FOR FILE 20009:

SOTF,

This is a clear-cut case of violation which Respondents appear to be admitting in their response. However they appear to argue some sort of inability to comply due to reorganization which should shield them from violations. The people do not lose their Sunshine rights due to the City's reorganizations.

Did SFSD withhold any information without a written justification? Yes, no justifications were given whatsoever. (Therefore, SFSD violated SFAC 67.27).

Did SFSD mask any part of the records without keying by footnote or clear reference to a specific justification? Yes, both requesters' names and contact info. (Therefore, SFSD violated SFAC 67.26).

Did SFSD mask any part of the record that cannot actually be lawfully withheld? Yes, the requesters' names. (Therefore, SFSD violated SFAC 67.26 again).

This case is among the simplest of all that I have brought to your Task Force. Respondents should take their loss and use it as a lesson to learn from.

Respondents have the choice of having the Sheriff as department head sign and publish a consent letter addressed to me and SOTF, acknowledging the violations of 67.26 and 67.27 in this case, accepting responsibility for them, and committing in writing that SFSD will going forward comply with SFAC 67.26 and 67.27 for all requests.

Such a compromise would allow me to withdraw the complaint and is in the public interest, guaranteeing Sunshine for all.

If respondents wish to do so, they may contact me.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. All of your responses (including all

responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Subject: RE: California Public Records Act Request: CPRA/Sunshine Responses - Immediate Disclosure Request (SF Sheriff)
SOTF,

Please file a new complaint:

Complainant: Anonymous (this email address)

Respondents: Sheriff Dept, Sheriff PAUL MIYAMOTO, Lt. J. Quanico #1429

Alleged Sections: SFAC 67.26, 67.27

Complaint:

See attached Jan 11 request and Jan 14 response.

Respondents stated they redacted information, however:

- they did not justify in writing the withholding (67.27)
- they did not key by footnote or clear reference the redactions to justifications (67.26)

Furthermore, we believe this is non-minimal withholding (67.26) - the names of records requestors, if provided, are not secret.

We do not have any obligation to instruct the City in its legal obligations; however, we had nevertheless warned that we would file complaints for:

- withholding more than the minimum exempt portion of any record or withholding an entire record if any portion at all is non-exempt (SF Admin Code 67.26),
- failure to justify with a footnote or "other clear reference" to an exemption statute or case law for each and every redaction or withholding (SF Admin Code 67.26, 67.27)

Please find violations and order disclosure of all redacted info, unless Respondents justify all redactions.

I will ask the SOTF committee to move to combine this case with 19143 (same agency, but different requests). Please schedule this new complaint along with 19143 if possible.

Sincerely,

Anonymous

To Whom It May Concern:

Below is a new, distinct Immediate Disclosure Request (SF Admin Code 67.25(a)). Please keep your responses to this request on this email thread.

Your response is required by Dec. 20, 2019. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to finish them by tomorrow. Exact copies (Gov Code 6253(b)) are requested.

1. All response letters/emails/mailings provided by anyone in your Department in response to any member of the public for a request pursuant to the CPRA or Sunshine Ordinance sent from Nov. 1, 2019 to Dec. 19, 2019 (inclusive). We do not need the responsive records you sent to others, just the response letters. We do not need any particular electronic format - PDFs are fine. We do not need metadata.

Please read carefully the exact wording of my request and follow the Sunshine Ordinance and CPRA precisely. Every violation will be appealed, including but not limited to:

- any untimely or incomplete response (SF Admin Code 67.21, 67.25),
- failure to provide records in a rolling fashion as soon as each is available (SF Admin Code 67.25),
- failing to indicate whether you have responsive records or not for each request below and whether or not you withheld any records for each request below (Gov Code 6253(c))
- withholding more than the minimum exempt portion of any record or withholding an entire record if any portion at all is non-exempt (SF Admin Code 67.26),
- failure to justify with a footnote or "other clear reference" to an exemption statute or case law for each and every redaction or withholding (SF Admin Code 67.26, 67.27)
- redacting or withholding information whose exemption you have already waived by producing it to the public before (Gov Code 6254.5),
- refusing to use email (SF Admin Code 67.21(b))

Please provide only copies not requiring fees - and a required notice of in-person inspection of fee-based records.

Good Morning,

I write in response to your records request dated April 10, 2019. My responses are enumerated below.

- 1) Attached you will find the contract for the current provider: Leaders in Community Alternatives, Inc. (LCA).
- 2) Attached you will find the San Francisco Sheriff's Department (SFSD) policies for electronic monitoring. It is important to identify the legal distinction for individuals who are released by the SFSD to electronic monitoring pursuant to California Penal Code § 1203.016 as an alternative to a county jail sentence versus those individuals released on their own recognize (OR) as ordered by a judicial officer, with a condition of electronic monitoring. Please note that for the policy titled, *APD 04-01 Alternative Programs Eligibility*, redactions were made to protect the security procedures associated with high scrutiny electronic monitoring.

While the SFSD has authority over individuals released as an alternative to a jail sentence, we do not have authority for individuals released to OR. In the first example, the department conducts a public safety assessment for every person sentenced to a term of confinement in the county jail. Based on the safety assessment, individuals may be placed in the electronic monitoring program. In the latter, the department follows the instruction of the court. I am attaching a form which provides different levels of monitoring as a condition of OR release.

- 3) The department attempts to prevent violations from occurring by preparing the prospective clients with information regarding the equipment, rules and expectations as well as consequences for violations, during the enrollment process which includes outfitting with the electronic monitoring device.

Phone: 415 554-7225. Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

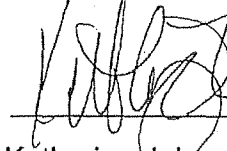

Violations are activities which are against the rules of the program, for example, not charging the device or leaving home when on home detention. Violations can also be violations of court ordered restrictions, such as initiating contact with a protected person or possession of a weapon.

The monitoring and supervision of clients occurs in real time, 24-hours a day, seven days a week.

Deputy sheriffs respond to violations based upon the seriousness of the violation, and the response is different based on the mechanism of release. In a case where there is a known risk to public safety, and for sentenced individuals, the SFSD may return a person to secure detention without judicial review. For pre-sentenced individuals released by the court deputy sheriffs must author an affidavit and present that information to a judicial officer for review and determination for the issuance of a warrant of arrest. The level and speed of responses to violations is limited by time, distance, resources and legal authority.

- 4) This department does not impose terms of probation. The imposition of sentencing is the determination of the San Francisco Superior Court.

Katherine Johnson #3

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated August 6, 2019 and received on August 6, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response within the ten-day period for response set out in Government Code section 6253(c). All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

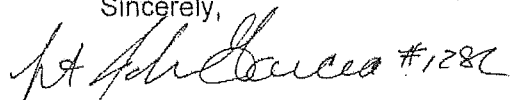

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 2 weeks to complete your request. You should expect receipt of your request no later than August 23, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Sincerely,

I am writing you in response to your records request dated May 23, 2019. Our response is contained as follows. Please also review the "Drug Codes" attachment which defines all of the drug charges, including possession, we used to gather these numbers.

As noted before, the following data for drug charges is for any bookings that had at least one of the statues listed in the attached excel file "Drug Codes". This could have been from an on-view booking or a warrant. We cannot confirm if they were in custody for the drug charge solely, only that a booking had a drug charge contained on it. In many cases, the drug charge could have been dispositioned (dropped or dismissed) and the person remained in custody for a more serious offense that could range from burglary, embezzlement or rape.

December 2009-end of 2012:

Total number of bookings: 61,083
Total number of bookings with a drug charge (may be combined with other non-drug charges): 21,336

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

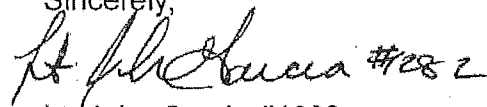

The following may have a booking counted in more than one year, if the incarceration spans over more than one year. A sum of the years should not be taken to identify the totals for the time period. We provided that sum, excluding duplicates in the data above. The following is better because it shows that over time, the number of drug charges compared to the total population has reduced from about 46% in 2009 to 31% in 2012.

Year	Total Bookings	Bookings with Drug Charges
Dec. - 2009	3062	1414
2010	22877	9271
2011	20659	7265
2012	19484	6095

As we have previously advised you, we are unable to determine marijuana only bookings or charges.

I hope this information will satisfy your request. If you have any other requests or questions, please do not hesitate to contact me through our website.

I just now received your request from our administration. I will begin to research your data request immediately and will respond to you by 6/21/19. If I can complete it sooner, I will and if for some reason I need more time, I will notify you promptly as well. Just for clarification, "we need data on arrests and incidents that occurred over the years 2010-2018 and that include addresses and/or latitudes and longitudes for each incident and arrest". I am not sure if we track that sort of data, but I will find out for you. What other "data" are you seeking aside from addresses? Thank you.

I write in response to your Public Records Request. The attached records include the following information:

1. De-Identified records of individuals booked into the San Francisco County Jail for either 186.22(a) and / or 186.22(b) PC from 01-01-13 through 12-31-2018
2. Other criminal charges and the descriptions of each charge
3. Booking date and time
4. Race / Ethnicity / Gender

Lastly, the column labeled IDs replaced the identified data. Any line of data with the same identification number is indicative of the same person but with multiple criminal offenses. For example, ID number 001 is listed six times that represents six different charges which have a corresponding text for the description of the offense.

If you have any questions regarding the data, please let me know. I can be reached at (415) 554-7223.

