HEX CAP SCREWS, NUTS, SPLIT LOCK & FLAT WASHERS

2950 PIECES
41 SIZES

ASME B18.21.1 ASME/ANSI B18.2.1 ASME/ANSI B18.2.2

A

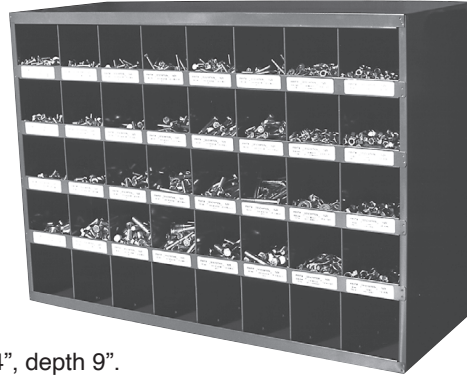

The perfect choice for easily accessible storage in parts departments, tool crib areas, maintenance and repair shops, garages, and for the handyman.

About the Storage Bin!

The grey baked enamel Durham bin is extremely sturdy. Produced from prime cold rolled steel - interlocked and welded construction, it will not warp, twist or sag. Each shelf has a fully hemmed 1-1/8" turn on the front providing space for labelling contents. It has 40 compartments for assortment contents. Overall bin measurements are width 33-3/4", height 22-1/4", depth 8-3/4", minimizing premium floor space requirements.

Reordering Stock - EASY!

When stock items are getting low, simply contact our Order Desk, identify the items you require by **SPAENAUR Number** and we'll send you the unit package quantities to refill your bin.

SPAENAUR No. 814-040 BASE STAND

Sturdy all-steel construction. Overall measurements: height 5-3/4", width 34", depth 9".

Small Plastic Compartment Boxes

(Contents not included)

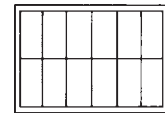

Dimensions 11" Width x 1-3/4" Height x 6-3/4" Depth

These boxes are ideal for organizing, storing and protecting a wide variety of small parts and tools. Three different configurations allow a wide selection of compartment sizes and shapes to fit just about every need. Manufactured from high strength, oil resistant polypropylene, these boxes are furnished with two heavy-duty reinforced hinges with a special "stop" feature, allowing the cover to remain in the open position.

Large Plastic Compartment Boxes

Dimensions 13-1/8" Width x
2-5/16" Height x 9" Depth

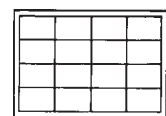

These larger boxes are ideal for organizing, storing and protecting a wide variety of small parts and tools. Five different configurations allow a wide selection of compartment sizes and shapes to fit just about every need. Manufactured from high strength, oil resistant clear polypropylene, these boxes are furnished with two heavy-duty reinforced hinges with a special "stop" feature, allowing the cover to remain in the open position.

DRAWER CABINETS

Cold rolled steel finished in rust and acid resistant baked enamel is the fabricating material. The use of vertical supports in construction results in great strength and allows Durham Drawer Cabinets to be stacked, regardless of the weight involved. The no-drag drawers have two embossed runners for smooth easy travel. The possibility of the drawers slipping out of the cabinet has been eliminated by a positive stop mechanism. Drawers for all Durham Drawer Cabinets offer double interlocked design resulting in unequalled rigidity. Handles are the full width of the drawers and are raised above the drawer so that the full front is available for identification. The sides of each drawer are designed to hold dividers on one inch centres. Two dividers are provided with each drawer. They have a special snap-in feature which keeps them snugly in place yet easily removable.

STORAGE BINS 12" Deep

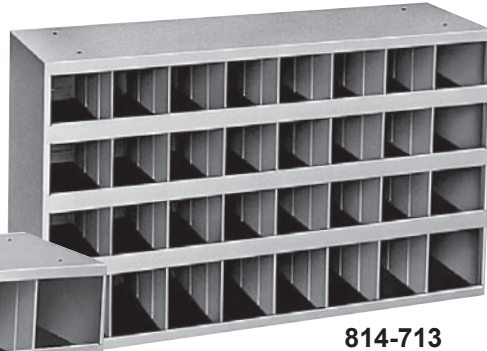

Designed as heavy duty units for storing a wide variety of parts, Durham Storage Bins are extremely sturdy as the result of being welded throughout on especially designed machines. Durham Storage Bins, produced of heavy gauge steel, finished in rust and acid resistant baked enamel, will not warp, twist or sag out of alignment. Fully hemmed lips on each bin keep parts securely in place and eliminate the possibility of spillage.

High quality, all steel storage cabinets and door trays are designed specifically for use in outfitting trucks and vans. For applications including fastener storage, public utility, service vehicle, electrical, plumbing, TV repair, mobile food service, or sign painting, these units are ready to install. Both cabinets and door trays are reinforced for rigidity, and designed to handle extra weight. Regardless of the parts, tools, or supplies to be stored, these truck/van storage products from SPAENAUR are the perfect solution.

