**BACKGROUND**

On October 4, 2019, Complainant submitted an immediate disclosure request seeking police misconduct records from January 1, 2019, until the date of the request.

Specifically, Complainant requested:

1. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(A)(i)-(ii) on govt. property. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included.
2. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(B)(i)-(ii) on govt. property. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included.
3. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(C) on govt. property. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included.
4. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(A)(i)-(ii) on personal private property, subject to disclosure under City of San Jose v Superior Court (2017). All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included.
5. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(B)(i)-(ii) on personal private property, subject to disclosure under City of San Jose v Superior Court (2017). All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included.
6. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(C) on personal private property, subject to disclosure under City of San Jose v Superior Court (2017). All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included.

Additionally, Complainant requested, pursuant to S.F. Admin. Code § 67.21(c), a “statement as to the existence, quantity, form and nature of records relating to a particular subject

or questions with enough specificity to enable a requester to identify records in order to make a request....”

On October 17, 2019, Respondents responded to Complainant, stating that they had received Complainant’s October 16, 2019 records request, and that it was not properly the subject of an immediate disclosure request because it was not “simple, routine or otherwise readily answerable.”<sup>1</sup> On October 25, 2019, Respondents invoked a further extension of time based on the “rule of reason,” as set forth in the Good Government Guide, based on a backlog of requests for public records. Respondents provided a substantially similar response on November 8, 2019.

On November 20, 2019, Complainant filed a complaint with the Task Force alleging:

1. That Respondents violated S.F. Admin. Code § 67.21(c) by failing to provide a timely response regarding the existence of responsive records.
2. That Respondents violated their obligation to provide records on a rolling basis.
3. That Respondents failed to provide adequate justifications for the withholding of records.

On November 25 and 26, 2019, Respondents, while noting that they “take[] responsibility for not providing a response to the requestor within the required time frame,” provided Complainant with numerous responsive documents. On November 26, Complainant reasserted his first two allegations, and amended the third allegation, stating that the redactions and withholdings in the materials produced lacked a “clear reference” to the justifications for withholding, as required by S.F. Admin. Code § 67.26. Complainant also filed a petition with the Supervisor of Records on that day, contending that Respondents redacted documents and videos without adequate justification, that certain information from bodycam footage was

---

<sup>1</sup> Respondents contend that the initial October 4, 2019, request “was submitted to the Department via email to an email account that is not used by the Department for public records requests,” which apparently explains the initial delay in responding.

omitted, and that some bodycam footage was “compressed to incomprehensibility.” It does not appear that a response from the Supervisor of Records is part of the record.

**QUESTIONS THAT MIGHT ASSIST IN DETERMINING FACTS**

- Upon what basis did Respondents withhold or redact information? Did Respondents provide justifications for these withholdings and/or redactions?
- Did the Supervisor of Records respond to Complainant’s petition? If so, what was the outcome?

**LEGAL ISSUES/LEGAL DETERMINATIONS**

- Did Respondents violate the Sunshine Ordinance or the CPRA by failing to provide a timely and complete response to Complainant’s document requests?

**CONCLUSION**

THE TASK FORCE FINDS THE FOLLOWING FACTS TO BE TRUE:

THE TASK FORCE FINDS THE ALLEGED VIOLATIONS TO BE **TRUE OR NOT TRUE.**

**CHAPTER 67, SAN FRANCISCO ADMINISTRATIVE CODE (SUNSHINE  
ORDINANCE)**

**SEC. 67.21. PROCESS FOR GAINING ACCESS TO PUBLIC RECORDS;  
ADMINISTRATIVE APPEALS**

(a) Every person having custody of any public record or public information, as defined herein, (hereinafter referred to as a custodian of a public record) shall, at normal times and during normal and reasonable hours of operation, without unreasonable delay, and without requiring an appointment, permit the public record, or any segregable portion of a record, to be inspected and examined by any person and shall furnish one copy thereof upon payment of a reasonable copying charge, not to exceed the lesser of the actual cost or ten cents per page.

(b) A custodian of a public record shall, as soon as possible and within ten days following receipt of a request for inspection or copy of a public record, comply with such request. Such request may be delivered to the office of the custodian by the requester orally or in writing by fax, postal delivery, or e-mail. If the custodian believes the record or information requested is not a public record or is exempt, the custodian shall justify withholding any record by demonstrating, in writing as soon as possible and within ten days following receipt of a request, that the record in question is exempt under express provisions of this ordinance.

(c) A custodian of a public record shall assist a requester in identifying the existence, form, and nature of any records or information maintained by, available to, or in the custody of the custodian, whether or not the contents of those records are exempt from disclosure and shall, when requested to do so, provide in writing within seven days following receipt of a request, a statement as to the existence, quantity, form and nature of records relating to a particular subject or questions with enough specificity to enable a requester to identify records in order to make a request under (b). A custodian of any public record, when not in possession of the record requested, shall assist a requester in directing a request to the proper office or staff person.

(d) If the custodian refuses, fails to comply, or incompletely complies with a request described in (b), the person making the request may petition the supervisor of records for a determination whether the record requested is public. The supervisor of records shall inform the petitioner, as soon as possible and within 10 days, of its determination whether the record requested, or any part of the record requested, is public. Where requested by the petitioner, and where otherwise desirable, this determination shall be in writing. Upon the determination by the supervisor of records that the record is public, the supervisor of records shall immediately order the custodian of the public record to comply with the person's request. If the custodian refuses or fails to comply with any such order within 5 days, the supervisor of records shall notify the district attorney or the attorney general who shall take whatever measures she or he deems necessary and appropriate to insure compliance with the provisions of this ordinance.

(e) If the custodian refuses, fails to comply, or incompletely complies with a request described in (b) above or if a petition is denied or not acted on by the supervisor of public records, the person making the request may petition the Sunshine Task Force for a determination whether the record requested is public. The Sunshine Task Force shall inform the petitioner, as soon as possible and within 2 days after its next meeting but in no case later than 45 days from when a petition in writing is received, of its determination whether the record requested, or any

part of the record requested, is public. Where requested by the petition, and where otherwise desirable, this determination shall be in writing. Upon the determination that the record is public, the Sunshine Task Force shall immediately order the custodian of the public record to comply with the person's request. If the custodian refuses or fails to comply with any such order within 5 days, the Sunshine Task Force shall notify the district attorney or the attorney general who may take whatever measures she or he deems necessary to insure compliance with the provisions of this ordinance. The Board of Supervisors and the City Attorney's office shall provide sufficient staff and resources to allow the Sunshine Task Force to fulfill its duties under this provision. Where requested by the petition, the Sunshine Task Force may conduct a public hearing concerning the records request denial. An authorized representative of the custodian of the public records requested shall attend any hearing and explain the basis for its decision to withhold the records requested.

(f) The administrative remedy provided under this article shall in no way limit the availability of other administrative remedies provided to any person with respect to any officer or employee of any agency, executive office, department or board; nor shall the administrative remedy provided by this section in any way limit the availability of judicial remedies otherwise available to any person requesting a public record. If a custodian of a public record refuses or fails to comply with the request of any person for inspection or copy of a public record or with an administrative order under this section, the superior court shall have jurisdiction to order compliance.

(g) In any court proceeding pursuant to this article there shall be a presumption that the record sought is public, and the burden shall be upon the custodian to prove with specificity the exemption which applies.

(h) On at least an annual basis, and as otherwise requested by the Sunshine Ordinance Task Force, the supervisor of public records shall prepare a tally and report of every petition brought before it for access to records since the time of its last tally and report. The report shall at least identify for each petition the record or records sought, the custodian of those records, the ruling of the supervisor of public records, whether any ruling was overturned by a court and whether orders given to custodians of public records were followed. The report shall also summarize any court actions during that period regarding petitions the Supervisor has decided. At the request of the Sunshine Ordinance Task Force, the report shall also include copies of all rulings made by the supervisor of public records and all opinions issued.

(i) The San Francisco City Attorney's office shall act to protect and secure the rights of the people of San Francisco to access public information and public meetings and shall not act as legal counsel for any city employee or any person having custody of any public record for purposes of denying access to the public. The City Attorney may publish legal opinions in response to a request from any person as to whether a record or information is public. All communications with the City Attorney's Office with regard to this ordinance, including petitions, requests for opinion, and opinions shall be public records.

(j) Notwithstanding the provisions of this section, the City Attorney may defend the City or a City Employee in litigation under this ordinance that is actually filed in court to any extent required by the City Charter or California Law.

(k) Release of documentary public information, whether for inspection of the original or by providing a copy, shall be governed by the California Public Records Act (Government Code Section 6250 et seq.) in particulars not addressed by this ordinance and in accordance with the enhanced disclosure requirements provided in this ordinance.

(l) Inspection and copying of documentary public information stored in electronic form shall be made available to the person requesting the information in any form requested which is available to or easily generated by the department, its officers or employees, including disk, tape, printout or monitor at a charge no greater than the cost of the media on which it is duplicated. Inspection of documentary public information on a computer monitor need not be allowed where the information sought is necessarily and unseparably intertwined with information not subject to disclosure under this ordinance. Nothing in this section shall require a department to program or reprogram a computer to respond to a request for information or to release information where the release of that information would violate a licensing agreement or copyright law.

**SEC. 67.25. IMMEDIACY OF RESPONSE.**

(a) Notwithstanding the 10-day period for response to a request permitted in Government Code Section 6256 and in this Article, a written request for information described in any category of non-exempt public information shall be satisfied no later than the close of business on the day following the day of the request. This deadline shall apply only if the words "Immediate Disclosure Request" are placed across the top of the request and on the envelope, subject line, or cover sheet in which the request is transmitted. Maximum deadlines provided in this article are appropriate for more extensive or demanding requests, but shall not be used to delay fulfilling a simple, routine or otherwise readily answerable request.

(b) If the voluminous nature of the information requested, its location in a remote storage facility or the need to consult with another interested department warrants an extension of 10 days as provided in Government Code Section 6456.1, the requester shall be notified as required by the close of business on the business day following the request.

(c) The person seeking the information need not state his or her reason for making the request or the use to which the information will be put, and requesters shall not be routinely asked to make such a disclosure. Where a record being requested contains information most of which is exempt from disclosure under the California Public Records Act and this article, however, the City Attorney or custodian of the record may inform the requester of the nature and extent of the non-exempt information and inquire as to the requester's purpose for seeking it, in order to suggest alternative sources for the information which may involve less redaction or to otherwise prepare a response to the request.

(d) Notwithstanding any provisions of California Law or this ordinance, in response to a request for information describing any category of non-exempt public information, when so requested, the City and County shall produce any and all responsive public records as soon as reasonably possible on an incremental or "rolling" basis such that responsive records are produced as soon as possible by the end of the same business day that they are reviewed and collected. This section is intended to prohibit the withholding of public records that are

responsive to a records request until all potentially responsive documents have been reviewed and collected. Failure to comply with this provision is a violation of this Article.

**SEC. 67.26. WITHHOLDING KEPT TO A MINIMUM.**

No record shall be withheld from disclosure in its entirety unless all information contained in it is exempt from disclosure under express provisions of the California Public Records Act or of some other statute. Information that is exempt from disclosure shall be masked, deleted or otherwise segregated in order that the nonexempt portion of a requested record may be released, and keyed by footnote or other clear reference to the appropriate justification for withholding required by Section 67.27 of this Article. This work shall be done personally by the attorney or other staff member conducting the exemption review. The work of responding to a public-records request and preparing documents for disclosure shall be considered part of the regular work duties of any City employee, and no fee shall be charged to the requester to cover the personnel costs of responding to a records request.

**SEC. 67.27. JUSTIFICATION OF WITHHOLDING.**

Any withholding of information shall be justified, in writing, as follows:

(a) A withholding under a specific permissive exemption in the California Public Records Act, or elsewhere, which permissive exemption is not forbidden to be asserted by this ordinance, shall cite that authority.

(b) A withholding on the basis that disclosure is prohibited by law shall cite the specific statutory authority in the Public Records Act or elsewhere.

(c) A withholding on the basis that disclosure would incur civil or criminal liability shall cite any specific statutory or case law, or any other public agency's litigation experience, supporting that position.

(d) When a record being requested contains information, most of which is exempt from disclosure under the California Public Records Act and this Article, the custodian shall inform the requester of the nature and extent of the nonexempt information and suggest alternative sources for the information requested, if available.

**CALIFORNIA GOVERNMENT CODE (CPRA)**

**SEC. 6253.**

(a) Public records are open to inspection at all times during the office hours of the state or local agency and every person has a right to inspect any public record, except as hereafter provided. Any reasonably segregable portion of a record shall be available for inspection by any person requesting the record after deletion of the portions that are exempted by law.

(b) Except with respect to public records exempt from disclosure by express provisions of law, each state or local agency, upon a request for a copy of records that reasonably describes an identifiable record or records, shall make the records promptly available to any person upon payment of fees covering direct costs of duplication, or a statutory fee if applicable. Upon request, an exact copy shall be provided unless impracticable to do so.

(c) Each agency, upon a request for a copy of records, shall, within 10 days from receipt of the request, determine whether the request, in whole or in part, seeks copies of disclosable public records in the possession of the agency and shall promptly notify the person making the request of the determination and the reasons therefor. In unusual circumstances, the time limit prescribed in this section may be extended by written notice by the head of the agency or his or her designee to the person making the request, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched. No notice shall specify a date that would result in an extension for more than 14 days. When the agency dispatches the determination, and if the agency determines that the request seeks disclosable public records, the agency shall state the estimated date and time when the records will be made available. As used in this section, "unusual circumstances" means the following, but only to the extent reasonably necessary to the proper processing of the particular request:

- (1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request.
- (2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in a single request.
- (3) The need for consultation, which shall be conducted with all practicable speed, with another agency having substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest therein.
- (4) The need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

(d) Nothing in this chapter shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The notification of denial of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial.

(e) Except as otherwise prohibited by law, a state or local agency may adopt requirements for itself that allow for faster, more efficient, or greater access to records than prescribed by the minimum standards set forth in this chapter.

(f) In addition to maintaining public records for public inspection during the office hours of the public agency, a public agency may comply with subdivision (a) by posting any public record on its Internet Web site and, in response to a request for a public record posted on the Internet Web site, directing a member of the public to the location on the Internet Web site where the public

record is posted. However, if after the public agency directs a member of the public to the Internet Web site, the member of the public requesting the public record requests a copy of the public record due to an inability to access or reproduce the public record from the Internet Web site, the public agency shall promptly provide a copy of the public record pursuant to subdivision (b).

**SEC. 6253.9.**

(a) Unless otherwise prohibited by law, any agency that has information that constitutes an identifiable public record not exempt from disclosure pursuant to this chapter that is in an electronic format shall make that information available in an electronic format when requested by any person and, when applicable, shall comply with the following:

(1) The agency shall make the information available in any electronic format in which it holds the information.

(2) Each agency shall provide a copy of an electronic record in the format requested if the requested format is one that has been used by the agency to create copies for its own use or for provision to other agencies. The cost of duplication shall be limited to the direct cost of producing a copy of a record in an electronic format.

(b) Notwithstanding paragraph (2) of subdivision (a), the requester shall bear the cost of producing a copy of the record, including the cost to construct a record, and the cost of programming and computer services necessary to produce a copy of the record when either of the following applies:

(1) In order to comply with the provisions of subdivision (a), the public agency would be required to produce a copy of an electronic record and the record is one that is produced only at otherwiseregularly scheduled intervals.

(2) The request would require data compilation, extraction, or programming to produce the record.

(c) Nothing in this section shall be construed to require the public agency to reconstruct a record in an electronic format if the agency no longer has the record available in an electronic format.

(d) If the request is for information in other than electronic format, and the information also is in electronic format, the agency may inform the requester that the information is available in electronic format.

(e) Nothing in this section shall be construed to permit an agency to make information available only in an electronic format.

(f) Nothing in this section shall be construed to require the public agency to release an electronic record in the electronic form in which it is held by the agency if its release would jeopardize or

FACTS OF THE CASE

I made an IDR public records request from [81227-34819567@requests.muckrock.com](mailto:81227-34819567@requests.muckrock.com) under the CPRA and Sunshine Ordinance on October 4, 2019, requesting police misconduct records between Jan. 1, 2019 to present under Cal. Penal Code §832.7(b)(1)(A)(i)-(ii), §832.7(b)(1)(B)(i)-(ii), §832.7(b)(1)(C) on both government and personal property subject to *San Jose v Superior Court (Smith)*.

