Our Mission: The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History: LRYO is a non-profit 501 (c)(3) organization. Founded in 1990, the youth orchestra continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central regions of Vermont and eastern upstate New York. Last season, LRYO students performed a public concert at Castleton State College Fine Arts Center in December, a combined concert with the Green Mountain Youth Orchestra in Bennington, Vermont for both Bennington school children and the general public, an annual Chamber Concert at St Peter's Church in Rutland, and a premiere 15th anniversary performance at the Paramount Theater, Rutland, Vermont in April.

Today the Lakes Region Youth Orchestra continues to thrive under the leadership of Peter Miller, Music Director, outstanding conductors, and a very active Board of Directors. Except for our paid music staff, our AmeriCorps*VISTA Volunteer, and a Castleton College student intern, the organization is operated entirely by volunteers including its Board of Directors. Castleton State College very generously supports us by allowing the use of their fine arts center for weekly rehearsals and annual concerts. Through grants and fundraising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate.

Finally...We have a new home office at the Chaffee Art Center! Our collaboration with the Chaffee has made our organization more visible to the general public and enriched our opportunities for performance venues and joint fundraising projects.

MESSAGE FROM THE PRESIDENT...

What a joyous time to be representing the Lakes Region Youth Orchestra. So many new programs have developed over the last 18 months. My predecessor, Christy Gahagan, who now serves as Vice-president, began her term determined to sustain and foster the growth of LRYO. With the able guidance of The Board of Directors, Music Director, outstanding conductors, and parent volunteers, LRYO did just that over the past 12 months and has left our organization in a position to forge ahead and create further opportunities for our young musicians. With the engagement of our AmeriCorps*VISTA Volunteer and our collaboration with the Chaffee Art Center, which now houses the LRYO office, our organization has begun a new era.

We now have an established scholarship fund, performance opportunities at the Chaffee Art Center, an exchange concert with the Green Mountain Youth Orchestra, chamber music experiences, a solo competition worth \$1,000.00 to the winner, and a year end concert at the Paramount Theatre. A new group has been established, The Philharmonic Orchestra, to help develop orchestral skills with the younger musicians as they prepare to move up into the senior orchestra. We even have LRYO T-shirts for sale. More events are in the planning!

Let us focus our attention on the reason why we all work so diligently to keep LRYO vital and growing – to encourage, support, and enhance the musical lives of all the students who participate in our youth orchestra groups. What these young people experience here is the joy of making music together, a joy that can, and hopefully will, last a lifetime.

Welcome! Enjoy!

And please ask what you can do to help support LRYO programs.

MESSAGE FROM THE MUSIC DIRECTOR...

Welcome to another year of fine music by the Lakes Region Youth Orchestra. Under the direction of our stellar conductors, young musicians from near and far have been rehearsing since early September. We have truly enjoyed the camaraderie and the hard work taking place on Fridays in Castleton and Rutland.

There have been some organizational changes this year, including contracting our administrator, AmeriCorps*VISTA volunteer Laura Steere. She has been a godsend in helping us organize our many activities: expanding our visibility, resources and community outreach. The office for the organization is now housed in the Chaffee Center for the Arts. Our new partnership with the Chaffee has proven to be very productive and creative.

We are deeply appreciative for the generous support from the foundations, institutions and individuals listed in this program. Especially noteworthy are significant grants from the Anton Family Foundation, and the continued sponsorship of the orchestra by Castleton State College.

We have some exciting additions to our programs this year including the initiation of a junior level full orchestra for the spring semester, a solo competition with a \$1,000 grand prize, and expanded financial aid. We are continuing our successful exchange program with the Green Mountain Youth Orchestra, performing this year in Rutland.

LRYO has over the years provided musical experience, training and inspiration to hundreds of aspiring musicians. As we enter our second decade, we are working to solidify this foundation educationally, artistically and financially. Get the word out to your friends about this important community resource, and please volunteer, donate, listen and applaud in support of our enthusiastic musicians!

MESSAGE FROM THE PRESIDENT

Welcome to another exciting year with the Lakes Region Youth Orchestra. We are continuing many of the programs already in place, looking toward developing new opportunities for our participants, and of course, seeking new and better funding for all our programs.

In order to continue to provide a quality experience for all participants in LRYO while keeping our tuition modest, we need to reach out to donors to help balance and support these efforts. To forge ahead to the future with creative new projects and special events, we need to find grant sources that support such work. We need to continue to reach out to our community for volunteer services. As we have in the past, I know that the LRYO community will find a way to make our dreams come true.

I present my wish list for the coming year...and I know that each of you can assist us in accomplishing one of these goals. Feel free to contact me or any of our board members to discuss your ideas, resources, or your interest in helping out.

Increase enrollment in all our music groups but maintain our already low tuition
Double the size of our scholarship fund
Successfully acquire 5 new grant requests
Develop intriguing fund raisers that incorporate integration of the arts
Engage new board members who can support LRYO in a variety of ways
Develop a donor base that will support LRYO into the future

And, of course....

Good health to you all with great music in your lives.

Welcome! Enjoy!

And please ask what you can do to help support LRYO programs.

2007-2008 Season

MESSAGE FROM THE MUSIC DIRECTOR

We are pleased that you are attending a program by the Lakes Region Youth Orchestra. Our young musicians have been focused on making beautiful music under the direction of our inspiring conductors. Friday afternoons in Castleton and Rutland have been times of intense concentration and friendly camaraderie. The joy of making music is readily apparent then, and we hope it is shared with you in this evening's presentation.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the generous support of LRYO by our host, Castleton State College and our season sponsor, the Anton Family Foundation.

Last year was a one of much change and growth. LRYO's office moved to the Chaffee Center for the Arts, we instituted a full-time Administrator position through Americorps*VISTA, we reinvigorated our solo competition with a \$1,000 prize and solo performance with the orchestra, and in the spring we started our newest ensemble, the Philharmonic Orchestra. We plan to continue on this trajectory this year featuring collaboration with soloist Elizabeth von Trapp in the Paramount concert in May and a joint program with the Green Mountain Youth Orchestra at the Bennington Fine Arts Center in January.

Personally, I would like to thank our supportive board, our talented Americorps*VISTA volunteer Curtis Moeller and our industrious parent and community volunteers. It is a privilege to work with such a dedicated ensemble of supporters, musicians and artistic staff. Many thanks to everyone who is, and has been, involved in the creation of the region's premier ensemble for talented musical youth.

On behalf of the LRYO family, I also welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance!

Biographies

For **Elisabeth von Trapp**, the "sounds of music" are part of her earliest memories. Born and raised in Vermont, Elisabeth is the granddaughter of the legendary Maria and Baron von Trapp, whose story inspired *The Sound of Music*. Singing professionally since childhood, Elisabeth has enthralled audiences from European cathedrals to Washington D.C.'s Kennedy Center.

Inspired by her father Werner von Trapp's guitar playing and singing, Elisabeth has carried on the legacy of the internationally renowned Trapp Family Singers. She began taking piano lessons when she was eight and by the age of sixteen she was playing guitar and traveling the back roads of New England performing with her siblings at weddings, gospel meetings and town halls.

Building on her famed family's passion for music, Elisabeth has created her own artistic style, at once ethereal and earthy, delicate and powerful. Listeners have likened her to Judy Collins and Loreena McKennitt. Critics have called her voice "hauntingly clear," "joyfully expressive," and "simply beautiful."

Elisabeth's concert repertoire ranges from Bach to Broadway... Schubert to Sting. With equal ease and eloquence she sings timeless wonders like Rodgers and Hammerstein's "Favorite Things" and "Edelweiss," Lieder by Mozart, Puccini's "O Mio Babbino Caro," soaring gospel tunes, pop classics like "A Whiter Shade of Pale" and her own stunning compositions. She is accompanied by the elegant arrangements of her guitar and acclaimed cellist and longtime musical colleague, Erich Kory.

Elisabeth has released five self-produced albums, including her 2004 release of *Poetic License* and *Love Never Ends/Sacred Sounds* in 2005. She has performed across the United States, Austria and Russia. Her music has been featured on National Public Radio, BBC-Radio, Japanese National Radio and CNN Spanish Radio. She has appeared on CBS's *Eye on People*, ABC's *Good Morning America* and BBC-TV.