Respectfully,

To whom it may concern,

I am writing you in response to your records request dated June 03, 2019. Our response is contained as follows:

Please see the attached document titled "SFSD Use of Force Jan 2013-Dec. 2018" for the total number of instances of use of force by the SFSD, broken down by year. We do not track the type of force used nor the number of individuals' force was used on, so we are unable to provide any responsive data for your request.

See the attachment labeled "Complaints vs. Staff UOF Stats" for the number of complaints received and sustained between 2013-2018. The SFSD Policy and Procedure Manual is also attached per your request. The only redaction covered our specific radio channels used by our units. The current union contracts can be found on the City and County of San Francisco Department of Human Resources website located at www.sfdhr.org, under "MOUS and Labor Agreements".

Our current policy and procedure manual is being reviewed for release and will be sent to you separately. You should receive it by July 26, 2019.

I hope this information will satisfy your inquiry. If you have any other requests or questions, please do not hesitate to contact me through our website.

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated June 14, 2019 and received on June 24, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response after the ten-day period for response set out in Government Code section 6253(c) and requesting acceptance of the 14-day extension for this response. All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

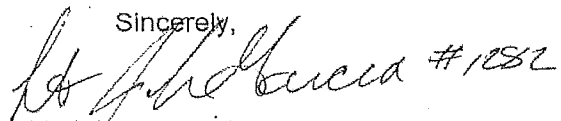

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if we can reply to your request and if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 15 weeks to complete your request due to voluminous nature of your request. You should expect receipt of your request no later than October 25, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Good Morning [REDACTED]

We are in receipt of your PRA request. We may be able to provide a response but require clarification. Your request asks about Penal Code 823.7(b). We have reviewed the Penal Code and there is no 823.7(b), only 823 which covers bail releases paid to the court. Could you clarify what you are seeking? Thank you very much.

This is our written response to your Public Records Request, received by our office on July 17, 2019. After a thorough search and following up with specific personnel who may maintain the information, we have the following documents/data for your specific requests as follows:

1. The total number of non-traffic citations issued or received by our department from June 1, 2017 to June 1, 2019 is provided in the attachment "Cit-Arr-06012017 to 06012019.". We are unable to differentiate between traffic and non-traffic as we do not track them separately.
2. As for the records relating to why warrants issued from non-traffic citations, we do not track; nor do we have, the requested information you seek in our possession. We are unable to determine why a warrant is issued. For that specific information, you would need to ask the S.F. Superior Courts.
3. Please see the attached document "Releases 6-1-17 to 6-1-19" for the records of arrests from citations/warrants from June 1, 2017 to June 1, 2019.
4. Please see the attached document "SFSO Training -Citations" for all relevant training materials, we have for warrants and citations.
5. We cannot provide information regarding programmatic costs for issuing and conducting arrests as this function is carried out in our daily duties and not tracked specifically.
6. Our infraction, warrant and arrest data is gathered through monthly reports. The arrest data is compiled, by hand, and tabulated through an excel spreadsheet.

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately two weeks to complete your request. You should expect receipt of your request no later than August 30, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Good Morning,

I write in response to your records request dated April 10, 2019. My responses are enumerated below.

- 1) Attached you will find the contract for the current provider: Leaders in Community Alternatives, Inc. (LCA).
- 2) Attached you will find the San Francisco Sheriff's Department (SFSD) policies for electronic monitoring. It is important to identify the legal distinction for individuals who are released by the SFSD to electronic monitoring pursuant to California Penal Code § 1203.016 as an alternative to a county jail sentence versus those individuals released on their own recognize (OR) as ordered by a judicial officer, with a condition of electronic monitoring. Please note that for the policy titled, *APD 04-01 Alternative Programs Eligibility*, redactions were made to protect the security procedures associated with high scrutiny electronic monitoring.

While the SFSD has authority over individuals released as an alternative to a jail sentence, we do not have authority for individuals released to OR. In the first example, the department conducts a public safety assessment for every person sentenced to a term of confinement in the county jail. Based on the safety assessment, individuals may be placed in the electronic monitoring program. In the latter, the department follows the instruction of the court. I am attaching a form which provides different levels of monitoring as a condition of OR release.

- 3) The department attempts to prevent violations from occurring by preparing the prospective clients with information regarding the equipment, rules and expectations as well as consequences for violations, during the enrollment process which includes outfitting with the electronic monitoring device.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

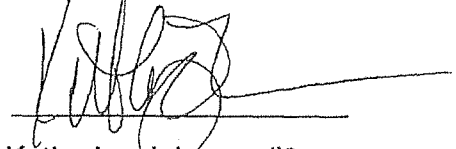

Violations are activities which are against the rules of the program, for example, not charging the device or leaving home when on home detention. Violations can also be violations of court ordered restrictions, such as initiating contact with a protected person or possession of a weapon.

The monitoring and supervision of clients occurs in real time, 24-hours a day, seven days a week.

Deputy sheriffs respond to violations based upon the seriousness of the violation, and the response is different based on the mechanism of release. In a case where there is a known risk to public safety, and for sentenced individuals, the SFSD may return a person to secure detention without judicial review. For pre-sentenced individuals released by the court deputy sheriffs must author an affidavit and present that information to a judicial officer for review and determination for the issuance of a warrant of arrest. The level and speed of responses to violations is limited by time, distance, resources and legal authority.

- 4) This department does not impose terms of probation. The imposition of sentencing is the determination of the San Francisco Superior Court.

I am writing you in response to your records request dated May 23, 2019. Our response is contained as follows. Please also review the "Drug Codes" attachment which defines all of the drug charges, including possession, we used to gather these numbers.

As noted before, the following data for drug charges is for any bookings that had at least one of the statues listed in the attached excel file "Drug Codes". This could have been from an on-view booking or a warrant. We cannot confirm if they were in custody for the drug charge solely, only that a booking had a drug charge contained on it. In many cases, the drug charge could have been dispositioned (dropped or dismissed) and the person remained in custody for a more serious offense that could range from burglary, embezzlement or rape.

December 2009-end of 2012:

Total number of bookings: 61,083

Total number of bookings with a drug charge (may be combined with other non-drug charges): 21,336

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

The following may have a booking counted in more than one year, if the incarceration spans over more than one year. A sum of the years should not be taken to identify the totals for the time period. We provided that sum, excluding duplicates in the data above. The following is better because it shows that over time, the number of drug charges compared to the total population has reduced from about 46% in 2009 to 31% in 2012.

Year	Total Bookings	Bookings with Drug Charges
Dec. - 2009	3062	1414
2010	22877	9271
2011	20659	7265
2012	19484	6095

As we have previously advised you, we are unable to determine marijuana only bookings or charges.

I hope this information will satisfy your request. If you have any other requests or questions, please do not hesitate to contact me through our website.

I just now received your request from our administration. I will begin to research your data request immediately and will respond to you by 6/21/19. If I can complete it sooner, I will and if for some reason I need more time, I will notify you promptly as well. Just for clarification, "we need data on arrests and incidents that occurred over the years 2010-2018 and that include addresses and/or latitudes and longitudes for each incident and arrest". I am not sure if we track that sort of data, but I will find out for you. What other "data" are you seeking aside from addresses? Thank you.

I write in response to your Public Records Request. The attached records include the following information:

1. De-Identified records of individuals booked into the San Francisco County Jail for either 186.22(a) and / or 186.22(b) PC from 01-01-13 through 12-31-2018
2. Other criminal charges and the descriptions of each charge
3. Booking date and time
4. Race / Ethnicity / Gender

Lastly, the column labeled IDs replaced the identified data. Any line of data with the same identification number is indicative of the same person but with multiple criminal offenses. For example, ID number 001 is listed six times that represents six different charges which have a corresponding text for the description of the offense.

If you have any questions regarding the data, please let me know. I can be reached at (415) 554-7223.

Respectfully,

To whom it may concern,

I am writing you in response to your records request dated June 03, 2019. Our response is contained as follows:

Please see the attached document titled "SFSD Use of Force Jan 2013-Dec. 2018" for the total number of instances of use of force by the SFSD, broken down by year. We do not track the type of force used nor the number of individuals' force was used on, so we are unable to provide any responsive data for your request.

See the attachment labeled "Complaints vs. Staff UOF Stats" for the number of complaints received and sustained between 2013-2018. The SFSD Policy and Procedure Manual is also attached per your request. The only redaction covered our specific radio channels used by our units. The current union contracts can be found on the City and County of San Francisco Department of Human Resources website located at www.sfdhr.org, under "MOUS and Labor Agreements".

Our current policy and procedure manual is being reviewed for release and will be sent to you separately. You should receive it by July 26, 2019.

I hope this information will satisfy your inquiry. If you have any other requests or questions, please do not hesitate to contact me through our website.

Sincerely,

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated June 14, 2019 and received on June 24, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response after the ten-day period for response set out in Government Code section 6253(c) and requesting acceptance of the 14-day extension for this response. All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

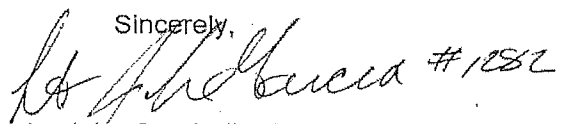

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Intuitions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if we can reply to your request and if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 15 weeks to complete your request due to voluminous nature of your request. You should expect receipt of your request no later than October 25, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Good Morning [REDACTED]

We are in receipt of your PRA request. We may be able to provide a response but require clarification. Your request asks about Penal Code 823.7(b). We have reviewed the Penal Code and there is no 823.7(b), only 823 which covers bail releases paid to the court. Could you clarify what you are seeking? Thank you very much.