I also made a 7-day request under SFAC 67.21(c) for quantity, form, and nature of responsive records.

Since Oct. 4, 2019 through filing of this complaint, over 1.5 months, no records have ever been received. See Appendices for email thread and letters from SFPD.

ALLEGATIONS

**1. Violations of SF Admin Code 67.21(c) - failure to assist in a timely or complete manner**

I made a request for a statement under SF Admin Code 67.21(c) on Oct. 4. Because 67.21(c) dictates a seven day deadline for this statement, without any extensions, Respondent's failure to provide any such statement is unlawful.

**2. Violations of SF Admin Code 67.21(b)/67.25 - incomplete or untimely response**

The law requires rolling responses if requested. I requested a rolling response. No records have ever been provided to us.

**3. Violations of SF Admin Code 67.26, 67.27 - more than minimal withholding,  
failure to cite justification for withholding with clear reference to statute or case  
law**

Because no records have been provided as of this complaint, but records may be provided after filing the complaint but before SOTF judges the complaint, I reserve the right to allege withholding public parts of records and without justification.

**REQUEST FOR RELIEF**

Please find that the Respondents violated SF Admin Code sections 67.21, 67.25, 67.26, and/or 67.27, determine that some or all of the records or portions thereof withheld or not yet disclosed are public, and issue all appropriate orders.

Respectfully submitted,

RE: Police Misconduct Audit (SFPD)

To Whom It May Concern:

**\*\* NOTE:** this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). Redact your responses correctly because once you send them to us, there is no going back. **\*\***

This is an Oct. 4, 2019 Immediate Disclosure request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) for the following items from SFPD. This is an also a SF Admin Code 67.21(c) request for 6 statements (one for each numbered request below) for the quantity (including even records you claim are exempt), form, and nature of records responsive to each request below -- which must be provided in 7 days with no extensions are permitted.

I have a right to receive records by email (67.21(b)) and moreover I cannot be required to use your web portal which imposes Terms of Service conditions beyond the CPRA's requirements. Please email (attachments) all responsive records.

We remind you of your obligation to provide electronic records in the format we request them if that format is easily generated (SFAC 67.21(l)). Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are our choice. Other Documents may be provided in text (not scanned) PDF format.

However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For chat apps, a screenshot or print-out is acceptable.

If you use PDF, you must use properly redacted searchable or text pdfs. Don't use image PDFs to make it harder to analyze the records. Do not print out records and then re-scan them to PDF - simply redact them in Adobe Acrobat if needed for example. If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us.

You must justify all withholding. All justifications must be made with particularity (every redaction must be specifically referenced to a justification).

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

Every violation of the Sunshine Ordinance will be appealed --- please follow the Ordinance exactly as I am auditing your agency's public records regimen.

I look forward to your immediate disclosure.

1. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(A)(i)-(ii) on govt. property. SFPD,

You are required by law to provide records in rolling fashion. However I have not received a single record. I expect at least some records by Oct. 28, which is 24 days after Oct. 4 when I sent my request.

I am also making this offer in compromise:

- I will not file a complaint to the SOTF about the timeliness of your response if:
- SFPD publishes whatever records re: police misconduct that have been released under PC 832.7 to me or other requesters to their public website and provide me a URL.

I do not waive any other rights.

Please let me know if you agree.

Subject: RE: California Public Records Act Request #P009436-101619

Email

P009436-101619

You are required by law to provide me records in a rolling manner. There must be at least some records already released to other requesters under Penal Code §832.7(b)(1) that you could also release to me, in identical form, but you have refused to do so. Complaints will be filed Nov. 13 if records are not released in a rolling manner by then.

You also refused to provide me a quantity under SFAC 67.21(c) within 7 days.

In a prior case, SOTF required 7000 pages to be disclosed to be a reasonable amount by another agency. You have disclosed to me nothing in over one month.

SFPD will not be able to escape its obligations for public disclosure by indefinite delay.

Sincerely,  
Anonymous

Supplemental Documentation

Nov. 26, 2019

SOTF No.

19124

**SUPPLEMENTAL DOCUMENTATION**

On Nov 20, I alleged Respondents failed to respond to a request for public records in a timely or complete manner and failed to assist in a timely or complete manner. SOTF noticed Respondents on or around Nov. 21, and on Nov. 25, Respondents began a rolling response to my request. I maintain original allegations #1 and #2, and now provide additional detail for Allegation #3.

**AMENDED ALLEGATIONS**

**3. Violations of SF Admin Code 67.26, 67.27 - more than minimal withholding, failure to cite justification for withholding with clear reference to statute or case law**

Some records have now been produced. However, they contain numerous redactions and withholdings, none of which have "clear reference" to justifications, which is a violation of SF Admin Code 67.26. The allegations of the attached Exhibit 1, a petition to the Supervisor of Records, are incorporated into this Allegation 3. I request the SOTF determine that some or all of the parts of records listed in Exhibit 1 are public parts of records and order them disclosed. Exhibit 2 shows some examples of the justifications provided by Respondents, which do not provide "clear reference" from redaction to exemption.

Respectfully submitted,

ANONYMOUS  
Complainant/Petitioner

EXHIBIT 1

Nov. 26 petition to Sup. of Records

[81227-34819567@requests.muckrock.com](mailto:81227-34819567@requests.muckrock.com)

Supervisor of Records,

On Nov. 20 you received an SFAC 67.21(d) petition from this email address re: an Oct. 4 request from us to SFPD for certain police misconduct records. At the time I alleged that SFPD was simply refusing to provide us any records; that is no longer the case, and we have received on Nov. 25 the beginning of a rolling records response. We now allege instead that public records or parts of records are being improperly withheld.

You may consider the Nov. 20 petition from this email address withdrawn, and consider this a new SFAC 67.21(d) petition for a written determination that all or some of the following parts of records are public and for all associated orders to disclose. We will continue to pursue before the SOTF in *19124 Anonymous v. Scott et al.*, instead of before you, an SFAC 67.25 violation for SFPD's refusal to (prior to our complaint) provide rolling responses.

SFPD on Nov. 25 published 85 records online on "Sendgrid," with what appears to be 12 duplicates, for 73 unique records. The record names, our numbering scheme for reference, and the URLs that SFPD published are in Appendix A. You may get the records themselves from SFPD's published URLs below, or from SFPD itself, as they are too large to include in the petition and many are audio/video files that I cannot embed herein. On Nov. 26, SFPD published 41 additional documents listing general exemptions. However, since no "clear reference" is made indicating which redaction is associated with which exemption, these redactions remain unlawful under SFAC 67.26, and I still challenge all of them. Furthermore, the justification documents themselves have redactions (determination 3).

Please determine the following are public parts of records:

1. **PDF documents:** - All textual redactions in records #1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 81, 82, 83, 84 (which are all PDFs). None of these textual redactions have a clear reference to a statutory or case law exemption justifications, and are thus unlawful withholdings, and must be disclosed.
2. **Bodycam footage:**
  - a. The following parts of the original bodycam records #55-76 (inclusive): Office Name/Badge number, GPS location tags, and original timestamps. This information has been stripped from the MP4 files provided to us without any justification. From publicly available Axon documentation for the 'Body 2' cameras used, we believe this information does exist, was recorded, and must be disclosed. No justification has been provided for withholding this information. SFPD appears to store the original records in a service called

“Evidence.com” and we would like copies of the full record stored therein (except exempt parts).

- b. The original uncompressed bodycam audio and video footage in records #55-76 (inclusive). The CPRA requires exact copies, and the Sunshine Ordinance requires minimal withholding. Some of these videos have been compressed to incomprehensibility. SFPD may lawfully redact (with justification) exempt parts of the video, but has no authority to damage the rest of the video record through compression.
- c. All “visual” redactions in records #55-76 (inclusive). There are numerous blurrings of the record. I am challenging all of them as unlawful, since none have any clear reference to justification whatsoever.

3. **Record response redactions** - redactions in the following responses appear to withhold the identity of a records requestor, however public records requests are themselves public records

RE: Public Records Request- reference # P006443-010119

Dear :

The San Francisco Police Department (SFPD) received your records request pursuant to Senate Bill 1421 dated January 01, 2019. On January 25, 2019, SFPD invoked a rule of reason to guide the timing of our response to your public records request as stated on pages 97-98 of the Good Government Guide. The law recognizes that when there is a conflict between a department's performance of its wide range of duties, and its responsibilities under public records laws, reason demands flexibility in the timing of responses to requests. SFPD has remained in regular<sup>1</sup> communication with you regarding the status of your public records request.

SFPD has identified responsive records related to an incident involving the discharge of a firearm at a person by a peace officer, which occurred on August 27, 2012, involving member Regina Berrigan. SFPD will endeavor to produce responsive records to your entire request on an incremental or rolling basis.

The responsive records in this production include documents related to Incident Report #120682172 and Internal Affairs Report #12-005.

Please note, redactions have been made to these records pursuant to the following exemptions:

- Penal Code § 832.7(b)(5)(A) – personal data or information, such as a home address, telephone number, or identities of family members, other than the names and work-related information of peace and custodial officers.
- Penal Code § 832.7(b)(5)(B) – to preserve the anonymity of complainants and witnesses.

<sup>1</sup> SFPD sent communications on February 15, 2019, February 28, 2019, March 15, 2019, April 5, 2019, April 12, 2019, April 26, 2019, May 10, 2019, May 17, 2019, May 23, 2019, May 31, 2019, June 5, 2019, June 7, 2019, June 19, 2019, June 21, 2019, June 26, 2019, July 3, 2019, July 5, 2019, July 11, 2019, July 19, 2019, July 24, 2019, July 31, 2019, August 2, 2019, August 7, 2019, August 14, 2019, August 21, 2019, August 30, 2019, September 4, 2019, September 11, 2019, September 13, 2019 and September 18, 2019.

- Penal Code § 832.7(b)(5)(C) – to protect confidential medical, financial, or other information of which disclosure is specifically prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force by peace officers and custodial officers.
- Penal Code § 832.7(b)(5)(D) – disclosure of the record would pose a significant danger to the physical safety of the peace officer, custodial officer, or another person.
- Penal Code § 832.7(a) - except as provided in subdivision (b), the personnel records of peace officers and custodial officers and records maintained by any state or local agency pursuant to Section 832.5, or information obtained from these records, are confidential and shall not be disclosed in any criminal or civil proceeding except by discovery pursuant to Sections 1043 and 1046 of the Evidence Code.
- Penal Code § 11105 et. seq. - CORI data (personal identifiable criminal history) and CLETS data (California Law Enforcement Telecommunications Systems).
- California Government Code Section 6254(f), which exempts from disclosure records of complaints to, investigations conducted by, intelligence information or security procedures of, and investigatory or security files compiled by local police agencies.

Sincerely,

RE: Public Records Request- reference # P006443-010119

Dear :

The San Francisco Police Department (SFPD) received your records request pursuant to Senate Bill 1421 dated January 01, 2019. On January 11, 2019, SFPD invoked a rule of reason to guide the timing of our response to your public records request as stated on pages 97-98 of the *Good Government Guide*. The law recognizes that when there is a conflict between a department's performance of its wide range of duties, and its responsibilities under public records laws, reason demands flexibility in the timing of responses to requests. SFPD has remained in regular<sup>1</sup> communication with you regarding the status of your public records request.

On Friday, March 1, 2019, the San Francisco Police Officer's Association ("SFPOA") sued SFPD and the court ordered SFPD not to release responsive records under SB 1421 that predate January 1, 2019. Although SFPD could not release records that predated January 1, 2019 responsive records, SFPD continued to identify, review, redact and prepare records in response to SB 1421 requests.

On March 27<sup>th</sup>, 2019 the SFPOA dismissed its lawsuit and on March 29<sup>th</sup>, 2019, the court dissolved its order prohibiting SFPD from releasing responsive records that predate January 1, 2019.

SFPD has identified responsive records related to an incident involving the discharge of a firearm at a person by a peace officer which occurred on July 3, 2010. SFPD will endeavor to produce responsive records to your entire request on an incremental or rolling basis.

The responsive records in this production include the following:

- Incident Report
- Homicide Report
- Internal Affairs Report
- Return to Duty Report
- District Attorney Report
- Firearm Discharge Review Board Report
- Transcript of radio communication
- Transcripts of interviews with officers, victims, witnesses, and suspects
- Crime Scene Report including photographs

On March 27, 2019, the SFPOA dismissed its lawsuit and on March 29, 2019, the court dissolved its order prohibiting SFPD from releasing responsive records that predate January 1, 2019.

Dear Zachary Dillon:

The San Francisco Police Department (SFPD) received your records request pursuant to Senate Bill 1421 dated January 02, 2019. RE: Public Records Request- reference #P006455-010219

Dear Zachary Dillon:

The San Francisco Police Department (SFPD) received your records request pursuant to Senate Bill 1421 dated January 02, 2019. On January 25, 2019, SFPD invoked a rule of reason to guide the timing of our response to your public records request as stated on pages 97-98 of the Good Government Guide. The law recognizes that when there is a conflict between a department's performance of its wide range of duties, and its responsibilities under public records laws, reason demands flexibility in the timing of responses to requests. SFPD has remained in regular<sup>1</sup> communication with you regarding the status of your public records request.

On Friday, March 1, 2019, the San Francisco Police Officer's Association ("SFPOA") sued SFPD and the court ordered SFPD not to release responsive records under SB 1421 that predate January 1, 2019. Although SFPD could not release records that predated January 1, 2019 responsive records, SFPD continued to identify, review, redact and prepare records in response to SB 1421 requests.

On March 27, 2019, the SFPOA dismissed its lawsuit and on March 29, 2019, the court dissolved its order prohibiting SFPD from releasing responsive records that predate January 1, 2019.

SFPD has identified responsive records related to an incident involving the discharge of a firearm at a person by a peace officer, which occurred on October 3, 2011 involving William Heppler. SFPD will endeavor to produce responsive records to your entire request on an incremental or rolling basis.

The responsive records in this production include the following:

Supplemental Documentation #2

Nov. 27, 2019

SOTF No.

19124

SUPPLEMENTAL DOCUMENTATION #2

On Nov 20, I alleged Respondents failed to respond to a request for public records in a timely or complete manner and failed to assist in a timely or complete manner. SOTF noticed Respondents on or around Nov. 21, and on Nov. 25, Respondents began a rolling response to my request. On Nov. 26, I supplemented my complaint on the basis of additional documents Respondents provided. Due to further disclosures by the Respondent, I further supplement my complaint below. I maintain original allegations #1 and #2, and now provide further additional detail for Allegation #3.

AMENDED ALLEGATIONS

**3. Violations of SF Admin Code 67.26, 67.27 - more than minimal withholding, failure to cite justification for withholding with clear reference to statute or case law**

This supplements, and does not replace, allegation #3 in the Nov. 20 complaint and in the Nov. 26 supplemental documentation.

A. Further additional records have now been produced. However, they contain numerous redactions and withholdings, none of which have "clear reference," such as by footnote, to justifications, which is a violation of SF Admin Code 67.26. SFPD provided a Nov. 27 response letter in Exhibit 1 with a generic list of justifications. Due to lack of clear reference for justification, all redactions are unlawful, and I request the SOTF determine that all of the redactions are public parts of records and order them disclosed. Exhibit 2 shows a 102 pg excerpt of the record produced on Nov. 27.

One problem with a generic list of justifications is it is quite possible that that list is just an ex post facto justification, and no custodian has actually verified each redaction has a valid justification.