Erich Kory was born in Cincinnati, Ohio and began his relationship with the cello at the age of six, playing in orchestras by twelve. From classical recitals and orchestras at Carnegie Hall and Lincoln Center to avant-garde recordings, Erich has worked with Leonard Bernstein and Andre Previn, performing and recording with artists as diverse as Placido Domingo, Sting, Tony Bennett, Liza Minelli and Smokey Robinson.

When not performing with Elisabeth von Trapp, Erich can be heard performing with multi media, dance and theater groups throughout the world. His solo albums include *Sentient Cello*, *Never Ending Story*, and he can be heard on Elisabeth's *One Heart*, *One Mind*, *Christmas Song* and *Poetic License*.

Jacinda Brown is currently a Junior at Poultney High School. There she participates in the band, Select Chorus, and jazz band under the directions of Lauren McCoy. She also takes lessons privately from Licia Gambino-Hamilton. She took up the flute in fourth grade and also performs on the piano and saxophone. She has been with the Lakes Region Youth Orchestra since 2002 and tentatively plans to pursue a music education degree at Skidmore College after her graduation next year.

Program Notes

Honor Strings

Wolfgang Amadeus Mozart wrote **Symphony No. 25** in 1773, as a young man of only seventeen years. This work is the first of only two of his symphonies written in a minor key – both in G minor (his mature Symphony No. 40 is the other). This arrangement for string orchestra by Don Brubaker retains the fire and passion of the first movement with its syncopations and leaping intervals. Here, we find Mozart writing with an emotional intensity and darkness seldom found in his other works. Movie-watchers will recognize this work from the opening scene of the movie *Amadeus*.

This arrangement features four of the six movements from **Romanian Folk Dances**. The folk songs Bartók used for his suite come from four areas of Transylvania (a region in central Romania): Bihar, Todi-Aranyos, Maros-Torda, and Torontala. Bartók wrote the piece in 1915 for solo piano and orchestrated it two years later. In the 1920s, he authorized a close colleague, Zoltan Székely to arrange his suite for violin and piano. Rhythmic energy is a strong thread throughout, as well as the beautiful and sometimes haunting melodies.

The **Flute Concerto No. 29** is only one of approximately 300 flute concertos composed by Johann Joachim Quantz. In addition to composing, Quantz was also known as one of the finest flautists in all of Europe, and an innovator in flute design.

Wind Ensemble

Flourish for Wind Band was composed as an Overture to the Pageant *Music and the People* and was first performed in the Royal Albert Hall of London on April 1, 1939. - Oxford Press

The song "Aura Lee" has always been a favorite of mine. On numerous occasions I find myself humming or whistling this plaintive tune. The somber strains of the melody always seem to bring images of the Civil War to mind. When I decided to write a work based on "Aura Lee," I discovered that it originally appeared as a minstrel song somewhere in Northern Kentucky in the 1830's. Some years later it was trans-

formed into the soulful ballad that we now know, and during the great War Between the States, it became a favorite of both North and South. In recent times it has appeared as the popular love song "Love Me Tender." This background influenced me as I wrote the current setting, and indeed led to the title **Images of Aura Lee**. - John Zdechlik

In 1920 Ralph Vaughan Williams composed three preludes for organ based on Welsh hymn tunes, a set that quickly established itself in the organ repertoire. **Rhosymedre**, sometimes known as "Lovely," has become the most popular of the three tunes. Around this modest melody Vaughn Williams has constructed a piece of grand proportions, with a broad arc that soars with the gradual rise of the tune itself. - Walter Beeler

American Folk Rhapsody, a medley of four American Folk Songs, was written featuring "My Little Mohee," "Shantyman's Life," "Sweetwood Mountain," and "Sweet Betsy from Pike." All are excellent songs of American folk-lore which have not received the attention they deserve. - Clare E. Grundman, 1947

*LRYO THANKS
CASTLETON STATE COLLEGE
FOR
THEIR GENEROUS AND CONTINUED
SUPPORT OF OUR PROGRAMS.*

Our Mission: The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History: LRYO is a non-profit 501(c)(3) organization. Founded in 1990, the youth orchestra continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central regions of Vermont and eastern upstate New York. Last season, LRYO students performed a public concert at Castleton State College Fine Arts Center in December, a combined concert with the Green Mountain Youth Orchestra at the Bennington Arts Center for Bennington school children as well as a concert for the community, and our third performance at the Paramount Theater, Rutland, Vermont with guest artist Elisabeth Von Trapp. We continue to start each season with a full day of rehearsing and developing friendships at the Kinhaven Music Camp facility.

Today: Lakes Region Youth Orchestra continues to thrive under the leadership of Peter Miller, Music Director, outstanding conductors, and a very active Board of Directors. Except for our paid music staff, our part time administrator, and a Castleton College student intern, the organization is operated entirely by volunteers including its Board of Directors. Castleton State College very generously supports us by allowing the use of their fine arts center for weekly rehearsals and annual concerts. Rutland Middle school also supports our efforts by allowing our Repertory Strings group to rehearse there each Friday. Through grants and fund raising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate. We have a solo competition worth \$1,000.00 as a first prize to one of our talented participants. Many more new events are planned each year.

Our Future: LRYO's sustainability and longevity lies in a strong donor base, continuous grants to support new projects, and volunteerism that keeps already modest tuition low while being able to maintain some of the finest music conductors/educators in the region.

MESSAGE FROM THE MUSIC DIRECTOR

We are pleased that you are attending a program by the Lakes Region Youth Orchestra. Our young musicians have been focused on making beautiful music under the direction of our inspiring conductors. Friday afternoons in Castleton and Rutland have been times of intense concentration and friendly camaraderie. The joy of making music is readily apparent then, and we hope it is shared with you in this evening's presentation.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the generous support of LRYO by our host, Castleton State College and our season sponsor, the Anton Family Foundation.

Despite the current financial climate, we still offer affordable participation fees and ticket prices. Additionally, we continue to develop our program, including the solo competition with a \$1,000 prize (and solo performance with the Symphony Orchestra) and other activities including a joint program with the Green Mountain Youth Orchestra. Scholarship assistance is available to musicians for whom the tuition is an insurmountable challenge. It is our goal to turn away no interested and qualified student musicians. If it is at all possible please consider joining the donor family or helping in any way possible so that we can continue to offer this outstanding experience for local youth.

I would like to thank our supportive board, our terrific administrator Barb Giffin, and our industrious parent and community volunteers. It is a privilege to work with such a dedicated ensemble of supporters, musicians and artistic staff. Many thanks to everyone who is, and has been, involved in the creation of the region's premier ensemble for talented young musicians.

On behalf of the LRYO family, I also welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance!

MESSAGE FROM THE PRESIDENT

This is a milestone year because this marks my third and final year as President of the Board of Directors for LRYO. It has been honor to work with so many wonderful conductors who give of their time and expertise each week to ensure our musicians will have the best possible experience as members of our music ensembles. I have continued in this position because the Board that guides LRYO is a remarkable group of people who work diligently behind the scenes to find funding, write grants, develop program ideas, and plan events. It has been a pleasure to serve *with* them. I encourage you to consider serving on our Board of Directors for a 2 year term to help us reach our enrollment and financial goals.

Now in its 18th year, the Lakes Region Youth Orchestra is firmly planted in our region as an organization that shapes the lives of its participants. I hope that you have seen the article in the Rutland Magazine, fall issue 2008, that highlights LRYO, our spring concert and our vision for the future. I hope to complete my term with a three and five year plan as we look toward sustainability and longevity of our youth orchestra. If we all ask what we can do to make our future bright, I know that the LRYO community will find a way to make our dreams come true.

I present my wish list for the coming year...and I know that each of you can assist us in accomplishing one of these goals. Feel free to contact me or any of our board members to discuss your ideas, resources, or your interest in helping out.

- *Increase enrollment in all our music groups but maintain our already low tuition*
- *Increase awareness of our scholarship fund and seek out students in need*
- *Work with other youth orchestras to develop support & performance opportunities*
- *Successfully acquire 5 new grant requests*
- *Reinstate our Chamber Music experience*
- *Engage new board members who can support LRYO in a variety of ways*
- *Continue to develop a donor base that will support LRYO into the future*

And, of course....

