The revival services have been continued in the Methodist church with success. Extra services will probably be held at the West Palmyra Mission during next week.

Mr. Edward Finnegan has been elected secretary of the West Palmyra M. E. Mission in place of Mr. Frank Clark, declined. Miss Gertrude Meginny was also elected organist.

A cup of coffee made from the Java and Mocha, sold by H. K. Reed, is calculated to make you feel that you are drinking "coffee that is coffee." It is of excellent strength and flavor.

A great many people are not aware who L. L. Bowman the candidate for Justice of the Peace is. He has been living in Palmyra for nearly seven years and has been clerking for E. W. Stager, the druggist.

Miss Conroy, of Boucher, N. J., while visiting her sister, Mrs. Capt. Gracy, fell receiving serious injuries and which will confine her to the house for some time. Miss Conroy is well known in Palmyra.

Mr. Charles P. Baker came home on Tuesday evening and will enter upon the duties of his new position in Philadelphia at once. His large number of acquaintances will be pleased to know that he will be among us again.

The West Palmyra M. E. Sunday school is meeting with success. There were seventeen scholars in attendance last Sunday. It is the intention to secure a small library soon. Mr. Carl Peterson will preach there next Sunday afternoon at 3:45 p. m.

Mrs. J. G. Garrett, of West Palmyra, who has been ill since before Christmas was out on Monday for the first, and as soon as she is well enough to travel she will leave for Florida where she she will remain a month or more.

Mr. Scheidell requests us to say that he has not been a voter in any state has than New Jersey for several years, and has been a resident of this township nearly a year. He thinks those who started the report that he was a non-resident are at a loss for argument.

The following is a corrected list of contestants for the 1892 Columbia bicycle which will be given by the manager of the fair to the one having the greatest number of votes: Messrs. Charles L. Barcus, Samuel Thompson, Edward Stonaker, Lincoln Roden and Wm. Fichter.

The progress of a party diet at the residence of Mrs. T. V. McDurdy on Cinnaminon avenue last Saturday night. The ladies first prize was won by Mrs. McDurdy and the gentlemen's by Mr. E. D. Metzger. Mrs. W. D. Walker was content with the booby. Fine refreshments were served.

An incident occurred on the street this week which deserves mention. One of the public school teachers saw some objectionable actions of one of the school children towards his neighbor, and he immediately called attention to the child, and showed him a better way and install in him a more manly spirit. Perhaps it may be truthfully said that some school teachers have no interest in their pupils, but such actions as we have described indicates that a better class of teachers are installed in our schools.

Mr. Wm. Buchanan was the leader. The New Orleans singers visited the Baptist church on Sunday evening, and after a thoughtful sermon by Rev. Mr. Powelson they sang several times in the prayer services which followed.

Their appropriate songs, which harmoniously fitted in with the spirit of the meeting were deservedly commended by the pastor.

The meeting of the Y. M. C. A. in Morgan Hall last Sunday afternoon was one of the largest ever held in this place. Every chair and bench that could be placed was filled and all the standing room was occupied and it is said many could not get into the hall.

Rev. Mr. Houghtaling delivered a most earnest appeal, which was listened to with close attention. The New Orleans singers were present and rendered some of their charming music in a way that will not soon be forgotten.

The condition of the streets at this season of the year is anything but good. What a pity that we have no firm of government that would give us foot walks, etc., that would give us the appearance of some of our neighboring cities. Enough taxes are paid each year to go far in making the streets of this town a pleasure to traverse. A decided stand will have to be taken in these matters before long.

At the meeting of the Palmyra Building association on Monday evening important amendments were passed. Nominations were also made for the officers to be elected at the annual meeting. Mr. William Morgan declined a nomination for president and Mr. Geo. Spayd was nominated instead.

Mr. Frank Day, was nominated for vice-president, a new office, and Mr. Geo. H. Wiggins was one of the new directors. Very favorable comments were also heard for the secretary, Mr. R. L. Temple.

STATE NEWS. Vineland has 250 bicyclists, and they want a club house.

Thomas Manning, 18 years old, of Bloomsfield, was cowhided on Tuesday afternoon by Mrs. James-Houston, because he came in her candy store and asked if she had goose eggs for sale.

Joseph Ireland left Atlantic City two weeks ago on a fishing trip to Grassy Bay, four miles away. Nothing has since been heard of him, and it is feared he has been frozen to death.

A suit for \$35,000 damages against the Western Union Telegraph company, for injuries received by his son, who picked up a live wire lying on the ground, was instituted in Camden on Thursday by Merritt L. Thorn.

Sam Drum, a colored man, who is said to be harmless insane, and who lives at Red Bank, put on an odd sort of uniform that he owns, strapped his tenor drum about his waist and went to Lakewood on Friday. He took his way at once to the Cleveland cottage, stood on the piazza there and beat his drum and sang away for dear life, the music of his own composition.

Mrs. Cleveland, it is said, came out and greeted Sam pleasantly, and this tickled him immensely. He played a tune or two more, and then backed away from the house, bowing to the ground at each step.

A case of pitiful destitution was brought to the notice of the West Hoboken officials on Tuesday. A baby child of Henry Wagoner, a silk weaver, died in a wretched room on Trapham street on Monday night. When the neighbors went to the relief of the family they found another of the children sick unto death on a bed of rag in a corner. Wagner had been out of employment for a month. His household goods were pawned till nothing was left. The sufferers had had no fire in their room for a week. As night they had huddled together in a corner of the back room for warmth. The father said he had not eaten anything for two days.

A sad drowning accident took place on the Kinkora pond, near Kinkora, Monday morning. As Harry and Willie Wilcox, aged 12 and 13 years, sons of Henry Wilcox, living in the Knickerbocker row, at Kinkora, were on their way to school with other boys, Harry attempted to beat the thickness of the ice and broke in. His brother, Willie, seeing that his brother was about to drown, attempted to rescue him and also broke through the ice. Other school children standing nearby at once hastened to notify the father, who hurried to the pond and jumped in to save them, but was too late, and it was with difficulty that he saved his sons from drowning. The father is an Englishman, and has been in this country but a few years. He was in the employ of the Knickerbocker Ice Company. Both bodies were recovered soon after, and a burial permit was furnished by Coroner DeWorth.

A big water storage tank, with a capacity of 30,000 gallons, burst with a loud report on Wednesday on the top floor or attic of the Singer Sewing Machine Works, at Elizabeth, letting a deluge of water down upon the floor beneath, on which is the needle department. The sudden advent of the floor almost caused a panic among the employes, a large proportion of whom are girls, and there was a wild stampede to get out of the way of the water. The accident was caused by the water freezing and bursting the tank.

Charles Scharringhausen, a young plumber of Newark, carried a lighted candle to a manure tank on Wednesday evening and caused an explosion. His clothing was burned off, and not a hair was left on his head when he escaped from the blazing atmosphere of the room. The physicians think he may recover.

Serious leaks have occurred in the two reservoirs, one at Clinton and the other at Oak Ridge, in the Passaic watershed, which were constructed to impound the new water supply for Newark. The leaks were discovered on Friday such a large amount of water was escaping that aqueduct officials were informed.

John V. Rice, Jr. of Edgewater Park, expects to start his engine some day next week. The machine is the young inventor's latest patent and will attain double the speed of any other machine in existence. The trial will be witnessed by Dr. Gatling, inventor of the celebrated Gatling Gun and many other notable.

A civil suit grew out of the Jamesburg Bank delinquency on Friday, when action for damages was begun against the directors. The suit was instituted by Frederick S. Parker and John Ply, of Freehold, representing the Joel estate, which was partially absorbed by T. Wilton Hill, the dead cashier. The charge is criminal negligence on the part of the directors in failing to secure a bond from Cashier Hill after suspicion was directed against him at the death of John T. Hill, who robbed the Ninth National Bank. While the necessary bond, which formerly was for \$20,000, was not required by the National Bank law, but was by the by-law of the Jamesburg Bank, the question is open as to the liability of the directors.

Lizzie Parker, aged 9 years, broke through the ice on the exas pond Monday afternoon. The water was deep and she would soon have drowned had not her older sister Lottie and Eli Wells, Jr. gone to her aid. As it was, she was unconscious for a few minutes but it was from fright as she did not get her head under water.

The Atlantic-Pacific Railway Tunnel Company that is driving a tunnel five miles long through the Rocky Mountain mineral backbones of the continent, 60 miles west from Denver in Colorado, for railway and gold and silver mining purposes, closes the year 1891 without a dollar of floating debt or unpaid bills; with exceeding \$4,251,000 of fully paid for assets, and is on the direct road to success and profit for all investors. For particulars of this wonderful enterprise, the greatest of its kind, send four cents to Mark M. Pomorov, President, Room 46, World Building, New York City, for a large illustrated 34-page pamphlet telling of the enterprise, and you will also receive free a sample copy of ADVANCE TRAVELER, his red-hot monthly, if you will mention this paper.

The Weekly News

SOUTH JERSEY ADVERTISER, C. F. SLEEPER, EDITOR AND PROPRIETOR.

TERMS—\$1 per Year in Advance

ADVERTISING RATES: JOB WORK of all kinds promptly executed as cheaply and as neatly as any office in the county.

FOOT FOR THOUGHT: "Agriculture is the most healthful, most useful, and most noble employment of man."

Calendar, February 13th.—Sun rises 6.58. Sets 5.52.

Our thanks are due to Senator Perkins, for his willingness to leave a company of friends and assist us in the attempt to get the legal standing of a Citizen's ticket, which did not have any representation at the last election, and also for the Legislative Manual, and other documents which he gave us.

The election in our township this year will require more than usual attention on account of the new election law. We have submitted the question, as to whether we could have a people's ticket, to some who usually are posted in such matters, and no one has felt free to give an opinion on the subject.

ATWOOD Lloyd, has the inside track for the nomination for constable of the second district and will be elected. The talk of electing a constable in Palmyra to serve in the 2nd district, is nonsense, as the people of the above district are entitled to an officer who resides in the place.

THE action of the post office authorities in refusing to allow printers ink the use of the mails as second class matter because their advertisers have free copies, should have prompt attention by the legal authority, as it is a most welcome and valued exchange.

TO THE EDITOR OF THE NEWS: After reading "Palmyra's" article in the last issue I called on Equine Scheidel and the following is the gist of what was said: nine tenths of the people have business in Philadelphia and if they wish to enter just either as a justice in the evening, if possible or lose a day to it in the daytime in addition to the day which they must lose when the case is heard, making a loss of two days.

TO THE EDITOR OF THE NEWS: In answer to "Palmyra" I wish simply to say, that as I conducted the office to the satisfaction of the public in the past, I am prepared to do the same in the future, if elected.

TO THE EDITOR OF THE NEWS: I have been an interested spectator of the contest between the three candidates for Justice, and have come to the conclusion that John S. Scheidel will make the best officer, having had experience in the office which he conducted just right, and is capable of exerting a powerful influence for good which has been felt in the past.