Without limiting the foregoing, the following are examples of unjustified redactions or withholdings (by Bates number in production SFPD 130188386, in Exhibit 2), which should all be determined public parts of records and ordered disclosed:

1. 000001, 000002, 000011, 000042, 000044, 000045, 000047 - Street address of incident
2. 000003, Driver's name, Dates of entries
3. 000004, Dates of entries, Suspect block
4. 000009, redactions on line 1, 2, and 3 (police officer names and/or bodycam company names)
5. 000014, name of laboratory
6. 000026, Para 3 completely blacked out
7. 000042, four redactions on line "3/14/13 0935" - location of arrest, two clauses about suspect, identity of suspect

The first part - privacy protections enshrined in law - appears to be a valid exemption (though, see above, we do not know which redactions use this exemption). The second part, which invokes a balancing test, does not appear valid under SFAC 67.24(g,i), and thus is a violation of SFAC 67.27, which requires that exemptions not be prohibited by the Sunshine Ordinance.

RE: Public Records Request- reference # P009436-101619

Dear Anonymous:

The San Francisco Police Department (SFPD) received your records request pursuant to Senate Bill 1421 dated October 16, 2019. On October 17, 2019, SFPD invoked a rule of reason to guide the timing of our response to your public records request as stated on pages 97-98 of the Good Government Guide. The law recognizes that when there is a conflict between a department's performance of its wide range of duties, and its responsibilities under public records laws, reason demands flexibility in the timing of responses to requests. SFPD has remained in regular<sup>1</sup> communication with you regarding the status of your public records request.

SFPD has identified responsive records related to an incident involving the discharge of a firearm at a person by a peace officer, which occurred on March 5, 2013, involving members Kevin Rightmire and Edric Talusan. SFPD will endeavor to produce responsive records to your entire request on an incremental or rolling basis.

The responsive records in this production include documents related to Incident Report #130188386 and Internal Affairs Report #13-002.

Please note, redactions have been made to these records pursuant to the following exemptions:

- Penal Code § 832.7(b)(5)(A) – personal data or information, such as a home address, telephone number, or identities of family members, other than the names and work-related information of peace and custodial officers.
- Penal Code § 832.7(b)(5)(B) – to preserve the anonymity of complainants and witnesses.
- Penal Code § 832.7(b)(5)(C) – to protect confidential medical, financial, or other information of which disclosure is specifically prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force by peace officers and custodial officers.

---

<sup>1</sup> SFPD sent communications on October 25, 2019, November 8, 2019, November 25, 2019 and November 26, 2019.

- Penal Code § 832.7(b)(5)(D) – disclosure of the record would pose a significant danger to the physical safety of the peace officer, custodial officer, or another person.
- Penal Code § 832.7(a) - except as provided in subdivision (b), the personnel records of peace officers and custodial officers and records maintained by any state or local agency pursuant to Section 832.5, or information obtained from these records, are confidential and shall not be disclosed in any criminal or civil proceeding except by discovery pursuant to Sections 1043 and 1046 of the Evidence Code.
- Penal Code § 11105 et. seq. - CORI data (personal identifiable criminal history) and CLETS data (California Law Enforcement Telecommunications Systems).
- California Government Code Section 6254(f), which exempts from disclosure records of complaints to, investigations conducted by, intelligence information or security procedures of, and investigatory or security files compiled by local police agencies.

Sincerely,

San Francisco Police Department

INCIDENT BRIEF:

On Tuesday, March 5, 2013, Officer Kevin Rightmire #1965, Officer Edric Talusan #1114, Officer Alvaro Mora #2349, and Officer Thomas Ly #793 were assigned to the Housing Unit in the Bayview District. While patrolling the area of Palou St. and Ingalls St., they observed a vehicle double parked on Palou St. This vehicle matched the description of a recently carjacked vehicle the officers had been briefed on at the start of the shift.

As Officer Talusan maneuvered the marked patrol vehicle to get into a position to conduct a suspicious vehicle take-on, the vehicle sped off. A pursuit ensued ending on George Ct. where the BMW struck Officer Ly. Officer Talusan and Officer Rightmire discharged their Department-issued firearms at the driver, later identified as [REDACTED]

FOCUS OF INVESTIGATION:

Were the firearm discharges involving Officer Kevin Rightmire #1965 and Officer Edric Talusan #1114 within Department policy and procedure?

INVESTIGATIVE CHRONOLOGY:

Refer to Attachment A.

INVESTIGATIVE FINDINGS:

The following investigative findings rely substantially upon interviews of involved officers: Officer Kevin Rightmire #1965 and Officer Edric Talusan #1114; witness officers: Officer Thomas Ly #793, Officer Alvaro Mora #2349, and Sergeant Patrick Griffin #1834, that were conducted by Homicide Detail investigators (handling the criminal investigation memorialized in incident report 130-188-386) and by Internal Affairs Division investigators (handling the administrative investigation of case number OIS 13-002). These findings are based on additional sources of information related to this incident, including the findings of the Inspector Gianrico Pierucci's #1604 criminal investigation and the Office of the District Attorney's review, as well as incident reports, written statements by responding officers, physical evidence, CSI reports and analysis, and DEM CAD and audio records.

Incident Overview

On March 5, 2013, at approximately 1849 hours, Officer Kevin Rightmire #1965, Officer Edric Talusan #1114, Officer Alvaro Mora #2349, and Officer Thomas Ly #793 were assigned to the Housing Unit in the Bayview District. They were in a marked SFPD vehicle. Officer Talusan was the driver, Officer Rightmire the front passenger, Officer Mora the left, rear passenger, and Officer Ly the right, rear passenger.

While traveling westbound on Palou, the officers observed a silver BMW, double parked and also facing west on Palou. The BMW did not have a front or rear license plate and a [REDACTED] male, later identified as [REDACTED], was

standing outside the passenger door. Officers Talusan and Ly recalled a similar vehicle being described in a carjacking incident with a gun and alerted the other officers. This carjacking incident, which was part of a series of robberies throughout the city, involved a suspect pointing a shot-gun at a resident while in [REDACTED] garage. After the suspect had threatened to shoot the resident if [REDACTED] did not get back into [REDACTED] house, he drove off in her silver BMW.

Officer Talusan passed the vehicle, north on Ingalls to Hudson and then turned back towards Palou to reexamine the vehicle. When they returned to the vehicle, [REDACTED] was now inside the driver seat of the BMW. Officer Talusan maneuvered the patrol vehicle to get behind it and gain a tactical advantage. While maneuvering the vehicle, [REDACTED] fled at a high rate of speed, and a pursuit ensued.

Officer Rightmire radioed for a "Code-33" in order to clear radio traffic for his emergency, and then broadcasted the particulars of the pursuit as it was unfolding. As [REDACTED] fled, he disregarded all stop signs and made no attempt to stop for the officers.

The pursuit route went from westbound Palou, to northbound Ingalls St. [REDACTED] turned left (west) on Harbor Rd. which turns into Bertha Ln. in the eastbound direction. [REDACTED] then turned left (east) onto Hudson Ave., then turned right (south) back onto Ingalls St. [REDACTED] continued on Ingalls St. until he turned right onto to George Ct., a dead end street, where the pursuit ended.

Believing that [REDACTED] was going to flee from his vehicle on George Ct., based on his actions of taking them on a pursuit, Officer Talusan attempted to tactically get close enough to the BMW to give the officers a chance to catch [REDACTED] before he fled. When [REDACTED] got to George Ct., he stopped abruptly causing Officer

Talusan to veer around to the left of the BMW to avoid a collision. Officer Talusan stopped the patrol vehicle at a slight angle on the driver side of the BMW. The BMW turned slightly to the left, contacting the right, front quarter panel of the patrol vehicle. Once both vehicles stopped, Officer Ly was the first to exit from the right, rear door, putting him at the rear bumper of the BMW.

██████████ put the BMW in reverse and accelerated backwards, pushing Officer Ly backwards then in constant contact with the right side of the vehicle as it reversed to its left. Officer Ly disappeared from the view of the other officers who were exiting the patrol vehicle. Unbeknownst to the other officers, Officer Ly managed to get to the sidewalk in front of the path of the BMW. As ██████████ reversed the BMW, he collided with a stationary, unmarked, police vehicle, operated by Sergeant Patrick Griffin, who had responded to the area as back-up.

Believing that Officer Ly had been badly injured and stuck underneath the vehicle, Officers Talusan gave ██████████ commands to stop the vehicle and to put his hands up. ██████████ failed to heed Officer Talusan's commands and accelerated forward. Officer Talusan and Officer Rightmire fired their Department issued firearms at ██████████ in an attempt to get him to stop and prevent further perceived harm to Officer Ly.

██████████ had apparently been hit by either the gunfire, or the shattered glass caused by the gunfire as he was slumped over towards the front passenger seat. When Officer Talusan opened the driver side door, ██████████ sat up and said something to the effect of, "You didn't have to shoot me!"

██████████ was removed from the vehicle by Officers Talusan and Ly and was handcuffed with the assistance of Officer Rightmire.

██████████ who was conscious, was transported to San Francisco General Hospital where he was treated for a gunshot wound to the left side of his chest. ██████████ would later tell the Investigators, after waiving Miranda, that his friend let him drive the car and did not know the police were after him. In regards to the pursuit, he acknowledged seeing the lights and hearing the siren but did not want to get pulled over. Per the Inspector, ██████████ explained that he did feel a bump when attempting to drive out of the Osceola area but did not know that he hit an officer with the car. ██████████ told the inspectors that he did hear the officers telling him to stop but was afraid and did not want to stop.

A public safety statement was taken. A Crime Scene was established as was a command post that was headed by Captain O'Sullivan #44 and Lieutenant Ng.

Notifications were made regarding the Officer-Involved Shooting (OIS) incident, and investigators from the Homicide Detail and Internal Affairs Division responded to the scene, as well as the Office of Citizen Complaints and the District Attorney's Office.

Homicide Investigators, Inspector Pierucci #1604, Inspector Hoffsass #2184, and Inspector Miller #1157, arrived on scene and took over the criminal investigation. Sergeant Macdonald was the lead Administrative Investigator. D.A.I. Diane Kenny and A.D.A. Michael Sullivan also arrived.

Crime Scene Investigations (CSI), Officer Rouede #1974, Insp. Evans #1820, Officer Rodelas #729, Officer Cunningham #278, Officer Lynch #1029, and Lieutenant Yee #1298, arrived to process the scene. Officer Rouede seized the two Department issued firearms involved in the incident, later, at Bayview Station.

A compact disk containing video from a camera controlled by [REDACTED] [REDACTED] was located Officers Cloud #1159 and Gritsch #2284. They obtained a copy of the footage from Security Captain [REDACTED] #800 and the security dispatch Supervisor [REDACTED]. The officers gave the video disk to Lt. Ng who provided it to Inspector Pierucci.

A summary of the video is as follows: The video starts at the conclusion of the vehicle pursuit on George Ct. with the BMW making contact with the marked police vehicle. An officer, later identified as Officer Ly, is seen exiting the right rear passenger seat of the patrol vehicle and appears to be struck by the rear end of the BMW as it backs up. Officer Ly's hands remain in contact with the trunk of the BMW, then continue onto the right side of the vehicle as he rapidly tries to create distance and get out of the way while the vehicle is reversing. While in reverse, the suspect, later identified as [REDACTED] sideswipes the right side of his vehicle with the front end of an unmarked Police vehicle that had pulled up, driven by Sergeant Sean Griffin #1834. Officer Ly gets to the sidewalk in front of the BMW. The BMW appears to stop momentarily at which time an officer, later determined to be Officer Talusan, approaches the driver side window with his gun pointed at the driver, [REDACTED].

Officer Ly, who is now on the sidewalk, has his gun drawn and trained at [REDACTED] through the front windshield. Officer Ly changes position to get out of the path of the BMW, and moves toward Officer Talusan's right side in the street as the BMW moves forward, nearly striking Officer Ly again. As Officer Ly makes his move, he crosses the path of another officer, later determined to be Officer Rightmire.

Officer Talusan appears to fire just before Officer Ly had gotten next to him and Officer Rightmire appears to fire his weapon just after Officer Ly crosses his path.

The two firing officers are seemingly completely unaware that Officer Ly had made it to safety and was himself engaging the suspect driver. The BMW then comes to rest by striking a building directly in front of it. Officer Talusan and Officer Ly contact [REDACTED] followed by Officer Rightmire. The actions of the officers are blocked by the BMW.

Of consideration in viewing the video is that it is somewhat grainy and slightly choppy. While the time counter on the screen moves in a smooth and sequential order, there are scenes that appear to jump. A clear example of this is at the 8:45 mark on the video: an officer is standing in one spot and then appears in a spot roughly three feet away split seconds later without his movement being seen.

[REDACTED] was later booked on several charges related to this incident including:

- 664/187 PC
- 245(c) PC
- 496(a) PC
- 20002(b) CVC
- 2800.2(b) CVC
- 23103(a) CVC
- 12500(a) CVC

*Tillman would later plea guilty to the 245(c)PC- Assault Peace Officer/Great Bodily Injury- 2yr State Prison.*

Crime Scene Investigations/Laboratory Examination

Crime Scene Investigations responded to the scene located at ■ George Ct. Evidence was seized and photos were taken. A written report was submitted and attached to this investigation.

CSI collected evidence at the scene which included, but was not limited to, the following:

- Eleven .40 caliber casings located at scene
- One bullet fragment (copper w/ white residue)
- License plate with frame ([REDACTED])

CSI collected evidence not at the scene which included, but was not limited to, the following:

- Two department-issued firearms of involved shooting officers- Sig Sauer P226
- Bullet fragment (SFGH)
- One rifle- Squire-Bingham, Model 20, Kmart, .22LR (serial# [REDACTED], broken rear stock, sawed off barrel) (trunk of BMW)
- One magazine (trunk of BMW)

The 2011, silver BMW 328i, was delivered to the CSI secure lot and processed for evidence.

The unmarked, dark green/blue, Ford Crown Victoria SFPD police unit was photographed

The marked, black and white, Ford Crown Victoria SFPD police unit was photographed.

The following information was gathered from the Criminalistics Laboratory Report:

Officer Talusan's .40 caliber S&W Sig Sauer Model P226 semi-automatic pistol (serial # [REDACTED]) was examined and found to be functional using the submitted magazine. The trigger pull was found to be within manufacturer's specifications. Four of the .40 caliber casings collected from the scene were determined to be fired from this pistol. Seven of the recovered bullets "could have been fired from this pistol; however, a lack of sufficient individual characteristics precludes and identification."

Officer Rightmire's .40 caliber S&W Sig Sauer Model P226 semi-automatic pistol (serial # [REDACTED]) was examined and found to be functional using the submitted magazine. The trigger pull was determined to be within manufacturer's specifications. Seven of the .40 caliber casings collected from the scene were determined to be fired from this pistol. Three of the recovered bullets were determined to be "fired from" this pistol.

The rifle was nonfunctional as received. The magazine was not examined further.

### Criminal Investigation

The Homicide Detail of the San Francisco Police Department conducted a criminal investigation into the officer-involved shooting incident. Inspector Gianrico Pierucci #1604, Homicide Detail, was the lead criminal investigator. He was assisted by then Inspector Pamela Hofsass #2184, and Inspector John Miller #1157. The Homicide investigation was reviewed as part of this administrative investigation.

Inspector Pierucci's report included interviews with Officers Talusan, Rightmire, Ly and Mora, as well as Sergeant Griffin. Despite there being civilians in the area, there were none that may have seen the incident who came forward. Also

included in the report by Inspector Pierucci was an interview with the suspect, [REDACTED] Lab results, and the District Attorney's findings.

Homicide Interview summaries:

Witnesses:

**Sergeant Sean Griffin #1834**

Sergeant Griffin said that he was the supervisor for the plain-clothes units that evening and was driving an unmarked Crown Victoria. He heard the housing unit broadcasting a pursuit of a car-jacked vehicle and responded to the location where it had come to an end. He said he observed the marked SFPD unit positioned next to and behind the suspect vehicle. He said he saw Officer Ly exit the patrol vehicle putting him behind the suspect vehicle. He observed Officer Ly get struck by the suspect vehicle and thought that he had been run over. He said it appeared that the remaining officers had exited the patrol vehicle at that time. Sergeant Griffin said he heard gunshots and then the suspect vehicle backed into his unmarked vehicle.

