

GENERAL CATALOG

2015-2016

Colorado State University

Table of Contents

General Catalog - Home	14	Scholastic Standards	58
Academic Calendar	15	Academic Policies	60
Welcome to CSU	17	Academic Credit	62
University Mission, Values, and Guiding Principles	17	Registration	62
Campus Map	19	Degree Requirements	66
University Welcome Center	19	Graduation Procedures and Information	68
University Policies	21	Co-Curricular Engagement	71
Campus Safety and The Clery Act	21	Student Leadership	71
Consensual Relationships	21	Research and Creative Opportunities	71
FERPA (Student Privacy)	22	Athletics	72
Freedom of Expression and Inquiry	23	Fraternity and Sorority Life	73
Free Speech and Right to Peaceful Assembly	23	Student Leadership, Involvement and Community Engagement (SLiCE)	73
Hazing	24	Student Clubs and Organizations	73
Discrimination, Harassment, Sexual Assault, and Violence	24	Student Media	73
Alcohol and Sexual Assault Prevention Training	24	Academic Services and Student Support	75
Students' Rights	25	Diversity Resources for Students	75
Students' Responsibilities	27	Student Resources and Campus Life	77
About the Catalog	32	Academic Services and Programs	81
Glossary	32	INTO-CSU	84
Catalog Updates	33	Administrative Resources	85
Undergraduate Admissions and Enrollment	35	Facilities	85
General Policies for Undergraduate Admissions	35	All-University Core Curriculum	88
Undergraduate Applicant Definitions	36	All-University Core Curriculum (AUCC)	88
Undergraduate Profiles and Decision Factors	37	Early Completion of Mathematics/Composition Requirement	91
How to Apply	39	English Composition Requirement	92
International Undergraduate Admissions	40	Mathematics Requirement	93
Enrollment Deposit	41	Interdisciplinary Opportunities	94
Transfer and Test Credit	41	Health Professions	94
Financial Information	45	Teacher Licensure/Education	94
Tuition and Fees	45	Education Abroad	96
Tuition and Fee Adjustments	47	Programs A-Z	98
CSU Online	48	Colleges and Programs	117
Additional Expenses	48	University-Wide Instructional Programs	117
Enrollment Status	48	University Interdisciplinary Studies Programs	117
Residency for Tuition Classification	49	Arabic Studies Interdisciplinary Minor	118
Paying Your Bill	50	Arts Leadership and Administration Interdisciplinary Minor	118
Financial Assistance	51	Biomedical Engineering Interdisciplinary Minor	119
Academic Standards and Policies	54	Cell and Molecular Biology	120
Academic Advising	54	Conservation Biology Interdisciplinary Minor	121
Grading	55	Energy Engineering Interdisciplinary Minor	121

Environmental Affairs Interdisciplinary Minor	122	Religious Studies Interdisciplinary Minor	147
Extreme Ultraviolet and Optical Science and Technology Graduate Interdisciplinary Studies Program	124	Resilience of Social Ecological Systems Graduate Interdisciplinary Studies Program	148
Film Studies Interdisciplinary Minor	125	Russian Studies Interdisciplinary Minor	149
Food Science/Safety Interdisciplinary Minor	125	Sports Management Interdisciplinary Minor	150
Food Science/Safety Interdisciplinary Studies Program	126	Sustainable Water Interdisciplinary Minor	150
Gerontology Interdisciplinary Minor	127	Systems Engineering Graduate Interdisciplinary Studies Program	151
Global Environmental Sustainability Interdisciplinary Minor	128	Women's Study Interdisciplinary Minor	152
Information Science and Technology Interdisciplinary Minor	129	Women's Study Interdisciplinary Studies Program	153
Integrated Resource Management Interdisciplinary Minor	130	Division of Armed Forces Services	154
International Development Interdisciplinary Minor	130	Department of Aerospace Studies	154
International Development Interdisciplinary Studies Program	131	Department of Military Science	155
Italian Studies Interdisciplinary Minor	132	Environmental Studies	156
Latin American and Caribbean Studies Interdisciplinary Minor	133	Mentored Research and Artistry Program	157
Leadership Studies Interdisciplinary Minor	134	University Honors Program	158
Legal Studies Interdisciplinary Minor	134	Peace Corps Master's International Program	160
Linguistics and Culture Interdisciplinary Minor	135	Agricultural Sciences	160
Master of Science in Bioengineering	136	Agricultural and Resource Economics	161
Master of Science in Ecology, Human-Environment Interaction Specialization	136	Major in Agricultural Business	169
Master of Science in Ecology, Plan A	137	Major in Agricultural Business, Agricultural Economics Concentration	171
Master of Science in Ecology, Plan B	138	Major in Agricultural Business, Farm and Ranch Management Concentration	172
Mathematics Graduate Interdisciplinary Studies Program	139	Major in Agricultural Education	173
Molecular Biology Interdisciplinary Minor	139	Major in Agricultural Education, Agricultural Literacy Concentration	174
Molecular, Cellular and Integrative Neurosciences Graduate Interdisciplinary Studies Program	140	Major in Agricultural Education, Teacher Development Concentration	175
Music, Stage, and Sports Production Interdisciplinary Minor	141	Major in Environmental and Natural Resource Economics	176
Organic Agriculture Interdisciplinary Minor	142	Master of Science in Agricultural and Resource Economics, Plan A	178
Peace and Reconciliation Studies Graduate Interdisciplinary Studies Program	143	Master of Science in Agricultural and Resource Economics, Plan B	178
Peace and Reconciliation Studies Interdisciplinary Minor	143	Minor in Agricultural Literacy	179
Ph.D. in Bioengineering	144	Minor in Agricultural and Resource Economics	179
Ph.D. in Ecology	144	Ph.D. in Agricultural and Resource Economics	179
Political Communication Interdisciplinary Minor	146	Animal Sciences	180
Political Economy Graduate Interdisciplinary Studies Program	146	Major in Animal Science	190
Public Health	147	Major in Equine Science	192
		Master of Science in Animal Sciences, Plan A	194
		Bioagricultural Sciences and Pest Management	194
		Master of Science in Bioagricultural Sciences and Pest Management	200

Master of Science in Bioagricultural Sciences and Pest Management, Plan B, Pest Management Specialization	200	Soil and Crop Sciences	226
Master of Science in Bioagricultural Sciences, Plan A, Entomology Specialization	200	Major in Soil and Crop Sciences	233
Master of Science in Bioagricultural Sciences, Plan A, Plant Pathology Specialization	200	Major in Soil and Crop Sciences, Agronomic Production Management Concentration	235
Master of Science in Bioagricultural Sciences, Plan A, Weed Science Specialization	200	Major in Soil and Crop Sciences, Applied Information Technology Concentration	236
Minor in Entomology	201	Major in Soil and Crop Sciences, Biomass for Biofuels Concentration	237
Minor in Plant Health	201	Major in Soil and Crop Sciences, International Soil and Crop Sciences Concentration	238
Ph.D. in Bioagricultural Sciences	201	Major in Soil and Crop Sciences, Plant Biotechnology, Genetics, and Breeding Concentration	240
Ph.D. in Bioagricultural Sciences, Entomology Specialization	201	Major in Soil and Crop Sciences, Soil Ecology Concentration	241
Ph.D. in Bioagricultural Sciences, Plant Pathology Specialization	201	Major in Soil and Crop Sciences, Soil Restoration and Conservation Concentration	242
Ph.D. in Bioagricultural Sciences, Weed Science Specialization	201	Major in Soil and Crop Sciences, Soil, Land Uses, and Climate Change Concentration	243
Horticulture and Landscape Architecture	202	Minor in Soil Resources and Conservation	245
Major in Environmental Horticulture	211	Minor in Soil Science	245
Major in Environmental Horticulture, Landscape Business Concentration	211	Business	245
Major in Environmental Horticulture, Landscape Design and Contracting Concentration	212	Accounting	246
Major in Environmental Horticulture, Nursery and Landscape Management Concentration	213	Graduate Certificate in Accounting Ethics and Auditing	250
Major in Environmental Horticulture, Turf Management Concentration	214	Major in Business Administration, Accounting Concentration	250
Major in Horticulture	215	Master of Accountancy, Plan C (M.Acc.)	252
Major in Horticulture, Floriculture Concentration	216	Master of Accountancy, Plan C, Taxation Specialization	252
Major in Horticulture, Horticultural Business Management Concentration	217	Business Administration	252
Major in Horticulture, Horticultural Food Crops Concentration	218	Major in Business Administration	252
Major in Horticulture, Horticultural Food Crops Concentration, Production Option	218	Minor in Business Administration	254
Major in Horticulture, Horticultural Food Crops Concentration, Seed Science Option	219	Master of Business Administration	255
Major in Horticulture, Horticultural Science Concentration	220	Master of Business Administration, Early Career Track Specialization	256
Major in Horticulture, Horticultural Therapy Concentration	221	Master of Business Administration, Specialization in Global Social and Sustainable Enterprise	257
Major in Horticulture, Viticulture and Enology Concentration	222	Computer Information Systems	258
Major in Landscape Architecture	223	Certificate in Information Technology for Business Professionals	261
Master of Landscape Architecture, Plan C	225	Graduate Certificate in Business Information Systems	262
Minor in Environmental Horticulture	225	Graduate Certificate in Business Intelligence	262
Minor in Horticulture	226	Graduate Certificate in Information Technology Project Management	262
		Major in Business Administration, Computer Information Systems Concentration	262

Major in Business Administration, Information Systems Concentration	263	Master of Engineering (M.E., Plan C), Geospatial Engineering Specialization	297
Master of Computer Information Systems, Plan C (M.C.I.S.)	265	Master of Engineering (M.E., Plan C), Systems Engineering Specialization	297
Master of Science in Business Administration, Plan A, Computer Information Systems Specialization	265	Master of Science in Systems Engineering, Plan A	297
Master of Science in Business Administration, Plan B, Computer Information Systems Specialization	265	Master of Science in Systems Engineering, Plan B	298
Finance and Real Estate	266	Ph.D in Systems Engineering	298
Certificate in Real Estate Practices	270	Atmospheric Science	298
Graduate Certificate in Applied Finance	271	Chemical and Biological Engineering	308
Major in Business Administration, Finance Concentration	271	Major in Chemical and Biological Engineering	311
Major in Business Administration, Real Estate Concentration	273	Civil and Environmental Engineering	313
Master of Science in Business Administration, Financial Risk Management Specialization	274	Major in Civil Engineering	328
Minor in Real Estate	274	Major in Civil Engineering, Civil Engineering Concentration	328
Management	275	Major in Civil Engineering, Soil and Water Resource Engineering Concentration	331
Certificate in Entrepreneurship	279	Major in Environmental Engineering	332
Certificate in Leadership in Organizations	279	Major in Environmental Engineering, Ecological Engineering Concentration	333
Certificate in Managing Human Resources	280	Major in Environmental Engineering, Environmental Engineering Concentration	334
Certificate in Operations, Logistics and Supply Management	280	Master of Engineering, Plan C, Civil Engineering Specialization	336
Major in Business Administration, Human Resource Management Concentration	280	Minor in Environmental Engineering	336
Major in Business Administration, Organization and Innovation Management Concentration	281	Electrical and Computer Engineering	337
Major in Business Administration, Supply Chain Management Concentration	283	Major in Computer Engineering	349
Master of Management Practice, Plan C (M.M.P.)	284	Major in Electrical Engineering	350
Marketing	285	Major in Electrical Engineering, Electrical Engineering Concentration	350
CERTIFICATE IN CUSTOMER-FOCUSED SELLING	287	Major in Electrical Engineering, Lasers and Optical Engineering Concentration	351
Graduate Certificate in Marketing Management	288	Master of Science in Electrical Engineering, Plan A	353
Major in Business Administration, Marketing Concentration	288	Master of Science in Electrical Engineering, Plan B	353
Engineering	289	Mechanical Engineering	354
Major in Engineering Science	292	Major in Mechanical Engineering	365
Major in Engineering Science, Engineering Physics Concentration	293	Master of Engineering, Plan C, Mechanical Engineering Specialization	366
Major in Engineering Science, Space Engineering Concentration	294	Master of Science in Mechanical Engineering, Plan A	367
Major in Engineering Science, Teacher Education Concentration	295	Master of Science in Mechanical Engineering, Plan B	367
Master of Engineering, Biomedical Engineering Specialization	296	Ph.D in Mechanical Engineering	367
		School of Biomedical Engineering	368
		Dual Degree Program: Biomedical Engineering and Chemical and Biological Engineering	372

Dual Degree Program: Biomedical Engineering and Electrical Engineering, Electrical Engineering Concentration	374	Master of Education and Human Resource Studies, Education Sciences Specialization	450
Dual Degree Program: Biomedical Engineering and Electrical Engineering, Lasers and Optical Engineering Concentration	375	Master of Education in Education and Human Resource Studies, Organizational Learning, Performance and Change Specialization	450
Dual Degree Program: Biomedical Engineering and Mechanical Engineering	376	Ph.D. in Education and Human Resource Studies, School Leadership Specialization	451
Health and Human Sciences	377	Ph.D. in Education and Human Resource Studies, Higher Education Leadership Specialization, College and University Leadership Option	451
Construction Management	378	Ph.D. in Education and Human Resource Studies, Higher Education Leadership Specialization, Community College Leadership Option	452
Major in Construction Management	383	Ph.D. in Education and Human Resource Studies, Organizational Learning, Performance, and Change Specialization	452
Master of Science in Construction Management, Plan A	385	Food Science and Human Nutrition	453
Master of Science in Construction Management, Plan B	385	Major in Fermentation Science and Technology	462
Minor in Construction Management	386	Major in Hospitality Management	464
Design and Merchandising	386	Major in Nutrition and Food Science	465
Major in Apparel and Merchandising	395	Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration	466
Major in Apparel and Merchandising, Apparel Design and Production Concentration	396	Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration, Accredited Didactic Program Option	466
Major in Apparel and Merchandising, Merchandising Concentration	398	Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration, Childhood Nutrition Option	467
Minor in Merchandising	399	Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration, Gerontology Nutrition Option	469
Major in Interior Design	400	Major in Nutrition and Food Science, Food Safety and Nutrition Concentration	470
Master of Science in Design and Merchandising, Plan A	401	Major in Nutrition and Food Science, Nutrition and Fitness Concentration	471
Master of Science in Design and Merchandising (Plan B), Apparel and Merchandising Specialization	401	Major in Nutrition and Food Science, Nutritional Sciences Concentration	472
Master of Science in Design and Merchandising, Interior Design Specialization, Plan A	402	Master of Science in Food Science and Nutrition, Dietetics Option (online)	474
Master of Science in Design and Merchandising, Interior Design Specialization, Plan B	402	Master of Science in Food Science and Nutrition, Plan A, Nutrition and Exercise Science Specialization	474
School of Education	403	Master of Science in Food Science and Nutrition, Plan B, Nutrition and Exercise Science Specialization	474
Major in Family and Consumer Sciences	446	Minor in Nutrition	475
Major in Family and Consumer Sciences, Family and Consumer Sciences Concentration	446	Health and Exercise Science	475
Major in Family and Consumer Sciences, Family and Consumer Sciences Education Concentration	447	Major in Health and Exercise Science	483
Master of Science in Student Affairs in Higher Education	448	Major in Health and Exercise Science, Health Promotion Concentration	484
Master of Education, Adult Education and Training Specialization (Plan A)	449	Major in Health and Exercise Science, Sports Medicine Concentration	485
Master of Education, Adult Education and Training Specialization (Plan B)	449		
Master of Education in Education and Human Resources Studies, Counseling and Career Development Specialization	449		

Master of Science in Health and Exercise Science, Plan A	487	Major in International Studies, Latin American Studies Concentration	540
Master of Science in Health and Exercise Science, Plan A, Exercise Science and Nutrition Specialization	487	Major in International Studies, Middle East and North African Studies Concentration	543
Master of Science in Health and Exercise Science, Plan B	488	Major in Interdisciplinary Liberal Arts	545
Ph.D. in Bioenergetics	488	Media Studies Minor	547
Human Development and Family Studies	488	Anthropology	548
Major in Early Childhood Education	497	Major in Anthropology	560
Major in Human Development and Family Studies	498	Major in Anthropology, Archaeology Concentration	563
Major in Human Development and Family Studies, Early Childhood Professions Concentration	500	Major in Anthropology, Biological Anthropology Concentration	565
Major in Human Development and Family Studies, Human Development and Family Studies Concentration	501	Major in Anthropology, Cultural Anthropology Concentration	568
Major in Human Development and Family Studies, Leadership and Entrepreneurial Professions Concentration	503	Major in Anthropology, Geography Concentration	570
Major in Human Development and Family Studies, Pre-Health Professions Concentration	505	Master of Arts in Anthropology	572
Major in Human Development and Family Studies, Prevention and Intervention Sciences Concentration	506	Master of Arts in Anthropology, Plan A, The Anthropology of Health and Well-Being Specialization	573
Master of Science in Human Development and Family Studies, Plan A, Marriage and Family Therapy Specialization	508	Master of Arts in Anthropology, Plan B, The Anthropology of Health and Wellness Specialization	573
Master of Science in Human Development and Family Studies, Plan A, Prevention Science Specialization	508	Master of Arts in Anthropology, Plan A, Humans and the Environment Specialization	574
Ph.D. in Applied Developmental Science	509	Master of Arts in Anthropology, Plan B, Humans and the Environment Specialization	575
Occupational Therapy	509	Master of Arts in Anthropology, International Development Specialization, Plan A	575
Master of Science in Occupational Therapy (Plan A)	516	Master of Arts in Anthropology (Plan B-Professional Paper), International Development Specialization	577
Master of Occupational Therapy (Plan C)	518	Master of Arts in Anthropology, Plan A, Professional Methods and Techniques Specialization	579
Ph.D. in Occupation and Rehabilitation Science	519	Master of Arts in Anthropology, Plan B, Professional Methods and Techniques Specialization	580
Social Work	520	Minor in Anthropology	580
Graduate Certificate in Advanced Clinical Behavioral Health	526	Minor in Geography	581
Graduate Certificate in PreK-12 School Social Worker	526	Art and Art History	581
Major in Social Work	526	Major in Art (B.F.A.)	594
Master of Social Work	529	Major in Art, Drawing Concentration	596
Ph.D. in Social Work	530	Major in Art, Electronic Art Concentration	597
Liberal Arts	530	Major in Art, Fibers Concentration	598
Master in Arts Leadership and Administration, Plan C	532	Major in Art, Graphic Design Concentration	600
Major in International Studies	532	Major in Art, Metalsmithing Concentration	601
Major in International Studies, Asian Studies Concentration	533	Major in Art, Painting Concentration	602
Major in International Studies, European Studies Concentration	536	Major in Art, Photo Image Making Concentration	603
		Major in Art, Pottery Concentration	605
		Major in Art, Printmaking Concentration	606
		Major in Art, Sculpture Concentration	607

Major in Art, B.A.	608	Major in Languages, Literature, and Cultures	691
Bachelor of Arts, Art Education Concentration	609	Major in Languages, Literature, and Cultures, French Concentration	691
Bachelor of Arts, Art History Concentration	610	Major in Languages, Literature, and Cultures, German Concentration	693
Bachelor of Arts, Studio Concentration	611	Major in Languages, Literature, and Cultures, Spanish Concentration	694
Master of Fine Arts (M.F.A.)	612	Major in Languages, Literature, and Cultures, Teaching Endorsement	695
Communication Studies	614	Minor in Chinese	696
Major in Communication Studies	621	Minor in French	697
Major in Communication Studies, Speech Teacher Licensure Concentration	623	Minor in German	698
Master of Arts in Communication Studies, Plan A	624	Minor in Japanese	698
Master of Arts in Communication Studies, Plan B, Deliberative Practices Specialization	624	Minor in Spanish	699
Economics	625	Master of Arts in Foreign Languages and Literatures (Plan A), French Specialization, Interdisciplinary Option	699
Major in Economics	632	Master of Arts in Foreign Languages and Literatures (Plan B), French Specialization, Interdisciplinary Option	700
Minor in Economics	634	Master of Arts in Foreign Languages, Literatures, and Cultures (Plan A), French Specialization, Foreign Languages, Literatures, and Cultures Option	700
Master of Arts in Economics (Plan A)	634	Master of Arts in Foreign Languages, Literatures, and Cultures (Plan B), French Specialization, Foreign Languages, Literatures, and Cultures Option	700
Master of Arts in Economics (Plan B, Technical Paper Option)	634	Master of Arts in Foreign Languages and Literatures (Plan A), German Specialization, Interdisciplinary Option	700
Ph.D. in Economics	635	Master of Arts in Foreign Languages and Literatures (Plan B), German Specialization, Interdisciplinary Option	701
English	635	Master of Arts in Foreign Languages, Literatures, and Cultures (Plan A), German Specialization, Foreign Languages, Literatures, and Cultures Option	701
Major in English	650	Master of Arts in Foreign Languages, Literatures, and Cultures (Plan B), German Specialization, Foreign Languages, Literatures, and Cultures Option	701
Major in English, Creative Writing Concentration	651	Master of Arts in Foreign Languages and Literatures (Plan A), Spanish Specialization, Interdisciplinary Option	701
Major in English, English Education Concentration	652	Master of Arts in Foreign Languages and Literatures (Plan B), Spanish Specialization, Interdisciplinary Option	702
Major in English, Language Concentration	653	Master of Arts in Foreign Languages, Literatures, and Cultures (Plan A), Spanish Specialization, Foreign Languages, Literatures, and Cultures Option	702
Major in English, Literature Concentration	654	Master of Arts in Foreign Languages, Literatures, and Cultures (Plan B), Spanish Specialization, Foreign Languages, Literatures, and Cultures Option	702
Major in English, Writing Concentration	655	History	702
Minor in English	656	Major in History	713
Master of Arts in English, Creative Nonfiction Specialization	656	Major in History, General History Concentration	714
Master of Arts in English (Plan A), Literature Specialization	657	Major in History, Language Concentration	716
Master of Arts in English (Plan B), Literature Specialization	658		
Master of Arts in English (Plan A), Specialization in TESL/ TEFL	659		
Master of Arts in English (Plan B), Specialization in TESL/ TEFL	659		
Ethnic Studies	659		
Major in Ethnic Studies	666		
Major in Ethnic Studies, Women’s Studies Concentration	668		
Minor in Ethnic Studies	670		
Master of Arts in Ethnic Studies, Plan A	670		
Master of Arts in Ethnic Studies, Plan B	671		
Foreign Languages and Literatures	671		

Major in History, Social and Behavioral Sciences Concentration	719	Master of Music, Choral Conducting Specialization	790
Major in History, Social Studies Teaching Concentration	721	Master of Music, Collaborative Piano Specialization	790
Minor in History	724	Master of Music, Instrumental Conducting Specialization	790
Master of Arts in History (Plan A), Liberal Arts Specialization	724	Master of Music, Music Education Specialization	791
Master of Arts in History (Plan B), Liberal Arts Specialization	725	Master of Music (M.M.), Music Education—Conducting Specialization	791
Master of Arts in History (Plan B), Public History Specialization, Cultural Resource Management Option	725	Master of Music, Music Education—Kodaly Emphasis Option	791
Master of Arts in History (Plan B), Public History Specialization, Historic Preservation Option	725	Master of Music, Performance Option	792
Master of Arts in History (Plan B), Public History-Museum Studies Specialization	726	Master of Music, Music Therapy Specialization, Plan A	792
Journalism and Media Communication	726	Master of Music, Music Therapy Specialization, Plan B	792
Major in Journalism and Media Communication	737	Major in Theatre	793
Technical and Science Communication Minor	740	Major in Theatre, Directing Concentration	793
School of Music, Theatre, and Dance	741	Major in Theatre, Performance Concentration	794
Major in Dance	770	Major in Theatre, Playwriting and Dramatic Literature Concentration	795
Major in Music (B.M.)	772	Philosophy	796
Major in Music (B.M.), Composition Concentration	772	Major in Philosophy	803
Major in Music (B.M.), Music Education Concentration	774	Major in Philosophy, General Philosophy Concentration	804
Major in Music (B.M.), Music Education Concentration, Choral Option	774	Major in Philosophy, Philosophy and Religion Concentration	804
Major in Music (B.M.), Music Education Concentration: Instrumental Option	775	Major in Philosophy, Philosophy, Science, and Technology Concentration	805
Major in Music (B.M.), Music Therapy Concentration	777	Minor in General Philosophy	806
Major in Music (B.M.), Performance Concentration	779	Minor in Religious Studies	806
Major in Music (B.M.), Performance Concentration: Jazz Studies Option	779	Master of Arts in Philosophy, Plan A	807
Major in Music (B.M.), Performance Concentration: Orchestral Instrument Option	780	Master of Arts in Philosophy, Plan B	807
Major in Music (B.M.), Performance Concentration: Organ Option	782	Political Science	807
Major in Music (B.M.), Performance Concentration: Piano Option	783	Major in Political Science	814
Major in Music (B.M.), Performance Concentration: Piano Pedagogy Option	784	Major in Political Science, Environmental Politics and Policy Concentration	817
Major in Music (B.M.), Performance Concentration: String Pedagogy Option	785	Major in Political Science, Global Politics and Policy Concentration	820
Major in Music (B.M.), Performance Concentration: Voice Option	787	Major in Political Science, U.S. Government, Law and Policy Concentration	823
Major in Music (B.A.)	788	Minor in Applied Environmental Policy Analysis	826
Minor in Music	789	Minor in Political Science	826
		Sociology	827
		Major in Sociology	834
		Major in Sociology, Criminology and Criminal Justice Concentration	835

Major in Sociology, Environmental Sociology Concentration	836	Master of Natural Resources Stewardship (Plan C), Ecological Restoration Specialization	886
Major in Sociology, General Sociology Concentration	837	Master of Natural Resources Stewardship, (Plan C), Forest Sciences Specialization	886
Minor in Criminology and Criminal Justice	838	Master of Natural Resources Stewardship (Plan C), Rangeland Ecosystems Specialization	887
Minor in General Sociology	838	Master of Natural Resources Stewardship (Plan C), Sustainable Military Lands Management Specialization	887
Warner College of Natural Resources	839	Geosciences	887
Ecosystem Science and Sustainability	840	Major in Geology	892
Major in Ecosystem Science and Sustainability	845	Major in Geology, Environmental Geology Concentration	893
Major in Watershed Science	847	Major in Geology, Geology Concentration	894
Minor in Watershed Science	849	Major in Geology, Geophysics Concentration	896
Master of Greenhouse Gas Management and Accounting (M.G.M.A), Plan C	849	Major in Geology, Hydrogeology Concentration	897
Fish, Wildlife, and Conservation Biology	849	Minor in Geology	898
Major in Fish, Wildlife, and Conservation Biology	855	Ph.D. in Earth Sciences	898
Major in Fish, Wildlife, and Conservation Biology, Conservation Biology Concentration	856	Ph.D. in Earth Sciences, Geosciences Specialization	898
Major in Fish, Wildlife, and Conservation Biology, Fisheries and Aquatic Sciences Concentration	858	Ph.D. in Earth Sciences, Watershed Science Specialization	898
Major in Fish, Wildlife, and Conservation Biology, Wildlife Biology Concentration	861	Human Dimensions of Natural Resources	899
Minor in Fishery Biology	863	Major in Natural Resource Recreation and Tourism	908
Master of Fish, Wildlife, and Conservation Biology (Plan C, M.F.W.C.B.)	864	Major in Natural Resource Recreation and Tourism, Environmental Communication Concentration	909
Forest and Rangeland Stewardship	864	Major in Natural Resource Recreation and Tourism, Global Tourism Concentration	910
Major in Fire and Emergency Services Administration	873	Major in Natural Resource Recreation and Tourism, Natural Resource Tourism Concentration	911
Major in Forestry	874	Major in Natural Resource Recreation and Tourism, Parks and Protected Area Management Concentration	912
Major in Forestry, Forest Biology Concentration	874	Master of Science in Conservation Leadership, Plan A	913
Major in Forestry, Forest Fire Science Concentration	875	Master of Science in Conservation Leadership, Plan B	914
Major in Forestry, Forest Management Concentration	876	Master of Science in Human Dimensions of Natural Resources (Plan A)	915
Major in Forestry, Forestry-Business Concentration	878	Master of Tourism Management (Plan C)	915
Major in Natural Resources Management	878	Natural Sciences	915
Major in Rangeland Ecology	880	Major in Natural Sciences	916
Major in Rangeland Ecology, Conservation and Management Concentration	881	Major in Natural Sciences, Biology Education Concentration	917
Major in Rangeland Ecology, Range and Forest Management Concentration	882	Major in Natural Sciences, Chemistry Education Concentration	918
Major in Rangeland Ecology, Restoration Ecology Concentration	883	Major in Natural Sciences, Geology Education Concentration	919
Minor in Ecological Restoration	885		
Minor in Forestry	885		
Minor in Range Ecology	885		
Minor in Spatial Information Management	886		

Major in Natural Sciences, Physics Education Concentration	920	Major in Mathematics, General Mathematics Concentration	985
Major in Natural Sciences, Physical Science Concentration	920	Major in Mathematics, Mathematics Education Concentration	986
Biochemistry and Molecular Biology	921	Major in Mathematics, Mathematics of Information Concentration	987
Major in Biochemistry	926	Minor in Mathematics	988
Major in Biochemistry, General Biochemistry Concentration	927	Minor in Mathematical Biology	989
Major in Biochemistry, Health and Medical Sciences Concentration	928	Physics	989
Major in Biochemistry, Pre-Pharmacy Concentration	929	Major in Physics	994
Minor in Biochemistry	930	Major in Physics, Applied Physics Concentration	995
Biology	931	Major in Physics, Physics Concentration	996
Major in Biological Science	939	Minor in Physics	997
Major in Biological Science, Biological Science Concentration	940	Psychology	997
Major in Biological Science, Botany Concentration	943	Major in Psychology	1014
Major in Zoology	945	Major in Psychology, Addictions Counseling Concentration	1015
Minor in Botany	947	Major in Psychology, General Psychology Concentration	1016
Minor in Zoology	947	Major in Psychology, Industrial/Organizational Concentration	1017
Chemistry	947	Major in Psychology, Mind, Brain, and Behavior Concentration	1018
Major in Chemistry	956	Master of Applied Industrial/Organizational Psychology, Plan C	1020
Major in Chemistry, ACS Certified Concentration	957	Statistics	1020
Major in Chemistry, Non-ACS Certified Concentration	958	Major in Statistics	1029
Master of Science in Chemistry, Plan B	958	Master of Applied Statistics, Plan C (M.A.S.)	1030
Minor in Chemistry	959	Minor in Applied Statistics	1031
Computer Science	959	Minor in Statistics	1031
Major in Computer Science	967	Veterinary Medicine and Biomedical Sciences	1031
Major in Applied Computing Technology	969	Biomedical Sciences	1034
Major in Applied Computing Technology, Human-Centered Computing Concentration	969	Major in Biomedical Sciences	1039
Major in Applied Computing Technology, Computing Education Concentration	970	Minor in Biomedical Sciences	1041
Major in Applied Computing Technology, Computing Technology Concentration	971	Master of Science in Biomedical Sciences (Plan A)	1042
Minor in Computer Science	972	Master of Science in Biomedical Sciences (Plan B, Coursework)	1042

Welcome to CSU

A Message from President Tony Frank

One of the hallmarks of an educated person is the recognition of how much we *don't* know—and how often we can be surprised by the important questions we hadn't thought to ask.

Colorado State University students can minimize the possibility of surprises related to University policies, expectations, and resources by taking the time to become familiar with this General Catalog. As the encapsulation of our academic mission and program, the General Catalog should be considered an essential roadmap for navigating through the many timelines, decisions, and choices involved with earning your degree, and it often will be the best place to find the answer to questions about University operations and protocols.

As an inclusive community of scholars, we are all here—as students, faculty, and staff—because we value learning and understand that earning an academic degree requires considerable work, sacrifice, and determination. Throughout this challenging, life-changing process, I encourage you to seek out and take full advantage of all the resources available to support your success. Meet with your professors, don't

be afraid to ask for help or assistance, and regularly consult with both your advisor and this catalog to ensure you're on track.

Armed with spirit, commitment, and information, your academic goals are well within your reach. Best wishes for a successful CSU experience!

Dr. Tony Frank
President

University Mission, Values, and Guiding Principles

- Mission
- Values
- Guiding Principles
- Strategic Plan
-
- By statute, Colorado State University is a comprehensive graduate research university with selective admission standards. Charged with offering a comprehensive array of baccalaureate, master's, and doctoral programs, it holds exclusive statewide authority for programs in agriculture, forestry, natural resources, and veterinary medicine.
- Colorado State University has a unique mission in the state of Colorado. The land-grant concept of a balanced program of teaching, research, extension, public service, and engagement provides the foundation for the University's teaching and research programs, Agricultural Experiment Station, Cooperative Extension, and Colorado State Forest Service. The University has long been a leader in recognizing the rapidly changing global environment, and has a commitment to excellence in international education in all its instructional, research, and outreach programs. The University continues to make education and training accessible to deserving applicants from all classes and groups, and maintains a wide range of research, extension, and public service programs in response to the needs of the people of Colorado, the nation, and the world.

In May 2010, the Board of Governors adopted the following mission and values statements for Colorado State University.

Mission

Inspired by its land-grant heritage, Colorado State University is committed to excellence, setting the standard for public research universities in teaching, research, service and extension for the benefit of the citizens of Colorado, the United States and the world.

CSU has further adopted the following values:

Values

- Be accountable
- Promote civic responsibility
- Employ a customer focus
- Promote freedom of expression
- Demonstrate inclusiveness and diversity

- Encourage and reward innovation
- Act with integrity and mutual respect
- Provide opportunity and access
- Support excellence in teaching and research

Guiding Principles

CSU is a community dedicated to higher learning in which all members share in pursuit of knowledge, development of students, and protection of essential conditions conducive for learning. These protections are presented in the form of university policies, applicable federal and state laws, and statements of fundamental rights and responsibilities, which govern both the academic setting and the university community as a whole. Some of the policies and expectations described in this Catalog are among those most relevant to students, faculty, and staff; others are focused specifically on the student population but are not intended to serve as an exhaustive list of all policies that pertain to students or life on campus. A complete guide to CSU policies is available online through the Office of Policy and Compliance (<http://opc.prep.colostate.edu>).

CSU expects students to maintain standards of personal integrity that are in harmony with the educational goals of the institution; to observe national, state, and local laws, and University regulations; and to respect the rights, privileges, and property of other people. Principles of academic honesty, respect for diversity, and pursuit of lifestyles free of alcohol and drug abuse are examples of these standards. Students are not only members of the academic community; they are, additionally, members of the larger society and thus retain the rights, protection guarantees, and responsibilities which are held by all citizens.

Commitment to Diversity

CSU has a unique mission in the State of Colorado. As a land grant university we are committed to a foundational principle of inclusive excellence recognizing that our institutional success depends on how well we welcome, value, and affirm all members of the CSU community. Only through the inclusion of the rich diversity of students, staff, faculty, administrators, and alumni can we truly be excellent in our pursuits.

Our inclusive excellence efforts hinge on four key ideas:

Broad and inclusive definition of diversity.

We recognize that to truly be inclusive we must draw attention to the depth and breadth of the diversity represented at CSU. Our definition includes age, culture, different ideas and perspectives, disability, ethnicity, first generation status, familial status, gender identity and expression, geographic background, marital status, national origin, race, religious and spiritual beliefs, sex, sexual orientation, socioeconomic status, and veteran status. We also recognize that the historical exclusion and marginalization of specific social groups must be addressed to promote equity.

Inclusiveness and excellence are interdependent.

We recognize that to continue to stay current in the global marketplace and stay relevant in an increasingly diverse world, we must embody inclusion. To practice inclusiveness is excellence.

Everyone is responsible for inclusive excellence.

All members of the campus community (administrators, faculty, staff, students, and alumni) must recognize and assume responsibility for the climate of the university. A unit or person can drive the process, but every individual at CSU assumes responsibility for positive change.

Inclusive excellence goes beyond numbers.

Historically, diversity has been gauged by demographics or numbers; we must move beyond solely numbers toward an inclusive community that embeds diversity throughout the institution in multiple areas including demographics, policies, and communications; curriculum, pedagogy, and student learning; recruitment, hiring and retention, evaluation and supervision.

Achieving inclusive excellence is a long-term commitment and must have a comprehensive broad approach, embedding appreciation of all members and inclusion best practices into the very fabric of CSU's organizational culture.

Equal Opportunity and Nondiscrimination

CSU does not discriminate on the basis of race, age, creed, color, religion, national origin or ancestry, sex, gender, disability, veteran status, genetic information, sexual orientation, or gender identity or expression, or pregnancy. CSU complies with the Civil Rights Act of 1964, related Executive Orders 11246 and 11375, Title IX of the Education Amendments Act of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, Section 402 of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, the Age Discrimination in Employment Act of 1967, as amended, Americans with Disabilities Act of 1990, the Civil Rights Act of 1991, the ADA Amendments Act of 2008, the Genetic Information Nondiscrimination Act of 2008, and all civil rights laws of the State of Colorado. Accordingly, equal opportunity of employment and admission shall be extended to all persons. CSU shall promote equal opportunity and treatment in employment through a positive and continuing affirmative action program for ethnic minorities, women, persons with disabilities, and veterans.

Admission of students, employment, and availability and access to CSU's programs and activities are made in accordance with these policies of nondiscrimination. Off campus householders who desire to list student accommodations with CSU must certify that they will comply with CSU's policy on nondiscrimination in student housing.

Any student or University employee who encounters acts of discrimination, either on or off campus, is urged to report such incidents to the Office of Equal Opportunity of CSU, located in 101 Student Services. Any person who wishes to discuss a possible discriminatory act without filing a complaint is welcome to do so.

Any of the above discriminatory acts can also be the subject of complaints to the Department of Education, Office for Civil Rights, as well as to the Office of Federal Contract Compliance Programs, Equal Employment Opportunity Commission, and the Colorado Civil Rights Division; information on filing complaints with any of these agencies is available in the Office of Equal Opportunity (<http://oeo.colostate.edu>).

Freedom from Personal Abuse

CSU acknowledges the right of all people to freedom from personal abuse. Abusive treatment of individuals on a personal or stereotyped basis prevents the attainment of CSU's objective to create and maintain an environment that supports, nurtures, and encourages people to excel in teaching, learning, and creativity. Therefore, CSU

deplores, condemns, and will act energetically to prevent all forms of personal abuse, including sexual harassment. For statements of university policy concerning discrimination, harassment, sexual harassment, and other misconduct, see the University Policies section of this Catalog.

Strategic Plan

A comprehensive 10-year strategic plan for achieving this mission in a way that supports these values was adopted in 2006 and revised in January 2014. This revised strategic plan has the following key objectives:

Teaching and Learning

- Assure excellence in academic programs
- Create distinctive undergraduate experiences
- Enhance the quality and role of graduate education
- Expose students to diverse cultures
- Integrate academic and co-curricular experiences

Research and Discovery

- Foster excellence in research, scholarship, and creative artistry
- Improve discovery capabilities
- Focus research in key areas of institutional strength and societal and global needs

Outreach and Engagement

- Engage citizens through community involvement
- Prepare and empower learners outside the campus environment
- Foster excellence in intercollegiate athletics

Sustainability, Accountability, Infrastructure

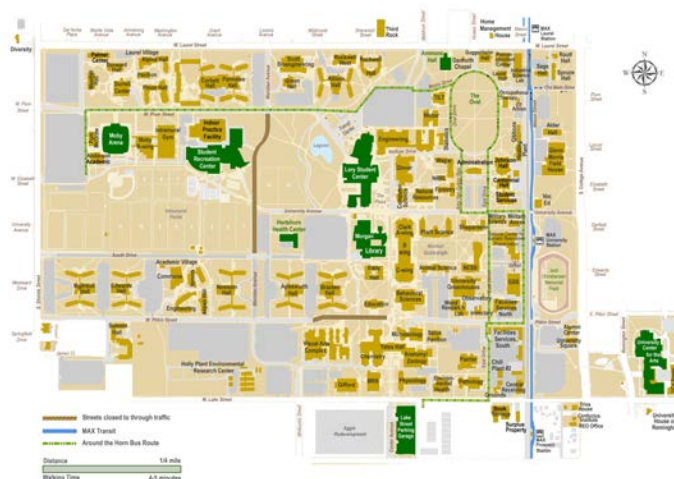

- Expand fundraising and marketing
- Build necessary infrastructures
- Nurture human capital
- Guarantee financial stability

Diversity

- Embed commitment to diversity in all key objectives
- Promote an environment that encourages excellence, access, and inclusion

For a copy of the full plan, see the Office of the Provost (<http://provost.colostate.edu>).

Campus Map

Interactive Campus Maps (<http://maps.colostate.edu>) University Welcome Center

Ammons Hall

The University Welcome Center in Ammons Hall serves as the CSU's official front door for our visitors and friends. The center offers general information about campus and the Fort Collins community.

RamTrax Tours for Community Members and Other Groups

RamTrax is CSU's premier visitor experience developed to showcase the University's outstanding academic programs, highlight our prestigious research, and expand outreach to the community.

- More information (<http://ramtrax.colostate.edu/tours>)

Admissions Tours for Prospective Students

Ammons Hall is also home to the Office of Admissions. Tours for prospective students and their families, including daily information sessions and campus tours begin here. Transfer student programs and services are in the Transfer Student Center (TILT Building) (<http://maps.colostate.edu/default.aspx?location=157>), just across the street.

- More information (<http://admissions.colostate.edu/visit>)

Hours, Parking, and Directions

- Parking on campus (<http://parking.colostate.edu/pages/WhereCanIPark.aspx>)

University Policies

- The following is a listing of university policies that are of particular interest to students and their families. A complete guide to University Policies is available in the online CSU Policy Library (<http://policylibrary.colostate.edu>).
- Campus Safety and Clery Act
- Consensual Relationships
- FERPA (Student Privacy)
- Freedom of Expression and Inquiry
- Free Speech and Right to Peaceful Assembly
- Hazing
- Discrimination, Harassment, Sexual Assault, and Violence
- Alcohol and Sexual Assault Prevention Training
- Students' Rights
- Students' Responsibilities
-

Campus Safety and The Clery Act

The Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act ("Clery Act") is the landmark federal law that requires colleges and universities to disclose information on security policies and timely, annual information about crime on and around campus.

Crime Statistics—Annual Update

The Colorado State University Police Department (<http://police.colostate.edu>) is responsible for releasing campus crime statistics to the CSU community. The Annual Fire and Safety Report (<http://police.colostate.edu/files/2014/04/2014-Safety-Report.pdf>) informs the CSU community about important procedures, policies, crime prevention programs, and crime statistics for the previous three years concerning reported crimes that occurred on-campus, in certain off-campus buildings or property owned or controlled by CSU, and on public property adjoining campus.

The Fire and Safety Update report is available to anyone requesting a copy and a notice of its availability is sent to all students and staff when the annual report is released in the fall. It can be found online through Public Safety (<http://safety.colostate.edu/cleryact>), or by contacting the CSU Police Department at (970) 491-6425.

Emergency Notifications and Timely Warnings

The Clery Act requires the university to notify the campus community about serious threats to safety on campus. When the threat is serious

and immediate, the university will issue an "emergency notification" to the campus (or, where appropriate, to those directly affected by the threat). Notifications may be made through any or all of the following methods:

1. CSU e-mail system
2. RAVE Alert text-based messaging system
3. Everbridge/ Reverse 911
4. CSU Emergency Telephone Network
5. Emergency Broadcast System

When the threat is no longer deemed serious or immediate, a statement will be issued indicating the return to normal conditions.

When a crime covered under the Clery Act has been committed on campus property (or, in some cases, other property covered by the Clery Act), but the facts do not indicate that the issuance of an emergency notification is appropriate, then the university may determine that a "timely warning" notification should be issued. The purpose of a timely warning is to keep the campus community informed about safety and security issues on an ongoing basis and to aid in the prevention of similar crimes. In order to warrant a timely warning, the crime committed must be determined by the university to constitute a serious and continuing threat to students and/or employees. Such a warning puts the community on alert, helps to educate students and employees about dangers on campus, and in some cases, may even lead to the apprehension of a suspect or reduction of the threat.

Missing Student Notification

When a student who resides in campus housing is reported missing, the university will initiate an investigation to determine whether the student is indeed missing. If there is good cause to believe the student is missing, the university may (among other measures) attempt to contact the individual(s) designated as confidential contacts by the student for such purposes, and, in the case of an unemancipated minor under the age of 18, the student's parent(s) or guardian. Law enforcement authorities (CSU Police) will also be contacted, if they have not already been notified of the concern. If you believe a CSU student is missing, you should immediately contact the CSU Police Department by calling (970) 491-6425. See the Missing Student Notification Policy (<http://policylibrary.colostate.edu/policy.aspx?id=566>) for more information.

Registered Sex Offenders

The CSU Police Department is required to notify the CSU community about where public information regarding registered sex offenders can be obtained ("Megan's Law"). A current listing of sex offenders is available at the Colorado Bureau of Investigation Convicted Sex Offender Site (<https://www.colorado.gov/apps/cdps/sor>).

CSU Police Department Services

The CSU Police Department offers additional services to the CSU community.

Consensual Relationships

CSU is committed to the principle that its personnel shall carry out their duties in an objective and ethical fashion and in an atmosphere in which conflicts of interest are identified and managed. CSU does not interfere with private choices regarding personal relationships

when these relationships do not interfere with the goals and policies of CSU. However, consensual romantic or sexual relationships in which one party retains a direct supervisory or evaluative role over the other party have the potential to interfere with these goals and policies. Therefore, consistent with its commitment to objectivity and ethical behavior, CSU is required to intervene in such circumstances.

A romantic, intimate, or sexual relationship in which one individual is in a position to exercise authority over the other creates conflicts of interest and perceptions of undue advantage or disadvantage. When both parties have consented at the outset to a romantic, intimate, or sexual relationship, this consent does not remove grounds for a charge of conflict of interest, sexual harassment, or violation of applicable parts of the CSU's Code of Ethical Behavior, based upon subsequent unwelcome conduct. Pursuant to this policy, faculty members and other university employees are prohibited from entering into consensual, intimate relationships with students over whom they exercise authority. Refer to the full CSU Policy on Consensual Relationships (<http://oeo.colostate.edu/consensual-relationships-policy>), along with procedures for reporting any violation of such policy.

Retaliation against persons who report concerns about consensual relationships is also prohibited and constitutes a violation of this policy.

FERPA (Student Privacy)

Family Education Rights and Privacy Act

Students have certain rights concerning their "education records" under the Family Education Rights and Privacy Act (FERPA), as amended, 20 U.S. 1232g et. seq. These include:

1. The right to inspect and review the student's education records within 45 days of the day CSU receives request for access. Students should submit to the Registrar's Office, or in the case of graduate studies, to the Graduate School, written requests that identify the record(s) they wish to inspect. The CSU official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the CSU official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

All enrolled and former students may have access to their education records maintained within CSU. Those individuals and agencies having access to a student's records include "school officials," defined below, with legitimate educational interests; parents claiming a student as a dependent on their federal income tax; scholarship and other financial aid organizations supporting the student; organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, student aid programs, or to improve instruction; organizations carrying out accrediting functions of programs offered by CSU; appropriate person(s) in an emergency; and any party designated by judicial order or subpoena, provided that, except for subpoenas and orders issued for law enforcement purposes, CSU first notifies the student of the order or subpoena. Any other individual or organization must have

a student's written consent to view or have access to the education record.

A student may receive one copy of each item of information contained in the education record at a cost of \$.25 (charge subject to change) per page.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask CSU to amend a record that they believe is inaccurate or misleading. They should write the CSU official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If CSU decides not to amend the record as requested by the student, CSU will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosure of personally identifiable information (defined below) contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Students can control the release of their private information through FAMweb (<http://parentsandfamily.colostate.edu/famweb>), a secure online portal that provides limited access to a student's education records to families and trusted individuals designated by the student. In RAMweb, the secure online student portal, the student sets permissions to allow others to access certain categories of education records that are frequently requested for release. The following types of student information can be viewed in FAMweb:

- eBilling information
- Grades for the last completed term
- Unofficial transcript
- Class schedule for the semester in session
- Tax information

An exception to the requirement for prior authorization for release of records exists for public release of "directory information" which is published in university directories and may be released to third parties. FERPA allows a student to limit the release of directory information; see the Registrar's website (<http://registrar.colostate.edu/student-resources/ferpa-student-privacy>) for procedures to apply restrictions on directory information.

Colorado State defines "directory information" as the following:

- Student name
- Current mailing address
- E-Mail address
- Telephone number
- Major field of study
- Classification level (freshman, sophomore, junior, senior, graduate)
- Dates of attendance
- Current or previous enrollment status (full-time, half-time, three-quarters, and/or less than half-time)
- Anticipated date/term of graduation and expected degree(s)

- Honors and degrees awarded
- Participation in officially recognized activities and sports
- Height and weight of athletic team members
- Video and photographic images of students with the exception of the official CSU identification photograph

Another exception allows disclosure of information about the student to school officials with legitimate educational interests. A school official is a person employed by CSU in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel in an educational role and health staff); a person or company with whom CSU has contracted (such as an attorney, auditor, or collection agent); a person serving on the governing board of CSU; or a student serving on an official committee, or in a volunteer capacity, such as a peer mentor or member of a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Such officials have legitimate education interests when they need to review a student's education records to fulfill their responsibilities to CSU. As an example of a company with whom CSU has contracted, CSU works with the National Student Clearinghouse which provides a Current Enrollment Verification Certificate and/or degree verification to students and vendors indicating whether the students are enrolled for part-time or full-time status at CSU, or have received a degree.

Furthermore, CSU discloses students' education records without consent, upon request, to officials of other schools in which a student seeks to or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by CSU to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-4605.

Personally Identifiable (Private) Information

Personally identifiable, or private, information includes age, date and place of birth. It also includes grades, Social Security number, CSUID number, class schedule, residency, and class rank. None of these items may be released without the student's permission, except as otherwise allowed by FERPA.

Deceased Student Information Disclosure

Due to the sensitivity and privacy issues involved in student deaths, a Confidential Information alert will be placed on the deceased student's accounts and records to block public access to all personal and academic information once verification of the death is confirmed.

Access to Student's and their Family's Contact Information

CSU does not provide a service of producing student directory information lists for external requestors. Student directory information is available by individual name search in the Find People (<http://search.colostate.edu/search-directory.aspx>) public/online directory accessed through the CSU web page. Requests for family contact information (e.g., invitations to honorary societies or

marketing for care packages) are limited and require advance approval from the Dean of Students.

Further information about CSU's FERPA policy (<http://policylibrary.colostate.edu/policy.aspx?id=591>) and related guidance and resources are available from the Office of the Registrar (<http://registrar.colostate.edu>).

Freedom of Expression and Inquiry

The faculty of CSU considers freedom of discussion, inquiry, and expression to be in keeping with the history and traditions of our country and to be a cornerstone of education in a democracy. CSU is committed to valuing and respecting diversity, including respect for diverse viewpoints. If any members of our campus community (students, faculty, or staff) feel that they have been treated unfairly because of their views, they should contact the Office of Conflict Resolution and Student Conduct Services (<http://www.conflictresolution.colostate.edu>) in Aylesworth Hall NW, Room 325. The policy of CSU is to encourage members of the CSU community to engage in discussion, to exchange ideas and opinions, and to speak, write, and publish freely in accordance with the guarantees and limitations of our state and national constitutions.

Faculty and students have not only a right, but also a responsibility, to examine critically the insights, understandings, values, issues, and concerns which have evolved in the various areas of human activity. Consequently, it is the policy that CSU-registered student organizations may extend invitations for guest lecturers, exhibitors, performers, and exhibitions of works of art with no restrictions of form or content other than those imposed by law. It is understood that inviting a speaker, performer, or exhibit does not imply concurrence of the CSU or of the sponsoring organization with the opinions, beliefs, or values expressed.

In exercising their rights, members of the CSU community should understand that the public may judge the institution by their actions. Hence, they should at all times strive to be honest and accurate, exercise appropriate restraint, and show appropriate respect for the opinions of others.

Free Speech and Right to Peaceful Assembly

CSU acknowledges the rights of students and others to engage in free speech and to assemble in groups for peaceful purposes. At such gatherings, CSU expects the rights and privileges of all persons to be respected and that there will be no endangerment to health or safety. Such gatherings must in no way disrupt the normal conduct of University affairs or endanger University property.

CSU may, consistent with the constitution, establish reasonable regulations regarding the time, place, and manner in which persons exercise their free speech rights to the extent necessary to prevent disruption of the normal conduct of University affairs or endangerment of health and safety of persons or damage to property. Accordingly, persons planning such assemblies on the CSU campus must coordinate their activities and plans in advance through the Lory Student Center Event Planning Office (<http://sc.colostate.edu/event-planning.aspx>). The sponsoring individual or group must assume responsibility for compliance with all state and municipal laws and

CSU policies. Assistance from staff is available to help plan such events, and the assistance of University police may be requested to help with traffic or crowds.

Any act by demonstrators or groups which interferes with the rights of others, disrupts the normal functioning of CSU, damages property, or endangers health or safety is grounds for suspension or dismissal from the University and/or removal from University property. In addition, such actions may also be the basis for criminal charges by law enforcement authorities. Demonstrations are prohibited in any special-use facility, classroom, and in any place or manner that interferes with educational and other normal functions and operations of the institution. Demonstrators refusing to vacate premises upon request are subject to immediate temporary suspension and arrest under applicable municipal and state laws.

Commercial speech may be regulated by the University to a greater extent than noncommercial speech and expressive activities. Commercial speech is any form of expression or activity that is primarily intended to advertise, market, sell, or promote goods and services on behalf of any person or entity that is not a CSU department or affiliated organization. Soliciting for charitable contributions or donations is included in the definition of commercial speech. The University is under no obligation to make any campus areas or facilities available for commercial activities. When permitted, commercial speech should promote an educational, rather than commercial atmosphere on campus, prevent exploitation of students, and preserve the tranquility of the campus. In order to promote these objectives, the Campus Activities Director acts as, or may designate, a coordinator for commercial events held on campus, including (but not limited to) events at the Lory Student Center Plaza. The coordinator is responsible for working with student organizations, other sponsors, and vendors to assure that events are in accordance with University regulations.

To learn more about the University's policy on the right to peaceful assembly and the procedures for reserving space, visit the Lory Student Center (<http://www.sc.colostate.edu/lsc-policies.aspx#assembly>) website.

Hazing

Hazing is against the law in the State of Colorado and is a violation of the Student Conduct Code (<http://www.conflictresolution.colostate.edu/prohibited-conduct-organizations>) that may result in discipline of both individuals and student organizations who engage in such conduct. Apathy or acquiescence in the presence of hazing are likewise considered violations.

Hazing means any activity by which a person recklessly endangers the health or safety of or causes a risk of bodily injury to an individual for purpose of initiation or admission into or affiliation with any student organization; except that hazing does not include customary athletic events or other similar contests or competitions, or authorized training activities conducted by members of the armed forces of the State of Colorado or the United States. Hazing includes but is not limited to:

1. forced and prolonged physical activity;
2. forced consumption of any food, beverage, medication, or controlled substance, whether or not prescribed, in excess of the

usual amounts for human consumption or of any substance not generally intended for human consumption;

3. prolonged deprivation of sleep, food, or drink.

Physical hazing includes any physical activity which is harmful to the individual (i.e. paddling, abandonment, excessive exercise, eating repulsive food, exposure to extreme temperatures, nudity, consumption of alcohol or drugs, etc.).

Psychological hazing includes acts which compromise the personal dignity of an individual, thereby causing personal embarrassment or shame to the individual; causing an individual to be the object of malicious amusement or ridicule; or causing an individual psychological harm or emotional strain.

Any requirements by an initiate or new member which compel another initiate or new member to participate in any activity which is illegal, which is known by the compelling party to be contrary to the individual's moral or religious beliefs, or which is contrary to the rules/regulations of the university, shall be construed as hazing.

Discrimination, Harassment, Sexual Assault, and Violence

Discrimination, Harassment, Sexual Harassment, Sexual Misconduct, Domestic Violence, Dating Violence, Stalking, and Retaliation

CSU is committed to providing an environment that respects the dignity and worth of every member of its community. CSU strives to create and maintain a work and study environment that is fair, inclusive, and responsible so that each member of the CSU community is treated with dignity and respect and is rewarded for relevant considerations such as ability and performance. CSU has adopted a comprehensive policy (<http://oeo.colostate.edu/discrimination-harassment-sexual-harassment-sexual-misconduct-domestic-violence-dating-violence-stalking-and-retaliation-policy>) to define the types of conduct that are prohibited as a means of achieving these goals and to prevent harm arising from discrimination, harassment, sexual harassment, sexual misconduct, domestic violence, dating violence, stalking, and retaliation. All students, faculty, staff, and other persons having business with CSU are expected to know and follow this policy.

Details regarding what is involved in bringing a complaint and the procedures for informal and formal resolution are available from the Office of Support and Safety Assessment (<http://www.supportandsafety.colostate.edu>) for student-to-student behavior and the Office of Equal Opportunity (<http://oeo.colostate.edu>) for faculty, staff, students, and visitors.

Alcohol and Sexual Assault Prevention Training

CSU is committed to providing a safe campus for all students and promoting a culture of respect and dignity. As a result, CSU requires students to complete the Haven: Understanding Sexual Assault and AlcoholEdu programs.

All admitted students are required to complete the Haven: Understanding Sexual Assault™ Program, which educates students

on issues associated with stalking, relationship violence, and sexual assault. Students learn about consent, how to help a friend, and how to intervene in a situation that might escalate to sexual assault. Built in collaboration with leading researchers and practitioners, Haven is an interactive module designed to engage and empower students to create safe, healthy campus environments. This course meets the educational mandate of the 2013 Federal Campus Sexual Violence Elimination Act (<http://campussaveact.org>).

AlcoholEdu for College is an interactive, online program designed to inform students about how alcohol affects the body, mind, perceptions, and behaviors. The research-based course offers accurate information in a non-judgmental tone, while providing personalized feedback that encourages students to consider their own drinking decisions and those of their peers. Students under age 23 must complete the AlcoholEdu Program. Even if students don't drink, they may still be impacted by alcohol use in the college environment.

More information about these important programs is available from the CSU Health Network (<http://health.colostate.edu/resources/alcohol-other-drugs>).

Students' Rights

As members of the CSU community, students can reasonably expect the following:

1. Students have the right to freedom from discrimination or harassment on the basis of race, ethnicity, gender, sexual orientation, religion, creed, political beliefs, national origin, age, or disability.
2. The University shall not interfere with the rights of students to join associations.
3. Students should have accurate information relating to maintenance of acceptable academic standing, graduation requirements, program student learning outcomes, and individual course objectives and requirements.
4. Student records will be maintained in keeping with the Family Education Rights and Privacy Act of 1974 and subsequent amendments and the guidelines for implementation.
5. In all instances of general discipline, academic discipline, and academic evaluation, the student has the right to fair and impartial treatment.
6. CSU considers freedom of inquiry and discussion essential to a student's educational development. Thus, the University recognizes the right of all students to engage in discussion, to exchange thought and opinion, and to speak, write, or print freely on any subject in accordance with the guarantees of Federal or State constitutions. This broad principle is the cornerstone of education in a democracy.
7. Students have the right to be free from illegal searches and seizures.
8. Students have the right to freely exercise their full rights as citizens. In this light, the University affirms the right of students to exercise their freedoms without fear of University interference for such activity.

- Student Bill of Rights
- Students' Rights Regarding Their Education Records
- Right to Discuss Concerns with Department Heads/Chairs

- Right to File a Grade Appeal
- Right to File a Complaint
- Right to Seek Membership in Student Organizations
- Victims' Rights
- Resources

Student Bill of Rights

The Colorado Student Bill of Rights, Colo. Rev. Stat. § 23-1-125, guarantees certain rights and expectations for various aspects of student academic life including advising, transferability of credits, and degree completion.

One such right is that a student may enter into an agreement with the University to formalize a plan to obtain a degree in four years (§ 23-1-125(1)(b), C.R.S.). CSU supports this timeline for graduation by publishing advising guidelines under which a student may expect to graduate in four years, and also maintains Major Completion Maps. Major Completion Maps (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>) are designed to assist students and their advisors in building a semester-by-semester course schedule that will enable students to complete their baccalaureate degree within the minimum number of semesters established in the major's program of study. Major Completion Maps have been approved through the University's curriculum process. Since the General Catalog has an earlier publication date, the program of study printed in the catalog may not reflect the current published Major Completion Map.

There are some majors that a student may not be able to complete in four years because of additional degree requirements recognized by the Colorado Department of Higher Education.

The Bill of Rights also includes:

§ 23-1-125. Commission directive - student bill of rights - degree requirements - implementation of core courses - competency test - prior learning

1. Student bill of rights. The general assembly hereby finds that students enrolled in public institutions of higher education shall have the following rights:
 - a. Students should be able to complete their associate of arts and associate of science degree programs in no more than sixty credit hours or their baccalaureate programs in no more than one hundred twenty credit hours unless there are additional degree requirements recognized by the commission;
 - b. A student can sign a two-year or four-year graduation agreement that formalizes a plan for that student to obtain a degree in two or four years, unless there are additional degree requirements recognized by the commission;
 - c. Students have a right to clear and concise information concerning which courses must be completed successfully to complete their degrees;
 - d. Students have a right to know which courses are transferable among the state public two-year and four-year institutions of higher education;
 - e. Students, upon completion of core general education courses, regardless of the delivery method, should have those courses satisfy the core course requirements of all Colorado public institutions of higher education;

- f. Students have a right to know if courses from one or more public higher education institutions satisfy the students' degree requirements;
- g. A student's credit for the completion of the core requirements and core courses shall not expire for ten years from the date of initial enrollment and shall be transferrable [sic].

Students' Rights Regarding Their Education Records

Students have certain rights concerning their "education records" under the Family Education Rights and Privacy Act (FERPA), as amended, 20 U.S. 1232g et. seq. Please see the FERPA (Student Privacy) section of this catalog for more information on FERPA.

Right to Discuss Concerns with Department Heads/Chairs

Academic department heads are expected to incorporate student input into decisions affecting academic instruction, advising, and student learning assessment. This input usually takes form through departmental advisory committees and student evaluation of faculty members. Individual students, however, may make appointments with their department heads to discuss specific problems, plans, or suggestions.

Right to File a Grade Appeal

Instructors are responsible for stating clearly the instructional objectives of the course at the beginning of each term and for evaluating student achievement in a manner consistent with these objectives. Students are responsible for maintaining standards of academic performance established for each course in which they are enrolled. Instructors are responsible for determining and assigning final course grades. Graded examinations, papers, and other materials used as a basis for evaluating a student's achievement will be available to the student for inspection and discussion.

Students may appeal instructors' grading decisions. The burden of proof, however, rests with the student. More information is available in Grading.

Right to File a Complaint

CSU is committed to treating all students fairly and respectfully. CSU's policies that apply to students are published annually in the General Catalog, in addition to those found in other resources from individual departments and offices. In an instance of perceived violation of a CSU policy, a student may file a complaint in accordance with the Student Complaint Reporting (<http://policylibrary.colostate.edu/policy.aspx?id=603>) policy.

When a student encounters a problem on campus that he or she does not know how to resolve, he or she should always try to work the problem out by first discussing it with those involved. Dealing with concerns in the most direct and honest fashion should always be the first step toward resolution. Many problems are resolved when a student makes an appointment with a faculty or staff member and calmly and honestly communicates their concerns.

If, however, an issue or problem still exists, a student may initiate the formal complaint procedures at CSU. All formal complaints must be put in writing and must be signed by the student (including electronic or digital facsimile signatures clearly attributable to the student--for

example, the student's name in an email message received from his or her CSU email account). A Student Complaint Form is provided as a tool for presenting a written complaint, but is not required.

Procedures for Filing a Written Complaint

1. Attempt an informal resolution of the matter as noted above.
2. Complete the Student Complaint Form and mail, email, or deliver it to the VPSA by mail, email, or campus delivery to:

Vice President for Student Affairs
Attn: Dean of Students
201 Administration Building
8004 Campus Delivery
Fort Collins, CO 80523-8004

email: VPSA@colostate.edu

Tel: (970) 491-5312

Fax: (970) 491-7025

The VPSA Office will notify you with an acknowledgement that the complaint was received.

NOTE: All Student Complaints must be submitted in writing. A complaint reported by telephone will not be considered as submitted for review.

Complaint Review and Resolution Process

The VPSA Office is not an advocate for any party to a dispute but is an advocate for a fair process. Acting as a neutral, third party, the Dean of Students or her or his designee will first attempt to resolve the complaint by working with the student and the appropriate CSU employees and officials to assure a fair process. The Dean of Students may refer the matter to the Conflict Resolution and Student Conduct Services (CRSCS) office for assistance in attempting an informal resolution. This assures that the complaint is considered by the appropriate officials and receives an impartial review.

If the matter is not able to be resolved informally, the Dean of Students will forward the complaint to the appropriate CSU Vice President or other official for further review and attempt to resolve the matter. If the matter is still not resolved to the Student's satisfaction, the Dean of Students will help identify other resources that may be available to the Student including any appeals that may be available from agencies external to CSU, including the Colorado Department of Higher Education (CDHE) and Higher Learning Commission (HLC). Contact information for these agencies is provided in the full policy document (<http://policylibrary.colostate.edu/policy.aspx?id=603>).

The complete policy and procedures for filing a student complaint is available through the Policy Library (<http://policylibrary.colostate.edu/policy.aspx?id=603>).

Right to Seek Membership in Student Organizations

CSU officially recognizes a great variety of student organizations. Policies established by the Board of Governors prohibit any recognized student organization from excluding students from membership on the basis of race, color, religion, national origin, gender, sexual orientation, age, veteran status, or disability.

All recognized student organizations must assure CSU that their membership policies and procedures are in compliance with this policy. Local chapters of regional, national, or international organizations must assure CSU that membership policies of the parent organization do not require the local chapter to exclude any student from membership on the basis of race, color, religion, national origin, gender, sexual orientation, age, veteran status, or disability.

Victims' Rights

The University is committed to providing appropriate support and referrals to persons who have been the victims of crimes or violations of University Policy or the Student Conduct Code. A victim of another person's unlawful or prohibited actions may seek personal support, explore options, and report the incident.

Confidential services are available through the Victim Assistance Team (<http://www.wgac.colostate.edu/support>), University Counseling Center (<http://health.colostate.edu/services/counseling-services>), CSU Health Network (<http://health.colostate.edu>), and Student Legal Services (<http://sls.colostate.edu>). Other University agencies may be required by law and University policy to take appropriate action when notified. Victims may receive assistance from other appropriate University resources, such as relocation within or to campus housing; academic support services; notification of appropriate persons/agencies; and at the victim's request, University cooperation in using University procedures to deter harassment or retribution.

Students are encouraged to report complaints of: (Title IX requirement)

- Sexual harassment or discrimination to the Office of Equal Opportunity (<http://oeo.colostate.edu>); (<http://oeo.colostate.edu>)
- crimes to the Colorado State University Police (<http://police.colostate.edu>);
- violations of the University Conduct Code to residential staff (<http://reshallpolicies.colostate.edu>) or Conflict Resolution and Student Conduct Services (<http://conflictresolution.colostate.edu/home>);
- interpersonal and sexual violence to the Office of Support and Safety Assessment (<http://www.supportandsafety.colostate.edu>), Colorado State University Police (<http://police.colostate.edu>), and Victim Assistance Team (<http://www.wgac.colostate.edu/support>) (confidential resource);
- violations of their right to free speech in the classroom directly to the instructor involved or the department chair or Conflict Resolution and Student Conduct Services (<http://www.conflictresolution.colostate.edu>).

Sexual Misconduct Reporting Exemption: The University encourages reporting of sexual misconduct by the impacted party or others who are aware of sexual misconduct incidents. To encourage reporting, it is the practice of Conflict Resolution and Student Conduct Services to not charge reporting parties for other, lesser violations of this Student Conduct Code that may be related to the sexual misconduct incident.

For example, a student who may have been under the influence of drugs or alcohol at the time of experiencing or witnessing a sexual misconduct incident will not be charged with drug or alcohol violations under this code.

Resources

Students who have questions, concerns, or need assistance with application of rights listed above may contact the pertinent resource including: Conflict Resolution and Student Conduct Services, Office of the Vice President for Student Affairs, Office of Equal Opportunity, Provost/Senior Vice President's Office, or academic department office. If unclear as to which office to approach, begin with Conflict Resolution and Student Conduct Services.

Students' Responsibilities

- CSU has twice been ranked among the nation's Top Character Building Institutions (<http://www.news.colostate.edu/release.aspx?id=1943>) by the Templeton Foundation. Through curricular and co-curricular programs, students at CSU develop knowledge and skills to engage as respectful citizens in a diverse society, recognize the implications of their many choices, and become ethically responsible individuals. The policies that follow reflect CSU's continuing commitment to uphold the highest standards of ethical responsibility and conduct.
-
- Classroom Behavior
- Student Health Insurance Requirement
- First Year Residence Hall Requirement
- Academic Integrity/Misconduct
- CSU Student Conduct Code

Classroom Behavior

The classroom instructor is responsible for all classroom conduct, behavior, and discipline. CSU policy permits only enrolled students, persons authorized by the instructor, and administrative personnel to be admitted to instructional areas during scheduled periods. CSU policy and Colorado state law also prohibit all forms of disruptive or obstructive behavior in academic areas during periods of scheduled use or any actions which would disrupt scheduled academic activity. Use of classrooms and other areas of academic buildings during nonscheduled periods is permitted only in accordance with departmental, college, or CSU practices.

Any person or persons in unauthorized attendance or causing a disturbance during scheduled academic activity shall be identified by the instructor and asked to leave. Persons refusing such a request may be removed by the CSU police and are liable to legal prosecution and/or disciplinary action.

Student Health Insurance Requirement

Domestic students taking six or more resident instruction credits, and all INTO and international students enrolled in any credit level, are required to have health insurance. Eligible students will be automatically enrolled in the CSU Student Health Insurance Plan (<http://health.colostate.edu/student-health-insurance>) unless they waive coverage by showing proof of private health insurance.

First Year Residence Hall Requirement

Experience and research has demonstrated that students who live on campus adjust to college life faster, have higher GPAs, and are

more likely to graduate than students who live off campus. For this reason, all newly admitted first-year students without previous college experience, who are single, under 21 years of age, and not living with their parents in the Fort Collins area, are required to live their first two consecutive semesters in a residence hall (<http://reshallpolicies.colostate.edu/residence-hall-contract-guidelines>). Credits taken concurrent with high school and/or credits attained through Advanced Placement (AP) do not apply toward living experience.

Academic Integrity/Misconduct

The foundation of a university is truth and knowledge, each of which relies in a fundamental manner upon academic integrity and is diminished significantly by academic misconduct. Academic integrity is conceptualized as doing and taking credit for one's own work. A pervasive attitude promoting academic integrity enhances the sense of community and adds value to the educational process. All within the University are affected by the cooperative commitment to academic integrity.

Faculty/instructors shall work to enhance a culture of academic integrity at the University.

Each course faculty/instructor shall clearly state in his or her course syllabus that the course will adhere to the Colorado State University General Catalog Academic Integrity Policy and Student Conduct Code. In addition, by the end of the second week of classes and/or in the syllabus, the faculty/instructor shall address academic integrity as it applies to his or her course by providing guidelines about course elements for the students.

Each course faculty/instructor shall provide the opportunity for students to sign an affirmative honor pledge on any course components of the faculty/instructor's choosing. The honor pledge shall include one of the following statements and may be expanded according to faculty/instructor's, department, or college practices and policies:

HONOR PLEDGE: I have not given, received, or used any unauthorized assistance.

HONOR PLEDGE: I will not give, receive, or use any unauthorized assistance.

A course faculty/instructor may offer the student the opportunity to write out the pledge if deemed practicable. Students may be given the opportunity to include an honor pledge along with electronic submissions of their work. A student's decision to forego signing the honor pledge shall not be used as evidence of academic misconduct and shall not negatively impact a student's grade.

Academic misconduct (see examples below) undermines the educational experience at Colorado State University, lowers morale by engendering a skeptical attitude about the quality of education, and negatively affects the relationship between students and faculty/instructors.

Faculty/Instructors are expected to use reasonably practical means of preventing and detecting academic misconduct. Any student found responsible for having engaged in academic misconduct will be subject to academic penalty and/or University disciplinary action.

Students are encouraged to positively impact the academic integrity culture of CSU by reporting incidents of academic misconduct.

Examples of academic misconduct include (but are not limited to):

1. Cheating – Cheating includes using unauthorized sources of information and providing or receiving unauthorized assistance on any form of academic work or engaging in any behavior specifically prohibited by the instructor in the course syllabus or class presentation. Examples include copying the work of another student on an exam, problem set, or quiz; taking an exam or completing homework for another student; possessing unauthorized notes, study sheets, answer codes, programmed calculators, or other materials during an exam; and falsifying exams or other graded paper results;
2. Plagiarism – Plagiarism includes the copying of language, structure, images, ideas, or thoughts of another, and representing them as one's own without proper acknowledgment and is related only to work submitted for credit; the failure to cite sources properly; sources must always be appropriately referenced, whether the source is printed, electronic or spoken. Examples include a submission of purchased research papers or homework as one's own work; paraphrasing and/or quoting material without properly documenting the source;
3. Unauthorized Possession or Disposition of Academic Materials – Unauthorized possession or disposition of academic materials includes the unauthorized selling or purchasing of examinations, term papers, or other academic work; stealing another student's work; using information from or possessing exams that an instructor did not authorize for release to students;
4. Falsification – Falsification encompasses any untruth, either verbal or written, in one's academic work. Examples include receiving unauthorized assistance or working as a group on a take-home exam, independent exam, or other academic work without authorization, or lying to avoid taking an exam or turning in other academic work. Furthermore, falsification of any University document is a violation of academic integrity. Examples include student identification numbers, transcripts, grade sheets, credentials, University status, or letters of recommendation. Forging a signature is another specific example of falsification.
5. Facilitation of any act of Academic Misconduct – Facilitation of any act of academic misconduct includes knowingly assisting another to commit an act of misconduct. Examples include knowingly discussing specifics of the content of a test or examination you have taken with another student who has not yet taken that test or examination or facilitating, by sharing one's own work, a student's efforts to cheat on an exam or other academic work.

(Academic Integrity policies appear in the Graduate and Professional Bulletin, the Faculty and Administrative Professional Manual, and the Honor Code of the Professional Veterinary School and the School of Public Health as applicable.)

Procedures for Dealing with Academic Misconduct

Faculty/Instructors are expected to use reasonably practical means of preventing and detecting academic misconduct. If a faculty/instructor has evidence that a student has engaged in an act of academic misconduct in his or her course, prior to assigning any academic penalty, the faculty/instructor shall notify the student of the concern and make an appointment with the student to discuss the concern.

The student shall be given the opportunity to give his or her position on the matter. After being given the opportunity, if the student admits to engaging in academic misconduct, or if the faculty/ instructor judges that the preponderance of evidence supports the allegation of academic misconduct, the faculty/instructor may then assign an academic penalty. Examples of academic penalties include assigning a reduced grade for the work, a failing grade in the course, removing the Repeat/Delete option for that course, or other lesser penalty as the faculty/instructor deems appropriate. The faculty/instructor shall notify the student in writing of the infraction and the academic penalty to be imposed. A copy of this notification shall be sent to Conflict Resolution and Student Conduct Services.

Faculty/instructors have a responsibility to report to Conflict Resolution and Student Conduct Services all cases of academic misconduct in which a penalty is imposed. Incidents which the faculty/instructor considers major infractions (such as those resulting in the reduction of a course grade or failure of a course) should be accompanied by a recommendation that a hearing be conducted to determine whether additional university disciplinary action should be taken.

If the student disputes the decision of the faculty/ instructor regarding alleged academic misconduct, he or she may request a hearing with Conflict Resolution and Student Conduct Services. The request must be submitted or postmarked, if mailed, no later than 30 calendar days after the first day of classes of the next regular semester following the date the grade for the course was recorded. If no appeal is filed within the time period, the decision of the faculty/instructor will be final.

If, after making reasonable efforts, the faculty/instructor is unable to contact the student or is unable to collect all relevant evidence before final course grades are assigned, he or she shall either:

1. Assign an interim grade of Incomplete and notify the student in writing of the reason for this action; or
2. Refer the case to Conflict Resolution and Student Conduct Services for a hearing before deciding on a penalty.

A hearing will be conducted with Conflict Resolution and Student Conduct Services to determine whether a preponderance of evidence exists in support of the allegations of academic misconduct. If the Hearing results in a finding of insufficient evidence to support the allegation or clears the student of the charges, the faculty/instructor will determine a grade based on academic performance and without reflection of the academic misconduct charge and change any previously assigned grade accordingly. If the Hearing results in finding of academic misconduct, the Hearing Officer and faculty/instructor will confer regarding appropriate sanctions. The faculty/instructor will make the final determination regarding academic penalties, which may include, among other options, assigning a reduced grade for the course, assigning a failing grade in the course, removal of the Repeat/Delete option for that course, or other lesser penalty as the course faculty/instructor deems appropriate. The Hearing Officer will make the final determination regarding University disciplinary sanctions.

In a case of a serious incident or repeat offense of academic misconduct that is upheld through a hearing, the Hearing Officer and the faculty/instructor shall decide whether the student's transcript will be marked with a notation of "AM," which will be explained on the student's transcript as a "finding of Academic Misconduct." A notation of "AM" will be made on the student's transcript only if the Hearing

Officer and the faculty/instructor agree that this penalty should be imposed.

Grades marked on the student's transcript with the designation "AM" will not be eligible for the Repeat/Delete Policy.

Information about incidents of academic misconduct is kept on file in the Conflict Resolution and Student Conduct Services office. No further action is initiated unless the incident constitutes a major infraction, the student has a prior record of University infractions, or there are subsequent reports of misconduct.

CSU Student Conduct Code

The Student Conduct Code exists to notify students, faculty, and staff of the specific expectations Colorado State University holds related to student behavior and the rights and responsibilities that accompany being a student and participating in student clubs or organizations.

Colorado State University expects students to maintain standards of personal integrity in harmony with its educational goals; to be responsible for their actions; to observe national, state, local laws, and University regulations; and to respect the rights, privileges, and property of other people.

The student conduct process is a learning experience which can yield growth, behavioral changes, and personal understanding of one's responsibilities and privileges. This process balances the needs and rights of students with the needs and expectations of the University and larger community. It supports Colorado State University values and community standards with a continuum of responses from disciplinary sanction or restriction to education, counseling, and restorative justice.

Students are treated with care, fairness, tolerance, and respect. The needs of the complainant, the respondent, and the community-at-large are equally important.

The University Student Conduct Code defines University intervention or disciplinary action related to the behavior of both individual students and University Recognized Student Organizations. Policies and procedures specific to student organizations are noted in each section.

The Student Conduct Code is available:

1. On the web at Conflict Resolution and Student Conduct Services (<http://conflictresolution.colostate.edu>)
2. In hard copy at:
 - Conflict Resolution and Student Conduct Services, Aylesworth Hall NW, Room 325
 - Vice President for Student Affairs, Administration Building, Room 201
 - Housing and Dining Services, Palmer Center
 - Residence hall front desks
 - Off-Campus Life, Lory Student Center, Room 274
 - Campus Activities, Lory Student Center, Room 130
 - Fraternity and Sorority Life, Lory Student Center, Room 142
 - ASCSU Office, Lory Student Center, Room 206
 - Student Legal Services, Lory Student Center, Room 284

The Conduct Code contains:

Preamble – which describes the University foundational principles and the rights and responsibilities of students.

I. Definitions – particularly related to student status, faculty status, university premises, academic misconduct, students accused of policy violations, students submitting complaints, and those related to Student Organizations.

II. Student Conduct Code Authority – describes the roles of university staff and students in administering the Conduct Code.

III. Proscribed Conduct – this section specifically outlines the rules and regulations which would subject a student or student organization to disciplinary action if committed. Additionally, jurisdiction related to academic units, violations of law, interim suspensions, student clubs and organizations, and fraternities and sororities is described.

IV. Student Conduct Code Procedures – specifically describes the procedures used in determining disciplinary charges, notification of charges and hearings, options for resolution of charges, the hearing procedure, decisions, sanctions, and appeals related to individual students.

V. All University Hearing Board Procedures – describing those related to Student Clubs and Organizations

VI. Record of Discipline – describes the keeping of internal disciplinary records and specific instances when disciplinary action becomes part of the student's official transcript.

VII. Victims – description of support available for victims, processes related to information and records related to victims, and reporting options available.

VIII. Interpretation and Revision of the Code

Prohibited Conduct

The list below describes the prohibited actions published in the Student Conduct Code. Students have an obligation to know and follow the regulations of the University. Violations will form the basis for University intervention or disciplinary action. The following actions are prohibited.

