

Artistes Femmes

Bien sûr, vous connaissez Rosa Bonheur, une des artistes les plus célèbres du XIXe siècle, dont la toile du *Marché aux chevaux* fut vendue en 1887 à New York 268 500 F, alors qu'à l'époque, un Renoir ou Monet se négociait autour de 100 F.

Mais encore, saviez-vous que l'artiste Romaine, Dibutades, fut désignée comme la créatrice du premier dessin sur un mur (la fresque) par Pliny the Elder, écrivain Romain du premier siècle C.E. (23-79) ? Pliny n'avait pas connaissance, bien sûr, de l'art des cavernes qui est aujourd'hui attribué aux femmes à Chauvet, 35000-22000 ans avant notre ère, et à Lascaux, 22000-17000 ans avant notre ère.

Puis, avez-vous entendu parler de Margareta Haverman, artiste peintre des Pays Bas, renvoyée de l'Académie Royale Française en 1723, parce que les peintures qu'elle soumettait étaient jugées trop talentueuses pour pouvoir avoir été réalisées par une femme ?

En 2014, lors d'un échange entre Drachin von Terra et Christa Zaat, des Pays Bas, Drachin demanda à la chercheuse/conservatrice, pourquoi elle ne rechercherait pas combien d'artistes femmes ont existées depuis la Renaissance. En 2018, Christa Zaat présente une liste de 4000 artistes femmes.

L'association Artistes Femmes de Terra a commencée à distribuer une liste d'environ 1650 artistes femmes afin de répondre à un commentaire que nous avons trop souvent entendues : « Malheureusement il y a eu très peu d'artistes femmes ».

Sur internet, Christa Zaat associe à chaque nom d'artiste une courte biographie et un album avec des œuvres de l'artiste : ***Female Artists in History***.

Grace à ce travail monumental, Christa Zaat met en avant leurs œuvres et donne une visibilité aux artistes femmes. Un interview (en anglais) à lire sur Christa Zaat : <http://nosmokingmedia.com/features/art-herstory-christa-zaat/>

A chaque nom d'artiste femme, Christa Zaat associe une courte biographie et un album avec des œuvres de l'artiste sur facebook : **FEMALE ARTISTS IN HISTORY**
Grace à ce travail monumental, Christa Zaat illumine leurs œuvres et donne une visibilité aux artistes femmes sur internet.

Qui sommes nous ?

En 2014 Drachin von Terra, Vice Présidente de l'association **Artistes Femmes de Terra**, rencontre Christa Zaat sur internet et donne à la Conservatrice, déjà auteure d'un blog dédié aux artistes peintres, l'impulsion de créer un espace dédié aux Artistes Femmes qui sont encore à nos jours frappées par l'obscurantisme.

En Novembre 2018 Zed Terra, Nadine Ferry, Monique Sermier et Drachin von Terra lancent un appel aux élu/es et au Directeur du Musée des Beaux Arts de Dijon (le Musée est en travaux et annonce une métamorphose). Nous demandons d'inclure dans leurs expositions permanentes une représentation équilibrée d'œuvres d'artistes femmes et d'artistes hommes.