This is our written response to your Public Records Request, received by our office on July 17, 2019. After a thorough search and following up with specific personnel who may maintain the information, we have the following documents/data for your specific requests as follows:

1. The total number of non-traffic citations issued or received by our department from June 1, 2017 to June 1, 2019 is provided in the attachment "Cit-Arr-06012017 to 06012019.". We are unable to differentiate between traffic and non-traffic as we do not track them separately.
2. As for the records relating to why warrants issued from non-traffic citations, we do not track; nor do we have, the requested information you seek in our possession. We are unable to determine why a warrant is issued. For that specific information, you would need to ask the S.F. Superior Courts.
3. Please see the attached document "Releases 6-1-17 to 6-1-19" for the records of arrests from citations/warrants from June 1, 2017 to June 1, 2019.
4. Please see the attached document "SFSO Training -Citations" for all relevant training materials, we have for warrants and citations.
5. We cannot provide information regarding programmatic costs for issuing and conducting arrests as this function is carried out in our daily duties and not tracked specifically.
6. Our infraction, warrant and arrest data is gathered through monthly reports. The arrest data is compiled, by hand, and tabulated through an excel spreadsheet.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Intuitions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately two weeks to complete your request. You should expect receipt of your request no later than August 30, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

This is a follow up to a previous request:

FOR FILE 20009:

Respondents appear to have now complied, but in an untimely fashion, which remains a violation of the law and SOTF should of course not dismiss the complaint.

What Respondents do not seem to understand is that violations are not undone when agencies only comply with the law after requesters file complaints, and SOTF routinely finds a violation for untimely or incomplete response by the City (see for example my own SOTF 19091 Anonymous v Office of the Mayor wherein the City eventually complied but was still found in violation for untimeliness).

It is unclear whether Respondents accept their legal responsibility to provide justifications and keys and minimal redaction to all records requests, without filing complaints.

I will again ask Respondents to accept responsibility to comply with SFAC 67.26 and SFAC 67.27 in future requests in a signed response, after which I can dismiss the complaint. If they do so, it is as good for me and the public interest as a formal finding of violation of the law.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Subject: RE: California Public Records Act Request: CPRA/Sunshine Responses - Immediate Disclosure Request (SF Sheriff)

FOR FILE 20009:

SOTF,

This is a clear-cut case of violation which Respondents appear to be admitting in their response. However they appear to argue some sort of inability to comply due to reorganization which should shield them from violations. The people do not lose their Sunshine rights due to the City's reorganizations.

Did SFSD withhold any information without a written justification? Yes, no justifications were given whatsoever. (Therefore, SFSD violated SFAC 67.27).

Did SFSD mask any part of the records without keying by footnote or clear reference to a specific justification? Yes, both requesters' names and contact info. (Therefore, SFSD violated SFAC 67.26).

Did SFSD mask any part of the record that cannot actually be lawfully withheld? Yes, the requesters' names. (Therefore, SFSD violated SFAC 67.26 again).

This case is among the simplest of all that I have brought to your Task Force. Respondents should take their loss and use it as a lesson to learn from.

Respondents have the choice of having the Sheriff as department head sign and publish a consent letter addressed to me and SOTF, acknowledging the violations of 67.26 and 67.27 in this case, accepting responsibility for them, and committing in writing that SFSD will going forward comply with SFAC 67.26 and 67.27 for all requests.

Such a compromise would allow me to withdraw the complaint and is in the public interest, guaranteeing Sunshine for all.

If respondents wish to do so, they may contact me.

Subject: RE: California Public Records Act Request: CPRA/Sunshine Responses - Immediate Disclosure Request (SF Sheriff)

SOTF,

Please file a new complaint:

Complainant: Anonymous (this email address)

Respondents: Sheriff Dept, Sheriff PAUL MIYAMOTO, Lt. J. Quanico #1429

Alleged Sections: SFAC 67.26, 67.27

Complaint:

See attached Jan 11 request and Jan 14 response.

Respondents stated they redacted information, however:

- they did not justify in writing the withholding (67.27)
- they did not key by footnote or clear reference the redactions to justifications (67.26)

Furthermore, we believe this is non-minimal withholding (67.26) - the names of records requestors, if provided, are not secret.

We do not have any obligation to instruct the City in its legal obligations; however, we had nevertheless warned that we would file complaints for:

- withholding more than the minimum exempt portion of any record or withholding an entire record if any portion at all is non-exempt (SF Admin Code 67.26),
- failure to justify with a footnote or "other clear reference" to an exemption statute or case law for each and every redaction or withholding (SF Admin Code 67.26, 67.27)

Please find violations and order disclosure of all redacted info, unless Respondents justify all redactions.

I will ask the SOTF committee to move to combine this case with 19143 (same agency, but different requests). Please schedule this new complaint along with 19143 if possible.

Sincerely,

Anonymous

To Whom It May Concern:

Below is a new, distinct Immediate Disclosure Request (SF Admin Code 67.25(a)). Please keep your responses to this request on this email thread.

Your response is required by Dec. 20, 2019. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to finish them by tomorrow. Exact copies (Gov Code 6253(b)) are requested.

1. All response letters/emails/mailings provided by anyone in your Department in response to any member of the public for a request pursuant to the CPRA or Sunshine Ordinance sent from Nov. 1, 2019 to Dec. 19, 2019 (inclusive). We do not need the responsive records you sent to others, just the response letters. We do not need any particular electronic format - PDFs are fine. We do not need metadata.

Please read carefully the exact wording of my request and follow the Sunshine Ordinance and CPRA precisely. Every violation will be appealed, including but not limited to:

- any untimely or incomplete response (SF Admin Code 67.21, 67.25),
- failure to provide records in a rolling fashion as soon as each is available (SF Admin Code 67.25),
- failing to indicate whether you have responsive records or not for each request below and whether or not you withheld any records for each request below (Gov Code 6253(c))
- withholding more than the minimum exempt portion of any record or withholding an entire record if any portion at all is non-exempt (SF Admin Code 67.26),
- failure to justify with a footnote or "other clear reference" to an exemption statute or case law for each and every redaction or withholding (SF Admin Code 67.26, 67.27)
- redacting or withholding information whose exemption you have already waived by producing it to the public before (Gov Code 6254.5),
- refusing to use email (SF Admin Code 67.21(b))

Please provide only copies not requiring fees - and a required notice of in-person inspection of fee-based records.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. Subject: SOTF - Request for Waiver of 45 day Rule

Dear SOTF Petitioners, Respondents and other Stakeholders:

As you most likely know SOTF operations have been delayed over the last few months due to the Covid-19 emergency. The SOTF have started to conduct remote meetings via videoconference and are working to establish procedures to resume all operations including the processing of complaints.

While the Sunshine Ordinance requires that certain actions be taken within 45 days, the Covid-19 emergency has forced delays and immense new backlogs for complaint hearings. We write today to ask if you are willing to waive the 45 day rule for your complaint.

The SOTF intends to resume hearing complaints on a limited basis and complaints will be queued to be heard in the near future. We continue to work to address technical issues posed by remote meetings. We are aware of the time sensitivity of your records requests. Please be assured that the SOTF appreciates the urgency of your matters and the importance of handling them in a timely manner.

If you have further questions about your files or have other issues, please feel free to email the SOTF Administrator at the email below.

Subject: RE: California Public Records Act Request: CPRA/Sunshine Responses - Immediate Disclosure Request (SF Sheriff)

FOR FILE 20009:

Respondents appear to have now complied, but in an untimely fashion, which remains a violation of the law and SOTF should of course not dismiss the complaint.

What Respondents do not seem to understand is that violations are not undone when agencies only comply with the law after requesters file complaints, and SOTF routinely finds a violation for untimely or incomplete response by the City (see for example my own SOTF 19091 Anonymous v Office of the Mayor wherein the City eventually complied but was still found in violation for untimeliness).

It is unclear whether Respondents accept their legal responsibility to provide justifications and keys and minimal redaction to all records requests, without filing complaints.

I will again ask Respondents to accept responsibility to comply with SFAC 67.26 and SFAC 67.27 in future requests in a signed response, after which I can dismiss the complaint. If they do so, it is as good for me and the public interest as a formal finding of violation of the law.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. Subject: RE: California Public Records Act Request: CPRA/Sunshine Responses - Immediate Disclosure Request (SF Sheriff)
FOR FILE 20009:

SOTF,

This is a clear-cut case of violation which Respondents appear to be admitting in their response. However they appear to argue some sort of inability to comply due to reorganization which should shield them from violations. The people do not lose their Sunshine rights due to the City's reorganizations.

Did SFSD withhold any information without a written justification? Yes, no justifications were given whatsoever. (Therefore, SFSD violated SFAC 67.27).

Did SFSD mask any part of the records without keying by footnote or clear reference to a specific justification? Yes, both requesters' names and contact info. (Therefore, SFSD violated SFAC 67.26).

Did SFSD mask any part of the record that cannot actually be lawfully withheld? Yes, the requesters' names. (Therefore, SFSD violated SFAC 67.26 again).

This case is among the simplest of all that I have brought to your Task Force. Respondents should take their loss and use it as a lesson to learn from.

Respondents have the choice of having the Sheriff as department head sign and publish a consent letter addressed to me and SOTF, acknowledging the violations of 67.26 and 67.27 in this case, accepting responsibility for them, and committing in writing that SFSD will going forward comply with SFAC 67.26 and 67.27 for all requests.

Such a compromise would allow me to withdraw the complaint and is in the public interest, guaranteeing Sunshine for all.