1. Academic misconduct including but not limited to: cheating, plagiarism, unauthorized possession or disposition of academic materials, falsification, or facilitation of acts of misconduct. Plagiarism includes the copying of language, structure, images, ideas, or thoughts of others and is related only to work submitted for credit. Disciplinary action will not be taken for academic work in draft form. Specific procedures for cases of academic misconduct are also described in the Academic Integrity Policy in this Catalog, the Graduate Student Bulletin, the Faculty Manual, or the Honor Code of the Professional Veterinary School as applicable.
2. Knowingly furnishing false information to any University official, instructor, office, organization, or on any University applications. Intentionally initiating or causing to be initiated any false report; any warning or threat of fire, explosion, or any other emergency.
3. Forgery, alteration, misuse, mutilation, or unauthorized removal of any University document, record, identification, educational material, or property.
4. Disruption or obstruction of teaching, classroom or other educational interactions, research, administration or disciplinary proceedings, residential communities, or participation in an activity that disrupts normal University activities, and/or threatens property or bodily harm or intentionally interferes with the right of access to University facilities or freedom of movement of any person on campus. Disruption or obstruction also includes any form of abuse, threat, intimidation, bullying, coercion, harassment or attempt to influence any person who submits a report, cooperates with any investigation or acts as a witness in relation to an alleged violation of this Student Conduct Code or any federal or state law.
5. Engaging in behavior or activities that obstruct the right of free speech or expression of any person on campus. (For more information, refer to the CSU policy on Freedom of Expression and Inquiry, which addresses student rights and responsibilities related to political expression, and contact Conflict Resolution and Student Conduct Services if you believe you have been treated differently because of your political, or other, perspectives.)
6. Abusive conduct, including physical abuse, verbal or written abuse, threats, intimidation, stalking, coercion, and/or other conduct which threatens or endangers the physical or psychological health, safety, or welfare of one's self, another individual or a group of individuals.
7. Harassment, meaning verbal, written or physical harassment on the basis of gender, race, sexual orientation, age, religion, or physical disability, including but not limited to any violation of federal or state laws, or University policy, prohibiting harassment. (Refer to the CSU Sexual Harassment policy and contact the Office of Equal Opportunity for more information on these issues.)
8. Sexual misconduct including but not limited to: obscene, lewd, or indecent behavior; deliberate observation of others for sexual purposes without their consent; taking, sharing or posting of photo-graphs/images of a sexual nature without consent; possession or distribution of illegal pornography; viewing or posting pornography in public venues; unwelcome sexual advances or requests for sexual favors or other verbal or physical conduct that is severe or pervasive; physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent, including but not limited to rape, sexual assault, sexual battery and sexual coercion; or any similar act in violation of state or federal law or the Student Sexual Harassment and Violence Policy.
9. Rioting, aiding, abetting, encouraging, participating in or inciting a riot. Failing to disperse at the direct request of police or University officials.
10. Failure to comply with the verbal or written directions of any University officials or law enforcement officers acting in the performance of their duties and in the scope of their employment, or resisting police officers while acting in the performance of their duties, including failure to identify oneself to these persons when requested to do so.
11. Attempted or actual theft of, damage to, use of, or possession of other persons' or University property or identity or unauthorized use of such; unauthorized entry, use, or occupation of other persons' or University facilities, property, or vehicles; or unauthorized possession, duplication, or use of University keys or access devices.
12. Illegal use or possession on University property of firearms or simulated weapons; other weapons such as blades larger than

pocket knives; ammunition or explosives; dangerous chemicals; substances, or materials; or bombs, or incendiary devices prohibited by law. Use of any such item, even if legally possessed, in a manner that harms, threatens, or causes fear to others. Weapons for sporting purposes shall be stored with the University Police, if such service is available.

13. Violations of any rules, contracts, or agreements governing residence in or use of University owned or controlled property, and athletic or other authorized special events. Violation of any University policy, rule, or regulation, which is published in hard copy or available electronically on the University website.
14. Unauthorized soliciting or selling in violation of the University solicitation policy.
15. Evidence of a violation or conviction of any federal or state law or local ordinance, when supported through the conduct process.
16. Use, possession, manufacturing, or distribution of alcoholic beverages except as expressly permitted by law or University policy. Alcoholic beverages may not be used by, possessed by, or distributed to any person under twenty one (21) years of age.
17. Use, possession, manufacturing, or distribution of illegal drugs, (under federal or state law) including but not limited to marijuana, narcotics, methamphetamine, cocaine, opiates, LSD, mushrooms, heroin, designer drugs such as Ecstasy and GHB, or other controlled substances are prohibited. Use or possession of prescription drugs other than for the person prescribed, or for use other than the prescribed purpose or amount are prohibited. Possession or use of drug paraphernalia including but not limited to equipment, products, and materials used to cultivate, manufacture, distribute, or use illegal drugs are prohibited.
18. Abuse of computer facilities or technological resources including but not limited to: unauthorized entry to, or use of computers, access codes, telephones, and identifications belonging to the University or other members of the University community; unauthorized entry to a file to use, read, transfer, or change the contents, or for any other purpose; interfering or disrupting the work of any University member; sending abusive or obscene messages or images; disrupting the normal operation of the University computing systems; violating copyright laws; or any other violation of the University computer use policy.
19. Abuse of the student conduct system including: failure to obey the notice to appear for a meeting or hearing; falsification, distortion, or misrepresentation of information; disruption or interference with the orderly conduct of a hearing; failure to comply with any requirements involving no contact with Complainants or witnesses or limitations related to access to specific facilities; harassment or intimidation of any person involved in a conduct proceeding; failure to comply with disciplinary sanctions or requirements.
20. Assisting, conspiring, or inciting others to commit any act of misconduct set forth in 1 through 19 above.

About the Catalog

Colorado State University reserves the right at any time, without notice, to change, modify, or cancel any course, program, procedure, policy, financial requirement, or disciplinary arrangement set forth in this catalog whenever, in its sole discretion, it determines such action to be appropriate. Furthermore, Colorado State will not be responsible for any failure to present or complete any course or program or to

Glossary

This glossary defines terminology to assist users to better understand content in the General Catalog.

Term	Definition
Bachelor's Degree	An award conferred by CSU signifying that the recipient has satisfactorily completed a minimum of 120 credit hours in an undergraduate course of study.
Catalog Updates	The General Catalog is published once annually prior to the beginning of the fall term. Changes made to policy or curriculum after publication that are effective in the catalog year (spring or summer terms) will be noted in the Catalog Updates section of the General Catalog (left navigation bar under "About the Catalog").
Certificate - Graduate	A Graduate Certificate is a directed academic qualification used to identify the successful completion of a focused area of study deemed important to a student's career objectives. A Graduate Certificate consists of a minimum of 9 specified credits, and not more than 15 credits at the 500 level or above.
Certificate - Undergraduate	Undergraduate Certificates are a directed academic qualification used to identify the successful completion of a focused area of study deemed important to a student's career objectives. Certificates are an option and are offered by certain departments. An undergraduate certificate consists of a minimum of 9 specified credits, and not more than 15 credits. A minimum of 9 credits must be course work at the upper-division level (300-400).
CEU	Continuing education unit (CEU) or continuing education credit (CEC) is a measure used in continuing education programs, particularly those required in a licensed profession, for the professional to maintain the license.
Concentration	A concentration is a sequence of at least 12 semester credits of designated courses within a major designed to accommodate specific interests of undergraduate students.
Credit	Unit that gives weight to the value, level or time requirements of an academic course taken at CSU
Credit hour	A credit hour is defined as 50 minutes of lecture or discussion/recitation per week for 16 weeks (800 minutes in a semester), 100 minutes of laboratory per week for 16 weeks (1600 minutes in a semester) when outside preparation is required, or 150 minutes of laboratory per week for 16 weeks (2400 minutes in a semester) when no outside preparation is required.
Credit load	For workload planning purposes (and to graduate with 120 credits in eight semesters), students should plan on an average of 15 credits per semester and should expect that each credit hour will require approximately two to three hours (for some students in some classes, more time and in a few classes less time) of effort per week to attend classes and to accomplish readings and out-of-class assignments in preparation for successful completion of the course requirements.
Degree	An academic degree is the state of recognized completion of studies at CSU. A diploma is generally issued in recognition of having satisfactorily completed the prescribed course of study.
Diploma	Is an academic credential issued by CSU, that testifies that the recipient has successfully completed a particular course of study or confers an academic degree.
Faculty - Adjunct	A CSU instructor whose appointment is primarily teaching and is not on the tenure track, may be part-time or full-time.
Faculty - Instructor	Initial rank usually given to those yet to complete the terminal degree (e.g., doctorate).
Faculty - Assistant Professor	A college or university faculty member early in their career, quality performance may lead to advancement to associate professor.
Faculty - Associate Professor	A college or university faculty member whose performance in teaching, research and scholarly activities, and service has advanced to associate professor.
Faculty - Full Professor	A college or university faculty who has attained the rank of professor (sometimes referred to as full professor) and is recognized for accomplishment at CSU, nationally, and internationally in their field of study and research.
Grade mode - Instructor Option	Allows the instructor to choose and inform the class whether traditional or (S/U) Satisfactory/Unsatisfactory grading will be used for a course.
Grade mode - Student Option	Either Traditional or Satisfactory/Unsatisfactory Grading selected by the student at the time of registration

perform any other activity, function, or obligation mentioned in this catalog. Since changes may occur at any time, students must check the relevant website (as noted on various pages in this catalog).

- Glossary
- Catalog Updates

Term	Definition
Grade mode - Satisfactory/Unsatisfactory	Performance equivalent to a grade of C or better is recorded as Satisfactory. Performance equivalent to D or F is recorded as Unsatisfactory. Neither S or U grades are used in calculating the CSU GPA.
Grade mode - Traditional	Traditional grading uses A to F grades, the instructor has the option to use pluses and minuses as indicated in the catalog section on grading.
Graduate level	Degrees at the masters, doctorate or professional level. Graduate level courses are those numbered 500 and above.
Independent Study	Individualized learning that is not available in courses, which allows a student to work independently with the approval and guidance of a supervising instructor for predetermined credits.
Interdisciplinary Studies Program	Interdisciplinary studies programs at the graduate level have courses that are intra-college (within one college) or intra-university (cross disciplines of more than one college). They are a series of courses focused on a particular problem or area of concern providing multi-disciplinary perspectives.
Licensure--teacher/educator	A series of courses including student teaching preparing students to be PK-12 teachers/educators. CSU in cooperation with the state offers credentials in areas listed in the School of Education section. Undergraduate students major in a discipline (e.g., Music, Agriculture, Early Childhood, Chemistry).
Major	A sequence of courses in a subject-matter area or academic discipline which, when accompanied by appropriate supporting courses, leads to an undergraduate degree.
Major Completion Map	Major Completion Maps are designed to assist students and their advisors in building a semester-by-semester course schedule that will enable students to complete their baccalaureate degree within the minimum number of semesters established in the major's program of study.
Minor	A sequence of related courses (minimum of 21 credits), which provide a student with unique opportunities to complement the major. Minors may be disciplinary (e.g., economics, range ecology) or multidisciplinary (arts leadership and administration, gerontology) and are offered only at the undergraduate level.
Option	A sequence of courses within a major or concentration of either guided electives or electives selected from areas of interest as approved by the department.
Prerequisite	A course(s) and or minimum grade requirement that must be completed to be prepared for the next course or sequence of courses.
Program of Study	Content and scope of knowledge, abilities, and skills a student is expected to master in a field of study, as well as the content and topics that are studied at each level.
Restriction	Conditions that apply to courses at the section level to limit registration in a course. Restrictions include department approval, field of study, college, student level, student class, campus location and/or student attribute.
Second Baccalaureate Degree	Enrollment classification for students who have earned one or more bachelor's degrees. An option when one is changing fields or careers.
Special Academic Unit--SAU	Multidisciplinary units (across departments) with courses and/or programs addressing complex problems and issues (e.g., sustainability, biomedical engineering).
Specialization	A recognized area of speciality within a graduate program, graduate programs may or may not have specializations.
Transcript - Official	Official copy of a student's permanent academic record at CSU, which includes all CSU courses taken, grades received, honors (Dean's List, graduation with distinction), and degrees conferred.
Undergraduate	A student at CSU pursuing a bachelor's degree program (usually 4 years).
Undergraduate - Freshman	0-29 earned credits, at CSU and accepted in transfer.
Undergraduate - Sophomore	30-59 earned credits at CSU and accepted in transfer.
Undergraduate - Junior	60-89 earned credits, at CSU and accepted in transfer.
Undergraduate - Senior	90+ earned credits, at CSU and accepted in transfer.

Catalog Updates

For New Courses approved for Spring 2016 after August 1, 2015 please see the Spring 2016 Class Schedule. Experimental Courses for the 2015-2016 Academic Year can also be found in the Class Schedule. The Class Schedule may be accessed through RAMweb or ARIESweb.

- **Graduate and Professional Bulletin Update, Sept 2015**
- Faculty Council (9-1-15 minutes) approved the addition of the Pearson Test of English (PTE) as an acceptable test

for English proficiency. The full text of the changes to the *Application: International Students* in the *Admissions Requirements and Procedures* section can be found on the Faculty (<http://facultycouncil.colostate.edu/faculty-council-meeting-dates-agendas-minutes>) Council Agenda (<http://facultycouncil.colostate.edu/faculty-council-meeting-dates-agendas-minutes>) (9-1-15) page 127.

- **Graduate and Professional Bulletin Update, Nov 2015**

- Faculty Council (11-3-15 minutes) approved a wording change regarding the process appointing advisors and committee members. The full text of the changes to *The Advisory System* can be found on the Faculty Council Agenda (<http://facultycouncil.colostate.edu/faculty-council-meeting-dates-agendas-minutes>) (11-3-15) page 45.
- **Graduate and Professional Bulletin Update, Dec 2015**
- Faculty Council (12-1-15 minutes) approved additional wording regarding 100 and 200 level courses taken by graduate students and transfer course grade requirements. The full text of the changes to *Scholastic Standards* can be found on the Faculty Council Agenda (<http://facultycouncil.colostate.edu/faculty-council-meeting-dates-agendas-minutes>) (12-1-15) page 28.

Undergraduate Admissions and Enrollment

Office of Admissions (<http://admissions.colostate.edu>)
University Welcome Center, Ammons Hall
(970) 491-6909, admissions@colostate.edu

All correspondence about undergraduate admissions should be addressed to the Office of Admissions, Colorado State University, 1062 Campus Delivery, Fort Collins, CO 80523-1062 or admissions@colostate.edu. Applicants are encouraged to include their full name and date of birth or CSU ID when corresponding about application status.

Students interested in graduate admission should consult the Graduate and Professional Bulletin and should contact the key advisor(s) in the academic department(s) (<http://graduateschool.colostate.edu/prospective-students/degrees.aspx>) being considered.

CSU Board of Governors and Undergraduate Admissions Standards

The following undergraduate admissions information reflects minimum requirements that may be subject to change after the General Catalog has been published. The Board of Governors of the Colorado State University System (<http://csusystem.edu>) reserves the right to deviate from published admission requirements. In such cases, changes in admission policy will be publicized.

CSU's Philosophy of Undergraduate Admission

CSU is committed to a holistic review process that takes into consideration a wide range of factors, such as past academic course work and achievement, test scores, essay, leadership qualities, school and community service, recommendations, geographic residence, first generation status, and ability to contribute to a vibrant and diverse campus community. We strive to carefully craft our student body in order to meet our enrollment goals, embody our institutional Land Grant mission, and create a compelling learning environment.

CSU actively seeks academically qualified individuals with varied backgrounds, perspectives, and goals who demonstrate the potential to attain a degree from Colorado State University. Because CSU receives more applications than it can honor and because our commitment to diversity is an important educational objective, the admission evaluation process and our admission decisions reflect and rest upon the range of factors outlined above.

- Transfer and Test Credit

General Policies for Undergraduate Admissions

Final Transcript Required

Admission is provisional until we receive a final, official transcript reflecting completion of all course work and proof of graduation or degree completion (as applicable).

High School Graduation (or Equivalent) Required

Freshman/First-Year applicants and Transfer applicants with fewer than 60 credits in transfer must demonstrate high school graduation or equivalent prior to enrolling at CSU. Financial Aid is not released without proof of high school graduation or equivalent, and a hold is placed on course registration prior to the start of the second semester for freshman/first-year students who have not demonstrated high school graduation (or equivalent).

Good Standing Requirement and Honor Code Requirement

Applicants for admission to CSU whose records indicate they are under judicial or disciplinary censure generally are not reviewed for a decision until they have been cleared through a pre-admission review by Conflict Resolution and Student Conduct Services (<http://www.conflictresolution.colostate.edu>).

Submission of the application for admission requires acknowledging that all information shared in the application is true and correct. Students who knowingly falsify application information, transcripts, or test scores, or who fail to indicate all previously attended institutions or student conduct history are subject to rejection or dismissal. If applicable, sponsoring agencies are informed of this decision.

Selective Service Registration

In compliance with C.R.S. 23-5-118, Selective Service registration is required of male United States citizens between the ages of 17 years and 9 months and 26 years who wish to enroll at Colorado institutions of higher education. Individuals providing false information are subject to penalty of law and disenrollment.

Immunization Requirement

CSU, in compliance with Colorado State laws and Health Department regulations, requires persons born January 1, 1957 or later to show proof of two vaccinations for measles and mumps, and one vaccination for rubella (MMR) or to show written evidence of laboratory tests showing immunity.

Colorado law, Colo. Rev. Stat. § 23-5-128, also requires every student residing in student housing to fulfill two requirements for Meningococcal Vaccine:

1. Access the CSU Health Network Portal (<http://www.health.colostate.edu>) to sign a statement that the student has reviewed the Meningococcal Disease Information Document, which describes meningococcal disease and the vaccine that can prevent the disease.

2. Indicate whether student a) received the Meningococcal Vaccine, b) plans to have the vaccine administered, or c) is “waiving” the requirement and declining to receive the vaccine.

Submit immunization records or laboratory results to the CSU Health Network prior to arrival at school. Additional information concerning immunization should be directed to:

Immunizations Office
 CSU Health Network
 Immunizations Clinic
 8031 Campus Delivery
 Colorado State University
 Fort Collins, CO
 80523-8031 CSUHN_immunize@mail.colostate.edu
 Phone: (970) 491-6548, Fax: (970) 491-0268

Undergraduate Applicant Definitions

The following definitions apply to all U.S. citizens, permanent residents, and international applicants. The International Admission section includes additional details specific to international applicants and U.S. citizens/permanent residents educated outside the U.S.

-
- Freshman/First-Year Students
- Transfer Students
- Second Bachelor's/Post-Bachelor Candidates
- Returning Students
-

Freshman/First-Year

You are a Freshman/First-Year applicant if you have never taken college course work OR your only college course work was completed during high school (or homeschool) and prior to high school graduation, GED, or equivalent.

- Refer to instructions for dual/concurrent enrollment if you've taken college course work during or as your high school curriculum.
- Details for students who completed a GED or equivalent, homeschooled, graduated early, or completed an online high school diploma are below.
- The admission decision for transfer applicants with fewer than 30 post-high school credits at the point of application includes consideration of the high school record according to these factors.

Refer to the freshman application guide (<http://admissions.colostate.edu/futurefreshmenhowtoapply>) on the Admissions website for details.

Specialized Freshman/First-Year Populations

This information applies to freshman/first-year applicants **and** transfer applicants with fewer than 30 post-high school credits at the point of application.

Dual/Concurrent Enrollment Applicants

See the Admissions website for dual/concurrent enrollment applicants (<http://admissions.colostate.edu/dual-enrollment>).

Applicants whose *only* college course work has been completed during or as their high school curriculum are considered freshman/first-year applicants with dual/concurrent enrollment.

While high school credentials still are the primary basis for the admission decision for dual/concurrent enrollment students, college performance can be considered in the admission decision, and courses will be evaluated for advanced-standing credit after an applicant is otherwise deemed admissible.

Dual/concurrent enrollment students are eligible for freshman/first-year scholarships and are required to live in the residence halls.

GED (or Alternative) Applicants

See the Admissions website for GED (or alternative) applicants (<http://admissions.colostate.edu/ged>).

Applicants without a high school diploma or evidence of homeschooling must present a GED (or equivalent) as part of a full application packet. To be eligible for admission, GED applicants must present a minimum 150 in each subject area of the 2014 GED (550 average on the 2002 GED) in addition to demonstrating other evidence of academic readiness through transcript(s), ACT/SAT results (if applicable), and support documents.

Alternatives to the GED include state-governed completion exams such as CHSPE, Hi-Set, or the Wisconsin High School Equivalency Diploma. Applicants who have completed a state-governed completion exam other than the GED are evaluated on a case-by-case basis.

Note: Transfer applicants with more than 30 post-GED college credits but fewer than 60 transferable post-GED college credits must present a GED (or equivalent) as evidence of high school completion, but GED results are not considered in the admission decision.

Homeschooled Applicants

See the Admissions website for homeschooled applicants (<http://admissions.colostate.edu/homeschool>).

Homeschooled applicants are welcome at CSU and are evaluated for admission according to general CSU admission criteria; there are no special requirements for applicants who have homeschooled.

We recognize that homeschooling can allow for customized teaching methods, curricula, and learning environments that may differ from “traditional” education models. Our holistic review process is designed to accommodate unique backgrounds as long as we can assess core academic factors in our review of credentials.

Your homeschool transcript can take any form as long as we can determine 1) how you completed the recommended high school course work (<http://admissions.colostate.edu/18units>) and 2) how you were graded, assessed, or considered to have “mastered” content to move on in your chosen curriculum. If you did not follow a traditional academic calendar or age-based instruction, if you were not assessed using traditional letter or percentile grades, or if you have otherwise customized your homeschool experience so that something other than a traditional transcript with courses and grades is necessary to understand your college preparation, we encourage you to include with your application a description of the learning environment, a

list of courses and brief statement about course content, and an explanation of how your content mastery was assessed.

Be sure to reference information for dual/concurrent enrollment applicants if you are using college enrollment as your homeschool curriculum (i.e., completing community college work as your junior/senior year equivalent).

Early Graduates

See the Admissions website for early high school graduates (<http://admissions.colostate.edu/early-graduates>).

Freshman applicants who complete high school in fewer than four years are evaluated for admission according to general CSU admission criteria. Admission preference is given to students who maximize their high school experience by taking accelerated and/or academically rigorous course work such as Advanced Placement, International Baccalaureate and/or dual enrollment college courses in order to satisfy the recommended high school course work (<http://admissions.colostate.edu/18units>).

Whether an applicant is graduating high school one semester or one year early, fall entrance is strongly recommended. Students who leave high school one semester early are not eligible for spring semester entry if the high school only allows for May/June graduation.

Online High School Students

See the Admissions website for online high school students (<http://admissions.colostate.edu/online-high-school>).

Applicants who complete all or part of their high school curriculum online are evaluated for admission according to general CSU admission criteria. Admission preference is given to students who maximize their high school experience by taking accelerated and/or academically rigorous course work such as Advanced Placement, International Baccalaureate and/or dual enrollment college courses in order to satisfy the recommended high school course work (<http://admissions.colostate.edu/18units>), so online high school completion programs that include strong college-prep rigor are encouraged.

While we are flexible in our recognition of online high school completion programs and do not require a specific type of accreditation, regional accreditation typically is a good indication of alignment with our admission criteria.

Transfer Students

You are a Transfer applicant if you have enrolled in any amount of college-level course work at a regionally-accredited college/university after high school graduation, GED, or equivalent. If you will have completed 30 or fewer post-high school college credits at the point of application, the admission decision also will include consideration of your high school credentials.

Refer to the transfer application guide (<http://admissions.colostate.edu/transferstudentshowtoapply>) on the Admissions website for details.

Second Bachelor's/Post-Bachelor Candidates

You are a Second Bachelor's/Post-bachelor applicant if you will have completed a full bachelor's/undergraduate degree before enrolling in a new undergraduate degree program at CSU.

Refer to the second bachelor's application guide (<http://admissions.colostate.edu/secondbachelorsapplicants>) on the Admissions website for details, noting the following:

- Applicants who are new to CSU should reference the transfer applicant information.
- Applicants who completed an undergraduate degree at CSU and are applying to begin a new undergraduate degree at CSU should also reference the Returning Student information.

Returning Students

You are a Returning Student if you previously attended CSU as an admitted, degree-seeking undergraduate student and wish to resume studying at CSU as an admitted, degree-seeking undergraduate student.

Refer to the returning student application guide (<http://admissions.colostate.edu/returningstudents>) on the Admissions website for details, noting the following:

- Refer to the Second Bachelor's/Post-bachelor information if you are returning to CSU to begin a new degree program.
- Students returning to a degree in progress should reference the Returning Student information.

Undergraduate Profiles and Decision Factors

- Freshman/First-Year Profile and Decision Factors
- Transfer Profile and Decision Factors
- Second Bachelor/Post-bachelor Decision Factors
- Returning (Former) CSU Student Decision Factors
- English Proficiency Requirement
- Students with Disabilities

How we review each application packet and render an admission decision is informed by CSU's undergraduate admission philosophy. Every incoming class looks different, but we always work to maintain high academic standards while providing access to higher education as part of our land-grant mission.

Freshman/First-Year Profile and Decision Factors

Fall 2014 freshman class profile

The class profile reflects the middle 50 percent of freshmen admitted in Fall 2014. That means students were admitted with credentials distributed on either side of the range presented, which should give a general sense of admissibility.

Middle 50% GPA: 3.3-4.0 (4.0 scale)

Middle 50% ACT Composite: 23-28

Middle 50% SAT CR/M Combined: 1050-1250

Higher Education Admission Requirements (HEAR) and CSU's Recommended High School Course Work Minimums

To be considered for admission, freshman/first-year applicants and transfers with fewer than 30 post-high school credits complete are advised to complete at least 18 high school units to meet the Colorado Department of Higher Education HEAR guidelines and institutional course work recommendations (1 unit = 1 year high school or 1 semester college). Details about HEAR-recommended courses and preferred rigor are here (<http://admissions.colostate.edu/18units>).

The minimum passing grade is D; however, grades of D may not be competitive in a selective admission environment and grades of C- or better are preferred.

Competitive Majors

Admission to some programs of study is more competitive than general University admission; entrance to these programs is limited to students presenting the strongest academic credentials. Additional information about competitive majors can be found on the Admissions website (<http://admissions.colostate.edu/competitive-majors>).

Details about factors considered in the admission decision are in the freshman application guide (<http://admissions.colostate.edu/futurefreshmenhowtoapply>).

Transfer Admission Profile and Decision Factors

Fall 2014 Transfer Profile

The class profile reflects the middle 50 percent of transfers admitted in Fall 2014. That means students were admitted with credentials distributed on either side of the range presented, which should give a general sense of admissibility.

Mid 50% GPA: 2.8-3.5 (4.0 scale)

To be considered for admission, transfer applicants must present a minimum cumulative GPA of 2.00 (4.000 scale) from all institutions attended and must have completed the admission requirement in mathematics (<http://admissions.colostate.edu/requirementinmathematics>). Completion of college composition is preferred but not required. Until a transfer applicant has more than 30 post-high school college credits complete, the admission decision also includes review of high school credentials according to our freshman/first-year admission requirements.

According to federal financial aid requirements, ALL transfer applicants with fewer than 60 credits in transfer must demonstrate high school graduation (or equivalent). Because the formal transfer evaluation is not completed until after an applicant has been admitted, all transfer applicants are required to submit proof of graduation (or equivalent) as part of a complete application for admission.

Competitive Majors

Admission to some programs of study is more competitive than general University admission; entrance to these programs is limited to students presenting the strongest academic credentials. Additional information about competitive majors can be found on the

Admissions website (<http://admissions.colostate.edu/competitive-majors>).

Transfer Admission Guarantee

Students who have completed an Associate of Arts or an Associate of Science degree from an accredited Colorado institution after high school graduation (or equivalent) will be guaranteed admission to the University providing that it is the last institution attended and that a cumulative 2.00 GPA (on a 4.000 scale) has been achieved from ALL institutions attended. Entry into a specific major may depend on completion of appropriate prerequisite courses and enrollment limitations of the major.

Details about factors considered in the admission decision are in the transfer application guide (<http://admissions.colostate.edu/transferstudentshowtoapply>).

Second Bachelor/Post-bachelor Decision Factors

To be considered for admission, second bachelor/post-bachelor candidates must present a minimum cumulative GPA of 2.00 (4.000 scale) from all institutions attended. Applicants must be seeking a degree program that does not duplicate their first degree, and entering CSU as an undeclared student is not an option at this level. Details about factors considered in the admission decision are in the second bachelor's application guide (<http://admissions.colostate.edu/secondbachelorsapplicants>).

Competitive Majors

Admission to some programs of study is more competitive than general University admission; entrance to these programs is limited to students presenting the strongest academic credentials. Additional information about competitive majors can be found on the Admissions website (<http://admissions.colostate.edu/competitive-majors>).

Returning (Former) CSU Students

Comprehensive details for returning students are available on the Admissions website (<http://admissions.colostate.edu/returningstudents>).

The admission decision for students returning to complete a degree in progress is based primarily on their previous CSU performance and their academic standing upon leaving CSU. Students who left the University in good academic standing generally are cleared to return without restrictions. Students who left the University in a probationary or dismissed status should refer to the Scholastic Standards Policy for additional information about qualifying to return to CSU.

Competitive Majors

Admission to some programs of study is more competitive than general University admission; entrance to these programs is limited to students presenting the strongest academic credentials. Additional information about the competitive entrance requirements for students with CSU academic history is available at here (<http://undeclared.casa.colostate.edu/1majors-with-entrance-requirements.aspx>).

If you are returning to CSU to begin a second undergraduate degree, refer to the admission decision factors for second

bachelor's/post-bachelors (<http://admissions.colostate.edu/secondbachelorsapplicants>).

English Proficiency Requirement

Strong English language skills are important to academic success at CSU. To support student success, we require all students whose first language is not English to demonstrate a high level of English proficiency regardless of their citizenship. Applicants from Australia, Canada, Ireland, New Zealand, and the United Kingdom whose first language is English are exempt from this requirement.

TOEFL, PTE Academic or IELTS Academic results are the preferred indicators of English proficiency. For applicants seeking direct admissions to CSU the requirements are as follows:

English Proficiency Exam	Clear Admission
TOEFL IBT (Test of English as a Foreign Language Internet Based Test)	79
TOEFL PBT (Test of English as a Foreign Language Paper Based Test)	550
IELTS Academic (International English Language Testing Services)	6.5
PTE Academic (Pearson Test of English)	53

Conditional admission will be offered to students who are academically competitive but have not achieved the necessary score for direct admission or have not submitted a TOEFL, PTE, or IELTS score. If you do not meet the English proficiency requirements listed above you will be enrolled in the *INTO CSU Academic English Program* (<http://www.intohigher.com/us/en-us/the-universities/into-colorado-state-university/studying/into-csu-programs/programs/academic-english.aspx>) (AEP). *Until the Academic English Program is completed or the required TOEFL, PTE Academic or IELTS score is achieved, enrollment in regular University academic courses is at the discretion of the AEP.*

Alternative measures of English Proficiency:

- Successful completion of the INTO CSU Academic English Program (conditional admission may be offered to AEP students studying at the advanced level).
- Completion of two or more years of high school instruction in English outside of the U.S. with a grade of 5 or better in the International Baccalaureate (IB) HL English course OR an IGCSE or A-level result of C or better on the English/First Language exam. Test results must be official and not predicted to be considered for clear admission.
- Completion of a U.S. diploma and/or two or more years of secondary transcripts reflecting the progress towards the U.S. diploma from a regionally accredited organization as defined by the U.S. Department of Education.
- SAT Critical Reading score of 500 or higher and satisfactory grades in secondary English coursework.
- ACT English/Reading score of 21 or higher and satisfactory grades in secondary English coursework.
- Completion of at least two semesters of U.S. post-secondary/university course work in English, including college composition and speech with grades of C or better. Courses must have been taken at a regionally-accredited college/university to be considered for clear admission.

TOEFL/PTE Academic/IELTS exemptions not listed above may be considered on a case-by-case basis, such as assessment results from a US high school or college.

Refer to the English proficiency (<http://admissions.colostate.edu/internationalstudentshome/englishproficiency>) information on the Admissions website for details.

Students with Disabilities

All applicants are evaluated according to the same University admission standards. We recognize, however, that not every student's personal or educational background is the same.

Disclosure of the presence of a disability is voluntary. Applicants may use components of the application such as the academic explanation, personal statement, or recommendation(s) to identify their disability and to discuss the impact of the disability on their academic record (if any). While this information can be considered if disclosed, it will not be the sole basis for the admission decision.

Colorado State University's Resources for Disabled Students (<http://rds.colostate.edu>) offers admitted students the full range of support services to help students achieve academic success.

How to Apply

Undergraduate Applicants: How to Apply

The information below applies both to domestic and international undergraduate applicants.

Application Materials

Materials commonly requested to complete an application packet include an online application (<http://admissions.colostate.edu/onlineapplication>), \$50 application fee or fee waiver request, high school and college transcripts, test scores, personal statement, and recommendation(s).

Checklists specific to each undergraduate applicant type and instructions for submitting documents are reflected in the application guides here (<http://admissions.colostate.edu/preparing-to-apply>).

Application Fee or Fee Waiver

The application includes a request for fee waiver when payment of the fee presents a financial hardship. The application processing fee is not refundable, even if an applicant is denied, nor is it applicable to tuition and fees if the student enrolls.

High School Transcript and GED (or equivalent)

For freshman/first-year applicants and transfer applicants with fewer than 30 post-high school credits complete at the point of application: High school transcripts/GED results are considered in the admission decision and proof of graduation is required.

For transfer applicants with more than 30 post-high school credits complete at the point of application: High school transcripts/GED results are not considered in the admission decision, but proof of graduation or equivalent is required.

ACT/SAT results

ACT or SAT results are not required for freshman/first-year applicants who are age 23+ or who have been out of high school for five or more years. Applicants educated outside the U.S. are encouraged but not required to submit ACT/SAT.

Transfer applicants are encouraged but not required to submit ACT/SAT for placement purposes if they have not yet taken a transferable college composition course.

College Transcript(s)

An original, official college transcript (<http://admissions.colostate.edu/submitting-documents>) from each college attended is required, regardless of the type of institution, amount or type of credit earned, and age of the credential even if the work will be reflected in transfer on another transcript. No part of the previous collegiate record may be disregarded. *Failure to include all institutions previously attended is a serious offense that may result in the rescinding of admission, loss of credit, or disenrollment.* Transcripts reflecting courses taken at vocational-technical institutes or colleges that are not regionally accredited can be helpful documentation and may be required, though they do not qualify an applicant for transfer applicant status or advanced-standing credit.

For freshman/first-year applicants: You may be required to submit an original, official college transcript at the point of application if your college enrollment is not otherwise reflected on your high school transcript, especially if college enrollment is being used as your full-time high school curriculum. Advanced standing credit (transfer credit) is only awarded from an original, official transcript. Please refer to College-Level Courses Completed by High School Students for additional information.

Additional information may be requested as necessary for the full review of an applicant's eligibility.

International Applicants: Additional Requirements

In addition to the documents outlined above, applicants who have completed part or all of their education outside of the US also may be required to submit the following:

- A certified English translation of any academic credentials not in English
- Evidence of English Proficiency (<http://admissions.colostate.edu/internationalstudentshome/englishproficiency>) through TOEFL, IELTS, or Pearson's Test of English (PTE)
- Financial support documentation and a copy of your passport if you will require visa documentation from CSU.

Additional information may be requested as necessary for the full review of an applicant's eligibility.

Application Deadlines

Students can begin their enrollment at CSU during the fall semester (August start), spring semester (January start) or summer term (May/June start; not recommended for first-year freshmen).

Future application terms generally open 10-12 months prior to the first day of classes for the term. Freshman/first-year applicants must have completed at least 75% of their high school curriculum (through junior year equivalent) before a decision can be rendered; transfer applicants must have no more than one academic term

in progress when a decision is rendered. Second bachelor's/post-bachelor candidates must be finished with their first degree or in their final term of enrollment with degree pending for a decision to be rendered.

Deadlines specific to each applicant type and term are reflected in the application guides here (<http://admissions.colostate.edu/preparing-to-apply>).

International Undergraduate Admissions

- Non-U.S. citizens educated outside of the U.S. who require a student visa to study in the U.S.
- Non-U.S. citizens educated outside of the U.S. who will NOT require a student visa to study in the U.S.
- Non-U.S. citizens/Non-Permanent Residents educated inside the U.S.
- U.S. Citizens/Permanent Residents Educated Overseas
- English Proficiency
-

Non-U.S. citizens educated outside of the U.S. who require a student visa to study in the U.S.

- Submit documents listed on the application checklist according to your applicant type (e.g., freshman, transfer) by the posted deadline.
- You will be required to demonstrate English proficiency.
- In addition, admitted students must submit the appropriate immigration forms, financial support documentation and a copy of their passport to International Student and Scholar Services (ISSS) before visa documentation is issued.
- Contact ISSS (<http://iss.colostate.edu>) for instructions regarding international student orientation and check-in.

Non-U.S. citizens educated outside of the U.S. who will NOT require a student visa to study in the U.S.

- Submit documents listed on the application checklist according to your applicant type (e.g., freshman, transfer) by the posted deadline.
- You will be required to demonstrate English proficiency.
- Contact ISSS (<http://iss.colostate.edu>) for instructions regarding international student orientation and check-in.

Non-U.S. citizens/Non-Permanent Residents educated inside the U.S.

- Submit documents listed on the application checklist according to your applicant type (e.g., freshman, transfer) by the posted deadline.
- Include a copy of your visa with your application for admission (if applicable).
- You may be required to demonstrate English proficiency depending upon your academic credentials and length of time in the U.S.

- Students educated in the state of Colorado who are not U.S. Citizens or Permanent Residents may be eligible for in-state tuition under the Colorado ASSET legislation (<http://sfs.colostate.edu/asset-1>).
- No extra or unique requirements are in place for students who are undocumented in the U.S. to be eligible for admission consideration since admission is an academic decision.

U.S. Citizens/Permanent Residents Educated Overseas

CSU recognizes that the pool of U.S. citizens/Permanent Residents educated abroad covers a wide spectrum, including students with dual citizenship who have never been to the U.S., U.S.-born students who have lived in multiple countries or who have only recently moved overseas as the result of family military or employment assignments, and U.S. Permanent Residents with varied amounts of U.S.-based education.

Our holistic review process is designed to recognize and incorporate these kinds of unique experiences into our evaluation. You can follow the basic application instructions and deadlines pertinent to your applicant type (e.g. freshman or transfer), and we will adapt our decision criteria to fit your circumstances and to note your ability to contribute to our campus community.

As we review your credentials, we will notify you if any additional support information is required to assess your potential for academic success at CSU. For example, an applicant whose native language is not English and who has had all education in a language other than English may be asked to provide English proficiency documentation and a translation of academic records.

U.S. citizens or U.S. Permanent Residents who have been educated abroad may be eligible for financial aid and scholarships. Refer to Financial Assistance in the Financial Information section for more information.

English Proficiency

Details are available [here](#).

Enrollment Deposit

Enrollment Deposit and Admission Confirmation

In order to hold a place in the class and be able to register for classes, all newly admitted freshman/first-year students and transfer students (including international students but excluding distance/online degree completion students) must submit a nonrefundable enrollment deposit (<http://admissions.colostate.edu/admitted>). The deadline for submitting the enrollment deposit is May 1 for fall semester freshman applicants, July 1 for fall semester transfer applicants, and December 1 for all spring semester applicants, or within two weeks of receiving the offer of admission if after these dates. If payment of the enrollment deposit presents a financial hardship, students are able to request an enrollment deposit deferral.

Transfer and Test Credit

- College-Level Courses Completed by High School Students
- Advanced Placement (AP)

- College-Level Examination Program (CLEP)
- International Baccalaureate (IB)
- Cambridge Pre-U Examination
- Evaluation of Transfer Credit

Undergraduate applicants who have completed **any amount of college credit** at other regionally-accredited institutions *after* graduation from high school or *after* earning a GED must apply as transfer students. Those who were enrolled in college courses *during* high school (regardless of the number of credits attempted) must apply for admission as freshmen (see “**For High School Graduates**”).

College-Level Courses Completed by High School Students

CSU credit may be allowed for college-level courses completed at a college or university while a student is still in high school if the following conditions are met:

1. The college or university must be fully accredited by one of the seven regional associations of schools and colleges.
2. Credit will be granted only for academic courses with grades of C- or better.
3. An official transcript must be provided by the college or university listing the courses completed.
4. The course is not remedial or vocational/technical in content.

The College Board Advanced Placement Program (AP)

The Advanced Placement tests administered by The College Board are used by CSU to award credit and advanced placement in any of several fields in which a student may have participated in high school. Lower division credit (100-200) awarded is treated as transfer credit without a grade but is counted toward graduation and may be used in fulfilling specific lower division curriculum requirements.

The academic department responsible for the course in which test credit is granted will have determined what lower division equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for re-evaluation or an appeal of the decision will not be considered or accepted.

The exception to the re-evaluation process is limited to the Capstone Seminar and the Capstone Research components of the Advanced Placement offerings. The re-evaluation must be approved by the teaching department in which the Seminar and Capstone most closely align for consideration of a direct equivalency within the academic structure at CSU.

Lower division (100-200) credit is granted for scores of four (4) or five (5) on the Advanced Placement Tests in government and politics, biology, computer science, English, environmental science, and human geography. Lower division (100-200) credit is granted for scores of three (3) or higher in art, chemistry, Chinese, economics, French, German, history, Italian, Japanese, Latin, mathematics, music, physics, psychology, Spanish, and statistics. Scores of one and two are not granted credit.

Generic credit (no discipline identified) will be granted for the AP Capstone Seminar and/or the AP Capstone Research Project when a

minimum score of four (4) is earned. The AP Capstone Seminar and the AP Capstone Research components may be re-evaluated by the teaching department in which the Seminar and Capstone most closely align for consideration of a direct equivalency of lower division credit. The department's evaluation will be the final determination.

Please see the Registrar's Office (<http://registrar.colostate.edu/transfer-credit/transfer-other-credit>) and select "Advanced Placement (AP)" for a complete table indicating the courses for which credit is awarded.

College-Level Examination Program (CLEP)

The College-Level Examination Program (CLEP) was designed by The College Board to enable both traditional and nontraditional students to receive college-level credit by examination. There are two types of examinations offered—the General Examinations and the Subject Examinations.

For general examinations, a minimum of three credits will be awarded for a score of 50 or higher. For subject examinations, credit will be awarded in the amount equivalent to the CSU course(s), for scores of 50 or higher. Go to the Registrar's Office (<http://registrar.colostate.edu/transfer-credit/transfer-other-credit>) and select the tab "College-Level Examinations Program (CLEP)" for a complete table indicating those courses for which credit is awarded.

Information may be obtained and arrangements for taking the tests by contacting the University Testing Center (<http://testing.colostate.edu>), General Services Building, Room 203, at (970) 491-6498, or by visiting the CollegeBoard website (<https://clep.collegeboard.org/test-takers/feedback>). Credit awarded for these examinations cannot be used in meeting the CSU residency requirement for the baccalaureate degree.

The academic department responsible for the course in which test credit is granted determines what equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for re-evaluation or an appeal of the decision will not be considered.

International Baccalaureate (IB)

Students who graduate from high school with an International Baccalaureate diploma or have completed International Baccalaureate examinations may receive CSU credit for scores of four or higher.

The number of credits awarded for successful completion of an International Baccalaureate diploma program will be a minimum of 24 semester credits. If a score of less than four is received on an exam, the number of credits granted will be reduced accordingly if the student meets the necessary requirements.

The academic department responsible for the course in which test credit is granted determines what equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for re-evaluation or an appeal of the decision will not be considered or accepted.

See the Registrar's Office (<http://registrar.colostate.edu/transfer-credit/transfer-other-credit>) and select the tab "International Baccalaureate" for a list of courses for which credit will be granted.

Cambridge Pre-U Exam

The Cambridge Pre-U examination is a United Kingdom qualification from the University of Cambridge International Examinations and is an alternative to the current A Level qualification. This exam consists of "Principal Subjects" of which students have a free choice of three of 27 subject options. Additional subjects may be taken and possibly considered for credit but are not incorporated into the Cambridge Pre-U Diploma. Those students who complete an "Independent Research Project" and a "Global Perspectives" portfolio along with the 3 "Principal Subjects" options are eligible for the award of the Cambridge Pre-U Diploma.

There are additional "short course" options consisting of one year's study, available in Modern Foreign Languages and Mathematics. The 'Global Perspectives and Research Report' (GPR) may also be considered for credit on a case by case basis.

Credits may be used toward the 120 credit minimum requirement for graduation and may be used toward general education (All-University Core Curriculum) requirements. Scores of D1-D3, M1-M3 and P1-P3 will be considered for credit as they are equivalent to a "C" or better grade. A maximum of 36.0 semester hours may be awarded for Cambridge Pre-U exams.

The academic department responsible for the course in which test credit is granted will determine what equivalency will be awarded. Department decisions are considered the final determination of equivalency for the specific examination. Therefore, a request for re-evaluation or an appeal of the decision will not be considered or accepted.

Evaluation of Transfer Credit

The Registrar's Office is responsible for determining course equivalencies for all courses that are presented for transfer to CSU. Students should be aware that credits may transfer to CSU, but not count toward department graduation requirements. Evaluation of credits is made only from official transcripts after a student has been granted admission.

If a student attends one or more regionally accredited 2-year institutions a total of 64 transfer credits may be accepted. There is no limit for the amount of credit that can be transferred from regionally accredited 4-year institutions.

Regular academic courses from institutions accredited by one of the six regional associations of schools and colleges completed with a grade of C- or better are generally accepted in transfer. Course work from institutions that are not regionally accredited will not be transferred. Coursework that is remedial or vocational/technical in nature will not be transferred. Transfer grades and credits are not computed within the cumulative GPA earned at CSU.

If coursework presented for transfer is over 10 years old, the academic department will need to review it for applicability towards degree requirements.

International institutions must be recognized by the country's governmental agency for possible transfer of credits (i.e., Ministry of Education).

International Credit toward a Baccalaureate Degree

Transfer credit is generally only considered from international tertiary institutions that are recognized by the ministry of education, or a similar accrediting body, in the home country. In order to qualify for transfer credit, courses completed at recognized international tertiary institutions must be applicable to the student's degree and comparable to the nature and quality of CSU courses.

International courses with the same or similar course titles as CSU courses may satisfy course requirements. An official or certified copy of the transcript must be presented to the Registrar's Office for work to be officially evaluated for transfer credit. A certified translation must accompany transcripts not issued in English. The translation should be literal and not interpretive. If course content is not evident from course titles on the transcript, students should be prepared to provide official catalog course descriptions or syllabi (in English) from their schools or faculties.

Rarely is international secondary level work considered for transfer credit. The completion of rigorous secondary school subjects is expected of all admission candidates-international and domestic alike. Transfer credit is not awarded for secondary school subjects, unless an additional 13th year of secondary school was completed and/or a standardized examination was administered. Examples might include the British Advanced Level (A-Level) examinations, German Abitur examinations, or Italian Maturita examinations.

In many cases, international credits will have to be converted into the U.S. semester system unless there is an official CSU Memorandum of Understanding (MOU) that allows for an alternate credit evaluation option. In those cases where there is not an official MOU indicating an alternate, a conversion factor will be used to determine the U.S. Credit equivalency for each course. No more than 15-18 semester hours per term or 30-36 semester hours may transfer in any academic year. All courses considered for transfer must be completed with a "C-" or better grade. The Registrar's Office will determine the international grade equivalencies.

Transferology™

Students who have completed courses in higher education want to know which colleges and universities will accept those courses and apply them to a degree. Transferology (<https://www.transferology.com/login.htm>)™ will provide quick answers from hundreds of institutions in a streamlined and dynamic interface.

Transferology™ (formerly known as u.select) enables students, advisors, faculty, and administrators from colleges and universities to obtain consistent and accurate information about how courses will transfer from one institution to another, and how courses will apply to meet academic program requirements at the other institutions. A potential student can have direct access to course acceptability, equivalency, and applicability among all participating institutions by using each institution's existing course equivalency tables. Course descriptions, details about academic programs, and course equivalencies can all be obtained from this one website.

For CSU, Transferology™ is a database of selected accredited institutions in the U.S. and some recognized international institutions, their courses, and how those courses will transfer to CSU. All public institutions in Colorado and Wyoming are part of this database and, in addition, many frequently transferred courses from selected

institutions in other states are also listed. Access this database by going to the Transferology (<https://www.transferology.com/login.htm>)™ website. If a particular institution is not listed, contact the Degree and Transfer Evaluation unit of the Registrar's Office (<http://registrar.colostate.edu/about-the-registrars-office>) for evaluation of specific courses.

Statewide Guaranteed Transfer Program (gtPathways)

The state of Colorado has developed a statewide guaranteed transfer program, which applies to all Colorado public institutions of higher education, including CSU. Statewide there are approximately 1,000 lower-division general education courses in 20 subject areas approved for guaranteed transfer from one public institution of higher education in Colorado to another.

After starting on a higher education pathway at any public college or university in Colorado, and upon acceptance to another, a student may transfer up to 31 credits of successfully (C- or better) completed guaranteed transfer general education coursework in a set of defined categories. These courses will apply toward the general education (All-University Core Curriculum) graduation requirements at CSU. Extended detail may be found on the Colorado Department of Higher Education (CDHE) website (<http://higher.ed.colorado.gov/Academics/Transfers/Students.html>). The Registrar's Office (<http://registrar.colostate.edu/transfer-credit/transfer-coursework>) may also be referenced using the "GTPathways" tab.

Transfer Appeals Process

Students may appeal a decision regarding the transferability of a specific course and/or the decision regarding how it is used to fulfill degree requirements. Any request for re-evaluation of credit should first be directed to the Degree and Transfer Evaluation unit of the Registrar's Office.

The student is responsible for supplying any supporting documentation from the student's transferring college, such as a syllabus or more detailed course description. The Degree and Transfer Evaluation unit will either satisfy the student's request or refer the student to an academic department for additional consideration. If the academic department cannot fulfill the request for any item related to an AUCC requirement or an overall university graduation requirement, a formal written appeal may be presented to the Degree and Transfer Evaluation unit for presentation to the Vice Provost for Undergraduate Affairs for a final decision. For information on the appeal process refer to the Registrar's Office (<http://registrar.colostate.edu/earning-my-degree/additional-degree-tools>) in the "Appealing a Required Course" tab.

Credit from Two-Year Colleges

- If a student attends one or more regionally accredited two-year institutions, a total of 64 transfer credits may be accepted.
- Credit earned at a two-year college may not be used to meet the upper-division (300-400 level) graduation requirement. Academic departments may allow substitution of course work from two-year colleges towards specific major upper-division requirements.
- Transfer guides for specific majors are available for students who want to complete a four-year degree at CSU by first completing an AA or AS degree at a Colorado community college, and then completing the 60 designated CSU credits listed on the guide. Please see the Registrar's website

(<http://registrar.colostate.edu/transfer-credit/agreements-guarantees>) and then select the "Current CSU Transfer Guides" tab.

Service Schools and Courses of the Armed Services

Credit may be allowed for transfer from those service schools carrying a baccalaureate credit recommendation in the latest *Guide to the Evaluation of Educational Experiences in the Armed Services* prepared by the American Council on Education (ACE). Students must submit SMARTS (Sailor/Marine American Council on Education Registry Transcript), AARTS (Army/American Council on Education Registry Transcript), JST—Joint Service Transcript, or Coast Guard Institute Registered Transcript to the Registrar's Office to have the information evaluated for eligibility and to receive credit. Individual academic departments determine whether those courses clear specific major curriculum requirements or may be used as elective credit within the program of study. Visit the Registrar's Office (<http://registrar.colostate.edu/military-veterans-benefits/military-course-experience-transfer-credit>) for further information.

Transfer Credit from Non-Collegiate Institutions

CSU will award transfer credit for academic work done under the sponsorship of non-collegiate institutions, if:

1. The courses proposed for transfer have been approved by the American Council on Education,
2. Are listed in *The National Guide to Educational Credit for Training Programs*, and
3. Are approved by the academic department and college in which the subject matter is taught at CSU.

Please visit the Registrar's Office (<http://registrar.colostate.edu/transfer-credit/transfer-coursework>) and select the "Non-Collegiate Transfer Coursework" tab for more information.

Tuition and Fees

Authority to set tuition rates is vested in the governing boards of Colorado's state institutions of higher education. The tuition rates which apply to any succeeding fiscal year will not be known until June of each year. The Board of Governors of the CSU System, therefore, reserves the right to change tuition and fee schedules and related policies, including the time, date, and method for payment, at any time.

By registering for a course, a student acknowledges legal and financial responsibility for any and all tuition and fees assessed as a result of registration. Students must follow, and are financially responsible for, formal add/drop and withdrawal procedures at CSU. Non-attendance does not relieve a student of financial responsibility. A student whose account becomes delinquent will be held responsible for paying any late payment charges, collection agency fees up to 40% of the debt, and all costs and expenses including reasonable attorney fees that CSU incurs in its collection efforts. CSU will not register a student, release a diploma or proof of degree, nor provide official transcripts to any current or former student who has past due financial obligations to CSU.

- Undergraduate Tuition
- Graduate Tuition
- International
- Fees

Undergraduate Tuition Schedule of Tuition and Fees

The most current listing of tuition and fees, as well as a tuition calculator, can be found at the Registrar's Office (<http://registrar.colostate.edu/student-resources/tuition-fees>).

In addition to the charges listed under each category, students may be required to pay differential tuition, program charges, charges for technology, and/or special course fees. Tuition and fees for a

student registering for a combination of regular on-campus courses or Division of Continuing Education (CSU Online) courses will be assessed individually according to the schedule established for each.

Students who are off campus for full time internships, practica, and professional affiliations, and are not concurrently enrolled in other on-campus experiences or courses, will be assessed a reduced general fee amount.

College Opportunity Fund (COF)

Undergraduate Colorado resident students are eligible to receive a College Opportunity Fund (<http://sfs.colostate.edu/cof>) (COF) stipend from the State of Colorado to apply toward tuition costs. To receive the COF stipend, students must apply for the stipend (<https://cof.college-assist.org>) AND authorize CSU to receive the funds EACH semester via RAMweb.

Differential Tuition

To ensure students have an opportunity to fully explore their academic options and the range of programs offered at CSU, the University does not charge the full cost of tuition until students have acquired 60 credit hours (30 credits if in the College of Business). After that point, at which most students have settled on a major, students begin to pay differential tuition in addition to the base tuition paid up to that point. Differential tuition is assessed to undergraduate resident, non-resident, and WUE students, and credits that students bring upon entering the University may cause them to reach the 60 credit hours earlier than their peers. Almost all of the differential tuition students pay returns directly to the academic colleges and departments to enhance the quality of a CSU education. Each CSU college's rates are based on three factors:

- High cost—i.e., how expensive the program is to provide
- High demand—i.e., whether the program is in high demand by large numbers of students
- High return—i.e., how much students generally earn when they graduate from that specific program

Differential tuition is assessed by the course subject code at a rate of \$49/\$65/\$87 per credit hour, depending on the course. Differential tuition is not assessed by a student's major. For more detail on differential tuition cost per credit, go to the Registrar's Office website and select Undergraduate Differential Tuition (<http://registrar.colostate.edu/student-resources/tuition-fees>).

Students are assessed differential tuition upon reaching 30 transcribed credits (sophomore level) for College of Business courses. Students are assessed differential tuition upon reaching 60 transcribed credits (junior level) for all other courses offered at CSU.

Differential tuition is also assessed for specific academic programs (<https://webcms.colostate.edu/registrar/media/sites/29/2015/01/Graduate-Program-Charges.pdf>) that cost more to offer.

Graduate Tuition

Graduate tuition and fees (<http://registrar.colostate.edu/student-resources/tuition-fees>) are updated annually. Information about financial support for graduate students is available in the Graduate and Professional Bulletin.

International

The International Student and Scholar Services (<http://iss.colostate.edu>) administrative charge is \$90 the first semester and \$45 for each subsequent semester. Fees are subject to change. Sponsors of international students, such as foreign governments, are assessed a charge of \$375 per term.

Personal and Living Expenses

Students from other countries should anticipate expenses considerably higher than those quoted for domestic students. Additional considerations include costs of deposits for off-campus housing, transportation, international travel, clothing (particularly winter clothing for those coming from warmer climates), living expenses during vacation periods and during the summer months for those who choose to remain on campus, the cost of keeping an automobile and insuring it, child care, shipping books and other belongings home, taxes owed on U.S. source income, and items of personal use which cannot be brought in a suitcase and which must be purchased in the United States after arrival. An annual inflation rate of 3% should be anticipated in all calculations. Refer to the Office of International Programs (<http://international.colostate.edu>) for an up-to-date list of estimated expenses.

Medical Insurance

All non-immigrant students and accompanying dependents are required to enroll in the Student Health Service insurance program (<http://health.colostate.edu/student-health-insurance/international-student-health-insurance>) (or to show proof of equivalent or better protection).

Housing

All newly admitted first-year students without previous college experience, who are single, under 21 years of age, and not living with their parents in the Fort Collins area, are required to live their first two consecutive semesters in a residence hall. Credits taken concurrent with high school and/or credits attained through Advanced Placement (AP) or International Baccalaureate (IB) do not apply toward living experience. First year students are guaranteed a room in a residence hall on campus (<http://www.housing.colostate.edu/residence-halls>). The residence halls house 20% non-first year students including transfer students and upper-class students. Students with families, graduate students, and upper class undergraduate students can find information on university apartments (<http://www.housing.colostate.edu/university-apartments>). Off-campus housing information can be found at Off-Campus Life (<http://ocl.colostate.edu>).

Third-Party Billing

All agencies and other entities sponsoring international students, which utilize third party billing privileges, will be assessed a \$375 base service fee per student per academic term. This fee applies to all international students who receive services regardless of whether the student is registered for credit-bearing classes. For a copy of the Service Schedule and/or a detailed list of estimated expenses, send a request to: ISSS Assistant Director, Sponsored Degree Programs, Office of International Programs, 1024 Campus Delivery, Colorado State University, Fort Collins, CO 80523-1024.

Fees

Special Fees

Nonrefundable Fees*

Admission application fee

New and transfer students	\$50.00
Guest students	\$60.00
Application fee for admission to professional program in Veterinary Medicine	\$60.00
Enrollment Deposit and Admission Confirmation (new and transfer students)	\$300.00
Composition Directed Self-Placement Survey	\$12.00
Mathematics Placement Examination	\$15.00
Credit Established by Challenge Examination per credit attempted	\$20.00
Language Placement Examination (one-time charge; no charge for retakes)	\$10.00
Charge for technology, per term (college-wide) ¹	
Agricultural Sciences	\$86.15
Business	\$103.00
Engineering	\$170.00
Health and Human Sciences ²	\$71.00
Intra-University	\$35.50
Liberal Arts	\$57.30
Natural Resources	\$94.50
Natural Sciences	\$94.50
Veterinary Medicine and Biomedical Sciences	\$90.00
Transcript fee per copy	
Secure Electronic Transcripts	\$11.00
Paper Transcript, first class mail (when ordered through RAMweb or RAMrecords)	\$13.00
Paper Transcript, student pick-up next day	\$15.00
Paper Transcript, student pick-up same day or mailed next day in Registrar's Office	\$20.00
University Technology Fee	\$25.00

* Fees are subject to change.

¹ For full-time resident and nonresident undergraduates and graduates. Graduate students in the Colleges of Natural Sciences and Veterinary Medicine and Biomedical Sciences are not assessed a charge. Undergraduate students enrolled for nine or more credits and graduate students enrolled for six or more credits are considered full time and required to pay the full amount according to their college affiliation. Part-time undergraduate and graduate students pay a prorated amount.

² The College of Health and Human Sciences is the only college that applies their charge during the summer session.

Special Course Fees

Certain courses require enrolled students to pay fees for special services and/or materials. Courses with fees are indicated by a Yes in the Special Course Fee line in Courses A-Z. Special course fees are updated in June for the upcoming academic year. For the most current listing of special course fees, visit the Provost and Executive Vice President's web page (<http://provost.colostate.edu/students>) and select Complete List of Special Course Fees.

There are four types of special course fees:

1. For some courses, enrolled students are assessed a uniform fee during registration to cover costs such as the rental of external facilities, the expenses of field placements, the provision of special equipment and materials that the University would not otherwise maintain, and/or the costs of off-campus travel of students with supervising faculty members.
2. For some courses, enrolled students are assessed a fixed or variable fee by the department based upon actual use of expended materials supplied by the department and used by the student in the creation, construction, and/or fabrication of an object of value, such as a class project that becomes the student's property. These fees are designed for situations in which it is more efficient for the departments to supply the expendable materials because of the inability to make individual purchases economically.
3. For some courses, enrolled students are assessed variable fees by the department based upon actual damage or non-return of equipment used in the courses.
4. For some courses, enrolled students are assessed a fixed fee to provide funds for replacement or upgrade of equipment that was purchased originally through department funds and cannot be maintained appropriately without this type of student fee support.

All special course fees will be assessed and collected through normal student accounts receivable procedures. No fees should be paid directly to academic departments or individuals.

Tuition and Fee Adjustments

- Registration Cancellation
- Registration Changes
- University Withdrawal
- Student General Fee Appeal Process

Registration Cancellation

Before classes begin for a particular term, all courses can be canceled via RAMweb (<https://ramweb.colostate.edu>) with no charge and no charges will be assessed. Students not planning to attend must cancel

their registration before the fall or spring semester begins or they will be assessed a portion of tuition and fees.

Registration Changes

Tuition and fees will be adjusted (not cancelled) for undergraduate students if credits are added or dropped during the schedule change period at the beginning of the semester. Specific dates are listed in the online class schedule. After this deadline, there is no adjustment in tuition and fees if a student drops part of his or her schedule.

University Withdrawal

Once the semester begins in fall or spring, students dropping all courses and leaving CSU (completing a University Withdrawal) must do so through RAMweb (<https://ramweb.colostate.edu>).

The schedule for tuition and fee adjustments for students withdrawing from CSU may be found on the Registrar's website (<http://registrar.colostate.edu/registration/registration-changes>).

Exceptions to the prorated tuition and fees adjustments may be made in the following situations:

1. Withdrawing students who received financial aid are subject to specific federal, state, and University withdrawal policies regarding tuition and fees, housing charges, return of funds to financial aid programs, and repayments resulting from their withdrawal.

A withdrawal may require an immediate return of financial aid funds. Returns are calculated according to Federal Student Assistance General Provisions regulations. The date of a student's withdrawal, financial aid disbursements to the student's account, and CSU charges, are used to calculate the return amount.

The student may have to repay those funds which are in excess of an amount based on their length of enrollment.

All calculated refunds and repayments of CSU charges will be allocated to financial aid programs first, and any remaining amount to the student.

2. CSU room and board charges will be assessed through the vacate date from CSU housing.
3. In the case of a student death, a refund of tuition and fees may be made any time during the semester.
4. Withdrawal as a result of serious illness, disabling accident, military draft, or activation of reserves or National Guard units, appeals will be initiated and reviewed at the Office of the Provost/Executive Vice President, Administration, Room 108.
5. Please note: No financial adjustment will be made for a student who is suspended, dismissed, or expelled for breach of discipline.

Additional information related to University Withdrawals, being called to active military duty, registration cancellation, and other registration changes is available at Academic Standards and Policies in the Registration section.

Student General Fee Appeal Process

Billing for the Student General Fee may be contested, in writing, within the first two weeks after the add/drop date of the term for which the fee is imposed. The request should outline the particular circumstances for contesting the applicability of the mandatory full-time Student General Fee. Send the request to: Student General Fee

Appeal Committee, Office of the Vice President for Student Affairs, CSU, 8004 Campus Delivery, Fort Collins, CO 80523-8004. The following information should be included in the request: full name, CSUID, current address, telephone number, and e-mail address. Decisions of the committee are final.

CSU Online

Tuition for Continuing Education Courses

Tuition and course fees assessed for courses offered by the Division of Continuing Education (CSU Online) vary by program, level of instruction, and delivery method. Refer to the CSU Online website (<http://www.online.colostate.edu>) or call (970) 491-5288 or toll-free (877) 491-4336 for specific tuition rate information for any of the Continuing Education programs.

Additional Expenses

- Personal and Living Expenses
- Student Health Insurance
- Housing Deposit

Personal and Living Expenses

The amount of money spent by a student in an academic year (two semesters—August to May) for personal and living expenses varies with current prices and the habits and needs of the student; therefore, it is important that each student estimate the amount of money needed for such items as laundry, clothing, transportation, health care, etc. Expenses not directly related to educational costs are not included in the estimates.

Example of Estimated Direct Expenses for 2015-2016 (based on 15 credits per semester for 2015-2016)

	Resident	Non-Resident
Total base tuition and fees	\$12,840	\$27,258 ¹
College Opportunity Fund stipend credit (Colorado residents) ²	-\$2,250	\$0
Student share of base tuition and fees ³	\$10,590	\$27,258
Charge for technology (average)	\$166	\$166
Living allowance ⁴	\$11,526	\$11,526
Books and supplies	\$1,140	\$1,140
Total direct costs for the year ⁵	\$23,422	\$40,090

¹ A significant percentage of non-residents with competitive academic records are offered scholarships to help offset the cost of tuition.

² If you are a Colorado resident, be sure to apply for the College Opportunity Fund (COF) (<http://cof.college-assist.org>).

³ There may be additional costs for undergraduate students enrolled in courses with differential tuition. For more information about tuition and fee charges, visit the Registrar's Office (<http://registrar.colostate.edu>) website.

⁴ Based on a standard community-style room with an "Any 14 meal plan." Other residence hall plans are available at varying costs. For details, visit the Housing and Dining Services (<http://housing.colostate.edu>).

⁵ This figure does not include personal expenses for such items as, laundry, clothing, transportation, health care, etc., which vary from student to student.

Student Financial Services (<http://sfs.colostate.edu>) provides additional information about annual costs, including estimates of personal expenses.

Student Health Insurance

To protect students' good health and financial stability, students are required to carry adequate health insurance coverage (<http://health.colostate.edu/student-health-insurance>).

Housing Deposit Residence Halls

The \$150 housing deposit for residence hall students serves as both a reservation fee and a contractual guarantee. A partial refund of this deposit is available if the applicant cancels his/her request prior to the date the residence halls open for the semester. For specific information about the refund policy, refer to the "Housing Deposit & Refund Information" outlined in the Housing Guide or on the housing website (<http://housing.colostate.edu>) under Application Information and Refund Policy on the Room & Board Rates page.

University Apartments

A \$340 application deposit is required for students applying for university apartments. This deposit will convert to a damage/cleaning deposit at the time of assignment. The deposit will be refunded any time prior to confirming an apartment assignment, upon request. The refund procedure for current apartment residents is outlined in the Apartment Life Housing Agreement. For further information, refer to the Housing Guide or the housing website (<http://housing.colostate.edu/university-apartments>).

Enrollment Status

Enrollment status (full-time, three-quarter time, half-time) is determined by the number of credits which the student has completed or is pursuing for the term in which the verification is requested. Courses from which the student has withdrawn or is auditing are not included. (The following schedule for enrollment status differs from the full-time/part-time schedule for tuition and fees (<http://registrar.colostate.edu/student-resources/tuition-fees>).

Credit requirements are as follows:

Fall/Spring/Summer Semesters: Undergraduate Students

Full-time	12 or more credits
Three-quarter time	9-11 credits
Half-time	6-8 credits
Less than half-time	5 credits or less

Graduate Students

Full-time	9 or more credits
Three-quarter time	7-8 credits

Half-time	5-6 credits
Less than half-time	4 credits or less

For verification of enrollment status go to RAMweb (<https://ramweb.colostate.edu>) and click on Enrollment Verification Certificate. For more information visit the Registrar's Office (<http://registrar.colostate.edu/student-resources/enrollment-degree-verification>) website.

Groups such as Co-op programs may have a different definition of enrollment status and should be verified with the program.

Residency for Tuition Classification

Student Financial Services, Centennial Hall
(970) 491-6321
FAX: (970) 491-5010

Refer to the residency section (<http://sfs.colostate.edu/residency>) of our website for more information.

Classification of students for tuition purposes is governed by state statute ("tuition law") which sets forth conditions for a student being considered as "in-state" for purposes of tuition classification. The tuition law is contained in sections 23-7-101 to 111 of the Colorado Revised Statutes and in published policies of the Colorado Commission on Higher Education (CCHHE). Although individuals may be considered state residents for voting or other legal purposes after being in the state for a short period of time, the tuition law specifies additional requirements for classification as "in-state" for tuition purposes. The tuition law, which applies to all public institutions of higher education in Colorado, is subject to judicial interpretation and can be changed from year to year by the Colorado Legislature. CSU must apply the rules set forth in the Colorado Revised Statutes, and is not free to make exceptions except as specifically permitted under the statutes and CCHHE policies.

Note: This information is considered to be general guidance and is not legal advice. Refer to state statute to review the current law.

Definition of "In-State Residency"

Under the Colorado tuition law, the term "in-state" student means: "A student who has been domiciled in Colorado for one year or more immediately preceding the first day of classes for the term for which such status is claimed." Further the tuition law states: "Attendance at an institution of higher education, public or private, within the state of Colorado shall not alone be sufficient to qualify for domicile in Colorado."

In-state classification requires domicile in Colorado for 12 months on or prior to the first day of classes of each semester. "Domicile" is the term used to describe the place where a person has chosen to make a permanent and fixed home. Domicile is made up of two components: physical presence and evidence of intent. Both physical presence and evidence of intent must be established to begin the domicile year. A student can only establish domicile in Colorado for tuition purposes if he or she intends to reside permanently in the state, and meets the definition of a "Qualified Person." A qualified person is one who is (a) 22 years of age or older, (b) a post-baccalaureate graduate student, or (c) an emancipated minor. (A minor who is married for 12 months is presumed to be emancipated.) A person must be qualified under one

of these categories in order to begin the 12-month period of domicile for purposes of in-state tuition. Unemancipated minors qualify for in-state tuition if the parents have been domiciled in Colorado for one year. Exceptions to One Year Domicile (<http://sfs.colostate.edu/residency>) are in this section and also online.

Initial residency determination for tuition purposes of any student enrolling at CSU is determined by the Office of Admissions. To be initially considered for in-state classification you must answer all residency questions completely and accurately on the application and submit requested evidence substantiating their claim. Failure to do so will result in classification as out-of-state for tuition purposes. The initial determination may be changed if additional evidence regarding the student's eligibility for in-state classification is received.

Petition for Reclassification

A petition may be filed if a student wishes to contest out-of-state classification or if he or she has subsequently become eligible for in-state status. Petition materials may be obtained from Student Financial Services. Petitions will be processed only for students who have been admitted to CSU and are currently enrolled for the semester for which they are requesting a change in classification.

A student's current tuition classification will remain until they have received notification from the Student Financial Services Tuition Classification Officer indicating a residency change has been approved. Students who are petitioning for in-state classification remain responsible for paying their tuition based upon current tuition classification. Students are strongly urged to petition by the "Priority Deadline to Submit Petition" provided on the Student Financial Services website (<http://sfs.colostate.edu/petition-process-and-deadlines>) in order to receive a response of their tuition classification prior to the beginning of the semester and tuition and fee deadlines.

Petition Process/Deadline

Student Financial Services must receive completed petitions no later than the published deadline date for the semester for which the student is petitioning. Deadlines (<http://sfs.colostate.edu/residency>) are provided on the SFS website. Petitions will not be accepted after the published deadline date and incomplete petitions will not be accepted and/or reviewed for that semester, and the tuition classification and tuition assessment will remain nonresident for that term.

Students will be notified of the results of their petition by mail or CSU email. Please allow up to six weeks for notification. If additional information is required, the additional information must be submitted within the requested time frame unless special arrangements are made with the Tuition Classification Officer.

Decisions made by the Tuition Classification Officer may be appealed to the University's Residency Appeals Committee. A student wanting to appeal the decision to the Residency Appeals Committee must contact Student Financial Services no later than the appeal date listed in the letter in which the decision was conveyed to the student. The decision of the Residency Appeals Committee is the final CSU determination for that specific semester. In addition, there are no provisions in the Tuition Classification Statutes for retroactive petitioning.

The fact that a student does not qualify for in-state status in any other state does not guarantee in-state status in Colorado; in-state classification is governed solely by Colorado statute. The tuition classification statute places the burden of proof on the petitioner to

provide clear and convincing evidence of a change in eligibility for in-state tuition once the student has registered.

Any student who provides false information to avoid paying out-of-state tuition may be subject to legal and/or disciplinary actions.

In-State Status: Other Circumstance

Exceptions to the one-year residence requirement exist for the following:

- Colorado National Guard members
- Active-duty military stationed in Colorado on permanent orders in the last 12 years
- Honorably-discharged members of the U.S. armed forces
- Active-duty military members domiciled in Colorado prior to enlistment
- Canadian military stationed in Colorado
- Employees of companies moving to Colorado receiving government economic incentives
- Children of new faculty members at Colorado state colleges and universities
- Western Regional Graduate program enrollees
- 4 year rule and complete junior year of high school in Colorado
- A student, other than a nonimmigrant alien who attended a Colorado high school for three years who is admitted into a Colorado Institution of Higher Education within twelve months after graduation or completing a GED in Colorado.

For detailed explanation of the requirements for these exceptions, including spouse and child eligibility, go to the Student Financial Services (<http://sfs.colostate.edu/residency>) website or review the Colorado Higher Education Residency Guide (<http://highered.colostate.edu/Finance/Residency/default.html>).

Paying Your Bill

Cashiers Office
Howes Street Business Center, First Floor
555 S. Howes St.
(970) 491-2767
bursar.colostate.edu/cash.aspx (<http://bursar.colostate.edu/cash.aspx>)

A student may make a payment on their student account by using CSU's preferred payment option—Electronic Payments. Electronic Payment is the fastest, most secure way to make a payment. Payment by Electronic Check is a free service to students and other authorized individuals and is easy to use.

Electronic Payments may be accessed through RAMweb (<https://ramweb.colostate.edu>) and/or FAMweb (<http://parents.colostate.edu/famweb>). The routing number and bank account number from the bottom of a personal check will be required.

For details on other payment options, please visit the Bursar's website (<http://www.bursar.colostate.edu/treasury.aspx>).

Student Billing

Student Financial Services
Office in Centennial Hall, First Floor
(970) 491-6321
sfs.colostate.edu (<http://sfs.colostate.edu>)

In support of CSU's Green Initiatives, CSU implemented e-billing effective in Fall 2010. Billing notifications are e-mailed to Rams e-mail addresses. Students can then log into RAMweb to view their University Billing Statement. Additional billing notifications may be sent to alternate e-mail addresses maintained by the student on RAMweb.

Due Dates:

Fall	September 10
Spring	February 10
Summer	June 10

University charges are due by the date specified on the bill. Due dates are the 10th of each month unless the 10th falls on a weekend or holiday, then the due date is the following business day. CSU does not offer an installment plan on payments. All payments should be in U.S. currency. Mailed payments must reach the University Cashier's Office, 6015 Campus Delivery, by 4:00 p.m. (MT) on the due date. Payments by check are processed when received – postmarks do not apply and future dates are not honored. Online payments must be made by 4:00 p.m. (MT) on the due date for the payment to be considered timely. Penalties for late payment include holds on University services and a 1.5% payment deferral charge of the past due balance. Penalties are initiated for the purpose of encouraging prompt payment.

Student Account Notes

Students are responsible for all charges on their account and arrangement of payments due. Payments should only be made when a balance due exists on an account. In general, overpayments will not be applied to the student's account, but will be returned within two weeks if no additional charges are posted to the account.

Students who are sponsored by a third party may request direct billing to the sponsor for tuition, fees, and other related educational expenses. Detailed information on sponsor billing is available upon request from the Accounts Receivable Office. Arrangements for sponsor billing must be made prior to the student account due dates to prevent late payment penalties.

The "Billing Information" section in RAMweb (<https://ramweb.colostate.edu>) provides more information on setting up a billing address, billing statement information, accepted payment methods, credit balance refunds, and education tax credit information (1098-T forms).

Unpaid past due balances may cause a hold on registration, transcripts, and diplomas. CSU will not register a student, release a diploma, nor provide official transcripts or proof of degree conferral to any student or former student who has past due financial obligations to CSU, until the hold is removed. The release of the hold may be expedited by paying the past due balance in full.

Failure to pay amounts due may result in the referral of the outstanding balance to a collection agency, at which time the student would be responsible for any late payment charges, collection agency fees up to 40% of the debt, and all costs and expenses including reasonable attorney fees that CSU incurs in its collection efforts. Further, CSU reserves the right to impose a penalty fee and financial hold for returned checks (refer to Returned Checks policy).

Returned Checks

All checks returned for insufficient funds or invalid account information, either paper or electronic, will incur a penalty as provided by state law.

CSU will attempt to contact the originator of the check by mail and by telephone. In the case of students, a notice will be mailed to the primary address on file for the student. If no response is received, a follow-up mailing will be sent to the student's permanent mailing address of record. (All students are required to maintain an accurate address and telephone number with CSU at all times.) These reparative payments are considered due in full immediately. The payment must be equal to the full amount of the original payment plus penalty and fee if applicable. If CSU receives two returned checks on a student account, all payments from that time forward will require guaranteed funds. Failure to follow through will result in further collection actions. Please note: If the presentation of the original payment permits a student to register for an academic term and if full payment of the returned check plus penalty and fee is not made by the specified deadline, CSU reserves the right to cancel a student's class enrollment.

Address Updates

It is the student's responsibility to maintain correct addresses (mailing and email) with CSU. To create or update an existing address, go to RAMweb (<https://ramweb.colostate.edu>). In order to communicate quickly and effectively with students, CSU now requires that each enrolled student provide an e-mail address. CSU has designated email as an official form of communication to students. Information about @rams e-mail accounts, including how to forward to another e-mail account, may be found on the eID website (<https://eid.colostate.edu/gmail/Faq.aspx?idval=GFORW>).

Being able to communicate electronically with the student population provides several benefits:

- Students can be quickly notified by professors and CSU offices of events that affect them personally or may be of interest to them generally (e.g., classroom changes, class meeting time changes, department activities, etc.).
- It's faster and less costly than printing and mailing letters.
- It advances the CSU's commitment to environmental consciousness by reducing paper use and eliminating physical refuse.

It is also essential that students maintain a current mailing address with CSU by updating it on RAMweb (<https://ramweb.colostate.edu>). To do so, click on the "Manage My Student Record" link.

Deadlines for registration and payments of tuition, fees, and other charges must be met to allow registration to occur. Therefore, students must respond to correspondence from CSU in a timely manner.

Financial Assistance

- Student Financial Services
- Applying for and Retaining Financial Aid
- Student Employment Services
- Veteran's Benefits
- Financial Support for Graduate Students

Student Financial Services

Office in Centennial Hall
(970) 491-6321

Student Financial Services (<http://sfs.colostate.edu>) administers a variety of institutional, state, federal, and private financial assistance programs for qualified students. Financial assistance programs include scholarships, grants, loans, and employment. Employment opportunities available include the Work Study Program, on-campus departmental positions, and community part-time employment.

Financial Aid Programs

CSU offers a variety of financial assistance programs for students based on merit and income. Awards recognize scholastic achievement, assist low income students, and provide funding so students can reach their goal of graduation.

Detailed information on all financial aid programs is available on request from Student Financial Services (<http://sfs.colostate.edu>). Financial aid policies and procedures may change without notice.

Scholarships

CSU administers state, federal institutional, private agency, foundation, service club, and individual scholarships. The CSU Scholarship Application (CSUSA) is available on RAMweb (<https://ramweb.colostate.edu>) December 1 to March 1 of each year. Students use the CSUSA to apply for most CSU scholarships. Scholarship information, including specific criteria, application requirements, and deadline dates is available on the website.

Nationally Competitive Scholarship Opportunities

Assistance is available to qualified undergraduate students who wish to apply for nationally competitive scholarships and fellowships sponsored by federal and private organizations. These include but are not limited to the Truman, Marshall, Udall, Rhodes, Gates-Cambridge, Goldwater, and Fulbright scholarships. These scholarships and fellowships are highly competitive and require high grade point averages (GPAs), a commitment to service both on and off campus, and specific career and professional goals. In many instances, these organizations support undergraduate and/or graduate work within the United States as well as abroad. The Office of Nationally Competitive Scholarship Programs (<http://tilt.colostate.edu/ncsp>) provides students with information on eligibility, campus deadlines, and assistance in applying for these nationally competitive scholarships and fellowships.

Grants

CSU administers a number of grant programs available to undergraduate students. Several are restricted to Colorado residents.

- Colorado Student Grant (Colorado's College Responsibility Program)
- CSU Commitment to Colorado
- CSU Ram Grant
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant

CSU administers the Federal Pell Grant program for qualified undergraduates. The federal government establishes the dollar limit for the Federal Pell Grant program each year. All grants may be re-awarded in subsequent years, providing the student reapplies for

financial aid, continues to document financial need, and maintains satisfactory academic progress.

Loans

CSU participates in the following loan programs:

- Federal Perkins Loan Program
- Federal Direct Loan Programs, both subsidized and unsubsidized
- Federal Direct Parent PLUS Loan Program
- Federal Direct Graduate PLUS Loan Program
- Health Professions Loan Program – veterinary medical degree program only

Loan amounts vary depending on degree program, need, eligibility, availability of funds, and maximum limits established by federal regulations.

Work-Study

The Federal and State Need-Based Work-Study Programs are administered by Student Employment Services and provide part-time employment opportunities to qualified students. Both undergraduate and graduate students are eligible to apply. Awards are based on the evaluation of students' financial need and availability of funds.

The Merit Work-Study Program is available to CSU students and they do not have to document financial need. Students must find a job, generally on campus, which relates to their academic major. All regularly enrolled students, other than Colorado resident graduate students, are eligible to apply. Applications are available on each student's RAMweb (<https://ramweb.colostate.edu>) beginning the first business day of February for the next academic year.