**Officer Alvaro Mora #2349**

Officer Mora said he was working in uniform assigned to the housing unit. He was working with three other officers in a marked Patrol vehicle and was seated in the left rear position of the vehicle, Officer Ly was to his right, Officer Talusan the driver, and Officer Rightmire the front passenger. They were headed westbound on Palou and saw the BMW which had no license plates attached. He said Officer Talusan had asked if that was the carjacked vehicle. Officer Mora said the vehicle then drove off at a high rate of speed and ran several stop signs. The lights and siren were activated on the patrol vehicle. The vehicle finally turned right on to George Ct. where he thought the suspect was going to flee on

foot because it was a dead end street. He said the front end of the patrol vehicle struck the driver's side of the BMW.

Officer Mora said he exited the patrol vehicle and saw Officer Ly in the path of the reversing BMW, then saw Officer Ly disappear from his view. Officer Mora said he saw the reverse lights on the BMW, heard the engine revving, and thought Officer Ly might have been stuck underneath the BMW.

Officer Mora said he saw Officer Talusan fire his weapon several times and heard at least one shot come from Officer Rightmire. He said the BMW was still moving when the shots were fired. He said he had his weapon drawn as he feared Officer Ly had been run over, but did not have a clear view of the suspect. Officer Mora said he heard the other officers tell the suspect to stop the car after it had struck the building. He heard the suspect say, "You shot me!"

Officer Mora handcuffed the suspect and saw that he was bleeding from his upper left side. Officer Talusan then stayed with the suspect while Officer Mora assisted with the crime scene.

Officer Mora further told Inspector Pierucci that he had been discussing information about the carjacked vehicle earlier in the day and had knowledge that it involved a shotgun.

**Officer Thomas Ly #793**

Officer Ly said prior to going on patrol that day, he was informed by another officer that there was a carjacking of a 2011 BMW involving a gun.

He began his shift assigned to the housing unit and was the right rear passenger of the patrol vehicle that day. As they were travelling westbound on Palou, there was a vehicle double parked on the north side of the street facing west. He

noticed that the vehicle was newer, had no plates, and no temporary registration displayed.

Officer Ly said Officer Rightmire asked if they were looking for a BMW, at which time they made a u-turn in their patrol vehicle to drive back by it. As they attempted to get behind it, the BMW started driving off. Officer Rightmire broadcast that they were in pursuit.

As the pursuit ensued, the vehicle ended up on George Ct. which Officer Ly pointed out was a dead end street. When the vehicle slowed down, he thought the suspect was either going to run or shoot. He was the first to get out of the patrol vehicle and when he did so, he saw the vehicle reverse toward him. Upon being struck by the suspect's car, he put his arms up and made contact with the trunk. Officer Ly said he rolled to get out of the way, "to keep from dying" and fell on the ground resulting in scraped knees.

Officer Ly said he saw the vehicle continue moving in reverse and strike the unmarked police vehicle that was behind it. Officer Ly said he heard officers yelling but could not tell what was being said before the shots were fired. He said he pointed his firearm at the suspect then heard gunshots coming from his left and right—describing them as police shooting. Officer Ly saw that the suspect had been wounded in the upper, left, chest area.

Officer Ly said Officer Talusan took the suspect out of the vehicle. Officer Ly said he could see blood on the suspect's left side and heard the suspect say something to the effect of, "I can't believe you shot me" or "Why'd you shoot me?"

Involved Members:

Officer Edric Talusan #1114

Officer Talusan told Inspector Pierucci that he had heard at line-up that there had been a carjacking involving a silver BMW. He heard that the carjack involved a [REDACTED] victim and the car was taken by a suspect armed with a gun.

When Officer Talusan started his shift, he was the driver of the marked patrol vehicle and with him were Officers Mora, Ly, and Rightmire. While they were on patrol, he observed a [REDACTED] male near a passenger door to a BMW that was facing westbound on Palou, east of Ingalls.

Officer Talusan said that as he neared the BMW, Officer Ly advised him that it appeared the vehicle was taking off, northbound on Ingalls. Officer Rightmire put out an emergency radio broadcast and Officer Talusan activated his lights and siren. They followed the vehicle as it continued through stop signs then to Harbor and Bertha Ln. As the vehicle got to Harbor and Bertha, it cut off another patrol vehicle. The vehicle continued eastbound on Hudson to Ingalls and then made a right turn onto George Ct.

Officer Talusan said he drove after the vehicle onto George Ct. where the vehicle struck the right front quarter panel of the marked police car. Officer Talusan said he saw the suspect back up as it struck Officer Ly who yelled out.

Officer Talusan said he had his gun out and told the suspect to stop and to put his hands up. He stated that it appeared Officer Ly fell to the ground. Officer Talusan stated,

“I thought that Officer Ly was down on the ground hurt. That he was getting run over by the car...That he was getting dragged underneath the car.”

He heard the suspect's engine revving as it backed into the unmarked police vehicle that had pulled up. The BMW then stopped, at which point he was at the driver's side window, “yelling at the top of his lungs”. The vehicle started

moving forward, and because he thought Officer Ly was being run over – pulled under the suspect vehicle, he fired his weapon in order to “stop the threat.” Officer Talusan said he fired again as the vehicle continued moving forward, and heard other shots being fired as well. The vehicle then stopped.

Officer Talusan said he approached the suspect vehicle and opened the door, he saw the suspect bent over toward the passenger seat. The suspect “popped up” and said, “You didn’t have to shoot me!” Officer Talusan said he pulled the suspect out of the vehicle by his jacket and someone handcuffed him.

**Officer Kevin Rightmire #1965**

Officer Rightmire told the inspectors that he vaguely remembered hearing about the carjacking. That evening he was riding with Officers Ly, Mora, and Talusan when they saw a BMW.

Officer Talusan turned the vehicle around and the BMW “took off” westbound on Ingalls, failing to stop at the stop signs. Officer Rightmire said he put out an emergency broadcast regarding the pursuit. The vehicle ended up going westbound onto George Ct. Upon stopping, the vehicle struck the right front area of the marked police vehicle.

Officer Rightmire continued, to say that as the suspect vehicle backed up into a “1/2 U-turn” Officer Ly was bumped and goes down on the ground. He heard Officer Ly yell that he had hit him. He said Officer Talusan attempted to stop the threat by firing his weapon and a few seconds later, he fired his weapon as well.

Officer Rightmire said the vehicle crashed into the north side of the building, and Officer Talusan and Officer Ly removed the suspect from the vehicle. He said that he used his knee to control the suspect until he was handcuffed, and then Sergeant Griffin arrived on scene.

Suspect:

[REDACTED]

Inspector Pierucci, Inspector Miller, D.A.I. Kenny, and A.D.A. Sullivan responded to the hospital where they interviewed [REDACTED]

[REDACTED] explained that he got the car from a friend and thought it was stolen because it was an expensive car and did not have any license plates. On the night of the incident, his friend let him drive the car and he did know that the police were after him. He acknowledged seeing the lights and hearing the sirens but did not want to get pulled over.

[REDACTED] said that he felt a bump when he attempted to drive out of the Osceola area but did not know that he hit an officer with the car. He admitted to hearing the officers telling him to stop but was afraid and did not want to stop. He said that he ended up hitting the cop and the car just stopped. He thought the police had hit his car. He then stated that "they" just started shooting into the car and he thought he had been shot in the face. He said he got out of the car and lay down.

Findings of the Office of the District Attorney:

The District Attorney's office responded to the scene of this officer-involved shooting and participated in witness/officer interviews. On June 24, 2014 the District Attorney's office concluded that Officer Edric Talusan and Officer Kevin Rightmire "were acting lawfully in self-defense and in defense of others when they discharged their weapons at [REDACTED] as he drove a stolen BMW."

The District Attorney's findings also concluded,

"In the facts in the present case, when Officers Talusan and Rightmire discharged their weapons they were trying to stop further injury to Officer Ly, who they believed could be trapped under the BMW, and they responsibly believed that [REDACTED] posed a deadly threat to everyone in the vicinity of the incident. The officers continued firing until [REDACTED] no longer appeared to pose a risk to anyone-when his car came to a stop. It is our conclusion that Officers Talusan and Rightmire acted lawfully."

**Administrative Investigation:**

Upon notification of the Officer Involved Shooting, the Internal Affairs Division initiated an administrative investigation into the incident. The investigation was initially led by then Inspector, Sergeant Monica Macdonald #1267 who responded to the scene with, then Sergeant, Lieutenant Timothy Paine #763, and Sergeant John Crudo #1694.

When Sergeant Macdonald was transferred due to her promotion, her case file was reassigned to Sergeant Jayme Campbell #759.

Sergeant Macdonald's investigative chronological, administrative interviews, notes, and preliminary report were reviewed in the preparation of this summary report.

**Internal Affairs Division Interviews:**

On March 25, 2013, Sergeant Macdonald and Sergeant Paine conducted separate, compelled interviews with Officer Rightmire and Officer Talusan. Both officers were represented by POA attorney, Christopher Shea. Both officers were advised of their Peace Officer Bill of Rights and provided a Lybarger Admonition.

These interviews were conducted twenty days after the incident. It is not uncommon after a life-threatening encounter—as the body works through the natural release of adrenaline and other physiological reactions—that additional things are remembered or memories and perceptions become clearer. This phenomenon should not be ruled out as an explanation for any discrepancies between the Homicide interviews and the Internal Affairs interviews.

**Officer Rightmire:**

Officer Rightmire's statement to Sergeant Macdonald was very similar to that of the Homicide statement. Officer Rightmire explained to Sergeant Macdonald that when they came upon the BMW, nothing stuck out to him about it until Officer Talusan indicated there had been some information given out regarding a 2011 BMW being involved in a carjack. He said this information was confirmed by Officer Ly.

Officer Rightmire said that when they attempted to investigate the vehicle further, it sped off and a pursuit ensued with the suspect vehicle failing to stop at any of the stop signs. When the suspect turned onto George Ct., the suspect stopped abruptly with the patrol vehicle pulling nearly parallel with it.

Officer Rightmire said that their vehicles were close enough that he could not open his door to get out. The suspect then reversed his vehicle and as he cleared Officer Rightmire's door, that was when he was able to exit the patrol vehicle. Officer Rightmire remembered Officers Talusan and Mora exiting the patrol vehicle but was not clear as to when Officer Ly had exited.

When Officer Rightmire exited his vehicle he was focused on the suspect vehicle as it was making a three point turn. He could see, in his peripheral vision, Officer Ly who is behind the suspect vehicle. Officer Rightmire said that it looked like an officer had gotten hit and then he heard Officer Ly yell out that he had been hit.

After that, he did not see where Officer Ly went. Officer Rightmire later explained to Sergeant Macdonald,

“I’m thinking he’s [Off. Ly] underneath the car, I’m like focused on the car now and I’m like where the fuck’s Tom [Ly] at and as you’re going through this you know it’s kind of your worst fear, like your guys is going to have great bodily injury, he’s going to be dead, I don’t know.”

Once the vehicle had backed up and was perpendicular to their patrol vehicle, Officer Rightmire did not give any commands to [REDACTED]. Officer Rightmire said he could hear Officer Talusan yelling something but was so focused on the suspect and the vehicle that he did not know what Officer Talusan was saying. The vehicle proceeded forward and then he heard the shots by Officer Talusan almost simultaneously to when he fired his own weapon. Officer Rightmire explained that he had experienced some auditory exclusion as the shots sounded muffled.

The vehicle then crashed into the building. Officer Rightmire said he could see the suspect put his hands up and he noticed Officer Talusan and Officer Ly pull the suspect out of the vehicle.

Officer Rightmire said he went over the radio and reported the shots fired, the OIS, and then assisted in securing the suspect while he was being handcuffed. Officer Rightmire said as he was utilizing his knee to hold [REDACTED] down while the officers handcuffed [REDACTED] he was having difficulty holstering his firearm.

Sergeant Macdonald asked Officer Rightmire if he had considered any other force options in this incident and he stated,

“At that point no...Due to- because I thought Tom was underneath the car, the guy is using deadly force, hitting an officer, I didn’t know if Tom-what happened to Tom. It’s kind of a scary thing that you know if

he had great bodily injury, if he's just down dead. Even prior to that it's being a carjacked vehicle, 221 vehicle, him striking our vehicle, 245 an officer, then a 245 on an officer, you know. I know in my heart that I discharged my weapon because I thought Tom was down, injured, and I thought he was underneath the car. I mean, I can say in addition, you know, apprehension was delayed, this guy, I think this guy was going to do anything to get out of there and hurt additional officers or citizens to get away."

Officer Macdonald asked Officer Rightmire why he stopped firing and he stated that he felt the threat was no longer there. He explained that after the suspect crashed the car, he put his hands up.

Officer Rightmire said he did not remember seeing Officer Ly until after the shooting, when Officer Ly came up to help pull the suspect out of the vehicle.

**Officer Talusan:**

Officer Talusan's statement to Sergeant Macdonald was similar to that of his interview with Homicide. He confirmed that he had received information on a carjacked BMW from the night before and that it had been taken by force with a gun. While on patrol that evening, he, Officers Rightmire, Mora and Ly, drove past a vehicle that matched the description. He pointed it out to the other officers and one of them confirmed this (unknown which officer).

Officer Talusan said as the vehicle sped away, he initiated a pursuit and activated his lights and siren. Once the suspect vehicle turned onto George Ct., Officer Talusan said everyone in the car believed the suspect was going to bail on foot. Officer Talusan said,

"So we were calling out that he's going to foot bail, I think it went on the air as well. And then we thought—I thought he was going to go to the end of the court to get out and run into the cuts but he slammed on his breaks."

Officer Talusan explained that he was right behind the suspect and thought he was going to the end of the court where they would conduct a Felony car stop. The vehicle stopped abruptly and in order to avoid rear-ending the suspect vehicle, he utilized his accident avoidance training and went around the left-hand side of the suspect vehicle.

Officer Talusan recalled angling his vehicle so that his partner officers would not get pinned in. He said that it looked to him the suspect vehicle lurched forward and struck the front, quarter panel of the patrol vehicle after they had both come to an initial stop.

It was after that first collision that Officer Talusan believed Officer Ly had exited the vehicle. He stated,

"...I guess at that time Tom was already out of the car because when I got out of the car I could see that—I could see him getting struck by the car and then him falling and him screaming out."

Officer Talusan continued to say that he had lost sight of Officer Ly and the suspect vehicle kept backing up and hit the unmarked police vehicle that had pulled up behind him. Officer Talusan said,

"I ran up to the driver's side window, I already had my gun pointed out, I had it pointed at him telling him to stop, put his hands up on the car, stop the car. And then he looked at me and then I saw the car lurch forward and then I thought Tom was still

on the ground so I thought the guy was going to run him over so I discharged my firearm.”

Officer Talusan said he was approximately two to three feet away from the driver when he fired his weapon. He went on to explain that when the suspect vehicle did not stop, he fired at the driver again and also heard other shots being fired. He said he stopped firing once the vehicle had come to a stop. He approached the driver side and saw the suspect slumped over onto the passenger side. He said he pulled the door handle and the suspect sat up and looked at him. Officer Talusan said he told the suspect put his hands up in the air and when the suspect did not comply, he grabbed the suspect by the jacket and pulled him out of the seat, onto the ground where another officer handcuffed him.

Officer Talusan said he did not recall seeing Officer Ly until after the suspect was handcuffed.

#### Post-Discharge Actions

Officer Talusan and Officer Rightmire were placed on administrative assignment immediately following his discharge, in accordance with Department policy, as set forth in Department General Order 8.11.G.4, as follows:

Officers who discharge a firearm in an officer-involved shooting will be reassigned to his or her respective Bureau Headquarters. Officers shall not return to regular assignment for a minimum of 10 calendar days. This reassignment is administrative only and in no way shall be considered punitive.

OIS – IAD CASE # 13-002

While on administrative assignment, the officers completed a mandated Critical Incident Response Team (CIRT) debriefing at the Behavioral Science Unit on March 8, 2013.

Officer Talusan and Officer Rightmire responded to the San Francisco Police Department's Regional Training Center on March 12, 2013 for a post-discharge force options debrief. Officer Ryan Seto #4068 conducted these separate debriefings. The officers satisfactorily completed three use of force scenarios.