TO THE PUBLIC SPIRITED:

The Young Men's Christian Association, appeals to the citizens of Palmyra, Riverton and vicinity for aid in securing the lot, corner of Broad and Garfield avenues, where they desire to erect a building which shall reflect to the credit and shall be a credit to the community.

As there will be an effort made at next annual school meeting to have a new school building erected during the summer vacation, the following report may be of interest to some of the inhabitants:

Table with columns: Monthly Report of Grammar School, Month of September, October, November, December, 31 desks will seat, 62 pupils.

AN INTERESTING ASTRONOMICAL EVENT.

The most beautiful and interesting astronomical event of the year, or of many years, took place on Saturday morning last at 5 o'clock. It was the conjunction of the planets Jupiter and Venus, not a conjunction as we understand it ordinarily.

RIVERTON.

Mrs. Bioren has been in Philadelphia this week, with her brother, who has been quite ill.

Dr. V. A. Marcy and wife, of Cape May, are visiting their son, Dr. Alex. Marcy.

Mr. A. J. Borie is going to have a house erected on Main street above the railroad, to cost about \$3000.

Mr. James Hemphill is going to build a \$2500 house on his lot on Thomas avenue.

Mr. James W. Davis has rented one of William F. Drear's houses on Palmyra street, above Broad street. He will be employed in Drear's nursery.

It is reported that the river steamers have been purchased by an enterprising Philadelphia, who will give increased facility and make many improvements for the accommodation of the patrons of the line.

Money sold by the Cinnaminson Building and Loan Association of Riverton last Monday evening brought 5 to 7 per cent. premium. Monthly receipts are nearly \$4000 per month.

Justice Maires of Westfield was ordered to pay the costs in the rule to show cause why he should not be committed for contempt of court, in refusing or neglecting to file the papers in the Chambers case when ordered to do so by the court.

The Riverton post office, under the able management of Mr. Cowperthwaite, has all the conveniences of a city office except free delivery.

A temperance conference will be held at Westfield meeting house on the 21st inst. at two o'clock. All who are interested are cordially invited to be present.

Mrs. Thomas Roberts and Miss Roberts sailed for home on the 10th inst., from England and are expected to arrive on the 17th. They have had a delightful trip abroad visiting Ireland, France, Spain, Italy, Germany and other countries.

At a special meeting of the Vestry of Christ church, last Friday, it was decided to pay the choir boys a small salary. The music committee, Mr. A. A. Fraser, the pastor and Mr. M. M. Reese will have charge of the boys in the future and it is hoped less disturbance will take place.

The following invitation has been received by many residents here: Mr. and Mrs. Antony Alexander Clay request your presence at the marriage of their daughter Estella Antonette, to Mr. Edward Priddy, Tuesday evening, February 28, 1892, at 6 o'clock, at Christ church, Riverton, N. J.

Isaac Lippincott of Westfield, died on Wednesday morning last. Several weeks ago he was attacked with the squirts, which at his advanced age, nearly 76, was the main cause of his death. He was a highly respected citizen and an active and exemplary member of the religious society of Friends. The funeral will be to-day at 1 o'clock from Westfield meeting house.

WASHINGTON LETTER.

WASHINGTON, Feb. 8, 1892. If President Harrison and Secretary Blaine have any idea on the subject of a reciprocity proposition the Commissioner of the Canadian Government, expected here in a few days, will submit an inducement for the opening of negotiation with this Government, they guard the knowledge well, for not an idea on the subject can be obtained from anyone in official life.

A rumor was current here some time ago that a hint had been given to Sir Julian Pauncefote, the British Minister, that the administration was ready to open negotiations looking to commercial reciprocity with Canada, but prominent Republicans have denied that any such hint has ever been given by anyone in authority, and they say besides, that there is little possibility of the negotiation of any treaty unless the Canadian Commissioners come here authorized to treat on two free trade between the two countries.

Her prominent gentlemen say they see no good reason for not negotiating a limited reciprocity treaty, similar to those recently concluded with other countries, that shall be mutually beneficial to both countries.

The anti-opium bill is exciting quite as much interest as at the last session of Congress and just as powerful a lobby to oppose it is maintained here by the brokers of the country; but "Deacon" White, who last year headed that lobby and made his boast of having given the bill its quietus, has not been so far caught in his opinion and was an oddly squeezed that it is but recently he has been enabled to compromise with his creditors and resume his business of dealing in options.

Representative Hatch thinks the bill will pass the House, but he has been discovered by the opposition, who have whippers of charges to be made against the Superintendent of the Census when the bill came up, but all the charges made were of a mild and general nature, such as political opponents are always expected to indulge in against each other.

The idea of ending the arid lands now owned by the general government on Territories will report to the committee on irrigation, and a bill for that purpose will be reported to the House as soon as the details are settled.

The Farmer's Alliance Congress has endorsed the resolution offered by Representative Fithian, of Illinois, instructing the Ways and Means committee to report a bill placing agricultural implements on the tariff list, but for several reasons, there is little probability of its adoption by the House.

The first of these is enough; the committee on Rules, which under the new rules yields a power as great, and in some respects greater, than that held by Speaker Reed in the last House, will not let it get before the House.

The test case brought in the Courts here to compel the U. S. Mint to coin a silver brick under the old law, which it is claimed has never been repealed, has been held by Speaker Reed in the last House, will not let it get before the House.

It is interesting to see the bolder efforts in the Saxon designs, 20 sorts with beautiful borders, some like inverted stalactites formed of miniature cotton bolls. \$2. And, and—

When all the foregoing it read and mentally digested perhaps you may think you know something of our Saxon Dress stuffs. But you don't. That's only the a b c of them.

The Challis Daily novelties would call for daily praises. So delicate, like the fine Zephyr Gingham, that you almost say they are "woven wind." Yes, but colors are not "blew"—only a little.

For either Gingham or Challis our counters are realms of delight.

A rumor was current here some time ago that a hint had been given to Sir Julian Pauncefote, the British Minister, that the administration was ready to open negotiations looking to commercial reciprocity with Canada, but prominent Republicans have denied that any such hint has ever been given by anyone in authority, and they say besides, that there is little possibility of the negotiation of any treaty unless the Canadian Commissioners come here authorized to treat on two free trade between the two countries.

Her prominent gentlemen say they see no good reason for not negotiating a limited reciprocity treaty, similar to those recently concluded with other countries, that shall be mutually beneficial to both countries.

The anti-opium bill is exciting quite as much interest as at the last session of Congress and just as powerful a lobby to oppose it is maintained here by the brokers of the country; but "Deacon" White, who last year headed that lobby and made his boast of having given the bill its quietus, has not been so far caught in his opinion and was an oddly squeezed that it is but recently he has been enabled to compromise with his creditors and resume his business of dealing in options.

Representative Hatch thinks the bill will pass the House, but he has been discovered by the opposition, who have whippers of charges to be made against the Superintendent of the Census when the bill came up, but all the charges made were of a mild and general nature, such as political opponents are always expected to indulge in against each other.

The idea of ending the arid lands now owned by the general government on Territories will report to the committee on irrigation, and a bill for that purpose will be reported to the House as soon as the details are settled.

The Farmer's Alliance Congress has endorsed the resolution offered by Representative Fithian, of Illinois, instructing the Ways and Means committee to report a bill placing agricultural implements on the tariff list, but for several reasons, there is little probability of its adoption by the House.

The first of these is enough; the committee on Rules, which under the new rules yields a power as great, and in some respects greater, than that held by Speaker Reed in the last House, will not let it get before the House.

It is interesting to see the bolder efforts in the Saxon designs, 20 sorts with beautiful borders, some like inverted stalactites formed of miniature cotton bolls. \$2. And, and—

When all the foregoing it read and mentally digested perhaps you may think you know something of our Saxon Dress stuffs. But you don't. That's only the a b c of them.

The Challis Daily novelties would call for daily praises. So delicate, like the fine Zephyr Gingham, that you almost say they are "woven wind." Yes, but colors are not "blew"—only a little.

For either Gingham or Challis our counters are realms of delight.

Among the Cottons

The Brandenburgs in their sphere and grade, they reign alone—supreme. Most beautiful and quality for the money, 20c Time was when competition existed in good Cotton prints at 20c But that was before the Saxon Arms were claimed as the trade-mark for the Brandenburgs. Two years ago this Cloth came. Its advent made an earthquake in the Cotton goods market. But the excitement is over. Brandenburgs control.

The Canton Cloths, more strength and better printing than you will find in any other stuffs, at 12 1/2c the yard. The flimsy rottenness of many of the cheaper prints shown this season make it a satire to call them Dress Goods—they are rather a sort of decorative material. We avoid them.

The Bedford Cord, silk striped plaid Gingham, 45c, are in richer variety daily, and the choice Scotch plaids are gray—they almost speak Gaelic.

Was the strength of the Surahs, 15c, ever questioned? Of course you've read some of James Whitcomb Riley's poems—everybody has. They do indeed "talk from the heart." Are you curious to see how Mr. Riley looks!

Book News for February has a plate paper portrait of him and there is also a delightful sketch of the Hoosier poet by Professor Ridpath.

Book News every month (except December) has an author portrait of this character—in framing Seventy of them published before this one of Mr. Riley.

Illustrations from current Books (eleven in the February number) are also regular features of Book News.

But all this is incidental: the Book News mission is broader, much broader. Its steady aim is to give you the news of the whole Book world; Books but to give you such clues to their spirit and worth that you can know whether or not you want a closer acquaintance with them.

Thank of having at command a book-wise friend always ready to pluck out the heart of any Book for you—heart, fearless, exact!

The absurd part of Book News is the price—5 cents a copy, 50 cents a year.

Chances are that Mrs. Humphrey Ward's new book will make a stir like that which followed the appearance of "Robert Elsmere." At any rate no man or woman who means to keep up with the live discussions of the day will skip "The History of David Grieve."

The New York Tribune says: It deals not only with those religious problems which are being discussed with increasing zest throughout the civilized world, but it brings in question those essentially modern views of the influence of heredity and temperament upon life which are doing so much to modify the old dogmatic conclusions. It is emphatically a novel of the period and is written with surprising strength and fire, deeply interesting throughout and a very remarkable creation.

We have "David Grieve" in one neat cloth-bound volume—good paper, clear type—at 75 cents, by mail, 86 cents.

Mr. W. H. Spayd has just completed a very interesting view of Vallejo, Napa Straights and Mare Island Navy Yard, California, as they appeared during his stay there in 1856. The present sketch is copied from an old drawing made at that time. It will be on exhibition in Hotchkiss' window next week.

Rev. C. W. Nevins addressed the Y. M. C. A. meeting last Sunday afternoon on the subject of writing and unwritten revelation. The singing was conducted by over thirty members of the choir from the Episcopal churches of Riverton and Palmyra under the able leadership of Mr. A. A. Fraser.