Applying for and Retaining Financial Aid

Application Procedures for Need-Based Financial Aid

Students use the Free Application for Federal Student Aid (<https://fafsa.ed.gov>) (FAFSA) to apply for financial aid. Application and procedures for any of the above programs may be obtained from Student Financial Services (<http://sfs.colostate.edu/applying-for-aid>) and is available on the website.

Satisfactory Academic Progress Standards

Students applying for and/or receiving financial aid are expected to maintain satisfactory academic progress. Failure to perform at established levels may result in students becoming ineligible for financial aid. Copies of the complete policy are available at Student Financial Services (<http://sfs.colostate.edu/satisfactory-progress>), in "Your Financial Aid Guide," or on the website.

Unofficial Withdrawals

Students who leave CSU and do not formally withdraw will be assigned grades of "U" (unsatisfactory) or "F" (failure). Additionally, recipients of federal aid who never began attendance or who unofficially withdrew from CSU will have federal aid adjusted based on the date of the latest academic event in which the student participated.

If no academic event can be documented, 100% of federal, state, and institutional aid will be cancelled because the student never began attendance. An academically-related activity includes, but is not

limited to, verifiable class attendance, an exam, a tutorial, computer-assisted instruction, turning in a class assignment, or attending an assigned study group session.

Fraudulent Receipt of Funds

Students who receive student aid funds through a misrepresentation, falsification, or omission of information may have their names referred to appropriate law enforcement authorities for possible prosecution under the law. Any person who purposely gives false or misleading information may be fined \$20,000, sent to prison, or both.

Reporting Changes

All students must immediately notify Student Financial Services of any additional resources, such as scholarships, veteran's non-educational benefits, etc., any changes in their financial situation, residency, class standing, or any other factors which can reasonably be construed to impact their eligibility for financial aid.

Student Employment Services

Office in Centennial Hall
(970) 491-5714

Student Employment Services (<http://ses.colostate.edu>) is responsible for CSU's Student Employment Program. This office lists work-study positions, some of CSU's on-campus student hourly positions, and is a central listing source for employers to post community jobs. Students may view job notices on RAMweb (<https://ramweb.colostate.edu>).

All individuals who are currently enrolled with at least one or more credits and are degree-seeking may use this service.

Student employees, both work-study and student hourly, are compensated on an hourly basis and are paid every other week through direct deposit to their personal checking or savings account. All student employees enrolled at least half-time as degree-seeking students are exempt from retirement withholdings. Enrollment is verified every pay period.

Several thousand students work on campus each year through the work-study and student hourly programs, and a large number of students find employment off-campus.

CSU is an Equal Opportunity Employer, and adheres to the state's fiscal rules and the regulations set forth by the Department of Education and the Colorado Department of Higher Education, which govern the work-study and student employment programs.

Student Employment Services staff encourages any student seeking a job to contact them.

Veterans' Benefits

The Registrar's Office assists the Department of Veterans' Affairs (VA) in providing certification for the following education benefits:

Under Title 38, U.S. Code

- Chapter 30 (Montgomery G.I. Bill)
- Chapter 31 (Vocational Rehabilitation)
- Chapter 32 (Post-Viet Nam Era)
- Chapter 33 (Post-9/11 G.I. Bill)
- Chapter 35 (Dependents Educational Assistance)

Under Title 10, U.S. Code

- Chapter 1606 (Selected Reserve/National Guard Members)
- Chapter 1607 REAP (Reserve Education Assistance Program)

In Addition, the Veteran's Education Benefits Office will advise and assist students in:

- Meeting residency requirements under the Veterans Choice Act of 2014, Colorado's GI Promise or the Yellow Ribbon Program
- Requesting and obtaining Joint Service Transcripts
- Obtaining additional campus services

Students eligible for any of these benefits must contact the Veteran's Education Benefits Office (<http://registrar.colostate.edu/military-veterans-benefits/benefits-contact-information>) in the Registrar's Office prior to the expected date of enrollment. Applicants should apply to CSU in a degree-seeking major or for teacher licensure before applying for veterans' education benefits.

A description of the services (<http://veteransresources.colostate.edu>) CSU provides may be found online. Regulations governing receipt of veterans' education benefits, Standards of Progress, and other policies (<http://registrar.colostate.edu/military-veterans-benefits>) are also available online.

Financial Support for Graduate Students

Graduate Assistants

Full-time graduate assistants receive a minimum monthly stipend during the academic year, as set by CSU. Such assistants must register for and complete at least one on-campus credit during each fall and spring semester during which the assistantship is in effect; and such credits as the appointing department may require each summer term during which the appointment is in effect. Assistants may have tuition payments made in their behalf.

Additional information about financial assistance for graduate students is available in the **Graduate and Professional Bulletin**.

Academic Standards and Policies

- Academic Advising
- Grading
- Scholastic Standards
- Academic Policies
- Academic Credit
- Registration
- Degree Requirements
- Graduation Procedures and Information

Academic Advising

Academic advising is a relationship with mutual responsibilities between an advisor and student advisee for timely consultation, sharing of accurate and complete information, careful listening, critical evaluation, and respectful interchange. Academic advising can be facilitated by professional staff or faculty.

All students are entitled to a quality advising system that is:

- Accessible to students;
 - Adequate time spent in advising sessions;
 - Advisors who are well-versed in the requirements of CSU programs;
 - Advisors who relate successfully to a wide variety of students;
 - Information available about resources for meeting students' needs;
 - Maintenance of adequate records.
- Undergraduate
 - Graduate

Undergraduate Where do I find my advisor?

Each undergraduate student is assigned an academic advisor. Undergraduate students may locate advisor assignments in RAMweb (<https://ramweb.colostate.edu>). If the advisor assignment is not clear, contact the department that offers his/her primary major). Undeclared students should contact the Center for Advising and Student Achievement (<http://www.undeclared.casa.colostate.edu/home.aspx>) (CASA).

In addition to the assigned advisor, students may work with an additional advisor if interested in a professional program such as medicine, law, veterinary medicine, or teacher licensure. Students will

also have more than one advisor if completing a double major, minor, or study abroad. CASA has initial contact information.

Advisor Role and Responsibilities

The academic advisor's responsibilities (whether faculty or staff) include the following:

- Help students define and develop realistic educational and career goals.
- Assist students in planning a program consistent with their abilities, interests, and goals.
- Assist students in monitoring and evaluating their educational progress.
- Discuss relationships between instruction program and career. Assist students in identifying career opportunities. This includes utilizing the Career Center (<http://career.colostate.edu>).
- Inform students of the nature of the advisor/student advisee relationship.
- Interpret and provide rationale for institutional policies, procedures, and requirements.
- Monitor all designated educational transactions, e.g., course selection, changes of major, graduation requirements, etc.
- Maintain an advising record for each student.
- Designate and post hours available for advising.

Advisee (Student) Role and Responsibilities

Students carry important responsibilities in the advising process. In the interest of successfully completing a degree program, a student must be proactive in finding the necessary resources needed for attaining a degree. In order to contribute to an effective advising relationship, students are expected to:

- Schedule and attend advising sessions each semester prior to course registration. It is possible that advising sessions may be conducted via email or telephone, depending on the advisor or the advisee.
- Clarify personal values, abilities, interests, and goals.
- Become knowledgeable of all graduation requirements and adhere to institutional policies, procedures, and deadlines.
- Prepare for each advising session.
- Follow through on actions identified during each advising session.
- Responsibly evaluate advisor in order to strengthen the quality of advisement.
- Become familiar with the Career Center and other campus resources.

Students should meet with their advisor within the first month of arriving on campus, again to prepare for registration, and anytime that they have a question or problem. It is important for students to utilize academic advisors for assistance with course selection, major information or exploration, career planning, graduation requirements, and campus resource information.

Advising Resources

In order to get the best from the academic advising experience, students are encouraged to utilize the many advising tools that are available.

- The Degree Progress Audit is an undergraduate degree audit that shows what graduation requirements a student has completed

and what requirements still need to be completed. This audit can be found under Degree Progress Audit, and viewed any time on RAMweb (<https://ramweb.colostate.edu>).

- The Course and Graduation Planner is a tool allowing undergraduate students to plan out their semester by semester plan through graduation. This tool works well for new first year, transfer, and continuing students. It allows students to add or delete extra semesters and validates against the degree progress audit to make sure that all requirements have been met via the plan. Students may access this via RAMweb (<https://ramweb.colostate.edu>).
- Major Completion Maps (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>) are available for Undergraduate majors, concentrations, and options. These Maps show a sample semester-by-semester coursework plan, and identify critical courses and requirements that are essential for on-time graduation.
- All-University Core Curriculum (AUCC) outlines the general education requirements for graduation.
- Advising@CSU (<http://advising.colostate.edu>) has a compilation of resources, policies, and procedures for students.
- Undeclared students are encouraged to visit CASA (<http://www.undeclared.casa.colostate.edu/home.aspx>) for additional resources for exploring majors and Academic and Career Horizons (<http://secure.casa.colostate.edu/applications/achoriz>) for information that describes interests, skills, and career opportunities for each major.
- The CSU Career Center (<https://career.colostate.edu>) empowers students to pursue satisfying careers through the development of individualized careers plans.

Many more resources are available to assist with academic success at CSU. Primary contact for locating these resources will be the student's advisor or academic support coordinator.

Undeclared Advising

"Undeclared" is a special designation for students who have a rich and diverse set of interests that span the CSU curriculum and want to explore all their options. Through the Undeclared advising process students are able to learn about various academic opportunities while keeping their options open as they begin their college experience. Professional academic advisors in the Center for Advising and Student Achievement (CASA) are knowledgeable about the academic requirements to assist students in the process of selecting a major. Advisors help students plan their schedules, provide information on career options, and refer students to other resources. Students are encouraged to declare a major by the time they earn 45 credits.

Undeclared students, in the semester where their census-date registration would lead them to achieve a total of 60 or more credits, and any semester afterwards, will have a hold placed upon subsequent registrations, and will be required to visit the CASA office to discuss selection of a major and to ensure they are aware of the possible consequences of delaying this choice. Such consequences may include, but may not be limited to, the inability to graduate within 4 years, and loss of the College Opportunity Fund (<http://sfs.colostate.edu/cof>) (after reaching the maximum allowed credits) and possible other financial aid. At this meeting in order to have their hold removed, undeclared students will sign a document indicating that they understand these possible consequences, and will indicate when they intend to select a major, how long it will take for them

to complete this major, or how they intend to gain entrance into a competitive major if that is their goal.

Graduate Students

Advising information for graduate students is available in the Graduate and Professional Bulletin.

Grading

Faculty and instructors submit grades once coursework has been completed. The approved grade mode(s) are included in the information with each course in this General Catalog (in the course bubble). Grade modes are Traditional (A through F letter grades), Student Option Satisfactory/Unsatisfactory, Instructor Option, Satisfactory/Unsatisfactory, and Audit. See below for more information.

- Grading Scale
- Grade Mode Descriptions
- Discontinuing a Class (Student Non-Attendance)
- Semester Grades
- Transcripts
- Grade Appeals
- Repeat/Delete Policy
-

Grading Scale Grade points

Grade		Grade points per credit
A+		4.000
A	Excellent	4.000
A-		3.667
B+		3.334
B	Good	3.000
B-		2.667
C+		2.334
C	Satisfactory	2.000
D	Poor, but passing	1.000
F	Failure	0.000
S	Satisfactory ²	
U	Unsatisfactory ¹	
I	Incomplete ¹	
W	Withdrawal ¹	
H	Honors ²	
AU	Audit ¹	
NG	No Grade Reported ¹	
NGC	Non Graded Component ²	

¹ Credits not used to compute grade point average (GPA) and not counted toward graduation.

² Not used to compute GPA. Non-graded components are attached to a graded component carrying credits.

Credits for courses graded F are used to compute GPA, but they do not count toward graduation.

Effective Fall 2008, C-, D+, and D- grades are not assigned at CSU.

When an X is placed before a grade, e.g., XA, XB, etc., the student has been granted an Academic Fresh Start. These grades are not calculated into the grade point average.

When an R is placed before the grade, the student has elected to repeat the course under the terms of CSU's Repeat/Delete policy. The original course grade is not calculated into the grade point average.

When an AM is placed before the grade, it indicates a finding of academic misconduct by the student in the particular course. For more information, see Procedures for Dealing with Academic Misconduct in the Students' Responsibilities section of University Policies.

Students may contest whether or not an assigned grade was recorded accurately in the educational record by following the procedures described under the Grade Appeal section.

Grade Mode Descriptions

Traditional

Term grades are reported using the Grading Scale above.

Faculty use of +/- grading is optional. Course instructors should indicate on the course syllabus and/or policy statement the grading system used in the course.

Student Option Satisfactory/Unsatisfactory

Undergraduate students may elect satisfactory/unsatisfactory grading in one course per term in courses offered for Student Option Satisfactory/Unsatisfactory grading under the following conditions:

Undergraduate students, except first-term freshmen and transfers, with a cumulative CSU grade point average of 2.000 or better and with the advisor's consent, may register for approved courses on a Student Option Satisfactory/Unsatisfactory basis. This work may not be in areas of study required in the student's major, minor, teacher licensure, or for All-University Core Curriculum requirements (i.e., it must consist of free electives not specified as to general area of study). (A 3-credit social science requirement, for example, would not be considered free electives.) Students must register for the course first, then complete the Student Option Satisfactory/Unsatisfactory and Audit Grading form to elect this option. The form can be found at the Registrar's Office website (<http://registrar.colostate.edu/forms/auditsatisfactory-unsatisfactory-grading-form>). Changes to Satisfactory/Unsatisfactory grading can only be made during the add/drop period.

Performance equivalent to a grade of C or better is recorded as Satisfactory. Performance equivalent to D or F is recorded as Unsatisfactory. Neither the S nor U grades are used in calculating the CSU grade point average; however, courses graded S may apply to graduation requirements.

A grade for a course taken as Satisfactory/Unsatisfactory may not be converted to a traditional grade for purposes of improving the GPA to meet graduation or scholastic requirements. In situations where students change their major or minor to include required courses taken previously for Satisfactory/Unsatisfactory grades, the major department will determine if such courses may be considered as fulfilling degree requirements. When it is determined that an ineligible student is or has been registered for a Satisfactory/Unsatisfactory

course, a traditional grade will be assigned. A correct Satisfactory/Unsatisfactory registration including advisor approval is the express responsibility of each student.

Satisfactory/Unsatisfactory registration policies for graduate students are described in the Graduate and Professional Bulletin.

Instructor Option

Instructor option grading allows the instructor to determine whether Traditional or Satisfactory/Unsatisfactory grading is to be used for a course. In courses approved for instructor option grading, the type of grading (Traditional or Satisfactory/Unsatisfactory) to be used for all students in the course during the term is to be indicated on the course syllabus.

Satisfactory/Unsatisfactory

Performance equivalent to a grade of C or better is recorded as Satisfactory. Performance equivalent to D or F is recorded as Unsatisfactory. Neither the S nor U grades are used in calculating the CSU grade point average; however, courses graded S may apply to graduation requirements.

Audit

A student wanting to attend a class without earning credits may register as an auditor. Auditing a course requires prior approval of the instructor of the course. If an instructor determines that an auditor's attendance or participation is unsatisfactory, the course will not be recorded on the student's academic record. Changes to or from audit status must be made during the registration or add/drop period. Tuition and fees are assessed for audited credits. Audits do not count for full-time status for loan deferments, financial aid, etc., and are not eligible for the College Opportunity Fund (COF). Students must register for the course first, then complete the Student Option Satisfactory/Unsatisfactory and Audit Grading form. The form can be found at the Registrar's Office website (<http://registrar.colostate.edu/forms/auditsatisfactory-unsatisfactory-grading-form>).

Incomplete Grades

At the discretion of the instructor, a temporary grade of "I" may be given to a student who demonstrates that it is not possible to complete the requirements of a course due to circumstances beyond the student's control and not reasonably foreseeable. A student must be passing a course at the time that an incomplete is requested unless the instructor determines that there are extenuating circumstances to assign an incomplete to a student who is not passing the course. When an instructor assigns an "I", the instructor shall specify in writing the requirements the student shall fulfill to complete the course as well as the reasons for granting an "I" when the student is not passing the course. The instructor shall retain a copy of this statement in the grade records and provide copies to the student and the department head or designee. The student should not register for the course again to complete the coursework. After successful completion of the makeup requirements, incomplete grades will be changed by the instructor of record or the department head, in absence of the instructor of record. After one year, an incomplete will be automatically changed to an "F" (failure) unless the course has been previously completed and a grade change submitted by the instructor or the head of the department. The temporary grade of "I" **must** be changed to a grade (e.g., A, B, C, D, F, S, U) prior to the student being awarded a diploma from CSU.

Discontinuing a Class (Student Non-Attendance)

If a student discontinues attending a class and has not officially dropped or withdrawn through RAMweb (<https://ramweb.colostate.edu>) or the Registrar's Office, the grade of F (failure) is recorded.

Semester Grades

Students may access their semester grades through RAMweb (<https://ramweb.colostate.edu>) three business days after the week of final exams of each term.

Transcripts

Transcripts of students' official academic records are maintained by the Registrar's Office. Official and unofficial copies of a student's transcript may be obtained by the student through RAMweb (<https://ramweb.colostate.edu>).

Grade Appeals

Instructors are responsible for stating clearly the instructional objectives of the course at the beginning of each term and for evaluating student achievement in a manner consistent with these objectives. Students are responsible for maintaining standards of academic performance established for each course in which they are enrolled. Instructors are responsible for determining and assigning final course grades. Graded examinations, papers, and other materials used as a basis for evaluating a student's achievement will be available to the student for inspection and discussion.

Students may appeal instructor's grading decisions. The burden of proof, however, rests with the student to demonstrate that the grading decision was made on the basis of any of the following conditions.

1. A grading decision was made on some basis other than performance and other than as a penalty for academic misconduct.
2. A grading decision was based on standards unreasonably different from those which were applied to other students.
3. A grading decision was based on a substantial, unreasonable, or unannounced departure from previously articulated standards.

Before making an appeal, the student should discuss the situation with the instructor(s) involved in the decision. To appeal a grading decision, the student shall submit a written request to the department head. The request must set forth the basis for the appeal, identifying one or more of the three criteria set forth above.

The request must be submitted (or postmarked, if mailed) no later than 30 calendar days after the first day of classes of the following spring semester for appeal of grades recorded for fall, or after the first day of classes of the following fall semester for grades received in the spring or summer semester. If no appeal is filed within this time period, the grade shall be considered final.

Within 30 days of receipt of an appeal, the department head shall forward the appeal to the course instructor(s) who assigned the grade and an appeal committee shall be formed. If the request is received during or shortly before the summer session, when the course instructor(s) who assigned the grade or member of the appeal

committee may not be available, the appeal committee will be formed no later than 30 calendar days after the beginning of the following fall semester. The appeal committee shall be composed of two (2) faculty members and two (2) students from within the department and one (1) faculty member from outside the department who shall serve as the chair. All five (5) members of the committee shall be voting members. The procedure for the selection of the members of the appeal committee shall be specified in the department code.

The appeal committee will review the written appeal and response of the instructor(s). They may elect to separately interview both the student and the instructor(s) before rendering a decision. The decision of the appeals committee will be based upon whether one of the conditions for an appeal set forth above has been met. At the conclusion of the deliberations, the committee shall render one of the following decisions:

1. the original grading decision is upheld, or
2. the department chair or designee(s) will reevaluate the student's achievement of the instructional objectives of the course and assign a grade accordingly.

Written notice of the committee's decision and the reasons for the decision normally will be sent to the student and the instructor(s) within 30 calendar days of the appointment of the committee. The appeal committee's decision is the final decision of the University. Written summaries of the hearing and decision, together with a rationale for that decision, shall be provided to the student and the instructor who assigned the grade and shall be retained in the department office for a period of one year.

Repeat/Delete Policy

Repeat/Delete is a one-time per course grading option that may be used by undergraduate students who repeat a course. Once a student has graduated from CSU, a student may not repeat/delete any CSU course taken prior to the date of graduation. The following rules apply when the Repeat/Delete option is applied:

1. The grade received in the repeated course will be used in calculating the student's GPA, regardless of whether the repeated grade is higher, the same as, or lower than the initial grade received. The initial grade will remain on the transcript, but will not be used in calculating the GPA when the Repeat/Delete option is applied.
2. It is the student's responsibility to request the Repeat/Delete option from the Registrar's Office, before the expiration of the course withdrawal period in the semester in which the course is first repeated.
3. The Repeat/Delete option may be used for a maximum of twelve (12) credit hours and no more than three courses. The Repeat/Delete option may not be applied to a course for which the final grade was given as a penalty for academic dishonesty in accordance with the academic integrity policy under section I.5.1 of the Academic Faculty and Administrative Professional Manual (<http://facultycouncil.colostate.edu/faculty-manual-section-i/#15>).
4. If the course is repeated at any time subsequent to the use of the Repeat/Delete option, all grades in that course, except the initial grade, are used in computing the student's GPA.
5. Although a course may be repeated as often as a student chooses, the Repeat/Delete option can be used only the first time a course is repeated.

6. The Repeat/Delete option will not retroactively affect academic standing for previous terms. For example, use of the repeat/delete option may change a student's cumulative grade point average, but will not change the notation of probation previously recorded on the student's record.

Note: Although CSU does not use the original course grade for GPA calculation once the Repeat/Delete option has been used, other educational institutions and potential employers may use this grade in their GPA calculation. Medical schools, many law schools, and other graduate programs, for example, may recalculate cumulative GPA using ALL grades on a transcript.

Scholastic Standards

Scholastic standards are mandated by the faculty through the Faculty Council Committee on Scholastic Standards.

Policies regarding probation, dismissal, and appeal are determined by the faculty and CSU in their absolute discretion subject to acceptance by the governing board of CSU.

- Undergraduate
- Graduate

Undergraduate

Procedures relative to undergraduate scholastic standards are administered through the Center for Advising and Student Achievement (CASA). Those students whose scholastic achievement is less than that required for graduation are placed on probation or dismissed from CSU.

Good Standing - Minimum Cumulative GPA

In order to graduate, a minimum cumulative grade point average (CUM GPA) of 2.000 on a 4.000 scale must be earned at CSU. A student is expected to maintain a CUM GPA of 2.000 or higher at all times. All grades earned in regular credit courses, including those taken through the Division of Continuing Education or the CSU summer session, will count toward the CUM GPA. For students who have been granted a Fresh Start, all grades earned prior to the Fresh Start will not count toward the student's CUM GPA.

Failure to maintain a CUM GPA of 2.000 or higher will result in academic probation or academic dismissal.

Academic Probation

Failure to maintain a CUM GPA earned at CSU of 2.000 or higher will result in academic probation for a period of two regular semesters (fall and spring). Grades earned in regular credit courses through the Division of Continuing Education or the CSU summer session will count toward the CUM GPA regardless of when those classes are taken. At any time that the CUM GPA is raised to a 2.000 or higher, the student will return to regular academic standing.

Students who withdraw from CSU while on probation will remain on probation if they return to the University. Students on academic probation who return to CSU after attending another institution will continue their probation, since transfer credits are not computed within the CUM GPA earned at CSU.

Academic Dismissal

Students on academic probation who do not raise their CUM GPA to a 2.0 or higher after two regular semesters (fall and spring) will be dismissed from CSU. Students who have been academically dismissed from CSU have three options to seek readmission. First, they can take classes through the GUEST program, through the CSU Summer Session, or through the Division of Continuing Education, but they are not eligible to apply for readmission until the CUM GPA is raised to 2.000 or higher.

The second option available to students who have been academically dismissed is to enroll at another accredited institution and meet the requirements to be admitted as a transfer student to CSU. Upon transferring back to CSU, students will have two semesters following re-enrollment to raise their CUM GPA earned at CSU to 2.000 or higher or face academic dismissal again. Transfer credits are not computed within the CUM GPA earned at CSU.

Students who have raised the CUM GPA to 2.000 or higher or who apply as students transferring from another institution may apply for readmission to the University subject to any enrollment limitation as set by the Colorado Department of Higher Education or the governing board.

Appeal of Academic Dismissal

As a third option, students may appeal academic dismissal. An online appeal may be submitted to the Center for Advising and Student Achievement for consideration by the Faculty Council Committee on Scholastic Standards. All appeals must be submitted in accordance with written instructions.

All appeals of academic dismissal will be acted upon by the Faculty Council Committee on Scholastic Standards no later than seven business days prior to the first day of classes for the next regular academic semester (either fall or spring).

Academic Fresh Start

Former CSU undergraduate students may apply for an academic Fresh Start, a policy which allows students to establish a new academic record. A student may be granted a Fresh Start only once.

An academic Fresh Start may be granted after at least two years have elapsed since the student's last term of enrollment as an admitted, degree-seeking student, regardless of the number of credits taken. Courses taken through the Division of Continuing Education, as a guest student, or the CSU Summer Session after being dismissed or ceasing enrollment as an admitted degree-seeking student will not count against the two-year interval required for a Fresh Start.

Eligibility for a Fresh Start can be achieved in one or both of the following ways:

1. Be successful in a job or volunteer experience and be able to supply strong letters of recommendation from your employer/supervisor (recommendations must not be from a family member or relative).
2. Take at least 15 credits of academic courses either at another institution or as a guest student at CSU and earn a 2.50 or higher cumulative GPA

Students applying for a Fresh Start will also need to:

1. Submit a Returning Student Application by the deadline for the appropriate semester.
2. Write a statement of motivation on why you would like to return to CSU and why you think you are now ready to succeed. Analyze your past behavior and provide evidence of change and success since you left CSU.
3. In your statement, include an action plan for academic success that you have researched and considered carefully. Describe specifically how you will utilize campus advising and resources. Review the CASA website (<http://oas.casa.colostate.edu/campus-resources>) for suggested resources.
4. Submit all information to the Office of Admissions (<http://admissions.colostate.edu/returningstudents>).

Decisions on applications for a Fresh Start will be made by a committee composed of representatives from Admissions, CASA, and the Committee on Scholastic Standards.

A student granted a Fresh Start and enrolled will have a demarcation on the permanent academic record to delineate the previous record from the new academic record achieved under the Fresh Start policy. Credits for those courses in which a grade of at least C- or S was awarded prior to the Fresh Start may be applied toward graduation requirements under the Fresh Start policy.

Only grades earned after the Fresh Start demarcation will be computed in the new GPA. A Fresh Start may have implications regarding other requirements for graduation, such as upper-division and in-residence requirements.

If a student receives a Fresh Start, the student must successfully complete at least 30 upper-division credits of course-work in residence at CSU after the Fresh Start is granted in order to graduate.

Resources

U-Turn

U-Turn (<http://tilt.colostate.edu/learning/studySkills/uturn.cfm>) is a one-day event that provides students access to academic support resources, all in the same room, to assist in making a plan to turn the semester around.

Change of Major

Students who experience academic difficulty may choose to explore a different academic major. Resources for doing so include this General Catalog, the Center for Advising and Student Achievement (<http://www.undeclared.casa.colostate.edu/home.aspx>), and the CSU Career Center (<https://career.colostate.edu/explore/choosing-a-major>).

Undergraduate Planned Leave

Other students may decide that taking one semester off from CSU is in their best interest. Learn more at Undergraduate Planned Leave.

Dean's List

Students should contact their individual college(s) for Dean's List qualifications.

Graduation with Distinction

CSU recognizes outstanding scholarship by granting the baccalaureate degree "Cum Laude," "Magna Cum Laude," and "Summa Cum Laude" to those students in each college who have achieved unusually high academic excellence in their undergraduate programs. To be eligible

for graduation with distinction, students must meet the following requirements:

- Minimum grade point average required for graduation with distinction and
- Minimum of 60 credits completed at CSU. Students who have been granted Fresh Start must have completed 60 credits after the Fresh Start designation to qualify for graduation with distinction.

Transfer credits are not considered when determining a) candidacy for graduation with distinction or b) graduation with distinction.

The Current Breakdown of Acceptable GPAs for a Distinction Designation:

College	Summa Cum Laude	Magna Cum Laude	Cum Laude
Agricultural Sciences	3.980	3.850	3.780
Business	3.980	3.900	3.780
Engineering	3.980	3.930	3.790
Health and Human Sciences	3.990	3.900	3.760
Liberal Arts	3.980	3.910	3.780
Natural Resources	3.990	3.910	3.800
Natural Sciences	3.990	3.940	3.830
Veterinary Medicine and Biomedical Sciences	3.990	3.910	3.800

These minimum cumulative grade point averages will be reviewed every four years and may be changed if needed to maintain appropriate academic standards. Such changes will become effective the semester following approval by Faculty Council and publication in the General Catalog. Each of the minimum grade point averages needed to graduate with distinction will be adjusted at the end of each four year period only if the percentage of students graduating with distinction in a distinction category and college have shown a statistically verifiable deviation from the target percentages of:

Summa Cum Laude	1%
Magna Cum Laude	3%
Cum Laude	6%

Candidates for graduation with distinction are recognized at the time of commencement. Candidacy is determined by a student's cumulative grade point average through the semester preceding graduation. "Candidacy" for graduation with distinction does not guarantee graduation with distinction. Graduation with distinction is based on the student's cumulative grade point average at the time of graduation. The CSU GPA calculation is carried to the third decimal place and is not rounded.

Students seeking a second bachelor's degree are eligible for distinction designation. To qualify for graduation with distinction, a minimum of 60 credits completed at CSU is required after the first degree. In determining the grade point average of the student, only grades earned after the first degree are considered.

Graduation as a University Honors Scholar

Students who complete the University Honors Program (<http://www.honors.colostate.edu>) academic requirements and achieve at least a cumulative 3.5 grade point average earn the designation of University Honors Scholar. Scholars are recognized at graduation by the Honors Program and during the colleges' commencement ceremonies. The University Honors Scholar designation appears on diplomas and transcripts.

Graduate

Graduate students must maintain a 3.0 GPA to be in good standing with the University. Learn more in the Graduate and Professional Bulletin.

Academic Policies

- Class Attendance Regulations
- Final Examinations
- Undergraduate Planned Leave
- Undergraduate Change of Major, Concentration, Minor, or Certificate

Class Attendance Regulations

Students should attend all classes for which they are registered to obtain maximum educational benefits. Absence or lateness does not excuse students from required course work.

Instructors and departments are responsible for establishing class attendance policies. These policies must accommodate student participation in University-sanctioned, extracurricular/co-curricular activities. Students must inform their instructors prior to the anticipated absence and take the initiative to make up missed work in a timely fashion. Instructors must make reasonable efforts to enable students to make up work which must be accomplished under the instructor's supervision (e.g., examinations, laboratories). In the event of a conflict in regard to this policy, individuals may appeal using established CSU procedures.

For purposes of this regulation, University-sanctioned activities include competitions, events, and professional meetings in which students are officially representing the institution. Appropriate sanctioned activities include:

- Intercollegiate athletics;
- Collegiate club sports and competitions;
- Conferences and workshops recognized by CSU not related to academics;
- Commitments on behalf of CSU (ASCSU, band, etc.); and
- Professional activities recognized by CSU related to academics.

Department heads or their designated representatives must approve sanctioned professional and departmental activities. Other sanctioned activities must be approved by the appropriate program director on record with the Division of Student Affairs offices or the Department of Athletics. Refer to this list for the appropriate approving authority (<http://studentaffairs.colostate.edu/class-absence-info>).

CSU policy permits only enrolled students, persons attending with the permission of the instructor, and administrative personnel of CSU to be present in a classroom during scheduled classroom periods.

At the discretion of the instructor in charge, any full-time student, faculty member, or lifelong learner may attend any class without formal registration provided adequate class-room space is available.

Academic departments may replace any students in a course who fail to attend both of the first two regularly scheduled meetings of the class (one meeting for laboratory courses or for classes which meet once each week), unless the students have notified the department in advance. Since this procedure is a department option, students remain responsible for dropping courses they do not intend to complete within the required time period for drops.

Religious Holidays and Observances

CSU has a legal obligation to accommodate students' absences due to religious observances. For such an accommodation, it is the student's responsibility to complete the Religious Accommodation Request Form (<http://www.studentaffairs.colostate.edu/religious-holidays>) at the beginning of each semester and submit the request via the Office of the Vice President for Student Affairs website. The Dean of Students will communicate with the instructor regarding the student's absence and the student is instructed to discuss how best to ensure an accommodation related to class conflicts. For religious observances that cannot reasonably be anticipated at the beginning of the semester, students must follow the procedure above as soon as possible after the course conflict is identified. If a student knows that a particular course or section of the course will have multiple conflicts with his or her religious obligations, the student is advised to locate another course section or defer taking the course to a different semester. In the event of a conflict in regards to this policy, individuals may appeal using established CSU procedures. Instructors are advised to provide reasonable accommodations to ensure compliance with CSU's obligations.

Final Examinations

Final examinations, as appropriate, are given during the final week of each semester. During this week, classes are rescheduled to meet for two-hour periods.

The following procedures apply to all courses during the final week of the semester:

1. Final examination week is part of the regular semester. Student attendance shall be consistent with CSU policy.
2. The final in-class examination period is intended for the end-of-semester examination. No in-class examination constituting more than 10% of the final course grade may be given in undergraduate courses during the week preceding the final examination period of the semester; laboratory, performance, and other alternative classes (e.g., courses in PACE - the individualized mathematics program) excluded. It is the responsibility of the department head, or, where appropriate, the school head, to ensure compliance with this policy.
3. Courses for less than four credits shall meet for one period. Courses for four or more credits may meet for two periods.
4. Classes that begin at times other than on the hour (i.e., 9:30, 2:10, 3:35, etc.) will use the time period assigned for the hour (i.e., 9:00, 2:00, 3:00, etc.). For example, a 4:30 TR class would use the 4:00 TR assigned final examination period.
5. Classes shall meet only at the times indicated on the final examination schedule.

6. Any exception of regulations 3 or 5 above, e.g., special types of examinations which need more time or special locations to conduct, must be approved by the Assistant Registrar in Academic and Classroom Scheduling prior to the second week of class and announced in classes by the second week.
7. If a student has three or more final examinations (not classes) scheduled for the same day or if conflicts of examination times occur, the student may negotiate a time change with the instructors involved. If the parties involved cannot find a mutually agreeable time, the Registrar's office indicates which courses must be changed. Note: The Assistant Registrar, Academic and Classroom Scheduling, must be notified at least one week prior to final examination week to allow instructors time to make appropriate accommodations.

Any student who has a conflict with the examination schedule must inform the instructor as soon as possible before the examination. If an agreement cannot be reached between the instructor and student as to the appropriateness of a make-up examination, the student should appeal to the department head.

Undergraduate Planned Leave

Undergraduate Planned Leave is a status intended to help students more easily and effectively take one semester away from their CSU studies and successfully return again. Students who obtain Undergraduate Planned Leave status and comply with its requirements do not have to re-apply for admission to CSU upon return. In addition, Planned Leave students will be tracked in an attempt to help facilitate their successful and timely return.

All undergraduate students seeking their first Bachelor's degree are requested to communicate their plans when leaving CSU in order to determine eligibility for an approved Planned Leave. Students who meet the established eligibility requirements will be granted a Planned Leave for one semester. (A semester is defined as a fall or spring semester and excludes summer sessions; for example, Planned Leave is granted for fall and the student returns the following spring, or is granted for spring and returns the following fall.) Any student leaving for more than one semester should utilize CSU's Returning Student (<http://admissions.colostate.edu/returning>) process via the Office of Admissions when they return. Any student leaving longer than one semester due to military service should work with the Adult Learner and Veteran's Services Office (<http://www.adultstudents.colostate.edu>) or the Veteran's Benefits Office (<http://registrar.colostate.edu>) to discuss available options.

Some examples of situations where Planned Leave might be appropriate include students on domestic internships, official assignment for CSU, military service, mission service, leave due to medical reasons, family crisis, financial crisis, work, etc.

Per CSU transfer evaluation guidelines, students on Planned Leave may enroll at another domestic post-secondary institution during their Planned Leave. Any student planning on going to an international post-secondary institution must have a conversation with, and follow the processes of, the Education Abroad Office (<http://educationabroad.colostate.edu/students>) to evaluate what, if any, of the credits taken might transfer back to CSU.

International study while on Planned Leave is not the same as regular Education Abroad. Many different issues arise and processes must be followed by students in the Education Abroad program ([\[educationabroad.colostate.edu/students\]\(http://educationabroad.colostate.edu/students\)\). Students participating in Education Abroad \(for-credit study, intern, volunteer, work, or research abroad programs\) have a separate CSU process for managing planned leave and therefore are not eligible to participate in this policy.](http://</p>
</div>
<div data-bbox=)

In order to be eligible for planned leave, a student must meet all of the following criteria:

- a. Undergraduate Degree Seeking Student (RI & CE) seeking first bachelor's degree (2nd Bachelor students are not eligible)
- b. Academic Standing: good standing or academic probation one or two.

Students interested in obtaining Planned Leave status must apply and be approved before leaving. For additional information, see the Registrar's Office website (<http://registrar.colostate.edu/planned-leave>).

Student Financial Assistance

Most Financial Aid is handled under Federal Title IV requirements. Students who are receiving financial aid should request information about current and future term eligibility when considering Planned Leave. Students who are receiving scholarships should request information regarding renewability. Students are not eligible for any financial aid disbursements during the semester(s) on Planned Leave. Students on Planned Leave will be reported to lenders and loan service agencies as "non-attending" and will need to contact lenders for information regarding possible repayment requirements.

International Students

Because there are federal visa requirements, International students must discuss their options for Planned Leave with the Office of International Programs (OIP) to determine the impact of the Planned Leave to their immigration status. All international students must be enrolled in a full course of study while in the United States.

Returning from Planned Leave

All students returning from an approved Planned Leave will be required to respond to the safe campus community questions as part of their process for returning to campus. A full set of steps for students returning from a Planned Leave are available on the Planned Leave website (<http://registrar.colostate.edu/planned-leave>).

Undergraduate Change of Major, Concentration, Minor, or Certificate Change of Undergraduate Major

In many, but not all cases, an undergraduate student regularly enrolled in CSU may change from one major to another. Students complete this process by working with the advisor/academic support coordinator in the department to which they would like to change. Students should schedule an appointment by contacting the department offering the major, minor, or certificate to which they would like to change (or add). Some departments create advising appointments by phone, others via signing up online; some advising appointments are individual, others are group change of major sessions.

Some majors—considered competitive or controlled-entry majors—require specific entrance requirements (portfolio, audition, cumulative GPA, grades in specified courses, etc.). Students wishing to change

from one major to another can obtain information about any restrictions or requirements that may be in place, as well as the actual process involved, from their advisor, the academic department offering the major, or from the Center for Advising and Student Achievement (<http://www.casa.colostate.edu>) (CASA).

Newly admitted students who have not begun classes must contact the Admissions Office (<http://admissions.colostate.edu>) to change their major.

Dropping a Major, Minor, Concentration, or Certificate

Students wishing to drop a minor or second major should make an appointment with their academic advisor to be sure all options are fully understood. Students then submit a change of major form to the Registrar's Office (<http://registrar.colostate.edu>), First Floor in Centennial Hall.

Changes of major, minor, or certificate are generally processed within one business week. Students may check their status in RAMweb (<https://ramweb.colostate.edu>).

Academic Credit

- Credit Hour and Credit Load
- Undergraduate Classification
- Enrollment Status

Credit Hour and Credit Load

A credit hour is defined as 50 minutes of lecture or discussion/recitation per week for 16 weeks (800 minutes in a semester), 100 minutes of laboratory per week for 16 weeks (1600 minutes in a semester) when outside preparation is required, or 150 minutes of laboratory per week for 16 weeks (2400 minutes in a semester) when no outside preparation is required. For workload planning purposes (and to graduate with 120 credits in eight semesters), students should plan on an average of 15 credits per semester and should expect that each credit hour will require approximately two to three hours (for some students in some classes, more time and in a few classes less time) of effort per week to attend classes and to accomplish readings and out-of-class assignments in preparation for successful completion of the course requirements.

Undergraduate Classification

Student level (class) is determined by the number of credits at CSU and credits accepted in transfer. Transfer credits may or may not be acceptable in meeting degree requirements.

Student Level Semester Credits

Student Level	Semester Credits
Freshman	0-29
Sophomore	30-59
Junior	60-89
Senior	90 and over

Enrollment Status

Enrollment status (full-time, three-quarter time, half-time) is determined by the number of credits which the student has completed or is pursuing for the term in which the verification is

requested. Courses from which the student has withdrawn or is auditing are not included. (The following schedule for enrollment status differs from the full-time/part-time schedule for tuition and fees (<http://registrar.colostate.edu/student-resources/tuition-fees>)).

Credit requirements are as follows:

Fall/Spring/Summer Semesters: Undergraduate Students

Full-time	12 or more credits
Three-quarter time	9-11 credits
Half-time	6-8 credits
Less than half-time	5 credits or less

Graduate Students

Full-time	9 or more credits
Three-quarter time	7-8 credits
Half-time	5-6 credits
Less than half-time	4 credits or less

For verification of enrollment status go to RAMweb (<https://ramweb.colostate.edu>) and click on Enrollment Verification Certificate. For more information visit the Registrar's Office (<http://registrar.colostate.edu/student-resources/enrollment-degree-verification>) website.

Groups such as Co-op programs may have a different definition of enrollment status and should be verified with the program.

Registration

- Class Schedule
- Registration Process
- Schedule Changes
- University Withdrawal
- Undergraduate Planned Leave
- Graduate Continuous Registration
- Registration Alternatives

Class Schedule

The Class schedule is available in RAMweb (<https://ramweb.colostate.edu>) or online (https://ramweb.colostate.edu/registrar/public.class_schedule_quick_search.aspx) prior to the beginning of registration for a given term.

Registration Process

Students register for classes, including adding or dropping courses, online through RAMweb. The class schedule is available through RAMweb approximately one month prior to the start of registration, allowing students to plan their schedules (a wish list builder is also available in RAMweb). The class schedule is available to the public via the CSU website (<http://www.colostate.edu>), A to Z under Class Schedule.

Before registering for classes, students must complete the Registration Ready portion of the process. In order to communicate quickly and effectively with students, CSU requires each enrolled student to provide an email address at Registration Ready. Students are also required to maintain a current mailing address. Once Registration Ready is complete, and the student's Registration Access

Date/Time has arrived (available in RAMweb), a student may register for classes.

Registration and payment deadlines must be met in order for registration to proceed. Students should respond to correspondence from CSU, including email correspondence, in a timely manner to avoid missing crucial deadlines.

Registration Waitlist

Registration Waitlists are available for students attempting to register for undergraduate class sections that are already full. When a class has reached capacity and shows a waitlist is available, students may sign up on the waitlist. Students are e-mailed and texted (if they set their text messaging options to allow Academic and Financial Alerts via RAMweb) when a seat opens in the class. Students then have a 24-hour window to register for the class. If the student does not register, they are taken off the waitlist and a notification goes to the next student on the waitlist.

Please go to RAMweb or the Registrar's webpage (<http://registrar.colostate.edu>) for frequently asked questions and answers about the Registration Waitlist.

Course Overrides

Even when a class has reached its published enrollment limit, the instructor may give special permission for a student to register in the course. Students should inquire about overrides with the instructor assigned to teach the class or the department offering the class. Overrides are processed electronically via ARIESweb by the instructor or department offering the course. Once granted an override, the student must still register for the course through RAMweb. To do so, the student will need to manually enter the CRN (course reference number) into the Add Classes Worksheet in RAMweb.

Credit Overload

Undergraduate students who wish to register for more than 18 credits per term must have an overload approved and submitted through ARIESweb by their advisor. Requests for undergraduate students to register for 21 or more credits in a given term must be approved by the department chair/department head.

Graduate students who wish to register for more than 15 credits per term must also have an overload approved and submitted through ARIESweb by their advisor. Requests for graduate students to register for 19 or more credits requires approval from the Graduate School.

Variable Credit Course Registration

Some courses, such as research or field placements, are available for variable credits. Learn more about adjusting variable credits on the Registrar's Office website (<http://registrar.colostate.edu/registration/registration-changes>).

Auditing a Class

Students who are interested in learning content of a course but who don't need it to count toward graduation may choose to audit the course, if the option is available. Learn more about auditing a course.

Late Registration

A Late Registration Charge of \$50 (subject to change) is assessed for adding the first course on or after the first day of classes or for late adds after the registration period.

Graduate students who register for Continuous Registration or their first course for the term on or after the first day of the term will be charged a \$50 Late Registration Charge.

Repeating a Course

Students may register for and complete a course more than once, but it can only be used one time to fulfill graduation requirements. The original grade and grades earned in repeated courses are used in calculating grade point averages, unless a student exercises the Repeat/Delete policy.

Repeat/Delete

Undergraduate students who retake courses have the opportunity to exercise the Repeat/Delete option. Students need to take steps to make this happen. Learn more about Repeat/Delete.

Enrollment and Degree Verification

For verification of enrollment status, term(s) of attendance, or degree awarded, go to RAMweb (<https://ramweb.colostate.edu>). Learn more at the Registrar's Office (<http://registrar.colostate.edu/student-resources/enrollment-degree-verification>).

Schedule Changes

Schedule Changes and the Add/Drop and Withdrawal Periods

Periods for changing schedules (adds, drops, withdrawals, changes of sections, grading options, or credits) are listed in the Academic Calendar and in the online class schedule. Add, drop and withdraw dates for specific sections may be located by clicking on the CRN (course reference number) in the class schedule. Once registered, those dates are also available on My Weekly Schedule, via RAMweb (<https://ramweb.colostate.edu>). Courses taught in terms of less than 16 weeks are subject to shorter add/drop and withdrawal periods.

Adding a class

During the regular 16-week Fall and Spring semesters, courses may be added without an override through 11:59 PM Sunday at the end of the first week of classes. Beginning Monday of the second week of classes, courses may be added with an electronic instructor override through the census date, which is the 12th day of classes of the semester. Course instructors may authorize their department offices to perform these overrides.

Dropping a class

Regular courses may be dropped through the census date, which is the 12th day of classes of the semester. Restricted-drop courses must be dropped before 11:59 PM Friday at the end of the first week of classes. Courses dropped during this period are not reflected on the student's academic record, and tuition and fees may be adjusted as a result. Consult the appropriate online class schedule for course drop deadlines. No drops may be made after the end of the add/drop period.

Withdrawing from a class

The course withdrawal period begins after the add/drop period and closes at the end of the eighth week of the semester. A "W" (withdrawal) grade notation will be recorded on the academic record, except in the case of the 60-credit English composition and mathematics requirements (see the All-University Core Curriculum

section for more detail on this requirement). See also Class Attendance Regulations. Tuition and fees will not be adjusted for withdrawals during the course withdrawal period. See also Tuition and Fees Adjustments in the Financial Information section.

Courses taught in terms of less than 16 weeks are subject to shorter add/drop and withdrawal periods. Click on the course reference number (CRN) to view a class's specific add, drop and withdraw dates.

Students withdrawing from CSU may not use the drop procedure to drop all classes, but must instead complete the University Withdrawal process.

Registration Cancellation (Prior to Start of Term)

Prior to the beginning of the semester, all courses can be canceled via the web registration system on RAMweb (<https://ramweb.colostate.edu>) with no charge.

University Withdrawal

University Withdrawal refers to a student withdrawing from all classes for a given term, starting the first day of the term and on or before the last day of classes (before Final Exams week).

Any student interested in completing a University Withdrawal will do so, online, through RAMweb (<https://ramweb.colostate.edu>). Students are encouraged to discuss their plans to complete a University Withdrawal with the following, as applicable: advisor, Student Financial Services (<http://sfs.colostate.edu>), Veterans Education Benefits Office (<http://registrar.colostate.edu/military-veterans-benefits>), Student Athlete Support Services (<http://www.sass.colostate.edu>), International Student and Scholar Services (<http://iss.colostate.edu>), CSU Online (<http://www.online.colostate.edu>), and the Graduate School (<http://graduateschool.colostate.edu>).

University Withdrawal for Call to Active Duty

Called to Active Military Duty

CSU will assist any student called to active military service with reasonable accommodations and in making the best possible transition. As a primary point of contact, students are encouraged to work with Adult Learner and Veterans Services (ALVS) (<http://alvs.colostate.edu>) and the Center for Advising and Student Achievement (CASA) (<http://www.casa.colostate.edu>) in order to review all options prior to leaving CSU. Depending on when in the semester the student is called to duty, different options may be available including University withdrawal, late withdrawals or incompletes.

If the student chooses to withdraw from CSU as a result of the amount of time required away during military service, upon presentation of military orders, the tuition paid for the semester will be refunded. All students need to contact CASA to process a University withdrawal.

If most of the semester in which a student is called to active duty is complete, the student may work with individual instructors to assess whether or not incompletes are a viable option. ALVS will assist students in this process. At the discretion of the instructor, a temporary grade of "I" may be assigned to a student passing a course. The student and instructor will complete a contract for course completion. The student called to military duty will have an extended time allowed for course completion, that being one full year after the student has returned to CSU. There are no refunds associated with

receiving incompletes and no fees associated with completing those courses.

Students encountering a different scenario during the semester, such as being gone for a limited amount of time, are encouraged to work with ALVS in order to work out reasonable accommodations in her/his courses or selected withdrawals from individual courses.

University Withdrawal for Call to Active Duty:

1. To complete a University Withdrawal a student should do so online, through RAMweb (<https://ramweb.colostate.edu>). For more information, contact Center for Advising and Student Achievement (<http://www.casa.colostate.edu>) (CASA) located in the TILT Building, 801 Oval Drive, to meet with an advisor. Walk-in hours are Monday through Friday, 10:00 to 2:00. If you prefer, you can make an appointment by calling (970) 491-7095.
2. Ideally, you will HAVE YOUR DEPLOYMENT ORDERS IN HAND when you visit CASA so that the tuition appeal can be expedited at that time. If you do not have your orders with you, or can only complete the withdrawal over the phone, then you can fax the orders to CASA at (970) 491-1133. When CASA receives the orders, your tuition assessment will be adjusted to 0%.
3. If you are deployed between academic terms (for example, at the end of the semester or over the summer), you do not need to contact CASA to withdraw; however, you do need to be sure you have cancelled your registration for the upcoming term.
4. Graduate students: Please be sure to review your options for Continuous Registration versus the Graduate Form IB (Graduate Application for Readmission) as you make arrangements for your deployment.
5. Short-term deployments may not require a University Withdrawal, depending upon the length of the deployment and when in the semester it occurs. Students given orders for a short-term deployment should work directly with their instructors, who are strongly encouraged to accommodate deployed students with a reasonable plan for making up work. Students who are advised they may be assessed a penalty for the absence should contact Adult Learner and Veteran Services (<http://alvs.colostate.edu>) (ALVS) to discuss their options. If you have any questions about the withdrawal process, be sure to speak to a CASA advisor.

To return to CSU (whether you were deployed during the academic term or between terms):

1. Returning undergraduate students should go to the Admissions (<http://admissions.colostate.edu/returningstudents>) website for information on the Undergraduate Intent to Return process.
2. The Intent to Return form asks you which semester you plan to return to CSU. As soon as you know when you will return, you should submit the form so that you can register for classes in a timely manner. Please note the relevant application deadline (<http://admissions.colostate.edu/returningstudents>). Keep your academic advisor apprised of your plans—by phone or email if necessary—so that your advisor can make sure that you have a schedule figured out for your returning semester.
3. Returning graduate students who have not utilized Continuous Registration must complete and submit a Graduate School Form 1B (<http://graduateschool.colostate.edu/documents/GS1B.pdf>) (Graduate Application for Readmission) and a copy of the deployment orders in order to have the \$150 readmission fee waived.
4. Graduate students who choose to utilize Continuous Registration (<http://registrar.colostate.edu/registration/registration->

changes) during their deployment are not required to reapply when they return, but they will be charged \$150 and the University Technology Fee per academic term that they are away, and the continuous registration fee is NOT waived for deployment.

Important note: If you were admitted to CSU and were not able to enroll due to deployment, you may be required to submit a new application for admission and new supporting documents depending upon your original term of admission. Enrollment deferrals of up to one year beyond the original term of admission are allowed in such cases but must be arranged in advance; deadlines apply.

If you have questions about the return process (for enrolled students) or about obtaining an enrollment deferral (for newly admitted students), please contact the Office of Admissions at admissions@colostate.edu.

Retroactive Withdrawal

A student may request that all grades in an academic period (one or more semesters of continuous enrollment) be retroactively removed and be replaced by entries of "W" on his or her transcript. A retroactive withdrawal may be granted only when a student could neither function normally during the academic period nor be reasonably expected to complete a university withdrawal due to extenuating circumstances such as an incident leading to major physical or mental trauma.

Failure to academically perform due to factors such as the following would not generally qualify a student for retro-active withdrawal:

- Bad habits or poor judgment
- Time management issues
- Failed relationships/roommate problems
- Failure to use University resources
- Ignorance of University policies

A retroactive withdrawal is not allowed if a student has earned a degree from CSU and the semester in question was used to meet University, college, or departmental requirements for the degree. Generally, requests are not allowed after four years have elapsed since the end of the last semester covered by the request.

Students are allowed two requests for the same period, the second request requiring additional supportive documentation. If granted, assessment of tuition and fees remains unchanged. The student's academic record will remain unchanged if a request is denied.

An undergraduate or graduate student applying for a retroactive withdrawal must submit an online request with supportive, professional documentation from a credible source. The request will be forwarded to the Faculty Council Committee on Scholastic Standards. In order to start the process, students must meet with their department academic support coordinator or advisor or an advisor from the Center for Advising and Student Achievement (CASA). To make an appointment at CASA, phone (970) 491-7095 or walk-in to TILT (The Institute for Learning and Teaching), Room 121, 801 Oval Drive on campus.

Undergraduate Planned Leave

Undergraduate Planned Leave is a status intended to help students more easily and effectively take one semester away from their CSU studies and successfully return again. Students who obtain Planned

Leave status and comply with its requirements do not have to re-apply for admission to CSU upon return. In addition, Planned Leave students will be tracked in an attempt to help facilitate their successful and timely return. For more information, see Undergraduate Planned Leave in Academic Standards and Policies.

Graduate Continuous Registration

All students admitted to a graduate degree program are required to be continuously enrolled in their degree programs in the fall and spring semesters. This policy applies from the time of first enrollment through the graduation term. Students should contact their advisor if they do not plan to register for at least one credit of course work or research. Learn more about Continuous Registration.

Registration Alternatives

Auditing a Class

See Auditing a Class in Grading.

Non-Degree GUEST Program

GUEST is a non-degree enrollment option for community members who wish to take one or two CSU classes during a fall or spring semester without applying for admission as a degree-seeking student. Learn more about applying for admission (<http://admissions.colostate.edu/guest>) to the GUEST program.

CSU Online/Continuing Education

Taking online courses is an appealing option for many students. CSU Online (Continuing Education) offers access to individual courses, full degree programs, and graduate certificates. Learn more at CSU Online (<http://www.online.colostate.edu>).

Lifelong Learners

Colorado State University is supportive of lifelong learners. Community members age 55 or older may attend academic classes, free of charge, on a space-available basis with permission of the instructor. As visitors, lifelong learners are not registered for the classes, have no academic record of attending, and earn no academic credit. Learn more at the Registrar's Office website (<http://registrar.colostate.edu/forms/senior-citizen-class-visitation-request-form>).

Taking Courses at Another Institution

Enrolled students who wish to take undergraduate courses at another institution to transfer to CSU should first determine how the courses will be accepted in transfer. To do so the student will need to access the Transferology (<https://www.transferology.com/login.htm>)™ website. For more information about Transferology™ please see the Registrar's Office website (<http://registrar.colostate.edu/transfer-credit>).

If Transferology™ does not list the desired course or its institution, or it shows an equivalent course different from what the student is seeking, the student may petition a department to approve a course equivalent using the Transfer Course Equivalency Pre-Approval Form, available on the Registrar's Office website (<http://registrar.colostate.edu/transfer-credit/csustud-courses-elsewhere>). The appropriate academic department must determine if a course can be accepted as the desired equivalent. Upon approval, the student

returns the signed form to the Registrar's Office prior to transferring the course.

Students wishing to take courses at an international institution will need to have the Registrar's Office evaluate the courses to determine how they will be accepted in transfer. To do so, the student must supply the Registrar's Office with a copy of the course description and/or syllabus of each course they wish to take in English by email at internationalevaluation@colostate.edu, by fax at (970) 491-2283, or in person in Centennial Hall.

Students are responsible for ensuring an official transcript is sent to the Registrar's Office after the completion of the off-campus course work. No credit will be evaluated until an official transcript has been received. Courses with less than a C- grade are not accepted as transfer credit toward a degree at any time, in any major.

The student must file an Intent to Return form with the Office of Admissions prior to leaving campus if the course work is taken in any term other than summer session.

See also Education Abroad, in Interdisciplinary Opportunities.

Credit for Education Abroad

Students are encouraged to participate in accredited education abroad programs. Credit is granted for courses taken in programs approved in advance by CSU, subject to certain conditions. To apply for credit, a student must process an "Education Abroad Transfer Credit Form" available in the Education Abroad Office, Laurel Hall.

Aims Community College Cooperative Registration Agreement

Under a cooperative program with Aims Community College (Greeley), CSU students may register for one course (maximum of five credits) per term without additional tuition assessment.

Eligibility – Students must be enrolled at CSU in resident instruction courses, i.e., not Continuing Education or Placement.

Credit Load – For the above corresponding terms, CSU students must be registered for at least 12 credits (9 credits in the summer) to attend Aims Community College.

Course Restriction – Registration for a maximum of one undergraduate, resident instruction course (maximum of five credits) is authorized. Registration will be subject to the availability of the course and the student meeting the prerequisites.

Tuition – Tuition and student fees for the course taken under this agreement will not be charged to the eligible student but applicable course fees will be paid by the student. If the student is determined to be ineligible for this cooperative registration privilege, applicable tuition and student fees will be assessed, and the student will be responsible for payment of these charges.

Registration – Applicable forms are available on the Registrar's Office website (<http://registrar.colostate.edu/forms/csu-student-taking-aims-course>) or in the Registrar's Office in Centennial Hall.

CSU does not have a registration agreement with Front Range Community College.

Colorado Exchange Program

CSU, in cooperation with the Colorado School of Mines, University of Northern Colorado, and the University of Colorado, provides tuition-free instruction for graduate students through a reciprocal agreement. The following conditions must be met to qualify for the program:

1. The graduate student is registered and paying full tuition and fees at the home institution.
2. The course requested is part of a regular load—not an overload.
3. The student is pursuing a program leading to an advanced degree. All courses requested must be required for the degree program or a prerequisite for one of the required courses
4. The course is not offered on the student's own campus when that student can take advantage of it.
5. The request is presented prior to registration for the semester the course is to be taken.
6. The request is presented any term except the graduation semester.
7. A separate request form is completed for each course taken.
8. Space is available.

Additional information and registration forms are available on the Registrar's Office website (<http://registrar.colostate.edu/forms/csu-exchange-form>) or in the Registrar's Office in Centennial Hall.

Challenging Colorado State Courses for Credit

The opportunity to challenge the content of a course on the basis of an examination may be permitted. This option is at the discretion of the individual department and may exclude courses where a laboratory or practicum is an integral part of the course being challenged.

A fee of \$20 (subject to change) per credit attempted is assessed and is not refundable. Upon successful completion of an exam, a grade of S (satisfactory) is recorded on the student's academic record. No record of unsuccessful attempts is recorded.

A course may not be challenged under the following conditions:

- To satisfy the residence requirement for graduation.
- When the person seeking credit is not currently registered at Colorado State University at the time the examination is administered.
- When a student has previously failed a placement or challenge exam for the course.

Students wishing to establish credit by challenge may obtain information from the University Testing Center (<http://testing.colostate.edu>) at (970) 491-6498, General Services Building, Room 203.

Degree Requirements

- Undergraduate
- Graduate

Undergraduate Credit Requirements

Graduation credit requirements, outlined in detail below, include the following: a minimum of 120 credits, 42 of which need to be upper-division. Thirty of the 42 upper-division need to be taken "in residence" or at CSU. And, 15 of the last 30 credits need to be taken "in residence".

Major Requirements

The student wishing to graduate must complete the requirements for a major and the All-University Core Curriculum. A major is a sequence of courses in a subject-matter area or discipline which, when accompanied by appropriate supporting courses, leads to a degree. A minimum of 27 semester credits constitutes a major. Completion of a major is shown on both the student's diploma and academic record. Students may elect to complete the requirements for two or more majors. To graduate with more than one major, students must complete all the requirements for each major (some majors will accept, as fulfilling their own category 4A-C requirements, the fulfillment of the category 4A-C requirements in another declared major the student completes). Common requirements may count in meeting the curriculum requirements for each major, but each major must have a minimum of 27 unique credits. Also see requirements for multiple degrees.

Concentration Requirements

Some majors have concentrations (or specialization areas). A concentration is a sequence of at least 12 semester credits of designated courses within a major designed to accommodate specific interests of students. Completion of a concentration is shown on a student's academic record if completed in conjunction with a degree program, but is not noted on the diploma.

Options

Some majors have options which are a sequence of courses within a major or concentration of either guided electives or electives selected from areas of interest as approved by the student's advisor. Options do not appear on diplomas or a student's academic record. (Courses taken to complete an option do appear on the student's transcript.)

Minor Requirements (Including Interdisciplinary Minors)

Minor programs of study are optional and are offered by certain departments. A minor consists of a minimum of 21 specified credits of course work outside the major. A minimum of 12 of the 21 credits must be course work at the upper-division level (300- to 400-level) and a minimum of 12 credits must be from course work within the department offering the minor. Minors are noted on the student's academic record if completed in conjunction with a degree program, but not on the diploma.

Certificate

Undergraduate Certificates are optional and are offered by certain departments. An undergraduate certificate consists of a minimum of 9 specified credits, and not more than 15 credits. A minimum of 9 credits must be course work at the upper-division level (300- to 400-level). A student must earn a cumulative GPA of 2.000 or better in the courses required in the Undergraduate Certificate.

An Undergraduate Certificate may include courses from one or more departments. For certificates involving courses from two or more departments, the coordinating department is indicated in the list of Degree Programs.

Students must apply for and complete the certificate requirements while enrolled in their baccalaureate degree. Undergraduate certificates by title are noted on the student's academic record (transcript) at the time of degree conferral. The undergraduate certificate title is not noted in the diploma.

Multiple Majors

Undergraduate Students With A Second Major

If both of the completed majors are of the same degree type (e.g., B.A., B.S., B.M., B.F.A.) and the student has fewer than 150 credits, the student will be awarded a single degree which displays all majors earned on one diploma.

If the completed majors are of a different degree type and the student has fewer than 150 credits, the student will be given the following choices at the time they file their graduation contract:

1. One diploma listing only the primary major's degree type (e.g. B.A., B.S., B.M., B.F.A., B.S.W.) and listing all majors conferred.
2. One diploma listing The Bachelor of Arts and Sciences (B.A.S.) if one major is a B.A. degree type and another is a B.S. degree type (if this option is chosen the degree type of B.A.S. shows on the diploma and the official transcript along with both majors).

Students must complete degree requirements for the first (primary) major before they can graduate. Students who have declared two majors must complete all degree requirements for the second (secondary) major in order to graduate. If a student does not intend to complete the requirements of the second major then that major must be dropped before the degree can be conferred for the primary major.

Degrees Earned Concurrently

Students pursuing more than one major, who have successfully completed a minimum of 150 credits, completed a minimum of 27 unique credits for each major, completed major and AUCC category 1-3 requirements, and completed AUCC category 4A-C requirements for each major, will be conferred separate baccalaureate degrees resulting in separate diplomas.

Second Baccalaureate Degree Requirements

A student enrolling at CSU after previously graduating with one or more baccalaureate degree(s) or a student who has already earned one baccalaureate degree at CSU may earn an additional undergraduate degree in a different major if the following requirements are met:

1. Minimum of 30 semester credits in residence (after admission as a Second Baccalaureate student (<http://admissions.colostate.edu/secondbachelorsapplicants>)) beyond the credits earned at the time the student graduated with a previous baccalaureate degree.
2. All curriculum requirements for the new major, including All-University Core Curriculum Category 4 requirements and AUCC Categories 1-3E if applicable.
3. Minimum of 27 unique credits for the major not used toward completion of the previous baccalaureate degree.

The first or subsequent baccalaureate degree(s) may be from CSU or from another institution accredited by a regional institution accreditor recognized by the U.S. Department of Education, the Council for Higher Education Accreditation, or equivalent. Regionally accredited

accepted coursework will fulfill the All-University Core Curriculum (AUCC) requirements with the exception of AUCC courses in category 4 that are required in the major. Baccalaureate degrees earned at an International Institution may lack components of the AUCC which could result in additional coursework beyond the major requirements to complete the degree.

Graduate

Graduation Procedures and Information

- Undergraduate
- Graduate

Undergraduate Degrees Student Bill of Rights

The Student Bill of Rights (also known as Colorado Revised Statute 23-1-125) notes that a student may formalize a plan to obtain a degree in four years. Colorado State University supports this timeline for graduation by publishing Major Completion Maps defining a common four-year course progression for most majors. (There are some majors a student may not be able to complete in eight semesters because of additional degree requirements recognized by the Colorado Department of Higher Education.)

Review CSU Major Completion Maps (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>), for Undergraduate programs of study.

General Requirements

Students are required to complete all curricular requirements in place in the current catalog at the time of graduation, including the All-University Core Curriculum (AUCC) requirements.

The list of general requirements below is a sufficient guide for academic planning, but does not represent all rules which might apply to a particular student or program of study.

Graduation Procedures and Information

Checking undergraduate graduation requirements is the responsibility of the Registrar's Office. Curriculum requirements are checked by the department head of the first major and the second major and/or minor if applicable.

Students planning on transferring coursework from another post-secondary institution in order to meet the requirements for degree completion should contact the Degree and Transfer Evaluation unit for assistance. It is very important that all grades/transcripts are received by the end of the 4th week after the semester has ended. If grades/transcripts are not received within this timeframe students will experience a delay regarding the formal posting of their official graduation for that semester as well as delays in printing their diploma.

A request for waivers or substitutions for major program requirements may be made if completing a curricular requirement:

1. Will extend the time normally required to complete the degree; or

2. Will force students classified as juniors or seniors to take additional lower-division courses, exclusive of AUCC requirements.

Requests for waivers or substitutions of the All-University Core Curriculum must be submitted on an appeal form (<http://registrar.colostate.edu/forms/appeal-for-a-core-course-substitution>), signed by the advisor and department head and turned in to the Degree and Transfer Evaluation unit of the Registrar's Office. Ultimate responsibility for ensuring that AUCC curriculum requirements are observed and that substitution of equivalent courses or waivers are for good and sufficient academic reasons rests with the Provost/Executive Vice President.

Graduation Credit Requirements

To meet requirements for the bachelor's degree, a student must fulfill:

Minimum Credit Requirement

A bachelor's degree requires a minimum of 120 semester credits; however, individual programs in some colleges and departments may exceed the minimum.

Minimum Grade Requirement

Only credits completed with grades of A+, A, A-, B+, B, B-, C+, C, D, and S may count toward the graduation total. (Note: Grades of C-, D+, and D- earned at CSU prior to Fall 2008 apply to graduation requirements.) Some majors require a minimum grade of C or higher in required courses. For further information refer to your Undergraduate Degree Progress Audit (DARS) or contact the department offering the major.

Cumulative GPA

The minimum cumulative grade point average acceptable for graduation is 2.000 computed only for courses attempted at CSU. The CSU GPA calculation is carried to the third decimal place and is not rounded.

Total credits earned and counted toward graduation may differ from total credits used in computing a scholastic average, since the scholastic average is computed by dividing the total grade points at CSU by the total GPA credit including credits for grades of A+, A, A-, B+, B, B-, C+, C, D, and F. Note: Grades of C-, D+, and D- earned at CSU prior to Fall 2008 are applied to CSU GPA calculations.

Upper-Division Credit Requirement

A minimum of 42 semester credits in upper-division courses (300-400 level) is required of all students completing a bachelor's degree program. Although 500-level courses cannot be required in undergraduate programs of study, elective credits taken at the 500 level may be used to fulfill the upper-division requirement.

Use of 500-Level Courses Within an Undergraduate Program

With written approval of an advisor, junior and senior undergraduate students may use 500-level courses to fulfill major requirements, either by selecting from an approved department list of courses, or by exception signed by the advisor. However, students are never required to take 500-level courses to complete an undergraduate program of study, whether a major or a minor. Courses at the 600-level are automatically excluded from use for an undergraduate degree. Undergraduate students may not enroll in courses numbered 700-799.

Use of 500-level Courses Taken as an Undergraduate in Graduate Studies

Undergraduates may apply a maximum of nine credits of graduate-level course work toward a graduate degree at CSU provided that such course work:

1. Is not used to meet bachelor's degree requirements; and
2. Has been approved by the department head of the graduate degree program being sought.

Students who enroll in 500-level courses not applied toward a bachelor's degree may request that an exclusion statement be placed on their academic records for those courses, making them potentially applicable to a CSU graduate degree. Students cannot exclude any courses below the 500-level under this policy. (See the Key to Courses of Instruction for additional information.) A written request must be filed in the Degree and Transfer Evaluation unit of the Registrar's Office no later than the end of the term in which the excluded course is taken. Exclusion of these courses from the bachelor's degree does not assure acceptance of this credit toward a graduate degree program. These excluded courses are computed in the undergraduate grade point average. Undergraduate students may not enroll in courses numbered 600-699 to satisfy undergraduate degree requirements. Undergraduate students may not enroll in courses numbered 700-799.

In Residence Requirement

A minimum of 30 upper-division semester credits must be completed in residence at CSU. "In residence" courses include any authorized Colorado State University course recorded as CSU credit on the CSU transcript. As an approved exception, "in residence" may also be satisfied by pre-approved upper-division credits earned in authorized study abroad programs and designated domestic exchange programs, if simultaneously enrolled in designated CSU courses. Pre-approval procedures are required.

Senior Year Requirement

Of the last 30 semester credits earned immediately preceding graduation, at least 15 must be completed at CSU.

Academic Fresh Start Requirement

Upon receipt of a Fresh Start, a student must successfully complete at least 30 upper-division credits of coursework in residence at CSU after the Fresh Start is granted in order to graduate.

Degree Progress Audit (DARS)

The Degree Progress Audit (DARS) is the degree audit tool used for verification of university, program, minor, options, and interdisciplinary requirements. The audit provides a dynamic and concise report, viewed in hard copy and over the web that is used for advising as well as for final graduation certification. The degree progress audit provides students with current and accurate transfer and course information to enhance their degree and program planning. Students are able to view a "What-If" degree audit for display of how their credits would be used to fulfill another major's requirements.

Time Limitation on Credits

Courses completed within the preceding ten years may apply toward a bachelor's degree. After ten years, course work is reviewed by the department head and college dean or a designee to determine its appropriateness to the major requirements.

Admission to Degree Program

Students are required to be admitted into a degree-seeking program in the term for which they plan to graduate. Contact the Office of Admissions for application procedures.

Intent to Graduate

Students will file their Intent to Graduate during registration via the Registration Ready Tool in RAMweb upon completion of 85 credits. Students are prompted to verify their curriculum, their correct graduation term, and to give their desired name (within reason) for the commencement program as well as their diploma.

Contract for Completion of a Major or Minor

Students seeking to graduate must complete a graduation contract for each major and minor in which they are enrolled. Graduation contracts must be completed and signed by the Friday of the second week of classes of the student's graduation term. Graduation contracts consist of the most updated version of the Degree Progress Audit (DARS), which will be used for final graduation certification, and will be signed in consultation with the student's advisor(s) at each department where the student is enrolled in a major or minor program of study. Students who do not complete the degree requirements in their graduation term must sign another contract or contracts at the beginning of the term in which all requirements will be completed.

Good Standing Status

A student must be in good standing to receive a CSU degree. Accordingly, any student who is subject to suspension or probation for scholastic or disciplinary reasons will not graduate until the conditions of suspension or probation have been satisfied.

Off-Campus Completion of Degree Requirements

Seniors who are registered for final course work at another institution, either in residency or by correspondence or extension, must have their Contracts for Completion of Major/Minor on file in the Registrar's Office by the end of the add/drop period of the graduation term. Official transcripts showing completion of work from another institution must be on file in this office no later than the fourth week after the graduation term.

Degree Conferral

Degree conferral only occurs three times each year, after the conclusion of the Fall, Spring, and Summer terms. The conferral date is the date which will be posted on the official transcript and the diploma. This is the date when the degree is considered officially awarded. A degree is a credential. There are three documents that provide evidence of that credential: an official transcript, a diploma, and a formal letter of completion from the Registrar's Office.

CSU degrees will not be posted on the student's record until the official degree conferral date has been reached for the semester in which the degree is being awarded. Completion of all requirements prior to the official degree conferral date will not result in an early conferral of the degree. A student in this situation may request an official "Upon Completion Letter" from the Registrar's Office showing

pending conferral of the degree. The degree will be conferred for the term in which the requirements are completed.

Degree Verification Process

To confirm that a degree has been awarded, the most common options are through use of the official transcript or, for students, receipt of the diploma. In addition, many employers access the Degree Verification process (<http://registrar.colostate.edu/student-resources/enrollment-degree-verification>) through the National Student Clearinghouse.

Degrees Awarded Posthumously

In exceptional circumstances, the Board of Governors of Colorado State University may award degrees posthumously. Recommendations for such an award will only be considered when the student had completed nearly all of the requirements for his or her degree before dying, and when the student's academic record clearly indicates that the degree would have been successfully completed had death not intervened. Nominations for posthumous awards of degree will be initiated by the student's department and approved internally by the relevant college dean and the Provost/Senior Vice President. The posthumous nature of the recommended degree award shall be made explicit when the recommendation is forwarded to the Board of Governors. The Provost/Executive Vice President's Office shall be responsible for presenting the degree to appropriate survivors.

Commencement (Graduation Ceremonies)

Students may graduate in Fall, Spring, or Summer terms. CSU celebrates at Commencement ceremonies (<http://commencement.colostate.edu>) twice a year, at the end of each Fall and Spring semester. Students completing degree requirements during any term receive their diplomas by mail within 6-8 weeks after the degree conferral date, if there is no outstanding financial obligation to the University. Candidates must appear in appropriate academic attire at commencement exercises.

Graduate Degrees

The graduation procedures and information for Graduate Students is available in the Graduate and Professional Bulletin.

Co-Curricular Engagement

- Student Leadership
- Research and Creative Opportunities
- Athletics
- Fraternity and Sorority Life
- Student Leadership, Involvement and Community Engagement (SLICE)
- Student Clubs and Organizations
- Student Media

Student Leadership

- A member of Campus Compact, CSU promotes programs that develop citizenship skills and values, including service learning and partnerships between the campus and community. CSU has been named a “Top Character-Building Institution” by the Templeton Foundation. CSU encourages students to explore the many opportunities to enhance learning by getting involved on campus and in local communities.
-
- Associated Students of CSU (ASCSU)
- Graduate Student Council
- College Councils
- President's Leadership Program (PLP)
- Honorary Societies
- Campus Corps

Associated Students of CSU (ASCSU)

All fee-paying CSU students are members of Associated Students of Colorado State University (<http://ascsu.colostate.edu>) (ASCSU), the student governing body that promotes the interests and welfare of the students at the city, state, and federal level. ASCSU's president is the student representative on the Board of Governors, CSU's governing body. ASCSU comprises three main branches: Legislative, Executive, and Judicial. ASCSU represents the student population that makes up their specific colleges, as well as the Graduate School Council. ASCSU offers programs and services to all CSU students. Examples include Ram Road Trips, Ram Leadership Team, Grill the Buffs, and the For-Ever-Green shirt program.

Graduate Student Council

Formal student involvement in the Graduate School proceeds through the Graduate Student Council (<http://graduateschool.colostate.edu/current-students/student-resources/organizations.aspx>). The Student Council consists of one student representative and one alternate from each department offering programs leading to advanced degrees. The

Council elects its own officers and nominates graduate students for memberships on Faculty Council and Graduate School committees.

College Councils

Students who have declared a major can contact their Dean's Office in order to find out more about the College's Student Council (<http://ascsu.colostate.edu/involvement/committees>) and the leadership opportunities it may afford. Students who have not declared a major should contact the Center for Advising and Student Achievement to get information about the Undeclared Leadership Council.

President's Leadership Program (PLP)

The President's Leadership Program (<http://slice.colostate.edu/plp.aspx>) is a fourteen credit leadership development experience consisting of three independent year-long (two semester) academic and experiential courses designed to explore the personal, organizational, and social dimensions of leadership through coursework, retreats, and service learning. Students must apply and be selected to participate in each year of the program. Successful completion of PLP can contribute to an interdisciplinary minor in leadership studies.

Honorary Societies

By promoting, advancing, and recognizing the top scholars of our campus community, honorary societies (<http://provost.colostate.edu/honorcsu>) assist students in their pursuit of academic excellence. Students are advised to exercise caution when accepting invitations from honor societies. Not all such organizations provide honors that will be recognized and valued by the academic community and potential employers.

Campus Corps

Campus Corps (<http://www.hdfs.chhs.colostate.edu/students/undergraduate/campuscorps>) is a multidisciplinary service learning course at CSU where undergraduate students serve as mentors to at-risk youth. Students from over 65 different majors work one on one with at-risk youth ranging in age from 10-18 who are referred to Campus Corps from our community partners within the juvenile justice system of Larimer County, local schools, community agencies, and directly from families.

Research and Creative Opportunities

Qualified undergraduate students have many opportunities to engage in research and creative activity while enrolled at CSU. These opportunities allow students to enhance their education by working closely with a faculty mentor. Settings for these activities include laboratory, office, concert hall, and studio environments on campus. Some opportunities exist off campus, as well, at state and national laboratories located in and near Fort Collins. Students can identify faculty research and creative activity by contacting the Office of Undergraduate Research and Artistry (<http://tilt.colostate.edu/oura>) at The Institute for Learning and Teaching, by searching departmental websites, or by contacting advisors or college and departmental offices. Students can then contact faculty who are willing to enlist undergraduates in their research and creative work. The amount of time spent in such activities varies but generally ranges from six to

ten hours per week on average. Placement, time commitments, and qualifications are dependent upon an agreement between the student and faculty mentor.

More than 300 performances, exhibits, and arts events are staged each year, from an internationally-recognized poster show to student-produced theater and opera. Facilities include the Hatton and Curfman Galleries, the Music Recital Hall, and the Lory Student Center Theatre. The University Center for the Arts houses the Edna Rizley Griffin Concert Hall (listed by the Denver Post as one of the top five places for live chamber music), the University Theatre, the Studio Theatre, the Runyan Music Hall, production support facilities, recital and rehearsal halls, dance performance space and studios, classrooms, and faculty offices. The campus culture at CSU is steeped in the performing arts.

- Celebrate Undergraduate Research and Creativity Showcase
- Graduate Student Showcase
- MURALS

Celebrate Undergraduate Research and Creativity Showcase (CURC)

The achievements of students in the areas of research and creativity are recognized each spring semester during CURC (<http://curc.colostate.edu>). Students are invited to participate in a variety of events focused on original research, creative arts, and design, culminating in a showcase that features outstanding performers and award winners from all disciplines. Award winning projects from recent years ranged from genetic and neural studies to improvements in the apparel design process to poetry.

Graduate Student Showcase

The Graduate Student Showcase (<http://gradshow.colostate.edu/Default.aspx>) is a one-day conference for students to present their work and talents, to connect with other graduate students and faculty at CSU, to learn about other disciplines at CSU and to gain conference experience. All graduate students involved in research or creativity are encouraged to participate.

MURALS

Multicultural Undergraduate Research Art and Leadership Symposium (MURALS), intentionally reaches out to students of color in a variety of disciplines in preparation for CURC (see above).

Mentoring, presenting their work (creative writing, visual art, performing art, science, social science, humanities), networking, and learning about multicultural leadership are four main aspects of the symposium.

Slated for Spring, MURALS also provides opportunities for graduate students to work with undergraduate students and for faculty to serve as mentors.

Athletics

- Intercollegiate Athletics
- Sport Clubs
- Intramural Sports

Intercollegiate Athletics

McGraw Athletic Center
(970) 491-5300

CSU recognizes intercollegiate athletics (<http://csurams.com>) as an integral part of its mission; therefore CSU is committed to the pursuit of excellence with integrity in athletics.

CSU is a member of Division I-FBS of the NCAA and competes in the Mountain West Conference. Other conference members include Boise State University, San Diego State University, the United States Air Force Academy, University of Nevada at Las Vegas, University of New Mexico, University of Hawaii (football only), University of Wyoming, San Jose State University, Fresno State University, University of Nevada, and Utah State University.

CSU sponsors men's intercollegiate competition in basketball, cross country, football, golf, and track (indoor and outdoor). It sponsors women's intercollegiate competition in basketball, cross country, golf, soccer, softball, swimming/diving, tennis, track (indoor and outdoor), and volleyball.

A strong intercollegiate athletic program gives talented student-athletes the opportunity to develop their physical, intellectual, and leadership skills as they participate in all aspects of college life, represent their school in athletic competition and in the community, and pursue college-level studies to prepare themselves for meaningful careers. Therefore, the Department of Athletics' administrators and coaches are expected to recruit qualified student-athletes who can succeed academically and athletically and who will represent CSU responsibly and with integrity. Administrators, coaches, faculty, and staff are obligated to encourage and help student-athletes balance the demands of athletic participation with those of the classroom and to assist them in achieving success in both their sport and their chosen field of study. They are also obligated to guard the physical and mental well-being of student-athletes and refrain from doing or encouraging anything that would jeopardize the health or welfare of the participants.

Intercollegiate athletics can foster a sense of loyalty, community, and support among students, faculty, staff, alumni, and friends. CSU subscribes fully to the principles of fair play. It will at all times insist that its athletic program and everyone connected with it uphold the laws, rules, and regulations governing intercollegiate athletics.

