Here's an idea: Get up to 33% more prints without the “toner shake.”

New Original HP Toner with JetIntelligence.

To design the perfect printers for the leaner, faster, smarter office, we started with the little things: toner particles. The result is new Original HP toner cartridges with JetIntelligence. They deliver up to 33% more prints per cartridge—no “toner shake” required.¹ They have inspired a new generation of HP LaserJets that are up to 40% smaller, up to 40% faster, and use up to 53% less energy.²

The world's most preferred printers.

The world's most preferred printers: Worldwide printer market share, and HP printer brand awareness, consideration, and preference study in 9 markets 2014.

¹Based on cartridge yields for HP 131A and 507A compared with HP 201X and 508X Original HP toner cartridges. For more information, see hp.com/go/learnaboutsupplies

²Based on HP internal testing of predecessor devices completed 1/2015 or published information and subject to device settings. Actual results may vary. Faster refers to First Page Out Time (FPOT). For energy efficiency, the HP M252 is 15%, HP M277 is 16% and the HP M553 is 53% lower versus predecessor. For details see hp.com/go/ljclaims

Printer security breach? Not on your watch.

Defend your network with the world's most secure printers.

New enterprise HP LaserJets with JetIntelligence provide the industry's deepest printer security.¹ Features including HP Sure Start with its self-healing BIOS, whitelisting, and runtime intrusion detection come built in.

¹The world's most secure printers and deepest level of security. Based on HP review of 2015 published embedded security features of competitive in-class printers. Only HP offers a combination of security features for integrity checking down to the BIOS with self-healing capabilities. Available on the HP LaserJet M527, M506, M577 and as an upgrade on the M552, M553, M604, M605, and M606. Some features will be made available as a HP FutureSmart service pack update on selected existing Enterprise printer models.

Here's an idea: Toner engineered to deliver up to 33% more prints.

Introducing precision black toner

New Original HP Toner cartridges with JetIntelligence deliver up to 33% more prints per cartridge¹—no “toner shake” required. The latest addition, precision black toner, delivers sharp text and bold blacks with the precise placement of small, spherical toner particles. Designed to keep up with the new HP monochrome LaserJets with best-in-class speeds,² it's built for the leaner, faster, smarter office.

The world's most preferred printers.

The world's most preferred printers: Worldwide printer market share, and HP printer brand awareness, consideration, and preference study in 9 markets 2014.

¹ Based on ISO/IEC 19752 and 19798 cartridge yields for the following Original HP LaserJet Toner cartridges: 131A compared with 201X, 507A compared with 508X, 55X compared with 87X, 80X compared with 26X, 305A/X compared with 410X. Learn more at hp.com/go/learnaboutsupplies

² Based on HP internal testing of top three leading competitors' first page out from sleep mode and duplex print speed completed 8/2015. Subject to device settings. Actual results may vary. For details see hp.com/go/Lcliams

TROY Security Toner

Patented anti-fraud technology forces a red stain to appear on a document if fraudulent alteration of personal information is attempted using solvents.

TROY SecureUV Toner

Prints invisible security features which are only visible under UV light. Any combination of barcodes, text, or graphics can be printed in invisible UV at the same time as the normal black print portions of any document.

TROY UV Toner

Special UV toner available for document authentication and MICR applications. Appears as normal black print but fluoresces under UV verification light.

Here's an idea: Give the world leaner, faster, smarter ways to print.

The new HP LaserJets with JetIntelligence. Now 40% faster.¹

The new HP LaserJet 400 series printers deliver the fastest first page out, fastest two-sided printing, and lowest energy consumption in their class.^{2,3}

The world's most preferred printers.

The world's most preferred printers: Worldwide printer market share, and HP printer brand awareness, consideration, and preference study in 9 markets 2014.

¹ Based on HP internal testing of predecessor devices completed 8/2015. Actual results may vary. Faster refers to First Page Out Time (FPOT) and duplex print speed. For details see hp.com/go/ljclaims

² Based on HP internal testing of top three leading competitors' first page out and duplex print speed completed 8/2015. Subject to device settings. Actual results may vary. For details see hp.com/go/ljclaims

³ Based on HP testing using the ENERGY STAR[®] program's Typical Electricity Consumption (TEC) method or as reported in energystar.gov of top three leading competitors as of 8/2015. Actual results may vary. For details see hp.com/go/ljclaims

^{*}Claims that adhesive is "acid-free" and/or "photo-safe" are based upon: 1. Satisfactory test results obtained from Photographic Activity Tests per ISO14523 and non-acidic pH tests per TAPPI 509; 2. Certifications from material manufacturers; and 3. Atomic scans of adhesive following removal of backing paper.

Weather-Resistant & Tear-Proof Laser/Ink Jet Labels

Inclement weather and other moist environments are no problem for these labels. And the tear-proof material makes these labels virtually indestructible!

Customize these labels in various sizes for shipping documents and packages or any project requiring a durable label. Easily format text and images using software program templates.

Labels are printable in **both** laser and ink jet printers, in black/white or color!

By combining high quality materials with economical prices, MACO provides great solutions for you!

² Requires 3-in core adaptor.

³ Unprinted HP Heavy Textile Banner and HP Light Textile Display Banner are Oeko-Tex® certified according to Oeko-Tex® Standard 100, which is a globally uniform testing and certification system for textile raw materials, intermediate, and end products at all stages of production. Tested for emissions of volatile organic compounds and chemical residues such as pesticides, allergy-inducing dyestuffs, or tin-organic compounds.

⁴ Purchase of a take-up reel required for compatibility with the HP Latex 210 Printer.

⁵ Compatible with the HP Latex 360 Printer only.

⁶ To print on porous textiles, it is necessary to use the ink collector (C2065A) for the HP Latex 3000 Printer.