The Jefferson Club is steadily increasing its membership. At the last meeting of the board of directors the names of six applicants were favorably acted upon, among the number being state senator Mitchell B. Perkins. The club has recently purchased a fine pool table, which with the various games already owned by the club, provides entertainment for its members.

There will be a slight change in the manner of ringing the bell of the Presbyterian Church. Instead of the prolonged note heretofore used immediately before the hour of service, there will be a—morrow and thereafter only a few short taps. Members are especially requested to make note of this change.

Quite a prize fight took place last Sunday morning, near Fork Landing, between Thomas Minkins and John Riley, before interested spectators. After several spirited rounds had been fought the referee decided in favor of Minkins and the two fellows then shook hands and parted.

Builder Joseph Bishop, is altering the old Toy mansion, at Broad and Leconey avenue, into a couple of stores with bulk windows. It is reported the corner store will be occupied by a Mr. H. Rohman, the other by Mr. A. Paul Rohman, of Cinnaminson avenue, as a bar wear and house furnishing store.

Several Philadelphia friends of Mr. George H. Stackhouse visited him at his home on Delaware avenue last Saturday night, and before leaving a some carriages with the other good things which were provided by the hostess. Several of those present were taken sick next morning and it is supposed the fish were the cause of it.

Hon. A. Harry White, assembly man from this legislative district while temporarily in issue from an attack of measles, jumped out of the third story window of his house and was found dead beside a little brook, not far from his home near Emberton, on Wednesday. He had shortly before asked his mother for a drink, and she had gone to get it, when he disappeared. He was only 24 years old and unmarried.

Lot owners should be careful that no buildings or signs be put up to obstruct the view of their neighbors. The deeds guarantee "light air and prospect" to every one and any infringement on these rights should be secured.

The residents of the East side of Cinnaminson avenue have a case in point. Of course such obstructions can be removed by law but it is hoped such proceedings will not be required.

Frederic Nichols, of Pear street, had his foot crushed last Saturday night, at the Palmyra passenger station, in getting off the train. He went up to Riverside that morning to get some money due him, and afterwards was in several balloons, it is reported. He got on the train due at Palmyra at 6:18 p. m., but for some reason did not get off until after the train had started and gone about 3 car lengths when he attempted to get off on the wrong side, between the tracks, and fell, throwing his left foot under the wheels, which crushed the toe and fore part of the foot. He was carried into the station by bystanders and Dr. Sharp was called. He was shortly afterward taken to his home. Dr. Marcy now has charge of the case, and has not decided whether any further amputation is necessary up to date.

The Gymnasium and Athletic Department expects to be as well equipped in the very near future as any association of our size in this country. It is going to take a little push and a little more money to accomplish the desired end. The chairman and instructor of the department Mr. Samuel Thompson, jr., says his class has the grit, and they are securing the money to fully equip themselves. We expect to hear some good news in their next report.

Educational classes are free to all members considerable progress is being made in this department.

The men were again crowded at the men's meeting last Sunday afternoon. The address by Rev. C. W. Nevins, of the Sunday School Series, on the "Unwritten Word" was able and earnest. The music rendered by the combined choir of Christ P. E. Church, Riverton, and Christ P. E. Church, Palmyra, under the direction of Mr. Fr. Ser, assisted by Mrs. G. Weyman, organist, showed the careful training they receive and that they are equal to any of the male choirs in the city churches. The spirit with which they entered into the service was commendable.

The building fund is growing. Reported this week—John E. Morton, \$16; cash, \$5; charity an installment per Mrs. S. U. S. Davis, \$5. Total to date \$40.25

A payment has been promised on the 1st March 1st, and we desire to make it at least \$500. This will necessitate the payment of all subscriptions and many additional ones. Friends, will you not help us in this matter?

It is expected that the combined choir, of the Palmyra M. E. Church, and Central Baptist Church, will render a number of selections at the meeting to be held tomorrow afternoon at 4:15. Come.

Ladies' auxiliary meeting, Monday evening. Every member is requested to be present. Business of importance respecting the grand entertainment of Easter Monday. Social after adjournment.

The membership roll continues to increase. Every young man of this vicinity should become a member.

MOORESTOWN

J. T. Severn & Son's drying room at Burlington was partially burned on Monday, but a fortunate change of the wind and the energetic efforts of the firemen fortunately prevented the total destruction of the building. We are glad to say this will not interfere with their filling orders.

The house of Hon. Henry C. Herr, near Masonville, was burned to the ground yesterday afternoon with all its contents, save one load of furniture, etc. The fire is supposed to have been caused by a defective fuse. Mr. Herr is well-known to many of our residents, having been principal of the public school for some time.

Moorestown creamery received and made into butter, last week, thirty thousand lbs. of milk, and is now selling skinned milk for 5c. per gallon. Fresh butter, 85c. per lb.

Sixteen players took part in the chess tournament at the last meeting. The evening was thoroughly enjoyed by every one, even by those who were defeated. The most hotly contested game of the evening was between J. Blapham Stokes and Wm. S. Parry. The interest of the bystanders was centered at this contest. For two hours the tide of victory ebbed and flowed, when finally Mr. Stokes inadvertently stale mated his opponent and the game was declared a draw. The entire score will be given in next week's issue.

NOTHING SO SUCCESSFUL AS SUCCESS.

The winter is passing. Spring is rapidly approaching. The voice of the dove will soon be heard in the lead once more. Nature will unlock the flowers and the rush for carriages and harness will commence. Already the pulse of business is commencing to quicken. Early buyers are calling and inquiring from all parts coming. This year, '22, has the best base for prosperity that America ever knew. Do not forget that Birch, of Burlington, N. J., has made great preparation for the demand that is sure to follow. Acres of carriages and harness, over 100 styles each, and all at very moderate prices. SILENCE IS GOLDEN!

This saying, an old one, for many a day, Has oftentimes been truthfully said, It applies to those people with nothing to say, Or who say things much better unsaid.

NOW GOLD is a good thing to have.

No chance for argument on that point, is there? And the more you get, and the quicker you obtain it the better, eh? Right again, you say—very well—now, as we have m'ing to say, and are absolutely sure this something will benefit you, we are going to speak out loud.

Where have you been buying your COFFEE?

Anywhere and everywhere, eh? Well, we desire to say to you in all earnestness

WE CAN DO YOU GOOD.

Not only a little, but a great good, if you will buy your coffees of us.

We are giving special attention to COFFEE

and we can give you anything you may want. All we ask is your patronage and we guarantee to satisfy you.

Cottolene

has no doubt come to stay if the good impressions which a trial of it has made, are lasting. It at once proves its superiority to lard, first, because it improves the taste of everything cooked with it, and second, because it is really a cheaper article than lard. Most important for you is the fact that it is a more healthy article than lard. You may be sure of this when you know that it is composed of Cotton Seed Oil and Beef Suet. 10c. per lb.

THERE appears to be a misunderstanding with some, as to the cost of electric light. It will be remembered that we stated, recently, that there were 171 lamps in our town and that they cost \$12 a year for oil and attention.

In him we have a man fully competent to perform the duties of the office, and whose interest in the town would be as powerful as the candidate of "A Voter." Mr. Geo. W. Spayd is conscientious and pains-taking in all he undertakes, and will make, if elected, a justice that will meet out justice to all.

Mr. Spayd was elected fairly to the office last spring, but through some technicality of the law, he never received his commission. Let us again, this spring, put the office in his hands.

YOUR article, in reference to the objectionable sign, which I hope will be removed, as it detracts from the appearance of our home town, leads me to write about another thing which should have attention, and that is the low branches on the trees over the sidewalks.

I ran into some of these branches recently and about ruined a good umbrella. Doubtless, if you will call attention to this neglect it will be attended to promptly.

THE election law, as to townships, has been so amended, as not only to allow a citizens ticket, but any person can nominate a candidate and have tickets printed, but the official envelope and booths must be used.

We visited Trenton last week, before writing our editorial, and the uncertainty we found among the law makers, led us to write in a way that has set all to thinking and the decision has been given by the Attorney General that section 50 allows a citizens ticket to be voted for in townships, under 4,000 population, with no detriment to the future representation of the regular parties.

THE communication in reference to over-hanging branches is timely and should be attended to at once, not only on account of making the sidewalks more passable, and safe, but if the lower limbs are cut off now before the sap begins to flow, it will be so much better for the tree.

THE immense gathering of representative citizens to protest against day, must show our law makers that there is a large and influential body of earnest people who will spend time and money to defeat the purposes of the gamblers.

The fact that the proposed bill will give a license for five years, has led some to think the race track people will spend a large sum, if money will get the bill passed.

Any representative must certainly know he will never return as a law maker, if he votes for this bill, and it is quite probable that honest people will forever distrust him.

THE electric light question is a very important one, more important to the people of the towns of Riverton and Palmyra, than building stone roads in the country.

These towns pay eleven thirteenths of the taxes raised in the township, according to so reliable authority as Dr. Hall, and they don't propose to also pay the additional cost of lighting.

The towns only ask that they receive improvements or benefits approximating what they contribute in taxes, and to light our streets is paramount to anything else.

We think that the only practical way to light our streets is by electric lights, but a public meeting should be called to consider all methods and back it up by our votes.

Eight communications were received this week, several upon the coming election, and most of them too long. We are glad to see so much interest, and welcome short letters upon any public question.

It should be well known to our readers that personalities are not admitted to our columns, and all such articles will take their usual course to the waste basket.

ONE of our readers who is superintendent of a New York steamship line, requests us to call attention to U. S. Senate bill number 1755, as he believes it detrimental to shipping.

Let every one who is interested in such matters adopt some method to prevent the passage of this bill.

TO the Editor of the News: I have been considerably amused at the argument advanced by "Justice" in your last week's issue.

He implies that all cases that come before a justice can be brought just when most convenient for the person bringing suit, this, as a rule, true, but there are exceptions to all rules.

Not long since a man was arrested for theft, and, if we had not had a justice in the town, the culprit would have had to remain in the lock-up till night.

We have no doubt but that Mr. John S. Schiedell, if nominated and elected, would be, as he was in the past, "diligent in business," and that the average cases tried would be more than one per week. I have no political as-

pirations, but I am interested in having a good form of government and good men put in office to enforce our laws and to interpret them.

Mr. Schiedell says: "I conducted the office to the satisfaction of the public," possibly he did, but we must say that self-praise is no glory, better by far let somebody else say it, for there is a difference of opinion concerning this statement.

"A Voter" says, "the proof of the pudding is in the eating," so it is, but we must not always eat the same kind of pudding. There may be better food and more nourishing in some new dish.

"Voter" again says, "the (Mr. Schiedell) has been tried and given satisfaction, why try a new experiment?" If new experiments have never been tried, we never would have had steam locomotion, nor the telegraph, electric lights, or countless other great improvements in science.