The Department of Intercollegiate Athletics is supervised by the Director of Athletics, who reports to the University President. The Faculty Council Committee on Intercollegiate Athletics serves in an advisory capacity to both the President and the Director of Athletics. Regulations for the conduct of intercollegiate athletics conform to those established by the Mountain West Conference and the NCAA.

Student-athletes participating in intercollegiate athletics must comply with all eligibility and academic requirements of CSU, the Mountain West Conference, and the NCAA, and are expected to make consistent and satisfactory progress towards completion of their degree programs. Student-athletes are also required to conduct themselves in conformance with the department's specific expectations in the areas of academics, athletics, and social and outreach activities.

Sport Clubs

Sport clubs are student-run competitive sport organizations that compete with other colleges and provide the opportunity to play for

national championship sport club titles. For additional information, contact Campus Recreation (<http://campusrec.colostate.edu>).

Intramural Sports

Campus Recreation's Intramural Sports Program (<http://campusrec.colostate.edu/programs/intramural-sports>) seeks to engage the CSU campus community through opportunities to participate in any number of structured, inclusive, recreational sport-related activities throughout the year. The goal is for every participant to have fun!

Fraternity and Sorority Life

Office in Lory Student Center
(970) 491-0966

The Office of Fraternity and Sorority Life (<http://fsl.colostate.edu>) provides resources and support to the social fraternities and sororities at CSU as well as advising to Greek supplemental programs and events, the Interfraternity Council, the Multicultural Greek Council, the National Pan-Hellenic Council, the Panhellenic Council, and the Order of Omega.

Student Leadership, Involvement and Community Engagement (SLiCE)

Office in Lory Student Center, Room 210
(970) 491-1682

With a variety of leadership and community engagement programs, the Student Leadership, Involvement, and Community Engagement (<http://slice.colostate.edu>) (SLiCE) office at CSU provides an important link between students and their surrounding communities.

SLiCE brings together student organizations, student leaders and student volunteers under one umbrella; making the campus a better community and a more involved place. Being involved in SLiCE programs allows students to enrich their academic and social experience at CSU. The office also assists recognized student organizations in obtaining official university recognition, program planning, public relations, financial/budgetary matters, and leadership development for organizational officers, members, and advisors. More than 400 campus organizations reflect interests such as academic,

political, religious, sport clubs, programming/service, governance, social, Greek, and special interests.

Student Clubs and Organizations

When students look back at their college experience, they often think beyond the books, papers, and exams. They remember what they did, who they met, and how they felt. With over 400 student clubs and organizations, getting involved can be fun, easy, and a transformational way to make the most of your Ram experience. Whether it's competing in a sport club, joining a fraternity or sorority, focusing on cultural awareness, volunteering through service teams, or taking up a new hobby – there is something for every Ram to enjoy! Check out CSU's registered student organizations via RamLink (<http://www.ramlink.colostate.edu>). If you do not find the perfect fit, the office of Student Leadership, Involvement and Community Engagement (<http://www.slice.colostate.edu/organizations.aspx>) will help you start your own student organization. So get involved, stay connected, and make the most of your time.

Student Media

Office in Lory Student Center, Room 118
(970) 491-1683

Rocky Mountain Student Media, formerly the Student Media Department, supports 225 paid and 100 CSU student volunteers who produce the **Rocky Mountain Collegian** and collegian.com, a student newspaper and digital medium; *College Avenue*, a quarterly student magazine; CTV and CSU TV 11, a student television production facility; and a 10,000-watt radio station, KCSU-FM (90.5). Every medium is student-run, meaning the students determine each medium's content. The Collegian website (<http://www.collegian.com>) also includes information about CTV, *College Avenue Magazine*, and KCSU-FM.

RMSMC is a not for profit educational media organization created in 2008 by the Board of Governors of the Colorado State University System. RMSMC operates with an independent Board of Directors consisting primarily of CSU students, two community members, and a representative from both the Vice President for Student Affairs and the Chair of the Department of Journalism and Media Communication.

Mission Statement

The RMSMC is dedicated to community service and enhancing the educational mission of Colorado State University by empowering, training, and equipping students to excel in journalistic and other media methods, ethics, critical thinking, and management.

The primary goals of the RMSMC are to:

- Commit to uphold truth, fairness, integrity, independence, accountability, accuracy, professionalism, and minimizing harm as stated in the RMSMC's codes of ethics;
- Create and maintain a welcoming environment and diversity in staffing, media content, and access through responsiveness and outreach;
- Empower students through training and practical experience to become thoughtful, ethical, and skilled media producers;
- Operate in a socially and financially responsible manner;
- Protect student control over media content, free from prior restraint or censorship;

- Recognize both the unique characteristics of each medium and the value of working together to maximize benefits for listeners, viewers, and readers;
- Remain abreast of media technology, equipment, and training to provide students with the necessary tools to succeed; and,
- Serve the community by delivering relevant and timely news, information, and entertainment, and maintaining the public trust by ensuring the public's business is conducted in an open and transparent manner.

Academic Advancement Center/TRIO Student Support Services

Office in L.L.Gibbons Building, Room 117
(970) 491-6129

The Academic Advancement Center (<http://aac.colostate.edu>) provides academic support for eligible participants including: Academic coaching, tutoring, facilitated group study, study and life skills strategies instruction, peer mentoring, career planning, study abroad information, and student involvement and leadership opportunities. Program eligibility criteria include: Neither parent has a bachelor's degree, and/or meets low-income criteria, and/or student has a

disability, and is a U.S. citizen or legal resident. Applications are available at the AAC, L.L. Gibbons Building, Room 117 or online.

The Access Center

Office in Student Services Building, Room 304
(970) 491-6473

The Access Center (<http://accesscenter.colostate.edu>) programs provide outreach services and support to first-generation, low-income students in their pursuit of postsecondary education. Access Center programs assist students in developing the academic skills and motivation needed to successfully complete high school and to enter college upon graduation. Students receive academic advising; tutoring and support; academic, career planning and exploration; college and financial aid counseling; financial literacy; weekend study skills workshops; engagement in summer programs and institutes; and opportunities to visit colleges and universities. Students are engaged in educational, cultural, and social experiences that will help prepare them to enter and succeed in college. The Access Center provides services to students in grades 6th – 12th, and to adults that have an interest in preparing for college, completing high school equivalency programs, transferring between universities, or continuing their postsecondary education programs. The programs provide information on vocational, two and four-year colleges/universities and seek to make systematic changes in select communities by increasing the number of individuals with postsecondary degrees. The Access Center programs accomplish this by demystifying the importance, access, and attainability of higher education.

Adult Learner and Veterans Services

Office in Lory Student Center, Room 288
(970) 491-3977; FAX: (970) 491-3906

Adult Learner and Veteran Services (<http://alvs.colostate.edu>) (ALVS) supports the transition, education, leadership, and engagement of Adult Learners and Student Veterans to strengthen their academic achievement and holistic development. Adult Learners are students who do not fit the characteristics of a traditional college student, including but not limited to students with dependents and veterans. ALVS facilitates the success of students through individual meetings, resource referrals, and engagement programs. The ALVS office includes a student lounge that promotes networking, community building, and access to resources.

Asian/Pacific American Cultural Center

Office in Lory Student Center, Room 333
(970) 491-6154

The Asian/Pacific American Cultural Center (<http://apacc.colostate.edu>) (A/PACC) provides programs and services to support the retention, graduation and success of students. A/PACC runs educational and volunteer programs to help spread awareness of Asian American culture and build community among Asian Americans, Pacific Islanders, and their allies. The Center welcomes all students and seeks to create a safe place for students of all backgrounds. The Center contributes to an inclusive campus environment by providing resources for Asian/Pacific American awareness, education, and identity development.

Assistive Technology Resource Center

Office in Occupational Therapy Building, Room 302
(970) 491-6258

The Assistive Technology Resource Center (<http://atrc.colostate.edu>) (ATRC) ensures equal access to technology and electronic information for CSU students and employees with disabilities. Services include assistive technology assessments and training, as well as consultation and education regarding accessibility and universal design of mainstream and instructional technologies.

Black/African American Cultural Center

Office in Lory Student Center, Room 335
(970) 491-5781

When you are in this open environment, surrounded by diverse people, you know you're in a home away from home; you know you are in the Black/African American Cultural Center (<http://baacc.colostate.edu>) (BAACC) office! Full of life and a sense of community, BAACC provides educational programs, opportunities to socialize, mentorship, community service, leadership, professional development, and an academic environment. BAACC helps you network while getting involved on campus, building strong relationships, and experiencing new things throughout your college career. Next time you're curious about visiting our office, do not walk on by – walk in! We are unique individuals with varying goals and different struggles: all destined for success.

Comprehensive Academic-Related Program for Graduate Students of Color

Office in Student Services, Room 108
(970) 491-6817

Comprehensive Academic-Related Program (<http://www.graduateschool.colostate.edu/diversity/agep/index.aspx>) (CAP) is a formalized program that highlights resources on campus, offers professional development activities and provides access to faculty mentors, while also supporting additional socialization activities to encourage professional networks.

El Centro

Office in Lory Student Center, Room 225
(970) 491-5722

El Centro (<http://elcentro.colostate.edu>) provides an energetic, welcoming, and inclusive environment. We have resources to support personal, professional, social, cultural, and academic needs of all students who want to become involved with El Centro. We offer a place for discovering and appreciating diverse heritages, traditions, and cultures. Student can visit El Centro to relax, socialize, laugh, engage in dialogue, and build life-long memories. El Centro is a family, a "home away from home," a place that provides a sense of belonging.

First Generation College Students

First generation college students are defined as students whose parents have not earned a bachelor's degree. CSU is proud of

the success of our first generation college students. Learn about the history of first generation college students at CSU (<http://www.colostate.edu/features/first-generation.aspx>). The Center for Advising and Student Achievement (<http://osp.casa.colostate.edu/first-generation-award-program.aspx>) (CASA) coordinates the first generation award. The Academic Advancement Center (<http://www.aac.colostate.edu>) (AAC) provides tutoring and support resources for first generation college students.

Gay, Lesbian, Bisexual, Transgender, Queer, Questioning and Ally Resource Center

Office in Lory Student Center, Room 232
(970) 491-4342

The Gay, Lesbian, Bisexual, Transgender, Queer, Questioning and Ally Resource Center (<http://glbtrc.colostate.edu>) supports and affirms the diverse identities and lives of lesbian, gay, bisexual, transgender, queer, questioning (LGBTQ), Two-Spirit, and same-gender loving people as individuals and as groups, especially as students, staff, and faculty of CSU and their families, friends, and allies, through the cultivation of safe space, educational outreach, advocacy, increased visibility of LGBTQ issues, information and referral resources, and academic and leadership opportunities.

Native American Cultural Center

Office in Lory Student Center, Room 327
(970) 491-1332

The office of Native American Cultural Center (<http://nacc.colostate.edu>) (NACC) was established in 1979. The four primary advocacy and service areas include recruitment, retention, graduation, and community outreach. The office embraces and encourages a supportive environment based on the traditions and cultures of Native American peoples.

Office of Equal Opportunity

Office in Student Services, Room 101
(970) 491-5836

The Office of Equal Opportunity (<http://oeo.colostate.edu>) (OEO) is charged with implementing, monitoring and evaluating programs, activities and procedures that support this commitment.

The following are key programs and activities of OEO:

- Monitor and support CSU compliance with federal and state laws and CSU policies prohibiting discrimination and harassment.
- Develop and implement CSU's affirmative action program.
- Oversee CSU's search and selection process for all Academic Faculty and Administrative Professionals.
- Work in conjunction with Human Resources in the hiring process used for State Classified employees to ensure compliance with affirmative action and nondiscrimination requirements.
- Conduct investigations and resolve complaints of discrimination and harassment in accordance with CSU procedures.
- Serve as a resource and provide assistance to units, departments, and CSU constituencies regarding matters related to equal opportunity, affirmative action, access, and nondiscrimination.

- Provide education and training to faculty, staff, and students on matters related to equal opportunity, discrimination, and harassment.
- Coordinate CSU compliance with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and Title IX of the Education Amendments of 1972.
- Collaborate with the Vice President for Diversity to cultivate awareness, appreciation, and engagement with diversity and its relevance in a CSU environment.

Office of Vice President for Diversity

Office in 645 South Shields Street
Fort Collins, CO 80523-1060

The **Office of the Vice President for Diversity** strives to foster an inclusive campus that promotes and nurtures diversity, broadly defined. We are committed to a foundational principal of inclusive excellence recognizing that our institutional success depends on how well we welcome, value, and affirm all members of the CSU community.

Our efforts focus on addressing diversity and inclusion policies and practices that are essential to stay competitive and competent in the global market place and are necessary in the recruitment and retention of a diverse workforce. We recognize that all members of the campus community (administrators, faculty, staff, students, and alumni) must assume responsibility for the climate of CSU. A unit or person can drive the process, but every individual at CSU assumes responsibility for positive change.

Resources for Disabled Students

Office in General Services Building, Room 100, and
Office in Lory Student Center, Room 223
(970) 491-6385

Resources for Disabled Students (RDS) provides support to students who have physical or learning disabilities as well as chronic physical or mental illnesses/conditions that may impact their ability and/or access to effectively participate as a student. Support includes advocacy as well as accommodation services to minimize the effects of a disability or condition.

Accommodation services include:

- Alternative testing conditions
- Alternative text conversion
- Note taking support
- Accessible transportation
- Sign language/oral interpreting.

Women and Gender Advocacy Center

Office in Student Services Building, Room 112, and
Office in Lory Student Center, Room 234
(970) 491-6384

The Women and Gender Advocacy Center (<http://wgac.colostate.edu>) provides programs and resources focusing on all genders, social justice, and interpersonal violence prevention. Staff and volunteers also provide confidential advocacy and support for victims of sexual violence, stalking, sexual harassment, and relationship violence.

Programs concentrate on examining the intersections of oppression and creating conditions that allow all people to equally access opportunities in a safe campus environment.

Student Resources and Campus Life

- Campus Activities
- Career Center
- Child Care Options
- Conflict Resolution and Student Conduct Services
- CSU Health Network
- Housing & Dining Services

Campus Activities

Office in Lory Student Center, Lower Level
(970) 491-6626

Campus Activities (<http://www.sc.colostate.edu/campus-activities.aspx>) offers students many opportunities to become involved and active on the CSU campus through our four entities: RamEvents, Flea Market, Campus Information and Box Office, and LSC Arts Program. Learn about the many exciting outside-the-classroom possibilities and volunteer opportunities available to you through the Lory Student Center and Campus Activities.

Career Center

Office in Lory Student Center, Room 120
(970) 491-5707

The Career Center (<http://career.colostate.edu>) provides career exploration, planning, and job/internship search services for both graduate and undergraduate students in all majors and colleges.

Services include:

- Career counseling and career workshops
- Resume and job/internship correspondence writing skills
- On-campus recruiting program that includes two annual all-campus career fairs and several specialized fairs
- Career interviewing opportunities with over 100 employers via Handshake
- Available career and internship positions with area, regional, and national employers—information through Handshake

Child Care Options

See Adult Learner and Veterans Services (<http://alvs.colostate.edu/childcare>).

Conflict Resolution and Student Conduct Services

Office in Aylesworth Hall NW, Room 325
(970) 491-7165; FAX (970) 491-1800

Conflict Resolution and Student Conduct Services (<http://conflictresolution.colostate.edu>) supports the developmental, behavioral, and educational needs of students. Through a myriad of approaches CRSCS strives to maximize individual student success while upholding community standards and helping students overcome mistakes. In an effort to resolve conflicts at the lowest level possible, CRSCS regularly provides assistance to students struggling with grade disputes, roommate disagreements, student/faculty conflicts, workplace issues, academic matters/appeals, conflicts within student organizations, or navigating university policies and procedures.

CRSCS offers the following services:

- Conflict coaching/consultation
- Assistance with grade appeals
- Mediation/facilitation between individuals or organizations
- Advising of student conduct boards
- Student conduct hearings
- Pre-admission hearings
- Training/outreach related to conflict prevention and management, academic integrity, and civility
- Outcomes/education, including referrals to the Drugs, Alcohol and You (DAY) Programs, Party Partners, and skill-building workshops.

CSU Health Network

Good physical and mental health are important for every student's academic success. The CSU Health Network (<http://health.colostate.edu>) is every student's home for on-campus health care and resource for optimal health and well-being. By virtue of paying general fees, students are entitled to full access to the many services offered.

Medical Services

Hartshorn Health Center
(970) 491-7121 (After Hours 24/7 Nurse Helpline)

The CSU Health Network Medical Services (<http://health.colostate.edu/services/medical-services>) offers care and consultation for students' medical concerns. In addition to scheduling appointments by telephone, students may schedule through the online health portal for some of the most common symptoms, conditions, and needs.

General Medical Services

- Medical Clinic
- Behavioral Health
- Immunizations Clinic
- Laboratory Services
- Pharmacy
- Radiology Services
- Triage Clinic

Specialty Services

- Allergy Clinic

- Dental Services
- Massage Therapy
- Men's Clinic
- Nutrition Consultation
- Optometry Services
- Physical Therapy Services

- Radiology Services
- Sports Medicine/Orthopedic Clinic
- Travel Clinic
- Women's Clinic

Counseling Services

Office in Aylesworth Hall NW, Room 123
(970) 491-6053
(970) 491-7111 (after hours Mental Health Crisis Intervention)

Whether students are experiencing a situational problem, an immediate crisis, or have a longstanding mental health concern, CSU Health Network Counseling Services (<http://health.colostate.edu/services/counseling-services>) are available to help. The professional staff includes licensed psychologists, licensed clinical social workers, and licensed professional counselors, as well as graduate student staff from each of these disciplines.

All counseling is confidential. No information is released to anyone without a student's written consent except in the case of a life-threatening emergency or when it is otherwise required by law.

Services Offered:

- Individual and Couples Counseling
- Groups and Workshops
- Drugs, Alcohol and You (DAY) Programs
- Learning Assistance
- Emergency Services
- Outpatient Counseling (iTEAM)
- Consultations with Colleagues/Parents/Friends

Student Health Insurance Office

Office in Hartshorn Health Center
(970) 491-5118

Health insurance coverage is important in case of an emergency or if off campus services are needed. The CSU Student Health Insurance Plan (<http://health.colostate.edu/student-health-insurance>) provides benefits both within the CSU Health Network and off-campus. The RamCare Supplement Program (<http://health.colostate.edu/student-health-insurance/ramcare-supplement-program>) is designed for students who have another health insurance plan. It covers certain services at the CSU Health Network that would otherwise be billed at the time of services.

Health Education and Prevention Services

Office in 1302 S. Shields Street, Unit A2-1

(970) 491-1702 (<http://health.colostate.edu/services/health-education-prevention-services>)

Health Education and Prevention Services (<http://health.colostate.edu/services/health-education-prevention-services>) supports the health and well-being of students through the identification of campus health priorities and delivery of relevant programs, services and multidisciplinary initiatives that enable students to accomplish their academic goals and enhance personal development. Using evidence-based best practices, in collaboration with campus and community constituents, a holistic approach to health education and prevention is used for a diverse campus population. These practices involve opportunities to foster awareness and skills, as well as address the environmental context in which health behavior decisions are made.

Focus areas include:

- Alcohol and Other Drug Prevention
- Mental Health Initiatives
- Peer Education (CREWS)
- Resiliency and Well-Being Initiatives
- Sexual Health Initiatives
- Tobacco Cessation

Housing & Dining Services

Offices in the Palmer Center, 1005 W. Laurel
(970) 491-6511

Housing and Dining Services (<http://housing.colostate.edu>) provides all services and resources related to Residence Halls, Residential Dining Services, University Apartments, Conference & Event Services, and the CSU Mountain Campus.

Residence Halls

Office in the Palmer Center, Room 111
(970) 491-4719

Residence Life provides educational opportunities, services, programs, and facilities that are designed to enhance each student's total campus experience. Students who live in the residence halls (<http://www.housing.colostate.edu/residence-halls>) have a choice of several different room and floor types. Students in the halls also have the option to join one of 20 Residential Learning Communities (RLCs) that are centered on students' academic and personal interests. Students who live on campus have access to resources like professional staff as well as 24/7 security. Residence hall living allows students to actively participate in a variety of academic and social activities. These activities provide experiences in leadership development and co-curricular education that supplement classroom instruction and greatly enhance the quality of on-campus University life.

Housing Assignments

A Housing Guide is mailed to all newly admitted students as part of the admissions packet. Inquiries from continuing students should be directed to Residence Life at (970) 491-4719 or residencelife@colostate.edu (assign@colostate.edu).

Residential Learning Communities

Residential Learning Communities (RLCs - academic and themed floors in the residence halls) provide students with an opportunity to quickly develop a sense of community at CSU. Developed around academic majors and personal interests, these communities assist students in succeeding both academically and socially. Through a wide variety of programs, tutoring, and involvement opportunities, students in an RLC have the chance to get the most from their college experience. For more information on these communities, see Residential Learning Communities or Housing Options (<http://housing.colostate.edu/housing-options>).

First Year Residence Hall Requirement - First-Year Students

Experience and research have demonstrated that students who live on campus adjust to college life more successfully, have higher GPAs, and are more likely to graduate than students who live off campus. For this reason, all newly admitted first-year students and transfer students with fewer than 15 post-high school credits, who are single, under 21 years of age, and not living with their parents in the Fort Collins area, are required to live their first two consecutive semesters in a residence hall. Credits taken concurrent with high school and/or credits attained through Advanced Placement (AP) do not apply toward previous college experience.

All residents are required to sign a contractual agreement (<http://reshallpolicies.colostate.edu/residence-hall-contract-guidelines>), which includes meals, and is binding for the entire academic year. Inquiries regarding this regulation, including guidelines for requesting an exemption, should be directed to Residence Life at (970) 491-4719.

Residential Dining Services

Office in the Palmer Center, Room 108
(970) 491-4754

Residential Dining Services (<http://housing.colostate.edu/dining>) operates six dining centers, two Express locations, a Sports Grill, and RAMwich - an online sandwich ordering system with pick-up at Braiden Dining Center. "Late Night" dining options are available at four convenient locations. Each dining center features a unique combination of food concepts, offering choices such as sushi, pizza, pasta, stir-fry, vegan/vegetarian options, Tex-Mex, an array of international options, and made-to-order sandwiches. Extensive salad bars feature fresh fruits and vegetables as well as fat-free dressings. The on-campus bakery provides a wide range of artisan breads, desserts, and gluten-free and specialty items. Students have a choice of meal plans, with access to any dining center. Menus include vegetarian, vegan, gluten-free, and soy products at each meal. A registered dietitian is on staff, who can assist students with special dietary needs.

University Apartment Housing

Office in the Palmer Center, Room 208
(970) 491-4743

The University Apartments (<http://housing.colostate.edu/apartments>) offer nearly 700 apartments in three communities. Apartment Life has options for couples and family housing, graduate student housing, undergraduate student housing, as well as post-doctoral and visiting scholar housing. Academic year or month-to-month leases are available. Individual leases in shared apartments are also offered. The Apartment Life website offers rental rates, 3D floor plans, and a video of each apartment village.

A Housing Guide is mailed to all newly admitted students as part of the CSU admissions packet. Inquiries from continuing students should be directed to Apartment Life at (970) 491-4743.

International Student and Scholar Services (ISSS)

Office in Laurel Hall
(970) 491-5917

International Student and Scholar Services (http://iss.colostate.edu/mission_statement), within the Office of International Programs, assists international students and scholars with cultural adjustment, academic integration, professional growth and personal support, and oversees orientation and arrival, regulatory compliance, immigration services, sponsor services and programming, and serves as a liaison to the U.S. government.

Off-Campus Life

Office in Lory Student Center, Room 274
(970) 491-2248/491-6196

Off-Campus Life (<http://offcampuslife.colostate.edu>) provides services and programs to meet the diverse needs of off-campus and commuter students and to assist students in successfully transitioning, integrating, and engaging in the local community.

Services include:

- Information on housing options in the community, including online rental listing service
- Help in finding roommates
- Transportation information
- Tenant rights and responsibilities, including ordinance information
- Connection with community members through volunteer opportunities
- Tools and resources for students to have a successful off-campus living experience.

Orientation and Transition Programs

Office in Aylesworth Hall NE, Room 202
(970) 491- 6011

Orientation and Transition Programs (<http://otp.colostate.edu>) provides programming and services designed to assist first-year, second-year, and transfer students with a successful transition at CSU. OTP offers a continuum of services beginning with Ram Orientation to Ram Welcome (prior to classes beginning) to transition programming throughout the first two years of students' experiences at CSU. OTP believes in assisting students in creating a sense of belonging at CSU and understanding what it means to be a CSU Ram. Additionally, OTP places high value on student leadership and development and employs more than 280 student leaders to implement these University-wide programs.

CSU Police Department

Office in Green Hall
(970) 491-6425

The CSU Police Department (<http://police.colostate.edu>) (CSUPD) operates 24 hours a day, every day of the year. "911" access is TDD compatible and a TDD service line is available at (970) 491-2323.

The CSU Police Department is a full-service, accredited law enforcement agency whose officers are armed and have full law enforcement authority on all property owned or controlled by CSU. Officers are committed to a philosophy of community based policing and work in partnership with others to augment campus safety. CSU officers also possess peace officer commissions from the State of Colorado, the City of Fort Collins, and are commissioned deputy sheriffs in Larimer County.

CSU police enforce criminal and traffic laws, investigate all crimes that occur on campus, make arrests, and maintain full integration with the criminal justice system, including close working relationships with the District Attorney's Office, Fort Collins Police, Larimer County Sheriff's Department, and other state and federal law enforcement agencies and investigation bureaus. The programs and services of the department are designed to meet the demands and needs of a growing and thriving CSU community.

The Jeanne Clery Disclosure of Campus Security and campus Crime Statistics Act is the landmark federal law that requires colleges and universities to disclose information on security policies and timely, annual information about crime on and around campus. The CSU Safety Report (<http://police.colostate.edu/clery-act>) is published annually.

The Bicycle Education and Enforcement Program (<http://police.colostate.edu/bike-traffic>) (BEEP) is a unit of the police department designed to address bicycling issues on campus. Bicyclists are expected to comply with CSU bicycle regulations, obey all traffic laws, and register their bicycles with the CSUPD.

The Safe Walk Program (<http://police.colostate.edu/safe-walk>) is a service designed to assist those who walk during the hours of darkness. Trained Campus Service Officers are available to walk people to and from their destination within a defined service area. Call (970) 491-1155 or use any police service callbox on campus.

Campus Safety and the Clery Act

The Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act ("Clery Act") is the landmark federal law that requires colleges and universities to disclose information on security policies and timely, annual information about crime on and around campus. Additional information about the Clery Act, and campus safety is available in University Policies, and online (<http://police.colostate.edu>).

Concerned about someone? *Tell Someone*

If you are concerned about the health, well being, or safety of a CSU student or employee, you are encouraged to Tell Someone (<http://supportandsafety.colostate.edu/tell-someone>). Examples of when to Tell Someone include but are not limited to:

- Threats, gestures, writings, or attempts related to suicide or violence
- Harmful to themselves or others
- Self-injurious behavior (e.g. cutting self)
- Alcohol or other substance abuse problems
- Pattern of bizarre behaviors or actions
- Hospitalization for mental health issues or drug or alcohol use

- Sudden, rapid weight loss or gain
- Poor health due to restrictive eating or possible eating disorder
- Disruption to the living, learning, or working environment.

Tell Someone by calling (970) 491-1350 or filling out the online form (<http://supportandsafety.colostate.edu/referral-form>).

The Tell Someone system is designed to help the individual you are concerned about, not to punish them. All reports are treated with discretion and with a reasonable expectation of confidentiality. You may access additional information regarding CSU's policy on Student Sexual Harassment and Sexual Violence (<http://supportandsafety.colostate.edu/sexual-harassment>).

Parking and Transportation Services

Office in Lake Street Garage, 1508 Center Avenue
(970) 491-7041

Parking at CSU is available for faculty, staff, students, and visitors and does require a parking permit. Parking and Transportation Services (<http://parking.colostate.edu>) can assist with more information regarding purchasing an annual permit, information on visitor or short term permits, or pay by plate locations. In addition to commuting via automobile, many members of the campus community choose alternative transportation options. Visit the Parking and Transportation Services website for information on biking or walking to CSU, carpooling, and using the Transfort system.

Alternative Transportation

Brought to campus by ASCSU, Parking and Transportation Services, and Transfort (<http://parking.colostate.edu/pages/Transfort.aspx>), leave cars at home and use MAX, other Transfort (<http://parking.colostate.edu/pages/Transfort.aspx>) routes and Around the Horn (<http://parking.colostate.edu/pages/Transfort.aspx>) to get around campus. Thirteen stops are serviced every 10 minutes Monday through Saturday. In addition to mass transit, CSU encourages alternative transportation (<http://pts.colostate.edu>) (biking, walking, and carpooling).

Student Legal Services

Office in Lory Student Center, Room 284
(970) 491-1482

Student Legal Services (<http://sls.colostate.edu>) provides free legal advice to fee-paying students on a variety of legal matters. Common cases involve housing issues (e.g., review of leases), criminal law, consumer complaints, and debt problems, but all questions are welcome. Some services such as preparation of wills and powers of attorney carry an additional nominal charge. The staff also educates clients about their legal rights and responsibilities and, where helpful, guides students in the use of negotiation, mediation, and small claims court to resolve their disputes. Students who don't pay the student fee package may, in appropriate cases, pay SLS's semester fee (less than \$10) and receive services. Educational presentations by the SLS attorneys are always available.

Academic Services and Programs

- Center for Advising and Student Achievement (CASA)
- Learning Communities
- Office of International Programs

- The Institute for Learning and Teaching (TILT)

Center for Advising and Student Achievement (CASA)

The Center for Advising and Student Achievement (<http://www.casa.colostate.edu>) (CASA) is a dynamic organization that empowers students to make the most of their educational experience beginning at orientation and continuing through to graduation. CASA offers essential services integral to both the academic and personal success of students. Services include Orientation and Transition Programs, Key Learning Communities, Undeclared Advising, Health Professions Advising, and Outreach and Support Programs.

Offices in Aylesworth NE, Room 202
(970) 491-3658

More information can be found about each of these programs on the CASA website. If students need more information on any of these areas or have specific questions or comments, please feel welcome to call the main CASA office at (970) 491-7095.

Learning Communities at CSU

Colorado State University offers students a variety of residential and non-residential Learning Communities and Residential Theme Programs (<http://www.lc.colostate.edu>) that bring cohorts of students together in shared learning experiences. Learning Communities integrate curricular (co-enrollment in classes) and co-curricular learning in order to provide a supportive, academically-focused environment that cultivates a sense of community and empowers students to become engaged citizens on campus and in the community.

In partnership with Housing & Dining Services, Residential Learning Communities and Theme Communities are in many of the residence halls, offering a unique residential experience consisting of special interest areas that help build positive communities with students who share similar academic or personal interests and/or lifestyles. These communities connect students with faculty and staff advisors

who engage students in their learning and provide information about opportunities available at CSU.

Residential Learning Communities include:

Arts and Creative Expression Residential Learning Community:

(ACE) The ACE (<http://www.ace.colostate.edu>) program in Parmelee Hall provides students in the visual and performing arts a collaborative environment in which to grow creatively. Students will learn to become strong advocates of the arts and will have opportunities to participate in service learning programs and outings such as gallery walks, museum visits, and live performances both on and off campus. The ACE Program is open to first year students majoring in Art, Music, Dance, and Theatre. Pre-music majors do not qualify.

Engineering Residential Learning Community: The Engineering Learning Community (<http://www.lc.colostate.edu>) in Academic Village and Edwards Hall offers Engineering students an academically supportive and fun environment. Residents can take advantage of design studios, collaborative work rooms, and an electronic classroom. This community is limited to Engineering majors only.

Equine Community: The Equine Community (<http://www.lc.colostate.edu>), housed on a residential floor of Edwards Hall, is a program for students interested in science and industry, animals, and other areas of interest offered by the College of Agricultural Sciences. Residents can take advantage of exam reviews, club meetings, and many other extracurricular activities: English Riding Club, Versatility Ranch Horse Club, Polo Team, Pre-Vet Club, and more.

Global Village: Global Village (<http://www.lc.colostate.edu>) is an engaged community bringing together international and domestic students in a supportive intercultural living and learning environment. This community aims to foster an understanding of global cultures and experiences where students' share a passion for exploring the world and a desire to develop their leadership skills. As a Global Village student, you have the opportunity to enroll in 6 credits with other Global Village students including SPCM 100 and KEY 192C: Global Village Seminar. Global Village is open to first year and transfer students entering CSU.

Health and Exercise Science Community: (HES) The HES Community (<http://www.hes.chhs.colostate.edu/students/undergraduate/housing.aspx>), located in Corbett Hall, is the perfect place for students interested in majoring in Health and Exercise Science with concentrations in Health Promotion and Sports Medicine. This community is limited to HES majors only.

Honors Residential Learning Community: (HLRC) The HLRC (<http://www.honors.colostate.edu/honors-residential-learning-community>), housed in the Academic Village and Edwards Residence Hall, for students admitted to the University Honors Program. First year students develop a sense of community by residing with high achieving students who share similar academic interests and goals. Honors staff are located at the Academic Village and are available for advising and assistance.

College of Natural Sciences Learning Community: (CNSLC) The CNSLC (<http://www.natsci.colostate.edu/future-students/cnslc>) in Laurel Village provides a positive and diverse learning environment for science students and offers classrooms, faculty and advising offices, study groups, fabulous social spaces to promote interaction among the students, and a wide variety of social & academic activities.

Key Communities: Key Communities (<http://key.lc.colostate.edu>) are highly diverse first and second year learning communities designed to assist students with their transition to and through CSU. Based on active and experiential learning through interdisciplinary classes, service-learning, academic and career exploration, undergraduate research and leadership development, Key aims to increase retention and academic performance of participants, encourage campus and community involvement, and promote diversity awareness.

- *Key Academic Community:* Key Academic Community is a first-year residential learning community of 152 students living together and co-enrolling in cluster courses. Students who participate in the Key Academic Community have the opportunity to build connections with faculty and staff, live with a close-knit group of students who share the values of the community, and develop leadership skills through campus and community programs.
- *Key Explore Community:* The Key Explore Community is focused on providing students who have not yet declared a major the opportunity to explore their options at CSU. 152 students will live together and enroll in one Key Seminar Course and one All University Core Curriculum class. This group of undeclared students will have a chance to "create their own story" in order to understand how their interests, strengths, values, identities, and personal experiences have shaped who they are and who they would like to be. Additionally, students will have social, educational, and community oriented activities that help support where they are going with their major, career, and leadership paths.
- *Key Health Professions Community:* The Key Health Professions Community is a first-year learning community of 76 students intentionally focused on the exploration of human and animal health professions fields and academic achievement. Key Health Profession students live together and enroll in 3-4 classes together. In this community, students take advantage of group study opportunities, leadership development, and opportunities to build connections with faculty, staff, and students. Students will participate in required academic study skills, personal enrichment, and health professions interest workshops to provide support for researching and making choices with their academic, career, and leadership paths.
- *Key Service Community:* The Key Service Community is a first-year residential learning community developed around the theme of "student leadership and civic engagement." The Key Service Community comprises 76 students who live together and co-enroll in linked courses. In this community, students take advantage of year-long service opportunities while building connections with faculty and community organizations. Through discussion, service, and reflection, students develop a personal philosophy about their role in our world. Students also assess how they can contribute to a more civil society while becoming more active and positive role models within university life and beyond. A separate application form is required.
- *Key Culture, Communication, and Sport:* The Key Culture, Communication, and Sport Community in Parmelee Hall is for students who are dedicated to high standards for academic excellence combined with the support and resources needed for success, an appreciation for diversity, and involvement in campus activities.
- *Key Plus Community:* Key Plus is an academically focused living learning community at CSU working closely with students to develop strong leadership and career decision-making skills. Key

Plus is an optional sophomore year program for students who participated in the Key Academic, Key Service, Key Explore, Key Health Professions, or Key Culture, Communication, and Sport Communities during their first year at CSU. Students in the Key Plus Community can apply to participate in one of two tracks: the Key Plus Learning Community or the Key Plus LEADS (Leaders Engaged in Academics, Diversity and Service) Community.

- **Key Plus Learning Community:** The Key Plus Learning Community is an honorary opportunity for a limited number of participants. Students must apply and be selected to participate in the program. There is an affiliated 1-credit class within the Learning Community and students have first option to live in the 4th floor Braiden Lofts. However students may also live off-campus and be involved in the Key Plus Learning Community by taking one of the affiliated 1-credit courses.
- **Key Plus "Leaders Engaging in Academics, Diversity, and Service" or LEADS Community:** The LEADS Community is also an honorary opportunity whereby participants do not enroll in the affiliated classes but do live in the 4th floor Braiden Lofts. Students in the LEADS Community are required to participate in 20 hours of leadership activities each semester. There are a limited number of spaces available in the LEADS Community and students must apply and be selected to participate in the program.

Natural Resources and Sustainability Learning Community:

(NRSRLC) The NRSRLC (<http://warnercnr.colostate.edu/students/current/resources-and-information/579-live-green>), located in Summit Hall, is only for Natural Resources students to engage in the research and outreach of the Warner College of Natural Resources. Through this experience, NRSRLC students will have the opportunity to network with natural resources faculty, community members and dive into their field of study. There are two distinct tracks to choose from:

Natural Resources and Sustainability or **Outdoor Leadership**.

Residential Theme Communities include:

Leadership Development Community: (LDC) The LDC (<http://www.slice.colostate.edu/LDC.aspx>), located in Durward Hall, is a Residential Theme Community which provides students the opportunity to continue the development of leadership skills through a variety of involvement opportunities. LDC members participate in service projects, peer facilitation, and experiential learning. Leadership skills are further developed through workshops, class options, and copious opportunities for additional on-campus and community involvement.

Living Substance Free: This RLC (<http://www.lc.colostate.edu>), located in Westfall and Summit Halls, is a community for students who are committed to a lifestyle free from alcohol, tobacco, or drugs. A wide variety of social events and programs are offered to first year and returning students. This program is co-sponsored by Residence Life and the CSU Health Network.

Second-Year Experience Community: The Year 2@CSU: Residential Experience (<http://www.otp.colostate.edu/sy-year2.aspx>) is a co-sponsored community between Residence Life (<http://www.housing.colostate.edu/residence-halls>) and Orientation and Transition Programs (<http://www.otp.colostate.edu>) (OTP) housed in newly constructed Laurel Village. Forty suite-style rooms have been designated for students to live in a community that is focused on the second year experience. Specifically, the community focuses on outreach and learning connected to the following areas: career

and major exploration, global citizenship and service, academic engagement and outdoor adventure. Students living on the floor connect with each other through academic workshops, a fall outdoor mountain retreat, service projects, and a variety of other floor outings. This themed community will ask residents to sign a learning agreement and no class is required to participate in this community. Any current first year student is welcome to apply to live in this community.

Transfer Residential Community: The Transfer Residential Community (<http://www.otp.colostate.edu/csu-transfer-communities.aspx>) in Braiden and Allison Halls is a partnership between Orientation and Transition Programs and Residence Life. The Community consists of transfer students with an interest in learning more about the resources at CSU and making connections with other transfer students. The Transfer Residential Community is about supporting student success at CSU and encouraging active engagement while introducing students to the many opportunities available to them through CSU. In addition, the Transfer Residential Community provides resources and direct contact with Transfer Transition Leaders, connecting students to CSU and the community, while fostering meaningful friendships. Finally, by living and participating in the Transfer Residential Community, students get the help and guidance they need to thrive in their transition and excel in their academic and social experience at CSU. This community is open to new transfer students.

Learning Communities without a residential requirement include:

Campus Corps Learning Community: The Campus Corps Learning Community (<http://www.hdfs.chhs.colostate.edu/students/undergraduate/campuscorps>) (**CCLC**) provides ongoing opportunities for CSU students to stay involved with Campus Corps throughout their CSU career.

Community Engagement Leaders (CELS): CELS is an interdisciplinary, non-residential learning community designed to provide undergraduate students with the opportunity to participate in experiential service-learning through community leadership. Specifically, CELS is designed to support 2nd and 3rd year students interested in linking their passion for positive change and community engagement with advanced academic work in their major of study. CELS is open to any current CSU 2nd year and 3rd year undergraduate student in good academic standing with Colorado State University who is passionate about fostering positive, sustainable change in their community can apply.

Dream Project: Dream Project is a student-initiated high school outreach program that partners CSU students with first-generation and low-income students in Fort Collins area high schools to assist in the college admissions process (including FAFSA prep, applications, writing essays, applying for financial aid, and finding scholarships). The CSU Dream Project is open for all students (First-year, second-year, juniors, seniors, and transfer students)

Mentored Research and Artistry Program: The **Mentored Research and Artistry Program** is an interdisciplinary, non-residential learning community designed to provide undergraduate students with the opportunity to participate in high impact, real world research or other creative works.

Office of International Programs

Offices in Laurel Hall
(970) 491-5917

The Office of International Programs (<http://international.colostate.edu>) (OIP) creates and fosters international activities supporting teaching, learning, research, and engagement at CSU. OIP offers a broad array of programs and services designed to provide international experiences for all CSU students, scholars, faculty and staff. The office is organized into four functional units —International Student and Scholar Services, Education Abroad, International Initiatives and China Programs.

The Institute for Learning and Teaching (TILT)

Offices in the TILT Building
(970) 491-3132

The Institute for Learning and Teaching (<http://tilt.colostate.edu>) (TILT) supports students' academic success and co-curricular engagement through several learning programs. Tutoring and study groups help students succeed in challenging courses, while extracurricular short courses help students improve study skills and learn about topics of interest, from effective GRE preparation to web layout and video production. Through TILT, students can participate in service learning opportunities or in undergraduate research and artistry projects with faculty mentoring.

INTO-CSU

Through INTO CSU International students can study English as a Second Language for personal, professional, or academic purposes. INTO CSU also offers several undergraduate and graduate Pathways bridge programs to strengthen academic credentials and English proficiency before applying to a CSU degree program. All programs are in a highly supportive learning environment, designed to accelerate students' success. Students, regardless of INTO CSU program of study, have all the benefits and experiences of campus life at CSU, including access to all of the academic, social, and cultural resources and activities that CSU has to offer.

English Language Programs

Students can study General English for personal and professional use, either in a single or series of 4-week long sessions, or in a campus year abroad setting. The Academic English program is designed for students who are intending to get a degree at an American university.

Academic English Program

The Academic English (<http://www.intohigher.com/us/en-us/the-universities/into-colorado-state-university/studying/into-csu-programs/programs/academic-english.aspx>) program at INTO CSU is accredited by the Commission on English Language Program Accreditation (CEA) and prepares international students for university study in the US. This academically rigorous program provides international students with high-quality English language instruction and the academic skills to succeed at CSU through development of:

- Listening
- Speaking

- Reading
- Writing
- Grammar
- Academic study skills.

Pre-Academic English Program

The four-week Pre-Academic English (<http://www.intohigher.com/us/en-us/the-universities/into-colorado-state-university/studying/into-csu-programs/programs/academic-english.aspx>) program is specifically designed for Fulbright scholars and students who have been admitted to a Pathway program or directly admitted to a CSU degree program for the Fall semester. This program allows students to strengthen their English language skills and become oriented to US academic culture and expectations prior to starting their Pathway or degree program.

General English Program

The General English (<http://www.intohigher.com/us/en-us/the-universities/into-colorado-state-university/studying/into-csu-programs/programs/general-english.aspx>) program consists of 4-week sessions designed for students of all levels of English who want to develop communication skills in many social and professional situations while learning about American culture.

General English students have access to all the same resources and amenities as all other university students. General English students who choose shared on-campus housing will live in the building with Americans, further enhancing their study abroad experience in America. With American conversation groups and social programs organized by INTO CSU, students are more likely to have a successful experience integrating to the campus community and American lifestyle.

Pathway Programs

INTO CSU offers undergraduate and graduate level bridge programs designed to provide international students experience in CSU university-level academic classes before they become full-time university students. Students in a pathway program have access to many of the services of a regularly admitted student along with additional support to help with their transition to American culture and study.

Undergraduate Pathways

Undergraduate pathways (<http://www.intohigher.com/us/en-us/the-universities/into-colorado-state-university/studying/undergraduate-pathways.aspx>) include coursework in English Language, math, and major specific classes, or classes to help fulfill CSU core or elective credits.

Graduate Pathways

Graduate pathways (<http://www.intohigher.com/us/en-us/the-universities/into-colorado-state-university/studying/graduate-pathways.aspx>) include coursework in English Language, undergraduate, and/or graduate academic courses designed to ensure success in specific CSU graduate programs.

Administrative Resources

- Academic Computing and Network Services (ACNS)
- Registrar's Office
- Student Financial Services
- University RamCard

Academic Computing and Network Services (ACNS)

Office in University Services Center, Sixth Floor
(970) 491-5133

Academic Computing and Network Services (<http://www.acns.colostate.edu>) (ACNS) provides information technology services to the CSU community in addition to those local resources available in colleges and departments.

Account information, documentation, and assistance with personal computers and CSU's central computing systems are available from the Central IT Help Desk, located in Morgan Library (970) 491-7276. Computers, software, and technology supplies may be purchased at RAMtech, located in the Lory Student Center (970) 491-7625. A current CSU identification card is required for purchases.

Registrar's Office

Office in Centennial Hall
(970) 491-4860

The **Registrar's Office** supports students throughout their academic careers and beyond by providing innovative services to the CSU community. The Registrar's Office serves as a central administrative office for students, families, faculty, staff, and alumni by providing the following services:

- Maintain and provide official academic transcripts
- Collect and serve as resource for academic appeals for exceptions
- Oversee and support all academic registration functions
- Report, certify, and maintain academic degree and enrollment verifications
- Support transfer students and manage the transfer credit process
- Certify military and veterans educational benefits
- Coordinate academic and classroom scheduling
- Act as a central academic information resource
- Comply with and educate campus on Federal and State legislation and institutional policy
- Publish final examination schedules
- Lead and participate in cross-divisional and institution-wide projects
- Manage on-line course grading and reporting
- Support curriculum approval process
- Publish annual General Catalog
- Maintain RAMweb (<https://ramweb.colostate.edu>), ARIES, and ARIESweb access and security
- Serve on and support numerous university committees as well as national level organizations.

Student Financial Services

Office in Centennial Hall

(970) 491-6321

Student Financial Services (<http://sfs.colostate.edu>) administers a variety of institutional, state, federal, and private financial assistance programs for qualified students. Financial assistance programs include scholarships, grants, loans, and employment.

Student Employment Services

Office in Centennial Hall
(970) 491-5714

Employment opportunities available include the Work-Study Program, on-campus departmental positions, and community part-time employment. Refer to the Student Employment Services (<http://ses.colostate.edu>) website for more details.

University RamCard

Office in Lory Student Center, Room 271
(970) 491-2344

RamCards (<http://housing.colostate.edu/ramcard>) (CSU identification cards) for students, faculty, and staff are used by campus departments for a wide range of activities including identification, meal plans, RamCash accounts, building access, library materials checkout, Transfort, Around the Horn, print and copy, sporting and cultural events, and entrance to exams. The RamCard (<http://housing.colostate.edu/ramcard>) can be obtained during normal business hours at the RamCard Office in the Lory Student Center, Room 271. A current government-issued picture ID such as a driver's license, passport, or military ID is required to obtain a RamCard. The initial card cost is \$20 and replacement cards cost \$25 (subject to change).

Facilities

- CSU spans five primary campuses on 4772 acres, plus numerous Agricultural Experiment Stations, Cooperative Extension offices, and Colorado State Forest Service sites across the state that cover an additional 4038 acres. Altogether, CSU has 712 buildings including 303 classrooms and 1238 laboratories totaling 10,408,009 gross square feet. In addition to acres owned, CSU manages an additional 9,978,478 acres throughout the state, most of which is the Colorado State Forest.
-
- Bookstore
- Coffee Shops
- CSU Transit Center
- Lory Student Center
- CSU Mountain Campus
- CSU Sports and Athletic Facilities
- Student Recreation Center
- Study Spaces
- University Center for the Arts
- University Libraries
- Veterinary Teaching Hospital

Bookstore

The CSU Bookstore (<http://www.bookstore.colostate.edu/home.aspx>) is located in the Lory Student Center. Proceeds from the CSU Bookstore go back to students and the CSU community. CSU insignia

items, school supplies, and art supplies are available as well as textbooks for every class at CSU.

Coffee Shops

Coffee shops are great places to grab a refresher and dive into studying or group meetings. Here are the locations of some coffee shops on CSU's campus.

Sweet Sensations (<http://www.sc.colostate.edu/sweets.aspx>) - Lory Student Center
 Sweet Temptations (<http://www.sc.colostate.edu/sweet-temptations.aspx>) - Behavioral Sciences Building
 Morgan's Grind Café (<http://lib.colostate.edu/about/maps/first/morgans-grind-cafe>) - Morgan Library
 The Bean Counter (<http://www.sc.colostate.edu/the-bean-counter.aspx>) - Rockwell Hall
 Ram's Horn Express (<http://housing.colostate.edu/locations-hours>) - Academic Village

CSU Transit Center

The CSU Transit Center (<http://www.sc.colostate.edu/transit-center.aspx>) is located on the first floor of the north end of the Lory Student Center. It includes a Transfort customer counter, flat screen monitors displaying departure times and news stories, and an indoor passenger waiting area to make public transportation more comfortable and convenient for CSU students and visitors.

Transfort, Around the Horn

Transfort (<http://www.ridetransfort.com>) is the local Fort Collins bus service that offers a multitude of stops close to student living areas and runs schedules that complement CSU class schedules. This mass transportation system cuts down on pollution and brings students right to the center of campus. CSU students account for nearly thirty-five percent of Transfort's ridership!

The Around the Horn (<http://www.colostate.edu/AroundtheHorn>) free shuttle service was added in 2014. Brought to the campus community by ASCSU and Transfort, the thirteen stops, serviced every ten minutes Monday through Saturday, offer a convenient and quick way to navigate campus.

Campus community members can leave cars at home and use MAX (the city's rapid bus transit service), other Transfort routes, and the Horn to conveniently get to, and around campus.

Lory Student Center

The Lory Student Center (<http://www.sc.colostate.edu>) is the dynamic hub of campus, serving more than 20,000 people each day. It encourages the lifelong learning development of students, faculty, staff, and community members. Lory Student Center services and programs create a stimulating and supportive atmosphere to complement academic learning and social enrichment. You may reach Campus Information and Box Office at (970) 491-6444.

CSU Mountain Campus

Nestled in a beautiful, secluded mountain valley at an elevation of 9,000 feet, **CSU's Mountain Campus** (<http://www.mountaincampus.colostate.edu>) provides field research and education, conference facilities, a challenge course, and world-class hiking. The Mountain Campus is located 50 miles west of Fort Collins and is adjacent to Rocky Mountain National Park, the Comanche Peak

Wilderness Area, and Roosevelt National Forest. The campus is open from mid-May to mid-October and is available for field studies and research, conferences, workshops, meetings, and retreats.

CSU Sports and Athletic Facilities Glenn Morris Field House

The Rams' indoor track and field training facility is the venerable Glenn Morris Field House (<http://www.csurams.com/facilities/south-college-fieldhouse.html>), near the Jack Christiansen Track. This historic venue, built in 1924, underwent a renovation in 1998.

The venue contains three main wings: the south area, which includes the indoor track; the middle area, which houses offices and locker rooms; and the north area, which is where the basketball team formerly played and now is used for indoor court sports.

Hughes Stadium

Sonny Lubick Field at Hughes Stadium (<http://www.csurams.com/facilities/hughes-stadium.html>) lies at the base of the foothills of the Rocky Mountains, about two miles west of the main campus area and in one of the most scenic settings to be found anywhere. In 2000, permanent lighting standards were installed. Four years later, 4,400 additional seats were constructed in the north end zone, while the stadium's press box and Rams Horn levels were renovated, and 12 new luxury boxes were constructed. Finally, the installation of a FieldTurf playing surface prior to the 2006 season completed renovations. Current capacity of the facility is 32,500.

Indoor Practice Facility

The Indoor Practice Facility (<http://www.csurams.com/facilities/IPF.html>) is designed for use by multiple sports programs at the University.

Features:

- Gymnasium easily encloses a regulation basketball court and two half courts
- Volleyball configuration can accommodate two full-length courts
- Contains a synthetic-turf football field (including one end zone)
- Features a four-lane, 70-meter track and a unique shoe-changing room adjacent to the football field
- Has flexibility to allow the softball team to set up batting cages on the football field
- Will provide shelter for any student-athlete in each of the Rams' 16 varsity sports
- Includes training room, equipment storage, lobby and trophy display case, and restrooms
- Uses an innovative air circulation system.

Jack Christiansen Track

One of the finest track and field facilities in the region in a picturesque setting lends itself comfortably to annually hosting marquee events, including the 2011 and 2005 Mountain West Track & Field Championships. Such is the history surrounding the Jack Christiansen Memorial Track (<http://www.csurams.com/facilities/christiansen-track.html>) on the east side of CSU's main campus.

Regarded as one of the region's finest facilities since it opened in 1989, the venue has provided a backdrop for success for the Rams. As a

result, the program has the ability to attract some of the region's finest athletes.

Moby Arena

Moby Arena (<http://www.csurams.com/facilities/moby-arena.html>) is a cozy and intimate playing facility nestled in the heart of the university's central campus area.

With a capacity of 8,745, the whale-shaped venue features the pride and tradition of the Rams' program that dates back 100 years, and a newness associated with a recent renovation to the arena's concourses, athletic training facilities and locker rooms.

Ram Field

CSU's softball facility, Ram Field (<http://www.csurams.com/facilities/ram-field.html>), has been the home of the school's varsity softball program since its opening in 1995. The diamond is a state-of-the-art, NCAA-regulation field, just south of Moby Arena, complete with a high-quality sound system. The foul lines are 200 feet from home plate, and the center-field fence is 225 feet away.

University Tennis Courts

The University Tennis Courts are one of the finest tennis facilities in the nation. The \$2 million dollar facility that opened in 2010-2011 features 12 post-tensioned concrete courts, eight of which are lighted for night play. For information about use of the Tennis Complex, visit Campus Recreation (<http://campusrec.colostate.edu/facility/our-facilities>).

Student Recreation Center

Campus Recreation (<http://csurec.colostate.edu>) actively promotes the pursuit of a balanced, healthy lifestyle to a diverse university community by providing quality programs, facilities, and services that encourage personal growth, leadership development, and employment opportunities. Students paying full student fees for the current term are automatically eligible for Campus Recreation programs and services including use of the Student Recreation Center. Memberships are available to part-time students, employees, and spouses/partners. Inquire at the Service Center in the Student Recreation Center lobby for more information. To learn more about Campus Recreation at CSU, pick up a copy of the Campus Recreation Guide or check out Campus Recreation's (<http://csurec.colostate.edu>) website.

Study Spaces

In addition to spaces in residence halls, among the shelves in Morgan Library (<http://lib.colostate.edu>) and throughout the floors of the Lory Student Center, CSU offers a variety of other study spaces. Some study spaces are reservable through the library reservation system (<http://lib.colostate.edu/about/maps/presentation-rooms>).

Some popular options include:

- Behavioral Sciences Building
- TILT Building -Russell George Great Hall
- Morgan Library - Group Study Rooms and The Cube
- The Durrell Center
- Clark Building - A-wing study lounge
- Scott Bioengineering Building
- The Microbiology Study Lounge

- Rockwell Hall West.

University Center for the Arts

Located at 1400 Remington Street, the University Center for the Arts (<http://uca.colostate.edu>) is an exquisite venue for music, theatre, dance and art where future generations of arts professionals – be it in performance, creative production and design, education, therapy, or research – are becoming contributors to the essential vitality of our culture and society and advance knowledge in the arts through discovery, dissemination, teaching, and preservation. Located in the old Fort Collins High School, the state-of-the-art UCA houses music, theatre, and dance performance venues, museums and galleries, rehearsal spaces, classrooms, and more.

Fort Collins offers an exceptional environment for students in the arts through a community that is closely connected to activities at the UCA. Fort Collins has a thriving cultural and artistic community and is consistently ranked as one of the best or the best place to live in the country. Its culture and its inviting Old Town architecture are complemented by its prime location immediately at the foot of the Rocky Mountains with breathtaking scenery and an almost infinite opportunities for first-rate outdoor activities.

University Libraries

William E. Morgan Library (<http://lib.colostate.edu>), located in the center of the main campus, offers nearly 300,000 square feet of research and learning space and houses a large part of the paper collection, which includes books, maps, journals, technical reports, archives, and manuscripts.

The University Libraries connects CSU to information and knowledge critical for research and learning. With a diverse collection of more than 2 million items and a broad range of research services, the Libraries provides faculty and students with opportunities to develop projects and ideas. These services include library instruction, research assistance, archives, electronic reserves, desktop resource delivery, and interlibrary loan.

The University Libraries is a member of the Association of Research Libraries (ARL), Greater Western Library Alliance (GWLA), and the Colorado Alliance of Research Libraries. These memberships enable the Libraries to participate in preservation, resources sharing, and collection development programs on a national scale. Resource sharing is further enhanced by the Libraries' locally developed RAPIDILL system now linking the collections of more than 90 research libraries around the world.

Veterinary Teaching Hospital

CSU's south campus contains the Veterinary Teaching Hospital (<http://csuvets.colostate.edu>) including the research and teaching programs and the federal Natural Resources Research Center.

-

Note Regarding the All-University Core Curriculum

Credits earned in the College Board Advanced Placement Program (AP), the College-Level Examination Program (CLEP), and International Baccalaureate (IB) can be used to satisfy particular All-University Core Curriculum requirements.

All CSU undergraduate students share a learning experience in common. Faculty members from across the University contribute to that experience.

The composition and mathematics requirements must be completed within the first 60 credits (CSU and transfer) taken.

Each baccalaureate Program of Study must incorporate the following elements:

1. Basic Competencies

A. Intermediate Writing	3
B. Mathematics	3
2. Advanced Writing	
Advanced Writing	3
3. Foundations and Perspectives	
A. Biological and Physical Sciences (At least one course will include an associated lab)	7
B. Arts and Humanities	6
C. Social and Behavioral Sciences	3
D. Historical Perspectives	3
E. Global and Cultural Awareness	3
4. Depth and Integration	
Minimum 5 credits, 2 courses	5
A. Each major must designate courses that build upon the Core Competencies of writing, speaking, and problem solving in an integrative and complementary way.	
B. Each major must designate courses that build upon the foundations of knowledge and intellectual perspectives of Core Category 3 in an integrative and complementary way.	
C. Every major must require a capstone experience at the senior level that consists of a designated course or sequence of courses that offer the opportunity for integration and reflection on students' nearly completed baccalaureate education.	

Students are advised to see if their preferred program of study has particular recommendations for satisfying All-University Core Curriculum requirements.

A student must earn a cumulative grade point average of 2.000 or better in the courses used to satisfy categories 1 through 3 of the All-University Core Curriculum requirements.

What follows is a brief description of each category in the All-University Core Curriculum and a list of the courses currently approved to meet that category. **Note: No courses are listed in more than one category; courses listed in one category cannot be used to fulfill any other category in the AUCC.**

Category 1. Basic Competencies

A. Intermediate Writing (3 credits)

The ability to write correctly and effectively is necessary for success in any academic program and enhances the possibility of one's success in personal and professional life. The objective of courses in this category is to provide instruction in the skills essential to effective written communication, extensive practice in the use of those skills, and evaluation of students' writing aimed to guide them in improving their skills.

CO 150	College Composition (GT-CO2)	3
HONR 193	Honors Seminar	3

B. Mathematics (3 credits)

The objective of the Mathematics requirement is to ensure that students develop mathematical skill and understanding essential for describing events, experiences, and the knowledge base of other disciplines. Mathematics encourages a mode of thought that

encompasses abstraction and generalization and permits careful analysis as well as explicit calculation.

MATH 101	Math in the Social Sciences (GT-MA1)	3
MATH 105	Patterns of Phenomena (GT-MA1)	3
MATH 117	College Algebra in Context I (GT-MA1)	1
MATH 118	College Algebra in Context II (GT-MA1)	1
MATH 124	Logarithmic and Exponential Functions (GT-MA1)	1
MATH 125	Numerical Trigonometry (GT-MA1)	1
MATH 126	Analytic Trigonometry (GT-MA1)	1
MATH 141	Calculus in Management Sciences (GT-MA1)	3
MATH 155	Calculus for Biological Scientists I (GT-MA1)	4
MATH 157	One Year Calculus IA (GT-MA1)	3
MATH 160	Calculus for Physical Scientists I (GT-MA1)	4
MATH 161	Calculus for Physical Scientists II (GT-MA1)	4
MATH 255	Calculus for Biological Scientists II (GT-MA1)	4

Category 2. Advanced Writing (3 credits)

Building on and adapting basic skills and strategies already developed in the course in Intermediate Writing, the objective of this requirement is enhancement of skills in written communication to extend rhetorical knowledge, to extend experience in writing processes, to extend mastery of writing convention, and to demonstrate comprehension of content knowledge at the advanced level through effective communication strategies.

BUS 300	Business Writing and Communication (GT-CO3)	3
CHEM 301	Advanced Scientific Writing--Chemistry (GT-CO3)	3
CO 300	Writing Arguments (GT-CO3)	3
CO 301A	Writing in the Disciplines: Arts and Humanities (GT-CO3)	3
CO 301B	Writing in the Disciplines: Sciences (GT-CO3)	3
CO 301C	Writing in the Disciplines: Social Sciences (GT-CO3)	3
CO 301D	Writing in the Disciplines: Education (GT-CO3)	3
CO 302	Writing in Digital Environments (GT-CO3)	3
JTC 300	Professional and Technical Communication (GT-CO3)	3
JTC 301	Corporate and Professional Communication	3
LB 300	Specialized Professional Writing	3

Category 3. Foundations and Perspectives

The Core rests on acquiring foundations of knowledge and understanding intellectual perspectives. Courses in this category of the Core are designed to bring the skills developed in Core Competencies to life and give them direction and purpose. Elements of *foundation* offer exemplary introductions to fields and areas of study that explore their distinctive characteristics as well as critical links within and among them. Elements of *perspective* promote coherence and integration of knowledge within and among fields and areas of study, often through the exploration of significant thematic issues. *Foundation* elements frequently will be introduced in

disciplinary contexts. *Perspective* elements typically will be structured comparatively and enlivened through interdisciplinary contexts.

A. Biological and Physical Sciences (7 credits)

The objective of the Biological and Physical Sciences requirement is to instill a clear understanding of the basic scientific viewpoint, to master scientific knowledge at a level that facilitates communication in an increasingly technological society, to employ and build on core competencies in mathematics and logical/critical thinking, to enable students to learn and use the scientific method, and to evaluate the impacts of science and technology on society. At least one course must have a laboratory component. Sometimes the laboratory component is a separate course number.

AA 100	Introduction to Astronomy (GT-SC2)	3
AA 101	Astronomy Laboratory (GT-SC1)	1
ANTH 120	Human Origins and Variation (GT-SC2)	3
ANTH 121	Human Origins and Variation Laboratory (GT-SC1)	1
BSPM 102	Insects, Science, and Society (GT-SC2)	3
BZ 101	Humans and Other Animals (GT-SC2)	3
BZ 104	Basic Concepts of Plant Life (GT-SC2)	3
BZ 105	Basic Concepts of Plant Life Laboratory (GT-SC1)	1
BZ 110	Principles of Animal Biology (GT-SC2)	3
BZ 111	Animal Biology Laboratory (GT-SC1)	1
BZ 120	Principles of Plant Biology (GT-SC2)	4
CHEM 103	Chemistry in Context (GT-SC2)	3
CHEM 104	Chemistry in Context Laboratory (GT-SC1)	1
CHEM 107	Fundamentals of Chemistry (GT-SC2)	4
CHEM 108	Fundamentals of Chemistry Laboratory (GT-SC1)	1
CHEM 111	General Chemistry I (GT-SC2)	4
CHEM 112	General Chemistry Lab I (GT-SC1)	1
FW 104	Wildlife Ecology and Conservation (GT-SC2)	3
GEOL 120	Exploring Earth: Physical Geology (GT-SC2)	3
GEOL 121	Introductory Geology Laboratory (GT-SC1)	1
GEOL 122	The Blue Planet: Geology of Our Environment (GT-SC2)	3
GEOL 124	Geology of Natural Resources (GT-SC2)	3
GR 304	Sustainable Watersheds	3
HORT 100	Horticultural Science	4
LAND 220	Fundamentals of Ecology (GT-SC2)	3
LIFE 102	Attributes of Living Systems (GT-SC1)	4
LIFE 201A	Introductory Genetics: Applied/Population/Conservation/Ecological (GT-SC2)	3
LIFE 201B	Introductory Genetics: Molecular/Immunological/Developmental (GT-SC2)	3
LIFE 220	Fundamentals of Ecology (GT-SC2)	3
MIP 101	Introduction to Human Disease (GT-SC2)	3
NR 120A	Environmental Conservation (GT-SC2)	3
NR 130	Global Environmental Systems (GT-SC2)	3
NR 150	Oceanography (GT-SC2)	3
PH 110	Descriptive Physics (GT-SC2)	3
PH 111	Descriptive Physics Laboratory (GT-SC1)	1
PH 121	General Physics I (GT-SC1)	5

PH 122	General Physics II	5
PH 141	Physics for Scientists and Engineers I (GT-SC1)	5
PH 142	Physics for Scientists and Engineers II (GT-SC1)	5
WR 304	Sustainable Watersheds	3

Credit allowed for only one of the following: GEOL 120, GEOL 122, GEOL 124, GEOL 150.

Credit allowed for only one of the following: GEOL 121 or GEOL 150.

Credit not allowed for both LIFE 201A and LIFE 201B.

B. Arts and Humanities (6 credits)

The Arts and Humanities explore expressions that are uniquely human. The objective of the Arts and Humanities requirement is to investigate the cultural character and literatures of human experiences, fundamental questions of value and meaning, and, both in word and beyond words, the symbols and creative expressions of human life. No more than three credits of intermediate foreign language (L** 200, L** 201) may be used toward this category.

ART 100	Introduction to the Visual Arts (GT-AH1)	3
BUS 220	Ethics in Contemporary Organizations (GT-AH3)	3
D 110	Understanding Dance (GT-AH1)	3
E 140	The Study of Literature (GT-AH2)	3
E 232	Introduction to Humanities (GT-AH2)	3
E 242	Reading Shakespeare (GT-AH2)	3
E 270	Introduction to American Literature (GT-AH2)	3
E 276	Survey of British Literature I (GT-AH2)	3
E 277	Survey of British Literature II (GT-AH2)	3
ETST 240	Native American Cultural Experience (GT-AH2)	3
HONR 292	Honors Seminar—Knowing in Arts and Humanities	3
HONR 392	Honors Seminar	3
LARA 200	Second-Year Arabic I (GT-AH4)	4
LARA 201	Second-Year Arabic II (GT-AH4)	4
LARA 250	Arabic Language, Literature, Culture in Translation (GT-AH2)	3
LCHI 200	Second-Year Chinese I (GT-AH4)	5
LCHI 201	Second-Year Chinese II (GT-AH4)	5
LCHI 250	Chinese Language, Literature, Culture in Translation (GT-AH2)	3
LFRE 200	Second-Year French I (GT-AH4)	3
LFRE 201	Second-Year French II (GT-AH4)	3
LFRE 250	French Language, Literature, Culture in Translation (GT-AH2)	3
LGER 200	Second-Year German I (GT-AH4)	3
LGER 201	Second-Year German II (GT-AH4)	3
LGER 250	German Language, Literature, Culture in Translation (GT-AH2)	3
LITA 200	Second-Year Italian I	3
LITA 201	Second-Year Italian II	3
LJPN 200	Second-Year Japanese I (GT-AH4)	5
LJPN 201	Second-Year Japanese II (GT-AH4)	5
LJPN 250	Japanese Language, Literature, Culture in Translation (GT-AH2)	3

LRUS 200	Second-Year Russian I (GT-AH4)	4
LRUS 201	Second-Year Russian II (GT-AH4)	4
LRUS 250	Russian Language, Literature, Culture in Translation (GT-AH2)	3
LSGN 200	Second-Year American Sign Language I	3
LSGN 201	Second-Year American Sign Language II	3
LSPA 200	Second-Year Spanish I (GT-AH4)	3
LSPA 201	Second-Year Spanish II (GT-AH4)	3
LSPA 230	Spanish for Heritage Speakers	3
LSPA 250	Spanish Language, Literature, Culture in Translation (GT-AH2)	3
MU 100	Music Appreciation (GT-AH1)	3
MU 111	Music Theory Fundamentals (GT-AH1)	3
MU 131	Introduction to Music History and Literature (GT-AH1)	3
PHIL 100	Appreciation of Philosophy (GT-AH3)	3
PHIL 103	Moral and Social Problems (GT-AH3)	3
PHIL 110	Logic and Critical Thinking (GT-AH3)	3
PHIL 120	History and Philosophy of Scientific Thought (GT-AH3)	3
SPCM 100	Communication and Popular Culture (GT-AH1)	3
SPCM 201	Rhetoric in Western Thought (GT-AH3)	3
TH 141	Introduction to Theatre (GT-AH1)	3

C. Social and Behavioral Sciences (3 credits)

The Social and Behavioral Sciences use similar methods of description and analysis to study the complex behaviors of individuals and their relationships with others in families, public associations, and cultures. The objective of the Social and Behavioral Sciences requirement is to explore the forms and implications of individual and collective behaviors, their ties to formal institutions, and the methods by which they are studied.

ANTH 100	Introductory Cultural Anthropology (GT-SS3)	3
AREC 202	Agricultural and Resource Economics (GT-SS1)	3
AREC 240	Issues in Environmental Economics (GT-SS1)	3
ECON 101	Economics of Social Issues (GT-SS1)	3
ECON 202	Principles of Microeconomics (GT-SS1)	3
ECON 204	Principles of Macroeconomics (GT-SS1)	3
ECON 212	Racial Inequality and Discrimination (GT-SS1)	3
ECON 240	Issues in Environmental Economics (GT-SS1)	3
EDUC 275	Schooling in the United States (GT-SS3)	3
GR 100	Introduction to Geography (GT-SS2)	3
HDFS 101	Individual and Family Development (GT-SS3)	3
HONR 492	Honors Senior Seminar	3
JTC 100	Media in Society (GT-SS3)	3
POLS 101	American Government and Politics (GT-SS1)	3
POLS 103	State and Local Government and Politics (GT-SS1)	3
PSY 100	General Psychology (GT-SS3)	3
PSY 152	Science of Learning	3
SOC 100	General Sociology (GT-SS3)	3
SOC 105	Social Problems (GT-SS3)	3
SOWK 110	Contemporary Social Welfare (GT-SS1)	3

SPCM 130 Relational and Organizational Communication (GT-SS3) 3

D. Historical Perspectives (3 credits)

The objective of the Historical Perspectives requirement is to engage students in an analytical, chronological study of significant, multi-dimensional human experiences. It should also provide students with a foundation for relating beliefs about the past to aspirations for the future.

AGED 210	History of Agriculture in the United States	3
AMST 100	Self/Community in American Culture, 1600-1877 (GT-AH2)	3
AMST 101	Self/Community in American Culture Since 1877 (GT-AH2)	3
ANTH 140	Introduction to Prehistory (GT-HI1)	3
ETST 250	African American History (GT-HI1)	3
ETST 252	Asian-American History (GT-HI1)	3
ETST 255	Native American History (GT-HI1)	3
HIST 100	Western Civilization, Pre-Modern (GT-HI1)	3
HIST 101	Western Civilization, Modern (GT-HI1)	3
HIST 115	The Islamic World: Late Antiquity to 1500	3
HIST 116	The Islamic World Since 1500	3
HIST 120	Asian Civilizations I (GT-HI1)	3
HIST 121	Asian Civilizations II (GT-HI1)	3
HIST 150	U.S. History to 1876 (GT-HI1)	3
HIST 151	U.S. History Since 1876 (GT-HI1)	3
HIST 170	World History, Ancient-1500 (GT-HI1)	3
HIST 171	World History, 1500-Present (GT-HI1)	3
HIST 250	African American History (GT-HI1)	3
HIST 252	Asian American History (GT-HI1)	3
HIST 255	Native American History (GT-HI1)	3
NR 320	Natural Resources History and Policy	3

E. Global and Cultural Awareness (3 credits)

The objective of the Global and Cultural Awareness requirement is to engage students in the study of particular cultural identities, explore the interactions among these cultural identities, and consider the ways in which these patterns of interaction are related to the larger global context in which they take place. Courses listed in this category may have been approved as meeting Arts and Humanities, Historical Perspectives, or Social and Behavioral Sciences in the gtPathways statewide transfer program but they do not fulfill any of those categories of the AUCC. They **only** satisfy category 3E, Global and Cultural Awareness, in the AUCC.

AGRI 116	Plants and Civilizations (GT-SS3)	3
AGRI 270	World Interdependence-Population and Food (GT-SS3)	3
AM 250	Clothing, Adornment and Human Behavior (GT-SS3)	3
ANTH 200	Cultures and the Global System (GT-SS3)	3
E 142	Reading Without Borders	3
E 238	20th-Century Fiction (GT-AH2)	3
E 245	World Drama (GT-AH2)	3
ECON 211	Gender in the Economy (GT-SS1)	3

ETST 100	Introduction to Ethnic Studies (GT-SS3)	3
ETST 205	Ethnicity and the Media (GT-SS3)	3
ETST 253	Chicana/o History and Culture (GT-HI1)	3
ETST 256	Border Crossings: People/Politics/Culture (GT-SS3)	3
HONR 293	Honors Seminar—Knowing Across Cultures	3
HORT 171	Environmental Issues in Agriculture (GT-SS3)	3
IE 116	Plants and Civilizations (GT-SS3)	3
IE 179	Globalization: Exploring Our Global Village (GT-SS3)	3
IE 270	World Interdependence-Population and Food (GT-SS3)	3
IE 370	Model United Nations	3
LB 170	World Literatures to 1500 (GT-AH2)	3
LB 171	World Literatures-The Modern Period (GT-AH2)	3
PHIL 170	World Philosophies (GT-AH3)	3
POLS 131	Current World Problems (GT-SS1)	3
POLS 232	International Relations (GT-SS1)	3
POLS 241	Comparative Government and Politics (GT-SS1)	3
SA 482	Study Abroad	1-18
SOC 205	Contemporary Race-Ethnic Relations (GT-SS3)	3
SOC 220	Global Environmental Issues (GT-SS3)	3
SOCR 171	Environmental Issues in Agriculture (GT-SS3)	3

Certain CSU courses have been approved by the Colorado Department of Higher Education (<http://higher.ed.colorado.gov/Academics/Transfers/gtPathways/curriculum.html>) (CDHE) as general education courses guaranteed to transfer statewide among all public higher education institutions in Colorado. The subcode refers to the specific statewide general education category the course fulfills.

Early Completion of Mathematics/Composition Requirement

Analysis by Institutional Research indicates that independent of one another, completion of 30 credits, completion of a college level math, and completion of a college level composition course in a student's first academic year increases the odds of retention and graduation. For instance, after controlling for demographic and academic preparation variables, when compared to students who complete 24-29 credits (including both a math and a composition course):

- Students who complete 30 or more credits, including math and composition, within their first academic year have 67% higher odds of retention and 76% higher odds of graduation;
- Students who complete 30 or more credits, including math but not composition, within their first academic year have 36% higher odds of retention and 68% higher odds of graduation;
- Students who complete 24 to 29 credits but do not complete either gateway course within their first academic year have 69% lower odds of retention and 71% lower odds of graduation;
- Students who complete 30 credits without including math and composition have 52% lower odds of retention and 45% lower odds of graduation compared to students who complete both gateway courses within 24-29 total completed credits indicating

that the total completed credits is less important than completing both gateway courses.

The chart below displays the relative odds for six-year graduation graphically.

English Composition Requirement

CSU's English Composition Requirement

All CSU students are required to fulfill the All-University Core Curriculum (AUCC) Intermediate Writing Requirement (AUCC Category 1A) prior to completion of 60 credits. Students can complete the AUCC Intermediate Writing requirement in one of five ways:

1. Satisfactory completion of CO 150: College Composition.
2. Achieving a score of 5 on the Advanced Placement English Composition and Literature Test; or a score of 4 or 5 on the Advanced Placement English Language and Composition Test; or placing in CO150-section 550 (automatic credit for CO150) on the Composition Placement Challenge Essay.
3. Transferring equivalent credits from another college. (Students who transfer with less than 2.6 semester credits in composition will have the option of taking the Composition Placement Challenge Essay. With a score of 5, we can request the additional credit be waived).
4. Satisfactory completion of HONR193 (Honors students only).
5. Submission of International Baccalaureate scores that document an English at the Higher Level score of 5, 6, or 7.

Credit for CO150 will not be given for high scores on the College-Level Examination Program (CLEP).

Students (except first-semester transfer and readmitted students) who have earned 60 or more Colorado State and transfer semester credits and who have not met this requirement will have a COMPOSITION HOLD placed on their record. Transfer and readmitted students will be allowed the initial term of enrollment before this restriction is imposed.

What if I Have a Composition HOLD Placed on My Registration?

Before the start of every semester, undergraduate students are informed, via email from the Registrar, if they have not completed the AUCC composition requirement. After a student has earned 60 or more Colorado State and transfer semester credits without fulfilling the AUCC composition requirement, the email will also give notice that a Composition Hold has been placed and provide information on how to remove the Hold.

The procedure to remove a COMPOSITION HOLD is as follows:

1. You can contact the Registrar's Office as soon as you receive the email letting you know that a Composition HOLD has been placed on your registration – you do not have to wait for your registration access time.

- If you need to take the Directed Self-Placement Survey, once the Survey is completed, you can contact the Registrar's Office.
- If you are in the Honors Track I program, you will need to register for HONR193.
- If you were automatically placed into CO 130 or selected CO130 on the Directed Self-Placement Survey, you will need to select a section of that course for which to register. Then, after successful completion of CO130, you will need to register for CO150 the following term. CO150 satisfies the All-University Core Curriculum Intermediate Writing requirement (AUCC Category 1A).
- If you were automatically placed into CO150 or selected CO150 on the Directed Self-Placement Survey, you will need to select a section of that course that works with your course schedule.
- If you were automatically placed into CO130 or CO150 and wish to challenge that placement, you will need to complete either the online proctored Composition Placement Re-evaluation Essay (to place into CO150) or the Composition Placement Challenge Essay (to test out of CO150) as soon as possible.

2. Once you have chosen a section of composition that works with your schedule, contact the Registrar's Office in Centennial Hall by calling (970) 491-4860, or emailing registrarsoffice@colostate.edu. **If sending an email, please do so from your RAMS email account and include your full name, CSUID number, and the CRN for the CO course for which you want to be registered. Please make sure to have the CRN of the section you have chosen available in order to expedite your request.**

3. The Registrar's Office will then remove the Composition HOLD from your academic record and register you for the composition section you selected, which will allow you to proceed with registration starting on your designated registration date/time.

If a student drops or withdraws from the composition course or does not earn a passing grade, the grade of record will become an "F." This grade of "F" will be included in the calculation of both the semester GPA and the cumulative GPA as a consequence of not completing the 60-credit completion requirement.

CSU's Composition Placement Program

Critical reading and writing skills are significant components of every program and degree at CSU. Moreover, research at CSU, as well as nation-wide, demonstrates a clear connection between academic success and the ability to write effectively for various audiences. The CSU Composition Placement Program is designed to ensure that you register for the composition course most suited to your needs, CO130: Academic Writing or CO150: College Composition.

More information about CSU's Composition Placement Procedures (<http://composition.colostate.edu/placement.html>) is available online.

Appeals Process

Students wishing to appeal (<http://registrar.colostate.edu/forms/math-or-composition-appeal-form>) this registration restriction must write a detailed rationale as to why they were unable to complete the course

within the first 60 credits. Students must also outline their plan for completion of the requirement. If registered for an equivalent course at another institution, students should include proof of registration. Appeals must be received by the student's academic advisor and department head for their signatures and indication of support/lack of support of the appeal. The signed appeal must then be submitted through the Registrar's Office, First Floor, Centennial Hall, to the Vice Provost for Undergraduate Affairs who holds authority for final approval or disapproval.

In addition, a student wishing to appeal this registration restriction may also contact the Composition Program (<http://composition.colostate.edu/contact.html>).

Mathematics Requirement

To satisfy the requirements of category 1B of the All-University Core Curriculum (AUCC), students must earn three credits in mathematics. These credits may be earned by:

1. Scoring well on the CSU Math Challenge Exam;
2. Presenting AP calculus scores of 3, 4, or 5 on either Calculus AB or Calculus BC exam -or- IB mathematics scores of a 4 or higher on either the standard or higher level exam (see Registrar's Office (<http://registrar.colostate.edu/transfer-credit/transfer-other-credit>) for details on Advanced Placement and International Baccalaureate equivalencies);
3. Taking mathematics courses at CSU; or
4. Presenting suitable transfer credits from another accredited institution.

MPE refers to either the unproctored Math Placement Exam or the proctored Math Challenge Exam. The **MPE** covers pre-college algebra and college algebra, logarithmic and exponential functions, and trigonometry. All entering freshmen are required to take the **MPE**, unless they can satisfy point 2 or 4 above. All other students must also take the **MPE** and obtain a satisfactory score before taking any mathematics course, unless they can satisfy either points 2 or 4 above.