If respondents wish to do so, they may contact me.

Subject: California Public Records Act Request: CPRA/Sunshine Responses - Immediate Disclosure Request (SF Sheriff)
To Whom It May Concern:

Below is a new, distinct Immediate Disclosure Request (SF Admin Code 67.25(a)). Please keep your responses to this request on this email thread.

Your response is required by Dec. 20, 2019. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to finish them by tomorrow. Exact copies (Gov Code 6253(b)) are requested.

1. All response letters/emails/mailings provided by anyone in your Department in response to any member of the public for a request pursuant to the CPRA or Sunshine Ordinance sent from Nov. 1, 2019 to Dec. 19, 2019 (inclusive). We do not need the responsive records you sent to others, just the response letters. We do not need any particular electronic format - PDFs are fine. We do not need metadata.

Please read carefully the exact wording of my request and follow the Sunshine Ordinance and CPRA precisely. Every violation will be appealed, including but not limited to:

- any untimely or incomplete response (SF Admin Code 67.21, 67.25),
- failure to provide records in a rolling fashion as soon as each is available (SF Admin Code 67.25),
- failing to indicate whether you have responsive records or not for each request below and whether or not you withheld any records for each request below (Gov Code 6253(c))
- withholding more than the minimum exempt portion of any record or withholding an entire record if any portion at all is non-exempt (SF Admin Code 67.26),
- failure to justify with a footnote or "other clear reference" to an exemption statute or case law for each and every redaction or withholding (SF Admin Code 67.26, 67.27)
- redacting or withholding information whose exemption you have already waived by producing it to the public before (Gov Code 6254.5),
- refusing to use email (SF Admin Code 67.21(b))

Please provide only copies not requiring fees - and a required notice of in-person inspection of fee-based records.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. You already have scheduled 19143 for April 20. Would Chair Schmidt be willing to also schedule 20009 at the same hearing and also consider a potential combination?

Both 19143 and 20009 are against the Sheriff with similar - but not the same - issues.

Also can I confirm that SOTF 20096 is NOT one of my files? I have never seen that number before so I assume it is a different Anonymous.

PRESENTATION - JUNE 30, 2021

Please combine the below two cases into one hearing.

SOTF 19143

This is an IDR made on Dec 7, 2019 (received Dec 9) for sent/received emails and future and past calendars of the Sheriff. They initially responded untimely on Dec 18, 2019. SFSO listed essentially all of the PRA's exemptions in a blanket fashion, instead of actually reviewing the records and citing specific exemptions that applied to the specific withholding. All issues pre-date COVID orders.

Violations:

- 67.27 citation to written justifications that do not apply to responsive records. This law requires that written justification be provided for withholding; instead, SFSO appears to simply cite all (or nearly all) PRA exemptions regardless of whether they actually apply in the specific records request (as proven in SOTF 20009 below, they were doing the same to everyone, not just my request). This would also violate Gov Code 6253(c) which requires an "explanation" whether or not records are disclosable. Citing exemptions that do not apply (and in one case, literally do not exist - they cited a Gov Code 6256) cannot be such an explanation or written justification.
- 67.25 Untimely IDR. **Admitted** by respondent.
- 67.24(h) unlawful use of deliberative process privilege. **Admitted** by respondent. Response stated "*Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See Times Mirror Co. V. Superior Court (1991) 53 Cal.3d 1325.*"
- 67.24(g AND i) unlawful citation to Gov Code 6255 and impermissible balancing test. Their responses stated "*No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under California Government Code section 6255.*" **Not admitted** by respondent - but it's unclear what the debate is, their citation is prohibited by both (g) and (i). And they claim they changed their practice anyway ("SFSO has revised its initial response letters to requests for records under the CPRA and Sunshine Ordinance to be in compliance with both the CPRA and Sunshine Ordinance and will not automatically cite the public interest balancing test in future responses.").
- 67.24(a) unlawful citation to CPRA draft exemption. **Not admitted** by respondent. Sunshine Ordinance prohibits use of the CPRA draft exemption except for a certain portion of drafts. SFSO incorrectly claims *all* drafts are exempt (which is a CPRA rule, not a Sunshine rule). They claimed "**No preliminary drafts or memorandum** not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a)."

After realizing SFPD's unlawful citations, I wanted to find out if they were doing the same to others....

SOTF 20009

This was an IDR for a few months of responses to other requesters' requests to test whether SFSO was violating the above laws consistently (yes, they were). The timeliness of the request is not relevant. By this time, they had stopped providing a "blanket" exemption letter as they did in 19143, and SFSO instead switched to providing no written justifications for withholding or redaction keys at all.

Violations:

- 67.26 - No redaction keys were provided. **Not admitted**, but they claim they have changed procedures.
- 67.27 - No written justification for withholding. **Not admitted**, but they claim they have changed procedures
- 67.26 - Withholding of names of records requesters. **Admitted** that this info is not exempt and should be provided.

To Whom It May Concern,

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated 12/07/2019 and received on 12/09/2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response within the ten-day period for response set out in Government Code section 6253(c). All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Intuitions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 7 weeks due to the holidays and the complexity of the request to complete this transaction. You should expect receipt of your request no later than 01/31/2020.

Please contact me if you have any questions. As always, the County reserves all rights.

Sincerely,

Retired Deputy James Wilson 1093

Re: Sunshine Ordinance Task Force Complaint No. 20009

Dear Ms. Leger:

We are responding to your request for a response to a complaint lodged by Anonymous against the Sheriff's office for violating Administrative Code (Sunshine Ordinance) 67.26 and 67.27 by failing to justify withholding/keep withholding to a minimum, and for not keying by footnote reference to an exemption statute or case law.

Violation of Administrative Code 67.27

The Sheriff's office is named in this complaint alleging that the Sheriff's office did not justify in writing the withholding of redacted information.

On Saturday, January 11, 2020, Anonymous sent an immediate disclosure request to the Sheriff's office, requesting all response letters/emails/mailings provided by the Sheriff's office to any member of the public for a request pursuant to the CPRA or Sunshine Ordinance sent from November 1, 2019 to December 19, 2019.

On January 14, 2020, the Sheriff's office responded by email to Anonymous. This email response attached the initial response letters requested by Anonymous, which redacted the requestor's name and contact information. The requestor's name and contact information were redacted to protect the privacy of the requestor (Gov. Code section 6254 (c) and California Constitution Article I). The response letters attached were as follows: 006, 012, 015, 025, 028, 032, 035, 037, 038, 045, 047, 048, 049, 051, 054, 057, 058, 059, 060, 061, 064, 065, 066, 068, 069, 071, 075, 077, 078, 079, 080, 081, 082, 083, 084, 085, 086, 087, 091, 092, 093, 094, 097, 098, and 099.

The Sheriff's office performed a thorough search and contacted the staff members who handled responding to CPRA and Sunshine requests for the time period of November 1, 2019 to December 19, 2019.

No documents were excluded in the January 14, 2020 production to Anonymous, and only requestor's name and contact information were redacted to protect the privacy of the requestor (Gov. Code section 6254 (c) and California Constitution Article I).

The Sheriff's office Central Records Unit (CRU) was recently assigned the duty as the Sheriff's office custodian and respondent to the department's public records requests. The CRU is currently being organized to process and respond to public records requests in an efficient and consistent manner. Staff is currently being trained in relevant laws and in the public records request process, including the specific requirements of the Sunshine Ordinance. The CRU will comply with S.F. Administrative Code section 67.27 in the future, and will reference the appropriate justification for withholding any information.

Anonymous was provided all relevant and responsive records pursuant to their public records request on January 14, 2020 (Attachments 1 and 2). The Sheriff's office is willing to provide a revised production to Anonymous, which will show the requestor's name and reference the justification for redacting the requestor's contact information.

Violation of Administrative Code 67.26

Anonymous alleges that the Sheriff's office did not key by footnote or clear reference the redactions to justifications.

The CRU was recently assigned the duty as the Sheriff's office custodian and respondent to the department's public records requests. The CRU is currently being organized to process and respond to public records requests in an efficient and consistent manner. Staff is currently being trained in relevant laws and in the public records request process, including the specific requirements of the Sunshine Ordinance. The CRU will comply with S.F. Administrative Code section 67.26 in the future, and will either footnote or clearly reference the appropriate justification for withholding.

Anonymous was provided all relevant and responsive records pursuant to their public records request on January 14, 2020 (Attachments 1 and 2). The Sheriff's office is willing to provide a revised production to Anonymous, which will show the requestor's name and reference the justification for redacting the requestor's contact information.

Conclusion

The Sheriff's office provided Anonymous with all relevant and responsive records pursuant to Anonymous' public records request on January 14, 2020. The Sheriff's office is willing to provide a revised production to Anonymous, which will show the requestor's name and reference the justification for redacting the requestor's contact information, Gov. Code section 6254(c) and California Constitution Article I. For these reasons, we respectfully request that the complaint be dismissed.

Please contact me if you have any questions or if there is any further information you may require.

Good Morning,

I write in response to your records request dated April 10, 2019. My responses are enumerated below.

- 1) Attached you will find the contract for the current provider: Leaders in Community Alternatives, Inc. (LCA).
- 2) Attached you will find the San Francisco Sheriff's Department (SFSD) policies for electronic monitoring. It is important to identify the legal distinction for individuals who are released by the SFSD to electronic monitoring pursuant to California Penal Code § 1203.016 as an alternative to a county jail sentence versus those individuals released on their own recognize (OR) as ordered by a judicial officer, with a condition of electronic monitoring. Please note that for the policy titled, *APD 04-01 Alternative Programs Eligibility*, redactions were made to protect the security procedures associated with high scrutiny electronic monitoring.

