

Seamless sharing  
beyond your expectations

Lightning Card Reader Plus AI910 | Works for   

## ADATA Apple Lightning Card Reader Plus AI910

The ADATA AI910 Lightning Card Reader Plus carries official Apple MFi certification and is designed for easy interconnectivity between iOS, Android, and Windows. Whether saving, uploading, or sharing, it's up to the task with maximum coverage thanks to the inclusion of SD and Micro SD slots and support for cards up to 256GB. The AI910 works with a wide range of file formats, including professional RAW images, 4K video, and files bigger than 4GB. It's perfect for DSLR and action cam users, as well as designers and anyone that wants two-way content movement with three-way operating system support that applies to virtually every device available: smartphones, tablets, laptops, and desktops.

### Seamless triple platform support

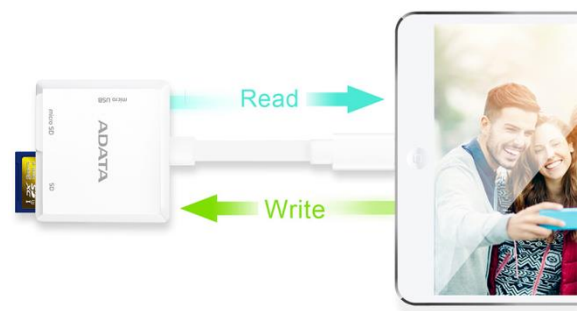

It has a Lightning connector plus a patented design Micro USB/USB Type-A extension, with all offering read/write across the three operating systems.

### Freedom of two-way read and write – anywhere

With the AI910, you can read and write content across multiple devices without dependence on internet connections or cloud storage. It also supports nearly 40 different file formats, including documents, photos, video, and audio.

-  **Music:** MP3, WAV, M4A, AAC, WMA, AIF, AIFF, CAF
-  **Photo:** JPG, JPEG, BMP, GIF, PNG, BMPF, TIF, TIFF, ICO, XBM, CUR, RAW (ARW/CR2/CRW/DNG/NEF/ORF/RAF/SRW/RW2)
-  **Video:** MP4, MOV, 3GP, RMVB, MKV, AVI, WMV, AVCHD, VOB, FLV, MPEG, MPG, TS, ASF, M4V without DRM
-  **Document:** DOCK, DOC, XLSX, XLS, PPS, PPT, PPTX, PDF, TXT, Keynote, Pages, RTF, Numbers, VCF, HTML, HTM

## Dual card slots: more content and capacity

With SD and Micro SD card acceptance, the AI910 works with source content from virtually every device. Moving data from cameras or other devices is instant, and using the AI910 as storage expansion is immediate.

## Great for Ultra HD 4K video

DSLR, action cams, even drones: immortalizing your escapades in 4K is a reality, and the AI910 gives you an easy path to sharing and reliving these moments anytime.

For best video experience, iOS devices with an Apple A7 processor or better are recommended

## Features