A student who displays proficiency on the **MPE** may place out of one or more of the pre-calculus courses—MATH 117, MATH 118, MATH 124, MATH 125, and MATH 126 without earning credit. Placement out of a course on the **MPE** will satisfy prerequisites for other classes. A student who demonstrates a higher level of proficiency on the Math Challenge Exam may earn credit in one or more of those courses. Only earned credits count toward the three-credit University mathematics requirement, i.e. placement out of a course will not satisfy the CSU mathematics requirement.

A student (except a first semester transfer or a first semester readmitted student) who has earned 60 or more CSU and transfer credits and who has not completed the mathematics requirements of category 1B of the All-University Core Curriculum must enroll in a course that will fulfill this requirement in order to have a hold lifted from his or her registration. If a student drops or withdraws from the course or does not earn a passing grade, the grade of record will become an "F." This grade of "F" will be included in the calculation of both the semester GPA and the cumulative GPA as a consequence for not completing the 60-credit completion requirement as defined by this policy. A transfer or readmitted student will be allowed the initial term of full-time enrollment before this restriction is imposed.

Appeals Process

Students wishing to appeal (<http://registrar.colostate.edu/forms/math-or-composition-appeal-form>) this registration restriction must write a detailed rationale as to why they were unable to complete the course within the first 60 credits. Students must also outline their plan for completion of the requirement. If registered for an equivalent course at another institution, students should include proof of registration. Appeals must be received by the student's academic advisor and department head for their signatures and indication of support/lack of support of the appeal. The signed appeal must then be submitted through the Registrar's Office, First Floor, Centennial Hall, to the Vice Provost for Undergraduate Affairs who holds authority for final approval or disapproval.

Interdisciplinary Opportunities

- Health Professions
- Teacher Licensure/Education
- Education Abroad

Health Professions

Center for Advising and Student Achievement
Offices in the TILT Building, Room 121

Human Health Professions Advising

CSU does not offer specific “pre-health” majors because health professions programs neither prefer nor recommend particular undergraduate majors. Students interested in a career in the health professions may select a major from among the many choices offered by CSU. After declaring an academic major, a student is assigned an academic advisor from that department to ensure they fulfill the requirements for that major.

Undergraduates who intend to pursue careers in the health professions will want to be sure the courses they take also satisfy the

Teacher Licensure/Education

Teacher and principal licensure is available through the School of Education Center for Educator Preparation (CEP).

One of the most important ways to help people and to impact our society is through involvement in public and private schools. Teachers make lasting contributions to our nation and its many generations of learners. Teacher education programs at CSU serve the needs of individuals preparing to teach in most secondary areas, K-12 art, foreign languages, instructional technology, and music, or early childhood education. CSU is presently the only public institution in Colorado designated to offer programs leading towards a career and technical (vocational) credential. Candidates for teacher licensure are skilled in a teaching concentration and proficient in educational methodology. These students take their professional education course work concurrently while completing their subject matter courses. Candidates may complete licensure while enrolled in an undergraduate program or after completing a bachelor’s degree at an accredited university.

Endorsements available through the program include:

Endorsement	Levels	U	P	G
Agricultural Education	Secondary	X	X	X
Art	K-12	X	X	X
Business Education	Secondary		X	X
Early Childhood Education	Ages 0-8	X	X	X
English/Language Arts	Secondary	X	X	X
Family and Consumer Sciences	Secondary	X	X	X
Foreign Language (French, German, Spanish)	K-12	X	X	X
Instructional Technology	K-12	X	X	X
Marketing Education	Secondary		X	X

prerequisites for acceptance into one of the professional and post-baccalaureate programs. Health Professions advisors assist students in planning for entrance into accredited programs of dentistry, medicine, nursing, occupational therapy, optometry, pharmacy, physical therapy, physician assistant, podiatry, chiropractic, and other human health professions. Advisors assist students in determining which courses to take, help them gain the experiences needed to make them viable candidates, and assist them in preparing their applications to professional programs.

Pre-Veterinary Medicine Advising

Pre-veterinary advising provides guidance for students in any major who are interested in pursuing a career in veterinary medicine. Placement into professional veterinary medical programs is extremely competitive and a successful applicant needs to be well informed regarding course requirements and other factors considered by veterinary admissions committees.

Students work with their academic advisor to ensure that they fulfill the graduation requirements in their major and the pre-veterinary advisor to be sure that their courses also satisfy admission requirements for professional veterinary programs.

Student Clubs

Offices for several student clubs related to the health professions are located in The Institute for Learning and Teaching (TILT Building) on the Oval. Staff members serve as advisors for the Premedica, Pre-Vet, Pre-Dental, Pre-Occupational Therapy, Pre-Physical Therapy, Pre-Pharmacy, and Pre-Optometry clubs and provide assistance and support for club activities.

More information about Health Professions Advising (<http://hp.casa.colostate.edu>) may be found on the CASA website.

Endorsement	Levels	U	P	G
Mathematics	Secondary	X	X	X
Music	K-12	X	X	
Science	Secondary	X	X	X
Social Studies	Secondary	X	X	X
Speech	Secondary	X	X	X
Technology Education	Secondary	X	X	X

Special Services/Administrative Endorsements

Endorsement	Levels	U	P	G
Occupational Therapist	Ages 0-21			X
School Counselor	Ages 0-21			X
School Principal	K-12			X
School Social Worker	Ages 0-21			X

(Pursued at indicated level(s). G = graduate; P = post-baccalaureate; U = undergraduate)

Approved Majors for Teacher Endorsements

At CSU, the following are the approved majors for each endorsement area. Undergraduate teacher education candidates must be majoring in one of the approved majors that align with their endorsement area for admission to the licensure program.

For detailed four-year curriculum on the degrees listed below, refer to the specific program in this catalog.

Endorsement	Approved Major for Licensure	College	Program Link	URL
Agricultural Education	Agricultural Education (B.S.)	Agricultural Sciences	Major in Agricultural Education, Teacher Development Concentration	/general-catalog/colleges/agricultural-sciences/agricultural-resource-economics/education-major/
Art	Art (B.A.)	Liberal Arts	Major in Art, Art Education Concentration	/general-catalog/colleges/liberal-arts/art-history/ba-art-education-concentration/
Early Childhood Education	Human Development and Family Studies (B.S.)	Health and Human Sciences	Major in Early Childhood Education	/general-catalog/colleges/health-human-sciences/human-development-family-studies/early-childhood-education-major/#text
English/Language Arts	English (B.A.)	Liberal Arts	Major in English, English Education Concentration	/general-catalog/colleges/liberal-arts/english/english-major-education-concentration/
Family and Consumer Sciences	Family and Consumer Sciences (B.S.)	Health and Human Sciences	Major in Family and Consumer Sciences, Education Concentration	/general-catalog/colleges/health-human-sciences/education/family-consumer-sciences-major-education-concentration/
Foreign Language (French, German, Spanish)	Languages, Literatures, and Cultures (B.A.)	Liberal Arts	Major in Languages, Literature, and Cultures, Teaching Endorsement	/general-catalog/colleges/liberal-arts/foreign-languages-literatures/languages-literature-cultures-major-teaching-endorsement/

Endorsement	Approved Major for Licensure	College	Program Link	URL
Instructional Technology	Applied Computing Technology (B.S.)	Natural Sciences	Major in Applied Computing Technology, Computing Education Concentration	/general-catalog/colleges/natural-sciences/computer-science/applied-computing-technology-major-computing-education-concentration/
Mathematics	Mathematics (B.S.)	Natural Sciences	Major in Mathematics, Mathematics Education Concentration	/general-catalog/colleges/natural-sciences/mathematics/mathematics-major-education-concentration/
Music	Music (B.M.)	Liberal Arts	Major in Music, Music Education Concentration	/general-catalog/colleges/liberal-arts/music-theatre-dance/music-bm-education-concentration/
Science	Natural Sciences (B.S.)	Natural Sciences	Major in Natural Sciences	/general-catalog/colleges/natural-sciences/natural-sciences-major/

Additional information regarding admissions to teacher licensure, student teaching, and requirements for licensure is available through the Center for Educator Preparation.

Education Abroad

Office of International Programs – Laurel Hall
(970) 491-6342

Education Abroad (<http://educationabroad.colostate.edu>) opportunities engage students in an international arena, providing new academic perspectives, broadening knowledge of international affairs, and allowing for a deeper understanding of other cultures. In addition to enhancing a student's degree program, education abroad provides students with direct experience developing intercultural skills necessary for success in an increasingly diverse and global workforce.

The Office of International Programs offers approximately 850 international opportunities, including for-credit and not-for-credit programs for study, research, internships and service learning. Students can maintain full-time enrollment at CSU while abroad, and credit from approved programs may be applied towards an overall degree program at CSU. Students who successfully complete an approved program (with a grade of C- or better) are eligible for

a waiver of the All-University Core Curriculum Global and Cultural Awareness (AUCC 3E) requirement.

Education Abroad oversees programs in nearly every country around the world and provides support services to students, including advising, orientations, outreach, program coordination and risk management oversight. Students considering any type of international experience are required to work with the Office of International Programs in preparation for their time abroad. Advance planning helps assure that international endeavors will not unnecessarily prolong degree completion and that all health and safety preparations have been addressed. Advance planning also assures that students meet application deadlines, which can range anywhere from two months to twelve months before a program begins.

Financial Aid for Education Abroad

In most cases, CSU financial aid can be applied to cover the costs of an education abroad program. In addition, the Office of International Programs provides more than \$200,000 in annual scholarships to support education abroad, administered through the Education

Abroad Common Application (<http://educationabroad.colostate.edu/scholarships>).

Nationally competitive scholarships are also available, including the NSEP Boren and IIE Gilman awards. Students interested in scholarships should contact the Office of International Programs as early in their college career as possible since some scholarship deadlines are as much as a year in advance.

Further information on eligibility requirements, deadlines, policies, procedures, financial aid, and costs related to study abroad may be found on the Education Abroad (<http://educationabroad.colostate.edu>) website.

University-Wide Instructional Programs

Many academic programs at Colorado State University have an all-university focus and are not found in one particular college. This catalog section summarizes:

- University Interdisciplinary Studies Programs
- Division of Armed Forces Services
- Environmental Studies Programs
- Mentored Research and Artistry Program
- University Honors Program
- Peace Corps Master's International Programs

University Interdisciplinary Studies Programs

An interdisciplinary studies program is a series of courses focused upon a particular problem or area of concern providing insight from a variety of disciplinary perspectives. The program includes a core of required courses, with some selectivity, and also a wide choice of supporting courses.

Completion of the requirements for an interdisciplinary studies program does not lead to a degree. Credits earned in interdisciplinary

studies programs can be used in meeting the requirements for a degree. Courses are noted on the student's academic record (transcript). Completion of the interdisciplinary studies program is noted on the student's academic record (transcript) but not on the diploma.

Undergraduate

Undergraduate interdisciplinary studies programs are called Interdisciplinary Minors. A minimum of 21 credits is required for an interdisciplinary minor. A minimum of 12 of the 21 credits must be course work at the upper-division level (300-400).

Minors

- Arabic Studies Interdisciplinary Minor
- Arts Leadership and Administration Interdisciplinary Minor
- Biomedical Engineering Interdisciplinary Minor
- Conservation Biology Interdisciplinary Minor
- Energy Engineering Interdisciplinary Minor
- Environmental Affairs Interdisciplinary Minor
- Film Studies Interdisciplinary Minor
- Food Science/Safety Interdisciplinary Minor
- Gerontology Interdisciplinary Minor
- Global Environmental Sustainability Interdisciplinary Minor
- Information Science and Technology Interdisciplinary Minor
- Integrated Resource Management Interdisciplinary Minor
- International Development Interdisciplinary Minor
- Italian Studies Interdisciplinary Minor
- Latin American and Caribbean Studies Interdisciplinary Minor
- Leadership Studies Interdisciplinary Minor
- Legal Studies Interdisciplinary Minor
- Linguistics and Culture Interdisciplinary Minor
- Molecular Biology Interdisciplinary Minor
- Music, Stage, and Sports Production Interdisciplinary Minor
- Organic Agriculture Interdisciplinary Minor
- Peace and Reconciliation Studies Interdisciplinary Minor
- Political Communication Interdisciplinary Minor
- Religious Studies Interdisciplinary Minor
- Russian Studies Interdisciplinary Minor
- Sports Management Interdisciplinary Minor
- Sustainable Water Interdisciplinary Minor
- Women's Study Interdisciplinary Minor

Graduate

Graduate interdisciplinary programs are called Graduate Interdisciplinary Studies Programs. No minimum number of credits is specified at the graduate level. Completion of the requirements for an interdisciplinary studies program does not lead to a degree. Credits earned in interdisciplinary studies programs can be used in meeting the requirements for a degree. Courses are noted on the student's academic record (transcript). Completion of the interdisciplinary studies program is noted on the student's academic record (transcript) but not on the diploma.

CSU offers interdisciplinary degree programs at the graduate level (listed below). Interdisciplinary degree programs include a series of courses from a variety of academic disciplines. The result of

completing an interdisciplinary degree program is a graduate degree. See individual programs below for more details.

Degrees

Master Programs

- Master of Public Health
- Master of Science in Bioengineering
- Master of Science in Cell and Molecular Biology, Plan A*
- Master of Science in Cell and Molecular Biology, Plan B*
- Master of Science in Ecology, Plan A
- Master of Science in Ecology, Plan B
- Master of Science in Ecology, Ecological Risk Assessment and Management Specialization*
- Master of Science in Ecology, Human-Environment Interaction Specialization
- Master in Arts Leadership and Administration

Ph.D.

- Ph.D. in Bioengineering
- Ph.D. in Cell and Molecular Biology*
- Ph.D. in Cell and Molecular Biology, Cancer Biology Specialization
- Ph.D. in Ecology
- Ph.D. in Ecology, Ecological Risk Assessment and Management Specialization*
- Ph.D. in Ecology, Human-Environment Interaction Specialization*

Arabic Studies Interdisciplinary Minor

Office in Andrew G. Clark Building, Room C104
languages.colostate.edu (<http://languages.colostate.edu>)

Coordinated by the Department of Foreign Languages and Literatures.

The Arabic Studies Interdisciplinary Minor is designed to give students a comprehensive knowledge of different aspects of Arabic language, culture, history, and artistic expressions, according to the students' interests. The program requires a minimum of 21 credits. Credits

from study abroad programs will be properly evaluated as part of the overall program.

Contact the Department of Foreign Languages and Literatures for details.

Effective Fall 2011

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Lower Division Language ¹		8-18
LARA 105	First-Year Arabic I	
LARA 107	First-Year Arabic II	
LARA 200	Second-Year Arabic I (GT-AH4)	
LARA 201	Second-Year Arabic II (GT-AH4)	
Lower Division Electives ¹		0-9
HIST 115	The Islamic World: Late Antiquity to 1500	
PHIL 172	Religions of the East	
LARA 250	Arabic Language, Literature, Culture in Translation (GT-AH2)	
Upper-division Electives		
Select at least 12 credits from at least two different disciplines:		12
HIST 303	Hellenistic World: Alexander to Cleopatra	
HIST 308	Ancient Christianity to 500 A.D.	
HIST 421	Africa: Colonialism to Independence	
HIST 422	Modern Africa	
HIST 430	Ancient Near East	
HIST 431	Ancient Israel	
HIST 432	Sacred History in the Bible and the Qur'an	
HIST 433	Muhammad and the Origins of Islam	
HIST 435	Jihad and Reform in Islamic History	
HIST 438	The Modern Middle East	
HIST 469	The Crusades	
LARA 300	Third Year Arabic	
LARA 301	Oral Communication - Arabic	
POLS 449	Middle East Politics	
PHIL 335	Islam: Cosmology and Practice	
PHIL 379	Mysticism East and West	
PHIL 455	Islamic Philosophy	
Program Total Credits		21

¹ LARA 200 and LARA 201 are required. Students placed out of or directly into LARA 201 need to replace 5-9 lower division credits from the list of lower-division electives. A maximum of 9 lower-division credits may be counted for the minor.

Arts Leadership and Administration Interdisciplinary Minor

University Center for the Arts, Room 303
(970) 491-3746

leap.colostate.edu (<http://leap.colostate.edu>)

Katie Rothstein (katie.rothstein@colostate.edu), Associate Director

The LEAP Institute for the Arts at CSU opens possibilities for career and life through visionary leadership, creative entrepreneurship, impassioned advocacy, and public engagement through a deeper understanding of arts and culture. This Special Academic unit in the College of Liberal Arts is pleased to offer a minor in Arts Leadership and Administration.

The interdisciplinary minor seeks to augment a student's major by broadening their skill set and career options. Classes are designed to provide the students the following: leadership, business and entrepreneurial skills that will enhance their ability to be competitive in the 21st century job market, arts leadership and advocacy skills that will cultivate an audience for the present and future of the arts, real-world experience in partnership with arts organizations and an environment that allows for creative thinking and entrepreneurial efforts that may lead to new collaborations in the arts and entertainment industries. Through this interdisciplinary minor, students will prepare themselves for career paths in or out of the creative industries, and redefine what success in an arts career looks like for them. The minor is 24 cross-disciplinary credits, 12 of which are upper-division.

Find more information about the program at LEAP Institute for the Arts (<http://leap.colostate.edu>). For more information about declaring a minor please contact Katie Rothstein (katie.rothstein@colostate.edu).

Effective Fall 2013

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

To enroll in the Arts Leadership and Administration minor, students must have declared a major in Art, Music, Theatre, or Dance.

Lower Division

ACT 205	Fundamentals of Accounting	3
ECON 101	Economics of Social Issues (GT-SS1)	3
LEAP 200	Advocacy in the Visual and Performing Arts	3
LEAP 220	Technology and the Arts in the 21st Century	3

Upper Division

LEAP 300	Arts Outreach and Community Engagement	3
LEAP 310	Creating and Managing a Career in the Arts	3
LEAP 487	Internship	3
MGT 340	Fundamentals of Entrepreneurship	3

Program Total Credits 24

Biomedical Engineering Interdisciplinary Minor

Scott Bioengineering Building, Suite 225
(970) 491-2557

engr.colostate.edu/sbme/students/undergraduate/certificate.html
(<http://www.engr.colostate.edu/sbme/students/undergraduate/certificate.html>)

The Biomedical Engineering Interdisciplinary Minor, coordinated by the School of Biomedical Engineering, offers students an interdisciplinary approach to biomedical engineering education, and research. This unique program combines veterinary medicine, engineering, and the life sciences to improve health and well-being, fight disease, and aid persons with disabilities. Students are required to complete core courses in bioengineering, human physiology, and medical terminology. To complete the program, students take technical electives which vary depending on the individual student's major (engineering or non-engineering).

The interdisciplinary Biomedical Engineering Minor requires completion of 21 credits with at least 12 upper-division credits (300- to 400-level). All undergraduates are required to complete 7 credits of core courses. The 14 credits of electives are chosen according to the student's major (engineering or non-engineering).

Effective Spring 2013

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

The undergraduate program requires completion of a minimum of 21 credits with at least 12 credits greater than or equal to 300-level courses. All students are required to complete the 7 credits of Core Courses. The 14 credits of Selection Courses are chosen according to the student's major (engineering or non-engineering). Engineering students must take at least 14 credits from group II, and non-engineering students must take from 9-11 credits from group I and from 3-5 credits from group II, for a total of 14 credits.

Core Courses

BIOM 101	Introduction to Biomedical Engineering	3
or BIOM 470	Biomedical Engineering	
BMS 300	Principles of Human Physiology	4

Selection Courses (minimum of 14 credits)

I. Engineering Courses for Non-Engineering Students:

In order to fulfill the 21-credit program minimum, non-engineering 9-11 students must select at least 9-11 credits from the following engineering-related courses:

BIOM 300	Problem-Based Learning Biomedical Engr Lab
BIOM 330	Transport Phenomena in Biomedical Engineering
BIOM 400	Kinetics of Biomolecular and Cellular Systems
BIOM 441	Biomechanics and Biomaterials
BIOM 476A	Biomedical Clinical Practicum I
or BIOM 476B	Biomedical Clinical Practicum II
CBE 201	Material and Energy Balances
CBE 210	Thermodynamic Process Analysis
CBE 320	Chemical and Biological Reactor Design
CBE 331	Momentum Transfer and Mechanical Separations
CBE 332	Heat and Mass Transfer Fundamentals

CBE 406	Introduction to Transport Phenomena
CBE 430	Process Control and Instrumentation
CIVE 260	Engineering Mechanics-Statics
CIVE 261	Engineering Mechanics-Dynamics
ECE 202	Circuit Theory Applications
ECE 204	Introduction to Electrical Engineering
ECE 303/ STAT 303	Introduction to Communications Principles
ECE 331	Electronics Principles I
ECE 341	Electromagnetic Fields and Devices I
MATH 340	Introduction to Ordinary Differential Equations
MECH 237	Introduction to Thermal Sciences
MECH 307	Mechatronics and Measurement Systems
MECH 331	Introduction to Engineering Materials
MECH 342	Mechanics and Thermodynamics of Flow Processes
PH 245	Introduction to Electronics
ECE 303/ STAT 303	Introduction to Communications Principles
or STAT 315	Statistics for Engineers and Scientists

II. Science, Engineering, Animal Research, Bioethics, and Entrepreneurship Courses:

In order to fulfill the 21-credit program minimum, engineering students must select at least 14 credits from the following. Non-engineering students must select at least 3-5 credits. 3-14

BC 351	Principles of Biochemistry
BIOM 300	Problem-Based Learning Biomedical Engr Lab
BIOM 330	Transport Phenomena in Biomedical Engineering
BIOM 400	Kinetics of Biomolecular and Cellular Systems
BIOM 441	Biomechanics and Biomaterials
BIOM 476A or BIOM 476B	Biomedical Clinical Practicum I Biomedical Clinical Practicum II
BMS 301	Human Gross Anatomy
BMS 325	Cellular Neurobiology
BMS 345	Functional Neuroanatomy
BMS 360	Fundamentals of Physiology
BMS 405	Nerve and Muscle-Toxins, Trauma and Disease
BMS 420	Cardiopulmonary Physiology
BMS 430	Endocrinology
BUS 205	Legal and Ethical Issues in Business ¹
BZ 310	Cell Biology
CHEM 113	General Chemistry II
CHEM 245	Fundamentals of Organic Chemistry
CHEM 246	Fundamentals of Organic Chemistry Laboratory
CHEM 341 or CHEM 345	Modern Organic Chemistry I Organic Chemistry I
CHEM 344	Modern Organic Chemistry Laboratory
HES 207	Anatomical Kinesiology
HES 307	Biomechanical Principles of Human Movement
HES 403	Physiology of Exercise
HES 405	Exercise Testing Instrumentation
HES 420	Electrocardiography and Exercise Management
HES 476	Exercise and Chronic Disease

LIFE 102	Attributes of Living Systems (GT-SC1)
LIFE 103	Biology of Organisms-Animals and Plants
LIFE 210	Introductory Eukaryotic Cell Biology
MGT 420	New Venture Creation ¹
MGT 440	New Venture Management ¹
MIP 300	General Microbiology
OT 215	Medical Terminology
PHIL 205	Introduction to Ethics ¹
PHIL 305E	Philosophical Issues in the Professions: Animal Science ¹
PSY 456	Sensation and Perception
PSY 457	Sensation and Perception Laboratory

Program Total Credits 21

¹ Only three credits of non-technical courses may count toward minimum requirements.

Cell and Molecular Biology

Office in the Student Services Building, Room 108E
(970) 491-0241
cmb@colostate.edu
cmb.colostate.edu (<http://cmb.colostate.edu>)

Howard Liber, Director
Lori Williams, Coordinator

The graduate program in Cell and Molecular Biology is an interdisciplinary degree-granting program that involves over 100 faculty members from 13 departments and 5 colleges who share common interests in cell and molecular biology. The program offers training leading to the M.S. and Ph.D. degrees in Cell and Molecular Biology; there also is a *Cancer Biology Specialization*, shown below. The program includes a core of lecture courses in advanced molecular genetics and cell biology, in laboratory research techniques, and in ethical conduct of science, as well as elective courses in specialized areas and in grant writing, a graduate seminar series in which students present their research, and a weekly seminar series for presentations by CSU faculty and nationally prominent scientists each year. Core courses typically are completed during the first year. On average, the M.S. degree is completed within two years and the Ph.D. degree within five years. Current focus areas of research include, but are not limited to: cancer biology, infectious diseases, metabolism, neuroscience, plant biology, regulation of gene expression, reproductive biology, structural biology, and genomics and computational biology.

Students interested in this graduate program should refer to the Cell and Molecular Biology (<http://www.cmb.colostate.edu>) website for further details.

Ph.D. in Cell and Molecular Biology, Cancer Biology Specialization

Graduate School, Colleges of Natural Sciences, Veterinary Medicine, and Biomedical Sciences, Department of Cell and Molecular Biology

Effective Spring 2014

A maximum of 30 credits at the master's degree level may be accepted toward the Ph.D. A professional post baccalaureate

degree in Medicine, Veterinary Medicine, Dentistry, Pharmacy, Law, or Divinity may be accepted for a maximum of 30 credits.

Required Courses

BC 563	Molecular Genetics	4
BC 565	Molecular Regulation of Cell Function	4
or CM 501	Advanced Cell Biology	
CM 502	Techniques in Molecular & Cellular Biology	2
CM 601	Responsible Conduct of Research in CMB	1-3
or CM 666	Science and Ethics	
CM 792	Cell and Molecular Biology Seminar ¹	4
CM 793	Seminar ²	3
ERHS 510	Cancer Biology	3
ERHS 611	Cancer Genetics	2

Research/Dissertation

Select 47-49 credits from the following:³ 47-49

CM 799	Dissertation	
Additional Course Work		
Program Total Credits		72

¹ CM 792 must be taken a minimum of 4 times for one credit each time.

² CM 793 must be taken a minimum of 3 times for one credit each time.

³ Students must select enough dissertation credits or other course work to bring the program total to a minimum of 72 credits, with approval of graduate advisory committee.

Conservation Biology Interdisciplinary Minor

Office in Forestry Building, Room 123

(970) 491-6675

warnercnr.colostate.edu/docs/frs-undergraduate-study/degree-tracks
(<http://warnercnr.colostate.edu/hdnr-undergraduate-study/degree-tracks>)

To declare the interdisciplinary minor in Conservation Biology, visit the Forest and Rangeland Stewardship office in the Forestry Building, Room 123.

Conservation Biology is a scientific discipline and management context that deals with the diversity of life in ecosystems. Humans have tremendous effects on other species and ecosystems on Earth, and Conservation Biology considers these effects, and how our impacts can be altered to sustain diverse and healthy ecosystems.

Conservation Biology encompasses a wide range of biological sciences such as genetics, evolution, and physiology, as well as a wide range of ecological sciences such as biodiversity, competition, predator/prey relations, and long-term dynamics.

This university-wide undergraduate minor addresses contemporary environmental issues that deal with biological diversity and prepares students to play an active role in the maintenance of biological diversity.

The interdisciplinary minor in Conservation Biology in the Warner College of Natural Resources at CSU is a minor that can be included

with a wide range of majors to form a strong bachelor's degree program.

Effective Spring 2013

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Core Curriculum

Select one course from the following:¹ 3-4

BZ 220	Introduction to Evolution	
BZ 350	Molecular and General Genetics	
SOCR 330	Principles of Genetics	
LIFE 320	Ecology	3
NR 300	Biological Diversity	3
SOC 220	Global Environmental Issues (GT-SS3)	3

Select 9-10 credits from the following:² 9-10

BZ 349	Tropical Ecology and Evolution	
F 310	Forest and Rangeland Ecogeography	
or RS 310	Rangeland and Forest Ecogeography	
F 311	Forest Ecology	
FW 400	Conservation of Fish in Aquatic Ecosystems	
FW 469	Conservation and Management of Large Mammals	
FW 477	Wildlife Habitat Use and Management	
HIST 355	American Environmental History	
NR 353	Global Change Ecology, Impacts and Mitigation	
NR 440	Applications in Conservation Planning	
NR 460	Wilderness Management	
PHIL 345	Environmental Ethics	
POLS 361	U.S. Environmental Politics and Policy	
RS 300	Rangeland Conservation and Stewardship	
RS 351	Wildland Ecosystems in a Changing World	

Program Total Credits 21

¹ Select one of the courses listed or any other genetics or evolution course.

² Select enough credits to bring program total to a minimum of 21 credits, of which 12 must be upper-division.

Energy Engineering Interdisciplinary Minor

Office in Scott BioEngineering Building, Room 102

(970) 491-6220

Coordinated by a Faculty Advisory Board

The Energy Engineering interdisciplinary minor is designed to provide students in Engineering and the sciences with an understanding of renewable and non-renewable energy systems; clean energy technologies; basic principles of operation of energy extraction, conversion, storage, and transmission systems; and depth in current

and new energy methods and applications (e.g., PV, batteries, biofuels, etc.).

The goal of the program is to empower engineers and scientists to be technological catalysts for sustainable solutions to the grand challenges of energy.

The interdisciplinary minor requires completion of 22-24 credits, with at least 12 credits greater than or equal to 300-level courses. All undergraduates are required to complete 5 credits of core courses and a 3-credit science elective. The remaining 14-16 credits of technical electives are chosen according to the student's major and interests.

Effective Fall 2012

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Core Courses

ECE 465	Electrical Energy Generation Technologies	3
MECH 303	Energy Engineering	3

Core Science Energy Elective

Select one course from the following:		3
ATS 150	Science of Global Climate Change	
BZ 353/ NR 353	Global Change Ecology, Impacts and Mitigation	

Core Engineering Science Energy Elective

Select one course from the following:		3-4
CBE 210	Thermodynamic Process Analysis	
ECE 341	Electromagnetic Fields and Devices I	
MECH 237	Introduction to Thermal Sciences	
MECH 337	Thermodynamics	
PH 361	Physical Thermodynamics	

Energy Technical Electives ¹

Select a minimum of 11 credits from the following:		11
ECE 342	Electromagnetic Fields and Devices II	
ECE 411	Control Systems	
ECE 441	Optical Electronics	
ECE 444	Antennas and Radiation	
ECE 461	Power Systems	
ECE 466	Integrated Lighting Systems	
MECH 417	Control Systems	
MECH 432	Engineering of Nanomaterials	
MECH 437	Internal Combustion Engines	
MECH 463	Building Energy Systems	
MECH 468	Space Propulsion and Power Engineering	

Program Total Credits 23-24

¹ Select enough credits in consultation with engineering academic advisor to bring program total to a minimum of 23 credits.

Environmental Affairs Interdisciplinary Minor

Clark Building, Room C346
environmental.colostate.edu (<http://environmental.colostate.edu/index>)

Coordinated by a Faculty Advisory Board

The Environmental Affairs interdisciplinary minor is designed for students with a particular interest in environmental topics, focusing on a core of social sciences and humanities courses that are supplemented with required science courses, as well as environmental electives from six colleges. Courses address domestic and international issues of concern with both current and historical perspectives, and will provide students with a well-rounded program of study. The program is open to all students and designed to be an additional component to the student's major. CSU has environmental expertise and this program provides undergraduate students with an opportunity to broaden their education as they prepare themselves for environmental careers or graduate study.

Program details are available from the Department of Political Science, College of Liberal Arts.

Effective Spring 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Students must earn a minimum grade of C for all courses taken for the interdisciplinary minor.

Environmental Affairs Core

Select three courses with three different subject codes from the following:		9
ANTH 330	Human Ecology	
ANTH 414/ ETST 414	Development in Indian Country	
ANTH 415	Indigenous Ecologies and the Modern World	
ANTH 450	Hunter-Gatherer Ecology	
ANTH 453	Impacts on Ancient Environments	
E 339	Literature of the Earth	
E 403	Writing the Environment	
ECON 340/ AREC 340	Introduction: Economics of Natural Resources	
GR 410	Climate Change: Science, Policy, Implications	
HIST 353	U.S.-Mexico Borderlands	
HIST 355	American Environmental History	
HIST 463	Science and Technology in Modern History	
HIST 470	World Environmental History, 1500-Present	
HIST 471	History of Antarctica, 1800-Present	
HIST 476	History of America's National Parks	
JTC 461	Writing About Science, Health, and Environment	
PHIL 320	Ethics of Sustainability	
PHIL 345	Environmental Ethics	

POLS 361	U.S. Environmental Politics and Policy
POLS 362	Global Environmental Politics
POLS 462	Globalization, Sustainability, and Justice
SOC 220	Global Environmental Issues (GT-SS3)
SOC 321	Soil, Environment, and Society
SOC 322	Introduction to Environmental Justice
SOC 460	Society and Environment
SOC 463	Sociology of Disaster
SPCM 429	Environmental Discourse

Environmental Science

A. Select one course from the following: 3

ERHS 220	Environmental Health
ESS 210/ GR 210	Physical Geography
F 310/RS 310	Forest and Rangeland Ecogeography
GEOL 122	The Blue Planet: Geology of Our Environment (GT-SC2) ¹
GEOL 124	Geology of Natural Resources (GT-SC2) ¹
LIFE 320	Ecology
NR 120A	Environmental Conservation (GT-SC2)
NR 120B	Environmental Conservation
NR 130	Global Environmental Systems (GT-SC2)
SOCR 240	Introductory Soil Science

B. Select a second course from the A list OR select one course from the B list below OR select another science course in consultation with advisor. Courses in B must have a strong environmental focus. 3

AGRI 116/ IE 116	Plants and Civilizations (GT-SS3)
ATS 350 & ATS 351	Introduction to Weather and Climate and Introduction to Weather and Climate Laboratory
BSPM 102	Insects, Science, and Society (GT-SC2)
CIVE 322	Basic Hydrology
CIVE 413	Environmental River Mechanics
CIVE 425	Soil and Water Engineering
ERHS 320	Environmental Health - Water and Food Safety
F 324	Fire Effects and Adaptations
FW 104	Wildlife Ecology and Conservation (GT-SC2)
GR 100	Introduction to Geography (GT-SS2)
GR 304/ WR 304	Sustainable Watersheds
NR 150	Oceanography (GT-SC2)
NR 300	Biological Diversity
NR 326	Forest Vegetation Management
RS 300	Rangeland Conservation and Stewardship
RS 478	Ecological Restoration
SOCR 421	Crop and Soil Management Systems II

Liberal Arts Electives

Select one course from the list below OR select a different course with a strong environmental focus with approval of advisor. Course(s) selected here may not also be used to fulfill the Core requirement above. 3

AGRI 562/ SOC 562	Sociology of Food Systems and Agriculture
ANTH 330	Human Ecology
ANTH 450	Hunter-Gatherer Ecology
ANTH 453	Impacts on Ancient Environments
E 339	Literature of the Earth
E 403	Writing the Environment
ECON 240/ AREC 240	Issues in Environmental Economics (GT-SS1)
ECON 340/ AREC 340	Introduction: Economics of Natural Resources
ECON 344	Economics of Energy Resources
ECON 346/ AREC 346	Economics of Outdoor Recreation
ETST 344	Native American Religious History and Issues
ETST 414/ ANTH 414	Development in Indian Country
GR 410	Climate Change: Science, Policy, Implications
HIST 351	American West to 1900
HIST 352	American West Since 1900
HIST 353	U.S.-Mexico Borderlands
HIST 355	American Environmental History
HIST 463	Science and Technology in Modern History
HIST 470	World Environmental History, 1500-Present
HIST 471	History of Antarctica, 1800-Present
HIST 476	History of America's National Parks
HONR 492	Honors Senior Seminar
JTC 461	Writing About Science, Health, and Environment
PHIL 320	Ethics of Sustainability
PHIL 330/ AGRI 330	Agricultural and Food System Ethics
PHIL 345	Environmental Ethics
POLS 361	U.S. Environmental Politics and Policy ¹
POLS 362	Global Environmental Politics ¹
POLS 462	Globalization, Sustainability, and Justice
SOC 220	Global Environmental Issues (GT-SS3)
SOC 320	Population-Natural Resources and Environment
SOC 321	Soil, Environment, and Society
SOC 322	Introduction to Environmental Justice
SOC 364	Agriculture and Global Society
SOC 460	Society and Environment
SOC 461	Water, Society, and Environment
SOC 463	Sociology of Disaster
SOC 564	Environmental Justice

Select from Other Colleges

Select a minimum of three credits from the list below OR select a different course with a strong environmental component with approval from advisor. 3

AGRI 330/ PHIL 330	Agricultural and Food System Ethics
AREC 202	Agricultural and Resource Economics (GT-SS1)
AREC 240/ ECON 240	Issues in Environmental Economics (GT-SS1)

AREC 340/ ECON 340	Introduction: Economics of Natural Resources
AREC 342	Water Law, Policy, and Institutions
AREC 346/ ECON 346	Economics of Outdoor Recreation
AREC 375	Agricultural Law
AREC 460	Ag- and Resource-Based Economic Development
AREC 478	Agricultural Policy
CIVE 438	Environmental Engineering Concepts
CIVE 439/ CBE 439	Environmental Engineering Chemical Concepts
CIVE 440	Nonpoint Source Pollution
CON 450/ INTD 450	Travel Abroad-Sustainable Building
ERHS 410	Environmental Health and Waste Management
ERHS 446	Environmental Toxicology
F 322	Economics of the Forest Environment
F 330	Timber Harvesting and the Environment
GR 320	Cultural Geography
GR 345	Geography of Hazards
HORT 466	Urban and Community Forestry
LAND 110	Introduction to Landscape Architecture
LAND 120	History of the Designed Landscape
NR 320	Natural Resources History and Policy
NR 355	Contemporary Environmental Issues ²
NR 365	Environmental Education
NRRT 330	Social Aspects of Natural Resource Management
NRRT 462	Environmental Communication-Natural Resources
PSY 316	Environmental Psychology
SOCR 320	Forage and Pasture Management
SOCR 370	Irrigation Principles
SOCR 377	Geographic Information Systems in Agriculture
Program Total Credits	21

¹ GEOL 121 is also recommended.

² Offered as a telecourse course only.

Extreme Ultraviolet and Optical Science and Technology Graduate Interdisciplinary Studies Program

Coordinated by a Faculty Advisory Board

The Extreme Ultraviolet Science and Technology Graduate interdisciplinary studies program is designed to serve individuals who are seeking to gain knowledge and experience in the generation and applications of coherent extreme ultraviolet or soft x-ray light. This type of light holds great potential in applications in nanotechnology, nanoelectronics, photochemistry, material science, and biology. While in the past the use of coherent EUV light required a trip to a national facility, new developments in compact sources make it widely available. The objective of the program is to provide scientists or engineers many of the fundamentals required to generate or proficiently make use of this portion of the electromagnetic spectrum.

This interdisciplinary studies program is inherently interdisciplinary including: lasers, optical, plasma, material, chemical and biological sciences, and engineering. With its NSF Center for Extreme Ultraviolet Science and Technology, a partnership with the University of Colorado and the University of California, Berkeley, CSU has unique expertise in this area.

The program is open to graduate students, and professionals, who hold a B.S. degree in engineering, physics, chemistry, biology, mathematics, or other scientific discipline. The program is offered through the Department of Electrical and Computer Engineering, College of Engineering, CSU.

The program requires a total of fifteen credits comprising six core credits and nine electives. The six core credits are two very fundamental courses that any graduate student with a background in hard sciences and engineering could master. This, coupled with the fact that graduate students in any discipline are not held to undergraduate prerequisite courses, make this interdisciplinary studies program widely accessible. Elective credits are tailored to the candidate's interests from the major the student pursues. Within these a course in another discipline outside the major of the candidate must be included.

Effective Fall 2008

Additional coursework may be required due to prerequisites.

Core Courses

ECE 504	Physical Optics	3
ECE 650	Extreme Ultraviolet and Soft X-Ray Radiation	3

Elective Courses

Select 9 credits from the following:		9
BC 511	Structural Biology I	
BC 565	Molecular Regulation of Cell Function	
BC 611	Structural Biology II	
CHEM 532	Advanced Chemical Analysis II	
CHEM 563A	Physical Methods in Inorganic Chemistry: Group Theory	
CHEM 571A	Quantum Chemistry: Foundations	
CHEM 571B	Quantum Chemistry: Electronic Structure	
CHEM 773	Atomic and Molecular Spectroscopy	
ECE 503	Ultrafast Optics	
ECE 505	Nanostructures: Fundamentals and Applications	
ECE 506	Optical Interferometry and Laser Metrology	
ECE 507	Plasma Physics and Applications	
ECE 546	Laser Fundamentals and Devices	
MATH 560	Linear Algebra	
PH 451	Introductory Quantum Mechanics I	
PH 452	Introductory Quantum Mechanics II	
PH 521	Introduction to Lasers	
PH 522	Introductory Laser Laboratory	
PH 572	Mathematical Methods for Physics II	
PH 641	Electromagnetism I	
PH 642	Electromagnetism II	
PH 651	Quantum Mechanics I	

PH 652	Quantum Mechanics II	
Program Total Credits		15

Film Studies Interdisciplinary Minor

Program details are available from the Communications Studies Department.

Contact:

Hye Seung Chung Hye.Chung@colostate.edu

Scott Diffrient Scott.Diffrient@colostate.edu

Film Studies is an interdisciplinary academic discipline that deals with historical, theoretical, and critical approaches to films; it is concerned with exploring the narrative, artistic, cultural, economic, and political implications of the cinema. The United States' film industry is second worldwide only to India and continues to grow, as does the study of film. A minor in Film Studies will enable you to develop media fluency in film: the ability to analyze, contextualize, and use the medium within the broad context of humanistic studies. It will provide you with a solid background in critical thinking and writing, and skills that will serve you well in any career you choose.

Effective Fall 2014

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Required Course

SPCM 350	Evaluating Contemporary Film	3
----------	------------------------------	---

Selected Courses

Select a minimum of 18 credits, of which at least 15 must be upper-division (300- to 400-level), from the following list: 18

E 350	The Gothic in Literature and Film	
ETST 320	Ethnicity and Film: Asian-American Experience	
ETST 354	Black Cinema and Media	
ETST 425	Indigenous Film and Video	
ETST 454/ SPCM 454	Chicano/a Film and Video	
JTC 456/ LB 456	Documentary Film as a Liberal Art	
LCHI 365	Introduction to Chinese Cinema Studies ¹	
LFRE 365	Introduction to French Cinema Studies ¹	
LGEN 465A or LGEN 465B or LGEN 465C or LGEN 465D	Studies in Foreign Film: The Americas Studies in Foreign Film: Asia Studies in Foreign Film: Europe Studies in Foreign Film: Africa	
LGER 365	Introduction to German Cinema Studies ¹	
LITA 365	Studies in Foreign Film-Italian ¹	
LJPN 365	Introduction to Japanese Cinema Studies ¹	
LRUS 365	Introduction to Russian Cinema Studies ¹

Food Science/Safety Interdisciplinary Minor

Office in Gifford Hall, Room 230

(970) 491-7180

fshn.chhs.colostate.edu/students/index.aspx (<http://fshn.chhs.colostate.edu/students>)

fshn.chhs.colostate.edu/students)

Coordinated by a Faculty Advisory Board

Are you interested in the safety and quality of food from "farm to fork"? The Food Science/Safety interdisciplinary studies programs provide students with the interdisciplinary background necessary for understanding the roles and responsibilities of growers, producers, processors, retailers, consumers, and others working within the food system to ensure that food is safe and healthful. These programs are a cooperative effort by faculty from several departments and colleges within CSU who share a common interest in food quality and safety, and integrated production and processing. Students enrolling in a program will receive their degree from their home department. Completion of requirements for the interdisciplinary minor will be noted on the transcript.

The programs are available at both the undergraduate and graduate levels. Program details are available from the Office of the Dean in the Colleges of Agricultural Sciences, Health and Human Sciences, or Veterinary Medicine and Biomedical Sciences, or from one of the collaborating departments.

The interdisciplinary minor in Food Science/Safety is designed to complement the student's major. It consists of a core of required courses (6 credits), foundation courses in the sciences (6 credits), and a selection of advanced courses (12 credits minimum) taken from at least three of the six collaborating departments: Animal Sciences; Environmental and Radiological Health Sciences; Food Science and Human Nutrition; Horticulture and Landscape Architecture; Microbiology, Immunology, and Pathology; and Soil and Crop Sciences.

Effective Fall 2012

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Required Courses

Select one from the following: 3

FTEC 400 Food Safety ¹

MIP 334 Food Microbiology ¹

Select one from the following: 3

LIFE 205	Microbial Biology
MIP 300	General Microbiology

Foundation Courses

Select a minimum of 6 credits from the following: 6

BC 351	Principles of Biochemistry
or BC 401	Comprehensive Biochemistry I
FSHN 150	Survey of Human Nutrition
CHEM 245	Fundamentals of Organic Chemistry ²
FTEC 110	Food-From Farm to Table
FTEC 447	Food Chemistry
HORT 100	Horticultural Science
LIFE 206	Microbial Biology Laboratory
or MIP 302	General Microbiology Laboratory
SOCR 240	Introductory Soil Science

Advanced Courses

Select a minimum of 12 credits, which must include at least three subject codes from the collaborating departments (ANEQ, ERHS, FSHN/FTEC, HORT, MIP, SOCR), from the following: 12

ANEQ 300L	Topics in Animal Sciences: Quality Assurance
ANEQ 360	Principles of Meat Science
ANEQ 361	Introduction to Meat Product Evaluation
ANEQ 460	Meat Safety
ANEQ 470	Meat Processing Systems
BTEC 306/ BIOM 306	Bioprocess Engineering
ERHS 220	Environmental Health
ERHS 332	Principles of Epidemiology
ERHS 430	Human Disease and the Environment
FSHN 300	Food Principles and Applications
FSHN 350	Human Nutrition
FTEC 400	Food Safety ¹
FTEC 420	Quality Assessment of Food Products
FTEC 460	Brewing Science and Technology
HORT 401	Medicinal and Value-Added Uses of Plants
HORT 424/ SOCR 424	Topics in Organic Agriculture
HORT 450A	Horticulture Food Crops: Cool Season Vegetable Production
HORT 450B	Horticulture Food Crops: Warm Season Vegetable Production
HORT 450C	Horticulture Food Crops: Small Fruit Production
HORT 450D	Horticulture Food Crops: Tree Fruit Production
HORT 454	Horticulture Crop Production and Management
MIP 302	General Microbiology Laboratory ³
MIP 334	Food Microbiology ¹
MIP 335	Food Microbiology Laboratory
SOCR 330	Principles of Genetics
SOCR 430	Applications of Plant Biotechnology
Independent Study/Group Study/Internship ⁴	

500-level courses that may be selected as Advanced Courses by high-achieving undergraduates:⁵

ANEQ 522	Animal Metabolism
ANEQ 565	Interpreting Animal Science Research

ANEQ 567	HACCP Meat Safety
FTEC 570	Food Product Development
FTEC 572	Food Biotechnology
FTEC 574	Current Issues in Food Safety
FTEC 576	Cereal Science
FTEC 578	Bioactives and Probiotics for Health
MIP 540	Biosafety in Research Laboratories
VS 570/ AGRI 570	Issues in Animal Agriculture

Program Total Credits 24

- ¹ If both FTEC 400 and MIP 334 are taken, credit for one class may be used for Advanced Courses credit.
- ² Or higher level organic chemistry course.
- ³ Cannot double count as a Foundation course.
- ⁴ Maximum of three upper-division (300- or 400-level) credits allowed for Independent Study/Group Study/Internship. Select from subject codes ANEQ, ERHS, FSHN/FTEC, HORT, MIP, SOCR.
- ⁵ With approval of advisor.

Food Science/Safety Interdisciplinary Studies Program

Gifford Hall, Room 230

(970) 491-7180

fshn.chhs.colostate.edu/students/index.aspx (<http://fshn.chhs.colostate.edu/students>)

fshn.chhs.colostate.edu/students)

Coordinated by a Faculty Advisory Board

Are you interested in the safety and quality of food from “farm to fork”? The Food Science/Safety interdisciplinary studies programs provide students with the interdisciplinary background necessary for understanding the roles and responsibilities of growers, producers, processors, retailers, consumers, and others working within the food system to ensure that food is safe and healthful. These programs are a cooperative effort by faculty from several departments and colleges within CSU who share a common interest in food quality and safety, and integrated production and processing. Students enrolling in a program will receive their degree from their home department. Completion of requirements for the interdisciplinary studies program will be noted on the transcript.

The programs are available at both the undergraduate and graduate levels. Program details are available from the Office of the Dean in the Colleges of Agricultural Sciences, Health and Human Sciences, or Veterinary Medicine and Biomedical Sciences, or from one of the collaborating departments.

The interdisciplinary minor in Food Science/Safety is designed to complement the student’s major. It consists of a core of required courses (6 credits), foundation courses in the sciences (6 credits), and a selection of advanced courses (12 credits minimum) taken from at least three of the six collaborating departments: Animal Sciences; Environmental and Radiological Health Sciences; Food Science and Human Nutrition; Horticulture and Landscape Architecture; Microbiology, Immunology, and Pathology; and Soil and Crop Sciences.

The international reputation of the faculty members and their ability to attract strong extramural support for research in the areas of

food science and food safety resulted in the creation of the Food Science/Safety graduate interdisciplinary studies program. Focusing on interdisciplinary research and education, this program is a cooperative effort by faculty in seven departments: Animal Sciences; Clinical Sciences; Environmental and Radiological Health Sciences, Food Science and Human Nutrition; Horticulture and Landscape Architecture; Microbiology, Immunology, and Pathology; and Soil and Crop Sciences. Faculty research interests include food microbiology, food safety education, food processing, and integrated production/processing. Students interested in the safety and processing of foods and commodities are encouraged to apply.

Students wishing to pursue the Food Science/Safety Graduate Interdisciplinary Studies Program (<http://fshn.chhs.colostate.edu/students/graduate/masters/isp-food-safety>) must declare their intent with the chair of the Faculty Advisory Board. The program is customized to fit the student's interests and long-term objectives. Students are strongly encouraged to interact with faculty from more than one department. Basic training in food science comes from an integrated curriculum featuring core courses in food science, microbiology, nutrition, and commodity production. Opportunities exist for students to rotate through various laboratories. Students also participate in a weekly interdisciplinary group study course that includes papers given by students, participating faculty, and distinguished visiting scientists, and visits to member laboratories. The group study course is designed to enhance interaction and facilitate research opportunities among the food science/safety community, including students, faculty, postdoctoral fellows, and staff. It may be offered by the participating departments on a rotational basis.

Students receive a degree from their home department and an endorsement on their transcript indicating successful completion of the program requirements.

Effective Fall 2011

Additional coursework may be required due to prerequisites.

Prerequisite Course

MIP 334	Food Microbiology	3
---------	-------------------	---

Core Courses

FSHN 696A	Group Study: Food Science	1-2
FTEC 400	Food Safety	3
Thesis or dissertation in home department ¹		6

Supporting Courses

Select a minimum of 6 credits from the following courses, to include at least two subject codes:²

AGRI 570/ VS 570	Issues in Animal Agriculture	
ANEQ 470	Meat Processing Systems	
ANEQ 567	HACCP Meat Safety	
ANEQ 660	Topics in Meat Safety	
ANEQ 676	Molecular Approaches to Food Safety	
ERHS 532	Epidemiologic Methods	
FTEC 570	Food Product Development	
FTEC 572	Food Biotechnology	
FTEC 574	Current Issues in Food Safety	
FTEC 576	Cereal Science	
FTEC 578	Bioactives and Probiotics for Health	

HORT 401	Medicinal and Value-Added Uses of Plants
HORT 424/ SOCR 424	Topics in Organic Agriculture
HORT 675	Plant Stress Physiology
MIP 335	Food Microbiology Laboratory
MIP 443	Microbial Physiology
MIP 450	Microbial Genetics
MIP 540	Biosafety in Research Laboratories
MIP 550	Microbial and Molecular Genetics Laboratory
MIP 533/ VS 533	Epidemiology of Infectious Diseases/Zoonoses
MIP 624	Advanced Topics in Microbial Ecology
SOCR 755	Advanced Soil Microbiology
VM 648/ VS 648	Food Animal Production and Food Safety

Program Total Credits 19-20

A minimum of 19 credits are required to complete this program.

- 1 Six or more credits, approved by Faculty Advisory Board for the Graduate Interdisciplinary Studies Program in Food Science/Safety.
- 2 Students may select from additional courses with approval by the Faculty Advisory Board.

Gerontology Interdisciplinary Minor

Office in Behavioral Sciences Building, Room 303
(970) 491-5558

College of Health and Human Sciences

The Gerontology Interdisciplinary Minor is a cooperative effort among faculty from different departments and colleges of CSU who share a common interest in gerontology, the study of human aging. The primary purpose of the program is to provide students with background academic knowledge and practicum/ internship experience to work effectively with and for older adults in a variety of settings, and to enter professions in which there is a need to combine insight and skills derived from their major with knowledge about older individuals and the aging process.

For information about the program, please consult with your academic advisor or the Gerontology Interdisciplinary Minor.

Effective Fall 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

A grade of C or better is required in each course that is a core requirement for the interdisciplinary minor.

Core Requirements

AHS 201	Perspectives in Gerontology	3
FSHN 444	Nutrition and Aging	1
HDFS 312	Adult Development-Middle Age and Aging	3

HES 444	Successful Aging: Role of Physical Activity	2
SOWK 371E	Social Work with Selected Populations: Social Gerontology	3

Select a minimum of 3 credits practicum or internship directly related to aging from the following: 3

AHS 487	Internship in Human Services	
HDFS 488D	Field Placement: Prevention/Intervention Science	
SOWK 488	Field Placement	

Elective Courses

Select 6-8 credits from the following: ¹ 6-8

FSHN 450	Medical Nutrition Therapy	
HDFS 332	Death, Dying, and Grief	
HDFS 402	Family Studies	
HDFS 403	Families in the Legal Environment	
OT 355	The Disability Experience in Society	
PHIL 366	Philosophy of Aging	
PSY 296	Group Study	
PSY 320	Abnormal Psychology	
PSY 496A	Group Study: Applied Social Psychology	
or PSY 496B	Group Study: Cognitive Psychology	
or PSY 496C	Group Study: Counseling/Clinical Psychology	
or PSY 496D	Group Study: Industrial/Organizational Psychology	
or PSY 496E	Group Study: Perceptual and Brain Sciences	
or PSY 496F	Group Study: Special Topics in Psychology	
SOWK 410	Social Welfare Policy	

Program Total Credits 21-23

¹ Students may select from the courses below or from a department list of courses with approval of advisor.

Global Environmental Sustainability Interdisciplinary Minor

The School of Global Environmental Sustainability (<http://sustainability.colostate.edu/education/minor-global-environmental-sustainability>) (SoGES) seeks to prepare students to meet today's pressing environmental challenges. Using an interdisciplinary approach within a framework of sustainability, students will be led in innovative research leading to the knowledge and understanding needed to approach and solve problems of the human-environment interaction. SoGES' vision encompasses laying the foundation and defining the principles and practices that will ensure long-term environmental sustainability, while continuing to meet the needs of people around the earth.

Effective Spring 2011

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Required Courses

GES 101	Foundations of Environmental Sustainability	3
GES 470	Applications of Environmental Sustainability	3

Selected Courses

Select one course from each Group A, B, and C. At least 3 credits of these courses must be upper-division (300- to 400-level). Courses may not fulfill two categories.

Group A: Society and Social Processes: 3

AGRI 116/ IE 116	Plants and Civilizations (GT-SS3)	
AGRI 330/ PHIL 330	Agricultural and Food System Ethics

Information Science and Technology Interdisciplinary Minor

Office in Clark Building, Room C205
istec.colostate.edu/activities/education (<http://istec.colostate.edu/activities/education>)

Professor Peter B. Seel, Coordinator

This interdisciplinary minor is sponsored by five departments in different colleges across CSU: Computer Information Systems, Computer Science, Electrical and Computer Engineering, Journalism and Technical Communication, and Psychology. The program is designed for students seeking a broad foundation in information technology, but not seeking to major in a specific information technology-related field. The program requires 21 credits and is open to students majoring in any field other than computer science, computer information systems, and electrical and computer engineering.

Effective Fall 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Computer Application Requirement - Before a student is admitted to this program the student must demonstrate mastery of the following skill:

- **Computer applications software - demonstrated by completion of BUS 150 or CS 110.**

Required Courses

JTC 413	New Communication Technologies and Society	3
---------	--	----------

Elective Courses

Select five from the following courses: ¹ 15-20

CIS 210	Information Technology in Business	
CIS 240	Application Design and Development	
CIS 301	End User Computing	
CIS 340	Advanced Application Design and Development	
CIS 355	Business Database Systems	
CIS 410	Web Application Development	
CS 150	Interactive Programming with Java	
CS 160	Foundations in Programming	
CS 161	Object-Oriented Problem Solving	
CT 310	Web Development	
CT 320	Network and System Administration	
JTC 300	Professional and Technical Communication (GT-CO3)	
JTC 335	Digital Photography	
JTC 372	Web Design and Management	
JTC 416	Global Communication Technologies	
JTC 417	Information Graphics	

Program Total Credits

21

¹ Nine credits must be from upper-division courses.

Integrated Resource Management Interdisciplinary Minor

Office in University Square, Room 202
wcirm.agsci.colostate.edu (<http://wcirm.agsci.colostate.edu>)

Kraig Peel, Director

The Integrated Resource Management interdisciplinary minor offers students from all majors an opportunity for additional specialized course work for training in integrated resource management. The core curriculum consists of courses in the Department of Agricultural and Resource Economics, Animal Sciences, Rangeland Ecology, and Soil and Crop Sciences. The core curriculum is supplemented with several courses focused on integration of the information provided in the disciplinary courses and developing skills in systems analysis. This interdisciplinary program is aimed at providing training for students interested in careers involving the businesses associated with land and animal management.

Effective Spring 2012

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Lower Division

LAND 220/ LIFE 220	Fundamentals of Ecology (GT-SC2)	3
SOCR 240 or SOCR 320	Introductory Soil Science Forage and Pasture Management	3-4

Upper-Division

AGRI 383/NR 383	U.S. Travel-Integrated Resource Management	2
ANEQ 300E	Topics in Animal Sciences: Family Ranching	1
ANEQ 472 or ANEQ 478	Sheep Systems Beef Systems	3
AREC 305	Agricultural and Resource Enterprise Analysis	3
AREC 310	Agricultural Marketing	3
AREC 478	Agricultural Policy	3
RS 300	Rangeland Conservation and Stewardship	3
SOC 341	Sociology of Rural Life	3

Program Total Credits 27-28

International Development Interdisciplinary Minor

Office in Laurel Hall
(970) 491-5917
international-initiatives.colostate.edu/academic_programs/ (<http://international-initiatives.colostate.edu/international-development-studies>)

Coordinated by the International Development Studies Board and the Office of International Programs

The International Development Studies Interdisciplinary Undergraduate Minor is a 21-credit program that introduces students to international development through a variety of approaches and practices. Coursework is designed to facilitate critical thinking about issues such as poverty, ethics, and global interdependence. A required common course provides a foundation for theories, applications, and the impacts of development. Electives provide a multidisciplinary approach to learning.

Effective Spring 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Core Courses

Select 6 credits from the following:	6	
ANTH 200	Cultures and the Global System (GT-SS3)	
ECON 460	Economic Development

Supporting Courses Group B ¹

Select at least 3 credits from the following courses, OR from Core Courses or Supporting Courses Group A not previously taken, OR from additional courses approved by the International Development Board and advisor: 3

IE 116/ AGRI 116	Plants and Civilizations (GT-SS3)
L*** Foreign Languages ⁴	
POLS 131	Current World Problems (GT-SS1)
POLS 241	Comparative Government and Politics (GT-SS1)

Additional Requirements

International Development Events ⁵	0
Program Total Credits	21

- ¹ No more than 6 credits may be taken in any subject code from among all the supporting courses, both Group A and Group B.
- ² Select from upper-division (300- to 400-level) language courses.
- ³ Accepted only when designated "Des Questions de developement a travers le cinema africain."
- ⁴ Select from any level language courses. A maximum of 6 credits are allowed for foreign language courses.

⁵ Students are required to participate in two on-campus events focused on international development, as approved by advisor.

International Development Interdisciplinary Studies Program

Office in Laurel Hall
(970) 491-5917
international-initiatives.colostate.edu/academic_programs/ (http://international-initiatives.colostate.edu/international-development-studies)

Coordinated by the International Development Studies Board and the Office of International Programs

This 12-credit graduate program exposes students to a variety of approaches and practices to international development. Students take a common course to learn theories, applications, and impacts of development. Electives challenge students to examine development practices from multiple disciplinary perspectives to encourage perspective-taking and enhance critical thinking skills. The International Development Studies Interdisciplinary program is open to graduate students from all colleges and departments.

Effective Fall 2013

Additional coursework may be required due to prerequisites.

Core Courses

IE 679/ANTH 679	Applications of International Development	3
Select one course from the following:		3
ANTH 529	Anthropology and Sustainable Development	
AREC 566/ SOC 566	Contemporary Issues in Developing Countries	
AREC 660	Development of Rural Resource-Based Economies	
CIVE 525	Water Engineering: International Development

Additional Requirements	
International Development Events ³	0
Program Total Credits	12

A minimum of 12 credits are required to complete this program.

- ¹ Course is offered as an online course only.
- ² Accepted only when designated "Des Questions de développement a travers le cinema africain."
- ³ Students are required to participate in two on-campus events focused on international development, as approved by advisor.

A minimum of 9 credits must be at 500-level or above.

Italian Studies Interdisciplinary Minor

Office in Andrew G. Clark Building, Room C104
languages.colostate.edu/languages/italian (<http://languages.colostate.edu/home/undergraduate-program>)

Coordinated by the Department of Foreign Languages and Literatures

The Italian Studies interdisciplinary minor is designed to give students a comprehensive knowledge of different aspects of Italian language, culture, history, and artistic expressions, according to the students' interests. Credits from study abroad programs will be properly evaluated as part of the overall program.

Effective Spring 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

A grade of C or better is required in each course that will count toward the interdisciplinary minor.

Core Language Courses¹

Students must complete LITA 200 and LITA 201 and at least an additional 3 credits, for a minimum total of 9 credits.

LITA 200	Second-Year Italian I	3
LITA 201	Second-Year Italian II	3
Choose an additional three credits from the courses below:		3
LITA 107	First-Year Italian II	
LITA 296	Group Study-Italian ²	

Upper-Division Electives³

Students must select a minimum of four courses from at least three different subject codes for a minimum total of 12 credits from the following:

ART 412	History of Renaissance Art	
ART 417	Roman Art	
ART 420	Travel Abroad-Art History in Italy	
E 452	Masterpieces of European Literature	

HIST 301	Roman Republic
HIST 302	Roman Empire
HIST 304	Women in Ancient Greece and Rome
HIST 308	Ancient Christianity to 500 A.D.
HIST 309	Medieval Christianity, 500-1500
HIST 310	Medieval Europe
HIST 312	Women in Medieval Europe
HIST 317	Renaissance and Reformation Europe
HIST 320	Women and Gender in Europe, 1450-1789
HIST 328	Modern Europe, 1815-1914
HIST 329	Europe in Crisis, 1914-1941
HIST 333	Contemporary Europe
HIST 334	European Culture in the 20th Century
HIST 339	World War II in Europe
LITA 365	Studies in Foreign Film-Italian
MU 334	Music History I
MU 335	Music History II
<hr/>	
Program Total Credits	21

- ¹ A total of nine credits in Italian language courses may be counted toward the core language requirement. Students must complete Italian language courses or test out through the level of LITA 201 for the interdisciplinary minor. Students testing out or placing at a level higher than LITA 201 should see the minor advisor and department chair to fulfill all 21 credits needed for the minor.
- ² Students may select this course with permission of advisor and department chair.
- ³ Students may petition to include up to 12 credits of upper-division (300- to 400-level) coursework from outside the courses listed here. To count towards the completion of the Interdisciplinary Minor in Italian Studies, 30 percent or more of the class content should focus on Italy. Students must submit a syllabus to the Foreign Languages and Literatures Department for each proposed class. If students have already completed the course, they must include a brief description of individual work completed in addition to the syllabus.

Latin American and Caribbean Studies Interdisciplinary Minor

For information, contact the Political Science Department
 Marcela Velasco
 Clark, Room C336
 (970) 491-5942

The Latin American and Caribbean Studies inter-disciplinary minor, seeks to broaden understanding of the languages, cultures, institutions, political and economic systems, and the processes of change in Latin America. The program offers courses in a wide variety of disciplines, enabling students to gain a broader and deeper appreciation of the diverse regions of Latin America and the Caribbean. This background prepares students for specialized graduate study focusing on the region and for careers in a variety of areas.

Effective Spring 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Language Courses ¹

L*** French, Spanish, or Portuguese language 6-10

Area Courses ^{2,3}

Select 15-20 credits from the following: 15-20

ANTH 319/ ETST 319	Latin American Peasantries
ANTH 446	New Orleans and the Caribbean
ANTH 451	Andean Archaeology and Ethnohistory
ART 312	History of Pre-Columbian Art
ETST 370	Caribbean Identities
ETST 371	The Modern Caribbean
HIST 353	U.S.-Mexico Borderlands
HIST 410	Colonial Latin America
HIST 411	Latin America Since Independence
HIST 412	Mexico
HIST 414	Revolutions in Latin America
HIST 460	Slavery in the Americas

POLS 331	Politics and Society Along Mexican Border
POLS 446	Politics of South America
POLS 447	Politics in Mexico, Central America, Caribbean
SOC 366	Peoples and Institutions of Latin America
SA 482	Study Abroad

Program Total Credits 21

- ¹ At least two courses (6-10 credits) are required in Spanish, French or Portuguese. Because language proficiency is required for effective research or work in this region, students are STRONGLY URGED to complete language coursework through the 300-level or above. Language courses may be taken at CSU or transferred in from an accredited institution. Independent study courses may not count toward the language requirement.
- ² Senior capstone courses having a focus on Latin America or the Caribbean may also be used to fulfill program requirements with approval of advisor.

³ For high-achieving students, LSPA 549 may be used as area course with approval of advisor.

⁴ This course may be used toward the program only when a Latin American or Caribbean author is the focus.

Leadership Studies Interdisciplinary Minor

SLiCE Office/President's Leadership Program
(970) 491-1682
plp.colostate.edu (<http://plp.colostate.edu>)

Coordinated by the President's Leadership Program and Student Leadership, Involvement, and Community Engagement

The Leadership Studies interdisciplinary minor prepares students to serve more effectively in formal and informal leadership roles in campus, local, national, and global contexts. The program offers courses to prepare students to advance in diverse and innovative studies of leadership by building on existing theoretical, empirical, and experiential knowledge. The program provides a structure for students to explore pressing social issues and challenge them to become part of the solution as civically-minded leaders within their communities and professions. As a result, both experiences in, and commitments to, civic engagement, and multicultural competence are required. The interdisciplinary minor refines and expands studies done in the President's Leadership Program to create a shared understanding of leadership which then expands to academic disciplines through upper-division capstone coursework and integration with the student's discipline.

Effective Fall 2013

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

The Leadership Studies Interdisciplinary Minor requires admission to the President's Leadership Program.

Lower Division

IU 170	A Call to Lead I: Theories and Skills	2
IU 171	A Call to Lead II: Social Change Model	2
IU 270	Leadership Styles I: Personal Application	2
IU 271	Leadership Styles II: Prominent Leaders	2

Upper Division

IU 470	Effective Leadership I: Success as a Leader	3
IU 471	Effective Leadership II: Vision and Change	3
Select a minimum of 4 credits from the following: ¹		4
IU 486	Practicum for Interdisciplinary Leadership	
IU 487	Internship for Interdisciplinary Leadership	
IU 498	Research for Interdisciplinary Leadership	
AUCC category 4C Requirement ²		3
Program Total Credits		21

¹ Students may substitute courses from their major department that meets the course objectives (e.g., XXX 486, XXX 487, or XXX 498) with PLP advisor's approval. Students may take up to two consecutive semesters to complete the credits.

² Students must complete a minimum of 3 credits of AUCC category 4C in order to achieve the 21 credit requirement of the interdisciplinary minor. If the major does not have a 4C course that is 3 credits (either as a stand-alone 4C course or as a 4C course in combination with a 4A and/or 4B course), students should take a 4A or 4B course in their major with PLP advisor approval.

Legal Studies Interdisciplinary Minor

College of Liberal Arts Deans Office, Clark Building, Room C138
(970) 491-5421

The Legal Studies interdisciplinary minor provides a broad-based academic foundation for students interested in legal or law-related fields. This minor is intended for students who plan to attend law school, as well as to those who are interested in a wide range of careers in which some grounding in legal studies is helpful, such as media, business, human resources, communications, government service, and others.

Effective Fall 2014

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Core Courses

LB 205	Contemporary Legal Studies	3
Select one from the following courses:		3
ECON 212	Racial Inequality and Discrimination (GT-SS1)	
ETST 312	African-American Situation	
ETST 332	Contemporary Chicana/o Issues	
ETST 404	Race Formation in the United States	
ETST 405	Ethnicity, Class, and Gender in the U.S.	
SOC 205	Contemporary Race-Ethnic Relations (GT-SS3)	
SOC 333	Gender and Society	
Select one from the following courses:		3
PHIL 110	Logic and Critical Thinking (GT-AH3)	
PHIL 210	Introduction to Formal Logic	
SPCM 200	Public Speaking	

Selected Courses

Select a minimum of 12 credits from at least two of the following categories:		12
Constitution:		
JTC 415	Communications Law	
POLS 410	American Constitutional Law	
POLS 413	U.S. Civil Rights and Liberties	
SPCM 349	Freedom of Speech	
Economics/Business:		
BUS 205	Legal and Ethical Issues in Business	

ECON 327	Law and Economics
MGT 350	Employment Relations: The Legal Environment

Environment/Natural Resources:	
AGRI 330/ PHIL 330	Agricultural and Food System Ethics
or PHIL 345	Environmental Ethics
AREC 342	Water Law, Policy, and Institutions
AREC 375	Agricultural Law
Social/Political/International:	
ANTH 422/ SOC 422	Comparative Legal Systems
ETST 324	Asian-Pacific Americans and the Law
ETST 444/ SOC 444	Federal Indian Law and Policy
HDFS 403	Families in the Legal Environment
PHIL 312	Philosophy of Law
POLS 431	International Law
SOC 455	Sociology of Law

Program Total Credits 21

Linguistics and Culture Interdisciplinary Minor

Office in Behavioral Sciences Building, Room A105
anthropology.colostate.edu/interdisciplinary-minor/
english.colostate.edu/undergrad/related (<http://anthropology.colostate.edu/interdisciplinary-minor/>)

The Linguistics and Culture interdisciplinary minor is designed for students with a particular interest in language and its cultural interfaces. Its core is a pair of linguistics and anthropological linguistics courses, which are supported by courses in specific languages, and supplemented by elective courses in English, Foreign Languages and Literatures, Philosophy, and Communication Studies. Courses address current and historical descriptive, theoretical, and pedagogical issues in linguistics, cultural anthropology, philosophy of language, non-verbal communication, and the relation between communication, language and thought, providing students with a well-rounded program of study. The program is open to all students and designed to be an addition to the student's major. CSU has linguistic and cultural expertise and this program provides undergraduate students with an opportunity to broaden their education as they prepare themselves for graduate study or careers requiring an analytic understanding of the nature of language and its relations with thought and culture.

Program details are available from College of Liberal Arts (<http://www.libarts.colostate.edu/info/majors-minors>).

Effective Fall 2012

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Core Courses

ANTH 335	Language and Culture	3
----------	----------------------	---

E 320	Introduction to the Study of Language	3
Select two courses from one of the Core Courses Groups:		6-10
Group A:		
LARA 105	First-Year Arabic I	
LARA 107	First-Year Arabic II	
LARA 200	Second-Year Arabic I (GT-AH4)	
LARA 201	Second-Year Arabic II (GT-AH4)	
Group B:		
LCHI 105	First-Year Chinese I	
LCHI 107	First-Year Chinese II	
LCHI 200	Second-Year Chinese I (GT-AH4)	
LCHI 201	Second-Year Chinese II (GT-AH4)	
Group C:		
LFRE 105	First-Year French I	
LFRE 106	First-Year French Review	
LFRE 107	First-Year French II	
LFRE 108	Intensive French I	
LFRE 200	Second-Year French I (GT-AH4)	
LFRE 201	Second-Year French II (GT-AH4)	
LFRE 208	Intensive French II	
Group D:		
LGER 105	First-Year German I	
LGER 107	First-Year German II	
LGER 108	Intensive German I	
LGER 200	Second-Year German I (GT-AH4)	
LGER 201	Second-Year German II (GT-AH4)	
LGER 208	Intensive German II	
Group E:		
LITA 105	First-Year Italian I	
LITA 107	First-Year Italian II	
LITA 200	Second-Year Italian I	
LITA 201	Second-Year Italian II	
Group F:		
LJPN 105	First-Year Japanese I	
LJPN 107	First-Year Japanese II	
LJPN 200	Second-Year Japanese I (GT-AH4)	
LJPN 201	Second-Year Japanese II (GT-AH4)	
Group G:		
LKOR 105	First-Year Korean I	
LKOR 107	First-Year Korean II

LRUS 105	First-Year Russian I	
LRUS 107	First-Year Russian II	
LRUS 200	Second-Year Russian I (GT-AH4)	
LRUS 201	Second-Year Russian II (GT-AH4)	
Group J:		
LSGN 109	American Sign Language I	
LSGN 110	American Sign Language II	
Group K:		

LSPA 105	First-Year Spanish I
LSPA 106	First-Year Spanish Review
LSPA 107	First-Year Spanish II
LSPA 108	Intensive Spanish I
LSPA 200	Second-Year Spanish I (GT-AH4)
LSPA 201	Second-Year Spanish II (GT-AH4)
LSPA 208	Intensive Spanish II

Supporting Courses

Select 3 courses from the following:		9
ANTH 100	Introductory Cultural Anthropology (GT-SS3)	
E 324	Teaching English as a Second Language	
E 326	Development of the English Language	
E 327	Syntax and Semantics	
E 328	Phonology, Morphology, and Lexis	
E 329	Pragmatics and Discourse Analysis	
LFRE 312	Introduction to French Linguistics	
LFRE 326	French Phonetics	
LGER 326	German Phonetics	
LSPA 312	Introduction to Spanish Linguistics	
LSPA 326	Spanish Phonetics	
PHIL 210	Introduction to Formal Logic	
PHIL 315	Philosophy of Language	
SPCM 331	Nonverbal Communication	
SPCM 431	Communication, Language, and Thought	

Program Total Credits 21-25

Master of Science in Bioengineering

Intra-University in Colleges of Health and Human Sciences, Engineering, Natural Sciences, Veterinary Medicine & Biomedical Sciences

Effective Fall 2007

Core Course Requirements

Select one from the following:		3
BIOM 533/ CIVE 533	Biomolecular Tools for Engineers	
CM 702B	Methods in Cell and Molecular Biology: Mammalian Cell Culture Techniques	
CM 702C	Methods in Cell and Molecular Biology: Immunochemical Techniques	
CM 702D	Methods in Cell and Molecular Biology: Radiation Cytogenetics	
CM 702E	Methods in Cell and Molecular Biology: Flow Cytometry and Cell Sorting	
BIOM 570/ MECH 570	Bioengineering	3
BIOM 592	Seminar	1
MATH 530	Mathematics for Scientists and Engineers	4
STAT 512	Design and Data Analysis for Researchers II	4
Program Total Credits		15

Specific requirements for the M.S. in Bioengineering

- Minimum of 30 semester credits of graduate work in approved course of study.
- Minimum of 24 semester credits earned at CSU (21 while in the graduate program).
- Minimum of 21 semester credits earned at CSU (not including thesis or independent study credits) in 500-level (or above) regular courses. The preceding list of core courses must be satisfied (15 credits). In addition, at least one life science course (500-level or above) and one engineering course (500-level or above) must be taken (6 credits minimum).
- Thesis credits (a minimum of 6 and a maximum of 12 credits).
- Final thesis defense.

Master of Science in Ecology, Human-Environment Interaction Specialization

Effective Spring 2009

ECOL 505	Foundations of Ecology	2
ECOL 571	Advanced Topics in Ecology	2
ECOL 592	Interdisciplinary Seminar in Ecology	1
ECOL 693	Research Seminar	1

Ecology Courses

Group A: Organism/Population (Select a minimum 3 credits) ¹		12

STAT 511	Design and Data Analysis for Researchers I
STAT 512	Design and Data Analysis for Researchers II
STAT 544/ ERHS 544	Biostatistical Methods for Quantitative Data
Electives, Independent Study, and Research ⁴	12
Program Total Credits	30

A minimum of 30 credits are required to complete this program.

- ¹ The distribution lists contain suggestions for appropriate courses and are not complete lists. Other courses that fit within these categories may be taken to satisfy the credit requirement. This approach ensures that all students have a fundamental background in ecology while also permitting them to tailor a program to their interests. No specific distribution of ecology courses beyond the required courses is expected by GDPE; the appropriate course work is determined by the student, advisor, and committee.
- ² ECOL 600 can be used to meet either Group A or Group B requirements, but not both.
- ³ 3 of the 6 credits must be in a qualitative methods course (Group C, either POLS 621 or SOC 610).
- ⁴ Select from a combination of elective courses, ECOL 695, ECOL 698, and ECOL 699 with approval of advisor and committee.

Master of Science in Ecology, Plan A

Natural Resources Building, Rooms 237, 238
ecology.colostate.edu (<http://ecology.colostate.edu>)

N. LeRoy Poff, Director

The Graduate Degree Program in Ecology Special Academic Unit offers outstanding opportunities for graduate studies in basic and applied aspects of ecology. Any graduate student enrolled in a master's or doctoral degree program with a major advisor who is a member of the GDPE faculty may participate in this university-wide, interdisciplinary Ecology program, which offers M.S. and Ph.D. degrees in Ecology. The program is a cooperative effort among over 155 faculty members from 17 departments and 6 colleges of the University who share a common interest in ecology.

The primary goal of the program is to provide basic training in current ecological methods, theories, concepts, controversies,

and applications by drawing together individuals and synthesizing knowledge from a wider variety of traditional disciplinary areas of science.

Through the cooperation of the many academic departments and government agencies, the program offers a wide array of facilities, field research sites, equipment, and support services. Because of its location, one of the University's greatest resources is its accessibility to a wide variety of field study sites. Nearby major habitats include: shortgrass steppe and mixed grass prairies; sagebrush steppe; montane and subalpine meadows, forests; southwestern deserts; alpine peaks; river and lake systems; and numerous agroecosystems.

Effective Fall 2011

Required Courses

ECOL 505	Foundations of Ecology	2
ECOL 571	Advanced Topics in Ecology	2
ECOL 592	Interdisciplinary Seminar in Ecology	1
ECOL 693	Research Seminar	1

Select one course from the following:		
Group A: Organism/Population ¹		
BZ 526/ BSPM 526	Evolutionary Ecology	
BZ 548	Theory of Population and Evolutionary Ecology	
FW 662	Wildlife Population Dynamics	

Group B: Community/Ecosystem ¹		
ECOL 600	Community Ecology	
ECOL 610	Ecosystem Ecology	
ESS 660	Biogeochemical Cycling in Ecosystems	

Select one course from the following not taken above to bring ecology courses total to a minimum of 6 credits:

Group A: Organism/Population ¹		
BSPM 570	Chemical Ecology	
BZ 525	Molecular Ecology	
BZ 526/ BSPM 526	Evolutionary Ecology	
BZ 530	Ecological Plant Morphology	
BZ 535	Behavioral Ecology	
BZ 548	Theory of Population and Evolutionary Ecology	
BZ 555	Reproductive Biology of Higher Plants	
BZ 578/ MIP 578	Genetics of Natural Populations	

FW 544	Ecotoxicology	
FW 662	Wildlife Population Dynamics	
Group B: Community/Ecosystem ¹		
ATS 760	Global Carbon Cycle	
ECOL 600	Community Ecology	
ECOL 610	Ecosystem Ecology	
ECOL 620	Applications in Landscape Ecology	
ESS 660	Biogeochemical Cycling in Ecosystems	
F 624	Fire Ecology	
FW 555	Conservation Biology	
NR 578	Ecology of Disturbed Lands	
RS 565	Riparian Ecology and Management	

Research Tools (minimum 3 credits)	3
---	----------

Select one course from the following:

Group C: Quantitative/Qualitative Tools ¹

FW 663	Sampling and Analysis of Vertebrate Populations
NR 523/ STAT 523	Quantitative Spatial Analysis
NRRT 665	Survey Research and Analysis
NRRT 765	Applied Multivariate Analysis
POLS 621	Qualitative Methods in Political Science
SOC 610	Seminar in Methods of Qualitative Analysis
SOCR 670	Terrestrial Ecosystems Isotope Ecology
STAT 511	Design and Data Analysis for Researchers I
STAT 512	Design and Data Analysis for Researchers II
STAT 544/ ERHS 544	Biostatistical Methods for Quantitative Data

Directed Electives

Select a minimum of 3 additional credits from any courses listed in Groups A, B, or C ¹

Electives, Independent Study, and Research ²	12
Program Total Credits	30

A minimum of 30 credits are required to complete this program.

- ¹ Total credits from Groups A, B and C must equal at least 12 credits. Select courses with approval of advisor and committee. The distribution lists (Groups A, B, and C above) contain suggestions for appropriate courses and are not complete lists. For an updated list of appropriate program courses, go to <http://www.ecology.colostate.edu/>. Other courses that fit within these categories may be taken to satisfy the requirement with approval of advisor and committee.
- ² Select from a combination of elective courses, ECOL 695, and ECOL 698 with approval of advisor and committee. Students in Plan B must complete a research paper or project.