Officer Talusan and Officer Rightmire responded to the Lake Merced Range on March 12, 2013 for a post-discharge weapon debrief. Officer Nicholas Shihadeh #1612, assigned to the Academy/Range, conducted this debriefing, reviewing the proper manipulation of his replacement firearm and related Department policies and procedures

On March 12, 2013, Deputy Chief Michael Biel convened a Return to Duty panel to consider whether to recommend to Chief Suhr the return of Officer Edric Talusan #1114 and Officer Kevin Rightmire #1965 to their regular assignments. Lieutenant Timothy Plyer, Officer-in-Charge of the Homicide Detail, provided a summary of the initial findings of the criminal investigation. The panel recommended the return of both officers to their regular duties, and forwarded their recommendation to Chief Suhr.

Chief Suhr concurred with the Return to Duty panel's recommendations. A letter informing the Police Commission of his decision, dated March 12, 2013, was sent to Police Commission President Thomas Mazzucco. The Chief's decision was presented to the Police Commission on March 13, 2013, after which Officer Edric Talusan and Officer Kevin Rightmire returned to their regular assignments.

Officer(s) Training and Experience

Officer Talusan entered the San Francisco Police Department on [REDACTED]. He completed the Basic Academy training on [REDACTED]. Officer Talusan was within compliance of Department Bulletin 12-277 (Range Qualification and Weapons Storage) which was in effect at the time of this incident.

Officer Rightmire entered the San Francisco Police Department on [REDACTED]. He completed the Basic Academy training on [REDACTED]. Officer Rightmire was also within compliance of Department Bulletin 12-277.

Conclusion

The focus of this administrative investigation is whether Officer Edric Talusan #1114 and Officer Kevin Rightmire #1965 discharged their Department-issued firearms on March 5, 2013 in accordance with San Francisco Police Department policy and procedure.

The criminal investigations, conducted by the San Francisco Police Department Homicide Detail and by the Office of the District Attorney of the City and County of San Francisco, concluded that Officers Talusan and Rightmire had acted lawfully on March 5, 2013. Assistant Chief District Attorney June Cravett specifically noted in the D.A.'s charging decision that, "Officer Talusan and Officer Rightmire reasonably believed that they were acting in self-defense and in defense of others when they discharged their weapons."

The administrative investigation considered the criminal investigative findings, statements, and evidence, as well as applicable San Francisco Police Department policies and procedure, with particular attention paid to Department General Orders 5.01, *Use of Force* and 5.02, *Use of Firearms* (revised March 16, 2011).

Policy Review

Department General Order 5.01, *Use of Force* sets forth the conditions under which force may be used by San Francisco Police Officers to protect individuals from injury by another person, to prevent the commission of a crime, to overcome resistance, and to prevent escape.

Section D of DGO 5.01, *Use of Force* identifies the authorized force options for the San Francisco Police Department.

**D. CATEGORIES OF FORCE TO EMPLOY (In ascending order of gravity)**

1. When the use of force is necessary and appropriate, officer shall, to the extent possible, utilize an escalating scale of options and not employ more forceful measures unless it is determined that a lower level of force would not be adequate, or such a level of force is attempted and actually found to be inadequate. The scale of options, in order of increasing severity, is set forth below:
  - a. Verbal Persuasion
  - b. Physical Control (e.g, passive resister, bent wrist control, excluding the carotid restraint)
  - c. Liquid Chemical Agent (Mace/Oleoresin Capsicum)
  - d. Carotid Restraint
  - e. Department Issued Baton

f. Firearm

2. It is not the intent of the order to require officers to try each of the options before escalating to the next. Clearly, good judgment and the circumstances of each situation will dictate the level at which an officer will start. Officers using any type of force are accountable for its use.

Section E of DGO 5.01, *Use of Force* defines reasonable force and reiterates the right of an officer under Section 835a of the California Penal Code to use reasonable force to effect and arrest, prevent escape, effect or overcome resistance.

E. REASONABLE FORCE

1. Officers must frequently employ the use of force to effect arrests and ensure the public safety. It is not intended that any suspect should ever be allowed to be the first to exercise force, thus gaining an advantage in a physical confrontation. Nothing in this order should be interpreted to mean that an officer is required to engage in prolonged hand-to-hand combat with all its risks before resorting to use of force that more quickly, humanely, and safely brings an arrestee under physical control.
2. Penal Code Section 835a provides that, *“Any peace officer who has reasonable cause to believe that the person to be arrested has committed a public offense may use reasonable force to effect the arrest, to prevent escape or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance of the person being arrested; nor shall*

*such officer be deemed the aggressor or lose his/her right to self defense by the use of reasonable force to effect the arrest, or to prevent escape, or to overcome resistance.” [Italicized text is the author’s, as in the printed order.]*

Section F of DGO 5.01, *Use of Force* enumerates when and how force may be justifiably used by San Francisco Police Officers.

#### F. CIRCUMSTANCES JUSTIFYING THE USE OF FORCE

1. Officers may use force in the performance of their duties in the following circumstances:
  - a. To prevent the commission of a public offense.
  - b. To prevent a person from injuring himself/herself.
  - c. To effect the lawful arrest/detention of persons resisting or attempting to evade that arrest/detention.
  - d. In self defense or in the defense of another person.
2. Before using force, the officer should consider these questions:
  - a. What actions on the part of the suspect justify the use of force?
  - b. What crime is being or has been committed?
  - c. Does the situation require the immediate use of force?

Department General Order 5.02, *Use of Firearms* sets forth how and when San Francisco Police Officers are permitted to draw and utilize a firearm.

Section 1.B HANDLING AND DRAWING FIREARMS sets forth the conditions under which an officer may draw his firearm, as follows:

1. HANDLING FIREARMS. An officer shall handle and manipulate a firearm in accordance with Department-approved firearms training. An officer shall not manually cock the hammer of the Department-issued handgun to defeat the first shot double-action feature.
  
2. AUTHORIZED CIRCUMSTANCES. An officer may draw or exhibit a firearm in the line of duty when the officer has reasonable cause to believe it may be necessary for his or her own safety or for the safety of others. When an officer determines that the threat is over, the officer shall holster his or her firearm or hold the shoulder weapon in port arms position pointed or slung in a manner consistent with Department-approved firearms training. If an officer points a firearm at a person and the person is not arrested, and if the circumstances permit, the officer should tell the individual the reason the officer drew the firearm.
  
3. DRAWING OTHERWISE PROHIBITED. An officer shall not draw a Department-issued firearm except as authorized by this order, for inspection by a superior, maintenance, safekeeping, or Department-approved training.

Department General Order 5.02, *Use of Firearms*, Section I.C.1 PERMISSIBLE CIRCUMSTANCES enumerates the circumstances in which an officer is permitted to fire his weapon.

### C. DISCHARGE OF FIREARMS

1. PERMISSIBLE CIRCUMSTANCES. Except as limited by sections C.4 and C.5, an officer may discharge a firearm in any of the following circumstances:

OIS – IAD CASE # 13-002

- a. In self-defense when the officer has reasonable cause to believe that he or she is in imminent danger of death or serious bodily injury.
- b. In defense of another person when the officer has reasonable cause to believe that the person is in imminent danger of death or serious bodily injury. However, an officer may not discharge a firearm at a person who presents a danger only to him or herself, and there is no reasonable cause to believe that the person poses an imminent danger of death or serious bodily injury to the officer or any other person.
- c. To apprehend a person when both of the following circumstances exist:
  - (1) The officer has reasonable cause to believe that the person has committed or has attempted to commit a violent felony involving the use or threatened use of deadly force; and
  - (2) The officer has reasonable cause to believe that a substantial risk exists that the person will cause death or serious bodily injury to officers or others if the person's apprehension is delayed.
- d. To kill a dangerous animal. To kill an animal that is so badly injured that humanity requires its removal from further suffering where other alternatives are impractical and the owner, if present, gives permission.
- e. To signal for help for an urgent purpose when no other reasonable means can be used.

2. VERBAL WARNING. If feasible, and if doing so would not increase the danger to the officers or others, an officer shall give a verbal warning to submit to the authority of the officer before discharging a firearm.
3. REASONABLE CARE. To the extent practical, an officer shall take reasonable care when discharging his or her firearm so as not to jeopardize the safety of innocent members of the public.
4. GENERALLY PROHIBITED CIRCUMSTANCES. As a warning.
5. MOVING VEHICLES. The following policies shall govern the discharge of firearms at or from a moving vehicle or at the operator or occupant of a moving vehicle:
  - a. At a Moving Vehicle. An officer shall not discharge a firearm at a moving vehicle with the intent to disable the vehicle.
  - b. From a Moving Vehicle. An officer shall not discharge a firearm from a moving vehicle unless the officer has reasonable cause to believe there is an imminent danger of death or serious bodily injury to the officer or to the others.
  - c. Discharging a firearm at the operator or occupant of a moving vehicle is inherently dangerous to officers and the public. Disabling the operator will not necessarily eliminate an imminent danger of death or serious bodily injury. Further a moving vehicle with a disabled operator may crash and cause injury to innocent members of the public or officers. Accordingly, it is the policy of the Department that officers are prohibited from discharging their firearm at the operator or

occupant of a moving vehicle except in the narrow circumstances set in this subsection (c). An officer shall not discharge a firearm at the operator or occupant of a moving vehicle, except under the following circumstances: [Bold text is the author's, as in the printed order.]

- (1) If the operator or occupant of a moving vehicle is threatening the officer with imminent death or serious bodily injury by means other than the vehicle itself.
- (2) If the operator of the moving vehicle is threatening the officer with imminent death or serious bodily injury by means of the vehicle, and the officer has no reasonable or apparent way to retreat or otherwise move to a place of safety.
- (3) In defense of another person when the officer has reasonable cause to believe that the person is in imminent danger of death or serious bodily injury.
- (4) To apprehend a person when both of the following circumstances exist:
  - (a) The officer has reasonable cause to believe that the person has committed or has attempted to commit a violent felony involving the use or threatened use of deadly force; AND
  - (b) The officer has reasonable cause to believe that a substantial risk exists that the person will cause death or serious bodily injury to officers or others if apprehension is delayed.

In reviewing incidents involving the discharge of firearms from a moving vehicle or at an operator or occupant of a moving vehicle, the Department will consider the totality of the circumstances, including but not limited to whether the officer or others were in imminent danger of death or serious bodily injury and whether the officers who were present employed tactics consistent with Department-approved training.

Analysis concerning the Officers' inability to see Officer Ly

There was an approximately thirty minute video of the incident obtained by Lt. Ng from the scene that was provided to Homicide. The series of events captured by the camera appear to be in sequence, with some sporadic millisecond jumps, from the time the suspect vehicle comes to the end of George Ct., to well after the Officers and suspect were removed from the scene.

Based on watching the video multiple times, it would seem almost unbelievable that Officers Talusan and Rightmire would not have seen Officer Ly standing on the sidewalk in front of the vehicle after it had reversed, and then Officer Ly moving directly next to Officer Talusan prior to him firing. However, extensive studies in science and physiology show an officer can only attend to one thing at a time.

Attention is selective, meaning we can concentrate on one thing or another, and what we focus our attention on is reliant upon the amount of stress involved. Chapter 4, "Arousal & Attention," in the California Training Institute (CTI) text Force Encounters Analysis: Understanding Human Performance During Critical Incidents (Version 13, November 2013), overviews how stress affects our levels of attention, or that which we can "attend" to. As described in pages 56-59, there are a four types of attention: Inattention (low arousal), Global Attention (optimum arousal), Selective Attention (high arousal), and Hyper-Vigilance (very

high arousal). Based on the explanations of each, Officers Talusan and Rightmire would arguably fall within the "Hyper-Vigilant" phase. Page 59 states, "Several things can trigger hyper-vigilance...a startling stimulus or sudden event," and/or "[i]ndications of extreme threat or danger to oneself or others." In this case, the suspect backing up his vehicle instead of fleeing from the vehicle, as they had anticipated, would be the "startling stimulus or sudden event." Then, an indication of "extreme threat or danger to others" was when the vehicle began to suddenly reverse and the officers heard Officer Ly yell out that he had been struck then disappeared from their sight, for however brief a moment.

At this point, the officers' hyper-vigilance would cause them to "automatically shift to extreme selective attention." The CII text states, "This extreme level of selective attention is commonly known as attentional blindness or inattention[all blindness," or tunnel vision. With tunnel vision, there is a loss of peripheral vision as an officer focuses on the perceived threat. The officers focused on attending to that which they believed was most important; in this case, it was stopping the threat-- the driver who the officers believed was running over their partner. They became completely "blind" to the fact that Officer Ly was standing in front of the vehicle, and then moved directly next to Officer Talusan. Officer Rightmire did not even realize that Officer Ly cut in front of his line of vision. In Officer Talusan's interview with Internal Affairs, he stated,

"...the shots were muffled. I was tunneled into the car. Everything is kind of sped up and slowed down and then sped up again."

In Officer Rightmire's case, when the pursuit had initially stopped at the end of George Ct., the unexpected abrupt stop of the suspect vehicle caused the front, passenger side of the patrol vehicle to end up directly next to, and at a slight angle with, the driver side of the suspect vehicle. In Officer Rightmire's interview with Internal Affairs, he states,

"In my mind it was quick. I mean, you're chasing a vehicle and it's a carjacked vehicle, a guy with a 221, you're going to be jacked up a little bit and then I wasn't expecting him to- I kind of got- I was worried when I got pinned in because I was like fuck, this guy's got a gun, he can just reach right over and start blasting. And then in your mind, it's just going so quick, I'm just like trying to get my gun, I'm like get me the fuck out of this car."

Officer Rightmire entered and extremely high level of arousal as he realized he was trapped in the car, and his stress level was at a very high level. It would be reasonable to believe that his attention was on the suspect and what the suspect was doing after he heard Officer Ly yell out that he had been hit. Further indication of the level of stress Officer Rightmire was under was his inability to easily holster his weapon after he fired it. When the heart rate is increased due to hormonal stress; i.e. being trapped in a vehicle next to a potentially armed suspect, in other words, very high arousal; our complex motor skills begin to deteriorate. We may get faster and stronger, but our ability to manipulate things with our hands decreases. (CTI text page 79).

#### Conclusion Summary

After the examination of the totality of this incident, the relevant policies, the investigative conclusions, and other considerations described in this report, it is concluded that on March 5, 2013, based on the preponderance of evidence:

- Both Officer Edric Talusan and Officer Kevin Rightmire reasonably perceived that Officer Ly was at risk of serious bodily injury when [REDACTED] believed to be an armed carjack suspect, took them on a pursuit then struck Officer Ly with the stolen vehicle as [REDACTED] furthered his attempts to flee. Officer Talusan's and Officer Rightmire's drawing and

exhibiting their weapons was in accordance with DGO 5.02, *Use of Firearms*, Section I.B.2.

- After Suspect [REDACTED] had struck Officer Ly, both Officer Talusan and Officer Rightmire believed that Officer Ly was stuck under the vehicle facing immediate danger of death or serious bodily injury. Officer Talusan and Officer Rightmire both fired their Department-issued weapons at Suspect [REDACTED] in accordance with the conditions set forth in DGO 5.01, *Use of Force*, Subsections I.F.1.c and I.F.1.d and DGO 5.02, *Use of Firearms*, Subsections I.C.1.b, and conforming to exceptions related to the prohibition of shooting at the operator of a motor vehicle as enumerated in Section I.C.5.c.(3).
- In Officer Rightmire's interview with Internal Affairs, he was asked why he did not consider any other force options to stop Suspect [REDACTED]. He stated that he thought Officer Ly was underneath the car, that the suspect was using deadly force by hitting Officer Ly, and that prior to this, it was a carjacked vehicle involving a gun. He stated, "I can say in addition, you know, if apprehension was delayed, this guy, I think this guy was going to do anything to get out of there and hurt additional officers or citizens to get away." Officer Rightmire's discharge of his Department-issued weapon was also in accordance with DGO 5.02, Section I.C.5.c.(4)(a)&(b).
- Both Officer Talusan and Officer Rightmire were in their SFPD uniforms, patrolling in a marked, black and white vehicle with a red and blue light-bar affixed to the roof. When the officers attempted to stop Suspect [REDACTED] the red and blue lights and siren were being utilized. When Officer Talusan approached Suspect [REDACTED] after the suspect vehicle collided with the unmarked unit on George Ct., he had his Department-issued firearm drawn and told [REDACTED] to put his hands up and to stop the

car. The totality of these circumstances would satisfy the requirement of DGO 5.02, Section I.C.2.