Must we always keep the same man in office? Just as a change of diet is beneficial to our physical health, so a change in public office is conducive to any community.

In Mr. George W. Spayd we have a man that is in the place day and night, so suits can be brought at any time without loss of time.

In him we have a man fully competent to perform the duties of the office, and whose interest in the town would be as powerful as the candidate of "A Voter."

RIVERTON.

Mr. Robert Wells, of Quaha, is staying here.

Mr. Thomas Roberts, arrived home from his winter abroad, on Wednesday last.

Roberts sells a 15 lb. kit of mackerel for \$1.35. Have you read his advertisement?

Mr. E. H. Piller, Jr., entertained the Beque Club at his residence, corner of 16th and Walnut street, on last Tuesday.

Paul Woodschmidt has succeeded Wm. S. Moore in the barber shop adjoining Morgan Hall. See his advertisement in another page.

Miss Hettie Lippincott, gave a very enjoyable company on Monday evening last, at her home, on the river bank.

Mr. Edward Priestley, who is to wed Miss Ella Clay, next week, is a nephew of the late Dr. H. H. Weld, and was one of the editors of the old Riverton Journal, edited here a number of years ago. They will reside in New York City.

Mr. Howard Parry's daughter, Beulah, has been quite ill.

A meeting to consider stone roads was held at the residence of Walter C. Wood, Westfield, on Wednesday evening.

The funeral of Isaac Lippincott, of Westfield, was largely attended last Saturday, notwithstanding the cold weather. Samuel Sharp, of Camden, and Rachel Lippincott, of Mallico Hill, Gloucester county, ministers, were held at the residence of Walter C. Wood, where the services were held.

Mr. Wm. R. Lippincott, of Westfield, on Saturday night, had a number of fine fowls killed by dogs.

The Presbyterian church propose to give a supper in the Lyceum on March 3rd. See advertisement.

Mr. Chas. W. Davis has offered, as his contribution to the Russian Fair, a little pig, to lead the stampery Indians, which is being loaded in Philadelphia with supplies for the stricken district.

Mr. August Ziak has had an attack of the grippe.

Miss Lillie Wright is spending a few weeks at Brookline, Mass.

Miss Estella Clay is receiving many handsome and beautiful presents.

The second assembly of the season took place in the Lyceum on Monday evening, and was very largely attended. The music and refreshments were of an excellent character, and the tasteful decorations made a striking scene. This is said to have been one of the most successful assemblies ever given in Riverton.

Louis Bowker's family has been very much afflicted. Nearly all of the four children have had, or are having scarlet fever, and the youngest, a little girl, died last Tuesday, and was buried on Wednesday. One of the other girls has diphtheria and was not expected to live, but was improving at latest report.

Mr. L. G. Graf Jr, has returned from the Pacific coast. He will give the readers of the News another letter from Honolulu.

Miss Miriam Lippincott, of Columbia, in the upper part of this county, is visiting her cousin, Miss Abbie S. Lippincott, of Howard street.

Mr. Frank M. Thomas, of Moorestown, will be the manager of Mr. Thomas's party, at the annual dance, after the first of March.

The Riverton Gun Club has set the first four Saturdays of each month as the regular shooting days. There will be shooting today for the president's cup, and a special shoot on Washington's birthday.

Rev. J. H. Converse exchanges with Rev. J. F. Fenton, of Palmyra, on the second Sunday of each month and administers the holy communion. The cordial relations of the mother church for her daughter, deserves commendation, as both clergy, men have assumed the labors of predecessors.

Mr. Joseph L. Thomas and wife are preparing for a six weeks sojourn in Florida.

Miss Clara Brown and Charles Jessup, Jr. are to be married by Friends ceremony, at the residence of the bride parents, on Thursday next. It is stated they will occupy the Worthington place near Heulings Lippincott.

Mr. Edw. H. Pancoast has sold the property of Stacy S. Pancoast, on Thomas avenue, to Mrs. Sarah Leathery.

The trustees of our public school are getting estimates on a plan for a new school building, at the residence of the bride parents, on Thursday next. It is stated they will occupy the Worthington place near Heulings Lippincott.

Business outlook for the spring is improving. Not in real estate, for there are a large number of houses for sale. It is in the matrimonial line. Several engagements have been brought to our notice and we suppose they are not far from consummation.

Most of the offices are held by men of ability and experience, and it is not often that a re-election is refused, any one who does his duty. Our present Assessor, Mr. Morton, of Parry, and Collector, Wm. F. Morgan, of our town, know their duties and perform them so faithfully that it would be impossible to allow anyone to hold the positions. Rotation in office has never been the style in Cinnaminson, and as the emoluments are small, those who have aspirations for official honor, had better get rid of them before disappointment overtakes them.

J. D. U. Palmyra, N. J., Feb. 16th 1892.

TO the Voters of Cinnaminson township: My friends having prevailed upon me to offer myself as candidate for justice of the peace, I desire to state that I am in the fight to win, and intend to stay until the last, also to assure you that nothing is understood between myself and any other candidate.

I offer myself strictly on my own merits. Very respectfully, L. L. BOWMAN.

Children in the public schools at Woodbridge, Bergen county, were thought to have remained absent there. Though sent home, the pupils returned, and a trustee appeared with a fine tooth comb. It was found to be unnecessary, and now the mothers of the suspected children threaten suits for slander.

seems disorderly persons, and subject to the provisions of the Act.

That if said parent, or guardian, or other person in charge of said child shall prove inability to cause said child to attend said recognized school, then said child is a juvenile disorderly person within the meaning of this Act, and the said court shall thereupon sentence said child to a juvenile reformatory, until such child shall arrive at the age of 16 years.

It shall be the duty of the Board of Education to designate one or more constables of said school district, whose duty it shall be to assist in the enforcement of this Act, such constables to be known as trust officers.

The Trustees of our public school show a disposition to improve the school law, in having many of the boys to go to school, instead of loafing around the rail road station and corner. The parents have received notice that their children will not be permitted to be employed to work until they have attended school the regular time, and notices to employers that anyone employing children contrary to law shall be made to suffer the penalty of the same.

STATE NEWS.

Dick Gerry, seven years old, ventured out on the ice of a pond at old Plainfield on Friday and fell into the water. George Arrowsmith, only eight years old, crossed the river to Chestnut Ridge, in Bergen county. He killed eighteen fine specimens from three to five feet long.

Grip has just cured a Woodstown man of rheumatism of 60 years standing. One fire burned out the other.

John J. Carlock unseated two deer of blackbucks while working on the new road leading from Saddle river to Chestnut Ridge, in Bergen county. He killed eighteen fine specimens from three to five feet long.

Lay Judge Wilson Senseman of Atlantic City, who was appointed last Summer to fill an unexpired term, has been appointed by Governor Abbott to fill the full term of five years.

Katie Schleicher, daughter of Bernard Schleicher, a well-to-do butcher of Newark, married Frank Perren-Bent, who served her from drawing at Coney Island last summer, by eloping with him last evening, and marrying him, much against the wishes of her father, who had selected another to be her husband.

Captain Newcomb, a native of this State, with a wife and family living in New Jersey, was lost with the ship and crew on the coast of Wave off Hartford, N. C., on Thursday.

The Mercer County Board of Freeholders yesterday decided to buy a farm and quarry of 105 acres at Moore's Station, near Lambertville, on the Belvidere and Delaware Railroad, in order to establish a farm penitentiary where all prisoners will be worked. The cost of the land was \$9000.

LOVE AND MARRIAGE IN JAPAN.

Sir Edwin Arnold, who has been employed as a correspondent through the United States, has made a careful study of the conditions which govern the family in Japan and embodies his ideas in a little book called "Love and Marriage in Japan" in the February number of The Cosmopolitan. The article is illustrated with sketches runny down the sides and across the bottom of each page. An excellent photograph of W. D. Howells serves as a frontispiece and his work as a writer of fiction is reviewed in the same number by H. H. Boyesen. The petrole-um industry fully illustrated; An Afghan Story by Archibald Forbes; The Story of the Brazilian Republic by Letitia Minnie to the contents and The Leading Amateurs of the United States in photography, are other leading articles of the month.

PHILADELPHIA, Feb. 1, 1892.

Our Dress Goods people are very attentive to black Grenadines and would be in the depths could they not boast a matchless stock of them.

This has relation to the great Dress Goods question of this business. The stock continuously and for long has claimed to be peerless because intelligence voluntarily accords it the first place. But the claim would be neither modest nor honest did we fail on black Grenadines. Therefore the goods both warrant and are witness to the claim. Study this partial list:

Plain: 23 inch in four qualities, All-Silk, at \$7.50 to \$10.00. 23-inch Silk-and-Wool in five qualities at \$5.00 to \$10.00. 44-inch silk-and-wool in four qualities at \$1.25 to \$2.50. 23-inch (twisted all-silk, in four qualities at \$1.25 to \$2.00.

Fancy Figures: 23-inch all-silk satin stripes in 3 widths of stripes (3-4 inch to 3 inches), at \$1. 23-inch all-silk hemstitched, in four widths of stripes, at \$1.50. 23-inch Polka Dot, all-silk, at \$1.25. 23-inch all-silk figured Grenadine, in a bewildering number of styles and seven qualities at \$1.25 to \$3.50.

In addition to the foregoing are several sorts of Black Grenadines, all silk that are remarkable for their Gause-like effect—filmy as Psyche's wings, strong as her love. The plain sorts are \$1.25 and \$1.50, and with embroidered figures \$1.75, 23 inches.

They should not escape the thought of Black Goods buyers. Cousins—German—to them are others with silk borders, at \$2 to \$5, 45 inches.

Prominent in the nobility of blacks are Crepe de Chine of sorts and sorts that pen may not portray. The list gives the prices. Your eyes and

the goods must create completeness.

All-silk Crepe de Chine, 23-inch plain in four qualities, at \$1.25 to \$2. 44-inch Plain at \$5 and \$6. 23-inch crinkled Crepe at \$1 and \$1.25. 23-inch Figured at \$1.25 and \$1.75. 23-inch Embroidered Figures in four qualities.

In other season we have shown stocks of Dress Cottons evalui anywhere. The zenith generally came when the season was advanced beyond the present date. Already this season we have been in assortment and in bulk ahead of all competition. The additions to this stock first shown to-day make it in every respect the most complete and elegant collection of Cotton Dress Goods ever shown at any date by retail house anywhere.

The novelty, variety and beauty of these newcomers tax the resources of our advertisers to adequately describe them as we desire. At best our statements are but the bones to which your thought and presence must add the remaining elements.

Glasgow, Manchester, Belfast and Mulhouse are represented in the following—prominent among them are the famous Whytlaw Gingham. They display the highest Cotton art of the world.

