Re: Chemical Recovery -Elyria, Ohio

Dear Ms. Sheppard-Johnson:

On behalf of Heico Acquisitions (identified by U.S. EPA as "Heico Acquisitions f/k/a H.H. Robertson and hereinafter referred to as the "Company"), I am responding to U.S. EPA's General Notice letter regarding the Chemical Recovery Systems Site located in Elyria, Ohio (the "Site"). This response is made without any acknowledgement that the Company is a "potentially responsible party" under the provisions referred to in the General Notice letter; without any admission of any liability or responsibility under CERCLA or any other federal or other law; and without acknowledgement of the applicability of the authorities referenced in the General Notice letter. Furthermore, the Company neither admits nor agrees that any activities which have been, are now being, or will be conducted at the Site by U.S. EPA or representatives of the U.S. EPA are warranted or are authorized under federal law, or any other authority.

With these caveats, the Company hereby informs U.S. EPA that it is willing to enter into negotiations regarding its proportionate financial participation in a remedial investigation and feasibility study appropriate for the Site, subject to verification that the Company, is in fact, a responsible party.

Further contact about this matter should be made with Colleen E. Baime, McDermott, Will & Emery, 227 West Monroe Street, Chicago, Illinois 60606, (312) 984-7710.

Very truly yours,

Colleen E. Baime

Re: Chemical Recovery-Elyria, Ohio

Dear Ms. Sheppard-Johnson:

Robertson Ceco Corporation (the "Company") is responding to USEPA's CERCLA § 104(e), 42 U.S.C. § 9604(e), request for information regarding the Chemical Recovery Systems Superfund Site in Elyria, Ohio (the "Site"). While the request for information was directed to "Heico Acquisitions, f/k/a H. H. Robertson," Heico Acquisitions was never "formerly known as" H. H. Robertson. Without admitting any liability for the Site or any liability as on alleged successor to H. H. Robertson, we believe that the company you meant to send the request for information to is Robertson Ceco Corporation. Accordingly, it is Robertson Ceco Corporation on whose behalf this response is submitted. Future communications regarding the Site and alleged liability associated should reference Robertson Ceco Corporation and not Heico Acquisitions.

This response is made without any acknowledgement that the Company is a "responsible party" under CERCLA, without any admission of liability or responsibility under CERCLA or any other statute, without acknowledgement under CERCLA or any other statute, without acknowledgement of the applicability of the authorities referenced in the request for information, and without waiver of any applicable defenses. Furthermore, the Company does not admit or agree that any activities of the USEPA or its representatives that have been, are now being, or will be conducted at the Site are warranted or authorized under CERCLA or any other authority.

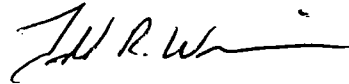

While the Company is responding to USEPA's request for information, it wishes to state and preserve its objections to certain aspects of the request. Specifically, the instruction section contains requests for which we can find no basis. Such requests include the requirements to continuously update a response which was complete when given and the inclusion of information

Deena Sheppard-Johnson, SR-6J  
February 19, 2002  
Page 2

and documents not in the possession, custody or control of current employees or persons currently engaged by or associated with the Company. Since we have located no basis for any of these requests, we assume there are none. If, however, USEPA does have any basis for these requests, please inform me of it and the Company will respond accordingly.

Without waiving any right to further object to the scope or basis for the request for information and documents, and/or any specific requests for information or documents the Company submits the attached document in response to USEPA's specific requests for information. Further contact about this matter should be made with Todd Wiener (312/984-7719) or Colleen E. Baime (312/984-6481), McDermott, Will & Emery 227 West Monroe, Chicago, Illinois 60606.

Very truly yours,

Todd R. Wiener

## ROBERTSON CECO CORPORATION'S RESPONSES

1. El Roskovensky, an officer with Robertson Ceco Corporation, was consulted in the preparation of answers to these questions.
2. The enclosed documents, as well as various communications from the U. S. EPA, were consulted, examined, or referred to in the preparation of the answers to these questions.
3. The Company is not aware of any persons able to provide a more detailed or complete response to any question or who may be able to provide additional responsive documents.
4. Not applicable.
5. The Company believes that no Company employees undertook any acts or omissions that caused any release or threat of release at the CRS Site. The Company is not aware of persons whose actions or omissions caused any release or threat or release at the CRS Site.
6. The Company is not aware of any persons with knowledge of activities at the CRS Site.
7. Other than as may be reflected in the attached documents, the Company is not aware of any arrangements that it may have had with the listed companies and persons.
8. The Company is not aware of any dates during which it undertook the listed activities.
9. The Company is not aware of any persons who may have arranged for the disposal or treatment of materials at the CRS Site.
10. The Company is not aware of any applicable insurance coverage.
11. The Company is a closely held corporation whose tax returns are confidential and private. The Company wishes to maintain the confidentiality of its tax returns and does not wish to submit these documents for public scrutiny. If the Company's ability to pay response costs becomes relevant to this matter, it will make available for review and inspection by

U.S. EPA, at Company offices and at a mutually convenient time, copies of tax returns subject to all confidentiality provisions and procedures of 40 CFR Part 2 Subparts A and B and any other applicable provisions.

12. (a) The Company will make copies of its Articles of Incorporation and By-Laws available for review and inspection by U.S. EPA at Company offices at a mutually convenient time.

(b) and (c) The Company is a closely held corporation whose financial information is confidential and private. The Company wishes to maintain the confidentiality of its financial information and does not wish to submit financial documents for public scrutiny. If the Company's ability to pay response costs becomes relevant to this matter, it will make copies of financial statements available for review and inspection by U.S. EPA at Company offices at a mutually convenient time subject to all of the confidentiality provisions and procedures of 40 CFR Part 2 Subparts A and B and any other applicable provisions.

d) The Company is a closely held corporation whose corporate structure is confidential and private. Upon an adequate explanation of the relevance of the requested information to the 104(e) request for information, the Company will make such information available for review and inspection by U.S. EPA at Company offices at a mutually convenient time subject to all of the confidentiality provisions and procedures of 40 CFR Part 2 Subparts A and B and any other applicable provisions.

13. The Company is not a Partnership.

14. The Company is not a Trust.