- Officer Rightmire immediately notified supervisors, radioing that shots were fired, and that it was an officer involved shooting enabling an immediate response for supervisors to the scene, in accordance with DGO 5.02, Section I.D.

Recommendations

Based on the above findings, it is recommended that Officer Edric Talusan's use of his Department-issued firearm on March 5, 2013 be deemed *In Policy* and *Proper Conduct*.

Based on the above findings, it is recommended that Officer Kevin Rightmire's use of his Department-issued firearm on March 5, 2013 be deemed *In Policy* and *Proper Conduct*.

11/13/14	1515	I sent Sgt. Ting an email requesting the range qualification records for Offs. Talusan and Rightmire pre-March 5, 2013.	
11/14/14	0700	I received the email containing the range qualification records for Offs. Talusan and Rightmire pre OIS. It appears Off. Rightmire was in compliance prior to the incident. It appears that Off. Talusan may have been out of compliance or there is an error in the record keeping for his qualification month. While he was excused for his apparent qual. month of Sept. 2012, it appears he attended the range in Aug, but the record shows "N" in the "Passed?" column seemingly indicating he did not pass. There does not appear to be a make-up date for his Sept. excusal.  Sent Sgt. Ting a follow-up email to see if there is an unforeseeable explanation for this.	
11/14/14	1030	I received a new email from Sgt. Ting. Off. Talusan had responded to the Lake Merced Range on 8/27/12 and did pass his qualification. Per Sgt. Ting, it appears someone forgot to mark the box that indicates he passed which was why it indicated "N" on the report.  Off. Talusan was in compliance with the range qualification policy prior to the OIS.  Email and records added to file.	
11/14/14	1400	I received the transcripts for Off. Talusan's Homicide interview from Roomian & Associates. Transcript added to file.	
11/25/14	1130	I received the Homicide Summary Report. A copy was added to the case file. In the "Overview of Incident" Insp. Pierucci indicates that Off. Ly exited the right rear passenger seat of the patrol vehicle and attempted to run behind the suspect vehicle which reversed. Off. Ly put his arms up and made contact with the suspect vehicle's trunk. The overview then explains that Off. Ly, "fearing for his life; he rolled out of the way and fell to the ground scraping his knees." While this account of the incident is consistent with Off. Ly's perception of what happened, it does not corroborate the video that was retrieved. This discrepancy has no affect on the perceptions of the officers who discharged their firearms.	
12/2/14	0700	I received an updated copy of the Homicide Summary Report. Added to file, shredded old copy.

## INCIDENT REPORT

## NARRATIVE

On 3/5/13, at approximately 1849 hrs, Ofc. Lyons #2438 and I were working as SFPD patrol unit 3C6D and wearing full police uniforms. I was driving fully marked patrol vehicle #1267 and Ofc. Lyons was the right front passenger.

Ofc. Lyons and I were at Hudson Ave. and Cashmere Ct. when we heard Ofc. Rightmire #1965 broadcast they were in pursuit of a (F1) silver BMW related to a possible armed carjacking, refer to Case #130184889. Officers pursued the suspect vehicle northbound Ingalls Ave. near Kiska Rd. We responded to the area for assistance. Ofc. Talusan #1114 was driving fully marked patrol vehicle #087, Ofc. Rightmire was the right front passenger, Ofc. Mora #2349 was the left rear passenger, and Ofc. Ly #793 was the right rear passenger.

Ofc. Rightmire advised the suspect vehicle fled westbound Harbor Rd. and then onto Bertha Ln. Ofc. Lyons and I were at Hudson Rd. at Bertha Ln. when we observed the silver BMW with no license plates travel eastbound Bertha Ln. with one marked patrol vehicle in pursuit. The suspect vehicle was driven by a [REDACTED] male who was later identified as (S1) [REDACTED]. I observed the suspect vehicle failed to stop at the stop sign at Bertha Ln. and Hudson Rd. I activated the patrol lights and siren as we joined in the vehicle pursuit.

We were the second marked patrol vehicle in the pursuit as it continued eastbound Hudson Ave. and then northbound Ingalls Ave. failing to stop at the stop sign at the T-intersection. The vehicle continued southbound Ingalls Ave. at a high rate of speed and fled through the stop sign at Ingalls Ave. and Kiska Rd. Ofc. Talusan pursued the suspect vehicle as it turned onto the dead-end of George Ct.

Ofc. Lyons and I continued southbound Ingalls Ave. and then westbound towards the dead-end of Oakdale Ave. to attempt to cut off the suspect(s) should they run from officers on George Ct. We exited our patrol vehicle and ran towards the embankment which leads towards George Ct. I heard numerous gunshots from George Ct. and Ofc. Lyons advised there were shots fired.

Officers on George Ct. advised it was an officer involved shooting and requested an ambulance. Officers also broadcasted no officers were injured with one suspect in custody and no one outstanding.

We drove to George Ct. to assist officers at the scene. Ofc. Gritsch #2284 rendered first aid to [REDACTED]. Engine #17 and Medic #81 arrived on scene for medical assistance.

At about 1920 hrs, Lt. Ng # 338 contacted Ofc. Peters #127 at the Department Operations Center (DOC) and advised of the incident to make the appropriate notifications.

Sgt. Creed #1170 instructed me to ride in the ambulance to San Francisco General Hospital (SFGH) with [REDACTED]. [REDACTED] was not wearing a shirt but had on blue jeans, black/white shorts, black boxer briefs, white socks, and black sneakers. I seized [REDACTED] clothing. [REDACTED] told paramedics his name is [REDACTED] and provided an initial date of birth date of [REDACTED]. He also said he was [REDACTED]. I observed [REDACTED] sustained one gunshot wound to the left side of his chest. Ofc. Lyons followed the ambulance in a marked patrol vehicle.

At SFGH, emergency room (ER) staff treated [REDACTED] for his injuries. [REDACTED], ER physician, advised [REDACTED] was in stable condition with non-life threatening injuries. [REDACTED] told ER staff his date of birth was [REDACTED] and then later stated it was [REDACTED].

ER staff removed a (PFS5) band bracelet from [REDACTED] and I placed it in his clothing bag. I took photographs of [REDACTED]. Ofc. Alvarenga #1630 and Ofc. Fong #4270 relieved us from the emergency room. I gave custody of the [REDACTED] clothing to Ofc. Alvarenga. Ofc. Fong also located the following in [REDACTED] left front pants pocket: (PFS1) ring, (PFS2), pearl type bracelet, (PFS3) bead/pearl type bracelet, and (PFS4) heart bead bracelet. Ofc. Fong seized these items. As of the writing of this report, [REDACTED] remained at SFGH for medical treatment and was being guarded by Ofc. Wong #2330 and Ofc. Barranco #2363.

Report Type: Initial

Ofc. Lyons and I drove back to the crime scene at George Ct. Ofc. Alcaraz #590 maintained the (EVD1) Crime Scene Log. A command post was established on scene at the unit block of George Ct. headed by Capt. O'Sullivan #14 and Lt. Ng. Homicide Insp. Hoffass #2184, Insp. Pierucci #1604, Insp. Miller #1157 were on scene and took over the investigation.

Ofc. Guzman #2066, Ofc. Wise #4208, and Ofc. August #1119 conducted a walk-through of the areas of the vehicle pursuit to include Ingalls Ave., Harbor Rd., Bertha Ln., and Hudson Rd. in an attempt to locate any weapons or discarded evidence with negative results.

Ofc. Guzman conducted a computer query of the vehicle identification number (VIN) which returned as a carjacking vehicle considered armed and dangerous. Ofc. Guzman recovered the vehicle out of the Stolen Vehicle System (SVS) and completed a Supplemental Report. Case #130184889.

Crime Scene Investigations (CSI) Ofc. Rouede #1974 processed the crime scene and seized two Department-issued firearms. CSI also responded to SFGH and seized [REDACTED] clothing from Ofc. Alvarenga.

Ofc. Wise located (EVD3) one bullet in front of [REDACTED] George Ct. and seized it.

Ofc. Cuevas #2295 and Ofc. Larsen #2341 followed the (D2) unmarked patrol vehicle which was towed to the CSI Secure Lot. Ofc. Dizon #710 and Ofc. Gummo #607 followed the (D1) marked patrol vehicle #087 which was towed to the CSI Secure Lot. Ofc. Lentz #2338 and Ofc. Bernstein #2304 conducted an inventory search of the suspect vehicle which was later towed and they followed to the CSI Secure Lot.

At Bayview Station, I conducted a computer query of [REDACTED] and identified him via his [REDACTED] correct birth date is [REDACTED]. It was also determined [REDACTED] does not possess a driver's license (unlicensed).

On 3/5/13 at approximately 2015 hours I was on patrol in full uniform and in a marked patrol vehicle with FTO Alvarenga #1630. We responded to SFGH where we relieved 3C6D (Ofc. Barrientos) on hospital watch of (B1) [REDACTED]

We arrived at SFGH and relieved 3C6D and took custody of [REDACTED] clothing. We were inside Zone 1 Trauma Room 2 when [REDACTED] removed a single bullet from [REDACTED] chest at 2015 hours. The bullet was placed in a sterile container and kept in the possession of Alvarenga until CSI could come to collect it.

3C170 (Sgt. Hall #567) called us and requested we seize [REDACTED] clothing as evidence and inventory it. We seized the clothing at 2038 hours. During our inventory, we located four pieces of jewelry that were inside the front left pants pocket of [REDACTED] jeans. The four pieces of jewelry were: a pearl-like strand with yellow colored metal, a pearl-like strand with clear stones, a shiny gray colored ring with a clear stone and an engraving of "[REDACTED]" on the inside of it, and a yellow colored bracelet with heart shaped stones that had floral patterns on the hearts. Another yellow colored weave bracelet was found inside its own bag inside the larger bag containing [REDACTED] clothing.

I took six photos of the jewelry as evidence. Alvarenga retained custody of the five items of jewelry until it could be booked at a later time.

We maintained custody of the bullet in the sterile container and the large bag with [REDACTED] clothing until CSI responded to SFGH and took custody of these items at 2140 hours.

Per Sgt. Skover #2115, I went to the blood lab of SFGH to retrieve the blood sample taken from [REDACTED] when he was in the ER. [REDACTED] from the blood lab released the blood sample to me at approximately 0045 hours on 3/6/13 and I took custody of the sample. I had [REDACTED] make a copy of the SFGH Lab's patient specimen request form for me, which I later booked as evidence at Bayview Station.

When I arrived at Bayview Station, Alvarenga gave me the five pieces of jewelry and I booked it as property for safekeeping at Bayview Station.

I transported [REDACTED] blood sample to Southern Station, where I placed the blood sample into an evidence envelope for blood. Ofc. Zeltser #2297 signed as the witnessing officer. I filled out the logbook and dropped the packaged sample into the safe at Southern Station at 0310 hours on 3/6/13.

On 3/5/2013 at approximately 1849 hrs, Ofc Guzman #2066 and I responded to the area of Ingalls St and George Ct regarding a pursuit and officer involved shooting. The active incident was concluded prior to our arrival. When we arrived on scene we established the outer crime scene by taping off the Ingalls St corridor from Oakdale Ave to La Salle Ave.

We controlled vehicular and pedestrian traffic at La Salle Ave and Ingalls St until we were relieved by Ofc Maher #1513 and Ofc Oropeza #205. We were then directed to search the route of the prior vehicle pursuit for any evidence that may have been discarded from the suspect vehicle. Ofc Guzman, Ofc August #1119, and I searched the area on foot from Bertha Ln, to Harbor Rd, to Ingalls St, up to Kiska Rd with negative results.

We then responded to the inner crime scene perimeter. Ofc Guzman verified that the suspect vehicle was the same vehicle taken in an armed robbery/carjacking incident that we reported on the previous day (refer to SFPD Case# 130184889).

I relieved Ofc Alcaraz #590 as the crime scene log officer at approximately 2110 hrs and remained in that capacity until the crime scene was closed at approximately 2245 hrs.

As the suspect vehicle (silver BMW) was being towed from the scene I located a projectile on the ground in front of George Ct. It was on the driveway stall in front the [REDACTED] The projectile was slightly warped with apparent rifling marks on the warped jacket indicative of a spent projectile. Sgt Mahoney #578 (MAIT) marked the object as item E-16. CSI personnel directed me to collect the projectile and book it at Co. C. On Tuesday, March 5, 2013 at about 1850 hrs while working uniformed patrol and driving a marked SFPD Police Vehicle in the Bayview District, I became aware of a vehicle pursuit in my district. The pursuit involved a Silver BMW which was a possible carjacking vehicle from the previous day. When I heard the description of the vehicle, I recognized it as a vehicle which had been taken at gun point the previous day.

I responded to the area in order to assist the officers involved. I heard over the radio, that the pursuit had come to a conclusion at the end of George Court. I then heard that officers on the scene had become involved in an Officer Involved Shooting. I responded immediately to the scene to supervisor the scene and help in the investigation. Upon my arrival, I found that Officers Rightmire # 1965 and Talusan # 1114 were the officers that had discharged their firearms. Sgt. Cole and Sgt. Griffin were also on scene and conducted the public safety questions to the two officers. I briefly started to help set up the crime scene when Sgt. Hall and I decided we would transport the involved officers to Bayview Station. I then transported Officer Talusan to Bayview Station. Once at Bayview, I ensured Officer Talusan was comfortable and had been given some water. I later completed the Shooting Summary Report and the Environmental Assessment Form.

On the above date and time, I overheard 3C73 Officer Rightmire #1965 broadcast that he was in pursuit of a suspect driving a possible carjack vehicle. Soon thereafter, we heard via radio that there was an officer involved shooting at the end of the pursuit (in the area of Geroge Ct & Ingalls St). Myself and Sgt Cole #1135 responded in a code 3 manner to the area. Upon arrival I observed that the officers involved were Ofcr Ly #793, Ofcr Mora #2349, Ofcr Talusan #1114, and Ofcr Rightmire #1965. I observed a silver BMW and a [REDACTED] male laying near the driver side of the vehicle. The vehicle was stopped in a driveway near [REDACTED] [REDACTED]. The [REDACTED] male had suffered what appeared to be a gunshot wound to the chest area.

Officers were rendering aid as I quickly connected with Sgt Cole, Sgt Creed #1170, and Sgt Griffin #1834. It was soon determined that Sgt Cole would conduct a public safety interivew with Ofcr Rightmire, and Sgt Griffin would conduct a public safety briefing with Ofcr Talusan. Ofcr Ly advised me that he was struck by the silver BMW, but refused edical aid.

I took the following steps; I ordered Ofcr Ortiz #1131 to do a well being check on the residents of [REDACTED] [REDACTED] because I observed what appeared to be bullet holes which entered the garage door. Myself and Sgt Creed arranged transportation for the above officers to Bayview Station.

Once at Bayview Station, Ofcr Ly advised me that he was feeling somewhat sore. I ordered an SFFD paramedic and they arrived shortly thereafter. Ofcr Ly complained of pain to his body and had visible scrapes to both knees. Ly was not transported to a medical facility. Ly's injuries were photographed.

Later in the evening, Ofcr Spagnoli #1704(range staff) arrived at Bayview and provided replacement department issued firearms to both Talusan and Rightmire, respectively. I retained the firearms and locked each of them into separate gun lock boxes. The department issued firearms were later seized by CSI Officer Rouede #1974. I was present and supervised all firearm transactions.

On Tuesday, March 5, 2013 at approximately 1850 hrs, 3C73 (Officers Rightmire and Mora) advised Headquarters that they were involved in a pursuit of a Silver BMW that was possibly involved in a carjacking, which was taken at gun point the previous day. I heard over the radio that the suspect vehicle lead Officers to the dead end of George Court. Soon after, I heard radio transmissions of "Shots Fired" and that Officers on-scene were involved in a shooting. I responded to [REDACTED] George Court and assumed command of the incident. I established a command post at George Court and Ingalls. I also notified 3X300 Captain O'Sullivan regarding the incident. Captain O'Sullivan responded to the scene. Sergeants Hall, Creed, Griffin and Cole were all on-scene. I was immediately notified by Sergeant Hall that the Officers involved in the shooting were identified and would be escorted separately from the scene. Additionally, public safety information from both Officers involved were obtained by Sergeants Cole and Griffin. I directed Sergeant Skover to coordinate a neighborhood canvass for any possible witnesses, additional victims or physical evidence (see Sgt Skover's statement). Both outer and inner perimeters were established and crime scene log initiated.