Good health to you all with great music in your lives.

Welcome! Enjoy!

And please ask what you can do to help support LRYO programs.

Irish Tune from County Derry

The Irish Tune is based on a tune collected by a Miss J. Ross of New Town, Limavaday, County Derry, Ireland, and published in "The Petri Collection of Ancient Music of Ireland" in 1885. The original setting was an acapella version for mixed voices, which was much admired by Edward Grieg, with whom Grainger developed a strong friendship. An orchestral version followed and the military band version was completed in 1918. Grainger's knowledge of instrumental voicings lends a richness to the sound and a blending of the interwoven melodies.

www.winband.org

The British Eighth March

The British Eighth March was copyrighted in manuscript in 1943 and published in 1944. It was dedicated to General Bernard Montgomery and the Eighth Army after a triumphant sweep across North Africa in 1942. Following the defeat of Rommel's forces at El Alamein, Montgomery was promoted to field marshal, and he soon became the idol of the British public. In 1944, he commanded all Allied ground forces during the invasion of France, and, in 1951, he became deputy commander of the Atlantic Pact nations. Since the war, Zo Elliott's impressive march has retained its popularity on both sides of the Atlantic. In a 1980 random survey of sixty-nine members of the Texas Bandmasters Association, for example, *British Eighth March* was ranked third in a list of nearly eighty favorite marches.

Our Mission

The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History

LRYO is a non-profit 501(c)(3) organization. Founded in 1990, the group continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central region of Vermont and eastern upstate New York. Last season, LRYO students performed public concerts at Castleton State College Fine Arts Center in December and April, as well as two exchange concerts—one for area schoolchildren and one for the community—in February with the Green Mountain Youth Orchestra, at Burr and Burton Academy's Riley Auditorium. Past years have found our orchestra playing with such notables as Elisabeth von Trapp. We continue to start each season with a full day of rehearsals and team and friendship-building at the Kinhaven Music School facility in Weston.

Today

Lakes Region Youth Orchestra continues to thrive under the leadership of Music Director Peter Miller, outstanding conductors and a very active Board of Directors. Except for our paid conducting staff, our part time administrator and a part-time development coordinator, the organization is operated entirely by volunteers, including Board members. Castleton State College very generously supports us by allowing the use of their Fine Arts Center for weekly rehearsals and annual concerts. Rutland Middle school also supports our efforts by allowing our Repertory Strings group to rehearse there each Friday. Through grants and fundraising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate. With generous support from the Anton Family Foundation, our annual solo competition rewards one of our talented musicians with \$1,000 to further his or her music education.

Our Future

LRYO's sustainability and longevity center on our strong donor base, continuous grant-writing to support new projects, and our volunteers. These foundations keep our already-modest tuition low while allowing us to recruit and retain some of the finest music conductors and educators in the region.

Message from the Music Director

We are pleased that you are attending a program by the Lakes Region Youth Orchestra. Our young musicians have been focused on making beautiful music under the direction of our inspiring conductors. Friday afternoons in Castleton and Rutland have been times of intense concentration and friendly camaraderie. The joy of making music is readily apparent then, and we hope it is shared with you in this evening's presentation.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the gracious accommodation of LRYO by our host, Castleton State College and our season sponsor, the Anton Family Foundation.

Despite the current financial climate, we still offer affordable participation fees and ticket prices. Additionally, we continue to develop our program, including the solo competition with its \$1,000 prize (and solo performance with the Symphony Orchestra) and other activities such as a joint program with the Green Mountain Youth Orchestra. Scholarship assistance is available to musicians for whom the tuition is an insurmountable challenge. It is our goal to turn away no interested and qualified student musician. If it is at all possible please consider becoming one of our donors or helping in any way possible so that we can continue to offer this outstanding experience for local youth.

I would like to thank our dedicated board, our terrific administrative and support personnel, and our industrious parent and community volunteers. It is a privilege to work with such an enthusiastic corps of benefactors, musicians and artistic staff. Many thanks to everyone who is, and has been, involved in the creation of the region's premier ensemble for talented young musicians.

On behalf of the LRYO family, I also welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance!

—Peter Miller

Message from the President

Greetings!

It is my pleasure to welcome you to another performance of our musicians. It is very rewarding to see (and hear!) the results of their dedication and hard work. Under the direction of our superb group of conductors, they have experienced the rewards of learning together, working as a team, fine-tuning their skills and striving for a common goal—creating and sharing beautiful music.

In these challenging economic times, the continued strength of our ensembles demonstrates the value that students, parents and music educators place upon an advanced program such as LRYO. We could not exist without the tireless effort of our many volunteers, sponsors and grantors.

As we enter our next decade of making beautiful music, I challenge you to consider how you might help perpetuate this vibrant organization! We are working to re-energize our parent committees, and the Board is exploring opportunities to broaden our programs. There is strength in numbers; we have room for additional players at every level. If you are impressed by what you hear tonight, help spread the word!

Please sit back and enjoy not just the music you are about to hear, but the joy you will see in the faces of our musicians as they perform for you!

Sincerely,

Bob Jordan

Our Mission

The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History

LRYO is a non-profit 501(c)(3) organization. Founded in 1990, the group continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central region of Vermont and eastern upstate New York. Last season, LRYO students performed public concerts at Castleton State College Fine Arts Center in December and The Paramount Theatre in April, and an exchange concert in November with the Green Mountain Youth Orchestra. LRYO and GMYO independently learn the same music and then meet for a day of joint rehearsal and performance. Last year's concert was presented to an appreciative audience of students at the Rutland Intermediate School Auditorium. Past years have found our orchestra playing with such notables as Elisabeth von Trapp. We continue to start each season with a full day of rehearsals and team and friendship-building at the Kinhaven Music School facility in Weston.

Today

Lakes Region Youth Orchestra continues to thrive under the leadership of Music Director Peter Miller, outstanding conductors and a very active Board of Directors. Except for our paid conducting staff, our part-time administrator and a part-time development coordinator, the organization is operated entirely by volunteers, including Board members. Castleton State College very generously supports us by allowing the use of their Fine Arts Center for weekly rehearsals and annual concerts. Rutland Middle school also supports our efforts by allowing our Repertory Strings group to rehearse there each Friday. Through grants and fundraising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate. With generous support from the Anton Family Foundation, our annual solo competition rewards one of our talented musicians with \$1,000 to further his or her music education.

Our Future

LRYO's sustainability and longevity center on our strong donor base, continuous grant-writing to support new projects, and our volunteers. These foundations keep our already-modest tuition low while allowing us to recruit and retain some of the finest music conductors and educators in the region.

Message from the Music Director

We are pleased that you are attending a program by the Lakes Region Youth Orchestra. Our young musicians have been focused on making beautiful music under the direction of our inspiring conductors. Friday afternoons in Castleton and Rutland have been times of intense concentration and friendly camaraderie. The joy of making music is readily apparent then, and we hope it is shared with you in this evening's presentation.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the gracious accommodation of LRYO by our host, Castleton State College and our season sponsor, the Anton Family Foundation.

We continue to offer affordable participation fees and ticket prices. Additionally, we consistently strive to develop our program, including the solo competition with its \$1,000 prize (and solo performance with the Symphony Orchestra) and other activities such as a joint program with the Green Mountain Youth Orchestra. Scholarship assistance is available to musicians for whom the tuition is an insurmountable challenge. It is our goal to turn away no interested and qualified student musician. Please consider becoming one of our donors or helping in any way possible, so that we can continue to offer this outstanding experience for local youth.

I would like to thank our dedicated board, our terrific administrative and support personnel, and our industrious parent and community volunteers. It is a privilege to work with such an enthusiastic corps of benefactors, musicians and artistic staff. Many thanks to everyone who is, and has been, involved in the creation of the region's premier ensemble for talented young musicians.

On behalf of the LRYO family, I also welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance!

—Peter Miller

Message from the President

Greetings!

It is my pleasure to welcome you to this performance of LRYO's talented musicians. It is very rewarding to see (and hear!) the results of their dedication and hard work. I'm sure you will join me in thanking our very special group of conductors for their guidance as our kids strive for a common goal—creating and sharing beautiful music.

