FOREWARD

The Digital Equipment Corporation Spare Parts List* Vols. 1 & 2 provides vendor number, DEC number, description, and selling price for all spare parts currently maintained in DEC inventories. If used properly in concert with correct ordering procedure, these volumes can help expedite parts deliveries.

Parts consumed during Per Call service shall be charged as listed and drawn where ever possible from local office inventories. Parts sold directly to customers must be ordered from Field Service Logistics, Maynard, by the local office. Charges, of course, will be the same.

All orders should be mailed directly to Field Service Logistics. Orders sent to other addresses may be inadvertently delayed. In cases of extreme urgency orders may be sent by TWX.

Parts are sold FOB Maynard. Terms are net 30 days. DEC can initiate any shipping arrangements the purchaser wishes, including special "Hold at Airport" procedures. If shipping method is not specified, Parcel Post will be used (weight permitting). DEC assumes no liability in connection with the shipment, nor shall the carrier in any way be construed as the agent of DEC.

Parts supplied by DEC during Per Call service or otherwise purchased from DEC are warranted against defects in workmanship and material under normal use and service as defined in DEC's then current Standard Terms and Conditions, for a period of three (3) months from date of installation. Notwithstanding the aforesaid, the warranty shall start on the 30th day after delivery, or upon installation, whichever is sooner.

EXCEPT FOR THE EXPRESS WARRANTY STATED ABOVE, DEC DISCLAIMS ALL WARRANTIES WITH REGARD TO PARTS SUPPLIED, INCLUDING ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS, and the stated express warranties are in lieu of all obligations or liabilities on the part of DEC for damages arising out of or in connection with the use or performance of the parts. In no event will DEC be liable for special, indirect, or consequential damages.