SFPD Department Operations Center was notified of the incident and Inspectors Pierucci, Miller and Hoffass from the Homicide Detail responded and took control of investigation.

Officers Gritsch and Cloud responded [REDACTED] to meet with [REDACTED] staff and obtained video footage of the incident. Officer Gritsch hand carried two (2) DVD discs containing the video footage and gave it to me. I then gave Inspector Pierucci the above discs.

At approximately 2205 hours, both the crime scene and command post were broken down.

For SOTF FILE 20104

Dear SOTF,

I don't know if Herrera ever replied to this complaint, but Mr. Coté should perhaps brush up on both the Mayor's Fifth Supplement and the Sunshine Ordinance. No part of the law or that order precludes the SOTF from proceeding without City responses or presence at hearings - it just says they don't have to reply and attend.

If Herrera thinks it is in his interest to not respond or (as in a few days ago) to not attend, that's up to him. SOTF should continue to administer justice and secure the right of the people to public information and meetings without Herrera's input. It is the SOTF Committee's choice, not Herrera's nor Breed's, to decide whether to continue a hearing or proceed with it when the case comes up in due course.

Anything else would allow those very City officials the SOTF polices an absolute power to indefinitely delay public access by controlling the SOTF's agenda. I urge you to reject such nonsense.

If the Mayor wishes to specifically obstruct the SOTF from doing its duty, she's going to need to show clearly her full intentions to crush sunshine and issue some explicit orders to make that happen. Fortunately the Board of Supervisors didn't allow that last time. But perhaps Herrera will go convince the Mayor to issue such specific orders. If she does, then that can be challenged in court as having no relationship to the current public health exigencies whatsoever, and outside of the Mayor's emergency powers.

Hi Cheryl,

I hope you're well. We will respond to this complaint, but we will not be able to do so within 5 days, which is consistent with the Mayor's order that suspended such response deadlines.

On March 23, in Section 7(e) of the Fifth Supplement to the Proclamation of Local Emergency<[https://sfmayor.org/sites/default/files/032320\\_FifthSupplement.pdf](https://sfmayor.org/sites/default/files/032320_FifthSupplement.pdf)>, the Mayor temporarily suspended all deadlines for parties to submit information to the Task Force, which is a precondition to the Task Force acting on a complaint. That order is still in effect.

Take care and stay safe,

Attached is an amended petition. Issues #6 and #8 have been updated to note that dates of hire of peace officers and their names have been deemed explicitly non-exempt by the Supreme Court (Comm. on Peace Off. Stand. v. Superior Court, 42 Cal.4th 278 (Cal. 2007)). Please carefully consider these arguments.

Subject: California Public Records Act Request: Police Misconduct Audit (SFPD) - Immediate Disclosure Request and 67.21(c) request  
RE: Police Misconduct Audit (SFPD)

To Whom It May Concern:

\*\* NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). Redact your responses correctly because once you send them to us, there is no going back.  
\*\*

This is an Oct. 4, 2019 Immediate Disclosure request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) for the following items from SFPD. This is an also a SF Admin Code 67.21(c) request for 6 statements (one for each numbered request below) for the quantity (including even records you claim are exempt), form, and nature of records responsive to each request below -- which must be provided in 7 days with no extensions are permitted.

I have a right to receive records by email (67.21(b)) and moreover I cannot be required to use your web portal which imposes Terms of Service conditions beyond the CPRA's requirements. Please email (attachments) all responsive records.

We remind you of your obligation to provide electronic records in the format we request them if that format is easily generated (SFAC 67.21(l)). Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are our choice. Other Documents may be provided in text (not scanned) PDF format. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For chat apps, a screenshot or print-out is acceptable.

If you use PDF, you must use properly redacted searchable or text pdfs. Don't use image PDFs to make it harder to analyze the records. Do not print out records and then re-scan them to PDF - simply redact them in Adobe Acrobat if needed for example. If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us.

You must justify all withholding. All justifications must be made with particularity (every redaction must be specifically referenced to a justification).

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

Every violation of the Sunshine Ordinance will be appealed --- please follow the Ordinance exactly as I am auditing your agency's public records regimen.

I look forward to your immediate disclosure.

Subject: RE: California Public Records Act Request #P009436-101619, SOTF 19124  
For SOTF FILE 20104

Dear SOTF,

I don't know if Herrera ever replied to this complaint, but Mr. Coté should perhaps brush up on both the Mayor's Fifth  
Supplement and the Sunshine Ordinance. No part of the law or that order precludes the SOTF from proceeding without  
City responses or presence at hearings - it just says they dn't have to reply and attend.

If Herrera thinks it is in his interest to not respond or (as in a few days ago) to not attend, that's up to him. SOTF should  
continue to administer justice and secure the right of the people to public information and meetings without Herrera's  
input. It is the SOTF Committee's choice, not Herrera's nor Breed's, to decide whether to continue a hearing or proceed  
with it when the case comes up in due course.

Anything else would allow those very City officials the SOTF polices an absolute power to indefinitely delay public access by controlling the SOTF's agenda. I urge you to reject such nonsense.

If the Mayor wishes to specifically obstruct the SOTF from doing its duty, she's going to need to show clearly her full intentions to crush sunshine and issue some explicit orders to make that happen. Fortunately the Board of Supervisors didn't allow that last time. But perhaps Herrera will go convince the Mayor to issue such specific orders. If she does, then that can be challenged in court as having no relationship to the current public health exigencies whatsoever, and outside of the Mayor's emergency powers.

Subject: Re: SOTF - Complaint Filed with the Sunshine Ordinance Task Force - File No. 20104

Hi Cheryl,

I hope you're well. We will respond to this complaint, but we will not be able to do so within 5 days, which is consistent with the Mayor's order that suspended such response deadlines.

On March 23, in Section 7(e) of the Fifth Supplement to the Proclamation of Local Emergency<[https://sfmayor.org/sites/default/files/032320\\_FifthSupplement.pdf](https://sfmayor.org/sites/default/files/032320_FifthSupplement.pdf)>, the Mayor temporarily suspended all deadlines for parties to submit information to the Task Force, which is a precondition to the Task Force acting on a complaint. That order is still in effect.

Take care and stay safe,

Subject: California Public Records Act Request: Police Misconduct Audit (SFPD) - Immediate Disclosure Request and 67.21(c) request

RE: Police Misconduct Audit (SFPD)

To Whom It May Concern:

**\*\* NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). Redact your responses correctly because once you send them to us, there is no going back. \*\***

This is an Oct. 4, 2019 Immediate Disclosure request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) for the following items from SFPD. This is also a SF Admin Code 67.21(c) request for 6 statements (one for each numbered request below) for the quantity (including even records you claim are exempt), form, and nature of records responsive to each request below -- which must be provided in 7 days with no extensions are permitted.

I have a right to receive records by email (67.21(b)) and moreover I cannot be required to use your web portal which imposes Terms of Service conditions beyond the CPRA's requirements. Please email (attachments) all responsive records.

We remind you of your obligation to provide electronic records in the format we request them if that format is easily generated (SFAC 67.21(l)). Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are our choice. Other Documents may be provided in text (not scanned) PDF format. However, if you choose to convert emails; for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For chat apps, a screenshot or print-out is acceptable.

If you use PDF, you must use properly redacted searchable or text pdfs. Don't use image PDFs to make it harder to analyze the records. Do not print out records and then re-scan them to PDF - simply redact them in Adobe Acrobat if needed for example. If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us.

You must justify all withholding. All justifications must be made with particularity (every redaction must be specifically referenced to a justification).

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

Every violation of the Sunshine Ordinance will be appealed --- please follow the Ordinance exactly as I am auditing your agency's public records regimen.

I look forward to your immediate disclosure.

## 19124 - Anonymous vs SFPD, et al.

### Highlights

- **What?** All 2019 SB 1421 records and all the communications about the records with requesters
- No records whatsoever produced until after the complaint. This was an unreasonable delay and a failure to provide rolling response.
- No timely statement of quantity, nature, existence and form of records.
- No keys by footnote or other clear reference for redactions.
- Unlawful use of GC 6254(f) in SB 1421 records.

### No keys by footnote or other clear reference

- Redactions are lawful only when associated with a key by footnote or other clear reference to a written exemption justification. Unless SFPD provides keys, this Task Force must order all redactions disclosed.
- SFPD has apparently accepted this legal obligation in my other cases (sadly only *after* I file the complaint).
- In SOTF 19121, I showed how a failure to force the City's staff members to justify their redactions results in dozens of unlawful redactions. It allows sloppiness.
- City's argument that requesters have to argue for each and every redaction they want to overturn is wrong - the burden is first on the City, not the public, to take a specific position for every redaction, then I will challenge at my discretion.
- There is no court ruling invalidating SFAC 67.26 for large or complex records.
- Police misconduct records are some of the most controversial records that exist - if any records require careful redaction **it is these ones**

## Identity of requesters is not private

- Supervisor of Records ruled on this matter in this case, but unlawfully refused to issue an order to disclose against SFPD

## PENAL CODE - PEN

### PART 2. OF CRIMINAL PROCEDURE [681 - 1620] (*Part 2 enacted 1872.* )

#### TITLE 3. ADDITIONAL PROVISIONS REGARDING CRIMINAL PROCEDURE [777 - 883] (*Heading of Title 3 amended by Stats. 1951, Ch. 1674.* )

#### CHAPTER 4.5. Peace Officers [830 - 832.19] (*Chapter 4.5 added by Stats. 1968, Ch. 1222.* )

**832.7.** (a) Except as provided in subdivision (b), the personnel records of peace officers and custodial officers and records maintained by any state or local agency pursuant to Section 832.5, or information obtained from these records, are confidential and shall not be disclosed in any criminal or civil proceeding except by discovery pursuant to Sections 1043 and 1046 of the Evidence Code. This section shall not apply to investigations or proceedings concerning the conduct of peace officers or custodial officers, or an agency or department that employs those officers, conducted by a grand jury, a district attorney's office, or the Attorney General's office.

(b) (1) Notwithstanding subdivision (a), subdivision (f) of Section 6254 of the Government Code, or any other law, the following peace officer or custodial officer personnel records and records maintained by any state or local agency shall not be confidential and shall be made available for public inspection pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code):

(A) A record relating to the report, investigation, or findings of any of the following:

(i) An incident involving the discharge of a firearm at a person by a peace officer or custodial officer.

(ii) An incident in which the use of force by a peace officer or custodial officer against a person resulted in death, or in great bodily injury.

(B) (i) Any record relating to an incident in which a sustained finding was made by any law enforcement agency or oversight agency that a peace officer or custodial officer engaged in sexual assault involving a member of the public.

(ii) As used in this subparagraph, "sexual assault" means the commission or attempted initiation of a sexual act with a member of the public by means of force, threat, coercion, extortion, offer of leniency or other official favor, or under the color of authority. For purposes of this definition, the propositioning for or commission of any sexual act while on duty is considered a sexual assault.

(iii) As used in this subparagraph, "member of the public" means any person not employed by the officer's employing agency and includes any participant in a cadet, explorer, or other youth program affiliated with the agency.

(C) Any record relating to an incident in which a sustained finding was made by any law enforcement agency or oversight agency of dishonesty by a peace officer or custodial officer directly relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another peace officer or custodial officer, including, but not limited to, any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

(2) Records that shall be released pursuant to this subdivision include all investigative reports; photographic, audio, and video evidence; transcripts or recordings of interviews; autopsy reports; all materials compiled and presented for review to the district attorney or to any person or body charged with determining whether to file criminal charges against an

officer in connection with an incident, or whether the officer's action was consistent with law and agency policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take; documents setting forth findings or recommended findings; and copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the Skelly or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

(3) A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure pursuant to this subdivision.

(4) If an investigation or incident involves multiple officers, information about allegations of misconduct by, or the analysis or disposition of an investigation of, an officer shall not be released pursuant to subparagraph (B) or (C) of paragraph (1), unless it relates to a sustained finding against that officer. However, factual information about that action of an officer during an incident, or the statements of an officer about an incident, shall be released if they are relevant to a sustained finding against another officer that is subject to release pursuant to subparagraph (B) or (C) of paragraph (1).

(5) An agency shall redact a record disclosed pursuant to this section only for any of the following purposes:

(A) To remove personal data or information, such as a home address, telephone number, or identities of family members, other than the names and work-related information of peace and custodial officers.

(B) To preserve the anonymity of complainants and witnesses.

(C) To protect confidential medical, financial, or other information of which disclosure is specifically prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force by peace officers and custodial officers.

(D) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the peace officer, custodial officer, or another person.

(6) Notwithstanding paragraph (5), an agency may redact a record disclosed pursuant to this section, including personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosure of the information.

(7) An agency may withhold a record of an incident described in subparagraph (A) of paragraph (1) that is the subject of an active criminal or administrative investigation, in accordance with any of the following:

(A) (i) During an active criminal investigation, disclosure may be delayed for up to 60 days from the date the use of force occurred or until the district attorney determines whether to file criminal charges related to the use of force, whichever occurs sooner. If an agency delays disclosure pursuant to this clause, the agency shall provide, in writing, the specific basis for the agency's determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. This writing shall include the estimated date for disclosure of the withheld information.

(ii) After 60 days from the use of force, the agency may continue to delay the disclosure of records or information if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer who used the force. If an agency delays disclosure pursuant to this clause, the agency shall, at 180-day intervals as necessary, provide, in writing, the specific basis for the agency's determination that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding. The writing shall include the estimated date for the disclosure of the withheld information. Information withheld by the agency shall be disclosed when the specific basis for withholding is resolved, when the investigation or proceeding is no longer active, or by no later than 18 months after the date of the incident, whichever occurs sooner.

(iii) After 60 days from the use of force, the agency may continue to delay the disclosure of records or information if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against someone other than the officer who used the force. If an agency delays disclosure under this clause, the agency shall, at 180-day intervals, provide, in writing, the specific basis why disclosure could reasonably be expected to interfere with a criminal enforcement proceeding, and shall provide an estimated date for the disclosure of the withheld information. Information withheld by the agency shall be disclosed when the specific basis for withholding is resolved, when the investigation or proceeding is no longer active, or by no later than 18 months after the date of the incident, whichever occurs sooner, unless extraordinary circumstances warrant continued delay due to the ongoing criminal investigation or proceeding. In that case, the agency must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest in prompt disclosure of records about use of serious force by peace officers and custodial officers. The agency shall release all information subject to disclosure that does not cause substantial prejudice, including any documents that have otherwise become available.

(iv) In an action to compel disclosure brought pursuant to Section 6258 of the Government Code, an agency may justify delay by filing an application to seal the basis for withholding, in accordance with Rule 2.550 of the California Rules of Court, or any successor rule thereto, if disclosure of the written basis itself would impact a privilege or compromise a pending investigation.

(B) If criminal charges are filed related to the incident in which force was used, the agency may delay the disclosure of records or information until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea pursuant to Section 1018.

(C) During an administrative investigation into an incident described in subparagraph (A) of paragraph (1), the agency may delay the disclosure of records or information until the investigating agency determines whether the use of force violated a law or agency policy, but no longer than 180 days after the date of the employing agency's discovery of the use of force, or allegation of use of force, by a person authorized to initiate an investigation, or 30 days after the close of any criminal investigation related to the peace officer or custodial officer's use of force, whichever is later.

(8) A record of a civilian complaint, or the investigations, findings, or dispositions of that complaint, shall not be released pursuant to this section if the complaint is frivolous, as defined in Section 128.5 of the Code of Civil Procedure, or if the complaint is unfounded.

(c) Notwithstanding subdivisions (a) and (b), a department or agency shall release to the complaining party a copy of his or her own statements at the time the complaint is filed.

(d) Notwithstanding subdivisions (a) and (b), a department or agency that employs peace or custodial officers may disseminate data regarding the number, type, or disposition of complaints (sustained, not sustained, exonerated, or unfounded) made against its officers if that information is in a form which does not identify the individuals involved.