The continued strength of our ensembles demonstrates the value that students, parents and music educators place upon an advanced program such as LRYO. You may notice that our membership is up in almost all ensembles; however, we ask your aid in recruiting additional musicians to add depth as well as a few missing instruments. LRYO thrives due to the tireless efforts of many volunteers, sponsors and grantors.

As we move forward in our third decade, I challenge you to consider how you might help perpetuate this vibrant organization! If you have a talent or special interest that might assist in our planning, we would love to hear from you! The Board is exploring opportunities to broaden our programs. We have received seed grant monies to help establish a select chorus program. Please let us know if you would like to help in the planning of this new opportunity, or if you know of any interested singers.

If you are impressed by what you hear tonight, help spread the word! And note that we are seeking community members to fill a few vacancies on our Board. As we work to improve, we ask your help in identifying new benefactors, grants and creative funding possibilities.

Please enjoy the music—and recognize the teamwork and cooperation of your children as they blend their individual talents to produce joyous music together.

Sincerely,

Bob Jordan

Great music is that which penetrates the ear with facility and leaves the memory with difficulty. Magical music never leaves the memory.

Our Mission

The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History

LRYO is a non-profit 501(c)(3) organization. Founded in 1990, the group continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central region of Vermont and eastern upstate New York. Last season, LRYO students performed public concerts at Castleton State College Fine Arts Center in December and The Paramount Theatre in April, and an exchange concert in November with the Green Mountain Youth Orchestra. LRYO and GMYO independently learn the same music and then meet for a day of joint rehearsal and performance. Last year's concert was presented to an appreciative audience of students at the Rutland Intermediate School Auditorium. Past years have found our orchestra playing with such notables as Elisabeth von Trapp. We continue to start each season with a full day of rehearsals and team and friendship-building at the Kinhaven Music School facility in Weston.

Today

Lakes Region Youth Orchestra continues to thrive under the leadership of Music Director Peter Miller, outstanding conductors and a very active Board of Directors. Except for our paid conducting staff, our part-time administrator and a part-time development coordinator, the organization is operated entirely by volunteers, including Board members. Castleton State College very generously supports us by allowing the use of their Fine Arts Center for weekly rehearsals and annual concerts. Rutland Middle school also supports our efforts by allowing our Repertory Strings group to rehearse there each Friday. Through grants and fundraising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate. With generous support from the Anton Family Foundation, our annual solo competition rewards one of our talented musicians with \$1,000 to further his or her music education.

Our Future

LRYO's sustainability and longevity center on our strong donor base, continuous grant-writing to support new projects, and our volunteers. These foundations keep our already-modest tuition low while allowing us to recruit and retain some of the finest music conductors and educators in the region.

Message from the Music Director

We are pleased that you are attending a program by the Lakes Region Youth Orchestra. Our young musicians have been focused on making beautiful music under the direction of our inspiring conductors. Friday afternoons in Castleton and Rutland have been times of intense concentration and friendly camaraderie. The joy of making music is readily apparent then, and we hope it is shared with you in this evening's presentation.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the gracious accommodation of LRYO by our host, Castleton State College and our season sponsor, the Anton Family Foundation.

We continue to offer affordable participation fees and ticket prices. Additionally, we consistently strive to develop our program, including the solo competition with its \$1,000 prize (and solo performance with the Symphony Orchestra) and other activities such as this year's joint program with the Green Mountain Youth Orchestra at the Weston Playhouse. Elisabeth von Trapp will again join LRYO to perform with the combined ensembles in a program with proceeds assisting the flood repair efforts of the Weston Community Association.

Scholarship assistance is available to musicians for whom the tuition is an insurmountable challenge. It is our goal to turn away no interested and qualified student musician. If it is at all possible, please consider becoming one of our donors or helping in any way possible so that we can continue to offer this outstanding experience for local youth.

I would like to thank our dedicated board, our terrific administrative and support personnel, and our industrious parent and community volunteers. It is a privilege to work with such an enthusiastic corps of benefactors, musicians and artistic staff. Many thanks to everyone who is, and has been, involved in the creation of the region's premier ensemble for talented young musicians.

On behalf of the LRYO family, I also welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance!

— Peter Miller

Message from the President

Greetings!

It is my pleasure to welcome you to this season of music presented by LRYO's talented musicians. It is very rewarding to see (and hear!) the results of their dedication and hard work. I'm sure you will join me in thanking our very special group of conductors for their guidance as our kids strive for a common goal—creating and sharing beautiful music.

The continued strength of our ensembles demonstrates the value that students, parents and music educators place upon an advanced program such as LRYO. You may notice that our membership is up in almost all ensembles; however, we ask your aid in recruiting additional musicians to add depth as well as a few missing instruments. LRYO thrives due to the tireless efforts of many volunteers, sponsors and grantors.

As we move forward in our third decade, I challenge you to consider how you might help perpetuate this vibrant organization! If you have a talent or special interest that might assist in our planning, we would love to hear from you! The Board is exploring opportunities to broaden our programs. New this season is our Select Choir program. Please let us know if you would like to help in the planning of this new opportunity, or if you know of any interested singers.

If you are impressed by what you hear tonight, help spread the word! We welcome new members to fill a few vacancies on our Board. As we work to improve, we ask your help in identifying new benefactors, grants and creative funding possibilities.

Please enjoy the music—and recognize the teamwork and cooperation of your children as they blend their individual talents to produce joyous music together.

Sincerely,

Bob Jordan

Select Choir

Select Choir, new for 2011, is open by audition to high-school age vocalists (13 and up) and rehearses weekly. Directed by Dr. Sherrill Blodget, this ensemble offers talented singers the opportunity to perform orchestral/choral literature with the Honors Strings and Symphonic Orchestra, and to prepare and perform quality choral literature from a variety of eras and cultures, in multiple languages. Participants are expected to read well and work on their own between rehearsals as necessary. The choir expands LYRO's outreach to interested vocal musicians currently unserved by an after-school choral program, and will offer instrumentalists the opportunity to add vocal technique and repertoire to their already-established instrumental proficiency.

Our Mission

The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History

LRYO is a non-profit 501(c)(3) organization. Founded in 1990, the group continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central region of Vermont and eastern upstate New York. Last season, LRYO students performed public concerts at Castleton State College Fine Arts Center in December and Mill River Union High school in April, and an exchange concert in January with the Green Mountain Youth Orchestra. LRYO and GMYO independently learn the same music and then meet for a day of joint rehearsal and performance. Last year's concert was presented to an appreciative audience of students at The Weston Playhouse with guest artist Elisabeth von Trapp. We continue to start each season with a full day of rehearsals and team and friendship-building at the Kinhaven Music School facility in Weston.

Today

Lakes Region Youth Orchestra continues to thrive under the leadership of Music Director Peter Miller, outstanding conductors and a very active Board of Directors. Except for our paid conducting staff and a part-time development coordinator, the organization is operated entirely by volunteers, including Board members. Castleton State College very generously supports us by allowing the use of their Fine Arts Center for weekly rehearsals and annual concerts. Rutland Middle school also supports our efforts by allowing our Repertory Strings group to rehearse there each Friday. Through grants and fundraising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate. With generous support from the Anton Family Foundation, our annual solo competition rewards one of our talented musicians with \$1,000 to further his or her music education.

Our Future

LRYO's sustainability and longevity center on our strong donor base, continuous grant-writing to support new projects, and our volunteers. These foundations keep our already-modest tuition low while allowing us to recruit and retain some of the finest music conductors and educators in the region.

Message from the Music Director

We are pleased that you are attending a program by the Lakes Region Youth Orchestra. Our young musicians have been focused on making beautiful music under the direction of our inspiring conductors. Friday afternoons in Castleton and Rutland have been times of intense concentration and friendly camaraderie. The joy of making music is readily apparent then, and we hope it is shared with you in this evening's presentation.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the gracious accommodation of LRYO by our host, Castleton State College and our season sponsor, the Anton Family Foundation.