While the SFSD has authority over individuals released as an alternative to a jail sentence, we do not have authority for individuals released to OR. In the first example, the department conducts a public safety assessment for every person sentenced to a term of confinement in the county jail. Based on the safety assessment, individuals may be placed in the electronic monitoring program. In the latter, the department follows the instruction of the court. I am attaching a form which provides different levels of monitoring as a condition of OR release.

- 3) The department attempts to prevent violations from occurring by preparing the prospective clients with information regarding the equipment, rules and expectations as well as consequences for violations, during the enrollment process which includes outfitting with the electronic monitoring device.

Phone: 415 554-7225. Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

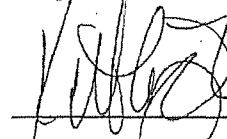

Violations are activities which are against the rules of the program, for example, not charging the device or leaving home when on home detention. Violations can also be violations of court ordered restrictions, such as initiating contact with a protected person or possession of a weapon.

The monitoring and supervision of clients occurs in real time, 24-hours a day, seven days a week.

Deputy sheriffs respond to violations based upon the seriousness of the violation, and the response is different based on the mechanism of release. In a case where there is a known risk to public safety, and for sentenced individuals, the SFSD may return a person to secure detention without judicial review. For pre-sentenced individuals released by the court deputy sheriffs must author an affidavit and present that information to a judicial officer for review and determination for the issuance of a warrant of arrest. The level and speed of responses to violations is limited by time, distance, resources and legal authority.

- 4) This department does not impose terms of probation. The imposition of sentencing is the determination of the San Francisco Superior Court.

Regards,

Katherine Johnson #3
Assistant Sheriff

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated August 6, 2019 and received on August 6, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response within the ten-day period for response set out in Government Code section 6253(c). All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

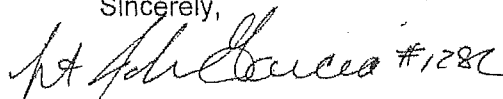

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 2 weeks to complete your request. You should expect receipt of your request no later than August 23, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Sincerely,

Lt. John Garcia #1282

Ref.: PSU-2019-003

I am writing you in response to your records request dated May 23, 2019. Our response is contained as follows. Please also review the "Drug Codes" attachment which defines all of the drug charges, including possession, we used to gather these numbers.

As noted before, the following data for drug charges is for any bookings that had at least one of the statues listed in the attached excel file "Drug Codes". This could have been from an on-view booking or a warrant. We cannot confirm if they were in custody for the drug charge solely, only that a booking had a drug charge contained on it. In many cases, the drug charge could have been dispositioned (dropped or dismissed) and the person remained in custody for a more serious offense that could range from burglary, embezzlement or rape.

December 2009-end of 2012:

Total number of bookings: 61,083

Total number of bookings with a drug charge (may be combined with other non-drug charges): 21,336

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

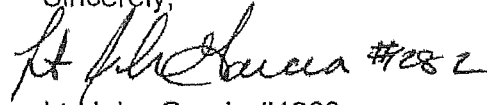

The following may have a booking counted in more than one year, if the incarceration spans over more than one year. A sum of the years should not be taken to identify the totals for the time period. We provided that sum, excluding duplicates in the data above. The following is better because it shows that over time, the number of drug charges compared to the total population has reduced from about 46% in 2009 to 31% in 2012.

Year	Total Bookings	Bookings with Drug Charges
Dec. - 2009	3062	1414
2010	22877	9271
2011	20659	7265
2012	19484	6095

As we have previously advised you, we are unable to determine marijuana only bookings or charges.

I hope this information will satisfy your request. If you have any other requests or questions, please do not hesitate to contact me through our website.

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated June 14, 2019 and received on June 24, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response after the ten-day period for response set out in Government Code section 6253(c) and requesting acceptance of the 14-day extension for this response. All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

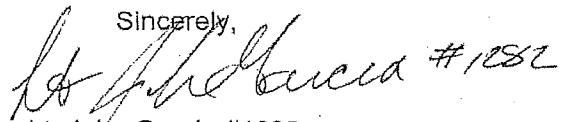

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if we can reply to your request and if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 15 weeks to complete your request due to voluminous nature of your request. You should expect receipt of your request no later than October 25, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Sincerely,

Good Morning [REDACTED]

We are in receipt of your PRA request. We may be able to provide a response but require clarification. Your request asks about Penal Code 823.7(b). We have reviewed the Penal Code and there is no 823.7(b), only 823 which covers bail releases paid to the court. Could you clarify what you are seeking? Thank you very much.

Date July 25, 2019
PSU 2019-015

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated July 13, 2019 and received on July 13, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response within the additional 14-day period from date of receipt set out in Government Code section 6253(c). We apologize for not responding sooner. Your request was just now sent to my office from administration. All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

Website: sfsheriff.com Email: sheriff@sfgov.org

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

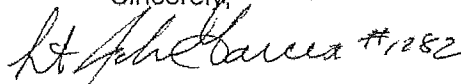

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Intuitions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 1 week to complete your request. You should expect receipt of your request no later than August 2, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Sincerely,

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 3 weeks to complete your request. You should expect receipt of your request no later than October 18, 2019.

We received your PRA request on October 3, 2019. After reviewing your request, it should be directed to the San Francisco Department of Public Health. The sheriff's office has no direct part in the type or placement of syringe collection bins in San Francisco. DPH would be the agency in charge of their placements. I would send your request to that department.

Sincerely,

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated 10/13/19 and received on 10/15/19 that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response within the ten-day period for response set out in Government Code section 6253(c). All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

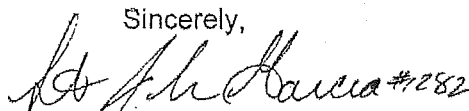

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. Re: Sunshine Ordinance Task Force Complaint No. 20009

Dear Clerk:

This letter supplements the Sheriff's office letter to the Sunshine Ordinance Task Force dated February 11, 2020. In our letter of February 11, 2020, the Sheriff's office offered to provide a revised production to Anonymous, showing the requestor's name and reference the justifications for redacting the requestor's contact information.

Anonymous requested all response letters/emails/mailings provided by the Sheriff's office to any member of the public for a request pursuant to the CPRA or Sunshine Ordinance sent from November 1, 2019 to December 19, 2019. We hereby are attaching the Sheriff's office revised production of the records sought by Anonymous on January 11, 2020. The attached revised production shows each requestor's name, and each redaction has a corresponding legal citation justifying each redaction. Each redaction was based on the privacy of the requestor's personal address information, or in some instances, a Sheriff's office employee's cellular phone number (Gov. Code section 6254 (c) and California Constitution Article I). One letter redacted criminal record offender information, which is exempt from disclosure (Gov. Code section 6276.12 and Penal code section 11075-117076).

No documents were excluded in the January 14, 2020 production to Anonymous, and no documents are excluded in today's revised production to Anonymous. For these reasons, we respectfully request that the complaint be dismissed.

Please contact me if you have any questions or if there is any further information you may require.

Sincerely,

Gov. Code section 6254 (c) and California Constitution Article I.*

Good Morning,

I write in response to your records request dated April 10, 2019. My responses are enumerated below.

- 1) Attached you will find the contract for the current provider: Leaders in Community Alternatives, Inc. (LCA).
- 2) Attached you will find the San Francisco Sheriff's Department (SFSD) policies for electronic monitoring. It is important to identify the legal distinction for individuals who are released by the SFSD to electronic monitoring pursuant to California Penal Code § 1203.016 as an alternative to a county jail sentence versus those individuals released on their own recognize (OR) as ordered by a judicial officer, with a condition of electronic monitoring. Please note that for the policy titled, *APD 04-01 Alternative Programs Eligibility*, redactions were made to protect the security procedures associated with high scrutiny electronic monitoring.

While the SFSD has authority over individuals released as an alternative to a jail sentence, we do not have authority for individuals released to OR. In the first example, the department conducts a public safety assessment for every person sentenced to a term of confinement in the county jail. Based on the safety assessment, individuals may be placed in the electronic monitoring program. In the latter, the department follows the instruction of the court. I am attaching a form which provides different levels of monitoring as a condition of OR release.

- 3) The department attempts to prevent violations from occurring by preparing the prospective clients with information regarding the equipment, rules and expectations as well as consequences for violations, during the enrollment process which includes outfitting with the electronic monitoring device.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

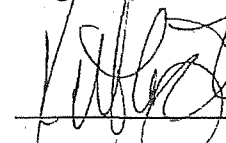

Violations are activities which are against the rules of the program, for example, not charging the device or leaving home when on home detention. Violations can also be violations of court ordered restrictions, such as initiating contact with a protected person or possession of a weapon.

The monitoring and supervision of clients occurs in real time, 24-hours a day, seven days a week.

Deputy sheriffs respond to violations based upon the seriousness of the violation, and the response is different based on the mechanism of release. In a case where there is a known risk to public safety, and for sentenced individuals, the SFSD may return a person to secure detention without judicial review. For pre-sentenced individuals released by the court deputy sheriffs must author an affidavit and present that information to a judicial officer for review and determination for the issuance of a warrant of arrest. The level and speed of responses to violations is limited by time, distance, resources and legal authority.

- 4) This department does not impose terms of probation. The imposition of sentencing is the determination of the San Francisco Superior Court.