As in Wools so in Cottons—the Bedford and Crape ideas are very prominent and beautiful.

Bedford Cord Gingham in many combinations of contrasting stripes, 37 1/2 and 40". Bedford Cord Crape Gingham in cluster stripes wonderfully beautiful and entirely new, 45". Striped Crepon Zephyr Gingham in two tone and self colors, 45". Plisse Crepon Zephyr Gingham in two tone and self colors, 50". Crocodile Zephyr Gingham in self-colorings only, 60". Zephyr Gingham of cotton and silk in Chevron and Damasc designs, 70". Novelty Zephyr Gingham, light and dark grounds with solid and open work polka dots, 50 and 60". Bordered Zephyr Gingham in polka dots, Bedford Cord and lace borders, 45 inches, 60 and 65". Fancy Chevron Zephyr Gingham, 45 designs, 37 1/2 and 45c.

If there's any pride of ancestry in Seals there would be shamefacedness among the aristocrats of the Prybilov Islands were they to know what little prices we have put on the skins of their relations. The fur men have long been in a shiver over it. Can't help it; the laws of trade are inexorable.

\$225.00 Alaska Seal Mantlettes are \$175.00; same, with Marten trimming, are \$200.00 from \$235.00.

Other Fur prices run like this:

FATE.
His hands are in 1900 ways.
His eyes are in 1900 ways.
Whose shining height but mock the
gloom
That my poor pathway fills.
Great aspirations, like a song,
Uplift my waiting heart;
The while my hands to mental deeds
A thankless cross must yield.
Yet the denial that doth meet
The soul's needs, small or great,
A stern, unchanging little beam—
The old, old, old, old beam—
—Gertrude Merzard in Boston Budget.

THE RED RAVEN.

On the night of the Nativity a bloody
crime was committed at Caperno. Mas-
tro Lanza, a worthy man about fifty
years old, who two months before had
returned from America with a goodly
heap of gold, was killed by an unknown
hand. Profound consternation, aggra-
vated by fantastic fear, reigned through-
out the country. When would the as-
sassin be discovered?

The gendarmes, after scouring the
country for a week, grew weary of the
useless labor—no trace, no clue.

The grave where Mastro Lanza lay
buried was covered with a flat of snow,
and the gravedigger, after planting out
a rough cross, had thumbed his
finger on the stone, when he was
startled by a soft voice saying:
"I'm not the conductor. I don't want
your money."

"Pardon me," exclaimed the embar-
rassed young drummer, "I really did not
notice that you were a freeman. I just
saw the uniform, you know, and took
you for the conductor."

"That's all right," answered the free-
man. "No offense. We freemen have
that happen to us every time we jump
on a car. If we go inside to take a seat
some woman is sure to hand us a fare
and ask us to let her off at some street
or other, and if we stand outside, some
absentminded man goes and sticks a
coin in our hands. I don't know but
it would be a pretty good scheme if we
just accepted the situation and the
money and said nothing."—New York

Names of the Mississippi River.

An anonymous writer has asserted
that from the mouth of the Ohio to the
source of the Mississippi it was known
as Pe-ho-ton-ah, an Algonquin signifi-
cation of abode or habitation of furies.
The same writer asserts that L. M.
Gould is authority for the statement
that an analysis of the word shows that
it does not mean "father of waters."
"Mis-sik" means "grass;" "Mis-sik-ke-
on," "woods;" "Mis-sik-ke," "medical
herb," and "Mis-ku-ku" "the broad
bottom lands" of the river. Thus the
tribes inhabiting the bottom lands were
called Mis-shu-tan or meadow people,
from which the assertion comes that the
literal meaning of the word is "the river
of meadows of grass." But it is believed
that the latter designation is a fanciful
idea, in the light of other and very pre-
cise information which has come down
to us.

A Jesuit father (Allones), who first
made personal acquaintance with the
"Mississippi," speaks of them as living
toward the west, near the great river
called Mee-sipi, a memorable remark, it
being the first time (A. D. 1667) that the
word was noted by any French writer.
It would appear that, if Groselliers and
Baudouin, to whom must be awarded
the honor of discovering the upper waters
of the Mississippi, were correct, the
name in "my diary kept by
them," it was probably lost when Grosel-
liers, like Joliet at a later date, was up-
set in the St. Lawrence on his return
from the second voyage.—Goldsworthy's
Geographical Magazine.

A fearful indictment to face.

We select, almost at random, from a
daily paper on our desk, the following
little: Little Willis Barrett, nine years of
age, was picked up on the streets of
Brooklyn last Thursday morning, half
frozen and famishing from hunger. His
drunken mother had driven him from
the house and compelled him to stay out
all night.

The same morning, which was bitterly
cold, May Lawson was found drunk on
the street of the same city with a two-
year-old baby in her arms, nearly frozen.
The child was taken from her and placed
in a foundling asylum.

The night before, in a saloon at Mon-
day, O. A. drink crazed desperado,
Thornton Sampson, murdered without
provocation John Lynch, a man with
whom he was drinking in a saloon.

Those items were all in remote corners
of the paper with nothing to indicate
that they were anything unusual. They
are paralleled almost every day in the
year.—Voice.

England's Drink Bill.

During the last five years England's
drink bill has been steadily on the in-
crease, notwithstanding the fact that
never before have her temperance or-
ganizations been so active or aggressive
in their work. We are doing better than
among her educated and well-to-do
classes drunkenness is becoming the ex-
ception and moderation the rule, yet
notwithstanding this moderation move-
ment and in spite of her boasted 5,000,000
to 6,000,000 total abstainers, her Bands
of Hope and other means for educating
children in temperance principles and
her scientific and economic protests
against the drink, etc., the bill goes on
increasing. From £194,000,000 in 1890
it rose to £189,000,000 in 1890, and is ex-
pected to show a large increase for 1891.
—Christian at Work.

For Moderate Drinkers to Ponder.

Every moderate drinker should some-
where in his room paste up the following
lines from Hannah More's "Robert and
Richard." This is Richard's epitaph:
Here lies a poor youth who called drinking his
bliss,
And was raised by saying "What harm is in
this?"
Let such ponder to his errors attend,
And learn of poor Dick to remember the end.

Water is Our Natural Beverage.

Water is the only drink which nature
knows or has provided for animals; and
whatever nature gives us, we may de-
pend upon it to be the best and safest for
us.

A Significant Fact.

Liberia imports 70,000 gallons of in-
toxants for every missionary it re-
ceives.

THERE ARE MANY LIKE HIM.

"Yes, you newspaper men," said a
lawyer, "a reporter always gets things
wrong. Why the other day you had my
name in the paper with one initial wrong.
You, you can't be depended upon. The other day when
I told you about the arrival of a boy in
my family, you gave his weight as eight
pounds instead of ten. Don't come to me
for any five words again. By the way,
my wife's sister arrived from the East-to-
day. Just make a personal of her arrival,
so I can send a few copies back East. Now be
sure and get her name right."

He seized a gun, leaped down the
stair, was in the garden.
Nardo took aim, fired, the ball sped.
The raven, in no wise frightened,
hopping, peering, scolding, came up to
the gun that was still pointed at him.
The second charge exploded.
"I have finally blown you to atoms,
oh, accursed bird!" howled Nardo,
plunging eagerly into the smoke of the
powder.
But the raven, from the branch of a
tree where he had taken refuge, answered
with a croak, and, coming close to the
man who had twice tried to kill him,
planted his claws in his eyes and pressed
his face between his bleeding wings.
The man let fall his gun—fell—rolled
howling in the snow.
The assassin of Mastro Lanza had at-
tempted an impossibility—he had tried
to kill the consciousness of his crime.—
Translated from the Italian by Harriette
Billings for Romance.

Mistaking the Uniform.

The dreamy young man jumped on
the rear platform of a Broadway car
last evening. He was on his way to
make a call and his mind had wandered
off to the home of his Margaret. In-
stinctively he shoved his hand down
into his pocket, pulled out a coin and
handed it toward a brass buttoned coat
that his dreaming eyes had made out in
the darkness. He was aroused from his
dreaming by a soft voice saying:
"I'm not the conductor. I don't want
your money."

"Pardon me," exclaimed the embar-
rassed young drummer, "I really did not
notice that you were a freeman. I just
saw the uniform, you know, and took
you for the conductor."

"That's all right," answered the free-

Treatment by INHALATION**

1529 Arch St., Philada., Pa.
For Consumption, Asthma, Bronchitis,
Dyspepsia, Catarrh, Hay Fever,
Headache, Debility, Rheumatism,
Neuralgia, and all Chronic and
Nervous Disorders.

The original and only genuine Compound
Oxygen Treatment, that Drs. Starkey & Palen, in a
scientific adjustment of the elements of Oxygen and
Nitrogen magnified; and the compound is so con-
densed and made portable that it is sent all over the
world in a very significant form.

It has been in use for more than twenty years;
thousands of patients have been treated, and over
one thousand physicians have used it, and recom-
mend it as a very significant fact.

It does not act as most drugs do, by ex-
hausting the system, and necessitating a second course
to eradicate the evil effects of the first, but Com-
pound Oxygen is a restorative, renewing strength,
energizing, invigorating the whole body.

These statements are confirmed by numerous tes-
timonials, published in our book of 200 pages, only
with the express permission of the patients; their
names and addresses are given, and you can refer
to them for further information.

The great success of our Treatment has given rise
to a host of imitations, unscrupulous persons; some
calling their preparations Compound Oxygen, others
appropriating our testimonials and the names of our
patients to recommend worthless nostrums, and
substantiated elsewhere or by others, and
called Compound Oxygen.

"Compound Oxygen—its Mode of Action and Re-
sults," published in our book of 200 pages, published
by Drs. Starkey & Palen, which gives in full
all the particulars of our Treatment, and is a
valuable reference to all who are afflicted with
any of the above named diseases, and who are
wishing to be cured by other physicians, after
being abandoned to die by other physicians.

It is mailed free to any address on application.

SOUTH JERSEY ADVERTISER... F. SLEEPER, Editor and Proprietor.

DR. J. SLEEPER, Associate Editor... We have several times stated that we are not responsible for the various communications that are allowed to appear from time to time in these columns.

There are several interesting communications in this issue. Especially important is the one on stone roads signed "H."

The time of elections in Hudson and Essex counties having been changed to April, by a recent act of legislature, has led some to confuse that change with elections in other counties and suppose all the election in the state would be changed.

SENATOR PERKINS has kindly sent us several pamphlet copies of the laws of New Jersey for 1891. Those desiring a copy can get them by calling at the home of the editor.

Do you care whether the township is bonded for \$25,000 to put down stone roads, or are interested in having the streets lighted? This question will be settled at town meeting, March 8th, at 2 p. m., Morgan hall.