We continue to offer affordable participation fees and ticket prices. Additionally, we consistently strive to develop our program, including the solo competition with its \$1,000 prize (and solo performance with the Symphony Orchestra) and other activities such our joint program with the Green Mountain Youth Orchestra, to take place this year in Bennington

Scholarship assistance is available to musicians for whom the tuition is an insurmountable challenge. It is our goal to turn away no interested and qualified student musician. If it is at all possible, please consider becoming one of our donors or helping in any way possible so that we can continue to offer this outstanding experience for local youth.

I would like to thank our dedicated board, our terrific administrative and support personnel, and our industrious parent and community volunteers. It is a privilege to work with such an enthusiastic corps of benefactors, musicians and artistic staff. Many thanks to everyone who is, and has been, involved in the creation of the region's premier ensemble for talented young musicians.

On behalf of the LRYO family, I also welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance!

— *Peter Miller*

Message from the President

Greetings!

It is my pleasure to welcome you to this season of music presented by LRYO's talented musicians. It is very rewarding to see (and hear!) the results of their dedication and hard work. I'm sure you will join me in thanking our very special group of conductors for their guidance as our kids strive for a common goal—creating and sharing beautiful music.

The continued strength of our ensembles demonstrates the value that students, parents and music educators place upon an advanced program such as LRYO. We ask your aid in recruiting additional musicians to add depth as well as a few missing instruments. LRYO thrives due to the tireless efforts of many volunteers, sponsors and grantors.

As we move forward in our third decade, I challenge you to consider how you might help perpetuate this vibrant organization! If you have a talent or special interest that might assist in our planning, we would love to hear from you! The Board is exploring opportunities to broaden our programs.

If you are impressed by what you hear tonight, help spread the word! We welcome new members to fill a few vacancies on our Board. As we work to improve, we ask your help in identifying new benefactors, grants and creative funding possibilities.

Please enjoy the music—and recognize the teamwork and cooperation of your children as they blend their individual talents to produce joyous music together.

Sincerely,

Bob Jordan

James Sowards is the low strings specialist for Rutland City Public Schools, teaching orchestra to students grades 3 through 8. He has served as Repertory Strings conductor for the Lakes Region Youth Orchestra since 2005 and has taught as adjunct string professor at Castleton State College. An active member of the American String Teachers Association, Mr. Sowards has chaired the Vermont ASTA String Solo competition and participates in the Green Mountain Music Festivals. He also maintains a private student studio and freelances in the Rutland area.

Mr. Sowards, a double bassist, has performed with the Burlington Chamber Orchestra and the Killington Music Festival's Young Artists Series for the past two seasons. During his career as a professional musician and string coach, Mr. Sowards has performed with the Utah Symphony, Santa Fe Opera and chamber orchestras in Colorado, California, and Illinois before moving to Vermont in 2004. He earned his Master's degree in Music from Northwestern University, where he was awarded the Chicago Symphony Civic Orchestra String Fellowship and studied with nationally-acclaimed bass soloist Jeff Bradetich.

The Foundation makes selective, targeted grants to organizations and institutions that share its goals and that seek to enrich the communities of which they are a part.

The Anton Family Foundation is a generous supporter of the Lakes Region Youth Orchestra and its annual solo competition.

Last season, a special group of sponsors enabled us to arrange unique programming for our annual joint outreach concert with Green Mountain Youth Orchestra, featuring guest artist Elisabeth Von Trapp. Presented at the Weston Playhouse on January 6, 2012, we performed a free concert for over 200 elementary school students, and an evening fund-raiser concert to benefit Hurricane Irene repairs. - Military Music (from reign of Louis XIV) Jean-Baptiste Lully 1632-1687
1. French March
2. Musketeers March

Music was an ever present thing at the court of Louis XIV, and he was interested in every phase of its production. This interest carried over, also, into music for the military as he requested that each regiment of his army should have its own marches (and drum cadences) written for it so that each unit could be readily identified. (from the program notes with the score.)

- In the Township of Danville Old Vermont Song
arr. Daniel Luther Graves

Daniel Graves is the choral director at Rutland High School and director of the Curbstone Chorus a men's barbershop chorus based in Rutland. We thank Dan for the opportunity to perform this interesting arrangement for concert band. A notation of the first verse is listed below. (Noted by Alice Brown from Ella Collins Mattison, Windsor Home, Bennington, Vermont; July 17 1930)

*In the township of Danville I courted my love,
And the truth that I told her, not worthy I was,
And if she looked for riches to turn me away,
And not to encourage my suit for one day.*

- Festina Dr. Frank Bencriscutto

Festina is a multi-metric adventure. The piece is scored in 4 beats per measure, but has an underlying pattern of 3/3/2 over two measures of 4. The piece demands independence of parts as three main motifs are introduced and then played against each other. The composer has written in an optional ending featuring the percussion section which we have chosen to add a little touch of our own to, we hope you enjoy this interesting adventure in meter, independence, and surprise.

Lakes Region Youth Orchestra

...making beautiful music since 1990

The background of the cover is a dark, textured black. It features a complex, abstract graphic design of musical elements. Numerous thin, white and red lines crisscross the space, resembling a musical score or a network of sound waves. Large, stylized musical notes in bright yellow and orange are scattered throughout, some appearing to float or move across the page. The overall effect is dynamic and artistic, evoking a sense of musical energy and movement.

Our Mission

The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History

LRYO is a non-profit 501(c)(3) organization. Founded in 1990, the group continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central region of Vermont and eastern upstate New York. Last season, LRYO students performed public concerts at Castleton State College Fine Arts Center in December and Mill River Union High school in April, and an exchange concert in January with the Green Mountain Youth Orchestra. LRYO and GMYO independently learn the same music and then meet for a day of joint rehearsal and performance. Last year's concert was presented to an appreciative audience of students at The Weston Playhouse with guest artist Elisabeth von Trapp. We continue to start each season with a full day of rehearsals and team and friendship-building at the Kinhaven Music School facility in Weston.

Today

Lakes Region Youth Orchestra continues to thrive under the leadership of Music Director Peter Miller, outstanding conductors and a very active Board of Directors. Except for our paid conducting staff and a part-time development coordinator, the organization is operated entirely by volunteers, including Board members. Castleton State College very generously supports us by allowing the use of their Fine Arts Center for weekly rehearsals and annual concerts. Rutland Middle school also supports our efforts by allowing our Repertory Strings group to rehearse there each Friday. Through grants and fundraising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate. With generous support from the Anton Family Foundation, our annual solo competition rewards one of our talented musicians with \$1,000 to further his or her music education.

Our Future

LRYO's sustainability and longevity center on our strong donor base, continuous grant-writing to support new projects, and our volunteers. These foundations keep our already-modest tuition low while allowing us to recruit and retain some of the finest music conductors and educators in the region.

Message from the Music Director

We are pleased that you are attending a program by the Lakes Region Youth Orchestra. Our young musicians have been focused on making beautiful music under the direction of our inspiring conductors. Friday afternoons in Castleton and Rutland have been times of intense concentration and friendly camaraderie. The joy of making music is readily apparent then, and we hope it is shared with you in this evening's presentation.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the gracious accommodation of LRYO by our host, Castleton State College and our season sponsor, the Anton Family Foundation.

We continue to offer affordable participation fees and ticket prices. Additionally, we consistently strive to develop our program, including the solo competition with its \$1,000 prize (and solo performance with the Symphony Orchestra) and other activities such as our "Flash Mob" events in the Vermont Country Store and Weston Playhouse.

Scholarship assistance is available to musicians for whom the tuition is an insurmountable challenge. It is our goal to turn away no interested and qualified student musician. If it is at all possible, please consider becoming one of our donors or helping in any way possible so that we can continue to offer this outstanding experience for local youth.

I would like to thank our dedicated board, our terrific administrative and support personnel, and our industrious parent and community volunteers. It is a privilege to work with such an enthusiastic corps of benefactors, musicians and artistic staff. Many thanks to everyone who is, and has been, involved in the creation of the region's premier ensemble for talented young musicians.

On behalf of the LRYO family, I also welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance!

— Peter Miller

Message from the President

Greetings!