Katherine Johnson #3

Ms. Mabbutt,

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated August 6, 2019 and received on August 6, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response within the ten-day period for response set out in Government Code section 6253(c). All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes: documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. v. Superior Court* (1991) 53 Cal.3d 1325.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

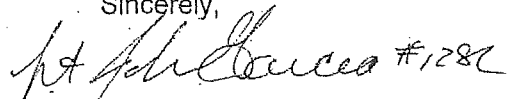

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 2 weeks to complete your request. You should expect receipt of your request no later than August 23, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Re: Public Records Act Request

Dear Sir/Madam:

Pursuant to my rights under the California Public Records Act (Government Code Section 6250 et seq.), I am requesting the following information about individuals that are arrested and booked into jail.

Please note, I am interested in the subset of individuals that have been booked in jail but have not been to trial and not "unsentenced" individuals more generally. Therefore, for all of the items requested below I am only interested in information related to individuals that are booked into jail and then released or detained pre-trial. I am not interested in those individuals that are cited and released by law enforcement in the field. Additionally, please do not include individuals that are in the phase after disposition/trial but are still awaiting sentencing.

Pretrial Processing and Release

1. Number of individuals booked into jail that are cited and released prior to arraignment.
2. Number of individuals booked into jail that are granted an unsentenced capacity release because the jail exceeds its mandated population threshold.
3. Number of individuals booked into jail that are released on their own recognizance by the court.
4. Number of individuals booked into jail that are released by the court but have conditions imposed on their release.
 - Please include a breakdown of the types of conditions and how many individuals have each type of condition imposed.
5. Number of individuals booked into jail that are released on bail.
 - Please include a breakdown of how many of these individuals pay cash bail directly to the court versus the number of individuals that secure a bail bond.

6. Number of individuals booked into jail that are eligible for bail, but detained pre-trial because they do not pay bail or secure a bail bond.
 - Please include a breakdown of offense type for individuals booked into jail that are eligible for bail, but detained pre-trial because of an inability to pay bail or secure a bail bond.
7. Number of individuals booked into jail that are not eligible for pre-trial release.
 - Please include a breakdown of the reason individuals booked into jail are not eligible for pre-trial release, i.e. probation hold, nature of charge/offense, out-of-county warrant.
8. Number of individuals booked into jail that are detained pre-trial for some other reason, not including those that have an inability to pay bail or are ineligible for pre-trial release.
 - Please include a breakdown of the reasons and the number of individuals detained pre-trial for each reason.

Failure to Appear

9. Number of individuals that are booked into jail and released pretrial that fail to appear. Do not include individuals that are cited and released in the field and never booked into jail.
10. Please include a breakdown of the individuals that fail to appear in accordance with each type of release listed above and summarized below.
 - Cited and released after being booked into jail.
 - Granted an unsentenced capacity release.
 - Released on their own recognizance by the court.
 - Released with conditions by the court.
 - Released on bail.

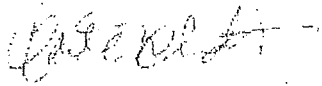

This request reasonably describes identifiable records that are not exempt from disclosure. Therefore, I ask that you please make these documents promptly available in compliance with Government Code Section 6253. I am specifically requesting that if you choose to exempt some or all of the records noted above, that you provide the required statutory notification of that determination not later than 10 days from your receipt of this request.

Please send me these documents in electronic format rather than hard copy, where available.

If you have any questions or if I can provide any clarification that will help expedite this request, please contact me at claire@mbpublicaffairs.com or (916) 476-6647 [ext. 3].

Thank you for your attention to this matter.

Lastly, the column labeled IDs replaced the identified data. Any line of data with the same identification number is indicative of the same person but with multiple criminal offenses. For example, ID number 001 is listed six times that represents six different charges which have a corresponding text for the description of the offense.

If you have any questions regarding the data, please let me know. I can be reached at (415) 554-7223.

To whom it may concern,

I am writing you in response to your records request dated June 03, 2019. Our response is contained as follows:

Please see the attached document titled "SFSD Use of Force Jan 2013-Dec. 2018" for the total number of instances of use of force by the SFSD, broken down by year. We do not track the type of force used nor the number of individuals' force was used on, so we are unable to provide any responsive data for your request.

See the attachment labeled "Complaints vs. Staff UOF Stats" for the number of complaints received and sustained between 2013-2018. The SFSD Policy and Procedure Manual is also attached per your request. The only redaction covered our specific radio channels used by our units. The current union contracts can be found on the City and County of San Francisco Department of Human Resources website located at www.sfdhr.org, under "MOUS and Labor Agreements".

Our current policy and procedure manual is being reviewed for release and will be sent to you separately. You should receive it by July 26, 2019.

I hope this information will satisfy your inquiry. If you have any other requests or questions, please do not hesitate to contact me through our website.

Sincerely,

Mr. Matt Gonzalez
Chief Attorney
San Francisco Public Defender's Office
555 Seventh Street
San Francisco, CA 94103

Mr. Gonzalez,

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated June 14, 2019 and received on June 24, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response after the ten-day period for response set out in Government Code section 6253(c) and requesting acceptance of the 14-day extension for this response. All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

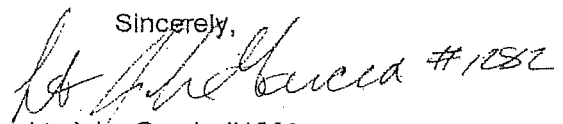

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if we can reply to your request and if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 15 weeks to complete your request due to voluminous nature of your request. You should expect receipt of your request no later than October 25, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Sincerely,

Good Morning Mr. Lam,

We are in receipt of your PRA request. We may be able to provide a response but require clarification. Your request asks about Penal Code 823.7(b). We have reviewed the Penal Code and there is no 823.7(b), only 823 which covers bail releases paid to the court. Could you clarify what you are seeking? Thank you very much.

Ms. Rodarmel,

This is our written response to your Public Records Request, received by our office on July 17, 2019. After a thorough search and following up with specific personnel who may maintain the information, we have the following documents/data for your specific requests as follows:

1. The total number of non-traffic citations issued or received by our department from June 1, 2017 to June 1, 2019 is provided in the attachment "Cit-Arr-06012017 to 06012019." We are unable to differentiate between traffic and non-traffic as we do not track them separately.
2. As for the records relating to why warrants issued from non-traffic citations, we do not track; nor do we have the requested information you seek in our possession. We are unable to determine why a warrant is issued. For that specific information, you would need to ask the S.F. Superior Courts.
3. Please see the attached document "Releases 6-1-17 to 6-1-19" for the records of arrests from citations/warrants from June 1, 2017 to June 1, 2019.
4. Please see the attached document "SFSO Training -Citations" for all relevant training materials, we have for warrants and citations.
5. We cannot provide information regarding programmatic costs for issuing and conducting arrests as this function is carried out in our daily duties and not tracked specifically.
6. Our infraction, warrant and arrest data is gathered through monthly reports. The arrest data is compiled, by hand, and tabulated through an excel spreadsheet.

Ms. Kim,

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated August 9, 2019 and received on the same day, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response within the ten-day period for response set out in Government Code section 6253(c). All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

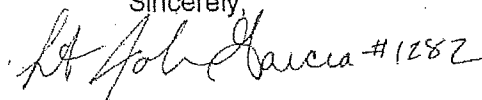

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately two weeks to complete your request. You should expect receipt of your request no later than August 30, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Subject: IMMEDIATE DISCLOSURE REQUEST FOR HOURLY RATE EARNED BY SWAP PARTICIPANTS AND LCA EM INVOICES FOR JULY 2018-JULY 2019

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mr. Nicco,

I am making the following IMMEDIATE DISCLOSURE REQUEST under the California Public Records Act and the San Francisco Sunshine Ordinance:

1. I would like to know the hourly rate earned by SF SWAP participants for 2014 - 2019.
2. I would like to receive a full and complete electronic copy of all monthly EM invoices submitted by LCA to the Sheriff for July 2018 - July 2019.
3. I would like written confirmation as to whether the SF Sheriff administers the work furlough program or is it administered via a contract with a private entity.
4. The location of the SF Sheriff's Work Furlough confinement facility as designated by the Board of Supervisors under the Cobey Work Furlough Law.

I have reviewed the County's Administrative Code and have been unable to locate the Work Furlough Confinement Facility designation required under the California Penal Code.

I consider these requests urgent and would appreciate a timely response by the Department.

Regards,

Anmarie

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

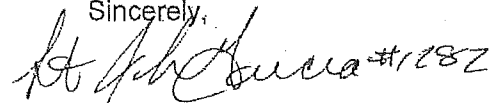

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 3 weeks to complete your request. You should expect receipt of your request no later than November 8, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Ms. Riley,

The San Francisco Sheriff's Office is in receipt of your electronic mail message dated October 25, 2019 requesting public records under the California Public Records Act (the "Requests"). We note that the Requests are limited only to records maintained in the normal course of business by the County and records that are in the County's custody and control.

Please note that we will not produce records that are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. v. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under California Government Code section 6255.

Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. The disclosure would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f). In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, and 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, upon a review of your Requests, the San Francisco Sheriff's Office responds as follows:

In accordance with the California Government Code, Section 6254(f), records of investigations conducted by, or investigative files compiled by, any local police agency for law enforcement purposes are exempt from disclosure. To the extent that records were located, they are either investigative records themselves or properly part of an investigative file as well as the Criminal Offender Record Information (CORI) restrictions under California Penal Code 11142. Therefore, we are denying your request.

