Description

UPS card chassis for network administrators that provides an additional slot in Smart-UPS, Matrix-UPS, Symmetra Power Array, and Silcon UPSs.

Connect the cable of the Expansion Chassis to the RS-232 serial port of the UPS. Then add any one of the following SmartSlot accessories to the Expansion Chassis to improve your UPS management system: SmartSlot UPS Interface Expander, SmartSlot Measure-UPS, SmartSlot Call-UPS, SmartSlot Relay I/O Module, SmartSlot PowerNet SNMP Adapter Card, or SmartSlot Management Card Adapter.