It is my pleasure to welcome you to this season of music presented by LRYO's talented musicians. It is very rewarding to see (and hear!) the results of their dedication and hard work. I'm sure you will join me in thanking our very special group of conductors for their guidance as our kids strive for a common goal—creating and sharing beautiful music.

The continued strength of our ensembles demonstrates the value that students, parents and music educators place upon an advanced program such as LRYO. We ask your aid in recruiting additional musicians to add depth as well as a few missing instruments. LRYO thrives due to the tireless efforts of many volunteers, sponsors and grantors.

Our musicians have participated in some fun outreach activities this season - a quartet the the Weston Bachttoberfest and "flash mob" performances at the Vermont Country Store and Holiday Bazaar at the Weston Playhouse.

We welcome new members Stephen & Joy French and Meggen Hanna to our Board. As we enter our twenty-fifth season, the Board is exploring opportunities to celebrate the history and the future of our organization. Please let us know if you can help us locate alumni. We are exploring a variety of possible programs to re-unite former musicians. Your assistance and ideas are welcome.

If you are impressed by what you hear tonight, help spread the word! As we work to improve, we ask your help in identifying new benefactors, grants and creative funding possibilities.

Please enjoy the music—and recognize the teamwork and cooperation of your musicians as they blend their individual talents to produce joyous music together.

Sincerely,

Bob Jordan

It is always a treat to listen to lively, upbeat music. Excelsior! with its cheerful melodies and toe-tapping rhythms is a musical blast of energy from beginning to end. We will perform it tonight in the spirit of a Circus Screamer as would be played as the clown acts would enter the big top. (taken partially from program notes)

Dusk Steven Bryant

This simple, chorale-like work captures the reflective calm of dusk, paradoxically illuminated by fiery hues of sunset. I'm always struck by the dual nature of this experience, as if witnessing an event of epic proportions silently occurring in slow motion. Dusk is intended as a short, passionate evocation of this moment of dramatic stillness. (composer's program notes)

Our Mission

The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History

LRYO is a non-profit 501©(3) organization. Founded in 1990, the group continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central region of Vermont and eastern upstate New York. Last season, LRYO students performed public concerts at Castleton State College Fine Arts Center in December and Mill River Union High School in April and an exchange concert with the Green Mountain Youth Orchestra. LRYO and GMYO independently learn the same music and then meet for a day of joint rehearsal and performance. Last year's concert was presented to an appreciation audience of students at Rutland Intermediate School. We continue to start each season with a full day of rehearsals with team and friendship building at the Kinhaven Music School facility at Weston.

Today

LRYO continues to thrive under the leadership of Music Director Peter Miller, outstanding conductors and a very active Board of Directors. Except for our paid conducting staff and a part-time development coordinator, the organization is operated entirely by volunteers, including board members. Castleton State College very generously supports us by allowing the use of their Fine Arts Center for weekly rehearsals and annual concerts. Rutland Intermediate School also supports our efforts by allowing our Repertory Strings group to rehearse there each Friday. Through grants and fundraising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate. With generous support from the Anton Family Foundation, our annual solo completion rewards one of our talented musicians with \$1,000.00 to further his or her music education.

Our Future

LRYO's sustainability and longevity center on our strong donor base, continuous grant-writing to support new projects, and our volunteers. These foundations keep our already-modest tuition low while allowing us to recruit and retain some of the finest music conductors and educators in the region.

Message from the Music Director

We are pleased that you are attending a program by the Lakes Region Youth Orchestra. We have had many exciting additions for this, our 25th anniversary year. Highlights include a December staged performance at Castleton in collaboration with Rutland Youth Theatre of "The Snowman" by British composer Howard Blake, as well as a gala anniversary concert at the Paramount with LRYO alumni musicians, the Anton competition winner and performance by renowned violinist and new Killington Music Festival Director Daniel Andai.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the gracious accommodation of LRYO by our host Castleton State College and our season sponsors the Hayes Foundation, The Vermont Arts Council and the National Endowment for the Arts as well as the ongoing and very generous support of the Anton Family Foundation.

We continue to offer affordable participation fees and ticket prices. Additionally, we consistently strive to develop our program, including the solo competition with its \$1,000 prize (and solo performance with the orchestra) and other activities in the community.

Scholarship assistance is available to musicians for whom tuition is an insurmountable challenge. It is our goal to turn away no qualified student musician. If it is at all possible, please consider joining our donor family in any way possible so that we can continue to offer this outstanding opportunity for our local youth.

I would like to thank our dedicated board, our administrator and support personnel and our industrious parent and community volunteers. It is a privilege to work with such an enthusiastic corps of benefactors, musicians and artistic staff. Many thanks to everyone who is, or has been involved in the creation of the region's premier ensemble for talented young musicians.

On behalf of the LRYO family, I welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance.

Our Mission

The Lakes Region Youth Orchestra is a nurturing community of young musicians, parents, teachers and supporters. The mission of the LRYO is to operate an orchestral program for the youth of the region who show suitable talent and interest to benefit from educational, musical and social participation in a symphonic orchestral environment.

Our History

LRYO is a non-profit 501(c)(3) organization. Founded in 1990, the group continues to offer challenging orchestral repertoire and to draw on the finest young musicians from the central region of Vermont and eastern upstate New York. Last season, LRYO students performed public concerts at Castleton State College Fine Arts Center in December and Mill River Union High School in April and an exchange concert with the Green Mountain Youth Orchestra. LRYO and GMYO independently learn the same music and then meet for a day of joint rehearsal and performance. Last year's concert was presented to an appreciation audience of students at Rutland Intermediate School.

Today

LRYO continues to thrive under the leadership of Music Director Peter Miller, outstanding conductors and a very active Board of Directors. Except for our paid conducting staff and a part-time development coordinator, the organization is operated entirely by volunteers, including board members. Castleton State College very generously supports us by allowing the use of their Fine Arts Center for weekly rehearsals and annual concerts. Rutland Intermediate School also supports our efforts by allowing our Repertory Strings group to rehearse there each Friday. Through grants and fundraising, LRYO now has an established scholarship program for those deserving youngsters who could not otherwise participate. With generous support from the Anton Family Foundation, our annual solo completion rewards one of our talented musicians with \$1,000.00 to further his or her music education.

Our Future

LRYO's sustainability and longevity center on our strong donor base, continuous grant-writing to support new projects, and our volunteers. These foundations keep our already-modest tuition low while allowing us to recruit and retain some of the finest music conductors and educators in the region.

Message from the Music Director

Thank you for attending a program by the Lakes Region Youth Orchestra. Our young musicians have been focused on making beautiful music under the direction of our inspiring conductors. Friday afternoons in Castleton and Rutland have been times of intense concentration and friendly camaraderie. The joy of making music is readily apparent then, and we hope it is shared with you in this evening's presentation.

We appreciate the generous support from the individuals, foundations and institutions that make our endeavor possible. We especially appreciate the community leadership shown by the gracious accommodation of LRYO by our host, Castleton State College and our season sponsor, the Anton Family Foundation.

We continue to offer affordable participation fees and ticket prices. Additionally, we consistently strive to develop our program, including the solo competition with its \$1,000 prize (and solo performance with the Symphony Orchestra) and other activities

Scholarship assistance is available to musicians for whom the tuition is an insurmountable challenge. It is our goal to turn away no interested and qualified student musician. If it is at all possible, please consider becoming one of our donors or helping in any way possible so that we can continue to offer this outstanding experience for local youth.

I would like to thank our dedicated board and our dedicated parent volunteers. It is a privilege to work with such an enthusiastic corps of benefactors, musicians and artistic staff. Many thanks to everyone who is, and has been, involved in the creation of the region's premier ensemble for talented young musicians.

On behalf of the LRYO family, I also welcome those of you who are new to the organization. We hope you enjoy the concert and plan to join us again for another inspiring performance!