Mathematics Graduate Interdisciplinary Studies Program

Office in Weber Building, Room 101
math.colostate.edu/programs/graduate/requirements.shtml#_Inter
<http://www.math.colostate.edu/programs/graduate/requirements.shtml>

Coordinated by the Department of Mathematics

The graduate-level interdisciplinary studies program in Mathematics at CSU is designed for students who seek to enrich their graduate degree by completing an additional program of study in mathematics. The program presumes a background in mathematics that includes sufficient prerequisite material to enter the courses in the program. To be admitted to the program, students must be pursuing a graduate degree in another discipline at CSU.

To be considered for admission to the program, contact the graduate coordinator in the department. Each individual program of study must be submitted to and approved by the Mathematics Graduate Committee.

Effective Fall 2005

Students must complete 12 or more credits of non-reserved number Mathematics courses with at least 9 credits at 500-level and above (excluding MATH 505). Up to 3 credits of 400-level Mathematics courses (excluding MATH 425, MATH 470) may be included. Each program of study must be arranged in consultation with the Mathematics Graduate Committee. A GPA of 3.000 or above in all mathematics courses is required to satisfy the program requirements.

Molecular Biology Interdisciplinary Minor

Molecular and Radiological Biosciences Building, Room 111
 (970) 491-5602
bmb.colostate.edu/undergraduates (<http://www.bmb.colostate.edu/undergraduates>)

Coordinated by a Faculty Advisory Board

Erwin Chargaff referred to molecular biology as “the practice of biochemistry without a license” due to the fact that most early molecular biologists were trained as chemists or physicists. This also serves to emphasize that molecular biology is an interdisciplinary field, primarily the study of macromolecular structure and of the replication and expression of the information in our hereditary material (DNA). Jacques Monod defined molecular biology as “the recognition that the essential properties of living beings could be interpreted in terms of the structures of their macromolecules.”

Molecular biology is becoming increasingly recognized as a significant area of study, particularly for students interested in the rapidly emerging field of biotechnology. The course requirements for this program complement extant life science degree programs on campus. The Molecular Biology interdisciplinary minor—noted on the transcript—will provide recognition that the student has completed a body of course work that provides both breadth and depth in this area. This program provides students with a strong, well-balanced background in the biological, physical, and mathematical sciences. It is ideally suited for undergraduates who wish to pursue advanced degrees in biochemistry, microbiology, molecular biology, or related life sciences; for pre-professional students in health-related fields; and for students interested in employment in the biotechnology industry. The program includes study of macromolecular structure and function; cellular biochemistry; metabolism; gene expression, DNA structure, replication, and repair; cell organization, communication, growth, aging, and death. Courses in physics, organic chemistry, statistical measurements, and research methods are required. Independent study, internships, or advanced research-oriented laboratory classes are taken during the junior and senior years to provide opportunities for experiential learning and working closely with an interdisciplinary group of faculty.

Students interested in participating in this program should contact the Department of Biochemistry and Molecular Biology (in the Molecular and Radiological Biosciences Building, Room 111, (970) 491-5602).

Effective Spring 2013

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.**Mathematics Core**

MATH 155	Calculus for Biological Scientists I (GT-MA1)	4
or MATH 160	Calculus for Physical Scientists I (GT-MA1)	
STAT 301	Introduction to Statistical Methods	3
or STAT 307	Introduction to Biostatistics	

Physics Core

Select one group from the following: 10

Group A:

PH 121 General Physics I (GT-SC1)
& PH 122 and General Physics II

Group B:

PH 141 Physics for Scientists and Engineers I (GT-SC1)
& PH 142 and Physics for Scientists and Engineers II (GT-SC1)

Chemistry Core

CHEM 111	General Chemistry I (GT-SC2)	4
CHEM 112	General Chemistry Lab I (GT-SC1)	1
CHEM 113	General Chemistry II	3
CHEM 114	General Chemistry Lab II	1
CHEM 345	Organic Chemistry I	4
CHEM 346	Organic Chemistry II	4

Biology Core

Select one group from the following: 4-5

Group A:

BZ 310 Cell Biology

Group B:

LIFE 210 Introductory Eukaryotic Cell Biology
& LIFE 212 and Introductory Cell Biology Laboratory

LIFE 102 Attributes of Living Systems (GT-SC1) 4

Biochemistry Core

Molecular, Cellular and Integrative Neurosciences Graduate Interdisciplinary Studies Program

Office in Anatomy–Zoology Building, Room W330
Molecular, Cellular and Integrative Neurosciences Special Academic Unit

Michael M. Tamkun, Director

This interdisciplinary graduate research and education program has 28 active faculty participants from 10 departments in 5 colleges. The degree-granting departments are Biochemistry and Molecular Biology; Biology; Biomedical Sciences; Chemical and Biological Engineering; Computer Science; Environmental and Radiological Health Sciences; Microbiology, Immunology and Pathology; Occupational Therapy, and Psychology. The program has been named as one of Colorado State University's Programs of Research and Scholarly Excellence. Students interested in systems neuroscience and in the cellular and molecular aspects of the nervous system, including neuronal differentiation, degeneration and regeneration, ion channels and membrane physiology, synaptic mechanisms, neuronal circuitry and chronobiology, sensory biology, systems neurobiology, artificial neural networks, and prion biology are encouraged to apply. Strong undergraduate backgrounds in biology, chemistry, mathematics, and physics are most appropriate.

Students interested in the program should refer to the Graduate and Professional Bulletin.

Effective Spring 2003

NB 500	Readings in Cellular Neurobiology	1
NB 501	Cellular and Molecular Neurophysiology	2

NB 502/CM 502	Techniques in Molecular & Cellular Biology	2
NB 503/BMS 503	Developmental Neurobiology	3
NB 505/BMS 505	Neuronal Circuits, Systems and Behavior	3
NB 586	Practicum-Techniques in Neuroscience II	1
NB 793	Neuroscience Seminar ¹	2

¹ Two semesters.

Music, Stage, and Sports Production Interdisciplinary Minor

Office in Clark Building, Room C244
(970) 491-6310
journalism.colostate.edu (<http://journalism.colostate.edu>)

Professor Steve Weiss, Coordinator

The interdisciplinary minor in Music, Stage, and Sports Production serves students who seek a broad foundation in creating television and audio recordings of events. Students learn theory and get hands-on experience in all aspects of the production process, both in studio and on location. This includes operating television cameras and audio equipment; designing appropriate lighting and audio environments; directing live recordings; and finishing projects through the editing of audio and video. Students can select courses from six departments in the College of Liberal Arts: Dance, Communication Studies, Journalism and Media Communication, Music, Sociology, and Theatre. The wide range of courses available allows students to focus on specific aspects of the production process or explore the entire spectrum of live and recorded performances. Upon completion of the minor, students will have an electronic production portfolio, which is considered a key requirement for getting a job and succeeding in this growing entertainment arena.

Effective Fall 2013

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Students must complete 30 credits, with a minimum of 3 credits in each of at least four subject codes, with no more than 9 credits from any one subject code.

Required Course

LB 386E	Practicum: Arts Production	3
---------	----------------------------	---

Group A

Select one course from the following:		3
D 110	Understanding Dance (GT-AH1)	

JTC 100	Media in Society (GT-SS3)	
MU 100	Music Appreciation (GT-AH1)	
MU 111	Music Theory Fundamentals (GT-AH1)	
TH 175	Storytelling ¹	

Group B

Select at least six courses for a minimum of 18 credits from the following: 18

D 120A	Dance Techniques I: Modern	
or D 120B	Dance Techniques I: Ballet	
or D 120C	Dance Techniques I: Jazz	
D 121A	Dance Techniques II: Modern	
or D 121B	Dance Techniques II: Ballet	
or D 121C	Dance Techniques II: Jazz	
D 126	Dance Improvisation	
D 286	Practicum

JTC 345	Electronic Field Production	
JTC 544	Corporate and Institutional Media Production ²	
MU 332	History of Jazz	
MU 333	History of Rock and Roll	
MU 342	Psychology of Music	
SPCM 341	Evaluating Contemporary Television	
SOC 343	Sport and Society	
TH 264	Lighting Design for the Theatre I ¹	
TH 266	Digital Media Design for Live Performance I ¹	
TH 364	Lighting Design for the Theatre II	
TH 366	Digital Media Design for Live Performance II	

Group C

Select 6 credits from the following: 6

D 495	Independent Study	
LB 386A	Practicum: CTV	
LB 386B	Practicum: KCSU	
LB 495	Independent Study	
JTC 487	Internship	
JTC 490	Workshop	
MU 495A	Independent Study: Composition and Theory	
or MU 495B	Independent Study: Conducting	
or MU 495C	Independent Study: Improvisation	
or MU 495D	Independent Study: Music History	
or MU 495E	Independent Study: Music Literature	
or MU 495F	Independent Study: Music Therapy	
or MU 495G	Independent Study: Pedagogy	
or MU 495H	Independent Study: Performance	
TH 495	Independent Study	

Program Total Credits 30

¹ Prerequisites for this course may be waived for students enrolled in this minor.

² Students may select JTC 544 for one of the courses in Group B, with written consent of instructor and approval of minor advisor.

Organic Agriculture Interdisciplinary Minor

Office in Plant Sciences, Room C110
Contact Adriane Elliott, (970) 491-6984
Office in Shepardson, Room 111
Contact Dr. Steve Wallner, (970) 491-7018
organic.colostate.edu (<http://organic.colostate.edu>)

Coordinated by a Faculty Advisory Board

The Organic Agriculture interdisciplinary minor is designed for students with an interest in alternative agricultural production approaches, in particular, organic agriculture. The focus of this program is on the science of organic agriculture with additional courses specifically focused on organic agriculture production techniques, business management, marketing, and decision making. Experiential learning is a critical part of this field of study and found in many levels in discussions, laboratories, and, most importantly, internship experiences.

The program is a cooperative effort of four departments: Agricultural and Resource Economics, Bioagricultural Sciences and Pest Management, Horticulture and Landscape Architecture, and Soil and Crop Sciences. Although participating students will take courses from all four departments, they will receive their degree from their home department, and completion of requirements for the interdisciplinary minor will be noted on their transcript.

Program details are available from Adriane Elliott (Department of Soil and Crop Sciences) and Leila Graves (Department of Horticulture and Landscape Architecture). For more information, visit our website at organic.colostate.edu (<http://organic.colostate.edu>).

Effective Fall 2011

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Core Courses

AREC 202	Agricultural and Resource Economics (GT-SS1)	3
AREC 328	Small Agribusiness Management	3
Select two of the following three groups:		6
Group A:		
BSPM 302	Applied and General Entomology	
BSPM 303A	Entomology Laboratory: General	
or BSPM 303B Entomology Laboratory: Horticultural		
or BSPM 303C Entomology Laboratory: Agricultural		
Group B:		
BSPM 308	Ecology and Management of Weeds	
Group C:		
BSPM 361	Elements of Plant Pathology	
FSHN 150	Survey of Human Nutrition	3
HORT 100	Horticultural Science	4
or SOCR 100	General Crops	
Select two courses from the following:		2

HORT 450A	Horticulture Food Crops: Cool Season Vegetable Production	
HORT 450B	Horticulture Food Crops: Warm Season Vegetable Production	
HORT 450C	Horticulture Food Crops: Small Fruit Production	
HORT 450D	Horticulture Food Crops: Tree Fruit Production	
HORT 452	Viticulture-Grape Production	
Select one course from the following:		3
LAND 220/ LIFE 220	Fundamentals of Ecology (GT-SC2)	
LIFE 320	Ecology	
NR 120A	Environmental Conservation (GT-SC2)	
SOCR 240	Introductory Soil Science	4
SOCR 350	Soil Fertility Management	3
Specific Courses		
HORT 171/ SOCR 171	Environmental Issues in Agriculture (GT-SS3)	3
Select four courses from the following:		4
HORT 344	Organic Greenhouse Production	
SOCR 341	Microbiology for Sustainable Agriculture	
SOCR 342	Organic Soil Fertility	
SOCR 343	Composting Principles and Practices	
SOCR 344	Crop Development Techniques	
SOCR 345/ HORT 345	Diagnosis and Treatment in Organic Fields	2
SOCR 424/ HORT 424	Topics in Organic Agriculture	3
SOCR 487 or HORT 487	Internship	3
Program Total Credits		46

The following courses are recommended for additional study, but are not required.

AGRI 116/IE 116	Plants and Civilizations (GT-SS3)	3
AGRI 270/IE 270	World Interdependence-Population and Food (GT-SS3)	3
AREC 305	Agricultural and Resource Enterprise Analysis	3
AREC 310	Agricultural Marketing	3
AREC 478	Agricultural Policy	3
BSPM 451	Integrated Pest Management	3
HORT 310	Greenhouse Management	4
HORT 401	Medicinal and Value-Added Uses of Plants	3
Select three credits from the following: ¹		3
HORT 450A	Horticulture Food Crops: Cool Season Vegetable Production	
or HORT 450B Horticulture Food Crops: Warm Season Vegetable Production		
or HORT 450C Horticulture Food Crops: Small Fruit Production		
or HORT 450D Horticulture Food Crops: Tree Fruit Production		
HORT 452	Viticulture-Grape Production ²	1
HORT 454	Horticulture Crop Production and Management	2
HORT 476	Environmental Plant Stress Physiology	3
PHIL 330/ AGRI 330	Agricultural and Food System Ethics	3

PHIL 345	Environmental Ethics	3
RRM 400	Food and Society	3
SOC 341	Sociology of Rural Life	3
SOC 364	Agriculture and Global Society	3
SOC 461	Water, Society, and Environment	3
SOCR 351	Soil Fertility Laboratory	1
SOCR 370	Irrigation Principles	2
SOCR 420	Crop and Soil Management Systems I	3
SOCR 421	Crop and Soil Management Systems II	4

¹ The other three modules not taken above.
² If not taken above.

Peace and Reconciliation Studies Graduate Interdisciplinary Studies Program

Office in Laurel Hall
 (970) 491-5917
international-initiatives.colostate.edu/academic_programs/ (http://international-initiatives.colostate.edu/academic_programs/)

The Peace and Reconciliation Studies graduate interdisciplinary studies program is open to all students who want to understand more about the philosophical roots of peace and reconciliation, its expression and potential within various academic disciplines, research, and service. Knowing more about the ideas that underlie nonviolent conflict resolution, effective communication, cooperation, and mediation within cross-cultural contexts will help students evaluate how peace and reconciliation can impact their beliefs, choices, and actions.

Students must complete 6 credits of required coursework as well as another 6 credits of elective coursework from the list below. Practicum, internship, and independent study credits can also be included with approval of the Board on a case-by-case basis.

Effective Fall 2012

Additional coursework may be required due to prerequisites.

Required Courses

ANTH 679/IE 679	Applications of International Development	3
EDUC 696	Group Study	3
or PHIL 697	Group Study	

Total 6

Core Courses

6

Students select six credits from the following with at least two departments represented:

ANTH 535	Globalization and Culture Change	3
EDUC 629	Communication and Classrooms	3
EDUC 635	Educators, Systems and Change	3
EDUC 651	Multicultural and Special Populations	3
HDFS 534	Marriage and Family Therapy	3
HDFS 624	Skills and Techniques in Family Therapy	3
IE 550/PHIL 550	Ethics and International Development	3
JTC 513	Impacts of New Communication Technologies	1-2

PHIL 684	Supervised College Teaching ¹	1-5
POLS 541	Political Economy of Change and Development	3
POLS 670	Politics of Environment and Sustainability	3
SOC 630	Social Stratification	3
SOC 660	Theories of Development and Social Change	3
SOC 661	Gender and Global Society	3
SOC 663	Sociology of Sustainable Development	3
SOC 666	Globalization and Socioeconomic Restructuring	3
SOC 669	Global Inequality and Change	3
SOWK 551	Fundamentals of Mediation	3
SOWK 556	Divorce and Family Mediation	3
SPCM 540	Rhetoric, Race, and Identity	3
SPCM 634	Communication and Cultural Diversity	3
Total		6
Program Total Credits		12

¹ Only for PHIL 240.

Peace and Reconciliation Studies Interdisciplinary Minor

Office in Laurel Hall
 (970) 491-5917
international-initiatives.colostate.edu/academic_programs/ (http://international-initiatives.colostate.edu/academic_programs/)

Coordinated by a Faculty Advisory Board and Office of International Programs

The Peace and Reconciliation Studies interdisciplinary minor is open to all students who want to understand more about the philosophical roots of peace and reconciliation and its expression within various academic disciplines, research, and service. Knowing more about the ideas that underlie nonviolent conflict resolution, effective communication, cooperation, and mediation within cross-cultural contexts will help students evaluate how peace and reconciliation can impact their beliefs, choices, and actions. A 21-credit undergraduate minor and 12-credit graduate interdisciplinary studies program are available.

Effective Fall 2013

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Required Courses

PHIL 240	Philosophies of Peace and Nonviolence	3
IE 479/ANTH 479	International Development Theory and Practice	3
Select one from the following courses:		3
EDUC 496	Group Study	
IE 472	Education for Global Peace	
PHIL 497	Group Study	

Supporting Courses

Select 12 credits from the Supporting Courses list with at least 3 departments represented. At least 6 of the 12 credits must be upper-division. 12

Lower Division Courses:

ANTH 200	Cultures and the Global System (GT-SS3)
BUS 205	Legal and Ethical Issues in Business
BUS 260	Social-Ethical-Regulatory Issues in Business
HIST 250/ ETST 250	African American History (GT-HI1)
HIST 252/ ETST 252	Asian American History (GT-HI1)
HONR 192	Honors First Year Seminar ¹
IE 179	Globalization: Exploring Our Global Village (GT-SS3)

IE 270/ AGRI 270	World Interdependence-Population and Food (GT-SS3)
---------------------	--

SPCM 232	Group Communication
----------	---------------------

Upper-division Courses: ²

ANTH 329	Cultural Change
ETST 430	Latina/o Creative Expression
ETST 432	Latina/o Routes to Empowerment
ETST 444/ SOC 444	Federal Indian Law and Policy
HDFS 332	Death, Dying, and Grief
HIST 346	Reconstruction and the New South
HIST 360	United States Immigration History
HIST 414	Revolutions in Latin America
HIST 421	Africa: Colonialism to Independence
HIST 438	The Modern Middle East
HIST 460	Slavery in the Americas
HIST 465	Pacific Wars: Korea and Vietnam
IE 370	Model United Nations
IE 470	Women and Development
IE 471	Children and Youth in Global Context
JTC 411	Media Ethics and Issues
JTC 412	International Mass Communication
NR 440	Applications in Conservation Planning
POLS 331	Politics and Society Along Mexican Border
POLS 405	Race and Ethnicity in U.S. Politics
POLS 413	U.S. Civil Rights and Liberties
POLS 437	International Security
POLS 448	Comparative Racial/Ethnic Politics
POLS 449	Middle East Politics
PSY 330	Clinical and Counseling Psychology
PSY 437	Psychology of Gender
SOC 320	Population-Natural Resources and Environment
SOC 362	Social Change
SOC 431	Community Dynamics and Development
SOWK 330	Human Diversity Practice Issues

SPCM 436	Conflict Management and Communication

Program Total Credits

21

¹ Entitled "Peacemaking." Must be enrolled in University Honors program.

² IE 550/PHIL 550 or SOC 564 may also be selected.

Ph.D. in Bioengineering

Intra-University in Colleges of Health and Human Sciences, Engineering, Natural Sciences, Veterinary Medicine and Biomedical Sciences

Effective Fall 2007

Core Course Requirements

Select one from the following:		3
BIOM 533/ CIVE 533	Biomolecular Tools for Engineers	
CM 702B	Methods in Cell and Molecular Biology: Mammalian Cell Culture Techniques	
CM 702C	Methods in Cell and Molecular Biology: Immunochemical Techniques	
CM 702D	Methods in Cell and Molecular Biology: Radiation Cytogenetics	
CM 702E	Methods in Cell and Molecular Biology: Flow Cytometry and Cell Sorting	
BIOM 570/ MECH 570	Bioengineering	3
BIOM 592	Seminar	1
MATH 530	Mathematics for Scientists and Engineers	4
STAT 512	Design and Data Analysis for Researchers II	4
Program Total Credits		15

Specific requirements for the Ph.D. in Bioengineering

- Minimum of 72 semester credits of graduate work in approved course of study.
- Minimum of 42 semester credits earned at CSU (while in the graduate program).
- Minimum of 32 semester credits earned after admission to CSU.
- 10 credits earned after master's degree is accepted for credit with approval from the student's major advisor, the bioengineering program, and the Graduate School.
- Minimum of 12 semester credits in 500 level (and above) formerly taught courses (not including dissertation and independent study) earned at CSU (post master's degree). The preceding list of core courses must be satisfied (15 credits). In addition, at least two life science courses (500-level or above) and two engineering courses (500-level or above) must be taken (12 credits minimum) as part of their graduate study (either as a master's student or Ph.D. student).
- Successful completion of the qualifying exam.
- Successful completion of the preliminary exam.
- Successful completion of the dissertation defense.

Ph.D. in Ecology

Natural Resources Building, Rooms 237, 238
ecology.colostate.edu (<http://ecology.colostate.edu>)

N. LeRoy Poff, Director

The Graduate Degree Program in Ecology Special Academic Unit offers outstanding opportunities for graduate studies in basic and applied aspects of ecology. Any graduate student enrolled in a master's or doctoral degree program with a major advisor who is a member of the GDPE faculty may participate in this university-wide, interdisciplinary Ecology program, which offers M.S. and Ph.D. degrees in Ecology. The program is a cooperative effort among over 155 faculty members from 17 departments and 6 colleges of CSU who share a common interest in ecology.

The primary goal of the program is to provide basic training in current ecological methods, theories, concepts, controversies, and applications by drawing together individuals and synthesizing knowledge from a wider variety of traditional disciplinary areas of science.

Through the cooperation of the many academic departments and government agencies, the program offers a wide array of facilities, field research sites, equipment, and support services. Because of its location, one of CSU's greatest resources is its accessibility to a wide variety of field study sites. Nearby major habitats include: shortgrass steppe and mixed grass prairies; sagebrush steppe; montane and subalpine meadows, forests; southwestern deserts; alpine peaks; river and lake systems; and numerous agroecosystems.

A description of the program is available from the program office.

Effective Fall 2011

Required Courses

ECOL 505	Foundations of Ecology	2
ECOL 571	Advanced Topics in Ecology	2
ECOL 592	Interdisciplinary Seminar in Ecology	2
ECOL 693	Research Seminar	1

Group A: Organism/Population¹ 3-4

Select one course from the following:

BZ 526/ BSPM 526	Evolutionary Ecology	
BZ 548	Theory of Population and Evolutionary Ecology	
FW 662	Wildlife Population Dynamics	

Group B: Community/Ecosystem¹ 3

Select one course from the following:

ECOL 600	Community Ecology	
ECOL 610	Ecosystem Ecology	
ESS 660	Biogeochemical Cycling in Ecosystems	

Group C: Quantitative/Qualitative Tools^{1,2} 6

Select a minimum of 6 credits from the following or from the department expanded list:

ESS 575	Models for Ecological Data	
FW 663	Sampling and Analysis of Vertebrate Populations	
NR 523/ STAT 523	Quantitative Spatial Analysis	
NRRT 665	Survey Research and Analysis	
NRRT 765	Applied Multivariate Analysis	
POLS 621	Qualitative Methods in Political Science	
SOC 610	Seminar in Methods of Qualitative Analysis	
SOCR 670	Terrestrial Ecosystems Isotope Ecology	

STAT 511	Design and Data Analysis for Researchers I	
STAT 512	Design and Data Analysis for Researchers II	
STAT 544/ ERHS 544	Biostatistical Methods for Quantitative Data	
Directed Electives^{1,3}		6
Group A: Organism/Population		
BSPM 570	Chemical Ecology	
BZ 525	Molecular Ecology	
BZ 526/ BSPM 526	Evolutionary Ecology	
BZ 530	Ecological Plant Morphology	
BZ 535	Behavioral Ecology	
BZ 548	Theory of Population and Evolutionary Ecology	
BZ 555	Reproductive Biology of Higher Plants	
BZ 578/ MIP 578	Genetics of Natural Populations	
FW 544	Ecotoxicology	
FW 662	Wildlife Population Dynamics	
Group B: Community/Ecosystem		
ATS 760	Global Carbon Cycle	
ECOL 600	Community Ecology	
ECOL 610	Ecosystem Ecology	
ECOL 620	Applications in Landscape Ecology	
ESS 660	Biogeochemical Cycling in Ecosystems	
F 624	Fire Ecology	
FW 555	Conservation Biology	
NR 578	Ecology of Disturbed Lands	
RS 565	Riparian Ecology and Management	
Group C: Quantitative/Qualitative Tools		
ESS 575	Models for Ecological Data	
FW 663	Sampling and Analysis of Vertebrate Populations	
NR 523/ STAT 523	Quantitative Spatial Analysis

STAT 512	Design and Data Analysis for Researchers II	
STAT 544/ ERHS 544	Biostatistical Methods for Quantitative Data	
Electives, Independent Study, Research, and Dissertation⁴		47
Program Total Credits		72

A minimum of 72 credits are required to complete this program.

¹ Courses selected from Groups A, B, and C must total overall a minimum of 18 credits. Select one required course from Group A, one required course from Group B, and a minimum of 6 required credits from Group C. Selection of Directed Electives from Groups A, B, and C is at the student's discretion, but must bring total credits for Groups A, B, and C to a minimum of 18.

² For the department expanded list of appropriate Group C courses, go to <http://www.ecology.colostate.edu>. Other courses that fit within this category may be selected to satisfy the requirement with approval of advisor and committee.

³ The directed electives lists above (Groups A, B, and C) contain suggestions for appropriate courses and are not complete lists. For the department list of appropriate program courses, go to <http://www.ecology.colostate.edu>. Other courses that fit within these categories may be taken to satisfy the credit requirement with approval of advisor and committee.

⁴ Students should consult the *Graduate and Professional Bulletin* for requirements for transfer of credits from other institutions and completion of courses toward a graduate degree. Select a combination of elective courses, ECOL 695, ECOL 698, and ECOL 799 with approval of advisor and committee. All students in the Ph.D. program must complete a dissertation.

Political Communication Interdisciplinary Minor

Office in Clark Building, Room C346
(970) 491-5156
polisci.colostate.edu (<http://polisci.colostate.edu>)

The Political Communication Interdisciplinary Minor is designed for students interested in the way ideas are communicated and shape the political process. It emphasizes the knowledge and abilities relevant to participation in political environments. The minor is particularly relevant for students interested in communication, law, politics, public administration, public deliberation, public policy, and other professions that deal with issues in public settings.

Coordinated by the Department of Political Science.

Effective Fall 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

REQUIRED COURSES

POLS 101	American Government and Politics (GT-SS1)	3
SPCM 420	Political Communication	3

POLITICAL SCIENCE

Select 6-9 credits from the following: ¹ 6-9

POLS 302	U.S. Political Parties and Elections	
POLS 303	Politics of Organized Interests	
POLS 304	Legislative Politics	
POLS 306	Executive Politics	
POLS 361	U.S. Environmental Politics and Policy	
POLS 362	Global Environmental Politics	
POLS 413	U.S. Civil Rights and Liberties	
POLS 422	Democratic Theory	
POLS 443	Comparative Social Movements	
POLS 460	Public Policy Process	
POLS 462	Globalization, Sustainability, and Justice	

COMMUNICATION STUDIES

Select 6-9 credits from the following: ¹		6-9
SPCM 349	Freedom of Speech	
SPCM 357	Film and Social Change	
SPCM 401	Rhetoric in Social Movements	
SPCM 407	Public Deliberation	
SPCM 408	Applied Deliberative Techniques	
SPCM 415	Rhetoric and Civility	
SPCM 433	Communication in Organizations	
SPCM 434	Intercultural Communication	
SPCM 437	Studies in Persuasion	

Program Total Credits 21

¹ Students must complete 6 credits of required courses and a minimum total of 15 credits from the two course selection lists, as shown.

Political Economy Graduate Interdisciplinary Studies Program

Office in Clark, Room C346
colostate.edu/Depts/PoliSci/pec (<http://www.colostate.edu/Depts/PoliSci/pec>)

Coordinated by a Faculty Advisory Board

Program Requirements

1. A minimum of fifteen (15) credits from among the approved courses.
2. A minimum of nine (9) credits from the list of Core Courses. These must be from three (3) different departments.
3. A maximum of six (6) credits from the list of Elective Courses
4. A maximum of three (3) upper-division undergraduate credits.
5. A GPA of at least 3.0 in the program courses.

Effective Fall 2004

Additional coursework may be required due to prerequisites.

Core Courses

A minimum of nine (9) credits from three (3) different departments must be used towards the program. Additional core credits can be used to satisfy program requirements. 9

ANTH 528	Economic Anthropology	
ANTH 535	Globalization and Culture Change	
ECON 505	History of Economic Thought	
ECON 760	Theories of Economic Development	
POLS 532	Governance of the World Political Economy	
POLS 541	Political Economy of Change and Development	
SOC 666	Globalization and Socioeconomic Restructuring	
SOC 667	Theories of State, Economy, and Society	

Elective Courses

A maximum of six (6) credits can be used to satisfy the requirements of the program. A maximum of three (3) upper-division undergraduate credits can be used to satisfy the program requirements. 6

ANTH 318/ ETST 318	Peoples and Cultures of the Southwest	
-----------------------	---------------------------------------	--

ANTH 319/ ETST 319	Latin American Peasantries
ANTH 413	Indigenous Peoples Today
ANTH 414/ ETST 414	Development in Indian Country
ANTH 529	Anthropology and Sustainable Development
ANTH 530	Human-Environment Interactions
ECON 332/ POLS 332	International Political Economy

SOC 502	Foundations of Theoretical Sociology
SOC 660	Theories of Development and Social Change
SOC 669	Global Inequality and Change

Program Total Credits 15

A minimum of 15 credits are required to complete this program.

Public Health

Sage Hall
(970) 491-5800
publichealth.colostate.edu (<http://publichealth.colostate.edu>)

Dr. Lorann Stallones, Director
Kendra Bigsby (kendra.bigsby@colostate.edu), Assistant Director

The Master of Public Health (MPH) is the primary professional degree in the field of public health. The MPH degree is intended for students who plan careers as practitioners and leaders in the field of public health. Core academic public health areas include biostatistics, epidemiology, environmental health sciences, health services administration, and community and behavioral health.

The program is operated as one component of the Colorado School of Public Health (ColoradoSPH) which is a cooperative program between the University of Colorado (CU) Anschutz Medical Campus, CSU, and the University of Northern Colorado (UNC). The ColoradoSPH received accreditation from the Council on Education in Public Health in 2010. The program is an interdisciplinary Special Academic Unit at Colorado State University.

Areas of study at CSU include: animals, people, and the environment; epidemiology; global health and health disparities; health communication; physical activity and healthy lifestyles; and public health nutrition. Any of the CSU concentrations can be paired with Peace Corps Masters International (PCMI (<http://www.publichealth.colostate.edu/academics/pcmi-mpg-program>)). A dual degree program in veterinary medicine (DVM/MPH (<http://csu-cvmb.colostate.edu/dvm-program/Pages/DVM-MPH.aspx>)) is also available.

Please note that individuals wishing to apply to the Colorado School of Public Health at CSU do not apply to the CSU Graduate School. Applications are submitted through SOPHAS, an online application portal for accredited programs and schools of public health. More information on this application process can be found here (<http://www.publichealth.colostate.edu/admissions>).

More information on the Colorado School of Public Health, admissions requirements (<http://www.publichealth.colostate.edu/admissions>), and the options available at all three campuses can be found here. (<http://www.publichealth.colostate.edu/admissions>)

Detailed information about all of the academic options in the ColoradoSPH at the CSU campus can be found here (<http://www.publichealth.colostate.edu>).

Religious Studies Interdisciplinary Minor

Office in Clark, Room B-356
(970) 491-6217

Coordinated by a Faculty Advisory Board and the Associate Dean, College of Liberal Arts

The Religious Studies interdisciplinary minor permits students to use electives to complete 21 credits from a list of approved courses.

The program encompasses the major religious traditions of humankind. It enables students to integrate a field of special interest from offerings in religious studies and related areas. Consequently, students may become acquainted with religion as viewed by different disciplines, e.g., philosophy, history, psychology, sociology, and anthropology. In addition, the program encourages students to view religious phenomena in their cultural context through the media of music and the arts.

Effective Fall 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

- **21 credits, ordinarily seven courses in at least three disciplines are required.**
- **A minimum grade point average of 2.000 is required in courses selected for the program.**

Required Courses

Two required courses designed to survey the religions of the world, and to introduce students to methods of studying and understanding religion:

PHIL 171	Religions of the West	3
PHIL 172	Religions of the East	3

Additional Courses ¹

In consultation with a Religious Studies advisor, select fifteen credits, of which at least 12 must be upper-division (300- to 400-level), with at least three different subject codes from the Additional Courses list. 15

ANTH 312	Modern Indian Culture and Society	
ANTH 322	The Anthropology of Religion	
ANTH 340	Medical Anthropology	
ANTH 423	Cultural Psychiatry	
ANTH 539	Anthropology of Modernity	
ART 411	History of Medieval Art	
ART 496H	Group Study: Art History ²	
E 337	Western Mythology	
E 460	Chaucer	
E 463	Milton	
ETST 344	Native American Religious History and Issues	
HIST 115	The Islamic World: Late Antiquity to 1500	
HIST 116	The Islamic World Since 1500	
HIST 120	Asian Civilizations I (GT-HI1)	
HIST 308	Ancient Christianity to 500 A.D.	
HIST 309	Medieval Christianity, 500-1500	
HIST 310	Medieval Europe	
HIST 317	Renaissance and Reformation Europe	
HIST 323	Russia Before 1700	
HIST 430	Ancient Near East	
HIST 431	Ancient Israel	
HIST 432	Sacred History in the Bible and the Qur'an	
HIST 433	Muhammad and the Origins of Islam	
HIST 438	The Modern Middle East	
HIST 450	Ancient China	
HIST 451	Medieval China and Central Asia	
HIST 452	China in the Modern World, 1600-Present	
HIST 455	Tokugawa and Modern Japan, 1600-Present	
HIST 467	Modern Jewish History	
HIST 469	The Crusades	
LB 170	World Literatures to 1500 (GT-AH2)	
PHIL 106	Wisdom of the East-Oriental Philosophy

PHIL 173	Philosophy of Traditional Judaism	
PHIL 270	Issues in the Study of Religion	
PHIL 335	Islam: Cosmology and Practice	
PHIL 349	Philosophies of East Asia	
PHIL 355	Philosophy of Religion	

PHIL 359	Philosophy of Human Nature	
PHIL 360	Topics in Asian Philosophy	
PHIL 370	Contemporary Western Religious Thought	
PHIL 371	Contemporary Eastern Religious Thought	
PHIL 372	Meaning and Truth in Religion	
PHIL 375	Science and Religion	
PHIL 379	Mysticism East and West	
PHIL 455	Islamic Philosophy	
PHIL 463	Seminar in Religious Studies	
PHIL 479	Topics in Comparative Religions	
PHIL 497	Group Study ³	
PSY 305	Psychology of Religion	
SOC 375	Sociology of Religion and Medicine	

Program Total Credits 21

- ¹ ANTH 539 may be selected.
- ² Accepted only when designated "Image of the Goddess in Art."
- ³ Accepted only when designated selected religious themes.

Resilience of Social Ecological Systems Graduate Interdisciplinary Studies Program

In addition to the required course, students must select one course from each of the four Groups below, A, B, C, and D, for a minimum total of 15 credits. A minimum of 9 credits must be taken at the 500-level or above. At least two courses must be from outside the student's discipline or sub-discipline. A minimum total of 15 credits is required.

Effective Spring 2013

Required Course

ANTH 530	Human-Environment Interactions	3
----------	--------------------------------	---

Group A: Concepts of Cultural and Social Systems in Environment Context 3

AGRI 330/ PHIL 330	Agricultural and Food System Ethics	
ANTH 329	Cultural Change	
ANTH 330	Human Ecology	
ANTH 376	Evolution of Human Adaptation	
ANTH 415	Indigenous Ecologies and the Modern World	
ANTH 446	New Orleans and the Caribbean	
ANTH 529	Anthropology and Sustainable Development

HIST 470	World Environmental History, 1500-Present	
POLS 670	Politics of Environment and Sustainability	
SOC 667	Theories of State, Economy, and Society	
SOC 668	Environmental Sociology	

Group B: Concepts and Methods of Ecology and People 3

AGRI 500	Advanced Issues in Agriculture	
AGRI 562/ SOC 562	Sociology of Food Systems and Agriculture	
ANTH 330/ PHIL 330	Human Ecology	

ANTH 453	Impacts on Ancient Environments	
ANTH 515	Culture and Environment	
ANTH 572	Human Origins	
ANTH 573	Paleoclimate and Human Evolution	
BZ 353/ NR 353	Global Change Ecology, Impacts and Mitigation	
RS 351	Wildland Ecosystems in a Changing World	
Group C: Concepts and Methods of Governance and Economy		3
ANTH 529	Anthropology and Sustainable Development	
AREC 340/ ECON 340	Introduction: Economics of Natural Resources	
AREC 460	Ag- and Resource-Based Economic Development	
AREC 478	Agricultural Policy	
AREC 540/ ECON 540	Environmental and Natural Resource Economics	
AREC 541/ ECON 541	Environmental Economics	
NR 320	Natural Resources History and Policy	
NR 625	Community-Based Natural Resource Management	
POLS 362	Global Environmental Politics	
POLS 532	Governance of the World Political Economy	
POLS 670	Politics of Environment and Sustainability	
POLS 739	International Environmental Politics	
Group D: Skills and Methods		3
ANTH 352	Geoarchaeology	
ANTH 441	Method in Cultural Anthropology	
ANTH 443	Ethnographic Field Methods	
ANTH 461	Anthropological Report Preparation	
ANTH 544	From Death to Discovery	
ESS 575	Models for Ecological Data	
GR 323/ NR 323	Remote Sensing and Image Interpretation	
GR 410	Climate Change: Science, Policy, Implications	
GR 420	Spatial Analysis with GIS	
GR 503/ NR 503	Remote Sensing and Image Analysis	

Program Total Credits 15

A minimum of 15 credits are required to complete this program.

Russian Studies Interdisciplinary Minor

Office in Andrew G. Clark Building, Room C104
(970) 491-6141

Coordinated by the Department of Foreign Languages and Literatures

The Russian Studies Interdisciplinary Minor is designed to give students in-depth knowledge of various aspects of Russian language, literature, culture, history and artistic expression, definable by the students' own interests. Credits from study abroad programs will be appropriately evaluated and may be included as a valuable part of the overall program.

Contact the Department of Foreign Languages and Literatures for details.

Effective Spring 2014

Of the 21 minimum credits required for the interdisciplinary minor, at least 15 must be upper-division (300- to 400-level). At least 12 credits must be from the subject code LRUS.

Additional coursework may be required due to prerequisites.

A minimum grade of C is required for each course counted toward the interdisciplinary minor.

Core Language Courses

Select a minimum of 12 credits from the following courses. A minimum of 6 credits must be upper-division (300- to 400-level).

LRUS 105	First-Year Russian I	12
LRUS 107	First-Year Russian II	
LRUS 200	Second-Year Russian I (GT-AH4)	
LRUS 201	Second-Year Russian II (GT-AH4)	
LRUS 250	Russian Language, Literature, Culture in Translation (GT-AH2)	
LRUS 296	Group Study--Russian ¹	
LRUS 304	Third-Year Russian I	
LRUS 305	Third-Year Russian II	
LRUS 350	Russian Culture	
LRUS 365	Introduction to Russian Cinema Studies	
LRUS 495	Independent Study-Russian	
LRUS 496	Group Study-Russian	

Upper-Division Selected Courses

Select a minimum of 9 credits from the following:

E 452	Masterpieces of European Literature	9
E 455	European Literature after 1900	
ECON 376	Marxist Economic Thought	
HIST 324	Imperial Russia	
HIST 329	Europe in Crisis, 1914-1941	
LGEN 465C	Studies in Foreign Film: Europe	
POLS 345	Russian, Central, and East European Politics	
POLS 371	U.S. Space Policy	

Program Total Credits 21

¹ Course may count toward the interdisciplinary minor with approval of minor advisor.

Students may petition to include up to 12 credits of coursework from outside the courses listed here. Courses must be from at least three different subject codes. To count toward the interdisciplinary minor, 30 percent or more of the course content should focus on Russia. Students must submit a syllabus for each course being petitioned to the Department of Foreign Languages and Literatures and a brief description of individual work completed by the student for each proposed course. Courses from study abroad programs will be evaluated as part of the overall program.

Sports Management Interdisciplinary Minor

Office in Rockwell Hall, Room 213
(970) 491-5323
biz.colostate.edu/management (<http://biz.colostate.edu/management>)

Coordinated by the Department of Management, College of Business

The minor in Sports Management will provide undergraduate students with an overview of the sports industry from an interdisciplinary perspective. Students in this minor will acquire skills in various aspects of the sports industry, including public relations, turf management, facilities and event planning, management and marketing, hospitality services, diversity and leadership. Students selected for the competitive minor track will have hands-on experiences through internships and practicum opportunities with regional professional sports franchises, including the Denver Broncos.

Effective Fall 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Required Courses

Select one of the following courses:	3
AREC 202 Agricultural and Resource Economics (GT-SS1)	
ECON 101 Economics of Social Issues (GT-SS1)	
ECON 202 Principles of Microeconomics (GT-SS1)	
ETST 377 African Americans in Sports	3
IU 193 Freshman Seminar	1
Select one from the following:	2-3
IU 271 Leadership Styles II: Prominent Leaders ¹	
Selected Courses (see list below)	
Select one from the following:	3
IU 486 Practicum for Interdisciplinary Leadership ¹	
Selected Courses (see list below)	
Select one from the following:	3
IU 487 Internship for Interdisciplinary Leadership ¹	
Selected Courses (see list below)	
MKT 300 Marketing	3
or MKT 305 Fundamentals of Marketing	
MKT 367A Sports Marketing	3
or MKT 367B Sports Marketing	
Program Total Credits	21-22

Selected Courses

AREC 346/ ECON 346 Economics of Outdoor Recreation	3
CON 101 Introduction to Construction Management	3
CON 462 Financial Management for Construction	3
CON 571 Facility Planning and Management	3
FIN 305 Fundamentals of Finance	3
FIN 342 Risk Management and Insurance	3
HDFS 101 Individual and Family Development (GT-SS3)	3

HDFS 311 Adolescent/Early Adult Development in Context	3
HDFS 312 Adult Development-Middle Age and Aging	3
HES 309 Methods of Coaching	2
HES 379 Psychology and Sport	3
HORT 341 Turfgrass Management	3
HORT 441 Turfgrass Science	3
JTC 350 Public Relations	3
JTC 373 Digital Promotion Management	3
MKT 366 Services Marketing	3
PSY 100 General Psychology (GT-SS3)	3
RRM 312 Hospitality Human Resource Management	3
RRM 460 Event and Conference Planning	3
SOC 342 Leisure and Society	3
SOC 343 Sport and Society	3
SPCM 130 Relational and Organizational Communication (GT-SS3)	3
SPCM 200 Public Speaking	3
SPCM 278E Communication Skills: Intercultural Competence	1
SPCM 278H Communication Skills: Organizational Training	1
SPCM 436 Conflict Management and Communication	3

¹ Students must be selected through a competitive application process. Consult the minor advisor.

Sustainable Water Interdisciplinary Minor

Office in Johnson Hall, Room 119
watercenter.colostate.edu (<http://watercenter.colostate.edu>)

Coordinated by the CSU Water Center and the Colorado Water Institute, in partnership with the School of Global Environmental Sustainability.

Water is a complex, interdisciplinary topic that is critical to our economic, societal, and environmental well-being. Issues surrounding water supply, water quality, and ecological relationships have become increasingly important in Colorado, the American West, and internationally as water demands increase. The complexity of these issues, and competition among various water users, demands that students interested in pursuing careers in water gain a broad introduction to the issues while specializing within a particular discipline. Colorado State University has developed considerable water resource expertise in many academic fields over the past century. The Sustainable Water Interdisciplinary Minor (SWIM) requires 21 credits and a minimum of 12 upper-division (300- 400-level) courses which allow undergraduates to take advantage of this expertise and broaden their backgrounds regarding water resources in order to prepare for employment or graduate-level work.

Effective Spring 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Core Courses

AREC 240/ ECON 240	Issues in Environmental Economics (GT-SS1)	3
AREC 342	Water Law, Policy, and Institutions	3
GR 304/WR 304	Sustainable Watersheds	3

THE FOUNDATIONS OF WATER 6

Select a minimum of 6 credits from the following Foundation course groups:

Select no more than one course from the following:

BZ 104	Basic Concepts of Plant Life (GT-SC2)
BZ 110	Principles of Animal Biology (GT-SC2)
BZ 120	Principles of Plant Biology (GT-SC2)
FW 204	Introduction of Fishery Biology
LIFE 103	Biology of Organisms-Animals and Plants

Select no more than one course from the following:

CHEM 103	Chemistry in Context (GT-SC2)
CHEM 107	Fundamentals of Chemistry (GT-SC2)
CHEM 113	General Chemistry II

Select no more than one course from the following:

ESS 210/ GR 210	Physical Geography
GR 100	Introduction to Geography (GT-SS2)

Select no more than one course from the following:

ESS 211	Foundations in Ecosystem Science
ESS 311	Ecosystem Ecology
LAND 220/ LIFE 220	Fundamentals of Ecology (GT-SC2)
LIFE 320	Ecology

Select no more than one course from the following:

GEOL 120	Exploring Earth: Physical Geology (GT-SC2)
GEOL 122	The Blue Planet: Geology of Our Environment (GT-SC2)
GEOL 124	Geology of Natural Resources (GT-SC2)
GEOL 150	Physical Geology for Scientists and Engineers

Select no more than one course from the following:

PH 110	Descriptive Physics (GT-SC2)
PH 121	General Physics I (GT-SC1)
PH 141	Physics for Scientists and Engineers I (GT-SC1)

THE CONTEXT OF WATER ¹ 6

Select a minimum of 6 credits from the following Context courses:

Sociological-Economic Context

AGRI 270/ IE 270	World Interdependence-Population and Food (GT-SS3)
AREC 341	Environmental Economics
CON 476	Sustainable Practice-Design and Construction ²
E 339	Literature of the Earth
GES 101	Foundations of Environmental Sustainability
JTC 461	Writing About Science, Health, and Environment
NR 320	Natural Resources History and Policy
PHIL 320	Ethics of Sustainability
POLS 361	U.S. Environmental Politics and Policy
SOC 323	Sociology of Environmental Governance
SOC 461	Water, Society, and Environment

Ecological-Biological Context

BZ 321	Aquatic Vascular Plants
BZ 415	Marine Biology
BZ 471	Stream Biology and Ecology
BZ 474	Limnology
ERHS 320	Environmental Health - Water and Food Safety
FW 300	Ichthyology
FW 400	Conservation of Fish in Aquatic Ecosystems
HORT 368/ LAND 368	Landscape Irrigation and Water Conservation

Physical Context

ATS 150	Science of Global Climate Change
CIVE 322	Basic Hydrology
CIVE 330	Ecological Engineering
CIVE 413	Environmental River Mechanics
CIVE 423	Groundwater Engineering
CIVE 440	Nonpoint Source Pollution
GEOL 452	Hydrogeology
SOCR 370	Irrigation Principles
SOCR 371	Irrigation of Field Crops
WR 406	Seasonal Snow Environments
WR 416	Land Use Hydrology
WR 418	Land Use and Water Quality
WR 474	Snow Hydrology

Program Total Credits 21

¹ Only one context course per subject code may be counted toward the minor.

² Enrollment in CON 476 is limited to Construction Management majors only.

Systems Engineering Graduate Interdisciplinary Studies Program

Office in Engineering Building, Room AR204

Coordinated by a Faculty Advisory Board and the College of Engineering

The Systems Engineering interdisciplinary studies program is designed to address the current trend toward increasingly complex systems that exists across a variety of disciplines, including aerospace, energy, environment, and biosciences. The objective of the program is to expose engineers and industry professionals to a disciplined development process in order to manage complex engineered systems and produce quality and reasonably priced products.

The program is open to graduate students and professionals who hold a B.S. degree. Coursework in calculus and statistics (or the ability to apply statistical methods) is also required.

The program is offered through the College of Engineering and is 12 credit hours.

Effective Spring 2015

Core Courses

Select one from the following:

CIS 600	Information Technology and Project Management	
CIS 670	Advanced IT Project Management	
MECH 501	Engineering Project and Program Management	
ENGR 501/ ECE 501	Foundations of Systems Engineering	3
ENGR 530/ ECE 530	Overview of Systems Engineering Processes	3
ENGR 531/ ECE 531	Engineering Risk Analysis	3

Women's Study Interdisciplinary Minor

Eddy Hall, Room 210
(970) 491-6182

womensstudies.colostate.edu

Coordinated by Dr. Caridad Souza, Director, Center for Women's Studies and Gender Research

The Women's Studies Program prepares individuals for the needs and opportunities of an increasingly interconnected and interdependent world. Three distinct paths allow students to acquire a Women's and Gender Studies academic preparation. The Ethnic Studies concentration in Women's Studies allows students to engage the complexities and intersections of gender race, sexuality, ethnicity, class, ability, religion, and nationality as analyzed within various disciplines. The interdisciplinary minor in Women's Studies prepares individuals for the needs and opportunities of a changing world by building awareness of the range of human experience, potential, and accomplishment that place women and gender at the center of inquiry. The graduate certificate in Women's Studies allows students, who for professional and/or personal reasons, want to supplement their graduate programs of study with a feminist and Women's Studies framework. At the graduate level, the program presumes a background in Women's Studies courses or substantial work, paid or volunteer, in a Women's Studies applied area of work or service. Each path uniquely fills CSU's central mission and contributes to intersectional, interpersonal, intercultural, and international understandings. Women's Studies transform disciplinary assumptions and theories, create innovative models for teaching and research, and develop practices for challenging systems of power and privilege.

Learning Outcomes

Upon completion of the program of study, students will demonstrate:

- Knowledge of academic disciplines from feminist and intersectional perspectives
- An understanding of the historic and contemporary contributions of women of all cultures
- Effective oral communication, writing, and research skills
- An increase in critical thinking, intellectual, and personal growth
- A critical ideological understanding regarding women and gender implicit in social institutions and structures

Potential Occupations

Contemporary career opportunities can be directly enhanced by students who have a Women's Studies background. Students acquire

jobs in the non-profit sector, such as international relief agencies, domestic violence agencies, homeless shelters, after school programs, and children and family services. Other fields our students have entered include public relations, counseling, union organizing, public policy and research, victim advocacy, and human/civil rights. In several areas such as journalism, communication, business, law, education, and human services, it is now common to choose a career that has a direct focus on women and gender.

In areas that have not traditionally focused on women and gender, an awareness of the history and culture of feminisms, women and the intersections of gender, race, class, and sexism can enhance a person's ability to cope with dilemmas and issues related to gender and sex that arise in the workplace. In addition, students in women's studies have the unique opportunity to apply insights from course work to their own lives, helping them make more informed choices about careers, education, relationships, and community participation.

Students can take Women's Studies courses to satisfy university and disciplinary requirements as electives, and/or part of a Women's Studies program. Students interested in pursuing the Ethnic Studies concentration in Women's Studies, the undergraduate minor or graduate certificate in Women's Studies should contact the Center for Women's Studies. Completion of requirements will be noted on the student's permanent record.

Effective Spring 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Students enrolled in the undergraduate Women's Study Interdisciplinary Minor are required to earn a grade of C (2.000) or better in each course completed for undergraduate minor credit.

Core Courses

ETST 405	Ethnicity, Class, and Gender in the U.S.	3
WS 200	Introduction to Women's Studies	3
WS 472	Seminar in Women's Studies-Social Sciences	3

Intersectionality of Race, Sexuality and Gender¹

Select one of the following courses: 3

ANTH 338	Gender and Anthropology	
ETST 254	La Chicana in Society	
ETST 300	Queer Studies and Women of Color	
ETST 352/ SOWK 352	Indigenous Women, Children, and Tribes	
ETST 411	Black Feminism(s)	
ETST 413	Queer Creative Expressions	

Elective Courses¹

Select 9 credits from the following courses: 9

AM 550	Appearance, Self, and Society	
ANTH 338	Gender and Anthropology	
ANTH 520	Women, Health, and Culture	
E 330	Gender in World Literature	
E 331	Early Women Writers	
E 332	Modern Women Writers	
ECON 211	Gender in the Economy (GT-SS1)	

ETST 254	La Chicana in Society
ETST 300	Queer Studies and Women of Color
ETST 352/ SOWK 352	Indigenous Women, Children, and Tribes
ETST 411	Black Feminism(s)
ETST 413	Queer Creative Expressions
HIST 320	Women and Gender in Europe, 1450-1789
HIST 358	American Women's History to 1800
HIST 359	American Women's History Since 1800
IE 470	Women and Development
PHIL 353	Feminist Philosophies
PSY 327	Psychology of Women
PSY 437	Psychology of Gender
SOC 450	Gender, Crime, and Criminal Justice
SPCM 335	Gender and Communication
WS 397	Group Study
WS 495	Independent Study

Program Total Credits 21

¹ Courses may not be used to satisfy both the "Intersectionality of Race, Sexuality, and Gender" and the "Elective Courses" categories. At least 6 of the 12 credits required for these course selections must be upper-division (300- to 400-level).

Women's Study Interdisciplinary Studies Program

Eddy Hall, Room 210
(970) 491-6182

womensstudies.colostate.edu (<http://womensstudies.colostate.edu>)

Coordinated by the Director of the Center for Women's Studies and Gender Research

The Women's Study interdisciplinary studies programs prepare individuals for the needs and opportunities of an increasingly interconnected and interdependent world. Three distinct paths allow students to acquire Women's Study academic preparation. The Ethnic Studies concentration in Women's Studies allows students to engage the complex of intersections of gender race, sexuality, ethnicity, class, ability, religion, and nationality as analyzed within various disciplines. The interdisciplinary minor in Women's Study prepares individuals for the needs and opportunities of a changing world by building awareness of the range of human experience, potential, and accomplishment that place women and gender at the center of inquiry. The graduate-level program in Women's Study is for students who for professional and/or personal reasons wish to supplement their graduate programs of study. At the graduate level, the program presumes a background in Women's Studies courses or substantial work, paid or volunteer, in a Women's Studies applied area of work or service. Each path uniquely fills CSU's central mission and contributes to intersectional, interpersonal, intercultural, and international understandings. Women's studies transform traditional disciplinary assumptions and theories, creates innovative models for teaching and research, and develops practices for challenging systems of power and privilege.

Learning Outcomes

Upon completion of the program of study, students will demonstrate:

- Knowledge of academic disciplines from feminist and intersectional perspectives
- An understanding of the historic and contemporary contributions of women of all cultures
- Effective oral communication, writing, and research skills
- An increase in critical thinking, intellectual, and personal growth
- A critical ideological understanding regarding women and gender implicit in social institutions and structures

Potential Occupations

Contemporary career opportunities can be directly enhanced by students who have a women's studies background. Students acquire jobs in the non-profit sector, such as international relief agencies, domestic violence agencies, homeless shelters, after school programs, and children and family services. 9-15

- ¹ Required.
- ² Ordinarily interdisciplinary work in women's studies and the candidate's major discipline. The thesis is subject to Women's Studies Board oversight and is separate from departmental thesis/dissertation.
- ³ Colloquium meets twice a semester with faculty and students presenting on-going research and scholarship in women's studies.

Division of Armed Forces Services

- Department of Aerospace Studies
- Department of Military Science

Reserve Officers' Training Corps (ROTC) History

An Act of Congress dated July 2, 1862, provided for military science and tactics instruction in federal land-grant colleges. Such instruction has been given at Colorado State University since its establishment.

In 1919, the Department of Military Science and Tactics of the institution was included in the Reserve Officers' Training Corps under the provisions of the First National Defense Act, July 3, 1916. The ROTC Vitalization Act of 1964 provides for a two-year ROTC program in addition to the traditional four-year program and authorizes ROTC scholarships.

General Information

The Army and Air Force four-year programs complement the four college years and include one summer encampment. Students satisfactorily completing Army or Air Force departmental requirements will be commissioned as second lieutenants in the Army or Air Force.

Additionally, each service offers a two-year program whereby a student may earn a commission after completing two years of ROTC training during the junior and senior undergraduate years or during a two-year graduate degree program. This program is designed for transfer students or students unable to take ROTC training during their freshman and sophomore years.

Each student entering the junior year (freshman or sophomore year if a scholarship recipient) of ROTC enlists in the Army or Air Force Reserve and signs a contract. This contract includes a military service commitment and obligates the student to complete the junior and senior year ROTC courses, and to accept a commission as a second lieutenant. All contracted cadets receive a tax-free stipend of \$300-\$500 per month, incremented by academic year.

Some graduates defer active duty until the attainment of graduate degrees. Opportunities also exist for graduate study while on active duty. Active duty officers may be selected for enrollment at civilian universities in graduate degree programs. When selected, such study is accomplished with full pay and allowances for an officer.

Purpose

The purpose of the Army and Air Force ROTC courses is to develop leadership capabilities, to provide expertise in organizational skills, and to qualify students for duty as officers with the Armed Forces

of the United States. The courses are designed to develop self-confidence, initiative, leadership skills, critical thinking skills, and a sense of duty and honor as a citizen and potential future officer.

College Scholarship Program

Scholarships are available to qualifying students entering or enrolled in the University Air Force or Army ROTC programs. Scholarship consideration is predicated on student ability, performance, and potential. In order to accept the scholarship, if offered, the student must enroll in ROTC, be medically qualified for military service, pass a physical fitness test, and take an oath to defend the constitution of the United States. These ROTC scholarships may provide payment of up to full tuition (resident and non-resident), laboratory expenses, mandatory fees, a textbook allowance of \$900 (Air Force) and \$1,200 (Army) per year, and a tax free stipend of \$300-\$500 per month, depending on academic year.

Details of the scholarship program may be obtained online through the Air Force (<http://afrotc.com>) and Army (<http://goarmy.com>), and from the ROTC department concerned. Refer to the following sections for names of persons who can supply additional information.

Department of Aerospace Studies

Office in Military Science Building, Room 204A
(970) 491-6476
airforce.colostate.edu (<http://airforce.colostate.edu>)
afrotc.com (<http://afrotc.com>)

Colonel Kip B. Turain, USAF, Professor of Aerospace Studies

Air Force ROTC

The preparation of future Air Force officers is provided through the Air Force ROTC program. Enrollment is open to any student attending the University on a full-time basis. The curriculum provides the individual with a firm understanding of the concepts of aerospace power and the Air Force mission, organization, and operation.

Enrollment in AFROTC is voluntary and accomplished through the fall and spring registration periods. Scholarships are available in many academic disciplines on a competitive basis. Approximately one-third of the students hold scholarships. Depending on the semester, approximately one-quarter of the cadet corps consists of women. Almost all Air Force career fields are open to women, including pilot positions.

General Program

The four-year program consists of the General Military Course (GMC) during the freshman and sophomore years and the Professional Officer Course (POC) for the remaining two years of college. Compressed options may be available for students starting after their freshman year. Four-year cadets participate in a four-week field training period during the summer between their sophomore and junior years. Students may enroll in the Aerospace Studies courses for credit or to earn a minor; however, they are not considered members of Air Force ROTC.

Scholarships

Air Force ROTC offers college students scholarships to pay for up to \$18,000 tuition, most fees, and \$600 per year for books. In addition, all students on scholarship receive a nontaxable monthly allowance

during the academic year. Currently, the monthly amount is \$300 for freshmen increasing each year up to \$500 for seniors. The program is open to college freshmen and sophomores in any major.

Summer Programs

Air Force ROTC offers many summer programs to take advantage of. Before completing the ROTC program all cadets must complete field training, which is a rigorous four-week program involving physical conditioning, weapons training, and survival training. But more than that field training is an opportunity to develop your skills as both a leader and team member. In addition to field training, cadets may choose to participate in other experiences and you will be able to tell your friends that you did something truly amazing. These summer programs include: freefall parachuting, advanced engineering, NASA research, nurse orientation, cultural and language immersion programs, and several others. In addition to the experience of a lifetime, you will receive travel to and from the location, room and board, and daily training pay.

Active Duty Obligation

There is no active duty obligation for enrolling in either the freshman or sophomore AFROTC courses. Students who complete the Air Force ROTC program and receive a commission incur a minimum four-year, active duty commitment. Pilots and navigators serve additional commitments from the time they complete their training.

Requirements

Minor in Aerospace Studies

The minor in aerospace studies is offered to any student completing the course of study listed below. In addition to studying Air Force organizations, missions, and operations, the student will gain a broad perspective of the military in general by studying the history of all Department of Defense Services and completing at least one Army ROTC course, thus emphasizing our country's focus on "joint" military operations.

Effective Spring 2011

Additional coursework may be required due to prerequisites.

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Department of Military Science

Military Science Building, Room 102

(970) 491-6506

armyrotc.colostate.edu (<http://armyrotc.colostate.edu>)

Colonel (Ret) Peter Bleich, Recruiting Operations Officer

Army ROTC

The Army ROTC program provides professional education and leadership training to those students who desire to serve our country as officers in the U.S. Army upon graduation. Successful completion of the program qualifies ROTC cadets for both a commission as a second lieutenant in the Army and an opportunity to serve at least three years on active duty or at least six years in the reserve component (Army Reserve or Army National Guard).

The successful ROTC cadet may choose one of the 16 diverse and exciting career fields in which to serve as an Army officer. A list of these career fields may be obtained from the Department of Military Science.

General Program

The Military Science Program is subdivided into two levels. The basic course is aligned with the freshman and sophomore years and consists of the fundamentals of leadership and management, land navigation, small unit operations, survival, and rappelling. The advanced course is aligned with the junior and senior years and covers leadership assessment, military history, ethics, and professionalism. It also includes leadership skills that prepare the cadet for entry into active or reserve duty as a commissioned officer. Participation in leadership laboratories is open to all students who are enrolled in a military science class.

Two-Year and Graduate Degree Programs

A two-year program is also available for students who have not taken the first two years of ROTC or those who have completed an undergraduate degree and are seeking a two-year graduate program. This program requires the student to attend a summer course at Fort Knox, Kentucky, or have completed basic training from prior enlisted service, between the sophomore and junior years or prior to starting a graduate degree program. This four-week course consists of basic military training and allows the student to enter the advanced course upon return to campus.

Another option to attain an officer's commission is through the Simultaneous Membership Program (SMP). This program allows a cadet who is a member of an Army Reserve or Army National Guard unit to be in the advanced course of ROTC, be paid at the cadet drill pay rate (equivalent to E-5 pay), work as an officer trainee in their unit, and compete for an Army reserve component or active duty commission. Students can also receive the GI Bill and tuition assistance benefits while in Army ROTC.

The Military Science curriculum is intended to enrich and supplement baccalaureate or postgraduate studies in all fields. The Army recognizes the need for officers with varied academic credentials and will award a commission to students who successfully complete ROTC.

Flight Training

After commissioning, flight training is available, although competitive, to those officers who have taken and passed the flight physical and flight aptitude test and have been selected for service within the Aviation Branch. The test is normally administered during the MS III or junior year of ROTC. Training will be rotary wing (helicopter) training.

Scholarships

Colorado State Army ROTC scholarship students may be awarded scholarships that pay full tuition (in-state or out-of-state), mandatory fees, \$1,200 per year for books and a graduated stipend (living allowance) of \$300 per month up to a maximum of \$500 per month. Applications for the four-year scholarship can be requested by calling 1-800-USA-ROTC or apply online at armyrotc.com (<http://armyrotc.com>). Two- and three-year scholarships for sophomores and freshmen, respectively, may be applied for throughout the school year directly through the on-campus Army ROTC Program.

Financial Assistance Opportunities

In addition to two-, three-, and four-year scholarships, Army ROTC has the Simultaneous Membership Program (SMP), which provides additional experience and financial assistance from two sources: a National Guard or Reserve unit and Army ROTC. SMP students may also qualify for GI Bill benefits, loan repayment money, and up to 100% tuition assistance money, based on available funding and service time.

Requirements

Minor in Military Science

ROTC students can earn a minor in Military Science. The minor requires 27 credits, which encompass approximately 87% of the military science courses, a military history course, and summer training. This minor allows ROTC students to compete in the University Honors Program or complete majors that also require a minor.

Effective Spring 2015

In order to receive a minor in Military Science, students must commission as 2nd Lieutenants in the U.S. Army upon graduation from CSU.

Lower Division

Select 8 credits from the following:	8
MLSC 101 Leadership and Personal Development	
MLSC 102 Introduction to Tactical Leadership	
MLSC 201 Innovative Team Leadership	
MLSC 202 Foundations of Tactical Leadership	
MLSC 250 Basic Camp Leader Internship ^{1,2}	
Credit awarded for prior military service ³

MLSC 402	Leadership in a Complex World ⁵	3
MLSC 496	Military Science Group Study VII	1
MLSC 497	Military Science Group Study VIII	1
Program Total Credits		27

- ¹ Taken between the student's sophomore and junior years, the five-week Basic Camp (MLSC 250) will meet commissioning requirements for MLSC 101, MLSC 102, MLSC 201, MLSC 202. The number of 100- and 200-level MLSC courses taken will determine the number of credits awarded for MLSC 250.
- ² Students who have taken all of the Basic Course (MLSC 101, MLSC 102, MLSC 201, MLSC 202) or have completed Basic Training as a prior service member are not eligible to take MLSC 250.
- ³ Students may be given transfer credit for prior military service that can be applied to lower-division credits.
- ⁴ Students may substitute MLSC 395 for MLSC 301 and MLSC 302 with approval from advisor and instructor.
- ⁵ Students may substitute MLSC 495 for MLSC 401 and MLSC 402 with approval from advisor and instructor.

Environmental Studies

The broad spectrum of environmental studies at CSU is uniquely dispersed in 100 majors and concentrations housed in departments throughout CSU. As a land-grant institution, a key component of CSU's mission is to provide education in environmental management, science, and policy. It is difficult to find a degree or department that does not directly address environmental issues at local, national, and international scales. Campus-wide participation in environmental science and management is a result of fundamental linkages between basic science and management of critical environmental issues. Consequently, a unique strength of CSU is a tradition of interdisciplinary research, teaching, and service, which is essential in understanding the environmental issues of today's world.

Programs engaged in environmental studies at CSU have goals that include:

- Understanding that scientific knowledge, policy considerations, and ethical issues are necessarily joined;
- Comprehending the interrelationships among the environment, natural resources, and human society.
- Perceiving the need to integrate diverse social, political, legal, institutional, and scientific considerations inherent in attaining environmental goals;
- Educating students to be articulate, sensitive, and knowledgeable about the complexity of environmental issues facing society;
- Providing a balanced understanding of the natural and social processes as they relate to the environment.

Some examples of the many areas in environmental studies at CSU are: agricultural business; air pollution assessment and management; air quality; biological control and pest management; global climate change; biodiversity and conservation biology; biomedical engineering; ecology and ecosystem management; ecotourism; ecotoxicology; environmental communication; environmental

engineering; environmental ethics; environmental history and policy analysis; environmental horticulture; environmental soil science; environmental geology, land ethics, and stewardship; environmental sociology; natural resource economics; natural resources and environmental management; natural resource tourism; occupational health and workplace management/control; park and protected areas management; pesticide management; pollution control; reproductive and environmental risk factors; risk assessment and management; solid and hazardous waste management; sustainable building design and construction; and water chemistry, quality, and management.

The programs at CSU that engage in environmental studies are incorporated within existing majors in the following colleges (departments): *College of Agricultural Sciences* (Agricultural and Resource Economics; Bioagricultural Sciences and Pest Management (graduate only); Horticulture and Landscape Architecture; Soil and Crop Sciences; *College of Health and Human Sciences* (Construction Management); *College of Engineering* (Atmospheric Science (graduate only); Chemical and Biological Engineering; Civil and Environmental Engineering; Mechanical Engineering; *College of Liberal Arts* (Anthropology; English; History; Philosophy; Political Science; Sociology); *Warner College of Natural Resources* (Fish, Wildlife, and Conservation Biology; Ecosystem Science and Sustainability; Forest and Rangeland Stewardship; Geosciences; Human Dimension of Natural Resources; Natural Resource Ecology Laboratory); *College of Natural Sciences* (Biology; Biochemistry and Molecular Biology; Chemistry; Physics; Psychology); *College of Veterinary Medicine and Biomedical Sciences* (Biomedical Sciences; Environmental and Radiological Health Sciences; Microbiology, Immunology, and Pathology). In addition, CSU offers an Environmental Affairs Interdisciplinary Studies Program and an Undeclared Environmental/Natural Resource Interest for students who first wish to explore options with environmental studies campus-wide before selecting a major (contact the Warner College of Natural Resources for more information on the undeclared option). For further information about specific environmental studies-focused majors, please contact the respective college/department and see their program descriptions within this catalog.

School of Global Environmental Sustainability (SoGES)

Office in Johnson Hall, Room 108
(970) 491-4070

The School of Global Environmental Sustainability (<http://sustainability.colostate.edu>) (SoGES) seeks to prepare students to meet today's pressing environmental challenges. Using an interdisciplinary approach within a framework of sustainability, students will be led in innovative research leading to the knowledge and understanding needed to approach and solve problems of the human-environment interaction. SoGES' vision encompasses laying the foundation and defining the principles and practices that will ensure long-term environmental sustainability, while continuing to meet the needs of people around the earth.

Mentored Research and Artistry Program

Office in the TILT Office for Undergraduate Research and Artistry
(970) 491-1566

tilt.colostate.edu/oura (<http://tilt.colostate.edu/oura>)

Mark A. Brown, Director

Program Background

The faculty, staff, and students at CSU are actively engaged in a wide range of scholarly activities that both anticipate and respond to the interests and needs of the people of Colorado, the nation, and the world. In these endeavors, we are recognized as one of the most highly rated public research universities in the United States. Faculty, staff, and students at CSU are pioneers in a variety of disciplines that help shape our global environment. The Mentored Research and Artistry Program provides a structure for undergraduate students to engage in these activities. Whether investigating infectious disease or the benefits of music therapy, international economics, or regional climate change, every undergraduate is encouraged to contribute to the scholarly output of CSU.

Program Philosophy

Aristotle noted, "For the things we have to learn before we can do them, we learn by doing them." The development and application of new knowledge plays an essential role at research-intensive universities, enhancing both learning and teaching. The Mentored Research and Artistry Program allows students to initiate a learning experience under the close guidance of a faculty mentor. Research and artistry, as an extension of the learning experience beyond the classroom, leads to the acquisition of skills and unique mindsets necessary to create new ideas and expand human knowledge. Through inquiry, students become their own teachers pursuing answers to unresolved questions and enriching their educational experience. For example, a student may use techniques learned in a chemical engineering laboratory to explore alternatives for clean energy. Another student might expand the technical repertoire of acrylic painting in the context of experimenting on canvas. In all cases, each student's path to new knowledge is enhanced with the guidance and experience of a mentor. The role of faculty mentors in undergraduate inquiry is to provide input, feedback, and support while guiding students in the responsible and ethical pursuit of new knowledge and experiences.

Main Features

The Mentored Research and Artistry Program is designed to enhance and recognize the learning experiences of undergraduates who are engaged in research, artistry, or other forms of creative work. The experience allows students to distinguish themselves as undergraduate scholars in their disciplines. This opportunity is open to all undergraduate students in good academic standing who have at least two full semesters remaining before graduation. The criteria for completion of the program are rigorous, ensuring that only the most dedicated students receive the distinction of Mentored Research and Artistry Program on their transcript. Students earn the right to wear the Mentored Research and Artistry Program's Silver Ribbon with their graduation regalia and of listing this distinction among their academic achievements.

Requirements

To complete the program, the following requirements must be satisfied.

1. Inquiry projects must be conducted under the guidance of a faculty, staff, or industry mentor for a minimum duration of two

semesters. Approval of projects by the Office for Undergraduate Research and Artistry is required. Forms and guidelines for program registration are available at TILT (<http://tilt.colostate.edu/oura>).

2. Participating students must complete a workshop on the Responsible Conduct of Research (<http://rcr.colostate.edu>) (RCR), provided regularly by the Office for Undergraduate Research and Artistry. Upon completion of the RCR workshop, participants are required to complete the online RCR training and examination module available at RCR (<http://rcr.colostate.edu>). Students must register and actively participate in a student organization related to their discipline and approved by the Office for Undergraduate Research and Artistry. Students will be required to submit a letter from the organization's Faculty/Graduate advisor verifying the student's active involvement for at least two semesters.
3. Students must complete a research methods course with a grade of C or higher. The course must be approved by the Office for Undergraduate Research and Artistry.
4. Inquiry projects must be presented at the CSU's annual Celebrate Undergraduate Research and Creativity (CURC) Showcase or another venue approved by the Office for Undergraduate Research and Artistry, such as a regional or national conference. A program highlighting the participant's project or a letter of verification from the faculty mentor must be included with the final report.
5. Projects must be submitted for publication in the CSU's Journal of *Undergraduate Research and Scholarly Excellence* or in another peer-reviewed journal, approved by the Office for Undergraduate Research and Artistry. A copy of the published manuscript or correspondence from an editor of the journal to which a manuscript has been submitted indicating the manuscript is under review should be included with the participant's final report.

Upon completion of a project, participants must submit a final report including a summary of the project, its outcomes, and a detailed reflection of the experience along with a letter from the mentor (report forms and guidelines are available at TILT (<http://tilt.colostate.edu/oura>)). The Office for Undergraduate Research and Artistry will generate an electronic file for each participant. Upon submission of the final report, the Office for Undergraduate Research and Artistry will review the file and confirm the student's successful completion of the program notifying the CSU Registrar's Office for transcription of the Mentored Research and Artistry Program.

University Honors Program

Office in Academic Village, B 102
(970) 491-5679
honors.colostate.edu (<http://honors.colostate.edu>)

Program Philosophy

The University Honors Program, established in 1957, is a special learning community that offers extraordinary students a wide range of enriching educational experiences. Hallmarks of the program include small classes and interdisciplinary seminars taught by some of the University's finest teachers, individualized academic advising, faculty-mentored research and other creative activities, an optional residential learning community in the Academic Village, early registration for classes, co-curricular activities, a scholarship for students who enter the program in the freshman year, and assistance with applications for prestigious post-graduate awards. Approximately 1,500 students

participate in the program where they receive a world class education, enjoy the personalized attention typically found at a small college, and benefit from the resources and diversity of a nationally acclaimed research university.

Main Features

University Honors Core Curriculum. Two curricular options provide enriched educational experiences for high ability students in all majors. The Track 1 curriculum, designed for entering first-year students is composed of five Honors seminars, two Honors courses in the major, and a faculty-mentored senior year creative activity (thesis). Completing Track 1 fulfills five of the categories in Colorado State University's All University Core Curriculum, as well as the oral communications requirement in most majors that require a speech class. Participating in the Honors program provides for a more enriched and rewarding education without extending the time to graduation.

The Track 2 curriculum, designed for continuing or transfer students, is composed of one to two honors seminars, five or six Honors courses (15-18 credits) in the major and a faculty-mentored senior year creative activity (thesis). Students who have completed 15+ credits at college level and have a 3.5 cumulative grade point average are eligible to apply. Entering first-year students who transfer 30+ credits that already satisfy many AUCC categories through AP, IB, or college courses are eligible for Track 2.

Graduating as a University Honors Scholar. Students who complete the Honors requirements and achieve at least a 3.5 cumulative grade point average earn the prestigious designation of University Honors Scholar. Scholars are recognized at graduation, and the University Honors Scholar designation appears on their diplomas and transcripts. For more information on graduation as a University Honors Scholar, see the section on Scholastic Standards.

Admission to the Program. The application and selection process, which targets high school seniors and transfer students, is designed to attract an Honors class that represents high academic achievement, diversity of life experiences, and great promise for contributing to the Honors and University communities. Typically, 390 first-year students enroll in the Honors Program each year. Currently enrolled CSU students may also apply to the University Honors Program after their first semester of college, and high-achieving transfer students are invited to apply.

The Honors Residential Learning Community. The optional Honors Residential Learning Community (HRLC) is located in the Academic Village and in Edwards Residence Hall. It links in-class and out-of-class student learning through residence life experiences and special programs. Students, especially first-year students, are encouraged to take advantage of this special opportunity. The HRLC is home to the Honors Office and classrooms that are used for seminars, special lectures, study sessions, and a wide variety of co-curricular activities. The 24/7 Fireside Lounge is located near the Program Office in the Academic Village.

The Honors Merit Scholarship. All new freshmen who have been admitted to, confirm to the program, and participate in the University Honors program receive a renewable scholarship. Students who remain in good standing with the University Honors Program and meet the minimum GPA requirement for continuation of the honors merit scholarship will receive the scholarship for four years. Students entering their senior year are also invited to apply for additional

donor-funded scholarships, and all honors students are encouraged to apply for Honors Enrichment Awards and Thesis Improvement Grants to supplement their educational activities.

Requirements

Honors Entering Student Pathway (Option 1)

Honors Entering Student Pathway (Option 2)

Honors Continuing/Transfer Student Pathway

University Honors Core Curricula

The Honors program of study provides exceptional academic studies that include breadth and perspectives, in-depth studies, a senior year creative activity, and Honors elective courses. Two curricular pathways provide enriched educational experiences for high ability students in all majors. The Entering Student Pathway curriculum fulfills nearly half of the All-University Core Curriculum (AUCC) requirements, allowing Honors students to graduate on schedule and without additional cost. The Continuing/Transfer Student Pathway curriculum satisfies Honors requirements by taking Honors courses in their majors and departments. Students who complete either curriculum and graduate with a cumulative 3.5 GPA or greater receive "University Honors Scholar" designation on their diploma and transcripts.

The Honors courses enroll between 18 and 22 students and are taught by some of the University's finest teachers.

Honors Entering Student Pathway (2 Options) Effective Fall 2015

Option 1

Freshman

	AUCC	Credits
HONR 192 Honors First Year Seminar		4
HONR 193 Honors Seminar	1A	3
Total Credits		7

Sophomore

Select one course from the following:		3
HONR 292 Honors Seminar—Knowing in Arts and Humanities	3B	
HONR 293 Honors Seminar—Knowing Across Cultures	3E	
Honors course ¹		3
Total Credits		6

Junior

HONR 392 Honors Seminar	3B	3
HONR 399 Pre-thesis		1
Honors course ²		3
Total Credits		7

Senior

HONR 492 Honors Senior Seminar	3C	3
--------------------------------	----	---

Freshman

	AUCC	Credits
HONR 499 Senior Honors Thesis		3
Total Credits		6
Program Total Credits:		26

- ¹ Sophomore-level Honors course in the student's major, department, and/or college.
- ² Upper-division Honors course in the student's major, department, and/or college.

Students completing the Honors Core Curriculum will fulfill the All-University Core Curriculum (AUCC) core competency requirements in the following categories: 1A – Intermediate Writing; three credits of the six required for 3B – Arts and Humanities; 3C – Social and Behavioral Sciences; 3D – Historical Perspectives; 3E – Global and Cultural Awareness. Students completing some, but not all, of the program will fulfill some of the AUCC core competencies. Complete details are available from the Honors Program office.

Option 2

Option 2 is available only to entering students with >30 transfer credits.

Freshman

	AUCC	Credits
HONR 192 Honors First Year Seminar		4
Total Credits		4

Sophomore

Select one course from the following:		3
HONR 292 Honors Seminar—Knowing in Arts and Humanities	3B	
HONR 293 Honors Seminar—Knowing Across Cultures	3E

Program Total Credits:		25

Students may take an Honors course in the major and/or enroll in elective Honors courses in their first year on campus.

¹ Eighteen honors credits (sophomore [200-level], upper-division [300- to 400-level], graduate [500-level], etc.) in the major or discipline; not more than 3 credits at the sophomore level; not more than 3 credits may be outside of major or discipline.

Peace Corps Master's International Programs

Office of International Programs – Laurel Hall
(970) 491-5917

The Peace Corps Master's International Program (<http://international-initiatives.colostate.edu/pcm>) offers the unique opportunity to pair graduate studies with volunteer service abroad. Participants earn a degree from CSU while advancing the skills and education needed to serve successfully abroad. Programs are offered within the Warner College of Natural Resources (<http://warnercnr.colostate.edu>), College of Agricultural Sciences (<http://agsci.colostate.edu>), Department of English (<http://english.colostate.edu>), Department of Food Science and Human Nutrition (<http://www.fshn.chhs.colostate.edu>), and the Colorado School of Public Health at CSU (<http://www.publichealth.colostate.edu>). Prospective students must apply to a participating CSU graduate program and to the Peace Corps (<http://www.peacecorps.gov>).

Students take approximately three semesters of coursework on campus, serve 27 months in a Peace Corps host country, and return to campus to complete a professional paper or portfolio. Peace Corps Master's International students have the advantage of having conducted academic and significant development work abroad,

developing a broader worldview and the skills and education to continue to make a difference domestically and internationally.

For more information, contact your program of interest.