There appears to be a misunderstanding with some, as to the cost of electric light. It will be remembered that we stated, recently, that there were 171 lamps in our town and that they cost \$12 a year for oil and attention, not taking into consideration their first cost and repair. It will be seen that the annual cost of those 171 lamps is over \$2,000, and the town is not half lighted. \$2,400 will give us a well-lighted town, and the cost will be equally distributed. Is it fair or just to expect a few to light our streets?

The caucus committee desire us to state that they will meet in Paul Wolfshmidt's barber shop adjoining Morgan hall, Palmyra, this Saturday from 7 to 8 p. m., to receive the names of candidates to be voted for at the caucus election, or primary meeting, which is to be held in Morgan hall, next Saturday evening, Mar. 5th.

The contest for justice of the peace should be narrowed down to the demands of the position and ability of the candidate, who by education, experience and native common sense is best fitted for the position? Voters should divorce themselves from any personal likes and dislikes and elect the one who will give equal justice to all.

We are very much pleased to publish elsewhere the call for the mass meeting to consider electric light, which is to be held in Morgan hall, Palmyra, at 8 o'clock next Tuesday evening. There are many people who do not understand this subject, and here will be a good chance to learn more about it and other matters.

The next town meeting will be one of the most important ever held in this locality. A proposition to bond the township for \$25,000, to build stone roads, will be presented. The question of lighting and the advisability of authorizing the township committee to lay some kind of pavement in front of each property may be acted upon. The property holders will doubtless see the advantage of making such arrangements as will allow them to attend the meeting. These questions will be settled somehow, and you should see that you are present to help settle them right.

SPECIAL NOTICE. To the citizens of Riverton and Palmyra: An adjourned meeting of the citizens of Riverton and Palmyra will be held at Morgan hall, Palmyra, Tuesday evening, March 1st, at 8 o'clock, to take into consideration proper means to secure light for the two villages.

STONE ROADS. We learn indirectly there is being circulated for property owners to sign a petition to the township committee to bond the township for twenty-five thousand dollars for macadamized roads.

to Broad and Cinnaminson avenues, Palmyra, and from West Palmyra to Union landing road above East Riverton.

Personally we hope this petition will not receive many signatures. We feel confident this kind of road has been used long enough for persons who have had experience to know it has not met the approval expected.

In addition the interest upon bonded indebtedness at five per cent would be twelve hundred and fifty dollars. Then if it wears out so fast that expenses to keep it in repair would in fifteen years equal its original cost, these would average an annual expense of sixteen hundred and sixty-six dollars, which added to interest makes an annual road expense for this macadam road of twenty-nine hundred and sixteen dollars; to say nothing of the balance of the roads in the township and bridges.

More than half of these roads to be so improved are in the country portion of the township, that will not pay one fourth of the annual expense nor as large a portion when the Bonds mature.

It is not just and right that these villages that pay more than three fourths of the tax should have the direct benefit of the tax they pay? Should not the tax raised by the county and that by the village be spent for the needs of each section?

The village of some kind, streets improved and other improvements. As they cannot all be done at once, those things should be done that are most needed and desired by the majority and the thing most needed in our own judgment is for our towns to be lighted.

The next most important is improved walks—as the many walk, while the few ride—not over seventy-five persons keeping horses in both Palmyra and Riverton.

We claim that our roads are better than possessed by any township in New Jersey within twenty miles of Philadelphia, while our streets are poorer lighted and less cared for than any within a much greater distance.

We also claim the roads of this township are much better for pleasure driving over the most out of the year than any in Telford in this township or within miles of here. Yours, H.

To the Editor of the News: Your suggestions about electric light last week appears to fall on stony ground, because many of our town people go out so little at night. Nearly every one who is spoken to, say they would like to see the town well lighted, but few appear to have sufficient information on the subject to act, and I fear will let the matter pass.

One person, who is out frequently at night, told me recently, that he has nearly run into people, and often stepped into water, on the side-walks. If one acquainted with our town has such experience, what will become of those who go out only occasionally, and strangers who may happen to be here after dark? IMPROVEMENT.

In a humble effort in the columns of your paper two weeks ago, has provoked a discussion between the friends of the rival candidates for justice. There is nothing better than a free interchange of opinion in a matter of this kind.

I would ask "A Voter" what is the proof of the pudding in this case? The facts follow: When Mr. Scheidell was justice of the peace he was in business for himself and his time was his own (and even then he was not in Palmyra during the day), but now he is in the employ of a Philadelphia newspaper and cannot come and go as he pleases. He gave up the office before of his own free will, made two removals, and then came back to Palmyra. In the meantime the town often suffered for want of an ever present justice. That is "the proof of the pudding."

the interest of our town, in using his talent and influence to the support of the county project of bonding the township for the benefit of the country.

WASHINGTON LETTER. Washington, Feb. 22, 1892. Washington's birthday finds the halls of Congress almost entirely deserted by representatives and senators.

RIVERTON. A notable Lloyd, of Westfield, is very sick. Sewer connections are being made to the Campbell residence, on Main street.

Mr. C. W. Leavitt is president of the Caldwell, N. J., Land Co., which is now becoming famous. Attend the mass meeting at Morgan Hall, Palmyra, next Tuesday evening, and vote for electric light.

On account of the continued indisposition of Rev. Paul A. Hoagblating he will probably take a trip abroad. Mr. Joseph Bishop has broken ground for Mr. A. J. Boris's new residence on Main street, above the railroad.

The registry board of this district will meet at the fire house, on Tuesday, March 1st, to revise the voting list. Anyone not registered can then present their names.

The Aaron Rolph property, on Cinnaminson street, which was sold by Sheriff Shinn, last Friday, Feb. 19th, on execution of the Cinnaminson Building and Loan Association, was bought by Patrick Ford, for \$1101.

The supper to be given at the Lyceum by the trustees of Calvary Presbyterian church on Wednesday evening, March 3d, bids fair to be a very great success. The tickets are being sold rapidly. In addition to the supper there will be an entertainment which will repay anyone to see.

Affliction has fallen heavily on the family of Lewis Boker during the past few weeks. His wife and three children have been seriously ill. The baby with measles and scarlet fever at the same time and from which she died after ten days illness from blood poisoning.

The annual Lenten services at Christ church will be of special interest. The rector has secured Rev. W. W. Bronson of Falabenton Pennsylvania, for the service on Ash Wednesday evening, Rev. E. B. Russell, of Hammonston, N. J., for Friday night, March 4th. Rev. J. Houghton, of Bryn Mawr, Pa., for Friday night, March 11th. Rev. I. N. Steel of Trinity church, New York for Friday night March 18th. Rev. C. H. Hibbard, of Burlington, N. J. for Friday night, March 25th. Rev. H. E. Thompson, of Woodbury, N. J. for Friday night April 1st, and Rev. Martin Aigner, of Mt. Holly, N. J., for the evening of April 8th. The Ash Wednesday service will be Holy Communion 7.30 a. m. Morning prayer and Litany at 11 a. m. p. m.

At a meeting of the Board of Trustees, of Riverton, which was held at the residence of Edward H. Pancoast, Tuesday evening, the 23d inst., it was decided to present to the annual school meeting, March 15th, the necessity of a new school building, to adopt plans, and ask for an appropriation for same, and authorize them to erect a new school building on the site of the old, antiquated building that has done service in the cause of educating the youth since 1865, when there were 112 children in the district. No doubt many of our citizens cherish many pleasant recollections of their school days in this old building and feel regrets that this old landmark, where the early settlers finished their education, must, on account of growth and civilization, make room for a more modern, improved building, adapted to the present age.

Our representative in the township committee is reported to have said that Main street shall have a Telford road this year if he has to do it at his own expense. This has the true ring. It is reported that he came from good authority, that the subscribers to the Telford road, which was required in addition to the amount appropriated at the last town meeting to secure the building of such a road will refuse to pay their subscriptions or be held responsible for any part of the road cost. We do not believe there is any truth in such report. The committee that went before the township committee last Spring and pledged the \$1500, and do all the carrying, are not the kind of gentlemen that would be guilty of any attempt to violate their pledge.

This pledge was required to get the road, it was given, they have got the road, and gentlemen of their standing do not stoop to such trickery. Their characters are above reproach. The Priestley-Clay wedding, in Christ church, on Tuesday evening last at 6 o'clock, was very largely attended. The bride was attired in white satin, with long train, bridal veil and orange blossoms, carrying a very large bunch of lilies of the valley. She was escorted by her father, the Hon. A. A. Clay. Miss Margaret Clay, a sister, was maid of honor. Mr. A. A. Fraser, was best man, and stood with the groom, Mr. Edward Priestley at the entrance to the church. The ceremony was performed by the Rev. John H. Converse. A reception followed at the residence of the bride, Miss S. Seckel, at which were present, Mr. and Mrs. R. Ward Carroll, of N. Y., and Mr. and Mrs. M. M. Reese, Mr. and Mrs. Rodman Ellison, Mr. and Mrs. Wm. Ellison, Mr. and Mrs. Randolph Clay, Mr. and Mrs. Thomas Roberts, Miss Hills, Mr. Hills, Mr. McCurdy, Mrs. Edwards, Miss Isabel Clay, Miss Margaret Clay, Miss Kate Seckel, the Messrs. Fred and John Seckel and many others.

Washington's Birthday was very quietly observed in Moorestown. A few flags flying were the only evidence that it was a holiday.

WASHINGTON LETTER. Washington, Feb. 22, 1892. Washington's birthday finds the halls of Congress almost entirely deserted by representatives and senators.

The national legislators are for the time quite widely scattered. The Alliance members have nearly all gone to St. Louis, either to take part as delegates or to be interested lookers on at the conference of the Alliance with other industrial organizations, which opened in that city to-day, the outcome of which may have an important bearing upon the next presidential campaign; the Tammany members have gone up to Albany to see that the New York State convention slips no cog, and the rest of them, with the exception of a few, very few, engaged upon important committee work in Chicago, guests of the World's Fair people.

To caucus or not to caucus, on the silver bill, is a question that will confront the democrats of the House this week. Representative Harter, of Ohio, who has made himself peculiarly obnoxious to those who favor the coinage bill by his somewhat pedantic methods of working up a public sentiment against the bill, secured 45 names to a call for a caucus, which has been handed to Mr. Holman, chairman of the caucus, and it is supposed that he will at once issue the call, as the rule says shall be done at any time when requested by thirty or more members.

The committee on rules, owing to a peculiar chain of circumstances by which one of the three democrats members thereof has been continually out of town—first it was Mr. Catechings who went to Boston; now it is Speaker Crisp, who is at Exeter, New Hampshire, has had no meeting to set upon the petition signed by more than a majority of the democratic members of the House, asking that a day be named for the consideration of the Bland free coinage bill.

The Way and Means committee has decided to take the tariff bill up for consideration on or about March 1, and if that program is adhered to the silver bill will have no chance of getting up before May, as the tariff debate is certain to take up all the time not consumed by the appropriation bills for at least two months after it begins.