Concert Etiquette

Thank you for joining us for this event.. As the audience, you are an important part of tonight's concert. The audience's responsibility at formal concerts is to honor the efforts of the performers by providing a listening atmosphere in which their performance can be appreciated by all. To that end, we ask your cooperation:

- While the performance is in progress, remain seated and quiet. (If it becomes necessary to leave the auditorium, please do so between musical selections.)
- If very young children become restless and disrupt others' ability to listen, please take them from the auditorium until they are quiet.
- Please do not hum or clap along with the performers, unless specifically invited to do so.
- Show your appreciation for the performance by clapping after each selection. Whistling and cheering are not appropriate at a formal concert..
- It is impolite to talk, or even whisper, while the music is being performed. Listeners and performers are also distracted by sounds from programs, candy wrappers, jewelry and other objects. Remain still, and be thoughtful of others by talking or making sounds only between numbers.
- Do not leave as soon as your child's portion of the concert is over. All of the students deserve a full audience for their performances.
- Watch the conductor when the music stops to determine when to applaud. Some musical works have several parts or movements and the audience is expected to applaud only after all movements have been performed.

Irish Tune from County Derry

The Irish Tune is based on a tune collected by a Miss J. Ross of New Town, Limavaday, County Derry, Ireland, and published in "The Petri Collection of Ancient Music of Ireland" in 1885. The original setting was an acapella version for mixed voices, which was much admired by Edward Grieg, with whom Grainger developed a strong friendship. An orchestral version followed and the military band version was completed in 1918. Grainger's knowledge of instrumental voicings lends a richness to the sound and a blending of the interwoven melodies.

www.winband.org

The British Eighth March

The British Eighth March was copyrighted in manuscript in 1943 and published in 1944. It was dedicated to General Bernard Montgomery and the Eighth Army after a triumphant sweep across North Africa in 1942. Following the defeat of Rommel's forces at El Alamein, Montgomery was promoted to field marshal, and he soon became the idol of the British public. In 1944, he commanded all Allied ground forces during the invasion of France, and, in 1951, he became deputy commander of the Atlantic Pact nations. Since the war, Zo Elliott's impressive march has retained its popularity on both sides of the Atlantic. In a 1980 random survey of sixty-nine members of the Texas Bandmasters Association, for example, *British Eighth March* was ranked third in a list of nearly eighty favorite marches.

Biographies

For **Elisabeth von Trapp**, the "sounds of music" are part of her earliest memories. Born and raised in Vermont, Elisabeth is the granddaughter of the legendary Maria and Baron von Trapp, whose story inspired *The Sound of Music*. Singing professionally since childhood, Elisabeth has enthralled audiences from European cathedrals to Washington D.C.'s Kennedy Center.

Inspired by her father Werner von Trapp's guitar playing and singing, Elisabeth has carried on the legacy of the internationally renowned Trapp Family Singers. She began taking piano lessons when she was eight and by the age of sixteen she was playing guitar and traveling the back roads of New England performing with her siblings at weddings, gospel meetings and town halls.

Building on her famed family's passion for music, Elisabeth has created her own artistic style, at once ethereal and earthy, delicate and powerful. Listeners have likened her to Judy Collins and Loreena McKennitt. Critics have called her voice "hauntingly clear," "joyfully expressive," and "simply beautiful."

Elisabeth's concert repertoire ranges from Bach to Broadway... Schubert to Sting. With equal ease and eloquence she sings timeless wonders like Rodgers and Hammerstein's "Favorite Things" and "Edelweiss," Lieder by Mozart, Puccini's "O Mio Babbino Caro," soaring gospel tunes, pop classics like "A Whiter Shade of Pale" and her own stunning compositions. She is accompanied by the elegant arrangements of her guitar and acclaimed cellist and longtime musical colleague, Erich Kory.

Elisabeth has released five self-produced albums, including her 2004 release of *Poetic License* and *Love Never Ends/Sacred Sounds* in 2005. She has performed across the United States, Austria and Russia. Her music has been featured on National Public Radio, BBC-Radio, Japanese National Radio and CNN Spanish Radio. She has appeared on CBS's *Eye on People*, ABC's *Good Morning America* and BBC-TV.

Erich Kory was born in Cincinnati, Ohio and began his relationship with the cello at the age of six, playing in orchestras by twelve. From classical recitals and orchestras at Carnegie Hall and Lincoln Center to avant-garde recordings, Erich has worked with Leonard Bernstein and Andre Previn, performing and recording with artists as diverse as Placido Domingo, Sting, Tony Bennett, Liza Minelli and Smokey Robinson.

When not performing with Elisabeth von Trapp, Erich can be heard performing with multi media, dance and theater groups throughout the world. His solo albums include *Sentient Cello*, *Never Ending Story*, and he can be heard on Elisabeth's *One Heart, One Mind*, *Christmas Song* and *Poetic License*.

Jacinda Brown is currently a Junior at Poultney High School. She also participates in the band, Select Chorus, and jazz band under the directions of Lauren McCoy. She also takes lessons privately from Lisa Gambino-Hamilton. She took up the flute in fourth grade and also performs on the piano and saxophone. She has been with the Lakes Region Youth Orchestra since 2002 and tentatively plans to pursue a music education degree at Skidmore College after her graduation next year.

Program Notes

Honor Strings

Wolfgang Amadeus Mozart wrote **Symphony No. 25** in 1773, as a young man of only seventeen years. This work is the first of only two of his symphonies written in a minor key – both in G minor (his mature *Symphony No. 40* is the other). This arrangement for string orchestra by Don Brubaker retains the fire and passion of the first movement with its syncopations and leaping intervals. Here, we find Mozart writing with an emotional intensity and darkness seldom found in his other works. Movie-watchers will recognize this work from the opening scene of the movie *Amadeus*.

This arrangement features four of the six movements from **Romanian Folk Dances**. The folk songs Bartók used for his suite come from four areas of Transylvania (a region in central Romania): Bihar, Todi-Aranyos, Maros-Torda, and Torontala. Bartók wrote the piece in 1915 for solo piano and orchestrated it two years later. In the 1920s, he authorized a close colleague, Zoltan Székely to arrange his suite for violin and piano. Rhythmic energy is a strong thread throughout, as well as the beautiful and sometimes haunting melodies.

The **Flute Concerto No. 29** is only one of approximately 300 flute concertos composed by Johann Joachim Quantz. In addition to composing, Quantz was also known as one of the finest flautists in all of Europe, and an innovator in flute design.

Wind Ensemble

Flourish for Wind Band was composed as an Overture to the Pageant *Music and the People* and was first performed in the Royal Albert Hall of London on April 1, 1939. - Oxford Press

The song "Aura Lee" has always been a favorite of mine. On numerous occasions I find myself humming or whistling this plaintive tune. The somber strains of the melody always seem to bring images of the Civil War to mind. When I decided to write a work based on "Aura Lee," I discovered that it originally appeared as a minstrel song somewhere in Northern Kentucky in the 1830's. Some years later it was trans-

formed into the soulful ballad that we now know, and during the great War Between the States, it became a favorite of both North and South. In recent times it has appeared as the popular love song "Love Me Tender." This background influenced me as I wrote the current setting, and indeed led to the title **Images of Aura Lee**. - John Zdechlik

In 1920 Ralph Vaughan Williams composed three preludes for organ based on Welsh hymn tunes, a set that quickly established itself in the organ repertoire. **Rhosymedre**, sometimes known as "Lovely," has become the most popular of the three tunes. Around this modest melody Vaughn Williams has constructed a piece of grand proportions, with a broad arc that soars with the gradual rise of the tune itself. - Walter Beeler

American Folk Rhapsody, a medley of four American Folk Songs, was written featuring "My Little Mohee," "Shantyman's Life," "Sourwood Mountain," and "Sweet Betsy from Pike." All are excellent songs of American folk-lore which have not received the attention they deserve. - Clare E. Grundman, 1947

Kabuki Dance.....Richard Meyer

A fun piece of original music designed for the Repertory Ensemble. The beginning is an *Andante* section that is very light and lyrical using delicate pizzicato notes. *Allegro* follows with aggressive tempo which is quick and lively. The ending reveals a peaceful return to the initial theme.

Intensity Sean O'Loughlin

Like the title suggests, *Intensity* is a piece that incorporates a high amount of energy. The piece incorporates syncopated rhythmic figures and everyone gets a chance to play the melody in this composition. It's fun to see how the tune can be passed from section to section. The student ensemble found this piece very rewarding to prepare for our final spring concert of the season.