College of Agricultural Sciences

Office in Shepardson Building, Room 121
(970) 491-6274
agsci.colostate.edu (<http://agsci.colostate.edu>)

Professor Ajay Menon, Dean
Professor Nancy A. Irlbeck, Associate Dean of Academic Affairs
Professor Jeffrey Steiner, Associate Dean for Research

Undergraduate Majors

- Agricultural Business
- Agricultural Education
- Animal Science
- Environmental and Natural Resource Economics
- Environmental Horticulture
- Equine Science
- Horticulture
- Landscape Architecture
- Soil and Crop Sciences

Undergraduate Minors

- Agricultural and Resource Economics
- Agricultural Literacy
- Entomology
- Horticulture
- Environmental Horticulture
- Plant Health
- Soil Restoration and Conservation
- Soil Science

Interdepartmental Minor

- Interdisciplinary Minor in Organic Agriculture

Master Programs

Master of Agriculture, Plan A

Master of Agriculture, Plan B

Master of Agricultural Extension Education, Plan C

Master of Agriculture, Integrated Resource Management Specialization

Master of Agriculture, Plan A, Teacher Development Specialization

Master of Agriculture, Plan B, Teacher Development Specialization

Agriculture was the first science . . . the progenitor of sciences . . . and it remains the science that supports human life. It is a science concerned with improving the quality of life and maintaining a productive, safe, and sustainable environment. Agricultural programs integrate biological, physical, and social sciences with agricultural sciences. Students may look forward to careers in basic and applied research; production and utilization of food and related products; resource use and conservation; industry and business; education and public service; technical and professional services; professional, scientific, and technical communication; governmental, as well as the policy and regulations of our agricultural systems.

College Programs

Undergraduate Majors

Undergraduate programs lead to a Bachelor of Science degree which requires a minimum of 120 credits with a minimum of 42 credits in upper-division courses. Most departments have a 12-credit limit for independent study and/or internship courses in fulfillment of the 120 credits (specific limits may be obtained from the individual department). Information on interdepartmental and departmental majors, the various concentrations available, and career opportunities are described on individual program pages. Students may consider simultaneously completing the requirements for a second major. Information about Second Major Requirements can be found in the section on Undergraduate Degrees.

Internships

Students are encouraged to select an internship with an approved cooperator. The student's department determines the number of allowable credits. Internships are available each term including the summer term. Internships normally require 45 hours of contact per academic credit and do allow a stipend to be provided, though many are unpaid. Application should be made to the department at least 30 days before the term of the internship.

Education Abroad

Education Abroad programs are available to students in the College of Agricultural Sciences to become global citizens; the knowledge of other cultures is valuable in understanding our own. Students are encouraged to study outside the United States as part of their overall program at CSU. There are active programs in Australia, New Zealand, France, Costa Rica, Spain, and Mexico, in addition to other countries. Students interested in education abroad should plan in advance by visiting the College of Agricultural Sciences (<http://agsci.colostate.edu>) and discussing opportunities with their academic advisor, the Associate Dean of Academic Affairs, and/or by visiting the Office of International Programs (<http://international.colostate.edu>) in Laurel Hall.

Transfer of Credits from Other Institutions

Students who expect to transfer to the College of Agricultural Sciences are advised to plan carefully and in advance of their planned

transfer to ensure that transfer credits meet required courses in their chosen major. Transfer evaluations are generally determined by the Registrar's Office, although departments determine transfer of courses required by the department. Students planning to transfer to CSU are encouraged to access Transferology (<https://www.transferology.com/login.htm>)™ to determine if courses they are taking at another institution will transfer to CSU. If a course is not listed, they should contact the Registrar's Office on campus. (Note: Credits from two-year colleges are not accepted for 300 and above level courses at CSU.) The College of Agricultural Sciences welcomes transfer students from both two- and four-year colleges and encourages potential transfer students to work closely with the University to minimize transfer issues.

Currently the College of Agricultural Sciences is the only institution that has the ability to grant a four-year baccalaureate in agriculture. For that reason, the College works hard to collaborate with community and four-year colleges across Colorado; collaboratively with the state-wide organization entitled CACTA (Colorado Association of Colleges and Teachers of Agriculture); to develop state-wide articulation agreements as well as transfer arrangements. This information can be found at the Registrar's Office. (<http://registrar.colostate.edu/transfer-guides>) Because of a mutual general education core, students that take courses for a major listed on a state-wide agreement are guaranteed to graduate in an additional 60 credits if they follow course recommendations.

Department of Agricultural and Resource Economics

Office in Clark Building, Room B320

(970) 491-6325

dare.agsci.colostate.edu (<http://dare.agsci.colostate.edu>)

Graduate Graduate Programs in Agricultural and Resource Economics

The department offers graduate programs leading to Master of Science and Doctor of Philosophy degrees. A description of these programs may be found in the Graduate and Professional Bulletin or on the department's website (<http://dare.agsci.colostate.edu>).

Master Programs

- Master of Science in Agricultural and Resource Economics, Plan A
- Master of Science in Agricultural and Resource Economics, Plan B

Ph.D.

- Ph.D. in Agricultural and Resource Economics

Courses

Subjects in this department include: Agricultural and Resource Economics (AREC) and Agricultural Education (AGED).

Agricultural and Resource Economics (AREC)

AREC 202 Agricultural and Resource Economics (GT-SS1) Credits: 3 (3-0-0)

Course Description: Introduction to decision-making by consumers, firms, and government and the resulting allocation of resources through markets.

Prerequisite: MATH 117, may be taken concurrently or MATH 118 or MATH 124 or MATH 125 or MATH 126 or MATH 141 or MATH 155 or MATH 159 or MATH 160.

Registration Information: Credit not allowed for both AREC 202 and ECON 202.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Social & Behavioral Sciences 3C, Economic or Political Systems (GT-SS1).

AREC 224 Introduction to Agribusiness Entrepreneurship Credit: 1 (0-0-1)

Course Description: Introductory exposure to entrepreneurship for agribusinesses through presentations by industry professionals.

Prerequisite: AREC 202, may be taken concurrently or ECON 202, may be taken concurrently.

Registration Information: Required field trips. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AREC 240 Issues in Environmental Economics (GT-SS1) Credits: 3 (3-0-0)

Also Offered As: ECON 240.

Course Description: Discussion and economic analysis of current environmental issues with special emphasis on the impact of economic growth.

Prerequisite: None.

Registration Information: Credit not allowed for both AREC 240 and ECON 240.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Social & Behavioral Sciences 3C, Economic or Political Systems (GT-SS1).

AREC 305 Agricultural and Resource Enterprise Analysis Credits: 3 (2-2-0)

Course Description: Use of records in agricultural and resource enterprise management; analytical methods, budgets, and planning techniques for improved decision making.

Prerequisites: (CIS 120 or BUS 150 or CS 110) and (AREC 202 or ECON 202).

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 310 Agricultural Marketing Credits: 3 (3-0-0)

Course Description: Market structure, behavior, and performance including futures market and market games theory.

Prerequisite: AREC 202 or ECON 202.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 311 Agricultural and Resource Product Marketing Credits: 3 (3-0-0)

Course Description: Theory and practice of marketing-differentiated agricultural products and natural resource amenities with focus on strategies and market trends.

Prerequisite: AREC 202 or ECON 202.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 325 Personnel Management in Agriculture Credits: 3 (3-0-0)

Course Description: Human resource issues for agribusiness firms. Managing employees, legal issues, negotiation methods, and benefits packages. Workplace professionalism.

Prerequisite: AREC 202 or ECON 202.

Restriction: .

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 328 Small Agribusiness Management Credits: 3 (3-0-0)

Course Description: Apply business principles to small agribusinesses and cooperatives.

Prerequisite: AREC 202 or ECON 202.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 335 Introduction to Econometrics Credits: 3 (3-0-0)

Also Offered As: ECON 335.

Course Description: Estimating statistical regression models of economic relationships; treatment of special problems that may arise in analysis of economic data.

Prerequisites: (ECON 204) and (MATH 141 or MATH 155 or MATH 160) and (STAT 201 or STAT 204 or STAT 301 or STAT 307 or ERHS 307).

Registration Information: Credit not allowed for both AREC 335 and ECON 335.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 340 Introduction: Economics of Natural Resources Credits: 3 (3-0-0)

Course Description: Concepts, theories, institutions; analytical methods for economic evaluation of alternative resource use patterns and land use plans.

Prerequisite: AREC 202 or ECON 202.

Registration Information: Credit not allowed for both AREC 340 and ECON 340. Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 341 Environmental Economics Credits: 3 (3-0-0)

Course Description: Economic theories and analytic frameworks are developed and applied to contemporary problems of the use and protection of the natural environment.

Prerequisites: (AREC 202 or ECON 202) and (AREC 240 or ECON 240).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 342 Water Law, Policy, and Institutions Credits: 3 (3-0-0)

Course Description: Legal water issues within the context of historical, social and economic development with emphasis on the southwestern United States.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 346 Economics of Outdoor Recreation Credits: 3 (3-0-0)

Also Offered As: ECON 346.

Course Description: Benefit cost framework in public planning for outdoor recreation, pricing problems, projecting demand, and regional economic development.

Prerequisite: AREC 202 or ECON 202.

Registration Information: Credit not allowed for both AREC 346 and ECON 346.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 375 Agricultural Law Credits: 3 (3-0-0)

Course Description: Laws, regulations, case decisions affecting ranching and farming in the Rocky Mountain area.

Prerequisite: None.

Restriction: Must be a: Junior.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 381 Introduction to Environmental Economics Credits: 3 (3-0-0)

Course Description: Design and measurement of economic values and environmental policy; how the theory can be used to construct solutions to real-world problems.

Prerequisites: (AREC 202 or ECON 202) and (MATH 118 or MATH 124 or MATH 125 or MATH 126 or MATH 141 or MATH 155 or MATH 160).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 405 Agricultural Production Management Credits: 3 (2-2-0)

Course Description: Economic principles of agricultural production decisions with linear programming analysis of production choices and farm planning.

Prerequisite: AREC 305.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 408 Agricultural Finance Credits: 3 (3-0-0)

Course Description: Monetary affairs of agribusiness and agricultural production emphasizing credit institutions and procurement, investment, and management.

Prerequisite: AREC 305.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 412 Agricultural Commodities Marketing Credits: 3 (3-0-0)

Course Description: Agricultural marketing and agribusiness principles applied to current marketing problems relating to livestock and field and horticultural crops.

Prerequisite: AREC 310.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AREC 415 International Agricultural Trade Credits: 3 (3-0-0)

Course Description: Agricultural trade patterns and institutions; trade theory with applications to agriculture. Current issues in agricultural trade.

Prerequisites: AREC 310 and ECON 204.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 428 Agricultural Business Management Credits: 3 (3-0-0)

Course Description: Economic analysis, organization, and management practices of agriculture and food industries studied through simulation, case study, computer labs.

Prerequisites: AREC 305 and AREC 310.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 440 Advanced Environmental and Resource Economics Credits: 3 (3-0-0)

Course Description: Microeconomic techniques to rigorously explore economic decision-making and policy as they apply to environmental and natural resource problems.

Prerequisites: (AREC 340 or ECON 340) and (AREC 341 and ECON 306).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 442 Water Resource Economics Credits: 3 (3-0-0)

Course Description: An in-depth exploration of the role of economics in water resource planning.

Prerequisites: AREC 342 and ECON 306, may be taken concurrently.

Registration Information: Credit not allowed for both AREC 442 and AREC 542.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 452 Real Estate Appraisal Principles Credits: 2 (2-0-0)

Also Offered As: REL 452.

Course Description: Theoretical principles that underlie real estate appraisal methods.

Prerequisites: (AREC 202 or ECON 202) and (AREC 305 or REL 360).

Registration Information: Credit not allowed for both AREC 452 and REL 452.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 453 Real Estate Appraisal Practices Credits: 2 (2-0-0)

Also Offered As: REL 453.

Course Description: Procedures and practices used in real estate appraisal.

Prerequisite: AREC 452, may be taken concurrently or REL 452.

Registration Information: Credit not allowed for both AREC 453 and REL 453.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 460 Ag- and Resource-Based Economic Development Credits: 3 (3-0-0)

Course Description: Indicators, tools and approaches for agriculture- and natural resource-based economic development in resource dependent countries and communities.

Prerequisite: ECON 306.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 478 Agricultural Policy Credits: 3 (3-0-0)

Course Description: Formulation and administration of public policies affecting agricultural industries and rural areas in the United States.

Prerequisite: AREC 202 or ECON 202 or AREC 240 or ECON 240.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 480A1 Agriculture Trade Credits: 3 (0-0-3)

Course Description: Current issues in agriculture trade, patterns of trade across developed and developing countries, trade laws, trading blocks and partners.

Prerequisite: AREC 310.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 484 Supervised College Teaching Credits: Var[1-5]

Course Description:

Prerequisite: None.

Registration Information: Maximum of 10 credits allowed in course.

A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

AREC 487 Internship Credits: Var[1-6]

Course Description:

Prerequisite: None.

Registration Information: May be taken for a maximum of 6 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AREC 495 Independent Study Credits: Var[1-6]

Course Description:

Prerequisite: None.

Registration Information: May be taken for a maximum of 6 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AREC 496 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AREC 505 Agricultural Production Economics Credits: 3 (3-0-0)

Course Description: Empirical applications of production economic theory for use of inputs and allocation of resources in agricultural, natural resource sectors.

Prerequisites: (MATH 141) and (AREC 405 or ECON 306).

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 506 Applied Microeconomic Theory Credits: 3 (3-0-0)

Also Offered As: ECON 506.

Course Description: Introduction to mathematical models in modern microeconomics, including choices and demand, production and supply, and market structures and failures.

Prerequisite: ECON 306.

Registration Information: Credit not allowed for both AREC 506 and ECON 506.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 507 Applied Welfare and Policy Analysis Credits: 3 (3-0-0)

Course Description: How policies are crafted to effectively address social issues, especially for agriculture and the environment, and how they impact society.

Prerequisite: ECON 306.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 508 Financial Management in Agriculture Credits: 2 (2-0-0)

Course Description: Systematic approach to understanding and applying financial management in farm businesses.

Prerequisites: (AREC 408 or FIN 305) and (ECON 306).

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 510 Agricultural Product Marketing Credits: 3 (3-0-0)

Course Description: Marketing techniques, industrial organization/competition for agricultural products in US domestic, international trade, and developing country markets.

Prerequisites: (AREC 310) and (AREC 335 or ECON 335).

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 530 Agricultural Price Analysis Credits: 3 (3-0-0)

Course Description: Agricultural commodity prices related to neoclassical economics; current literature emphasizing management problems.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 535 Applied Econometrics Credits: 3 (3-0-0)

Also Offered As: ECON 535.

Course Description: Econometric techniques applied to testing and quantification of theoretical economic relationships drawn from both microeconomics, macroeconomics.

Prerequisites: (AREC 335 or ECON 335) and (ECON 304 or ECON 306).

Registration Information: Credit not allowed for both AREC 535 and ECON 535.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 540 Environmental and Natural Resource Economics Credits: 3 (3-0-0)

Also Offered As: ECON 540.

Course Description: Theory, methods, and policy in environmental and natural resource economics.

Prerequisite: AREC 506 or ECON 506.

Registration Information: Credit not allowed for both AREC 540 and ECON 540.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 541 Environmental Economics Credits: 3 (3-0-0)

Also Offered As: ECON 541.

Course Description: Economics of environmental policy; partial equilibrium and general equilibrium model; pollution; natural environments; population and economic growth.

Prerequisite: ECON 306.

Registration Information: Credit not allowed for both AREC 541 and ECON 541.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 542 Applied Advanced Water Resource Economics Credits: 3 (3-0-0)

Course Description: Theory and application of economics in water resource planning.

Prerequisites: (ECON 306 and AREC 342 and STAT 301) and (MATH 141 or MATH 155 or MATH 160).

Registration Information: Credit not allowed for both AREC 542 and AREC 442.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 547 Public Lands Planning and Management Credits: 3 (3-0-0)

Course Description: Principles and techniques used by federal land management agencies including Forest Service, Park Service, Fish and Wildlife Service, and BLM.

Prerequisite: AREC 202 or ECON 202.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 563 Regional Economics-Theory, Methods, and Issues Credits: 3 (3-0-0)

Also Offered As: ECON 563.

Course Description: Tools and methods of regional economics, including supply, demand, and externality analysis. Applications to current urban and regional policy issues.

Prerequisites: ECON 306 and ECON 501, may be taken concurrently.

Registration Information: Credit not allowed for both AREC 563 and ECON 563.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 566 Contemporary Issues in Developing Countries Credits: 3 (3-0-0)

Also Offered As: SOC 566.

Course Description: Social, economic, and technological factors in developing countries.

Prerequisite: None.

Registration Information: Credit not allowed for both AREC 566 and SOC 566.

Term Offered: Spring (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

AREC 570 Methodology of Economic Research Credits: 3 (3-0-0)**Also Offered As:** ECON 530.**Course Description:** Philosophical foundations of science and research. Concepts and skills for planning, performing, reporting, and evaluating economic research.**Prerequisites:** ECON 304 and ECON 306.**Registration Information:** Credit not allowed for both AREC 570 and ECON 530.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 572 Social Benefit Cost Analysis Credits: 3 (3-0-0)****Course Description:** Theory, application of concepts relating to social benefit cost analysis of public projects, policies intended to promote social welfare, economic growth.**Prerequisite:** ECON 306.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 605 Agricultural Production and Cost Analysis Credits: 2 (2-0-0)****Course Description:** Empirical application and analysis of production and cost issues in the agricultural and natural resource sectors.**Prerequisites:** (AREC 506) and (AREC 535 or ECON 535).**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 606 Microeconomic Analysis I Credits: 3 (3-0-0)****Also Offered As:** ECON 606.**Course Description:** Advanced price/allocation theory: consumer/producer decisions; uncertainty; market structure; partial/general equilibrium; efficiency/welfare.**Prerequisites:** ECON 306 and ECON 501.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both AREC 606 and ECON 606.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 610 Agricultural Marketing and Demand Analysis Credits: 2 (2-0-0)****Course Description:** Empirical application and analysis of agricultural marketing and demand issues in the agricultural and natural resource sectors.**Prerequisites:** (AREC 506) and (AREC 535 or ECON 535).**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 615 Optimization Methods for Applied Economics Credits: 3 (3-0-0)****Course Description:** Theory and practice of optimization techniques used in economic applications with emphasis on linear and nonlinear programming.**Prerequisite:** AREC 506.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 635 Econometric Theory I Credits: 3 (3-0-0)****Also Offered As:** ECON 635.**Course Description:** Theory of mathematical statistics and classical linear regression model in context of economic application.**Prerequisites:** (AREC 535 or ECON 535) and (ECON 501, may be taken concurrently).**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both AREC 635 and ECON 635.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 647 Land Use Economics and Spatial Modeling Credits: 3 (3-0-0)****Course Description:** Use of spatial data in economic analysis of land use focusing on development patterns, land conservation, spatial externalities and agricultural land.**Prerequisites:** (AREC 506 or ECON 506) and (AREC 535 or ECON 535).**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 660 Development of Rural Resource-Based Economies Credits: 3 (3-0-0)****Course Description:** Economic literature-based exploration of human welfare measures and implications of approaches to agriculture and resource-based economic development.**Prerequisite:** AREC 506.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**AREC 678 Agricultural and Resource Policy Credits: 3 (3-0-0)****Course Description:** Evaluate and analyze economic theory, applications and public incentives related to government policies for agriculture and natural resources.**Prerequisites:** ECON 306 and MATH 141.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**AREC 695 Independent Study Credits: Var[1-6]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 699 Thesis Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

AREC 705 Advanced Production and Technological**Change Credits: 2 (2-0-0)**

Course Description: Production theory is applied to real-world issues including risk, innovation, and environment, through lectures and readings of current literature.

Prerequisite: AREC 605.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 706 Microeconomic Analysis II Credits: 3 (3-0-0)

Also Offered As: ECON 706.

Course Description: Advanced topics in microtheory: game theory; market imperfections; adverse selection; principal-agent problems; social choice theory; incentives, etc.

Prerequisite: ECON 606.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 706 and ECON 706.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 710 Advanced Agricultural Marketing Issues Credits: 2 (2-0-0)

Course Description: Theoretical and modeling issues of consumer demand, market structure, product differentiation and market behavior.

Prerequisites: (ECON 706, may be taken concurrently) and (AREC 735 or ECON 735).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 735 Econometric Theory II Credits: 2 (2-0-0)

Also Offered As: ECON 735.

Course Description: Econometrics models and estimators in econometrics, from fully parametric to semiparametric and nonparametric approaches.

Prerequisite: AREC 635 or ECON 635.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 735 and ECON 735. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 736A Advanced Econometric Methods: Discrete Choice Models Credit: 1 (1-0-0)

Also Offered As: ECON 736A.

Course Description: Econometrics analysis of: Discrete Choice Models.

Prerequisite: AREC 735, may be taken concurrently or ECON 735, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 736A-C and ECON 736A-C. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 736B Advanced Econometric Methods: Panel Data Models Credit: 1 (1-0-0)

Also Offered As: ECON 736B.

Course Description: Econometrics analysis of: Panel Data Models.

Prerequisite: AREC 735, may be taken concurrently or ECON 735, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 736A-C and ECON 736A-C. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 736C Advanced Econometric Methods: Time Series Models Credit: 1 (1-0-0)

Also Offered As: ECON 736C.

Course Description: Econometrics analysis of: Time Series Models.

Prerequisite: AREC 735, may be taken concurrently or ECON 735, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 736A-C and ECON 736A-C. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 740 Advanced Natural Resource Economics Credits: 3 (3-0-0)

Also Offered As: ECON 740.

Course Description: Advanced theory, methods, and literature in natural resource economics, including dynamic programming and optimal control.

Prerequisite: AREC 706 or ECON 706.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both AREC 740 and ECON 740.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 741 Advanced Environmental Economics Credits: 3 (3-0-0)

Also Offered As: ECON 741.

Course Description: Advanced theory, methods, and literature in environmental economics.

Prerequisite: AREC 706 or ECON 706.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AREC 770 Advanced Methods in Applied Economics Credits: 3 (3-0-0)

Course Description: Advanced research methods in applied economics: lab and field experiments, non-market valuation and discrete choice experiments.

Prerequisites: (AREC 706, may be taken concurrently or ECON 706, may be taken concurrently) and (AREC 735 or ECON 735).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

AREC 784 Supervised College Teaching Credits: Var[1-3]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 792A Seminar: Agricultural Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 792B Seminar: International Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 792C Seminar: Resources Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 795 Independent Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AREC 799 Dissertation Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Agricultural Education (AGED)

AGED 110 Agriculture Production Systems Credits: 3 (2-3-0)**Course Description:** Broad survey of the diverse aspects of Colorado agriculture.**Prerequisite:** None.**Registration Information:** Required field trips.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**AGED 210 History of Agriculture in the United States Credits: 3 (3-0-0)****Course Description:** Relationships in agriculture. Historical/Native American/early practices, industrial agriculture, technologies, philosophy, green revolution.**Prerequisite:** CO 150.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**Additional Information:** Historical Perspectives 3D.**AGED 220 Understanding Agricultural Education Credit: 1 (1-0-0)****Course Description:** Understanding different agricultural education systems. Understanding delivery models of agricultural education programs.**Prerequisite:** None.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AGED 240 Technical Tool Applications in Ag Education Credits: 2 (1-3-0)****Course Description:** Development of safe competencies and applications related to power and technical tools utilized in school-based agricultural education programs.**Prerequisite:** None.**Registration Information:** Must register for lecture and lab.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**AGED 241 Plumbing and Electrical Applications in Ag Ed Credit: 1 (1-0-0)****Course Description:** Development of competencies and theory related to plumbing and electrical applications utilized in school-based agricultural education programs.**Prerequisite:** None.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**AGED 244 Power Systems in Agricultural Education Credit: 1 (1-0-0)****Course Description:** Development of competencies and theory related to agricultural power systems utilized in school-based agricultural education programs.**Prerequisite:** None.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**AGED 320 Technology Lab for Ag Education Credit: 1 (0-3-0)****Course Description:** Laboratory applications related to the power, structure, and technical systems pathway utilized in school-based agricultural education programs.**Prerequisite:** AGED 240, may be taken concurrently or AGED 241, may be taken concurrently or AGED 244, may be taken concurrently.**Registration Information:** May be taken twice for credit.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.

AGED 330 Program Design and Evaluation in Ag. Literacy Credits: 3 (3-0-0)

Course Description: Design and evaluate programs in agricultural literacy using experiential methods.

Prerequisite: AGED 220.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 420 Developing School-Based Ag Education Programs Credits: 3 (3-0-0)

Course Description: Developing knowledge in the approach and delivery of school-based agricultural education programs.

Prerequisite: AGED 220.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 430 Methods of Agricultural Literacy Credits: 3 (3-0-0)

Course Description: Prepare and conduct agricultural literacy instructional units to work with a variety of audiences and instructional topics.

Prerequisite: AGED 330.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

AGED 486 Practicum Credits: Var[2-6]

Course Description: Supervised work experience in approved agricultural education setting with periodic consultation of faculty.

Prerequisite: AGED 220.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AGED 487 Internship Credits: Var[1-6]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AGED 495 Independent Study Credits: Var[1-6]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AGED 496 Group Study Credits: Var[1-12]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AGED 540 Ag Ed Laboratory Management and Safety Credits: 2 (2-0-0)

Course Description: Theory, management, and pedagogy of delivering safety instruction and experiential curriculum in secondary agricultural education laboratory settings.

Prerequisite: EDCT 420.

Restriction: .

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Major in Agricultural Business

The Agricultural Business major teaches students the operating techniques and business skills used in the modern food and fiber industry. This program builds student knowledge and skills needed to manage small and medium sized business in agriculture and allied industries. This is true whether the business is directly involved in production, value-adds to raw agricultural products, or provides support services including the distribution, processing, packaging, and marketing of agricultural products.

Two things tend to distinguish the major in Agricultural Business from a typical business degree: first, our focus tends to be on small and medium sized businesses where the decision maker must be more attuned to all dimensions of their operating environment, whereas more traditional business degrees often focus on a larger business organization where functions are more specialized. Second, the major emphasizes the importance of understanding the underlying technical processes that drive business decisions through formal course requirements in the agricultural sciences. The interface between technical training in agricultural sciences, economics, and management sets this degree apart.

Completing this program enhances students' professional development, technical competence, problem solving skills, and communication skills. The program operates in the nexus of business management, public policy, and agriculture. Strong interdisciplinary coordination in the department allows majors in agricultural business to strengthen their technical training by simultaneously completing a second major in allied fields including animal science, equine science, soil and crop science, agricultural education, technical journalism, and other fields of interest.

Learning Outcomes

Successful students will demonstrate:

- Technical competency including appropriate use of economic theory in formulating analytical problems, identifying and gathering appropriate data, and employing appropriate economic methods to analyze those problems, utilizing appropriate available computer technology
- Ability to solve real-world problems beyond the pedagogical context. Students will be able to identify a problem and its scope, evaluate resources to address the problem, formulate alternative solutions, and select the solution(s) most consistent with a stated objective
- Proficiency in oral and written communication including the ability to communicate critically and analytically at a professional level

Potential Occupations

Although students from farms and ranches choose this major each year, business-oriented students with a wide variety of backgrounds have launched successful careers with this versatile degree. Graduates establish careers in management, marketing, sales, and finance to name a few areas. Participating in internships and experiential opportunities is strongly encouraged to enhance practical training and development. Graduates who seek further specialization are prepared to pursue advanced studies.

Examples of career paths of recent graduates include, but are not limited to: commodity broker, agricultural statistician, loan officer, farm manager, supply chain analyst, farm machinery sales representative, grain merchandiser, operations manager, landscape contractor, human resources specialist, ranch manager, credit analyst, crop insurance agent, precision ag technologist, feedlot manager, agricultural chemical sales representative, real estate appraiser, and elevator manager.

Concentrations

- Agricultural Economics Concentration
- Farm and Ranch Management Concentration

Requirements Effective Fall 2015

Major in Agricultural Business, Agricultural Economics Concentration

The Agricultural Economics concentration focuses on the theoretical and analytic tools of applied economics. This degree is more quantitative in nature and best prepares students interested in graduate study.

Requirements Effective Fall 2015

¹ Students planning to take SOCR 240 should take CHEM 107 and CHEM 108 and reduce the number of free electives in the program.

² Select three courses to meet the AUCC core requirements in Arts and Humanities (3B), Historical Perspectives (3D), and Global and Cultural Awareness (3E)

³ Select a total of 12 credits from courses in AGED, AGRI, ANEQ, AREC, BSPM, FSHN, FTEC, HORT, LAND, NR, RS, SOCR, or WR. A maximum of six AREC credits may be used as Agricultural Sciences electives.

⁴ Select credits from AREC and/or ECON courses.

⁵ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level).

Major in Agricultural Business, Farm and Ranch Management Concentration

The Farm and Ranch Management concentration builds skills in applied decision making that is required in production agriculture. The program of study allows students to develop a solid understanding of the underlying physical and biological sciences that drive agricultural technology.

² Select a total of 15 credits from courses in AGED, AGRI, ANEQ, AREC, BSPM, FSHN, FTEC, HORT, LAND, NR, RS, SOCR, or WR. A maximum of six AREC credits may be used as Agricultural Science Electives.

³ Select from AREC and/or ECON courses.

⁴ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level).

Major in Agricultural Education

Agricultural Education is defined as a systematic program of instruction for students desiring to learn and teach/educate the science, business, and technology of agriculture, food and environmental/natural resource systems. Agricultural education prepares students for successful careers and a lifetime of informed choices regarding agriculture. Agricultural Education is a major in the Department of Agricultural and Resource Economics. CSU focuses on two delivery concentrations in Agricultural Education: Teacher Development for school-based agricultural education, and Agricultural Literacy. The program also offers a minor in Agricultural Literacy.

Learning Outcomes

The successful student will demonstrate:

- Competent knowledge of agricultural subject matter
- Ability to create instruction opportunities that are adapted to diverse learners in agricultural education
- Employment of innovative instructional methodologies and assessment techniques to promote learning in agriculture
- Effective program management and program evaluation techniques

Potential Occupations

Graduates in Agricultural Education are in demand to fill a fifteen-year shortage of agricultural teachers in Colorado and nationwide. Two-thirds of the CSU graduates have become teachers or administrators in public schools. Other graduates take agribusiness positions with seed, fertilizer, feed, machinery, or finance firms. Students are also prepared to teach in community or junior colleges, area vocational schools, and technical institutes. Participation in internships is required to enhance practical training and development. Graduates who go on for advanced studies can attain more responsible positions with the possibility of rising to top professional levels.

Some examples include: high school agriculture teacher, post-secondary vocational agriculture teacher, agribusiness or agriservice representative, cooperative extension agent, education specialist, 4-H association youth specialist, youth development specialist, science teacher.

A Bachelor of Science degree in Agricultural Education, Teacher Development, leads to teacher licensure by the State of Colorado. Teachers combine classroom, laboratory, and hands-on experiences to teach high school students about the myriad agricultural topics. The curriculum requires students to demonstrate a competent knowledge of educational theory and a broad-based understanding in agricultural content. Students combine practical experience and technical course work including animal science, plant science, agricultural mechanics, forestry, natural resources, horticulture, agricultural processing and supplies, and services in agriculture. Courses from biological sciences, liberal arts, and social sciences round out a student's education. Students must apply to the Teacher Licensure Program in the School of Education after they have completed at least 30 college credits, usually during their sophomore or junior year. A

few of the requirements for acceptance are: having at least a 2.750 cumulative GPA, completion of introductory education courses, and 20 hours of documented work experience with school-age children. This curriculum includes instructional methods and assessment, classroom management and technology, exceptionality, and courses specific to teaching in the agricultural field. All students are required to student teach for one semester.

Concentrations

- Teacher Development Concentration
- Agricultural Literacy Concentration

Major in Agricultural Education, Agricultural Literacy Concentration

An integral part of a complete agricultural education system is agricultural literacy. Agricultural literacy is the synthesis, instruction, and communication of basic information about agriculture to the public. Potential occupations may include assisting educators, producers, industry groups, and others to effectively incorporate information about agriculture into subjects being taught or examined in public and private forums. Agricultural literacy is education about agriculture. The agricultural literacy programming and training in this degree area will focus on a wide-range of ages (from early childhood to adult), audiences (rural, urban, ethnical diverse, etc.) and a variety of agriculture topics. Coursework includes technical agriculture and natural resources content knowledge, communications, philosophy, and human development. Students are required to complete an internship in agricultural literacy. Students graduating with a degree in Agricultural Education with a concentration in Agricultural Literacy would have to complete additional educational coursework in order to teach in public schools in Colorado.

Potential occupations for graduates of this concentration include working for industry, trade, or community organizations that promote and advocate for an agriculturally literate society.

Major in Agricultural Education, Teacher Development Concentration

Teacher development in school-based agricultural education is delivered in a three-part model: classroom, experiential learning, and leadership development. Teacher development in school-based agriculture education is education in agriculture. In Colorado, agricultural education is delivered through approximately 100 secondary programs located throughout the state. Over 5,600 young people are enrolled in agricultural education programs in Colorado. Graduates in the Teacher Development concentration take classes in agriculture and in the Center for Educator Preparation (<http://www.cep.chhs.colostate.edu>) (CEP). A Bachelor of Science degree in Agricultural Education Teacher Development leads to teacher licensure by the State of Colorado. The curriculum requires students to demonstrate a competent knowledge of educational theory and a broad-based understanding in agricultural content. Students combine practical experience and technical course work including animal science, plant science, agricultural mechanics, natural resources, food products and processing, and agriculture business. Students must have a 2.75 GPA, pass the PLACE assessment for Agriculture

and Renewable Natural Resources licensure and complete a student teaching semester internship.

Potential occupations: Graduates in the Teacher Development concentration are in demand to fill the 18 year shortage in agricultural education teachers. Two-thirds of program graduates take teaching and administrative positions in public schools. Other graduates fill positions in agribusiness, feed, seed, fertilizer, machinery and finance companies, and human resource positions in agribusiness companies. Additionally, graduates often pursue advanced degrees in teaching agriculture and work at community colleges, in extension, or as curriculum specialists in organizations.

Major in Environmental and Natural Resource Economics

The Environmental and Natural Resource Economics major prepares students to apply economic tools to evaluate the allocation and utilization of natural resources and the management of the natural environment. Economic analysis provides a strong basis for to guide societal choices that directly and indirectly affect our environment. Economic theory provides a framework for understanding both environmental and natural resource issues, predicting the likely effects of government policies and regulations, and devising solutions to pressing economic and environmental problems.

This major differentiates from other programs of study that address natural resource management in that it focuses on weighing the private and public implications of choices that we make ranging from a local through a global scale. To strengthen their technical training, students majoring in environmental and natural resource economics can simultaneously complete a second major in Natural Resource Management or other more specialized majors offered through the Warner College of N (<http://warnercnr.colostate.edu>)atural Resources (<http://warnercnr.colostate.edu>).

Learning Outcomes

Successful students will demonstrate:

- Technical competency including appropriate use of economic theory in formulating analytical problems, identifying and gathering appropriate data, and employing appropriate economic

methods to analyze those problems, utilizing appropriate available computer technology.

- Ability to solve real-world problems beyond the pedagogical context. Students will be able to identify a problem and its scope, evaluate resources available to address the problem, formulate alternative solutions, and select the solution(s) most consistent with a stated objective.
- Proficiency in oral and written communication including the ability to communicate critically and analytically at a professional level.

Potential Occupations

Environmental and resource economists are employed in a wide range of fields from education and research to business and government. Profit and non-profit organizations employ economists in overseas and community development, international relations, and environmental and conservation analyses. Participation in internships, volunteer activities, and cooperative education opportunities is highly recommended to enhance practical training and development. Graduates who seek further specialization are prepared to pursue advanced studies.

Some examples include, but are not limited to, energy resource analyst, environmental researcher/analyst, resource policy analyst, natural resource analyst, environmental pollution analyst, environmental policy analyst, economic analyst/forecaster, land use planner, overseas development specialist, rural community organizer, community development specialist, financial analyst, foreign trade analyst, market forecaster, and extension agent.

Master of Science in Agricultural and Resource Economics, Plan A

The Master of Science (M.S.) degree certified by the Department of Agricultural and Resource Economics (Plan A) is a program of study consisting of 30 credit hours, including the preparation and defense of an original M.S. research thesis (up to 6 credits of research work). Completion of the M.S. in DARE implies a mastery of basic microeconomic theory and econometrics, with an ability to conduct applied economic research under supervision. Graduates are competitive for employment in the public and private sectors as analysts, consultants, researchers, and other occupations involving analytical skills. Our students have gone on to rewarding careers in Federal agencies, NGO's, and the private sector. The M.S. in DARE (Plan A) provides a solid foundation in microeconomics and quantitative methods, coupled with direct experience in applied economic research. This course of study represents an excellent basis for those inclined to pursue doctoral degrees, and many of our students have entered our own Ph.D. program or other top-level institutions across the country.

Master of Science in Agricultural and Resource Economics, Plan B

The Master of Science (M.S.) degree certified by the Department of Agricultural and Resource Economics (Plan B) is a program of study consisting of 30 credit hours in coursework, plus the preparation of a technical paper (no formal credit allowed). Completion of the M.S. in DARE implies a mastery of basic microeconomic theory and econometrics, with an ability to conduct applied economic research under supervision. Graduates are competitive for employment in the public and private sectors as analysts, consultants, researchers, and other occupations involving analytical skills. Our students have gone on to rewarding careers in Federal agencies such as the National Park Service, U.S. Department of Agriculture, State Departments of Agriculture, NGO's, and the private sector. The M.S. in DARE (Plan B) provides a solid foundation for the students wishing to pursue higher level graduate studies (Ph.D.), but it is particularly well suited for students seeking to directly enter the workforce, or international students planning to return to their own country after obtaining the degree.

Ph.D. in Agricultural and Resource Economics

The Doctor of Philosophy (Ph.D.) degree certified by the Department of Agricultural and Resource Economics is a program of study consisting of 72 credit hours (42 earned following an M.S. degree) plus a substantial work of original research in the form of a dissertation.

Completion of the Ph.D. in DARE generally signifies a mastery of advanced microeconomic theory and quantitative methods, with a particular expertise in either Agricultural Economics or Natural Resource and Environmental Economics. Ph.D. graduates from DARE are experts in applied economics and are trained to develop and execute innovative research programs, teach undergraduate and graduate level economics courses, and present theoretical and applied economic concepts and results to a wide variety of audiences. Individuals holding a Ph.D. from DARE have gone on to succeed in a variety of positions at universities, in the public institution sector (e.g. USDA, ERS), and private enterprises including consulting firms.

Preprofessional Veterinary Medicine Requirements

Preveterinary medical students with specific interest in animal science or equine science may follow either the Animal Science or Equine Science major. Maximum flexibility in career direction may be obtained by meeting the requirements for a degree in animal or equine science while simultaneously completing the admission requirements for the professional veterinary medical program. The Food Animal Veterinary Career Incentive Program (FAVCIP) is available for Animal Science majors.

Graduate Graduate Programs in Animal Sciences

The department offers graduate programs leading to the Master of Science and the Doctor of Philosophy degrees. Students interested in

graduate work should refer to the Graduate and Professional Bulletin, and the department's website (<http://ansci.agsci.colostate.edu>).

Master Programs

- Master of Science in Animal Sciences, Plan A
- Master of Science in Animal Sciences, Plan B*

Ph.D.

- Ph.D. in Animal Sciences*

* Please see department for program of study.

Courses Animal Sciences (ANEQ)

ANEQ 101 Food Animal Science Credits: 4 (3-3-0)

Course Description: Development, organization, trends and management of the livestock industry; emphasis on applying science to the production of food and fiber.

Prerequisite: None.

Registration Information: Required field trips.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 102 Introduction to Equine Science Credits: 4 (3-2-0)

Course Description: Equine physiology, production systems and management systems as it pertains to the equine industry and management.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 104 Values, Culture, and Food Animal Agriculture Credits: 3 (3-0-0)

Also Offered As: PHIL 104.

Course Description: Evolution of the social values and cultural understandings shaping modern animal agriculture; current problems in animal agriculture.

Prerequisite: None.

Registration Information: Non-Animal Science majors with a freshman or sophomore standing. Credit not allowed for both ANEQ 104 and PHIL 104.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 105 Introduction to Large Animal Anatomy Credit: 1 (0-2-0)

Course Description: Basic gross animal anatomy.

Prerequisite: None.

Registration Information: Animal Science or Equine Science majors only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 201A Preparation of Horses for Competition:**Western Credits: 2 (0-4-0)****Course Description:** Development of skills to prepare and present horses in competitions aimed at enhancing their value.**Prerequisite:** None.**Registration Information:** Written consent of instructor.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 201B Preparation of Horses for Competition:****English Credits: 2 (0-4-0)****Course Description:** Development of skills to prepare and present horses in competitions aimed at enhancing their value.**Prerequisite:** None.**Registration Information:** Written consent of instructor.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 202 Safety in Horse Handling Credit: 1 (1-0-0)****Course Description:** Horse handling safety skills.**Prerequisite:** None.**Term Offered:** Fall.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** Yes.**ANEQ 203 Equine Management Credits: 2 (1-2-0)****Course Description:** Equine management and care techniques with hands-on experience.**Prerequisite:** ANEQ 102.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 204 Equine Facilities Management Credits: 3 (2-2-0)****Course Description:** Understanding of all aspects required to manage an equine facility coupled with hands-on experience.**Prerequisite:** ANEQ 102.**Registration Information:** Must register for lecture and laboratory. Required field trips.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 220 Feeds and Feeding Credits: 2 (2-0-0)****Course Description:** Advantages and limitations of feedstuffs; nutrients and their functions; and feed practices for all physiological stages of livestock.**Prerequisite:** ANEQ 101 or ANEQ 102.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 230 Farm Animal Anatomy and Physiology Credits: 3 (3-0-0)****Course Description:** Basic concepts of farm animal anatomy and physiology; emphasis on growth, digestion, and reproduction.**Prerequisite:** LIFE 100 to 199 - at least 3 credits.**Registration Information:** Credit not allowed for both ANEQ 230 and ANEQ 305.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 249 Introduction to the Trail Riding Industry Credit: 1 (0-2-0)****Course Description:** Emphasis on horse care, regulations, first aid, health, training, and hosting a trail ride.**Prerequisite:** None.**Registration Information:** Written consent of instructor.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 250 Live Animal and Carcass Evaluation Credits: 3 (1-4-0)****Course Description:** Growth, development, and value-determining characteristics of market animals.**Prerequisite:** ANEQ 101 or ANEQ 102.**Registration Information:** Must register for lecture and laboratory.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 286 Livestock Practicum Credits: 2****Course Description:** Livestock breeds and terminology; classification of feedstuffs; livestock handling and care; basic animal management techniques, hands-on experience.**Prerequisite:** ANEQ 101 or ANEQ 102.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 292 Equine Industry Seminar Credit: 1 (1-0-0)****Course Description:** Overview of the equine industry and industry careers.**Prerequisite:** ANEQ 102.**Registration Information:** Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 300A Topics in Animal Sciences: Livestock Handling Credit: 1 (1-0-0)****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 300B Topics in Animal Sciences: Livestock Entomology Credit: 1 (1-0-0)****Also Offered As:** BSPM 300.**Course Description:** Identification, biology and management of insect, tick, and mite pests.**Prerequisites:** BZ 100 to 199 between 3 and 5 credits - at least 3 credits or LIFE 100 to 199 between 3 and 5 credits - at least 3 credits.**Registration Information:** Credit not allowed for both ANEQ 300B and BSPM 300.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 300E Topics in Animal Sciences: Family Ranching Credit: 1 (1-0-0)****Course Description:****Prerequisite:** ANEQ 101 or ANEQ 102.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.

ANEQ 300L Topics in Animal Sciences: Quality Assurance Credits: 2 (2-0-0)**Course Description:****Prerequisite:** ANEQ 101 or ANEQ 102.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 300N Topics in Animal Sciences: Seedstock Merchandising Credits: 2 (2-0-0)****Course Description:** Overview of beef seedstock industry, including hands-on selection, management, and marketing of cattle.**Prerequisite:** None.**Restriction:** Must be a: Junior, Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.**Registration Information:** Junior or senior standing. Course required to apply for seedstock team.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 300R Topics in Animal Sciences: Calving and Calf Care Credits: 2 (1-2-0)****Course Description:****Prerequisites:** (ANEQ 310) and (ANEQ 478 and ANEQ 510).**Registration Information:** Senior standing. Required field trips.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 300T Topics in Animal Sciences: Event, Fair, and Show Management Credit: 1 (1-0-0)****Course Description:****Prerequisite:** ANEQ 101 or ANEQ 102.**Registration Information:** Credit not allowed for both ANEQ 300T and ANEQ 358.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 300U Topics in Animal Sciences: Seedstock Sale Management Credits: 2 (2-0-0)****Course Description:** Develop, plan, and implement an effective seedstock cattle sale based on genetic information, customer service principles, and client relationships.**Prerequisite:** ANEQ 300N.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 300W Topics in Animal Sciences: Equine Manure Management Credit: 1 (1-0-0)****Course Description:** Practices which maximize the benefits of manure to soils and crops while minimizing hazards to air and water quality; complying with regulations.**Prerequisite:** ANEQ 101 or ANEQ 102.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 305 Functional Large Animal Anatomy/Physiology Credits: 3 (3-0-0)****Course Description:** Concepts of large animal anatomy and physiology; emphasis on growth, digestion, and reproduction.**Prerequisites:** (LIFE 100 to 199 - at least 3 credits) and (CHEM 107 or CHEM 111).**Restriction:** .**Registration Information:** Credit not allowed for both ANEQ 305 and ANEQ 230.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 310 Animal Reproduction Credits: 3 (3-0-0)****Course Description:** Anatomy and physiology of the reproductive system; causes of reproductive failure in farm animals; methods of improving reproductive performance.**Prerequisite:** ANEQ 230 or BMS 300 or ANEQ 305.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 312 Animal Ultrasonography Credits: 2 (1-2-0)****Course Description:** Fundamentals and application of using ultrasound in farm animals; basic reproductive technologies; utilizing ultrasound as a management tool.**Prerequisites:** (ANEQ 230 or ANEQ 305) and (ANEQ 310).**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 313 Prevention and Control of Livestock Diseases Credits: 3 (3-0-0)****Also Offered As:** VS 313.**Course Description:** Common ailments of livestock; sanitation and disease prevention and control.**Prerequisites:** (ANEQ 230 or BMS 300 or ANEQ 305) and (ANEQ 310, may be taken concurrently and ANEQ 320, may be taken concurrently).**Registration Information:** Junior or senior standing. Credit not allowed for both ANEQ 313 and VS 313.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 315 Equine Behavior Credits: 2 (1-2-0)****Course Description:** Equine behaviors related to training and learning.**Prerequisite:** ANEQ 102.**Registration Information:** Sophomore or higher standing. Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

ANEQ 320 Principles of Animal Nutrition Credits: 4 (3-3-0)

Course Description: Understanding of nutrients and nutrient function required to support animal life through all physiological states.

Prerequisites: (ANEQ 230 or BMS 300 or BMS 360 or ANEQ 305) and (CHEM 100 to 199 - at least 3 credits).

Registration Information: Must register for lecture and laboratory. Required field trips.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 322 Pet Nutrition Credits: 2 (2-0-0)

Course Description: Nutrients, nutrient requirements, feeding practices, food sources and management for companion animals (dogs, cats, birds, fish, reptiles, etc.).

Prerequisites: ANEQ 320 and ANEQ 345 and FSHN 350.

Registration Information: Offered as a correspondence or online course only.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

ANEQ 323 Zoo Nutrition Credits: 2 (2-0-0)

Course Description: Unique nutritional requirements of mammalian, avian, and reptile captive wild animals; management protocols needed.

Prerequisite: ANEQ 320 or ANEQ 345 or FSHN 350.

Registration Information: Offered as a correspondence or online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 325 Equine Exercise Physiology Credits: 2 (2-0-0)

Course Description: Overview of the main aspects of equine exercise physiology.

Prerequisite: ANEQ 230 or BMS 300 or ANEQ 305.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 328 Foundations in Animal Genetics Credits: 3 (3-0-0)

Course Description: Foundational information of the influence of the genome and its genes on qualitative and quantitative traits in animal populations.

Prerequisites: (ANEQ 101 or ANEQ 102) and (LIFE 102).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 330 Principles of Animal Breeding Credits: 3 (3-0-0)

Course Description: Genetic principles underlying animal improvement; elementary population genetics; heritability; selection response; mating systems; DNA markers.

Prerequisites: (BZ 350 or ANEQ 328 or SOCR 330) and (STAT 200 to 279 - at least 3 credits or STAT 300 to 379).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

ANEQ 334 Principles of Equine Genetics Credits: 3 (3-0-0)

Course Description: Principles of selection and genetic improvement of horses, including economically relevant qualitative and quantitative traits.

Prerequisites: (ANEQ 102) and (BZ 350 or ANEQ 328 or SOCR 330) and (STAT 301 or STAT 307).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 340 Horse Training and Sale Preparation I Credits: 3 (0-6-0)

Course Description: Practical training skills using a yearling or two year old: in-hand, restraint, ground driving, lungeing, first rides, stable management.

Prerequisite: None.

Registration Information: Written consent of instructor.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 341 Horse Training and Sale Preparation II Credits: 3 (0-6-0)

Course Description: Skills in training for specific riding maneuvers, conditioning, and fitting for sale.

Prerequisite: ANEQ 340.

Registration Information: Additional time outside of class required on weekends.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 344 Principles of Equine Reproduction Credits: 4 (3-2-0)

Course Description: Principles of reproduction and reproductive management of the mare and stallion.

Prerequisites: (ANEQ 102) and (ANEQ 230 or BMS 300 or ANEQ 305).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 345 Principles of Nutrition: Equine Applications Credits: 3 (3-0-0)

Course Description: Principles of nutrition; application in feeding horses in different physiological states to promote health and wellness.

Prerequisites: (ANEQ 102) and (ANEQ 230 or BMS 300 or ANEQ 305) and (CHEM 100 to 199 - at least 3 credits and MATH 100 to 499 - at least 3 credits).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 346 Equine Disease Management Credits: 4 (3-2-0)

Course Description: Normal and abnormal body structures and functions of major systems of the horse. Recognition of main diseases, causes, prevention and treatments.

Prerequisite: ANEQ 230 or BMS 300 or ANEQ 305.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 348 Equine Training Techniques Credits: 2 (1-2-0)**Course Description:** Training techniques in multiple riding disciplines.**Prerequisite:** ANEQ 315.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 349 Packing and Outfitting Credits: 2 (1-2-0)****Course Description:** Business aspects of outfitting/packing the horse; hitches, knots, horse care; planning pack trips, setting up camp.**Prerequisite:** ANEQ 102.**Registration Information:** Written consent of instructor. Must register for lecture and laboratory. Required field trips (Overnight pack trip).**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 351 Techniques in Therapeutic Riding Credits: 2 (1-2-0)****Course Description:** Equine assisted activities; therapeutic horseback riding, hippotherapy, driving/vaulting, mental health treatments, programs for youth at risk.**Prerequisite:** ANEQ 102.**Registration Information:** Must register for lecture and laboratory.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 352 Introduction to Horse Evaluation Credits: 2 (0-4-0)****Course Description:** Criteria and techniques for evaluation of horses; development of logical decision processes for establishing comparative value.**Prerequisite:** ANEQ 102.**Registration Information:** For Animal Science and Equine Science majors, a maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 353 Advanced Horse Evaluation Credits: 3 (0-6-0)****Course Description:** Advanced criteria/techniques for horse evaluation; logical decision process development to establish comparative value; intercollegiate competition.**Prerequisite:** ANEQ 352.**Registration Information:** For Animal Science and Equine Science majors, a maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 354 Introduction to Livestock Evaluation Credits: 3 (0-6-0)****Course Description:** Criteria and techniques for evaluation of livestock; development of logical decision processes for establishing comparative value.**Prerequisite:** ANEQ 101.**Registration Information:** For Animal Science and Equine Science majors, a maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 355 Advanced Livestock Evaluation Credit: 1 (0-9-0)****Course Description:** Advanced criteria and techniques for evaluation of livestock; establishing comparative value; participating in intercollegiate competition.**Prerequisite:** ANEQ 354.**Registration Information:** For Animal Science and Equine Science majors. A maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496. Course may be taken twice for a maximum of 2 credits.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 356 Introduction to Dairy Evaluation Credits: 3 (0-6-0)****Course Description:** Criteria and techniques for evaluation of dairy cattle; development of logical decision processes for establishing comparative value.**Prerequisite:** None.**Registration Information:** For Animal Science and Equine Science majors. A maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

ANEQ 357 Advanced Dairy Evaluation Credits: 2 (0-4-0)

Course Description: Advanced criteria and techniques for evaluation of dairy cattle; establishing comparative value; participating in intercollegiate competition.

Prerequisite: ANEQ 356.

Registration Information: For Animal Science and Equine Science majors. A maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 358 Equine Event and Sales Management Credits: 2 (2-0-0)

Course Description: Skills necessary to produce, organize, and promote equine related events.

Prerequisite: ANEQ 102.

Registration Information: Credit not allowed for both ANEQ 358 and ANEQ 300T.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 359 Equine Sales Production Credits: 2 (0-4-0)

Course Description: Emphasizes skills necessary to host and evaluate an equine sale.

Prerequisite: ANEQ 358.

Registration Information: Written consent of instructor.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 360 Principles of Meat Science Credits: 3 (3-0-0)

Course Description: Structure, composition, and biology of muscle and associated tissues; wholesomeness, nutritive value, and palatability of beef, pork, and lamb.

Prerequisite: CHEM 100 to 199 - at least 3 credits.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 361 Introduction to Meat Product Evaluation Credits: 3 (0-6-0)

Course Description: Criteria and techniques for evaluation of meat products; development of logical decision processes for establishing comparative value.

Prerequisite: None.

Registration Information: For Animal Science and Equine Science majors. A maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 362 Advanced Meat Product Evaluation Credit: 1 (0-4-0)

Course Description: Criteria and techniques for evaluation of meat products; establishing comparative value; participating in intercollegiate competition.

Prerequisite: ANEQ 361.

Registration Information: For Animal Science and Equine Science majors. A maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496. Course may be taken twice for a maximum of 2 credits.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 363 Introduction to Wool and Fiber Evaluation Credit: 1 (0-2-0)

Course Description: Criteria and techniques for evaluation of wool; development of logical decision processes for establishing comparative value.

Prerequisite: None.

Registration Information: For Animal Science and Equine Science majors. A maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 364 Advanced Wool and Fiber Evaluation Credit: 1 (0-2-0)

Course Description: Criteria and techniques for evaluation of wool; establishing comparative value; participating in intercollegiate competition.

Prerequisite: ANEQ 363.

Registration Information: For Animal Science and Equine Science majors. A maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 365 Principles of Teaching Therapeutic Riding Credits: 3 (2-2-0)

Course Description: Practical experiences and knowledge of the techniques to be a professional certified therapeutic riding instructor.

Prerequisite: ANEQ 351.

Registration Information: Written consent of instructor. Must register for lecture and laboratory. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 384 Supervised College Teaching Credits: Var[1-5]**Course Description:****Prerequisite:** None.**Registration Information:** Written consent of instructor. For Animal Science and Equine Science majors. A maximum of 5 credits is allowed for ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**ANEQ 386A Equine Practicum: Equine Training and Management Credits: 2 (1-2-0)****Course Description:****Prerequisite:** ANEQ 102.**Registration Information:** Must register for lecture and laboratory.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ANEQ 386B Equine Practicum: Equine Reproductive Management Credits: 2 (1-2-0)****Course Description:****Prerequisite:** ANEQ 344.**Registration Information:** Must register for lecture and laboratory.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** Yes.**ANEQ 386C Equine Practicum: Equine Farrier Management Credit: 1 (0-2-0)****Course Description:****Prerequisite:** ANEQ 102.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** Yes.**ANEQ 440 Equine Industry and Issues Credits: 3 (3-0-0)****Course Description:** For students planning a career in the horse industry; management of facilities, production systems, personnel, marketing, and biological systems.**Prerequisites:** ANEQ 344 and ANEQ 345 or ANEQ 334 and ANEQ 344 or ANEQ 345 and ANEQ 346 or ANEQ 334 and ANEQ 345 or ANEQ 334 and ANEQ 346 or ANEQ 344 and ANEQ 346.**Registration Information:** Any two of the following: ANEQ 334, ANEQ 344, ANEQ 345, ANEQ 346.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 441 Integrated Equine Science Credits: 2 (2-0-0)****Course Description:** Describe, understand and integrate the newest scientific principles in equine sciences with equine management.**Prerequisites:** ANEQ 334 and ANEQ 345 and ANEQ 346 and ANEQ 344.**Terms Offered:** Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 442 Riding Instructor Training Credits: 2 (0-4-0)****Course Description:** Teaching techniques; theory; handling of large mounted groups, beginner through advanced levels.**Prerequisite:** ANEQ 102.**Registration Information:** Written consent of instructor.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 443 Applied Equine Nutrition Credits: 2 (1-2-0)****Course Description:** Applying principles of nutrition to feeding horses in different physiological states in an effort to promote their health and well-being.**Prerequisite:** ANEQ 345.**Registration Information:** Required field trips.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 444 Equine Business Management Credits: 2 (2-0-0)****Course Description:** Real life" equine industry experience and the ins and outs of managing an equine facility/business.**Prerequisite:** ANEQ 440.**Registration Information:** Required field trips.**Terms Offered:** Fall, Summer.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 445 Foaling Management Credits: 2 (1-3-0)****Course Description:** Management of the foaling mare and newborn foal; monitoring techniques, preventative and emergency care procedures.**Prerequisite:** ANEQ 344.**Registration Information:** ANEQ 344 or PVM sophomore standing. Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 448 Livestock Manure Management and Environment Credits: 3 (2-2-0)****Course Description:** Manure management; maximizing benefits to soils and crops; minimizing air and water quality hazards; complying with regulations.**Prerequisite:** CHEM 100 to 199 - at least 3 credits.**Registration Information:** Credit allowed for only one of the following: ANEQ 448, ANEQ 548, SOCR 448, SOCR 548. Must register for lecture and laboratory. Required field trips.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 460 Meat Safety Credits: 2 (2-0-0)****Course Description:** Meat safety; food borne pathogens; hazard analysis critical control points (HACCP) and total quality management (TQM) practices.**Prerequisite:** CHEM 100 to 199 - at least 3 credits.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.

ANEQ 470 Meat Processing Systems Credits: 4 (3-2-0)

Course Description: Advanced understanding of the manufacturing, packaging, distribution, storage, and cooking of meat products.

Prerequisite: ANEQ 360.

Restriction: Must be a: Senior, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing. Must register for lecture and lab.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 472 Sheep Systems Credits: 3 (2-2-0)

Course Description: Sheep production under farm and ranch conditions; products, breeds, breeding, nutrition, reproduction, and management systems.

Prerequisite: None.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing. Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 473 Dairy Systems Credits: 3 (2-3-0)

Course Description: Integration of nutrition, genetics, physiology, and economics for management decisions of dairy farm operations and production and marketing of milk.

Prerequisites: (ANEQ 230 or BMS 300 or ANEQ 305) and (ANEQ 310 and ANEQ 320).

Restriction: .

Registration Information: Senior standing. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 474 Swine Systems Credits: 3 (2-2-0)

Course Description: Production of purebred and commercial swine; breeds, breeding, feeding, marketing, and management.

Prerequisite: None.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing. Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 475 Travel Abroad-Animal Agriculture Credits: 2 (2-0-0)

Course Description: Onsite evaluation of international animal agriculture systems with emphasis on production, marketing, and management.

Prerequisite: None.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 476 Feedlot Systems Credits: 3 (3-0-0)

Course Description: Feedlot facilities; nutrition; procurement; merchandising; handling; processing cattle; health care; custom feeding; managerial duties.

Prerequisite: ANEQ 320.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 478 Beef Systems Credits: 3 (2-2-0)

Course Description: Beef production as related to consumer through seedstock segments. Major emphasis on cow-calf management.

Prerequisite: None.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing. Must register for lecture and laboratory. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ANEQ 486 Therapeutic Riding Instructor Practicum Credit: 1 (0-3-0)

Course Description: Mentor-guided teaching hours to students preparing for the PATH International Instructor examination.

Prerequisite: ANEQ 365.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 487A Internship: Animal Credits: Var[1-6]

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor. Maximum of 6 credits allowed in course. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 487B Internship: Equine Credits: Var[1-6]

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor. Maximum of 6 credits allowed in course. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 495 Independent Study Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Registration Information:** Written consent of instructor. Maximum of 6 credits allowed in course. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**ANEQ 496 Group Study Credits: Var[1-5]****Course Description:****Prerequisite:** None.**Registration Information:** Written consent of instructor. Maximum of 6 credits allowed in course. A maximum of 12 credits is allowed for any combination of the following: ANEQ 350A-E, ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487, ANEQ 495, and ANEQ 496.**Terms Offered:** Fall, Spring, Summer.**Grade Modes:** S/U Sat/Unsat Only, Traditional.**Special Course Fee:** No.**ANEQ 500 Recent Developments Credits: Var[1-6]****Course Description:** Recent developments in animal science, avian science, and food technology.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Term Offered:** Summer.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**ANEQ 510 Bovine Reproduction Management Credits: 4 (3-2-0)****Course Description:** Role of reproduction in economic efficiency of cattle production systems. Causes of delayed breeding and nonpregnancy, abortion and perinatal mortality.**Prerequisite:** ANEQ 310.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 520 Applied Comparative Nutrition Credits: 3 (3-0-0)****Course Description:** Comparative digestion strategies and mechanisms of nutrient utilization for terrestrial vertebrates: livestock, pets, wildlife, and zoo animal models.**Prerequisites:** ANEQ 320 or FSHN 550 and FSHN 551.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 522 Animal Metabolism Credits: 3 (3-0-0)****Course Description:** Nutrient digestion, absorption, transport and metabolism in monogastric and ruminant domestic species as affected by physiological changes.**Prerequisites:** CHEM 346 or CHEM 245 and CHEM 246.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 548 Issues in Manure Management Credits: 4 (2-2-1)****Course Description:** Manure management practices maximizing benefits to soils and crops while minimizing hazards to air and water quality and complying with regulations.**Prerequisite:** CHEM 100 to 199 - at least 3 credits.**Registration Information:** Credit allowed for only one of the following courses: ANEQ 448, ANEQ 548, SOCR 448, SOCR 548. Must register for lecture, laboratory, and recitation. Required field trips.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 550A Basic Research Surgery: Farm Animal Credits: 2 (1-2-0)****Course Description:** Basic principles and techniques of animal surgery to meet ACUC requirements for experimental procedures.**Prerequisite:** ANEQ 230 or ANEQ 305 or BMS 300 or BMS 305.**Registration Information:** Junior, senior, or graduate standing. Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 550B Basic Research Surgery: Rodent Credits: 2 (1-2-0)****Course Description:** Basic principles and techniques of animal surgery to meet ACUC requirements for experimental procedures.**Prerequisite:** ANEQ 230 or ANEQ 305 or BMS 300 or BMS 305 or VS 333.**Registration Information:** Junior, senior, or graduate standing. Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 551 Field Necropsy Credits: 2 (1-2-0)****Course Description:** Field necropsy techniques for collection of animal tissues for submission to a diagnostic laboratory.**Prerequisites:** (ANEQ 230 or BMS 300 or ANEQ 305) and (VS 313 or ANEQ 346 or MIP 315A or MIP 315B or ANEQ 313).**Restriction:** Must be a: Graduate, Professional.**Registration Information:** junior or senior standing. Must register for lecture and laboratory.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**ANEQ 565 Interpreting Animal Science Research Credits: 3 (3-0-0)****Course Description:** Designing, conducting, analyzing, and reporting of animal science research.**Prerequisites:** (ANEQ 101 or ANEQ 102) and (STAT 100 to 499 - at least 3 credits).**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ANEQ 567 HACCP Meat Safety Credits: 2 (2-0-0)****Course Description:** Control of health problems in meat products through hazard analysis critical control point (HACCP) and total quality management (TQM) practices.**Prerequisite:** ANEQ 460.**Registration Information:** This is a partial-semester course.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

ANEQ 575 Computational Biology in Animal Breeding Credits: 3 (2-2-0)

Course Description: Numerical analysis and use of computers to solve problems in animal improvement.

Prerequisite: None.

Restriction: Must be a: Graduate.

Registration Information: Graduate standing or written consent of instructor. Must register for lecture and laboratory.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 587 Internship Credits: Var[1-9]

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 610 Hormonal Regulation of Growth Credits: 2 (2-0-0)

Course Description: Cellular and molecular regulation of animal growth by hormones and growth factors.

Prerequisite: BMS 501.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 621 Vitamin and Mineral Metabolism Credits: 3 (3-0-0)

Course Description: Vitamin and mineral metabolism in domestic animals.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 631 Selection Index Theory Credits: 3 (2-0-1)

Course Description: Quantitative methods for genetic evaluation: selection index theory and introduction to best linear unbiased prediction.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Must register for lecture and recitation.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

ANEQ 660 Topics in Meat Safety Credit: 1 (1-0-0)

Course Description: Topics of current concern in meat safety.

Prerequisite: ANEQ 567.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 676 Molecular Approaches to Food Safety Credits: 3 (1-4-0)

Course Description: Molecular subtyping, tracking, and control; molecular ecology and evolution of food-borne pathogens; molecular pathogenesis of food-borne diseases.

Prerequisite: MIP 300 or MIP 334.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ANEQ 720 Nutritional Energetics Credits: 3 (3-0-0)

Course Description: Dietary energy use to meet animal requirements for maintenance, growth, pregnancy, and lactation; environmental, nutritional, and physiological effects.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 725 Rumen Metabolism Credits: 3 (3-0-0)

Course Description: Microbial degradation, transformation, and synthesis of ingested nutrients; feed particle passage kinetics in the rumen.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 730 Advances in Cattle Breeding Credits: 3 (3-0-0)

Course Description: Literature and research methods in beef cattle breeding.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

ANEQ 731 Advanced Genetic Prediction Credits: 3 (3-0-0)

Course Description: Models and methods for prediction of genetic merit in livestock populations.

Prerequisite: ANEQ 575.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ANEQ 784 Supervised College Teaching Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing. Written consent of instructor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**ANEQ 792A Seminar: General Credit: 1 (0-0-1)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ANEQ 792B Seminar: Breeding/Genetics Credit: 1 (0-0-1)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ANEQ 792C Seminar: Physiology Credit: 1 (0-0-1)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ANEQ 792D Seminar: Meat Sciences Credit: 1 (0-0-1)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ANEQ 792E Seminar: Nutrition Credit: 1 (0-0-1)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ANEQ 792F Seminar: Livestock Management Systems Credit: 1 (0-0-1)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ANEQ 795 Independent Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing. Written consent of instructor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**ANEQ 799 Dissertation Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Graduate standing. Written consent of instructor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.

Major in Animal Science

Students majoring in Animal Science (food animals) are provided with an industry-oriented, science-based education that prepares them for careers in animal agriculture or one of many industries associated with livestock production. The curriculum focuses on the study of food-producing animals and includes foundation courses in the sciences. Students also choose from specialized courses to enhance their technical, practical, and business skills in topics related to various aspects of production, marketing, and processing of livestock and their products.

Learning Outcomes

Successful students will demonstrate:

- Broad-based understanding of biological principles and develop the ability to incorporate the use of these principles into animal management systems
- An understanding of business/economic principles and their application to food animal production systems
- Ability to critically evaluate industry and management issues
- Problem solving and leadership skills that enhance professional success

Potential Occupations

Potential occupations include: managers of production units such as ranches, feedlots, and dairy farms; sales representative for feed companies, pharmaceutical firms, and livestock service organizations; organizational groups/associations such as breed organizations, clientele groups, and branded beef companies; cooperative extension and other educational positions; graduate and professional schools.

Requirements Effective Fall 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>) (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

A maximum of five credits is allowed for the following:

ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364.

A maximum of 12 credits is allowed for any combination of the following:

ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487A, ANEQ 495, and ANEQ 496.

A minimum grade of 'C' (2.0) is required for each of the ANEQ courses which are required to complete the major.

Freshman

	AUCC	Credits
AGRI 192 or 292 Orientation to Agricultural Systems Transfer Seminar		1
ANEQ 101 Food Animal Science		4
ANEQ 105 Introduction to Large Animal Anatomy		1
AREC 202 or ECON 202 Agricultural and Resource Economics (GT-SS1) Principles of Microeconomics (GT-SS1)	3C	3
Select one group from the following:		5
Group A:		
CHEM 107 Fundamentals of Chemistry (GT-SC2)	3A	
CHEM 108 Fundamentals of Chemistry Laboratory (GT-SC1)	3A	
Group B:		
CHEM 111 General Chemistry I (GT-SC2)	3A	
CHEM 112 General Chemistry Lab I (GT-SC1)	3A	
CO 150 College Composition (GT-CO2)	1A	3
LIFE 102 Attributes of Living Systems (GT-SC1)	3A	4
Select at least three credits from the following:		3-4
MATH 117 College Algebra in Context I (GT-MA1)	1B	
MATH 118 College Algebra in Context II (GT-MA1)	1B	
MATH 124 Logarithmic and Exponential Functions (GT-MA1)	1B	
MATH 125 Numerical Trigonometry (GT-MA1)	1B	
MATH 126 Analytic Trigonometry (GT-MA1)	1B	
MATH 141 Calculus in Management Sciences (GT-MA1)	1B	
MATH 155 Calculus for Biological Scientists I (GT-MA1)	1B

¹ Select a total of 15 credits from any AREC or ECON course or any business course, of which 3 credits may be a computer course. Access granted for the following business courses: ACT 205, BUS 205, FIN 305, MGT 305, MKT 305.

² The combined total credits in the junior year for Applied Animal Science Electives, Experience Animal Science Electives, and free electives, may not exceed 13 credits.

³ Select one course from the department approved Experience Animal Science course list for Animal Science majors.

⁴ Students with specific career goals are strongly encouraged to consult with their advisor regarding selection of elective credits. Select enough elective credits to bring the program total to 120 credits with a minimum of 42 upper-division credits.

⁵ Selecting two courses from the list meets departmental requirements. One of those two courses may be used to meet AUCC category 4A and 4C requirements.

Major in Equine Science

The Equine Science major prepares students to serve the many needs of a growing industry and focuses on providing students with an in-depth scientific knowledge of the varied functions of the horse and how to relate those scientific principles to the industry. Equine Science majors have the opportunity to develop a broad understanding of the horse as it relates to business, recreational, and production aspects of the industry. Currently, CSU has the most comprehensive equine program in the United States with major efforts in research, teaching, and public service.

Learning Outcomes

Successful students will demonstrate:

- Broad-based understanding of biological principles and develop the ability to incorporate the use of these principles into the horse industry
- An understanding of business/economic principles and their application to equine enterprises
- Ability to critically evaluate equine industry issues
- Problem solving and leadership skills that enhance professional success

Potential Occupations

- The opportunity to attend professional and/or graduate school
- Positions that provide services to the horse industry
- Management of equine production systems such as breeding farms
- Positions with horse organizations and horse shows
- Education positions with cooperative extension and colleges and universities

Requirements Effective Fall 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>) (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

A minimum grade of "C" (2.00) is required for each of the ANEQ courses which are required to complete the major.

A maximum of five credits is allowed for ANEQ 352, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, and ANEQ 364. A

maximum of twelve credits is allowed for any combination of the following: ANEQ 352

, ANEQ 353, ANEQ 354, ANEQ 355, ANEQ 356, ANEQ 357, ANEQ 361, ANEQ 362, ANEQ 363, ANEQ 364, ANEQ 384, ANEQ 487B, ANEQ 495, and ANEQ 496.

Freshman

	AUCC	Credits

Department of Bioagricultural Sciences and Pest Management

Office in Plant Sciences Building, Room C129
(970) 491-5261
bspm.agsci.colostate.edu (<http://bspm.agsci.colostate.edu>)

Professor Thomas O. Holtzer, Head
Janet Dill, Graduate Coordinator

Although there is no undergraduate major in bioagricultural sciences offered within the department, instructional programs in the Department of Bioagricultural Sciences and Pest Management serve a number of undergraduate majors and graduate programs across CSU.

Undergraduate Minor Programs

Minors are offered in Entomology and Plant Health. Students are provided with maximum breadth and depth with a limited number of required courses. The minors also serve to broaden the academic background of students seeking employment in the interdisciplinary job markets associated with most plant science majors. The minors provide adequate credits to meet most federal and state certification requirements for employment. Please contact Dr. Kondratieff for information on the entomology minor and Janet Dill for the plant health minor.

- Entomology
- Plant Health

Graduate Graduate Programs in Bioagricultural Sciences

The department offers graduate programs leading to a non-thesis Master of Science in Pest Management and Master of Science and Doctor of Philosophy degrees in Bioagricultural Sciences with specializations are available in Entomology, Plant Pathology, or Weed Science. Research in the department is focused in four areas of emphasis that cut across disciplinary specializations:

1. genomics and molecular biology;
2. ecology and biodiversity;
3. biology and management of invasive species; and
4. integrated pest management.

In addition, a number of faculty in the department are members of CSU's Graduate Degree Program in Ecology or the Cell and Molecular Biology Program and advise M.S. and Ph.D. students through these programs. Students interested in graduate work should refer to the Graduate and Professional Bulletin or visit the Department of Bioagricultural Sciences and Pest Management (<http://bspm.agsci.colostate.edu>).

Master Program

- Master of Science in Bioagricultural Sciences and Pest Management
- Master of Science in Bioagricultural Sciences and Pest Management, Plan A, Entomology Specialization
- Master of Science in Bioagricultural Sciences and Pest Management, Plan B, Pest Management Specialization
- Master of Science in Bioagricultural Sciences and Pest Management, Plan A, Plant Pathology Specialization
- Master of Science in Bioagricultural Sciences and Pest Management, Plan A, Weed Science Specialization

Ph.D.

- Ph.D. in Bioagricultural Sciences
- Ph.D. in Bioagricultural Sciences, Entomology Specialization
- Ph.D. in Bioagricultural Sciences, Plant Pathology Specialization
- Ph.D. in Bioagricultural Sciences, Weed Science Specialization

Courses Bioagricultural Sciences and Pest Management (BSPM)

BSPM 102 Insects, Science, and Society (GT-SC2) Credits: 3 (3-0-0)

Course Description: How insects develop, behave, and affect human activity. What every student should know about the most diverse life form on Earth.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Biological & Physical Sciences 3A, Natural & Physical Sciences w/o lab (GT-SC2).

BSPM 201 Weed Management and Control Credits: 3 (0-0-3)

Course Description: Basic overview of weeds and weed control.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 300 Topics in Livestock Entomology Credit: 1 (1-0-0)

Also Offered As: ANEQ 300B.

Course Description: Identification, biology, and management of insect, tick, and mite pests.

Prerequisites: BZ 100 to 199 between 3 and 5 credits - at least 3 credits or LIFE 100 to 199 between 3 and 5 credits - at least 3 credits.

Registration Information: Credit not allowed for both BSPM 300 and ANEQ 300B.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 302 Applied and General Entomology Credits: 2 (2-0-0)

Course Description: Biology and management of insects.

Prerequisite: None.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

BSPM 303A Entomology Laboratory: General Credits: 2 (0-4-0)

Course Description: Biology and recognition of insects.

Prerequisite: BSPM 302, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

BSPM 303B Entomology Laboratory: Horticultural Credit: 1 (0-2-0)

Course Description: Biology and recognition of insects.

Prerequisite: BSPM 302, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 303C Entomology Laboratory: Agricultural Credit: 1 (0-2-0)**Course Description:** Biology and recognition of insects.**Prerequisite:** BSPM 302, may be taken concurrently.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**BSPM 308 Ecology and Management of Weeds Credits: 3 (2-3-0)****Course Description:** Classification, characteristics; weed biology and ecology; control by cultural, mechanical, chemical, and biological means; successional management.**Prerequisites:** (BZ 120 or LIFE 103) and (CHEM 107 or CHEM 111).**Registration Information:** Must register for lecture and laboratory. Required field trips.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**BSPM 310 Understanding Pesticides Credits: 3 (3-0-0)****Course Description:** Identification, properties, use, labeling, environmental interactions, and application of major classes of pesticides.**Prerequisite:** BZ 100 to 199 - at least 3 credits or CHEM 100 to 199 - at least 3 credits.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**BSPM 350 Science Illustration Credits: 2 (1-2-0)****Course Description:** Fundamentals of science illustration, emphasizing observational and drawing skills.**Prerequisite:** None.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**BSPM 361 Elements of Plant Pathology Credits: 3 (2-2-0)****Course Description:** Diseases of economic plants.**Prerequisite:** BZ 104 or BZ 120 or HORT 100 or LIFE 102.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**BSPM 365 Integrated Tree Health Management Credits: 4 (3-3-0)****Course Description:** Insects and diseases in forest and urban ecosystems. Effects, diagnosis, prevention, and interactions.**Prerequisite:** BZ 120 or LIFE 102.**Registration Information:** Must register for lecture and laboratory. Required field trips.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**BSPM 384 Supervised College Teaching Credits: Var[1-3]****Course Description:****Prerequisite:** None.**Registration Information:** A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**BSPM 415 Pollinator Management in Agroecosystems. Credit: 1 (1-0-0)****Also Offered As:** SOCR 415.**Course Description:** Fundamental concepts of pollinator management, sustainable crop-pollinator interactions, global issues on pollinator conservation.**Prerequisite:** HORT 100 or SOCR 100.**Registration Information:** Credit not allowed for both BSPM 415 and SOCR 415. This is a partial-semester course. Required field trips.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**BSPM 423 Evolution and Classification of Insects Credits: 3 (1-4-0)****Course Description:** Major groups of insects, living and fossil; major evolutionary trends in structure and behavior.**Prerequisite:** None.**Registration Information:** Must register for lecture and laboratory. Credit not allowed for both BSPM 423 and BSPM 523.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**BSPM 424 Principles of Systematic Zoology Credits: 3 (3-0-0)****Also Offered As:** BZ 424.**Course Description:** Principles and methods of classification, zoological nomenclature, taxonomic decisions regarding species and higher categories.**Prerequisites:** BZ 111 and BZ 110 or LIFE 103.**Registration Information:** Credit not allowed for both BSPM 424 and BZ 424.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**BSPM 445 Aquatic Insects Credits: 4 (2-4-0)****Course Description:** Biology and recognition of major orders and families of aquatic insects; a collection is required.**Prerequisite:** BZ 111 or LIFE 103.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**BSPM 450 Molecular Plant-Microbe Interaction Credits: 3 (3-0-0)****Course Description:** Principles of plant-microbe/insect interactions, physiological and molecular aspects of plant defense, genomics approaches to study plant defense.**Prerequisites:** (BZ 100 to 499 - at least 3 credits) and (BZ 346 or SOCR 330).**Registration Information:** Credit not allowed for both BSPM 450 and BSPM 550.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**BSPM 451 Integrated Pest Management Credits: 3 (3-0-0)****Course Description:** Concepts of integrated pest management and the strategies and tactics employed in the application of these concepts.**Prerequisite:** BSPM 302 or BSPM 308 or BSPM 361.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.

BSPM 462 Parasitology and Vector Biology Credits: 5 (3-4-0)

Also Offered As: BZ 462 and MIP 462.

Course Description: Protozoa, helminths, and insects and related arthropods of medical importance; systematics, epidemiology, host damage and control.

Prerequisites: (BZ 110 or LIFE 103) and (BZ 212 or LIFE 206 or MIP 302).

Registration Information: Must register for lecture and laboratory. Credit allowed for only one of the following: BSPM 462, BZ 462, MIP 462.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 487 Internship Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 492 Seminar Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 495 Independent Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 496 Group Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 502A Topics in Plant Pathology: Plant Viruses Credit: 1 (1-0-0)

Course Description:

Prerequisite: BIO 300 to 499 - at least 3 credits or BSPM 300 to 499 - at least 3 credits or BZ 300 to 499 - at least 3 credits or LIFE 300 to 499 - at least 3 credits.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 502B Topics in Plant Pathology: Plant Bacteriology Credit: 1 (1-0-0)

Course Description:

Prerequisite: BIO 300 to 499 - at least 3 credits or BSPM 300 to 499 - at least 3 credits or BZ 300 to 499 - at least 3 credits or LIFE 300 to 499 - at least 3 credits.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 502F Topics in Plant Pathology: Plant Disease

Epidemiology Credit: 1 (1-0-0)

Course Description:

Prerequisite: BSPM 361.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 507 Insect Behavior Credits: 3 (3-0-0)

Course Description: Behavior of insects and related arthropods with special attention to social behavior.

Prerequisite: None.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 508 Environmental Fate of Pesticides Credits: 3 (3-0-0)

Course Description: Processes that affect fate of pesticides and their metabolites in the environment with emphasis on soil and water.

Prerequisite: BZ 440 or CHEM 245 or SOCR 240.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 509 Herbicide Selectivity and Action Credits: 3 (3-0-0)

Course Description: Selectivity of major photosynthetic and growth inhibitor herbicides based on herbicide transport, metabolism, and mode of action.

Prerequisite: BSPM 308 or BZ 440.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 510 Insect-Plant Disease Relationships Credits: 3 (3-0-0)

Course Description: Relationships between insects and various plant pathogens as they affect survival and transmissions of pathogens.

Prerequisite: BSPM 302 or BSPM 361.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 520 Advanced Systematics Credits: 3 (3-0-0)

Also Offered As: BZ 520.

Course Description: Theory and practice of modern systematics.

Prerequisite: BSPM 424 or BZ 424 or BZ 325.

Registration Information: Credit not allowed for both BSPM 520 and BZ 520.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 521 Forest Health Issues Credits: 3 (3-0-0)

Course Description: Current topics related to forest and shade tree health from ecosystems to tree defense physiology.