(e) Notwithstanding subdivisions (a) and (b), a department or agency that employs peace or custodial officers may release factual information concerning a disciplinary investigation if the officer who is the subject of the disciplinary investigation, or the officer's agent or representative, publicly makes a statement he or she knows to be false concerning the investigation or the imposition of disciplinary action. Information may not be disclosed by the peace or custodial officer's employer unless the false statement was published by an established medium of communication, such as television, radio, or a newspaper. Disclosure of factual information by the employing agency pursuant to this subdivision is limited to facts contained in the officer's personnel file concerning the disciplinary investigation or imposition of disciplinary action that specifically refute the false statements made public by the peace or custodial officer or his or her agent or representative.

(f) (1) The department or agency shall provide written notification to the complaining party of the disposition of the complaint within 30 days of the disposition.

(2) The notification described in this subdivision shall not be conclusive or binding or admissible as evidence in any separate or subsequent action or proceeding brought before an arbitrator, court, or judge of this state or the United States.

(g) This section does not affect the discovery or disclosure of information contained in a peace or custodial officer's personnel file pursuant to Section 1043 of the Evidence Code.

(h) This section does not supersede or affect the criminal discovery process outlined in Chapter 10 (commencing with Section 1054) of Title 6 of Part 2, or the admissibility of personnel records pursuant to subdivision (a), which codifies the court decision in *Pitchess v. Superior Court* (1974) 11 Cal.3d 531.

(i) Nothing in this chapter is intended to limit the public's right of access as provided for in *Long Beach Police Officers Association v. City of Long Beach* (2014) 59 Cal.4th 59.

*(Amended by Stats. 2018, Ch. 988, Sec. 2. (SB 1421) Effective January 1, 2019.)*

RE: Complaint No. 19124 - filed by Anonymous against Chief William Scott and Lt.  
R. Andrew Cox and the San Francisco Police Department

Dear Sunshine Ordinance Task Force:

The San Francisco Police Department (SFPD) is in receipt of the Complaint filed by Anonymous with the Sunshine Ordinance Task Force (SOTF) alleging that SFPD violated Administrative Code (Sunshine Ordinance), Sections 67.21, 67.26, 67.27, by failing to respond to an Immediate Disclosure Request in a timely and/or complete manner, failing to respond to a public records request in a timely and/or complete manner, failing to justify withholding of records.

The SFPD takes responsibility for not providing a response to the requestor within the required time frame. The October 4, 2019 Public Records request was submitted to the Department via email to an email account that is not used by the Department for public records requests. The Department has a process for public records requests. The Unit that monitors that account forwarded the request to the appropriate division on October 16, 2019. The request was made as an Immediate Disclosure request. The immediate disclosure process is for requests that are "simple, routine or otherwise readily answerable." Please see San Francisco Administrative Code section 67.25(a). This request was not simple, routine or otherwise readily available. On October 17, 2019 we acknowledged that the request was received on October 16, 2019 and informed the requestor that the maximum deadline for responding to the request applies and invoked the extension of time to response pursuant to Government Code Section 6253 (c) because of the need to consult with another agency. Please refer to SFPD extension letter dated October 17, 2019 (link included below).

SFPD initially interpreted the October 4, 2019 request for personnel records pertaining to members involved in incidents from January 1, 2019 to present that qualify under SB1421, which modified Penal Code section 832.7. As such, SFPD provided a response dated October 25, 2019 stating, the SFPD will respond to the request in compliance with the law but SFPD will face time constraints in doing so and invoked a rule of reason to guide the timing of SFPD's response and will provide the records on a rolling basis. Please refer to SFPD extension letter dated October 25, 2019 (link included below).

SFPD provided the requestor an additional extension letter dated November 8, 2019 and indicated that SFPD will provide an update by Friday, November 22, 2019. Please refer to SFPD extension letter dated November 8, 2019 (link included below).

On November 21, 2019, SFPD reviewed the basis of the complaint and determined there was a misunderstanding. Upon receipt of clarification of the requests to produce all records, which qualify under SB1421, that were previously released to the public, SFPD produced the responsive records on November 25, 2019. On November 26, 2019, SFPD provided the corresponding letters for each record release with the details of the exemptions applied to the redactions in the production of records.

RE: Public Records Request, dated October 16, 2019, Reference # P009436-101619

Dear Anonymous:

The San Francisco Police Department (SFPD) received your Public Records Act request, dated October 16, 2019.

You requested, *"To Whom It May Concern: \* \* NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). Redact your responses correctly because once you send them to us, there is no going back. \* \* This is an Oct. 4, 2019 Immediate Disclosure request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) for the following items from SFPD. This is an also a SF Admin Code 67.21(c) request for 6 statements (one for each numbered request below) for the quantity (including even records you claim are exempt), form, and nature of records responsive to each request below -- which must be provided in 7 days with no extensions are permitted. I have a right to receive records by email (67.21(b)) and moreover I cannot be required to use your web portal which imposes Terms of Service conditions beyond the CPRA's requirements. Please email (attachments) all responsive records. We remind you of your obligation to provide electronic records in the format we request them if that format is easily generated (SFAC 67.21(1)). Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are our choice. Other Documents may be provided in text (not scanned) PDF format. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For chat apps, a screenshot or print-out is acceptable. If you use PDF, you must use properly redacted searchable or text pdfs. Don't use image PDFs to make it harder to analyze the records. Do not print out records and then re-scan them to PDF - simply redact them in Adobe Acrobat if needed for example. If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. You must justify all withholding. All justifications must be made with particularity (every redaction must be specifically referenced to a justification). Provide records in a rolling fashion. Do not wait for all records to be available. Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond. Every violation of the Sunshine Ordinance will be appealed --- please follow the Ordinance exactly as I am auditing your agency's public records regimen. I look forward to your immediate disclosure. 1.all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(A)(i)-(ii) on govt. property. All reports,*

*investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 2. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(B)(i)-(ii) on govt. property. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 3. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(C) on govt. property. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 4. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(A)(i)-(ii) on personal private property, subject to disclosure under City of San Jose v Superior Court (2017). All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 5. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(B)(i)-(ii) on personal private property, subject to disclosure under City of San Jose v Superior Court (2017). All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 6. all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. Sincerely,  
Anonymous"*

The immediate disclosure process is for requests that are "simple, routine or otherwise readily answerable." Please see San Francisco Administrative Code section 67.25(a). Your request is not simple or routine. The maximum deadline for responding to a request applies.

SFPD will, of course, respond to your request in compliance with the law. But, as explained below, we will face time constraints in doing so.

Prior to January 1, 2019, California Penal Code Section 832.7 protected from public disclosure peace officer personnel records and the information in those records subject to certain narrow exceptions. But on September 30, 2018, Governor Brown signed into law SB 1421, which, effective January 1, 2019, amended Section 832.7 to create additional exceptions to the confidentiality for peace officer personnel records, thus making available to the public a broad range of records that previously could not be disclosed. These new exceptions relate to specific incidents or determinations, allowing for the public release of:

- the report, investigation, or findings regarding an officer's discharge of a firearm at a person;
- the report, investigation, or findings regarding an officer's use of force that results in death or great bodily injury;
- a sustained finding that an officer engaged in sexual assault involving a member of the public; and
- a sustained finding that an officer was dishonest directly relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer. (See Penal Code § 832.7(b)(1)(A)-(C).)

SFPD has received a number of requests for previously confidential peace officer records made public as a result of the passage of SB 1421. Despite our best efforts to respond promptly, a backlog has quickly developed and will remain for some time.

SFPD must balance its duty to respond to public records requests with its duty to perform the broad range of tasks performed by SFPD personnel that result in keeping the peace and maintaining safety in our communities. Responding to your request will be quite burdensome and time-consuming, especially when coupled with our duty also to respond to like public records requests from others. SFPD will not be able to respond within the customary time frame without unreasonably impinging on its ability to perform its other duties.

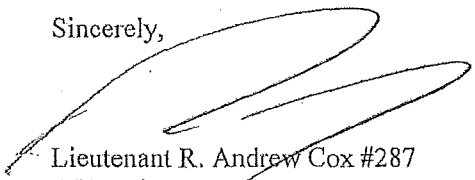

It is in this rare circumstance that we find it necessary to invoke a rule of reason to guide the timing of our response to your public records request. As the City Attorney has stated on pages 97-98 of the *Good Government Guide*, which is available on the City Attorney's website, the law recognizes that when there is a conflict between a department's performance of its wide range of duties, and its responsibilities under public records laws, reason demands flexibility in the timing of responses to requests. Under this rule and given the SFPD's other public obligations, we will not be able to devote an unlimited amount of staff time to your request and like requests. Nevertheless we intend to provide a complete response to your request, but it will take longer than ordinarily is the case.

Over time, we expect this backlog problem to recede, and expect to be able to move more quickly on requests such as yours, particularly if the records being sought have already been reviewed in order to respond to an earlier request. But we are not there yet. For now, we intend to provide records in response to your request, and other like requests, on a rolling basis. We will provide you with a brief update by Friday, October 25, 2019.

Please let me know if you have any questions pertaining to this letter, or any suggestions you might have that could expedite our response to your request.

If you have any questions, please contact Ofc. Jose Mora at 415-575-6700.

Sincerely,

Lieutenant R. Andrew Cox #287

SFPD will, of course, respond to your request in compliance with the law. But, as explained below, we will face time constraints in doing so.

Prior to January 1, 2019, California Penal Code Section 832.7 protected from public disclosure peace officer personnel records and the information in those records subject to certain narrow exceptions. But on September 30, 2018, Governor Brown signed into law SB 1421, which, effective January 1, 2019, amended Section 832.7 to create additional exceptions to the confidentiality for peace officer personnel records, thus making available to the public a broad range of records that previously could not be disclosed. These new exceptions relate to specific incidents or determinations, allowing for the public release of:

- the report, investigation, or findings regarding an officer's discharge of a firearm at a person;
- the report, investigation, or findings regarding an officer's use of force that results in death or great bodily injury;
- a sustained finding that an officer engaged in sexual assault involving a member of the public; and

- a sustained finding that an officer was dishonest directly relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer. (See Penal Code § 832.7(b)(1)(A)-(C).)

SFPD has received a number of requests for previously confidential peace officer records made public as a result of the passage of SB 1421. Despite our best efforts to respond promptly, a backlog has quickly developed and will remain for some time.

SFPD must balance its duty to respond to public records requests with its duty to perform the broad range of tasks performed by SFPD personnel that result in keeping the peace and maintaining safety in our communities. Responding to your request will be quite burdensome and time-consuming, especially when coupled with our duty also to respond to like public records requests from others. SFPD will not be able to respond within the customary time frame without unreasonably impinging on its ability to perform its other duties.

It is in this rare circumstance that we find it necessary to invoke a rule of reason to guide the timing of our response to your public records request. As the City Attorney has stated on pages 97-98 of the *Good Government Guide*, which is available on the City Attorney's website, the law recognizes that when there is a conflict between a department's performance of its wide range of duties, and its responsibilities under public records laws, reason demands flexibility in the timing of responses to requests. Under this rule and given the SFPD's other public obligations, we will not be able to devote an unlimited amount of staff time to your request and like requests. Nevertheless we intend to provide a complete response to your request, but it will take longer than ordinarily is the case.

Over time, we expect this backlog problem to recede, and expect to be able to move more quickly on requests such as yours, particularly if the records being sought have already been reviewed in order to respond to an earlier request. But we are not there yet. For now, we intend to provide records in response to your request, and other like requests, on a rolling basis. We will provide you with a brief update by Friday, November 8, 2019.

Please let me know if you have any questions pertaining to this letter, or any suggestions you might have that could expedite our response to your request.

If you have any questions, please contact Ofc. Jose Mora at 415-575-6700.

Sincerely,

RE: Public Records Request, dated October 16, 2019, Reference # P009436-101619

Dear Anonymous:

The San Francisco Police Department (SFPD) received your Public Records Act request, dated October 16, 2019. On October 17, 2019, and October 25, 2019 the SFPD invoked the extension of time to respond to your request pursuant to Government Code Section 6253(c) because of the need to consult with another agency.

You requested, *"To Whom It May Concern: \* \* NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). Redact your responses correctly because once you send them to us, there is no going back. \* \* This is an Oct. 4, 2019 Immediate Disclosure request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) for the following items from SFPD. This is an also a SF Admin Code 67.21(c) request for 6 statements (one for each numbered request below) for the quantity (including even records you claim are exempt), form, and nature of records responsive to each request below -- which must be provided in 7 days with no extensions are permitted. I have a right to receive records by email (67.21(b)) and moreover I cannot be required to use your web portal which imposes Terms of Service conditions beyond the CPRA's requirements. Please email (attachments) all responsive records. We remind you of your obligation to provide electronic records in the format we request them if that format is easily generated (SFAC 67.21(1)). Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are our choice. Other Documents may be provided in text (not scanned) PDF format. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For chat apps, a screenshot or print-out is acceptable. If you use PDF, you must use properly redacted searchable or text pdfs. Don't use image PDFs to make it harder to analyze the records. Do not print out records and then re-scan them to PDF - simply redact them in Adobe Acrobat if needed for example. If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records, judicially, and/or via any other remedies available to us. You must justify all withholding. All justifications must be made with particularity (every redaction must be specifically referenced to a justification). Provide records in a rolling fashion. Do not wait for all records to be available. Please provide only those copies of records available without any fees. If you determine certain records*

would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond. Every violation of the Sunshine Ordinance will be appealed --- please follow the Ordinance exactly as I am auditing your agency's public records regimen. I look forward to your immediate disclosure. 1.all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(A)(i)-(ii) on govt. property. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 2.all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(B)(i)-(ii) on govt. property. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 3.all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(C) on govt. property. All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 4.all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. Penal Code §832.7(b)(1)(A)(i)-(ii) on personal private property, subject to disclosure under City of San Jose v Superior Court (2017). All reports, investigations, text messages, chats, memos, email messages, evidence, statements, and every other record within the cited code section must be included. 5.all records created, sent, or received from Jan. 1, 2019 to present, within the scope of Cal. SFPD will, of course, respond to your request in compliance with the law. But, as explained below, we will face time constraints in doing so.

- a sustained finding that an officer was dishonest directly relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer. (See Penal Code § 832.7(b)(1)(A)-(C).)

SFPD has received a number of requests for previously confidential peace officer records made public as a result of the passage of SB 1421. Despite our best efforts to respond promptly, a backlog has quickly developed and will remain for some time.

SFPD must balance its duty to respond to public records requests with its duty to perform the broad range of tasks performed by SFPD personnel that result in keeping the peace and maintaining safety in our communities. ### Letter for entry into files 19098, 19112, 19124, 19128, and 19141.

Thanks for taking my call Ms. Leger. Here's a letter to clarify.

What remains is:

- 19112 - Chief's calendars (sent to the full Task Force)
- 19098 - emails and digital communications (Dec 2019 committee hearing continued by Respondent)
- 19128 - Bryan Carmody forensics communications (pending committee)
- 19141 - failure to respond in any way to 2 IDRs (pending notice to Respondents)

As discussed, while it would be helpful to hear 19098 and 19128 together (for the convenience of SFPD since I believe Sgt. Andraychak is the contact for both) at the next committee, the legal issues in the 4 complaints are unrelated to each other so they can't really be combined without causing confusion.

After reviewing my records I am **withdrawing SOTF 19124**, but I shall file a new complaint later on for the remainder of SB 1421 police misconduct records.

Hi Ms. Leger,

Can you provide City replies/respondent documentation in the 5 cases above?  
I think I need to give you any additional docs from me by 5pm.

They are all SB 1421/Becerra v Superior Court or adjacent complaints against SFPD, DPA, CAO, Sheriff, Police Commission if I remember correctly.

If one or more respondents have refused to provide a written response, and refuse to do so by 5pm today, I urge the SOTF to proceed without them and reject the argument of the CAO that the Mayor's COVID orders also somehow implicitly prevents - without saying so - the SOTF from considering complaints that the City simply doesn't want to reply to. This would be a double-injustice, allowing the government to even control the process of the public attempting to remedy the government's own unlawful actions.