Brandenburg Concerto No. 3 in G Maj J. S. Bach
Allegro

Many of Bach's most buoyant instrumental works date from his years at Cöthen, including his *Brandenburg Concertos* and his violin concertos. The exact dating of these works is problematic, since most of Bach's Cöthen manuscripts are lost. The *Brandenburg Concertos* appeared as a collection of six discrete works, and they were, at least in part, Bach's arrangements from earlier settings.

A native of Rio de Janeiro, Brazil, Ney Rosauro has developed a successful international career as a percussionist, composer and pedagogue. He is considered the most popular composer of percussion concerti, which average 150 performances each year by orchestras worldwide. His *Concerto for Marimba and Orchestra* is the most popular and has been performed over 1000 times by distinguished orchestras.

Plymouth Trilogy Anthony Iannaccone

1. Overture
2. Reflection
3. Carrousel (Rag)

Plymouth Trilogy was commissioned by the Michigan Council of the Arts and Plymouth Arts Council in 1982. It is tuneful throughout the course of its three contrasting movements: *Overture*, *Reflection*, and *Carrousel*. The *Overture* is a simple (six-eight) march which presents its melodic material in fragments before assembling them into a complete theme, heard first as a saxophone solo. *Reflection* and *Carrousel* transforms thematic material from the *Overture* to create, respectively, contemplative and carefree (sprightly) movements. The *Carrousel*, in particular, summarizes the straight-forward tonal and melodic character of the suite.

Russian Sailors' Dance Reinhold Gliere
Arr. James Curnow

The *Russian Sailors' Dance* is the best known excerpt from Glière's landmark ballet "The Red Poppy" (1926-7). The scene depicts an uprising on a Chinese ship and the successful intervention of the Russian sailors. This energetic dance music is based on *Yablochka (Little Angel)*, a popular Russian folk tune, and it takes the form of a series of variations in this work.

Ellen Sager

An American In Paris Suite George Gershwin
arr. John Whitney

In a career tragically cut short in mid-stride by a brain tumor, George Gershwin (1898-1937) proved himself to be not only one of the great songwriters of his extremely rich era, but also a gifted "serious" composer who bridged the worlds of classical and popular music. The latter is all the more striking, given that, of his contemporaries, Gershwin was the most influenced by such styles as jazz and blues.

West Side Story Leonard Bernstein
Selection For Orchestra arr. Jack Mason

West Side Story is a musical with a book by Arthur Laurents, music by Leonard Bernstein, and lyrics by Stephen Sondheim. The musical is based on William Shakespeare's *Romeo and Juliet*. A common musical device in *West Side Story* is the tritone (also known as the augmented fourth). It is featured throughout the musical, such as the repeated word, Maria, in the song "*Maria*", and in the overture and all of the fight music ("*The Rumble*"). The interval is dissonant (that is, it sounds jarring and unsettled and creates musical tension). By embracing the musical disunity created by the tritone, Bernstein is providing a musical representation of the opposing gangs in *West Side Story*.

March No. 1..... Gioacchino Rossini/Edited by Douglas Townsend
From Three Marches for the Marriage of the Duke of Orleans

The character of the music, witty, gay and mischievously humorous (one cannot help visualizing Rossini smiling cunningly and saying "I will show them what a real march sounds like") leads one to suspect that even he would not have dared to compose them specifically for an occasion though joyous, solemn and official as the marriage, in May 1837, (from the program notes with the score.)

Festive Holiday Overture Merle J. Isaac

Here is a refreshing little overture with as much variety as the several holiday seasons of the year. Mr. Isaac has assembled a chorale melody, a gay waltz and a stirring marching tune into an overture of interest to both performer and listener. (Program notes from the score)

Scherzo for Band Frank Erickson

Erickson was a composer, conductor, arranger, and author of books on band method. He also lectured at the University of California at Los Angeles (1958) and was professor of music at San Jose State University. For a number of years he worked for a music publishing company, and later began his own company. He served with the United States Army Air Force from 1942-1946, and wrote arrangements for army bands during that time. After the war ended he worked in Los Angeles as a trumpet player and jazz arranger. He was a life member of the National Band Association, elected to the Academy of Wind and Percussion Arts in 1986, and a member of ASCAP (American Society of Composers, Authors and Publishers), Phi Mu Alpha Sinfonia, Pi Kappa Lambda, Phi Beta Mu, and the American Bandmasters Association.

- Military Music (from reign of Louis XIV) Jean-Baptiste Lully 1632-1687
1. French March
 2. Musketeers March

Music was an ever present thing at the court of Louis XIV, and he was interested in every phase of its production. This interest carried over, also, into music for the military as he requested that each regiment of his army should have its own marches (and drum cadences) written for it so that each unit could be readily identified. (*from the program notes with the score.*)

- In the Township of Danville Old Vermont Song
arr. Daniel Luther Graves

Daniel Graves is the choral director at Rutland High School and director of the Curbstone Chorus a men's barbershop chorus based in Rutland. We thank Dan for the opportunity to perform this interesting arrangement for concert band. A notation of the first verse is listed below. (Noted by Alice Brown from Ella Collins Mattison, Windsor Home, Bennington, Vermont; July 17 1930)

*In the township of Danville I courted my love,
And the truth that I told her, not worthy I was,
And if she looked for riches to turn me away,
And not to encourage my suit for one day.*

- Festina Dr. Frank Bencrisutto

Festina is a multi-metric adventure. The piece is scored in 4 beats per measure, but has an underlying pattern of 3/3/2 over two measures of 4. The piece demands independence of parts as three main motifs are introduced and then played against each other. The composer has written in an optional ending featuring the percussion section which we have chosen to add a little touch of our own to, we hope you enjoy this interesting adventure in meter, independence, and surprise.

After a successful fall season, our newly-formed Select Choir ensemble suffered from low participation this Spring due to scheduling conflicts. We will re-group in the Fall and investigate other options to make participation more convenient. This ensemble is open by audition to high-school age vocalists (13 and up).

Our hope is that the Select Choir will become an ongoing ensemble, rehearsing weekly. It will expand LYRO's outreach to interested vocal musicians currently unserved by an after-school choral program, and will offer instrumentalists the opportunity to add vocal technique and repertoire to their already-established instrumental proficiency.

Our chorus is led by Sherrill Blodget, Director of Choral Activities and head of applied vocal studies at Castleton State College, where she directs the Collegiate Chorale and Castleton Chamber Singers, teaches voice, conducting, and global music, and is vocal director for musical theater productions. She is active as an adjudicator, clinician and guest conductor, and is President Elect and R&S Chair for Community Choirs for Vermont ACDA and the Vermont representative on the National Board of the National Collegiate Choral Organization (NCCO). Dr. Blodget has directed high school choral and vocal programs, and university, community and church choirs.

Program Notes - *Journal for a Soldier*

Sometimes, inspiration comes from the strangest places. In this case, I was on an airplane headed to Akron, Ohio, when a flight attendant announced that she was going to pass around a journal for a father and husband who was serving in the military overseas (and was expecting another child). She invited everyone to write something, read something, or both. The attendant had only met the soldier on a flight, but felt this was something she could do to support him. Once full, she would send it to him. When the journal reached me, I wanted to offer my thanks as many others had done. Flipping through hundreds of pages, I was amazed at how many veterans were represented. I also saw a scribbled drawing that had "Brandon, age 3" below it. Then as I went to write, I saw this:

"My daddy is in the Army. Sometimes I miss him but I know he's OK. I hope you come home soon. God bless you.

- Lauren, age 8

As a father of two little boys, this all but tore my heart out. It made the brave men and women in our military, and those of other countries, that much more incredible.

The music is based on two well-known themes: Lullaby by Brahms, and the famous hymn Eternal Father, Strong to Save. I knew that these two pieces could embody all the emotions I felt after reading Lauren's letter. The work draws mostly on small fragments from each piece, using them as the basis for original music. Toward the middle of the work, however, the entire theme to Eternal Father, Strong to Save emerges, while a modified version of Echo Taps occurs in the background. Taps is not used to symbolize death here. Rather, it is used to communicate the ideas of sadness and longing. Shortly, the music becomes triumphant and celebratory in nature. The ending mimics the sound of a music box playing Lullaby, portraying the father now holding his little girl before putting her into bed for the night, while the music box winds down.