Re: Sunshine Ordinance Task Force Complaint No. 20009

Dear Sunshine Ordinance Task Force:

We are responding to your request for a response to a complaint lodged by Anonymous against the Sheriff's office for violating Administrative Code (Sunshine Ordinance) 67.26 and 67.27 by failing to justify withholding/keep withholding to a minimum, and for not keying by footnote reference to an exemption statute or case law.

Violation of Administrative Code 67.27

The Sheriff's Office is named in this complaint alleging that the Sheriff's office did not justify in writing the withholding of redacted information.

On Saturday, January 11, 2020, Anonymous sent an immediate disclosure request to the Sheriff's Office, requesting all response letters/emails/mailings provided by the Sheriff's Office to any member of the public for a request pursuant to the CPRA or Sunshine Ordinance sent from November 1, 2019 to December 19, 2019.

On January 14, 2020, the Sheriff's Office responded by email to Anonymous. This email response attached the initial response letters requested by Anonymous, which redacted the requestor's name and contact information. The requestor's name and contact information were redacted to protect the privacy of the requestor (Gov. Code section 6254 (c) and California Constitution Article I). The response letters attached were as follows: 006, 012, 015, 025, 028, 032, 035, 037, 038, 045, 047, 048, 049, 051, 054, 057, 058, 059, 060, 061, 064, 065, 066, 068, 069, 071, 075, 077, 078, 079, 080, 081, 082, 083, 084, 085, 086, 087, 091, 092, 093, 094, 097, 098, and 099.

The Sheriff's Office performed a thorough search and contacted the staff members who handled responding to CPRA and Sunshine requests for the time period of November 1, 2019 to December 19, 2019.

No documents were excluded in the January 14, 2020 production to Anonymous, and only requestor's name and contact information were redacted to protect the privacy of the requestor (Gov. Code section 6254 (c) and California Constitution Article I).

In mid-December, 2020, the Sheriff's Office Central Records and Warrants Unit (CRWU) was newly assigned the duty as the Sheriff's Office custodian and respondent to the department's public records requests. The CRWU was being organized to process and respond to public records requests in an efficient and consistent manner when Anonymous' public records request was received. Staff was being trained in relevant laws and in the public records request process, including the specific requirements of the Sunshine Ordinance. The CRWU is complying with S.F. Administrative Code section 67.27, and is referencing the appropriate justification for withholding any information.

Anonymous was provided all relevant and responsive records pursuant to their public records request on January 14, 2020 (Attachments 1 and 2), along with a revised records production on February 20, 2020. The revised production showed each requestor's name, and each redaction has a corresponding legal citation justifying each redaction.

Violation of Administrative Code 67.26

Anonymous alleges that the Sheriff's Office did not key by footnote or clear reference the redactions to justifications.

In mid-December, 2020, the Sheriff's Office Central Records and Warrants Unit (CRWU) was newly assigned the duty as the Sheriff's Office custodian and respondent to the department's public records requests. The CRWU was being organized to process and respond to public records requests in an efficient and consistent manner when Anonymous' public records request was received. Staff was being trained in relevant laws and in the public records request process, including the specific requirements of the Sunshine Ordinance. The CRWU is complying with S.F. Administrative Code section 67.27, and is referencing the appropriate justification for withholding any information.

Anonymous was provided all relevant and responsive records pursuant to their public records request on January 14, 2020 (Attachments 1 and 2), along with a revised records production on February 20, 2020. The revised production showed each requestor's name, and each redaction has a corresponding legal citation justifying each redaction.

Conclusion

The Sheriff's Office provided Anonymous with all relevant and responsive records pursuant to Anonymous' public records request on January 14, 2020 and on February 11, 2020, the Sheriff's Office offered to provide a revised production to Anonymous, which would show the requestor's name and reference the justification for redacting the requestor's contact information, Gov. Code section 6254(c) and California Constitution Article I. No response was received from Anonymous regarding whether they wanted a revised production. Therefore, on

Sunshine Ordinance Task Force
June 30, 2021
Page 3 of 3

February 20, 2020, the Sheriff's Office provided a revised production the records Anonymous requested in their January 11, 2020 request. The revised production showed each requestor's name, and each redaction has a corresponding legal citation justifying each redaction. Each redaction was based on the privacy of the requestor's personal address information, or in some instances, a Sheriff's office employee's cellular phone number (Gov. Code section 6254 (c) and California Constitution Article I). One letter redacted criminal record offender information, which is exempt from disclosure (Gov. Code section 6276.12 and Penal code section 11075-117076).

For the reasons stated above, we respectfully request that the complaint be dismissed.

Please contact me if you have any questions or if there is any further information you may require.

Sincerely,

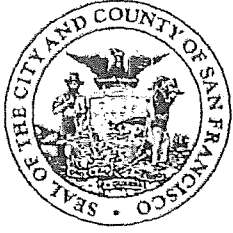

/s/ Alison Lambert

Good Morning,

I write in response to your records request dated April 10, 2019. My responses are enumerated below.

- 1) Attached you will find the contract for the current provider: Leaders in Community Alternatives, Inc. (LCA).
- 2) Attached you will find the San Francisco Sheriff's Department (SFSD) policies for electronic monitoring. It is important to identify the legal distinction for individuals who are released by the SFSD to electronic monitoring pursuant to California Penal Code § 1203.016 as an alternative to a county jail sentence versus those individuals released on their own recognize (OR) as ordered by a judicial officer, with a condition of electronic monitoring. Please note that for the policy titled, *APD 04-01 Alternative Programs Eligibility*, redactions were made to protect the security procedures associated with high scrutiny electronic monitoring.

While the SFSD has authority over individuals released as an alternative to a jail sentence, we do not have authority for individuals released to OR. In the first example, the department conducts a public safety assessment for every person sentenced to a term of confinement in the county jail. Based on the safety assessment, individuals may be placed in the electronic monitoring program. In the latter, the department follows the instruction of the court. I am attaching a form which provides different levels of monitoring as a condition of OR release.

- 3) The department attempts to prevent violations from occurring by preparing the prospective clients with information regarding the equipment, rules and expectations as well as consequences for violations, during the enrollment process which includes outfitting with the electronic monitoring device.

Phone: 415 554-7225 Fax: 415 554-7050
Website: sfsheriff.com Email: sheriff@sfgov.org

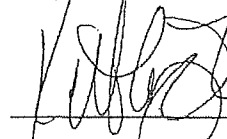

Violations are activities which are against the rules of the program, for example, not charging the device or leaving home when on home detention. Violations can also be violations of court ordered restrictions, such as initiating contact with a protected person or possession of a weapon.

The monitoring and supervision of clients occurs in real time, 24-hours a day, seven days a week.

Deputy sheriffs respond to violations based upon the seriousness of the violation, and the response is different based on the mechanism of release. In a case where there is a known risk to public safety, and for sentenced individuals, the SFSD may return a person to secure detention without judicial review. For pre-sentenced individuals released by the court deputy sheriffs must author an affidavit and present that information to a judicial officer for review and determination for the issuance of a warrant of arrest. The level and speed of responses to violations is limited by time, distance, resources and legal authority.

- 4) This department does not impose terms of probation. The imposition of sentencing is the determination of the San Francisco Superior Court.

Katherine Johnson #3

Ms. Mabbutt,

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated August 6, 2019 and received on August 6, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response within the ten-day period for response set out in Government Code section 6253(c). All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

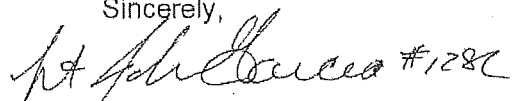

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Intuitions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 2 weeks to complete your request. You should expect receipt of your request no later than August 23, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Mr. Matt Gonzalez
Chief Attorney
San Francisco Public Defender's Office

San Francisco, CA 94103

Mr. Gonzalez,

Pursuant to California Government Code section 6253(c), we are writing in response to your request dated June 14, 2019 and received on June 24, 2019, that you sent to the San Francisco Sheriff's Office under the California Public Records Act. We are submitting this response after the ten-day period for response set out in Government Code section 6253(c) and requesting acceptance of the 14-day extension for this response. All requests are limited only to records maintained in the normal course of business and that are in the San Francisco Sheriff's Office custody and control.

Please note we will not produce records which are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. V. Superior Court* (1991) 53 Cal.3d 1325.

Website: sfsheriff.com Email: sheriff@sfgov.org

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under

California Government Code section 6255. Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

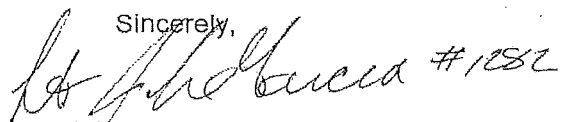

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, the Sheriff's Office is in the process of determining if we can reply to your request and if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 15 weeks to complete your request due to voluminous nature of your request. You should expect receipt of your request no later than October 25, 2019.

Please contact me if you have any questions. As always, the County reserves all rights.

Sincerely,

Good Morning Mr. Lam,

We are in receipt of your PRA request. We may be able to provide a response but require clarification. Your request asks about Penal Code 823.7(b). We have reviewed the Penal Code and there is no 823.7(b), only 823 which covers bail releases paid to the court. Could you clarify what you are seeking? Thank you very much.

