

# IN110a (SERIES)

## Unbelievable low price. Unbeatable value.

The InFocus IN110a Series are not only some of the lowest cost projectors we've ever sold, but also have one of the longest-lasting lamps – for incredibly low total cost of ownership.

These value-packed projectors are easy to buy and built to perform with HDMI input, high brightness, high contrast, and BrilliantColor™ technology. Plus, their compact design and light weight make them as easy to move around as they are to install.

### MODELS

#### IN112a

SVGA  
(800 x 600)  
3000 lumens  
HDMI 1.4

#### IN114a

XGA  
(1024 x 768)  
3000 lumens  
HDMI 1.4

#### IN116a

WXGA  
(1280 x 800)  
3000 lumens  
HDMI 1.4

## Why choose the IN110a Series?

- Ultra-low purchase price
- Long life lamp of up to 10,000 hours lowers costs even more
- High 15000:1 contrast ratio
- Compact and light weight for easy portability
- Accurate and vivid color reproduction with BrilliantColor technology
- HDMI connectivity
- Display 3D content from Blu-ray and PCs

### Connectivity

VGA x 2	HDMI 1.4
Composite Video	S-Video
RS232	3.5 mm audio in
Mini USB	3.5 mm audio out
(control & firmware)	Monitor out (VGA)

## Lowest Total Cost of Ownership

The IN110a Series are not only some of the lowest priced office/classroom projectors we've ever offered, but their lamps can last up to an amazing 10,000 hours. There aren't even any filters to replace. It's an unbeatable value.

## High Brightness and High Contrast

The image quality of these projectors will not disappoint. 3000 lumens will give you bright, clear images with the lights on and the 15000:1 contrast ratio adds sharpness with darker blacks and whiter whites.

Preset modes give you the best image quality on a beige wall, whiteboard, blackboard or other surface.

## Resolution Options

Choose from native resolution of SVGA for the best price, XGA for better image detail and clarity, or widescreen WXGA resolution for projecting high definition video and wide notebook screens without scaling.

## Eco Blanking

Instantly dim the screen to divert your audience's attention onto you with the Eco Blanking feature on the remote control.

Activate this feature when the projector isn't being used and lower the lamp's power usage down to 30%. This saves energy and significantly extends the life of the lamp, which saves you money.

# Specifications\*

	IN112a	IN114a	IN116a