This would not be seriously objected to by the silver men if they were given some assurance that the coinage bill would be taken up in May, but the proposition to set a day in the next session of Congress to begin the consideration of the free coinage bill will be resisted by them with all the parliamentary methods at their command, and the new rules give them plenty.

So rapid has been the growth of public sentiment in favor of the election of senators by the people that it is now predicted that the joint resolution providing for such an amendment to the Constitution will pass both Senate and House at the present session.

The several bills containing the admission of Utah as a state, and a system of local government for it as a territory, are regarded by shrewd observers as practically dead, although hearings are still granted to Representatives of the rival factions in Utah. The factions kill the chances of the territory for anything.

The case of the farmer who was asked the committee appointed to investigate the charges against the Pension office to postpone the beginning of taking testimony for a few days, in order to give them time to prepare for it.

The committee will meet again on Thursday of this week and will probably then decide when examination of witnesses shall begin. Secretary Foster is still so much prostrated from his recent attack of grip that his physician has ordered him to make a sea voyage, and he will sail from New York tomorrow, bound for Europe.

President Harrison is suffering from something very much like the grip, although he says it is a severe cold. He has cancelled all engagements for this week.

Much interest is felt here in the result of the St. Louis conference. The several bills containing the admission of Utah as a state, and a system of local government for it as a territory, are regarded by shrewd observers as practically dead, although hearings are still granted to Representatives of the rival factions in Utah.

STATE NEWS. A serious ending terminated a "parade" in the parlor of Samuel H. Gallego, of Jersey City, Harry, his wife and May, a mere tot of a girl, were having a military parade, when Harry fell from his broom-stick horse and his rattle case sword ran into his mouth and was driven three inches in his throat. His condition is critical.

The failure of the health authority in City of Trenton, to stamp out the small-pox is filling the people with dread lest the contagion spread to every part of the city. The news getting out to-day that there were a half dozen new cases at St. Francis' Hospital, added to the alarm. They are all quarantined in a separate building and two Sisters of Charity are caring for them. At the city posthouse there are seven cases.

On Wednesday night a train (Bloomfield D. L. and W. railroad), while running on a down grade, ran violently into a Newark street car with thirteen passengers, which was crossing the track and was pinned between the two gates, which were lowered just as it passed under them. The engineer did all he could to stop the train, but in vain. The driver of the car may die from the injuries received and five passengers were removed to the hospital, more or less badly hurt.

Five young men jumped into a pond at Athens on Wednesday afternoon to rescue three young women who were in the ice had fallen away. Two of the girls were rescued in an almost effortless condition, while Lizzie Grammes, who had frantically dragged one of them under the ice, was, with the young men, barely saved from death.

Matthew Cook, of Salem, again turns up with the first shad of the season, which he caught in a gill-net in the Delaware River Saturday. Mr. Cook has caught the first Delaware River shad for years, but this season is several weeks ahead of his usual time. Fishermen say this means an early and abundant catch.

The Supreme Court has compelled Hudson county to pay the Clark Thread company of Harrison and Newark for expenses incurred in defending the company's property during the strike of 1890.

When a school teacher has reached 60 years of age, after thirty years' public service, he or she may at his or her own demand be reti ed at half pay, and when he or she reaches 65 years the school authorities may retire him or her of their own accord on half pay, providing that in cities of over 50,000 population the School Board shall consist of Commissioners, one from each ward, the Mayor to have the appointing power and the board to be non-partisan as possible.

George Heideback of Newark, after a fight with a buzzard measuring five feet from wing tip to wing tip, came off victorious and captured the bird.

A prominent Bridgeton merchant was arrested Friday as a delinquent tax payer, the first case on record. The amount was quickly paid to save him from jail.

Wanamaker's. PHILADELPHIA, Feb. 22, 1892. So much has been stated in this column of the glories of the rich, rare and beautiful stock of very fine Dress Goods that you may perhaps doubt whether the plainer and simpler goods have equal care. Dismiss that notion. Call upon the cheaper stuffs and see what 25 and 37½ cents will do. Neat mixes at 25c, 36 inches; half cotton to be sure, but price considered, none the worse for that, and the big range of brown and gray Tweeds and Knickerbockers, at 37½c, 36 inches. Extremes do not meet in Dress Goods here. We have both and all the intermediate grades. Too many between for them to meet.

Fifty-cent Wool Dress Goods. A casual glance, a moment's counting, sixty-seven styles in a single row. Just a trifling bit of testimony to the bigness of the great Dress Goods stock. There are many designs. Some are chevrons, some have chevron stripes, some plain stripes that are elegant in simplicity. Some have Angora Wool (the Camel's-Hair of traffic) mixed with the sheep's Wool and that gives the softness so much desired nowadays.

But the quantity and variety at the moderate price would surprise you elsewhere. Here the leadership at all Dress Goods points is so natural that you are never surprised at anything. And your calmness over our successes is the best compliment you could pay us.

Just the oddest sort of a Border idea is cropping out in some of the richest Dress Goods. Narrow Borders—inch or two inches; sometimes in cream, sometimes of quarter inch stripes. The stuffs are two-toned and if there are Border Stripes they are always in harmony with the body of the goods. Quaintly nondescript styles in the stuffs themselves.

The face of this one is thickly covered with wavy wets like giant pen strokes in "lines of beauty." A bluish, a grayish, a tanish, a pinkish. Width 48 inches, \$2.50. Another is a broad Diagonal with silk threads glinting in and out all over it. 48 inches, 2 shades, \$2.50. Still another is a melange Cheviot, 48 inches, 4 shades, \$2.50.

Think of a school of dolphins' full swim through a sea of rose water, and you have a hint of one style in another novel stuff. Think of seas of four tints and dolphins of four colors and you have the variations. Goods 46 inches wide, price \$3.50.

Clothing Stuffs make a very pretty show. Your only trouble will be to choose where all are so mellow to the touch and so pleasing to the eye. 54-inch Cheviots in small checks, stripes and mixtures, \$1.50; tans and grays. 54-inch Cheviots (soft twills) checks and stripes, \$1.50; tans and grays.

For sale.—Lovely upright piano. Good as new. In use but a short time. Apply box 257, Palmyra. Will sell below cost. Man and wife of two gentlemen can have board. Home comforts. 407 Leconey avenue.

Mr. John Bird's frequent visits to Riverton must be on business of importance. A surprise party was taken to Mr. Samuel H. Eoval last Monday evening. Mr. and Mrs. C. H. Stackhouse celebrated their 28th wedding anniversary on Washington's birthday.

Have you tested the milk which John Eoval furnishes? See his advertisement. The fair has been well attended and will be a successful financial year, if one half is accomplished that is hoped.

Mrs. Wm. Rawlings arrived home safely from England on Wednesday afternoon. Mr. C. H. Crowell, of Garfield avenue is the happy owner of a fine horse.

Mr. Chas. S. Atkinson needs to build on his fine lot on Leconey avenue, above Fifth, in the Spring. Miss Wm. B. Stewart and daughter, Mrs. David Steelman, visited their relatives in Bristol, Pa., this week.

The report of the Palmyra Building and Loan Association is published in this issue. It indicates careful management. Miss Ellie Leedom, Miss Katie Hill and Mr. Wm. P. Hill, of Marple, Delaware Co., Pa., were visiting Mr. Chas. Lippincott, this week.

Mr. and Mrs. Joseph Morgan and Miss Hannah Morgan, have returned home from an extended trip to New York, Niagara Falls, and Canada. The sign which so many residents of Cinnaminson avenue objected to, has been placed inside of the building line.

Mrs. Geo. Taylor, and son, of Cinnaminson avenue, went to New York on Thursday, for a visit of several weeks. Mr. A. R. Wardle has given the contract for his new house, which is to be built at Fifth and Morgan avenues, to builder Joseph Bishop.

The young people's alliance will meet in the M. E. church on Sunday evening at 6.30. Mr. Henry Boushall will be the leader. Geo. T. Pike, of West Palmyra, has been suffering with a carbuncle on the back of his neck, and not able to attend to his occupation.

The West Palmyra Mission has been conducting under the auspices of the Young People's Alliance this week and has been very successful. Mr. E. D. Colman was taken seriously ill, while in Philadelphia on last Saturday but is now convalescing. He has the sympathy of his many friends.

M. Frank Byer and Miss May Collier, known to many of our residents, were married at Collingswood, on Thursday evening. L. Meyerlein and Harry Horner shot a match at clay pigeon on Saturday at the West End but neither displayed much marksmanship. Horner broke nine and Meyerlein two.

Mr. Chas. W. Davis, of Riverton, supervised the loading of the cargo on the steamship Indiana, which started for Russia on Monday to relieve the famine-stricken people. The election board of election district No. 1, will meet at Morgan hall, Tuesday, March 1st from 10 a. m. to 9 p. m. for the purpose of registering voters and correcting the registry list.

Portraits of Washington, Cleveland and Abbott, have been added to the Jeffersonian club rooms. They have nearly 50 members now. A mistake was made in quoting the price of butter in Steelman's grocery advertisement last week. He sells the first farmers' butter for 38c. instead of 45c.

Frederick Nichols, who was injured at the station, was removed to Cooper hospital by advice of Dr. Marcy, and there every indication that all his foot which was not crushed will be saved. Mr. Wm. R. Lippincott and wife, and Mr. Enoch Evans, of Westfield, went to Washington, on Wednesday, with the members of the Philadelphia Produce Exchange, on their fourth annual excursion.

Charles Starr, the present keeper of the Hotel Horse Hotel, expects to move into Ellis Baker's house, on west Broad street, next week. Smith, the proprietor of the hotel will take charge March 1st. Don't be fooled by the advertised bogus sale of shoes at certain city stores. It is only a trick. They quote, for instance, \$4 shoes reduced to \$2.45, whereas Cook sells exactly the same shoes for \$2, and so mark down either.

Be sure to attend the mass meeting in Morgan Hall, next Tuesday night, to consider how best to get returned to our towns, the proportions of taxes we pay. The electric light and Telford road questions will be thoroughly ventilated. Mr. Geo. F. Stackhouse, the energetic and active member of Jackson, Sterling & Co., and his wife, of 7th and Delaware avenues, are off for two weeks pleasure jaunt to Atlantic City, Baltimore, Washington, and Selma, Alabama.

Rev. J. F. Sechrist, a former pastor of the M. E. Church, was in town on Monday and preached that evening in the West Palmyra Mission. He has a grand revival at his own church at Milltown, N. J., 42 persons having been converted. The Improvement Association of the Central Baptist Church will meet on Wednesday evening, March 2d, at the residence of Mr. Wisam, Fourth and Horace avenue. A full attendance of the members requested. Business of importance, including adoption of a constitution.

