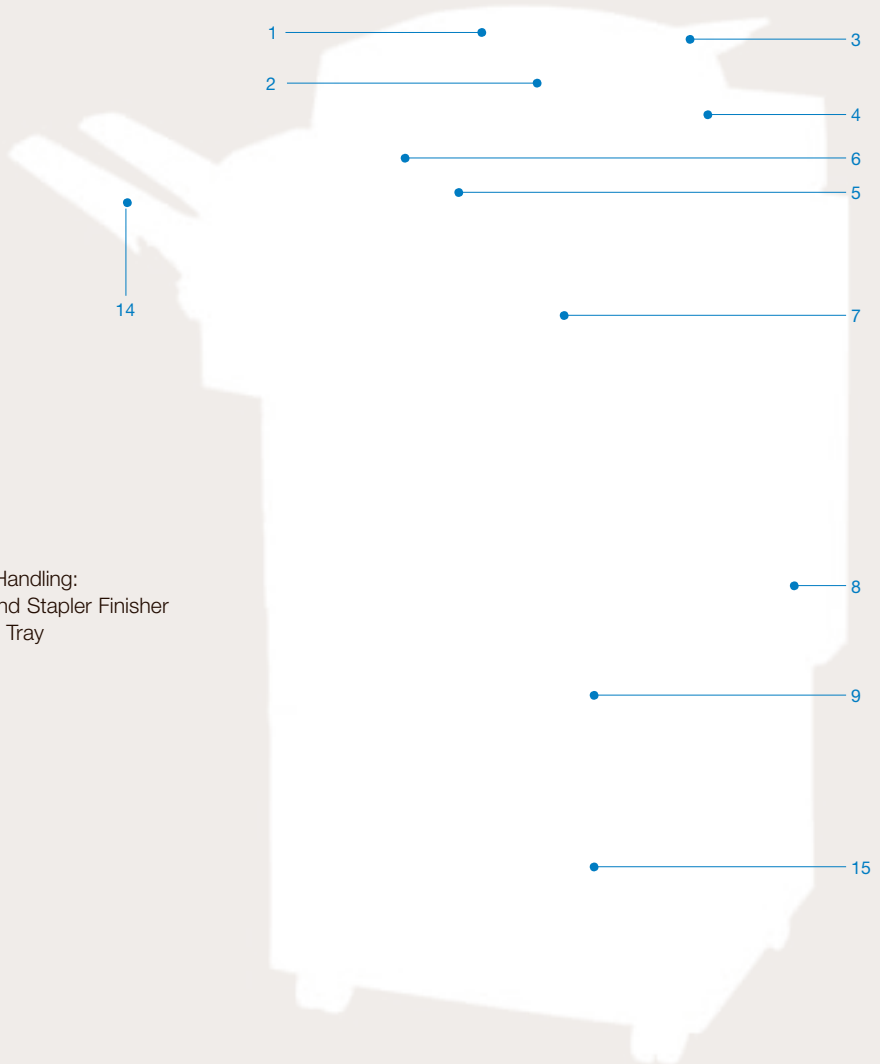

ColorXpression

The most important feature is the logo.

Of the many features the Samsung MultiXpress C8380ND offers your business, the most useful feature of all is the fact that when you really need it, the MultiXpress C8380ND will be there for you. Samsung leads the industry in reliability and dependability. Year after year, Samsung wins reliability and design awards from the most knowledgeable and trusted organizations in the industry, including PC World and BLI (Buyers Laboratory, Inc.).

Samsung invests billions (more than $6 billion last year) into R&D every year, creating innovative, reliable and beautifully designed machines your business can count on. And every year, we offer you the very latest technical advances, all to make it easier for you to do your job. Today, and tomorrow as well.

## MultiXpress C8380ND Features

Standard
1. DADF (Duplex Automatic Document Feeder)
2. Document Width Guides
3. Document Input Tray
4. Document Output Tray
5. Control Panel
6. Scanner Lid
7. Front Cover
8. Multi-Purpose Tray
9. Paper Tray
10. ADF Connector
11. Output Tray
12. Power Switch
13. Power Receptacle

Options
14. Output Handling:
    Sorter and Stapler Finisher
15. Optional Tray

Not Shown:
Tall Stand

Easy-to-Use Control Panel

- Touch screen operation is easy to learn and navigate, making user training a snap.

- Manage your jobs right from the control panel. Move important jobs to the top of the queue for maximum efficiency.

- Advanced fax functions such as email forwarding can be easily managed from the touch screen control panel.

Specifications