814-736

814-046
(with tray cover)

Easy-access **Durham Door Trays** are produced with horizontal sections; each rounded section has slots for adjustable dividers for the convenient creation of individual compartment sizes. Models **814-046** and **814-734** come with 9 dividers.

814-734
(with tray covers)

Durham Storage Cabinets with easy-glide drawers are equipped with unique locking bars to keep the drawers securely closed while the vehicle is in motion. The **814-736** has nine drawers with adjustable dividers for maximum flexibility, and all drawers offer convenient handles. The **814-737** has a single, fixed centre divider in each drawer.

Locking Bars (used on 814-736 and 814-737, keep storage cabinet drawers securely shut.

Durham Literature Racks provide a convenient and compact way to store literature and still keep it readily accessible and visible, with the tops of literature exposed for easy identification. Keyhole slots are provided for wall mounting. Most models accommodate 150 standard 8-1/2" x 11" sheets, while others are wider, to hold magazines and special forms. Three 360° rotating literature racks (814-762, -763 and -764) are capable of holding a wide assortment of standard size literature in minimum space.

Horizontal Racks

Durham sturdy all-steel horizontal racks, designed for floor or desk-top use, provide handy storage for computer printouts. They are rigid, will not warp or twist, and are shipped set up ready for use. These racks are modular, and may be arranged vertically or horizontally. Fasteners are provided to join individual units. Models with six or eight openings are available, and shelves have label holders to identify contents. All racks are finished in Desert Tan baked enamel. Horizontal printout racks may be combined with horizontal literature racks.

Literature Racks

Horizontal Data Organizer

Data organizers are designed specifically for storing and organizing computer printouts and reports. These all steel units are finished in desert tan baked enamel and may be arranged horizontally or stacked vertically. Label holders for content identification are provided. Rubber feet are included to protect surfaces on desks and files.

Tool Box with two Cantilever trays

These rugged plastic tool boxes make it easy to organize tools in a small space. The tool boxes are lightweight, rustproof, dentproof, scratch resistant and feature draw tight latches and tongue-and-groove construction for a secure seal. They are also ideal as repair kits, sample cases or sports supply boxes.

Super-Satchel Storage Cases

Molded in grey copolymer resins.

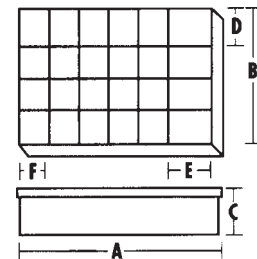

Storing and organizing materials in industrial environments takes on a new meaning with Super-Satchel Storage Cases. They offer lots of flexibility in storage and will out-perform Standard Industrial Slide Rack Boxes. Storing them flat or upright allows plenty of options for developing custom storage systems. With two draw-tight latches, a luggage style handle and lighter weight (3.5 lb. vs. 8 lb. in metal), Super-Satchel Cases are 100% portable.

814-776

Size: 18-1/2" x 13" x 3"

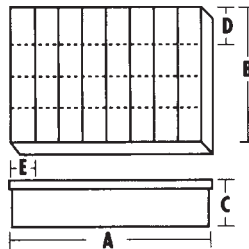

24 Compartments (fixed positions.)

A: 18-1/2" C: 3" E: 4"
B: 13" D: 3" F: 2-7/8"

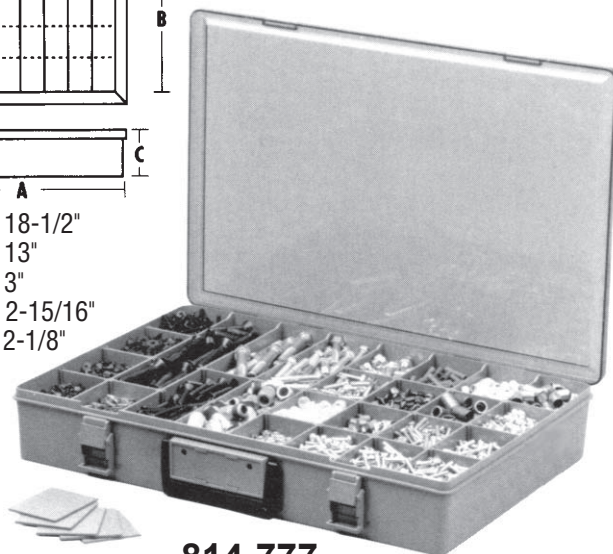

Features include . . .

- See-through lid allows quick identification of contents.
- Molded in copolymer resins that will not dent. Super-Satchel Storage Cases resist common solvents and odors.
- Copolymer resins will not rust which means no corrosion carryover onto box contents.
- Brass pinned hinges for optimum strength and durability.
- Molded integral feet allow these containers to stand upright making ideal presentation cases.
- Rounded corners, no sharp edges and lightweight covers that won't slam on fingers make these cases "user friendly."
- Identification card holder for quick case selection.

A: 18-1/2"
B: 13"
C: 3"
D: 2-15/16"
E: 2-1/8"

814-777

Adjusts from 8 to 32 compartments.
8 fixed dividers (Solid lines.)
24 moveable dividers (Dotted lines.)