The community was very much surprised to learn of the marriage of Mr. Wm. Oppenlander and Mr. Jane A. Adams, which took place February 22d at their home 265 West Broad street. The ceremony was performed by Rev. C. S. Fowleson. We congratulate Mrs. Oppenlander on this her fourth matrimonial venture.

Mrs. H. K. Reed has been nursing her nephew in Camden. Will you vote for me for Squire? Billy Hines.

FIFTH ANNUAL REPORT

Palmyra Building and Loan Association,

FOR THE YEAR ENDING MAR. 7, 1892.

Table with columns: RECEIPTS, DISBURSEMENTS, ASSETS, LIABILITIES, VALUE OF SERIES. Includes items like Bal. in Treasury, Loans on stock, Bonds and Mortgages, etc.

Table with columns: SERIES, NUM. SHARES, PAID IN PER SHARE, PROFIT PER SHARE, VALUE PER SHARE, TOTAL VALUE, GAIN FOR YEAR, WITHDRAWAL VALUE. Includes entries for First, Second, Third, Fourth, Fifth, and Undivided shares.

Value of Series table showing details for various share series.

New series of stock will be issued on Monday evening, March 7th, 1892. R. LOWER TEMPLE, Secretary.

Quite a number of our promising young ladies of this town gave a leap year party to Mr. Samuel Eoval last Monday evening, 23d. The evening was spent in dancing, singing and playing games of all kinds. At eleven o'clock Miss Georgie Weyman played a march in the dining room, where refreshments were in abundance.

Among those present were the Misses Lillian King, Mabel L. Maistre, Lizzie Clover, Emily Maguire, Ella Eoval, Marie Ely, Lizzie Eoval, Georgie Weyman and Emma Eoval, of Palmyra; Miss Eva Garza and Miss Vera Shoemaker, of Camden; Misses Floss Mitchell, Clark and Lucy Wort, of Philadelphia; Messrs Jack Horner, Lin Roden, A. Heartly, T. Blackburn, Hawke, S. Eoval and E. Eoval, from Philadelphia; Mr. Frank Girard and Mr. Jack, from Camden; Mr. J. Rowland, Mr. H. Maguire and Mr. Bolton, of Beverly; Messrs Heston Erwin and De Armond; from Delanco Messrs Cunningham, Barny and Hunt.

The bell will ring for the daily Lenten services at Christ Church, Palmyra, half an hour before each service, and again inmediately before the service begins. The old arrangement, however, with regard to Sunday will be continued. The following is a list of the Lenten services:

Ash Wednesday.—Service and sermon, 10.30 a. m. and 8.00 p. m. Sundays.—Service and sermon, 11 a. m. and 7.30 p. m. Mondays.—Morning Prayer, 10 a. m. Tuesdays.—Evening Prayer and reading, 4 p. m. Wednesdays.—Evening Prayer and address, 8 p. m. Thursdays.—Evening Prayer and address, 8 p. m. Fridays.—Liturgy, 10 a. m. Saturdays.—Evening Prayer, 4 p. m. Holy Communion, 10 a. m. Daily Morning Prayer (Friday excepted) 10 a. m. daily. Evening Prayer and address, 8 p. m. Meditations, 12 m. to 3 p. m. Easter Day.—Holy Communion, 7.30 a. m. Morning Prayer, Sermon and Holy Communion, 11 a. m. Children's Festival, 3 p. m. Evening Prayer and Sermon, 7.30 p. m.

THEY SAY.—That the real estate market hereabouts is dull. That electric lights are needed to boom the town.

That the people are very slow in the matters of improvement. That safety gates are needed at Cinnaminson avenue crossing.

That the agny will be over, March 9th, when the new justice of the peace is elected. That the Y. M. C. A. has demonstrated its usefulness in providing a place where our young men may spend their leisure hours.

That United State Senator Quay will introduce a bill authorizing the construction of a bridge between Philadelphia and Camden. That the excitement incident to a presidential campaign is nothing compared to the coming contest for justice of the peace.

That the country contingent are looking after their interests, while the who pay the bulk of the taxes are satisfied with the levings. That several young ladies of uncertain age have taken advantage of leap year. The desired result however, was not accomplished. Try again girls.

That town meeting will be held Tuesday, March 8th and that every man who is interested in Palmyra and Riverton will be there and vote for appropriations that will improve the towns and help increase their population.

That the Cinnaminson Building and Loan Association, is one of the safest and best conducted associations in the state. Meetings are held the second Monday evening in each month in the Riverton school house.

That the annual condition of the chicken market will be reported and the prices fixed at the town meeting, Tuesday March 8th. Don't fail to attend and see the mourners on the front bench waiting to hear the financial obituary read of their lost ones.

That a central Pennsylvania paper giving to a protest on account of replies more than a passing notice of the death and burial of a prominent man of the town in which it is published by saying, we can sympathize with a man whose overwhelmed with trouble readily ends his life. His very weakness excites pity, but a man who deliberately went after week and year after year poisons himself with bad whisky, spends his substance and leaves his family in strengthened circumstances; and is worse than a fool, he has no claim for public sympathy, and to enlarge him would be worse than downright lying a sound rebuke.

That the effluence residing from the faces of some of the candidates for justice which they think how soon they will receive such opticians as Squire, Judge, etc. is so great that when they are out in the morning they are mistaken for the sun, and in the evening for the electric light. JOSIE.

Y. M. C. A. Men's meeting to-morrow afternoon at 4.15. Short talks, spirited singing. Come, seats free. Rev. J. H. Hutchinson gave a most excellent talk last Sunday afternoon. Subject, "At your light shine."

Special meeting of the board of Managers Monday evening at 8 o'clock. Important business. Every young man invited to join the association. Dues with all privileges \$2.00 per year in advance.

The annual report of work in New Jersey shows 43 associations with a membership of 8767 (an increase of 1000 over last year) 10 associations own their own buildings. The total cost of equipment of the various associations was \$413,900. There are 38 reading rooms, 18 gymnasiums, 38 educational classes, 5 library societies, 10 colleges and schools have associations, with 818 members. The railroad department has 788 members, 12 associations have acceded to the demand of the work among boys. An endowment fund of \$70,500 is in possession of the various associations. There is under contemplation the purchase of a strip of land on Deal Lake, Asbury Park as a summer resort for association men similar to those in Maine and Wisconsin.

We desire to thank the public for their continued interest and liberality in helping to sustain what has grown to be a very important work. The young men of this vicinity appreciate what has been done for them. Large numbers congregate in the rooms weekly to accept the various privileges offered by the Association. We feel that what has been done, has been being done will be a vain effort, and for the small outlay good results will accrue.

Monday Feb. 29th is the last day we have previous to making the first payment on the lot corner Broad and Garfield avenue; all monies subscribed should be in the hands of the treasurer, D. T. Stowell, at that time.

The new Gymnasium apparatus has arrived and is being placed in position. We now have as well an equipped department as any suburban association, consisting of parallel bars, rowing machine, horizontal bars, six different style chest weights, jumping standard, punching bag, pushing machine, large assortment of Indian clubs, large assortment of heavy and light weight dumb bells, mats, etc. A liberal amount of money is still required to equip the rooms for the athletic department, which is now forming.

W. C. T. U. The meetings have been more social when held at the houses of the different members, but it has been thought best to have all the meetings at the rooms. The next meeting being the first in the month, will be a business meeting and all are urged to attend, that they may know what work the different departments are doing. The mothers should not forget to remind their children of the meeting of the Loyal Legion, on Monday at 4 p. m. in the M. E. Church. Begin efforts to train the children in the right way.

LOVE AND MARRIAGE IN JAPAN. Sir Edwin Arnold, who has been enjoying an interesting trip through the United States, has made a careful study of the conditions which govern the family in Japan and embodies his ideas in a paper called "Love and Marriage in Japan" in the February number of The Cosmopolitan. The article is illustrated by the quaintest possible Japanese sketches running down the sides and across the bottom of each page. An excellent photograph of W. D. Howells serves as a frontispiece and his work as writer of fiction is reviewed in the same number by H. H. Bowen. The President of Johns Hopkins University, gives a most practical paper for parents on "Boys and Boys' Schools," illustrated by cartoons of the famous Atwood. Mrs. Halseid turns back lovingly to his early days, and tells of the "Pete and Sports of the Farmer Boy." The petrolium industry is illustrated by an Afghan Story by Archibald Forbes; The Story of the Brazilian Republic by Adams; and the Leading Amateurs of the United States in photography, are other leading articles of the month.

WM. J. SOAST, Dealer in High Test Oils, Gasoline, and Lamp Goods. Fourth and Berkeley avenues. Postal card will receive prompt attention.

AN

Enviably reputation we have established by earnest endeavor to build a trade, the largest and strongest in this section and we congratulate ourselves on the remarkable results we have achieved and are proud of the fact that we have not been humiliated by the necessity of an

APOLOGY

To anyone, for having offered for sale goods of an inferior quality. We have not made much noise about it but have been on a sort of still hunt for trade, laboring diligently all the while to obtain goods that would please our customers at reasonable prices, thereby gaining their confidence and patronage of the public, and to our increasing efforts in the interest of the trade in general our success is

DUE

Nor are we yet satisfied with the beginning of the present year. We have gathered new strength and are prepared to show you a larger and stronger and in every way better line of goods.

YOU

Will find it largely to your advantage to visit us. We are in a position to do you great good. There is no doubt whatever about it.

Approaching Lent

brings prominently forward the question of fish. We feel sure that in the line that we carry we can furnish something suitable to the taste of every consumer. The goods that we offer in this, as in all other lines, be it remembered, are all of guaranteed quality, while the prices will compare favorably with those found elsewhere, for goods of equal quality.

Indeed there is nothing that we enjoy more than a square up and down comparison of goods, and prices, and methods, with anyone with whom we come in competition. In the way of fish, we have:

MAACKEREL.—Extra Shore, No. 1, at 18c. per lb. These fish are large, fat and particularly fine. Medium Shore, No. 1, much smaller than the former, but for their size, fat and very choice, 15c. lb. Extra, No. 2, at 14c. lb. Soused Mackerel, at 15c. per can.

SALMON.—In cans, Haggoods, too well known to need comment, 18c. each. Haggoods Salmon Cutlets, especially fine, worthy of appreciation, 20c. can. Horseshoe Brand, a strictly first-class brand, not so well known as Haggoods, and perhaps not quite so fine, but excellent all the same, 15c. per can. Then we have a brand that is first-rate value, for the money, at 12c. per can. Smoked Salmon Steak is an especial luxury, and those who can appreciate a first-class article of this kind would do well to try it. 25c. per lb. Lobster of the highest grade, 20c. per can. Sardines.—Imported, 14c. per can; American, in oil, 7c. and 9c. per can; American, in mustard, 9c. per can; American, spiced, 9c. per can.

YARMOUTH BLOATERS.—Large, fat smoked herring, 3 for 10c. Boneless herring, glass top box, 15c. Codfish, 8c. lb.