Ms. Rodarmel,

This is our written response to your Public Records Request, received by our office on July 17, 2019. After a thorough search and following up with specific personnel who may maintain the information, we have the following documents/data for your specific requests as follows:

1. The total number of non-traffic citations issued or received by our department from June 1, 2017 to June 1, 2019 is provided in the attachment "Cit-Arr-06012017 to 06012019.". We are unable to differentiate between traffic and non-traffic as we do not track them separately.
2. As for the records relating to why warrants issued from non-traffic citations, we do not track; nor do we have, the requested information you seek in our possession. We are unable to determine why a warrant is issued. For that specific information, you would need to ask the S.F. Superior Courts.
3. Please see the attached document "Releases 6-1-17 to 6-1-19" for the records of arrests from citations/warrants from June 1, 2017 to June 1, 2019.
4. Please see the attached document "SFSO Training -Citations" for all relevant training materials, we have for warrants and citations.
5. We cannot provide information regarding programmatic costs for issuing and conducting arrests as this function is carried out in our daily duties and not tracked specifically.
6. Our infraction, warrant and arrest data is gathered through monthly reports. The arrest data is compiled, by hand, and tabulated through an excel spreadsheet.

If you have any other requests, please contact us. Thank you.

Disclosure of these types of documents would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Intuitions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. Subject: IMMEDIATE DISCLOSURE REQUEST FOR HOURLY RATE EARNED BY SWAP PARTICIPANTS AND LCA EM INVOICES FOR JULY 2018-JULY 2019

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear Mr. Nicco,

I am making the following IMMEDIATE DISCLOSURE REQUEST under the California Public Records Act and the San Francisco Sunshine Ordinance:

1. I would like to know the hourly rate earned by SF SWAP participants for 2014 - 2019.
2. I would like to receive a full and complete electronic copy of all monthly EM invoices submitted by LCA to the Sheriff for July 2018 - July 2019.
3. I would like written confirmation as to whether the SF Sheriff administers the work furlough program or is it administered via a contract with a private entity.
4. The location of the SF Sheriff's Work Furlough confinement facility as designated by the Board of Supervisors under the Cobey Work Furlough Law.

I have reviewed the County's Administrative Code and have been unable to locate the Work Furlough Confinement Facility designation required under the California Penal Code.

I consider these requests urgent and would appreciate a timely response by the Department.

Regards,

Anmarie

If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f).

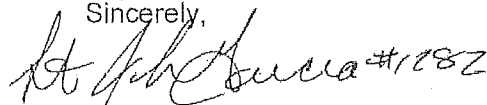

In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Intuitions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

At this time, the Sheriff's Office is in the process of determining if any records are responsive, non-exempt documents in regards to your request. After a review, we will have a cost estimate for you (if any), and upon receipt of payment from you (if required), we will produce further non-exempt records. If deemed necessary, we may have to produce records on a rolling basis, and the County reserves the right to do so. At this time, we anticipate it will take approximately 5 days to complete your request. You should expect receipt of your request no later than October 22, 2019.

Ms. Riley,

The San Francisco Sheriff's Office is in receipt of your electronic mail message dated October 25, 2019 requesting public records under the California Public Records Act (the "Requests"). We note that the Requests are limited only to records maintained in the normal course of business by the County and records that are in the County's custody and control.

Please note that we will not produce records that are privileged or otherwise exempt from disclosure pursuant to California Government Code section 6254(k). This includes documents protected by the attorney-client privilege, attorney work product, and official information privileges.

No preliminary drafts or memorandum not normally kept in the ordinary course of business will be produced pursuant to California Government Code section 6254(a). Records concerning real estate appraisals for pending acquisitions are also exempt from disclosure under California Government Code section 6254(h).

We will not produce documents that are subject to copyright protections, contain trade secrets, and/or proprietary and/or confidential information. See California Government Code sections 6253.9, 6254(k), 6254.9; California Evidence Code section 1060.

Moreover, we will not produce documents exempt from disclosure under the deliberative process privilege. See *Times Mirror Co. v. Superior Court* (1991) 53 Cal.3d 1325.

No documents will be produced where "the public interest served by not disclosing the record clearly outweighs the public interest by the disclosure of the record" under California Government Code section 6255.

Additionally, no documents will be produced if they contain personnel, medical, private, confidential, or similar files. The disclosure would constitute an unwarranted invasion of personal privacy under California Government Code section 6254(c) and/or the Health Insurance Portability and Accountability Act of 1996. If any of the records you are requesting are the subject of ongoing litigation and/or pending investigations, and/or are law enforcement investigatory records, such records are exempt from production. See Government Code sections 6254 (b), (f). In addition, no documents or records will be produced to the extent such a production would violate California Penal Code §§ 832.7, 832.8, 11076, California Civil Code § 129, California Welfare and Institutions Code §§ 827, 828, 831, California Business and Professions Code § 805, or California Evidence Code § 1043.

Furthermore, as we review your Requests, we may discover other applicable privileges and/or exemptions under Government Code sections 6254, 6255, and 6256 or other applicable state or federal laws, and we reserve all rights to assert those at any time.

At this time, upon a review of your Requests, the San Francisco Sheriff's Office responds as follows:

In accordance with the California Government Code, Section 6254(f), records of investigations conducted by, or investigative files compiled by, any local police agency for law enforcement purposes are exempt from disclosure. To the extent that records were located, they are either investigative records themselves or properly part of an investigative file as well as the Criminal Offender Record Information (CORI) restrictions under California Penal Code 11142. Therefore, we are denying your request.

This is a **further written waiver** until the latest of: [April 7, 2020, expiration of Order of the Health Officer No. C19-07, or expiration of paragraph 1 of Executive Order N-33-20, all as may be extended], of any CPRA/Sunshine deadlines (incl. SOTF's own 67.21(e) 45-day deadline to issue a determination) that would normally occur between now and such date in only the above list of SOTF cases, EXCEPT the following which are either long-standing and with which continued non-compliance is unrelated to COVID-19 work, or for which the information is itself about COVID-19:

- This waiver does not apply to SOTF Order 19047 or SOTF 19044.
- The waiver does not apply to requests about COVID-19 itself sent to DEM, DPH, or the Mayor.
- This waiver does not apply to agencies whose employees are not listed in the TO.

Note that while I am waiving these deadlines, SOTF may or may not be also waiving your deadlines and I have no control over that.

The following are **not** waived:

- Any violations, including timeliness, occurring prior to March 17, 2020, or after the end of the waiver date.
- Any non-timeliness violations.
- Failure by the City to retain and refrain from destroying during the pendency of the waiver any responsive records.
- Any unilateral decision by the City that purports to exempt itself or any of its agencies, officers, or employees from the CPRA or Sunshine Ordinance or any of its provisions.

Stay safe out there~

Listed SOTF Respondents and SOTF itself,

This is a written waiver until April 7, 2020 of any CPRA/Sunshine deadlines (incl. SOTF's own 67.21(e) 45-day deadline to issue a determination) that would normally occur between now and April 7, 2020 in the attached list of SOTF cases, EXCEPT the following which are either long-standing and with which continued non-compliance is unrelated to COVID-19 work, or for which the information is itself about COVID-19:

- This waiver does not apply to SOTF Order 19047, which the Mayor's Office has never complied with, in providing minimally redacted ICS files of certain calendars entries.
- This waiver does not apply to SOTF 19044, which would require minimal redaction of the two emails in that case by the City Attorney's office pursuant to SOTF's motion in January (which has not issued yet as an Order).
- The waiver does not apply to requests about COVID-19 itself sent to DEM, DPH, or the Mayor.

- This waiver does not apply to agencies whose employees are not listed in the TO.

Note that while I am waiving these deadlines, SOTF may or may not be also waiving your deadlines and I have no control over that.

The following are not waived:

- Any violations, including timeliness, occurring prior to March 17, 2020, or after April 7, 2020. (note the deadlines are merely being delayed until April 7, not some *n* days after April 7).
- Any non-timeliness violations.
- Failure by the City to retain and refrain from destroying during the pendency of the waiver any responsive records.
- Any unilateral decision by the City that purports to exempt itself or any of its agencies, officers, or employees from the CPRA or Sunshine Ordinance or any of its provisions.

This is a **further written waiver** until the latest of: [May 3, 2020, expiration of Order of the Health Officer C19-07b, or expiration of paragraph 1 of Executive Order N-33-20], of any CPRA/Sunshine deadlines (incl. SOTF's own 67.21(e) 45-day deadline to issue a determination) that would normally occur between now and such date **in solely the above list of SOTF cases**, EXCEPT the following which are either long-standing and with which continued non-compliance is unrelated to COVID-19 work, or for which the information is itself about COVID-19:

- Any unilateral decision by the City that purports to exempt itself or any of its agencies, officers, or employees from the CPRA or Sunshine Ordinance or any of its provisions.

I do not believe Paragraph 2 of Executive Order N-35-20 or Paragraph 5 of the Mayor's March 13 Second Supplement or any other unilateral suspensions by the government of its own transparency obligations are legally valid and will challenge them if they are used.

Subject: SOTF - Request for Waiver of 45 day Rule

Dear SOTF Petitioners, Respondents and other Stakeholders:

As you most likely know SOTF operations have been delayed over the last few months due to the Covid-19 emergency. The SOTF have started to conduct remote meetings via videoconference and are working to establish procedures to resume all operations including the processing of complaints.

While the Sunshine Ordinance requires that certain actions be taken within 45 days, the Covid-19 emergency has forced delays and immense new backlogs for complaint hearings. We write today to ask if you are willing to waive the 45 day rule for your complaint.

The SOTF intends to resume hearing complaints *on a limited basis and complaints will be queued* to be heard in the near future. We continue to work to address technical issues posed by remote meetings. We are aware of the time sensitivity of your records requests. Please be assured that the SOTF appreciates the urgency of your matters and the importance of handling them in a timely manner.

If you have further questions about your files or have other issues, please feel free to email the SOTF Administrator at the email below.