Prerequisite: None.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 523 Advanced Evolution/Classification of Insects Credits: 4 (1-4-1)

Course Description: Major groups of insects, living and fossil; major evolutionary trends in structure and behavior.

Prerequisite: None.

Registration Information: Must register for lecture, laboratory, and recitation. Credit not allowed for both BSPM 523 and BSPM 423.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 525 Insect Physiology Credits: 3 (3-0-0)

Course Description: Principles of insect function.

Prerequisite: BSPM 302.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 526 Evolutionary Ecology Credits: 3 (3-0-0)

Also Offered As: BZ 526.

Course Description: Adaptation to abiotic and biotic environments; how current ecological processes interact with evolutionary history.

Prerequisite: LIFE 320 or LIFE 220 or LAND 220.

Registration Information: Credit not allowed for both BSPM 526 and BZ 526.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 528 Invasive Plants/Weeds: Ecosystems to Molecules Credits: 3 (3-0-0)

Course Description: Contributions of disciplines of weed science and invasion ecology to understanding the biology, ecology and management of "problem plants."

Prerequisites: (LIFE 320 or LAND 220 or LIFE 220) and (BZ 120) and (LIFE 102 or LIFE 103).

Term Offered: Fall (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

BSPM 530 Scientific Writing Credit: 1 (1-0-0)

Also Offered As: SOCR 530.

Course Description: Skills necessary to prepare complete scientific journal articles including writing, editing, and literature searching and assessment.

Prerequisite: None.

Registration Information: Credit not allowed for both BSPM 530 and SOCR 530.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 540 Understanding Genomes Credits: 3 (3-0-0)

Course Description: Harnessing genome information and related -omics level technologies for use in answering biological questions.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 550 Molecular Plant-Microbe Interactions Credits: 3 (3-0-0)

Course Description: Principles of plant-microbe interactions, physiological and molecular aspects of plant defense, genomic approaches to study plant defense.

Prerequisites: (BZ 100 to 499 - at least 3 credits) and (BZ 346 or SOCR 330).

Registration Information: Credit not allowed for both BSPM 550 and BSPM 450.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 551 Advanced Integrated Pest Management Credits: 4 (3-0-1)

Course Description: Concepts of integrated pest management and the strategies and tactics employed in the practical application of these concepts.

Prerequisite: BSPM 302 or BSPM 308 or BSPM 361.

Registration Information: Must register for lecture and recitation.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 555 Immature Insects Credits: 3 (1-4-0)

Course Description: Characteristics of immature forms of orders and families of insects emphasizing those important to man.

Prerequisite: BSPM 303A or BSPM 303B or BSPM 303C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 556 Biological Control of Plant Pests Credits: 3 (3-0-0)

Course Description: Management of insect pests of plants and weeds using biological control agents such as insects, bacteria, viruses, and fungi.

Prerequisites: (BZ 120 or LIFE 103) and (LIFE 320 or LAND 220 or LIFE 220).

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 570 Chemical Ecology Credits: 3 (3-0-0)

Course Description: Chemical interactions among animals, plants, fungi, and microorganisms.

Prerequisite: None.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 571 Techniques in Chemical Ecology Credit: 1 (0-2-0)

Course Description: Practical experience with chemical techniques for separation, analysis, and synthesis of natural products together with biological assays for activity.

Prerequisite: None.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 575 Molecular and Genomic Evolution Credits: 3 (3-0-0)

Also Offered As: BZ 575.

Course Description: Molecular, biological mechanisms of evolutionary change: mutation; selection; gene expression/regulation; changes in whole-genome architecture.

Prerequisites: BZ 220 and BZ 350.

Registration Information: Credit not allowed for both BSPM 575 and BZ 575.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 576 Bioinformatics Credits: 3 (3-0-0)

Also Offered As: MIP 576.

Course Description: Technical computing across platforms using bioinformatics tools in molecular analysis.

Prerequisite: BC 463 or BZ 310 or BZ 350 or CM 501 or CS 155 or ERHS 332 or MIP 275 or MIP 300 or MIP 450 or STAT 307 or ERHS 307.

Registration Information: Credit not allowed for both BSPM 576 and MIP 576.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 584 Supervised College Teaching Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 587 Internship Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 592 Seminar Credits: Var[1-3]

Course Description: Major questions and theory pertinent to understanding current and relevant science topics.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 594 Independent Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 596 Group Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 698 Research Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 710 Techniques in Molecular Biology and Genetics Credits: 3 (0-4-1)

Also Offered As: CM 710.

Course Description: Genetic manipulation of bacteria, bacteriophage, and yeast including experiments in molecular cloning and gene expression.

Prerequisite: BC 463 or BZ 346 or BZ 350 or MIP 450 or SOCR 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for laboratory and recitation. Credit not allowed for both BSPM 710 and CM 710.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 740 Plant Molecular Genetics Credits: 3 (3-0-0)

Also Offered As: SOCR 740.

Course Description: Advances in study of organization and function of nuclear and organellar genomes, gene expression in higher plants, and plant-microbe interactions.

Prerequisites: BC 351 and SOCR 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both BSPM 740 and SOCR 740.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BSPM 784 Supervised College Teaching Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 787 Internship Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 792 Seminar Credits: Var[1-2]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 794 Independent Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 798 Research Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BSPM 799 Dissertation Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Master of Science in Bioagricultural Sciences and Pest Management

Effective Fall 2007

The M.S. degree requires 30-32 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Master of Science in Bioagricultural Sciences and Pest Management, Plan B, Pest Management Specialization

Requirements

Effective Fall 2009

Core Requirements

BSPM 551	Advanced Integrated Pest Management	4
Select 9 credits from the following:		9
BSPM 502A	Topics in Plant Pathology: Plant Viruses or BSPM 502B Topics in Plant Pathology: Plant Bacteriology or BSPM 502F Topics in Plant Pathology: Plant Disease Epidemiology	
BSPM 507	Insect Behavior	

BSPM 509	Herbicide Selectivity and Action	
BSPM 510	Insect-Plant Disease Relationships	
BSPM 521	Forest Health Issues	
BSPM 523	Advanced Evolution/Classification of Insects	
BSPM 528	Invasive Plants/Weeds: Ecosystems to Molecules	
BSPM 550	Molecular Plant-Microbe Interactions	
BSPM 556	Biological Control of Plant Pests	
BSPM 792	Seminar	1
BSPM 792	Seminar (present one seminar)	2
Degree-supporting non-departmental electives		9
Broad Education Requirements		
500-700 level course ¹		3
Additional Requirements		
BSPM 698	Research ²	6
Program Total Credits		34

A minimum of 34 credits are required to complete this program.

- ¹ Choose from various courses such as teaching, internships, independent study, communication classes, second language, etc., with approval by advisor and committee.
- ² Includes a scholarly paper on topic related to specialization and approved by the student's graduate committee.

Master of Science in Bioagricultural Sciences, Plan A, Entomology Specialization

Effective Fall 2007

The M.S. degree requires 30-32 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Master of Science in Bioagricultural Sciences, Plan A, Plant Pathology Specialization

Effective Fall 2007

The M.S. degree requires 30-32 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Master of Science in Bioagricultural Sciences, Plan A, Weed Science Specialization

Effective Fall 2007

The M.S. degree requires 30-32 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Minor in Entomology Requirements Effective Spring 2004

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Lower Division

Select one group from the following: 7-8

Group A:

BZ 110 Principles of Animal Biology (GT-SC2)

BZ 120 Principles of Plant Biology (GT-SC2)

Group B:

LIFE 102 Attributes of Living Systems (GT-SC1)

LIFE 103 Biology of Organisms-Animals and Plants

Upper Division

BSPM 302 Applied and General Entomology 2

Select one from the following: 3

BSPM 303A Entomology Laboratory: General

BSPM 303B Entomology Laboratory: Horticultural

BSPM 303C Entomology Laboratory: Agricultural

Select 12-13 credits from the following: 12-13

BSPM 423 Evolution and Classification of Insects

BSPM 445 Aquatic Insects

BSPM 451 Integrated Pest Management

BSPM 462/ Parasitology and Vector Biology

MIP 462/

BZ 462

BSPM 487 Internship

or BSPM 495 Independent Study

Program Total Credits 24-26

Minor in Plant Health Requirements Effective Spring 2012

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

BSPM 302 Applied and General Entomology 2

Select one from the following: 1-2

BSPM 303A Entomology Laboratory: General

BSPM 303B Entomology Laboratory: Horticultural

BSPM 303C Entomology Laboratory: Agricultural

BSPM 308 Ecology and Management of Weeds 3

BSPM 310 Understanding Pesticides 3

BSPM 361 Elements of Plant Pathology 3

Select a minimum of 9-10 credits from the following (including the 9-10 selections of BSPM 487 or BSPM 495 or BZ/LIFE courses below):

BSPM 365 Integrated Tree Health Management

BSPM 423 Evolution and Classification of Insects

BSPM 445 Aquatic Insects

BSPM 450 Molecular Plant-Microbe Interaction

BSPM 451 Integrated Pest Management

BSPM 462/ Parasitology and Vector Biology

MIP 462/

BZ 462

BSPM 487 Internship

or BSPM 495 Independent Study

BZ 120 Principles of Plant Biology (GT-SC2)¹

or LIFE 102 Attributes of Living Systems (GT-SC1)

LIFE 103 Biology of Organisms-Animals and Plants¹

Program Total Credits 21-23

¹ May be taken as electives by students in majors that are not in the biological or agricultural sciences.

Ph.D. in Bioagricultural Sciences Effective Fall 2007

The Ph.D. degree requires 72 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Ph.D. in Bioagricultural Sciences, Entomology Specialization Effective Fall 2007

The Ph.D. degree requires 72 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Ph.D. in Bioagricultural Sciences, Plant Pathology Specialization Effective Fall 2007

The Ph.D. degree requires 72 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Ph.D. in Bioagricultural Sciences, Weed Science Specialization Effective Fall 2007

The Ph.D. degree requires 72 credits beyond the undergraduate degree. Course selection depends on each student's focus within Bioagricultural Sciences and must be approved by the student's graduate committee.

Department of Horticulture and Landscape Architecture

Departmental Main Office
Shepardson Building, Room 111
(970) 491-7019
cas_hla@mail.colostate.edu

hortla.agsci.colostate.edu (<http://hortla.agsci.colostate.edu>)

Professor Stephen J. Wallner, Head

Undergraduate Majors

- Environmental Horticulture
 - Landscape Business Concentration
 - Landscape Design and Contracting Concentration
 - Nursery and Landscape Management Concentration
 - Turf Management Concentration
- Horticulture
 - Floriculture Concentration
 - Horticultural Business Management Concentration
 - Horticultural Food Crops Concentration
 - Production Option
 - Seed Science Option
 - Horticultural Science Concentration
 - Horticultural Therapy Concentration
 - Viticulture and Enology Concentration
- Landscape Architecture

Minors

A Horticulture or Environmental Horticulture minor will serve to broaden the academic background of students seeking employment in interdisciplinary job markets associated with plant sciences or the art and science of environmental horticulture. A minor will allow students a maximum breadth and depth in the field while utilizing a limited number of requirements.

- Environmental Horticulture
- Horticulture

Graduate Graduate Programs in Horticulture

The department offers graduate programs leading to Master of Science and Doctor of Philosophy degrees. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Horticulture (<http://hortla.agsci.colostate.edu>).

Master Programs

Master of Science in Horticulture, Plan A*
Master of Science in Horticulture, Plan B*
Master of Landscape Architecture, Plan C (M.L.A.)

Ph.D.

Ph.D. in Horticulture*

* Please see department for program of study.

Courses

Subjects in this department include: Horticulture and Landscape Architecture

Horticulture (HORT)

HORT 100 Horticultural Science Credits: 4 (3-2-0)

Course Description: Principles of plant science and related disciplines as the base and context for the introduction of horticultural practices.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

Additional Information: Biological & Physical Sciences 3A.

HORT 171 Environmental Issues in Agriculture (GT-SS3) Credits: 3 (2-0-1)

Also Offered As: SOCR 171.

Course Description: Historical development of agriculture, environmental consequences of modern food production and other cultural approaches to agriculture.

Prerequisite: None.

Registration Information: Must register for lecture and recitation. Credit not allowed for both HORT 171 and SOCR 171.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Global & Cultural Awareness 3E, Human Behavior, Culture, or Social Frameworks (GT-SS3).

HORT 221 Landscape Plants Credits: 4 (2-4-0)

Course Description: Identification, landscape features, cultural requirements, and landscape use of coniferous and deciduous trees and shrubs, vines, and evergreens.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Required field trips. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

HORT 231 Landscape Graphics Studio Credits: 4 (2-4-0)

Course Description: Mechanical and freehand graphic techniques for landscape design. Use of pencil, ink, and colored markers. Plan, sectional, and perspective views.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HORT 232 Principles of Landscape Design Credits: 4 (2-4-0)

Course Description: Basic concepts in the art and process of landscape design.

Prerequisite: HORT 231.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 260 Plant Propagation Credits: 4 (3-2-0)

Course Description: Theories, principles, and techniques of sexual and asexual propagation.

Prerequisite: BZ 120, may be taken concurrently or HORT 100, may be taken concurrently or LIFE 103, may be taken concurrently.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

HORT 270 Fundamentals of Horticultural Therapy Credits: 2 (2-0-0)

Course Description: Theory and practice of horticultural therapy in health care and human services; applications, settings, and professional career topics.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 277 Introduction to Enology Credit: 1 (1-0-0)

Course Description: Methods/criteria to evaluate, compare, and describe aroma and flavor characteristics in sound commercial wines; identification of common wine defects.

Prerequisite: None.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

HORT 310 Greenhouse Management Credits: 4 (3-2-0)

Course Description: Design and use of enclosed structures to manipulate controlled environments, effects on growth as applied to crops, production, and marketing costs.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

HORT 321 Nursery Production and Management Credits: 4 (3-2-0)

Course Description: Nursery industry organization, management, equipment, field and container production, storage, shipping, marketing, and business management practices.

Prerequisite: BZ 120 or HORT 100 or LIFE 103.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 322 Herbaceous Plants Credits: 3 (2-2-0)

Course Description: Identification, landscape features, cultural requirements, and uses of ornamental annual, perennial, and bulb plants.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Required field trips. Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

HORT 330 Computers for Landscape Design Credits: 2 (1-2-0)

Course Description: Applications and techniques of computer software utilized in small-scale landscape design-build.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 331 Landscape Design Credits: 2 (2-0-0)

Course Description: Fundamentals of landscape design theory and plant composition as presented in simple problems.

Prerequisite: None.

Registration Information: For non-design majors only.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HORT 335 Landscape Structures Credits: 4 (2-4-0)

Course Description: Design and construction methods for structures commonly used in residential landscaping. Preparation of construction documents.

Prerequisites: CON 131 and HORT 232.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 336 Landscape Grading and Drainage Studio Credits: 4 (2-4-0)

Course Description: Basic design principles for grading, drainage, and earth forms for small-scale projects.

Prerequisites: (HORT 221 and HORT 322 and HORT 335) and (MATH 118).

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HORT 341 Turfgrass Management Credits: 3 (2-2-0)

Course Description: Principles and practices of turfgrass propagation and maintenance.

Prerequisite: HORT 100, may be taken concurrently.

Registration Information: Must register for lecture and laboratory. Required field trips. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 344 Organic Greenhouse Production Credit: 1 (1-0-0)

Course Description: Fundamentals of greenhouse production using organic production methods.

Prerequisite: HORT 310.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 345 Diagnosis and Treatment in Organic Fields Credits: 2 (0-4-0)

Also Offered As: SOCR 345.

Course Description: Field experience in diagnosis of pest and nutrient problems on organic farms and development of treatment recommendations.

Prerequisites: (BSPM 302 or BSPM 308 or BSPM 361) and (HORT 100 or SOCR 100) and (SOCR 240).

Registration Information: Credit not allowed for both HORT 345 and SOCR 345. Required field trips.

Term Offered: Summer (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 367 Landscape Irrigation Credits: 3 (2-2-0)

Course Description: Practical design of sprinkler and trickle irrigation systems for commercial and residential landscapes.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Credit allowed for only one of the following: HORT 367, HORT 368, LAND 368.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 368 Landscape Irrigation and Water Conservation Credits: 3 (2-2-0)

Also Offered As: LAND 368.

Course Description: Practical approaches and methods of irrigation, water conservation, and water management in the designed landscape.

Prerequisite: HORT 100 or LAND 110.

Registration Information: Must register for lecture and laboratory. Credit allowed for only one of the following: HORT 367, HORT 368, LAND 368.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 370 Landscape Irrigation Credit: 1 (1-0-0)

Course Description: Necessary skills to design and manage irrigation systems used in the landscape industry.

Prerequisite: HORT 100, may be taken concurrently.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 377 Horticultural Methods for Therapy Programs Credit: 1 (1-0-0)

Course Description: Horticultural methods for health care and human service settings, including indoor and outdoor growing techniques, management and plant selection.

Prerequisite: HORT 100 or HORT 270.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 382 Origins of Agriculture in the Andes of Peru Credits: 3 (0-0-3)

Course Description: Study abroad experience focused on understanding the agricultural, biological, cultural, and geographical diversity of the Andes region of Peru.

Prerequisite: HORT 100 or BZ 120 or LIFE 103.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 384 Supervised College Teaching Credits: Var[1-5]

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

HORT 401 Medicinal and Value-Added Uses of Plants Credits: 3 (3-0-0)

Course Description: Chemical, biochemical and ethnobotanical perspective on the medicinal and value-added uses of plants.

Prerequisite: BZ 120 or HORT 100 or LIFE 103.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 412 Floriculture Crops Credits: 4 (3-0-1)

Course Description: Commercial production and marketing of bedding plants, potted container crops, and cut flowers.

Prerequisite: None.

Registration Information: Must register for lecture and recitation. Required field trips. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 421 Horticultural Therapy Techniques Credits: 2 (2-0-0)

Course Description: Clinical skills in horticultural therapy; communication, safety, leadership, therapeutic relationships, adaptation of tools and activities.

Prerequisite: HORT 270.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 423 Horticultural Therapy Programming Credits: 2 (2-0-0)

Course Description: Methods for individual treatment planning, intervention, documentation, and reporting within therapy, social, and vocational HT programs.

Prerequisite: HORT 421.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 424 Topics in Organic Agriculture Credits: 3 (3-0-0)

Also Offered As: SOCR 424.

Course Description: Examination of issues specific to organic food production systems and marketing.

Prerequisites: (AREC 202 or ECON 202) and (SOCR 240 and AREC 328) and (HORT 100 or SOCR 100) and (HORT 171 or SOCR 171).

Registration Information: Credit not allowed for both HORT 424 and SOCR 424.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

HORT 425 Horticultural Therapy Management Credits: 3 (2-0-1)

Course Description: Horticultural therapy program and site design, proposals, funding, marketing, management, and evaluation.

Prerequisite: HORT 423.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 431 Planting Design Studio Credits: 4 (2-4-0)

Course Description: Functional and aesthetic values of plant materials; their creative use in landscape design.

Prerequisites: HORT 221 and HORT 336 and HORT 322.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

HORT 432 Intensive Landscape Design Studio Credits: 5 (2-6-0)

Course Description: Site planning and design for landscape projects of a limited scale. Problems of increasing complexity. Emphasis on real sites and clients.

Prerequisites: HORT 487 and HORT 431.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 441 Turfgrass Science Credits: 3 (3-0-0)

Course Description: Examination of turfgrass management practices from a scientific perspective; discussion of advanced turfgrass management technologies.

Prerequisite: BZ 120 or HORT 100 or SOCR 240.

Registration Information: Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 450A Horticulture Food Crops: Cool Season Vegetable

Production Credit: 1 (1-0-0)

Course Description:

Prerequisite: BZ 120 or HORT 100 or LIFE 103 or SOCR 100.

Registration Information: Required field trips.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 450B Horticulture Food Crops: Warm Season Vegetable

Production Credit: 1 (1-0-0)

Course Description:

Prerequisite: BZ 120 or HORT 100 or LIFE 103 or SOCR 100.

Registration Information: Required field trips.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 450C Horticulture Food Crops: Small Fruit

Production Credit: 1 (1-0-0)

Course Description:

Prerequisite: BZ 120 or HORT 100 or LIFE 103 or SOCR 100.

Registration Information: Required field trips.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 450D Horticulture Food Crops: Tree Fruit

Production Credit: 1 (1-0-0)

Course Description:

Prerequisite: BZ 120 or HORT 100 or LIFE 103 or SOCR 100.

Registration Information: Required field trips.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: Yes.

HORT 452 Viticulture-Grape Production Credit: 1 (1-0-0)

Course Description: Grape production in temperate zone climates.

Prerequisite: BZ 120 or HORT 100 or LIFE 103 or SOCR 100.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

HORT 454 Horticulture Crop Production and

Management Credits: 2 (2-0-0)

Course Description: Production and management of horticulture crops.

Prerequisite: HORT 100.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HORT 460 Plant Breeding Credits: 3 (2-0-1)

Also Offered As: SOCR 460.

Course Description: Theory and practice of plant breeding using principles of genetics and related sciences.

Prerequisite: BZ 350, may be taken concurrently or LIFE 201A, may be taken concurrently or SOCR 330, may be taken concurrently.

Registration Information: Must register for lecture and recitation.

Credit not allowed for both HORT 460 and SOCR 460.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

HORT 461 Plant Breeding Laboratory Credit: 1 (0-2-0)**Also Offered As:** SOCR 461.**Course Description:** Techniques and procedures used in public and commercial plant breeding programs.**Prerequisite:** HORT 460, may be taken concurrently or SOCR 460, may be taken concurrently.**Registration Information:** Credit not allowed for both HORT 461 and SOCR 461.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 462 Viticulture Practices in Grape Production Credits: 3 (3-0-0)****Course Description:** Biology of grape vines and cultural practices including planning, training, pest control, pruning, and harvesting; special emphasis on Colorado.**Prerequisite:** None.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 464A Arboriculture Credits: 3 (2-2-0)****Also Offered As:** HORT 464B.**Course Description:** Practices used by arborists and landscape managers to plant, appraise and maintain landscape trees.**Prerequisites:** HORT 100 and SOCR 240.**Registration Information:** Credit not allowed for both HORT 464A and HORT 464B. Required field trips. Sections may be offered: Online.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**HORT 464B Arboriculture Credits: 3 (2-2-0)****Also Offered As:** HORT 464A.**Course Description:** Practices used by arborists and landscape managers to plant, appraise and maintain landscape trees.**Prerequisites:** HORT 100 and SOCR 240.**Registration Information:** Credit not allowed for both HORT 464A and HORT 464B. Required field trips. Sections may be offered: Online.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**HORT 465 Landscape Estimating Credits: 3 (2-2-0)****Course Description:** Landscape construction estimating and bidding, contract documentation and other business practices relevant to landscape design-build and contracting.**Prerequisites:** (MATH 117) and (MATH 118) and (MATH 124 or MATH 125 or MATH 141 or MATH 155) and (HORT 221).**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** Yes.**HORT 466 Urban and Community Forestry Credits: 3 (3-0-0)****Also Offered As:** F 466.**Course Description:** Policies and management of publicly and privately owned community forests in urbanized areas.**Prerequisite:** F 310 or RS 310 or HORT 221.**Registration Information:** Credit not allowed for both HORT 466 and F 466.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 476 Environmental Plant Stress Physiology Credits: 3 (3-0-0)****Course Description:** Plant growth, development and physiology, major sources of stress in plants, global issues in environment and plant stress.**Prerequisite:** BZ 440.**Registration Information:** Credit not allowed for both HORT 476 and HORT 576. Sections may be offered: Online.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 477 Enology-History and Winemaking Credits: 3 (3-0-0)****Course Description:** History and development of the wine industry; mechanics of various processes and factors affecting wine quality and consumer acceptance.**Prerequisites:** CHEM 107, may be taken concurrently and CHEM 108, may be taken concurrently or CHEM 111, may be taken concurrently and CHEM 112, may be taken concurrently.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 479 Professional Landscape Practices Credits: 2 (2-0-0)****Course Description:** Business skills involved in a successful career in the green industry.**Prerequisites:** HORT 100 and HORT 465.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 486A Practicum: Floriculture Credits: 2 (0-4-0)****Course Description:** Directed experience in applications of floriculture technique. Fall: pest, energy, and production. Spring: production and experimentation.**Prerequisite:** HORT 310.**Terms Offered:** Fall, Spring.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 486B Practicum: General Credits: Var[1-6]****Course Description:** Directed experiences in applications of horticulture techniques and procedures.**Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 487 Internship Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 495 Independent Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

HORT 496 Group Study Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 511 Green Roof Culture Credits: 2 (2-0-0)****Course Description:** Understand the relevance of green roofs in North America, especially the process, from concept to project completion and maintenance.**Prerequisite:** HORT 100 to 199 - at least 3 credits.**Registration Information:** Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 571 Soil-Plant-Water Relations/Water Stress Credits: 3 (3-0-0)****Course Description:** Movement of water in the soil-plant-atmosphere continuum. Instrumentation for measuring plant-water relations. Plant responses to drought and salinity.**Prerequisite:** BZ 440.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 575 Plant Germplasm Conservation Credits: 2 (2-0-0)****Course Description:** Principles, concepts, and methodology for collection, conservation, and utilization of plant genetic resources.**Prerequisite:** HORT 460 or SOCR 460.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 576 Advanced Environmental Plant Stress Physiology Credits: 4 (3-0-1)****Course Description:** Advanced aspects of plant growth, development and physiology, major sources of stress in plants, global issues in environment and plant stress.**Prerequisite:** BZ 440.**Registration Information:** Must register for lecture and recitation. Credit not allowed for both HORT 576 and HORT 476.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 588 Supervised Extension Practices Credits: Var[1-18]****Course Description:** Field experiences in extension practices in horticulture.**Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 601 Topics in Root and Rhizosphere Biology Credits: 2 (1-0-1)****Course Description:** In-depth overview of the biology of roots and the rhizosphere processes related to roots.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** One course in plant physiology; one course in biochemistry. Must register for lecture and recitation.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 675 Plant Stress Physiology Credits: 3 (3-0-0)****Course Description:** Research concepts based on physiological, biochemical, and molecular mechanisms controlling environmental stresses in plants.**Prerequisite:** BZ 440.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HORT 698 Research Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 699 Thesis Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 784 Supervised College Teaching Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 792 Seminar Credit: 1 (0-0-1)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HORT 795 Independent Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Landscape Architecture (LAND)

LAND 110 Introduction to Landscape Architecture Credits: 3 (1-2-1)**Course Description:** Introductory theories, methods, and applications of landscape studies.**Prerequisite:** None.**Registration Information:** Must register for lecture, laboratory, and recitation.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 120 History of the Designed Landscape Credits: 3 (3-0-0)****Course Description:** Major monuments and spaces from ancient Middle East through classical antiquity, the Renaissance, and Western tradition.**Prerequisite:** None.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 180A1 Landscape Architecture Career Exploration Credits: 3 (0-9-0)****Course Description:** A 4-week intensive summer course that introduces students to the broad spectrum of the landscape architecture profession.**Prerequisite:** None.**Term Offered:** Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 220 Fundamentals of Ecology (GT-SC2) Credits: 3 (3-0-0)****Also Offered As:** LIFE 220.**Course Description:** Interrelationships among organisms and their environments.**Prerequisites:** (BIO 100 to 199 - at least 3 credits or BZ 100 to 199 - at least 3 credits or LIFE 100 to 199 - at least 3 credits or HORT 100) and (MATH 100 to 199 - at least 3 credits).**Registration Information:** Credit allowed for only one of the following: LAND 220/LIFE 220, or LIFE 320. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**Additional Information:** Biological & Physical Sciences 3A, Natural & Physical Sciences w/o lab (GT-SC2).**LAND 230 Drawing the Landscape Credits: 4 (2-4-0)****Course Description:** Visual communication techniques; exploration of symbology, model building, design development drawing, and construction documentation draughting.**Prerequisite:** None.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 240 Fundamentals of Landscape Design Process Credits: 4 (1-4-1)****Course Description:** Initiation of formal exploration of design elements, materials, and principles, and introduction of design process as a defensible methodology.**Prerequisite:** LAND 230.**Registration Information:** Must register for lecture, laboratory and recitation.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**LAND 241 Environmental Analysis Credits: 3 (1-4-0)****Course Description:** Exploration and understanding of natural and cultural landscapes through analytical simulation techniques.**Prerequisite:** LAND 230.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**LAND 357 Omnibus Field Studies Credits: 4 (0-8-0)****Course Description:** Theories and methods for the analysis, design, and planning of garden and landscape scale environments.**Prerequisite:** None.**Registration Information:** 3 credits in landscape drawing and analysis.**Term Offered:** Summer.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**LAND 360 Basic Landscape Design and Construction Credits: 3 (0-6-0)****Course Description:** Site programming analysis, design, and construction, including skill development in specifying earthwork, drainage, and vegetative composition.**Prerequisite:** LAND 240.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**LAND 361 Digital Methods Credits: 3 (2-2-0)****Course Description:** Landscape research, analysis, and design with ARCVIEW, AutoCAD, Microstation, and Photoshop.**Prerequisite:** LAND 360, may be taken concurrently.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.

LAND 362 Form and Expression in Garden Design Credits: 3 (0-6-0)

Course Description: Formal decision making for site scale environments, including creative processes for form-giving, and generation of experimental solutions.

Prerequisite: LAND 361.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 363 Advanced Landscape Site Engineering Credits: 4 (2-4-0)

Course Description: Understanding and documenting the built environment with emphasis on construction and surveying as integral parts of design process.

Prerequisite: LAND 360.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 364 Design and Nature Credits: 4 (1-6-0)

Course Description: Computer-aided processes for siting, organizing, and evaluating cultural activities within ecologically fragile, landscape-scale environments.

Prerequisite: LAND 361.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 365 Landscape Contract Drawing and Specifications Credits: 3 (2-2-0)

Course Description: Construction details, design development, and construction documentation emphasizing implementation of design projects.

Prerequisite: LAND 363.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 366 Landscape Design Expression Credits: 4 (0-8-0)

Course Description: Idea, values, and process landscape form applied to interactions of natural, cultural systems at the site and community scale; design competitions.

Prerequisite: LAND 365.

Registration Information: Credit not allowed for both LAND 366 and LAND 376.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 368 Landscape Irrigation and Water Conservation Credits: 3 (2-2-0)

Also Offered As: HORT 368.

Course Description: Practical approaches and methods of irrigation, water conservation, and water management in the designed landscape.

Prerequisite: LAND 110 or HORT 100.

Registration Information: Credit not allowed for both LAND 368 and HORT 367 or HORT 368. Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 376 Landscape Design and Visualization Credits: 4 (0-8-0)

Course Description: Precedents, ideas, values and processes of landscape form applied to landscape systems at the site and community scale; design competitions.

Prerequisite: LAND 362.

Registration Information: Credit not allowed for both LAND 376 and LAND 366. Required field trips.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 384 Supervised College Teaching Credits: Var[1-5]

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

LAND 392 Seminar-Designed Landscapes-Theory and Criticism Credits: 2 (0-0-2)

Course Description: Readings, discussions, and writing in landscape architectural design theory; critical analysis of the designed and constructed landscape.

Prerequisite: LAND 365.

Term Offered: Fall.

Grade Mode: Instructor Option.

Special Course Fee: No.

LAND 444 Ecology of Landscapes Credits: 3 (3-0-0)

Course Description: Theories, methods, and practices for interpreting, describing, and representing natural and human modified landscapes.

Prerequisite: LAND 220 or LIFE 220 or LIFE 320.

Registration Information: Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 446 Urban Design Credits: 4 (0-8-0)

Course Description: Designing the urban landscape, including precedent exploration about overall image, materials, and structure of the city and its components.

Prerequisite: LAND 366.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 447 Comprehensive Landscape Design Credits: 4 (0-8-0)

Course Description: Terminal studio; research, analysis, and synthesis for comprehensive project identified by student and approved in advance by faculty committee.

Prerequisite: LAND 446.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 449 Professional Practice Credit: 1 (1-0-0)

Course Description: Theory and skills of landscape architectural professional practice including functional, human, business, legal, and political aspects.

Prerequisite: LAND 447, may be taken concurrently.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 454 Landscape Field Studies Credits: 5 (1-6-1)

Course Description: Field observation of spatial and temporal landscape patterns resulting from natural and cultural processes and interactions.

Prerequisite: LAND 366.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 455 Travel Abroad-European Landscape Architecture Credits: 5 (1-6-1)

Course Description: Exploration of major theoretical platforms in design through drawing, photographing, and measuring landscape architecture precedents in Europe.

Prerequisite: LAND 362.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 495A Independent Study: Design Projects Credits: Var[1-4]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

LAND 495B Independent Study: Field Service Credits: Var[1-4]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

LAND 496 Group Study Credits: Var[1-8]

Course Description:

Prerequisite: None.

Registration Information: Maximum of 8 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

LAND 510 Virtual Design Methods Credits: 3 (2-2-0)

Course Description: Exploration and application of advanced computing technology and methods for analyzing and organizing natural and cultural landscapes.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 520 Geographic Information Systems Credits: 3 (1-4-0)

Course Description: Theories and applications of geographic information systems in spatial analysis and land planning.

Prerequisite: LAND 241.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 560 Structure of Landscape Patterns Credits: 3 (2-2-0)

Course Description: Mechanisms and concepts in landscape structure for planning, design, and environmental management.

Prerequisite: LIFE 320.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 610 Topics in Garden Design Credits: 4 (2-6-0)

Course Description: Garden design theories, methods, and operations.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 620 Topics in Park Design Credits: 4 (2-6-0)

Course Description: Ideas, values, and processes of landscape form applied to interactions of natural and cultural systems for park and recreation applications.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 630 Topics in Urban Design Credits: 4 (2-6-0)

Course Description: History and application of urban design principles, practices, and policies.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 640 Major Landscape Change Credits: 4 (2-6-0)

Course Description: Addresses social and ecological resilience of large-scale landscapes through theory and application.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

LAND 670 Landscape Architecture Studio Option Credits: 4 (1-6-1)

Course Description: Ideas, values, and processes of landscape architectural studio practice.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing. Course may be taken up to 5 times for credit. Must register for lecture, laboratory, and recitation.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 695A Landscape Architectural Independent Study: Design Projects Credits: Var[1-4]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 695B Landscape Architectural Independent Study: Field Service Credits: Var[1-4]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

LAND 698 Research Credits: Var[1-5]

Course Description: Guided research experience in landscape architecture.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

Major in Environmental Horticulture

Environmental horticulturists provide solutions necessary to achieve aesthetically pleasing, functional, and environmentally sound outdoor spaces. They also design and manage private and public landscapes, such as golf courses, botanical gardens, and parks. In addition, they may develop the entrepreneurial skills necessary to successfully operate a nursery, garden center, tree care, landscape design, and build or landscape management firm. Four concentrations are offered in the Environmental Horticulture major—Landscape Business, Landscape Design and Contracting, Nursery and Landscape Management, and Turf Management.

Learning Outcomes

Successful students will demonstrate:

- Management and leadership skills necessary for a successful career in the green industry
- Technical competencies in their understanding of growth and development of horticultural plants and landscapes, including

development as influenced by manipulation of horticulture technologies, such as fertility and water management, and integrated pest management for all aspects of landscape horticulture

- Skills to assess site issues, provide creative environmentally sound solutions and manage designed, and built landscapes
- Analytical and problem solving skills that allow identification of problems related to the management or production of horticultural crops and landscapes, as well as strategies to solve them

Potential Occupations

Graduates of the Environmental Horticulture major will find career opportunities in a multitude of fields in the green industry. Emerging demand for environmental solutions and green technologies will position our students for careers in a wide variety of areas including: landscape design and construction, sports turf management, retail and wholesale nursery and garden center management; golf course superintendence, arborists, plant propagation, landscape project management, landscape maintenance, landscape estimating, green industry account management, irrigation design and water resource management, arboriculture, botanic gardens or arboreta, or landscape business management and entrepreneurship.

Concentrations

- Landscape Business Concentration
- Landscape Design and Contracting Concentration
- Nursery and Landscape Management Concentration
- Turf Management Concentration

Major in Environmental Horticulture, Landscape Business Concentration

The Landscape Business concentration prepares individuals for careers in business management, production, operations, account management, entrepreneurship, landscape management, and project management opportunities in the green industry. This concentration focuses on both horticulture and business. Students will develop skills in estimating project costs, plant selection and care, as well as business management techniques. Students completing this concentration will also earn a minor in Business Administration through the College of Business. This concentration is fully accredited by the Professional Landscape Network (PLANET). Additionally, students are required to complete an internship, furthering their learning opportunities.

Major in Environmental Horticulture, Landscape Design and Contracting Concentration

The Landscape Design and Contracting concentration prepares students for careers in the design-build profession for residential, commercial, and public properties. Landscape designers and contractors create, build, and manage landscape projects and work in close collaboration with other design and contracting professionals. Students will develop skills to provide environmental solutions, creating projects that minimize the impact on the environment.

They also acquire skills to manage multifaceted projects of all scales, including site design, estimating of job and labor costs, construction methods and techniques, plant selection and care, as well as business management skills. Experiential learning opportunities lead to projects allowing our students to work with clients and realize built works prior to graduating. Additionally, students are required to complete an internship, furthering their learning opportunities. This concentration is fully accredited by the Professional Landscape Network (PLANET). Graduates of this concentration are recognized by the Colorado State Board of Landscape Architects, allowing our students to become eligible for landscape architecture licensure.

Major in Environmental Horticulture, Nursery and Landscape Management Concentration

Nursery and Landscape Management provides extensive training in landscape plant culture and use; and also develops skills needed to start and manage a nursery, garden center, arboriculture, or landscape management firm. Nursery specialists produce trees, shrubs, groundcovers, and herbaceous perennials for the landscape industry. Graduates become nursery and landscape managers who oversee and manage general landscape operations; choose the type and quantity of horticultural plants to be grown; select and purchase seed, fertilizers, and pest control chemicals; hire employees, direct and coordinate work activities; manage record-keeping, and implement marketing plans. Supporting courses are taught in plant and soil science, pest management, business management, horticulture and plant materials. An internship is required to ensure graduates have practical experience.

¹ For internship requirement, refer to departmental policy.

Major in Environmental Horticulture, Turf Management Concentration

Turf Management trains students for management opportunities ranging from sod production to the establishment and maintenance of private and public grounds. Turfgrass managers are supervisors for golf courses, ski resorts, sports fields, and parks departments. Turfgrass professionals manage and train personnel, draw up work contracts, and allocate labor and financial resources efficiently. Graduates develop expertise in production and maintenance of ornamental and functional turfgrass areas with supplemental courses in nursery and landscape management, plant and soil science, business management, and irrigation design. An internship is required to ensure graduates have practical experience, furthering their learning opportunities.

Major in Horticulture

Horticulture is the application of scientific principles in the growing, marketing, processing, and utilizing of fruits, vegetables, flower and foliage plants, trees, shrubs, and turf grasses. The major requires a strong grounding in botany, chemistry, and horticulture. There are six concentrations in the horticulture major: Floriculture, Horticultural Business Management, Horticultural Food Crops, Horticultural Science, Horticultural Therapy, and Viticulture and Enology.

Learning Outcomes

Successful students will demonstrate:

- Technical competence that includes understanding plant growth and development as influenced by the manipulations of horticulture technologies such as greenhouse management, fertility management, integrated pest management, etc.
- Management and leadership skills that will allow them to become an entry-level supervisor in a specific business or research program.
- Problem solving skills such as identifying the significance of a problem, researching realistic solutions using current literature, and organizing the materials to develop appropriate recommendations and actions.

Potential Occupations

Horticulture is both a production and service industry. Well-educated horticulturists have the best opportunity for obtaining positions and moving up in the industry. The industry will be looking for professionals who can manage greenhouses, nurseries, and floral outlets, buy and sell supplies, plant material, and equipment, or edit journals and newsletters. Meeting the nutritional needs of the world population is an important challenge. Researchers are needed to develop improved fruit and vegetable varieties. Other professionals are needed to improve production and transportation methods and to develop and market better fertilizers. Within this field, students can exercise their talents and interests in computers, construction, engineering, chemistry, physics, social services, or business management. Participation in internships and cooperative education opportunities is highly recommended to enhance practical training and development. Graduates who go on for advanced studies can attain more responsible positions with the possibility of rising to top professional levels.

Some examples include: biotechnologist, extension specialist, floriculturist, fruit and vegetable grower, grape producer, greenhouse supplies/seed and plant material sales representative, greenhouse production manager, horticultural therapist, interior plant maintenance technician, marketing representative, plant breeder, produce buyer, winemaker.

Concentrations and Options

- Floriculture Concentration
- Horticultural Business Management Concentration
- Horticultural Food Crops Concentration
 - Production Option
 - Seed Science Option
- Horticultural Science Concentration
- Horticultural Therapy Concentration

- Viticulture and Enology Concentration

Major in Horticulture, Floriculture Concentration

Floriculture emphasizes greenhouse-grown flower crops. Students study propagation, production, utilization, and improvement of plants, and are prepared to grow quality greenhouse products. Courses include the production, use, and marketing of cut flowers, bedding, and potted plants, which give this concentration its focus. Students are also required to take a practicum and an internship in their junior and/or senior years. A number of opportunities exist in floriculture-related professions including greenhouse production, all phases of retail and wholesale floral business, greenhouse supply sales, greenhouse construction and computerized environmental control, plant breeding and plant research.

- ⁷ Select the number of credits to bring the program total to 120 credits.

Major in Horticulture, Horticultural Business Management Concentration

Horticultural Business Management provides the broadest horticultural background available. The curriculum consists of a core of business, computer, and economics courses. In horticulture, students choose a special emphasis, or take an array of courses that may lead to greater job opportunities. Graduates have the knowledge to manage a horticulture business or work in market-associated positions. Opportunities exist in the sale of facilities, plant material, equipment, and supplies involved in all aspects of horticulture, or as buyers of horticulture products in the U.S. or in international markets. With careful selection of business courses, horticulture graduates can complete a minor in business administration with one additional course.

Major in Horticulture, Horticultural Food Crops Concentration

Horticultural Food Crops focuses on systems related to production of fruits and vegetables. Specific courses include fruit and vegetable production, irrigation practices, soil fertility, propagation, breeding, and related plant pest management courses. Students must choose either the Production or Seed Science option. Those interested in organic food crop production can major in Horticulture in the Horticultural Food Crops concentration and pursue the Organic Agriculture Interdisciplinary Minor. A number of opportunities exist in horticultural food crops-related professions including greenhouse production, all phases of the retail and wholesale business, greenhouse supply sales, greenhouse construction, seed production and sales, plant breeding and plant research.

Major in Horticulture, Horticultural Science Concentration

Horticultural Science graduates conduct research to discover new information about plant growth, development, and environmental response. This research can lead to new plant varieties and production methods. The curriculum consists of a solid foundation in the basic natural sciences as well as in agricultural sciences and prepares students for technical and scientific careers in laboratory, greenhouse, or field research. Exceptional students participate in individual research projects coordinated by professors. Graduates in this area often continue their education.

Major in Horticulture, Horticultural Therapy Concentration

The Horticultural Therapy concentration combines horticulture courses with the study of therapy/human sciences, leading to careers in health care and human services. Horticultural therapy students gain the skills necessary to establish, manage, and work in a range of program types such as mental health, vocational, correctional, rehabilitative, wellness, educational, community-based and long term care.

PSY 460	Child Exceptionality and Psychopathology	3
PSY 465	Adolescent Psychology	3
SOC 342	Leisure and Society	3
SOC 352	Criminology	3

¹ Offered as nontraditional or online course.

Major in Horticulture, Viticulture and Enology Concentration

The Viticulture and Enology concentration is designed to give students a background in food crop production with a focus on grapes and their processing into wine. Students gain practical experience through required internships in grape production and winemaking. This is accomplished via one or more internships at a winery and/or vineyard. Students take background courses in science and pest identification and management as well as food safety and plant nutrition. Students

completing the concentration have the opportunity to enter the industry as an assistant grower or winemaker.

Major in Landscape Architecture

Studying Landscape Architecture at CSU is an adventure. Taking part in a challenging course of study, students prepare themselves for careers in a field whose enormous potential has only begun to be recognized. Landscape Architecture students study design as accomplished landscape architects see it: shaping spaces as well as planning and preserving them.

Landscape architects create and design detailed landscape plans to be functional, aesthetic, and compatible with the natural environment.

Throughout the program, emphasis is on the relationship between design, nature, and society: The impact of environments on the individual as well as the impact of users on the environment. Registration laws for landscape architects in 49 states encourage graduation from programs such as that offered at CSU, which is accredited by the Landscape Architecture Accreditation Board of the American Society of Landscape Architects.

Landscape architects must analyze the natural elements of a site including the climate, soil, slope of the land, drainage, sunlight, and vegetation. Computer-aided design (CAD) has become an essential tool for landscape architects. Landscape architects often work with building architects, surveyors, engineers, and urban planners and collaborate with environmental scientists, foresters, and other professionals to find the best way to conserve or restore natural resources. Knowledge of appropriate local, state, or federal regulations such as those protecting wetlands or historic resources is essential.

Nature, culture, form, and space are the classic elements of landscape architecture with which students work in a series of design studies and related courses. Coursework focuses on a variety of landscape projects that grow more complex as the curriculum proceeds. The courses include subjects such as site design, landscape design and construction, surveying, landscape ecology, and urban and regional planning. Other courses specific to the major are history of the designed landscape, plant and soil science, geology, and professional practice. Students are also encouraged to take advantage of summer travel courses available to study highly-valued ecological/cultural sites in Colorado and designed landscapes in Europe.

CSU offers the only nationally accredited undergraduate professional landscape architecture program in Colorado, via the Landscape Architectural Accreditation Board (<http://www.asla.org/accreditationlaab.aspx>) (LAAB).

Learning Outcomes

Successful students will demonstrate:

- Basic problem solving skills and knowledge for comprehensive landscape design that include the following characteristics:
 - a. Research of natural systems, cultural systems, users, and precedents
 - b. Analysis of related site systems and users
 - c. Synthesis, the articulation of formal responses to research and analysis findings
- Technical competency in basic landscape architectural methods and communication, including organization of writing, project development, representation, and documentation
- Fundamental knowledge and skills appropriate to public and private entry-level landscape architecture including:
 - a. Application of digital media
 - b. Technology applications for analysis and design
 - c. Landscape design
 - d. Representation for analysis and design

Potential Occupations

Many types of organizations and individuals hire landscape architects – from real estate development firms starting new projects, municipalities constructing airports or parks, to home owners

desiring garden designs. Many landscape architects are employed by government agencies doing site design for buildings, parks, and other public assets. Others are involved in park and recreation planning in national parks and forests, and restoration of environmentally damaged landscapes. Employment of landscape architects is expected to increase faster than the average for all occupations through the year 2015. Starting in 1998, average salaries for landscape architects exceeded average salaries of architects. Anticipated growth in construction is expected to increase demand for landscape architectural services over the long run. Participation in internships and cooperative education opportunities is highly recommended to enhance practical training and development. Graduates who go on for advanced studies can attain more responsible positions with the possibility of rising to top professional levels.

Some examples include: design consultant, landscape designer and contractor, private practice business, construction supervisor, land or environmental planner, urban designer, historic preservationist, golf course architect, resort planner.

¹ A minimum of nine of the elective credits must be in regular graduate courses in the focus area.

Minor in Environmental Horticulture

Requirements

Effective Fall 2010

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Lower Division

HORT 100	Horticultural Science	4
HORT 221	Landscape Plants	4

Upper Division

HORT 341	Turfgrass Management	3
HORT 464A	Arboriculture	3

Select a minimum of seven credits (six must be upper division) from the following: 7

HORT 260	Plant Propagation	
HORT 321	Nursery Production and Management	
HORT 322	Herbaceous Plants	
HORT 331	Landscape Design	
HORT 441	Turfgrass Science	
LAND 120	History of the Designed Landscape	

Program Total Credits 21

Minor in Horticulture Requirements Effective Fall 2008

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Lower Division

HORT 100	Horticultural Science	4
HORT 260	Plant Propagation	4

Upper Division

HORT 310	Greenhouse Management	4
HORT 454	Horticulture Crop Production and Management	2

Select two courses (for a minimum of 7 credits) from the following: 7

HORT 322	Herbaceous Plants	
HORT 401	Medicinal and Value-Added Uses of Plants	
HORT 412	Floriculture Crops	
HORT 450A	Horticulture Food Crops: Cool Season Vegetable Production	
or HORT 450B	Horticulture Food Crops: Warm Season Vegetable Production	
or HORT 450C	Horticulture Food Crops: Small Fruit Production	
or HORT 450D	Horticulture Food Crops: Tree Fruit Production	
HORT 452	Viticulture-Grape Production	
HORT 460/ SOCR 460	Plant Breeding	
HORT 462	Viticulture Practices in Grape Production	

Program Total Credits 21

- Organic Agriculture Interdisciplinary Minor

Graduate Graduate Programs in Soil and Crop Sciences

Programs in crop science, soil science, or plant genetics lead to Master of Science and Doctor of Philosophy degrees. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Soil and Crop Sciences. (<http://soilcrop.agsci.colostate.edu>)

Master Programs

Master of Science in Soil and Crop Sciences, Plan A*
Master of Science in Soil and Crop Sciences, Plan B*

Ph.D.

Ph.D. in Soil and Crop Sciences*

* Please see department for program of study.

Courses

Soil and Crop Sciences (SOCR)

SOCR 100 General Crops Credits: 4 (3-2-0)

Course Description: Production and adaptation of cultivated crops; principles affecting growth, development, management, and utilization.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 171 Environmental Issues in Agriculture (GT-SS3) Credits: 3 (2-0-1)

Also Offered As: HORT 171.

Course Description: Historical development of agriculture; environmental consequences of modern food production and other cultural approaches to agriculture.

Prerequisite: None.

Registration Information: Must register for lecture and recitation. Credit not allowed for both SOCR 171 and HORT 171.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Global & Cultural Awareness 3E, Human Behavior, Culture, or Social Frameworks (GT-SS3).

SOCR 177 Applied Information Technology in Agriculture Credit: 1 (1-0-0)

Course Description: Introduction to database and project management, GIS/GPS and remote sensing, as they apply to agriculture, the environment, and business management.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 192 Water in the West Credits: 3 (0-0-3)

Course Description: History and current status of water resources management and policy in the western United States.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 200 Seed Anatomy and Identification Credit: 1 (0-2-0)

Course Description: Principles of seed anatomy including reproduction, identification, and seed characteristics of plant families.

Prerequisite: BZ 104 or BZ 110 or BZ 120 or HORT 100 or LIFE 102 or SOCR 100.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 201 Seed Development and Metabolism Credit: 1 (0-2-0)

Course Description: Basic processes controlling seed development, maturation, dormancy, storage, germination, and how these factors relate to seedling growth.

Prerequisite: BZ 104 or BZ 110 or BZ 120 or HORT 100 or LIFE 102 or SOCR 100.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 240 Introductory Soil Science Credits: 4 (3-2-0)

Course Description: Formation, properties, and management of soils emphasizing soil conditions that affect plant growth.

Prerequisite: CHEM 107 or CHEM 111.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 300 Seed Purity Analysis Credits: 2 (0-4-0)

Course Description: Fundamentals for determining physical purity of a seed lot using established rules and procedures.

Prerequisite: SOCR 200.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 301 Seed Germination and Viability Credits: 2 (0-4-0)

Course Description: Seed viability tests including standard germination and tetrazolium, seed viability, dormancy, parameters of viability and evaluation.

Prerequisite: SOCR 201.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 310 Agronomic Plant and Seed Identification Credits: 2 (0-4-0)

Course Description: Evaluate characteristics needed to identify agronomic plant and seed species.

Prerequisite: BZ 104 or BZ 110 or BZ 120 or HORT 100 or LIFE 102 or SOCR 100.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 320 Forage and Pasture Management Credits: 3 (3-0-0)

Course Description: Fundamentals of establishment, management, and utilization of cultivated forages including hay, silage, and pasture production.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 322 Principles of Microclimatology Credits: 3 (3-0-0)

Course Description: Principles of microclimatology including energy balance concepts for soil and vegetation surfaces, and their application.

Prerequisite: PH 100 to 499 - at least 3 credits.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 330 Principles of Genetics Credits: 3 (3-0-0)

Course Description: Transmission, population, and molecular genetics; practical applications.

Prerequisite: BZ 110 or BZ 120 or LIFE 102.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 331 Genetics Laboratory Credit: 1 (0-3-0)

Course Description: Experimental techniques in transmission and molecular genetics.

Prerequisite: SOCR 330, may be taken concurrently.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 341 Microbiology for Sustainable Agriculture Credit: 1 (1-0-0)

Course Description: Functional roles and management of soil organisms in organic agriculture, emphasis on ecological interactions with plants and plant pathogens.

Prerequisite: SOCR 240.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 342 Organic Soil Fertility Credit: 1 (1-0-0)

Course Description: Organic soil fertility management in framework of holistic organic farming system.

Prerequisites: SOCR 240 and SOCR 341 and SOCR 350.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 343 Composting Principles and Practices Credit: 1 (1-0-0)

Course Description: Fundamentals of compost production, use, and regulation.

Prerequisites: SOCR 240 and SOCR 350.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 344 Crop Development Techniques Credit: 1 (1-0-0)

Course Description: Conventional and transgenic approaches to crop variety development.

Prerequisite: BZ 120 or LIFE 102 or LIFE 103.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 345 Diagnosis and Treatment in Organic Fields Credits: 2 (0-4-0)

Also Offered As: HORT 345.

Course Description: Field experience in diagnosis of pest and nutrient problems on organic farms and development of treatment recommendations.

Prerequisites: (BSPM 302 or BSPM 308 or BSPM 361) and (HORT 100 or SOCR 100) and (SOCR 240).

Registration Information: Credit not allowed for both SOCR 345 and HORT 345. Required field trips.

Term Offered: Summer (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 350 Soil Fertility Management Credits: 3 (3-0-0)

Course Description: Managing soil fertility and fertilizers to meet plant nutrient requirements in an environmentally sound manner with emphasis on nutrient cycling.

Prerequisite: SOCR 240.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 351 Soil Fertility Laboratory Credit: 1 (0-2-0)

Course Description: Soil chemical analyses and development of fertilizer recommendations for crops.

Prerequisite: SOCR 350, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 370 Irrigation Principles Credits: 2 (2-0-0)

Course Description: Determination of irrigation water requirements based on the estimation of storage and movement of water in the soil-plant-atmospheric system.

Prerequisites: (HORT 100 or SOCR 100 or BZ 120) and (SOCR 240).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 371 Irrigation of Field Crops Credit: 1 (1-0-0)

Course Description: Management of irrigation systems for field crops with emphasis on irrigation methods, irrigation scheduling and strategies for water conservation.

Prerequisite: SOCR 370.

Registration Information: Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 377 Geographic Information Systems in Agriculture Credits: 3 (2-2-0)

Course Description: Introduction to geographic information systems and global positioning systems with applications to agriculture.

Prerequisite: SOCR 100 to 499 - at least 3 credits or CS 100 to 499 - at least 3 credits.

Registration Information: Credit not allowed for both SOCR 377 and SOCR 577. Required field trips.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

SOCR 384 Supervised College Teaching Credits: Var[1-5]**Course Description:****Prerequisite:** None.**Registration Information:** A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**SOCR 400 Soils and Global Change: Science and Impacts Credits: 3 (2-2-0)****Course Description:** Foundations on the science of global change and its impact on soil processes and biota.**Prerequisites:** (SOCR 240) and (LIFE 220 or LIFE 320).**Registration Information:** Required field trips. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 400A Soils and Global Change: Science and Impacts Credits: 3 (2-2-0)****Also Offered As:** SOCR 400B.**Course Description:** Foundations on the science of global change and its impact on soil processes and biota.**Prerequisites:** (LIFE 220 or LIFE 320) and (SOCR 240).**Registration Information:** Field trips required.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 400B Soils and Global Change: Science and Impacts Credits: 3 (3-0-0)****Also Offered As:** SOCR 400A.**Course Description:** Foundations on the science of global change and its impact on soil processes and biota.**Prerequisites:** (LIFE 220 or LIFE 320) and (SOCR).**Registration Information:** Field trips required.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 401 Greenhouse Gas Mitigation, Land Use, and Mgmt Credits: 3 (2-3-0)****Course Description:** Introduction to greenhouse gas estimation methods and mitigation project development in the land use sector.**Prerequisite:** SOCR 240.**Registration Information:** Required field trips.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 410 Seed Processes: Storage and Deterioration Credit: 1 (0-0-1)****Course Description:** Environmental conditions and management factors influencing storage and deterioration of seeds, including physiological and biochemical changes.**Prerequisite:** BZ 104 or BZ 105 or BZ 120.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 411 Large Seeded Legume Seed Production Credit: 1 (0-0-1)****Course Description:** Principles for seed production of large-seeded legume crops with emphasis on common bean, peanut, and soybean.**Prerequisite:** BZ 104 or BZ 105 or BZ 120.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 412 Seed Processes: Separation and Conditioning Credit: 1 (0-0-1)****Course Description:** Understanding the physical process required to separate pure seed from contaminants and maintain viability.**Prerequisite:** BZ 104 or BZ 105 or BZ 120.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 415 Pollinator Management in Agroecosystems Credit: 1 (1-0-0)****Also Offered As:** BSPM 415.**Course Description:** Fundamental concepts of pollinator management, sustainable crop-pollinator interactions, global issues on pollinator conservation.**Prerequisite:** HORT 100 or SOCR 100.**Registration Information:** This is a partial-semester course. Credit not allowed for both SOCR 415 and BSPM 415. Required field trips.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 420 Crop and Soil Management Systems I Credits: 3 (3-0-0)****Course Description:** Principles of crop, soil management emphasizing environmental factors influencing crop growth and development, interactions with soil organic matter.**Prerequisites:** (HORT 100 or SOCR 100) and (SOCR 240).**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**SOCR 421 Crop and Soil Management Systems II Credits: 4 (3-2-0)****Course Description:** Principles of crop and soil management with emphasis on soil erosion control, water conservation, and plant-water relationships.**Prerequisites:** (HORT 100 or SOCR 100) and (SOCR 240).**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**SOCR 424 Topics in Organic Agriculture Credits: 3 (3-0-0)****Also Offered As:** HORT 424.**Course Description:** Examination of issues specific to organic food production systems and marketing.**Prerequisites:** (AREC 202 or ECON 202) and (AREC 328 and SOCR 240) and (HORT 100 or SOCR 100) and (SOCR 171 or HORT 171).**Registration Information:** Credit not allowed for both SOCR 424 and HORT 424.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.

SOCR 430 Applications of Plant Biotechnology Credits: 3 (3-0-0)

Course Description: Current and potential applications of DNA-based biotechnology in crop agriculture and other plant disciplines.

Prerequisite: SOCR 330.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 440 Pedology Credits: 4 (2-3-1)

Course Description: Process of soil formation, characterization, classification of soils; soil survey methods.

Prerequisite: None.

Registration Information: Must register for lecture, laboratory and recitation.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

SOCR 441 Soil Ecology Credits: 3 (2-3-0)

Course Description: An integrative, hands-on experience in the theory and application of ecology principles to the soil environment.

Prerequisite: SOCR 455.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 442 Forest and Range Soils Credits: 3 (3-0-0)

Course Description: Soil and water relationships in forest and rangeland ecosystems; significant properties in their management.

Prerequisite: None.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 455 Soil Microbiology Credits: 3 (3-0-0)

Course Description: Microbial activities in agricultural, forest, and grassland soils; in soil-plant relationships; and in maintenance of environmental quality.

Prerequisite: MIP 300 or SOCR 240.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 456 Soil Microbiology Laboratory Credit: 1 (0-3-0)

Course Description: Techniques used in study of ecology and activities of soil microorganisms.

Prerequisite: SOCR 455, may be taken concurrently.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 460 Plant Breeding Credits: 3 (2-0-1)

Also Offered As: HORT 460.

Course Description: Theory and practice of plant breeding using principles of genetics and related sciences.

Prerequisite: BZ 350, may be taken concurrently or LIFE 201A, may be taken concurrently or SOCR 330, may be taken concurrently.

Registration Information: Must register for lecture and recitation. Credit not allowed for both SOCR 460 and HORT 460.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 461 Plant Breeding Laboratory Credit: 1 (0-2-0)

Also Offered As: HORT 461.

Course Description: Techniques and procedures used in public and commercial plant breeding programs.

Prerequisite: SOCR 460, may be taken concurrently or HORT 460, may be taken concurrently.

Registration Information: Credit not allowed for both SOCR 461 and HORT 461.

Term Offered: Fall (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 467 Soil and Environmental Chemistry Credits: 3 (3-0-0)

Course Description: Fundamental principles of soil chemistry with respect to environmental reactions between soils and other natural materials and priority pollutants.

Prerequisite: CHEM 335.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 470 Soil Physics Credits: 3 (3-0-0)

Course Description: Physical properties of soils emphasizing mechanical composition, moisture, aeration, temperature, and structure related to management, plant growth.

Prerequisite: SOCR 240 or GEOL 232.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 471 Soil Physics Laboratory Credit: 1 (0-3-0)

Course Description: Familiarization of techniques and equipment used in evaluation of soil physical properties.

Prerequisite: SOCR 470, may be taken concurrently.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

SOCR 475 Global Challenges in Plant and Soil Science Credits: 3 (3-0-0)

Course Description: Evaluation of case studies to define problems and develop solutions to address global challenges in plant and soil science.

Prerequisites: (SOCR 240 or GEOL 122) and (LIFE 102 or BZ 120).

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 478 Environmental Soil Sciences Credits: 3 (3-0-0)

Course Description: Chemical, biological, and physical aspects of prevention and remediation of soil and water pollution; environmental impact assessment.

Prerequisites: SOCR 470 and SOCR 467, may be taken concurrently.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 479 Environmental Soil Science Laboratory Credit: 1 (0-3-0)

Course Description: Laboratory and field studies of soil and groundwater contamination, including monitoring and remediation.

Prerequisite: SOCR 478, may be taken concurrently.

Registration Information: Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 480A6 Environmental Measurement with Arduino Credit: 1 (0-2-0)

Course Description: An instrumentation laboratory on environmental and weather measurement using the Arduino microcontroller.

Prerequisite: PH 110 or SOCR 322 or SOCR 522.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 486 Practicum Credits: Var[1-4]

Course Description: Directed experiences in the application of soil and crop science principles.

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 487 Internship Credits: Var[1-12]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 490 Hydrus-1D Workshop Credit: 1 (0-0-1)

Course Description: Using Hydrus-1D software for flow and transport of water, heat, and chemicals in soil.

Prerequisite: SOCR 470.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 492 Seminar Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 496 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 498 Undergraduate Research Credits: Var[1-6]

Course Description: Research in soil and crop sciences.

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 514 Agricultural Experimental Design and Analysis Credits: 4 (3-3-0)

Also Offered As: STAT 514.

Course Description: Design and implementation of agricultural experiments and statistical analysis of resulting data.

Prerequisite: STAT 201 or STAT 301 or STAT 307 or ERHS 307.

Registration Information: Must register for lecture and laboratory.

Credit allowed for only one of the following: SOCR 414, SOCR 514, STAT 302, or STAT 514.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 522 Micrometeorology Credits: 3 (3-0-0)

Course Description: Microenvironments; physics of environmental variables; plant canopy microclimate; evapotranspiration; surface-atmosphere exchange; instrumentation.

Prerequisite: PH 100 to 499 - at least 3 credits.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 530 Scientific Writing Credit: 1 (1-0-0)

Also Offered As: BSPM 530.

Course Description: Skills necessary to prepare complete scientific journal articles including writing, editing, and literature searching and assessment.

Prerequisite: None.

Registration Information: Credit not allowed for both SOCR 530 and BSPM 530.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 535 Origin and Evolution of Cultivated Plants Credits: 3 (3-0-0)

Course Description: Origin of crops from viewpoints of archaeology, history, botany, and taxonomy, and continued evolution of plants under cultivation.

Prerequisite: SOCR 330.

Term Offered: Fall (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 540 Soil-Plant-Nutrient Relationships Credits: 3 (3-0-0)

Course Description: Soil and plant factors affecting nutrient uptake, mechanistic models of uptake, availability and functions of essential elements, diagnostic techniques.

Prerequisite: SOCR 350.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 550 Advanced Soil Genesis Credits: 3 (3-0-0)

Course Description: Modern concepts of specific mechanisms involved in formation of genetic soil groups and their relationship to environmental factors.

Prerequisite: SOCR 440.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 567 Environmental Soil Chemistry Credits: 4 (3-0-1)

Course Description: The chemistry of terrestrial environments and the interactions of soil constituents with bacteria, nutrients, and pollutants.

Prerequisite: CHEM 335.

Registration Information: Credit not allowed for SOCR 467 and SOCR 567.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 570 Plant Breeding for Drought Tolerance Credit: 1 (1-0-0)

Course Description: Principles and practices of evaluation, selection and cultivar development for crops in drought-stress environments with an emphasis on agronomic crops.

Prerequisites: SOCR 330 and SOCR 460.

Registration Information: Offered as an online course only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 571 Foundations of Soil Science Credits: 2 (2-0-0)

Course Description: Importance of soils in ecology and earth system science with regard to the study and management of the soil resource.

Prerequisite: SOCR 240.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 577 Principles/Components: Precision Agriculture Credits: 3 (2-2-0)

Course Description: Principles and components of precision agriculture, including GPS, GIS, remote sensing, and their applications in soil and crop management.

Prerequisite: SOCR 100 to 499 - at least 3 credits or CS 100 to 499 - at least 3 credits.

Registration Information: Must register for lecture and laboratory. Credit not allowed for both SOCR 577 and SOCR 377. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

SOCR 620 Modeling Ecosystem Biogeochemistry Credits: 3 (2-3-0)

Course Description: Design and build biogeochemical process and ecosystem models with GUI-based software. Analyze and test models and interpret experimental data.

Prerequisites: (ECOL 505 or LAND 220 or LIFE 220 or SOCR 240) and (MATH 155 or MATH 160).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 640 Crop Physiology Credit: 1 (1-0-0)

Course Description: Developmental, physiological, and biochemical determinants of crop yields as controlled by genetic and environmental effects.

Prerequisite: BZ 440.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 650 Research Proposal Development Credit: 1 (1-0-0)

Course Description: Skills to develop and write an effective scientific research proposal.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 670 Terrestrial Ecosystems Isotope Ecology Credits: 3 (2-2-0)

Course Description: Isotope distribution in biogeochemical cycles, research topics in biosphere-atmosphere interactions; lab experience with isotope techniques.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Required field trips.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 675 Presentations for Scientific Audiences Credit: 1 (1-0-0)

Course Description: Organization and presentation of scientific information to audiences in oral and poster format.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 720 Advanced Plant Breeding Credits: 4 (4-0-0)

Course Description: Systems of mating and selection in plants to maximize genetic gain. Evaluation of heterosis, germplasm diversity, strategies, and new technologies.

Prerequisites: (SOCR 460 or HORT 460) and (STAT 100 to 499 - at least 3 credits).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 720A Advanced Plant Breeding: Methods Credits: 2 (2-0-0)

Course Description: Historical perspectives in plant breeding, plant reproduction, genetic gain, breeding and selection systems in self- and cross-pollinated plants.

Prerequisites: (SOCR 460 or HORT 460) and (STAT 100 to 799 - at least 3 credits).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 720B Advanced Plant Breeding: Tools Credits: 2 (2-0-0)

Course Description: Plant breeding strategies, genotype x environment interaction, field plot and genomic tools, breeding for pest resistance, stress tolerance, quality.

Prerequisites: (SOCR 460 or HORT 460) and (STAT 100 to 799 - at least 3 credits).

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 725 Quantitative Inheritance in Plant Breeding Credits: 3 (2-2-0)

Course Description: Quantitative genetic structure of populations, recognition of genetic, environmental variance. Methods of dealing with quantitatively inherited traits.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 730 Topics in Plant Breeding and Genetics Credit: 1 (1-0-0)

Course Description: Current literature regarding mechanisms used for plant improvement.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 731 Plant Breeding Data Management Credit: 1 (1-0-0)

Course Description: Principles and best practices for optimal data management for plant breeding and other data-intensive research programs.

Prerequisite: None.

Registration Information: Must have taken three credits in computer science.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 740 Plant Molecular Genetics Credits: 3 (3-0-0)

Also Offered As: BSPM 740.

Course Description: Advances in study of organization and function of nuclear and organellar genomes, gene expression in higher plants, and plant-microbe interactions.

Prerequisites: BC 351 and SOCR 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both SOCR 740 and BSPM 740.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 755 Advanced Soil Microbiology Credits: 3 (3-0-0)

Course Description: Ecology of soil microorganisms emphasizing population and activity relationships, nitrogen fixation, and microbe-pesticide interactions.

Prerequisite: MIP 624 or SOCR 455.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 760 Advanced Soil Chemistry Credits: 3 (3-0-0)

Course Description: Surface chemistry of soils, electrical double layer models of surface charge and potential, colloid stability, computer modeling of adsorption.

Prerequisites: (CHEM 100 to 481 - at least 4 courses and CS 100 to 481 - at least 1 course) and (MATH 141 or MATH 155 or MATH 160).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

SOCR 770 Advanced Soil Physics Credits: 4 (3-2-0)

Course Description: Description and analysis of principles of storage and movement of water, solutes, heat, and gases in soils.

Prerequisite: MATH 261 or SOCR 470.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

SOCR 784 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 792 Seminar Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 795 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 796 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

SOCR 799 Dissertation Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Soil and Crop Sciences

Soil and Crop Sciences, the studies of field crops and soils, are the foundation sciences underlying the production and management of food, feed, fiber, and energy crops to meet human needs and

to protect the environment. Students are taught the importance of learning soil and crop science principles in alleviating concerns of rapidly increasing world populations, the demand on land for food supplies, and the demand for environmental quality to enhance human comfort and wellbeing. Special emphasis is placed on improved production efficiency and the conservation of soil, chemicals, energy, plants, and water. The curriculum offers broad-based coverage of the basic natural and social sciences, communication skills, and opportunity to explore interests and leadership potential. Seven concentrations allow for specialization in the major:

Concentrations

- Agronomic Production Management Concentration
- Applied Information Technology Concentration
- Biomass for Biofuels Concentration
- International Soil and Crop Sciences Concentration
- Plant Biotechnology, Genetics, and Breeding Concentration
- Soil Ecology Concentration
- Soil, Land Uses, and Climate Change Concentration
- Soil Restoration and Conservation Concentration

Students do not have to choose a concentration but are given the flexibility to tailor the curriculum to their individual interests. This provides opportunities for students to have a second major in a related discipline. The Department also offers three minors:

Minors

- Minor in Soil Resources and Conservation
- Minor in Soil Science
- Organic Agriculture Interdisciplinary Minor

Learning Outcomes

Successful students will achieve:

- Technical competencies, including knowledge and understanding of soil and crop science principles, ability to apply these principles to specific issues, and ability to synthesize information, both technical and non-technical, to meet identified needs.
- Problem solving skills, such as identifying a problem, collecting data, summarizing information, and drawing conclusions to the identified problem.
- Professional skills, including interpersonal skills and communication skills, such as presenting a topic with logical development, technical understanding, mechanical and technique correctness, and accurate documentation of sources.

Potential Occupations

Participation in internships and cooperative education opportunities is highly recommended to enhance practical training and development. Paid summer internship positions exist for all students in this major, and often lead to a job after graduation. The job outlook for graduates is very optimistic, with more job openings than can be filled in some areas of study. Graduates work for a variety of federal, state, or local government agricultural agencies, state agricultural colleges or research stations, agricultural service companies, commercial research and development labs, and seed companies. Graduates who go on

for advanced studies can attain more responsible positions with the possibility of rising to top professional levels.

Some examples include: agronomic production manager; cooperative manager; genetic engineering scientists; land reclamation specialist; international agronomist; land-use planner; plant geneticist; plant breeder, seed, chemical, and fertilizer consultant; soil conservation specialist; soil surveyor; waste management specialist; water quality specialist; crop production; chemical fertilizer sales; crop consultant; county agricultural extension agents; agricultural products inspector; farm manager.

¹ Select from the list of courses in category 3C in the All-University Core Curriculum (AUCC).

² Select from the list of biology courses in category 3A after consultation with advisor.

³ Select from the Colleges of Agricultural Sciences, Business, Engineering, Natural Resources, Natural Sciences, and/or Veterinary Medicine and Biomedical Sciences in consultation with advisor.

⁴ Select course(s) with the SOCR subject code.

⁵ Select a course with the STAT subject code.

⁶ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level).

Major in Soil and Crop Sciences, Agronomic Production Management Concentration

Agronomic Production Management focuses on methods to improve the nutritional value of crops and the quality of seed, as well as increase productivity. This concentration is best suited for students planning careers in production agriculture and agribusiness. The concentration combines courses in basic sciences, economics, and business management with principles and practices of using soil, plant, and water resources for crop production and agriculture-related organizations and companies.

SOCR 410	Seed Processes: Storage and Deterioration	1
SOCR 411	Large Seeded Legume Seed Production	1
SOCR 412	Seed Processes: Separation and Conditioning	1

¹ Select from department list of Agricultural and Resource Economics Electives.

Major in Soil and Crop Sciences, Applied Information Technology Concentration

Applied Information Technology educates students in utilizing advanced information technology to make better decisions in crop, soil, and environmental management systems as well as meet the expanding needs and technological opportunities in industry (consulting/GIS/ GPS/remote sensing). Students will take course work in computer science, data management, business, and various electives in their discipline choice (crop science, soil science, animal science, horticulture, pest management, and related disciplines) to utilize application of advanced information technologies. This understanding will lead to improved environmental stewardship and profitability. Career opportunities exist with equipment companies, consulting firms, state and federal agencies, and agricultural data management firms.

¹ Of the 9 SOCR elective credits and 17-18 general elective credits, 12 must be upper division (300- and 400-level). Select enough elective credits to bring program total to 120, of which 42 must be upper division.

² Select from courses with the SOCR subject code, in consultation with advisor.

Major in Soil and Crop Sciences, Biomass for Biofuels Concentration

The Biomass for Biofuels concentration prepares students for jobs in the rapidly expanding field of biofuels--an area where substantial job growth is expected in the next decade. Interdisciplinary coursework specifically focuses on agronomy, plant breeding, bio-refining, policy, and economics of biomass production for biofuels. Through internship and independent study opportunities, students experience cutting edge research and industry practices being incorporated in the field of biomass for biofuels. This undergraduate concentration also provides good preparation for students interested in seeking a graduate degree in an energy field, or who are interested in the interface between energy and agriculture.

Major in Soil and Crop Sciences, International Soil and Crop Sciences Concentration

International Soil and Crop Sciences prepares students to work in developing nations by giving them technical soil and crop science skills along with education in the political, social, and cultural aspects of countries they may work in. Scientists design appropriate practices that can succeed under a variety of climatic and socioeconomic

constraints. Many research opportunities are available. Students may work with the Peace Corps or other agencies in demonstration and extension positions in developing countries.

Major in Soil and Crop Sciences, Plant Biotechnology, Genetics, and Breeding Concentration

Plant Biotechnology, Genetics, and Breeding provide expertise in the fundamentals of plant molecular biology and their application to crop improvement. The focus is in the integration of new DNA-based methods with the principles of plant breeding and genetics to enhance production. Graduates work in plant breeding and biotechnology companies and public research institutions, or continue with graduate work.

Major in Soil and Crop Sciences, Soil Ecology Concentration

The Soil Ecology concentration emphasizes the interdisciplinary nature of soils through the study of soil organisms and their interactions with each other and the soil physical and chemical environment. These interactions affect the cycling of elements including carbon and nitrogen, the release (or consumption) of greenhouse gases, water quality, soil formation and structure, and plant productivity. The curriculum is rigorous and includes a solid core of mathematics, biology, physics and chemistry courses, as well as specialized electives and ecology courses that allow students to tailor the concentration to their interests. Career opportunities exist in academia, state and federal health and environmental agencies, natural resource agencies (water and soil), state and national parks services, private industry as environmental assessors, and in the rapidly growing environmental consulting profession.

Major in Soil and Crop Sciences, Soil Restoration and Conservation Concentration

Soil Restoration and Conservation graduates provide technical assistance to farmers, ranchers, state and local governments, and others concerned with the conservation of soil, water, and related natural resources. Emphasis is on interpretations of land sustainability for agricultural, urban, industrial, and recreational land uses, waste disposal, water management systems, and ecological purposes. Specialists develop programs designed to obtain the most productive use of land while minimizing or mitigating damages. Others help landowners and managers develop management practices to combat erosion. Students are prepared for careers in environmental consulting, government conservation and resource management agencies, farm management, and municipal soil and water resource management agencies.

Major in Soil and Crop Sciences, Soil, Land Uses, and Climate Change Concentration

The Soil, Land Uses, and Climate Change concentration prepares students to become critical thinkers, address new and emerging issues and be versatile in multidisciplinary settings, while having a deep understanding of soils and soil processes, being knowledgeable of global and cultural issues, and possessing specialized technical skills in agricultural GHG management and inventory. A broad base of course work in soils, agriculture, ecology, statistics, economics, and climate change science as well internship opportunities will prepare students for the climate change work force.

Minor in Soil Resources and Conservation

The purpose of the minor in Soil Resources and Conservation is to give students with appropriate biological sciences background the opportunity to formalize their interests in an organized course of study.

Requirements Effective Fall 2012

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Lower Division

SOCR 240	Introductory Soil Science	4
----------	---------------------------	---

Upper Division

BZ 440	Plant Physiology	3
--------	------------------	---

GEOL 454	Geomorphology	4
----------	---------------	---

Select six credits from the following:		6
--	--	---

SOCR 320	Forage and Pasture Management	
----------	-------------------------------	--

SOCR 370	Irrigation Principles	
----------	-----------------------	--

SOCR 371	Irrigation of Field Crops

Minor in Soil Science

Soil Science as a discipline has applications to many fields of study, including biology, ecology, engineering, horticulture, and hydrology. The purpose of the minor in Soil Science is to combine the fundamental sub-disciplines of soil science to provide non-majors the essential elements of soil science.

Requirements Effective Fall 2014

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Required Courses

SOCR 240	Introductory Soil Science	4
----------	---------------------------	---

SOCR 440	Pedology	4
SOCR 455	Soil Microbiology	3
SOCR 470	Soil Physics	3

Selected Courses

Select a minimum of 7 credits from the following courses:		7
---	--	---

SOCR 322	Principles of Microclimatology	
----------	--------------------------------	--

SOCR 350	Soil Fertility Management	
----------	---------------------------	--

SOCR 351	Soil Fertility Laboratory

Master Programs

- Master of Accountancy, Plan C
- Master of Accountancy, Plan C, Taxation Specialization
- Master of Business Administration
- Master of Business Administration, Early Career Track Specialization
- Master of Business Administration, Global Social and Sustainable Enterprise Specialization
- Master of Computer Information Systems, Plan C
- Master of Science in Business Administration, Plan A, Computer Information Systems Specialization
- Master of Science in Business Administration, Plan B, Computer Information Systems Specialization
- Master of Science in Business Administration, Financial Risk Management Specialization
- Master of Management Practice, Plan C

The College of Business is accredited by the AACSB, the Association to Advance Collegiate Schools of Business. Undergraduate and graduate programs offered include a Bachelor of Science in Business Administration, a Master of Science in Business Administration (with specializations in Computer Information Systems and Financial Risk Management), as well as a Master of Business Administration degree (M.B.A., with specializations in Early Career Track and Global Social and Sustainable Enterprise), Master of Accountancy (M.Acc.), Master of Management Practice (M.M.P.), and Master of Computer Information Systems (M.C.I.S.).

Undergraduate Programs

The undergraduate programs of study provide functional business education in Accounting, Finance, Information Systems, Marketing, Organization and Innovation Management, Human Resource Management, Supply Chain Management, and Real Estate. The skills acquired help prepare students for entry-level positions in a wide range of both private and public enterprises and provide a solid foundation for further academic study. The program follows a philosophy of linking theory with practical application.

Education Abroad

Education abroad programs are available to students in the College of Business. Because the knowledge of at least one other culture is valuable in understanding our own, students are strongly encouraged to take a summer or semester to study outside the United States as part of their overall program at CSU. Students interested in education abroad should plan far in advance by discussing opportunities with their academic advisor and by visiting the Office of International Programs (<http://international.colostate.edu>) in Laurel Hall.

Graduate Programs in Business

The College of Business offers graduate programs leading to the degrees of Master of Science (M.S.), with specializations in Computer Information Systems and Financial Risk Management, and Master of Business Administration (M.B.A.) with specializations in Early Career Track, and Global Social and Sustainable Enterprise. In addition, the College of Business offers a Master of Accountancy (M.Acc.), with a specialization in Taxation; Master of Computer Information Systems (M.C.I.S.); and Master of Management Practice (M.M.P.). The college also offers five platforms for the M.B.A.: on-campus/evening professional M.B.A., a professional online M.B.A., Global Social Sustainable Enterprise M.B.A., Early Career Track M.B.A., and an executive M.B.A. program in Denver. Graduate students may also pursue teacher licensure at the secondary level for Business Education or Marketing Education. Contact the Center for Educator Preparation (<http://cep.chhs.colostate.edu>) in the Education Building, Room 111, or at (970) 491-5292.

Students interested in graduate work should refer to the College of Business (<http://biz.colostate.edu>).

Courses

Accounting (ACT)

ACT 205 Fundamentals of Accounting Credits: 3 (3-0-0)

Course Description: Understanding of financial statements to support financial and managerial decision making.

Prerequisite: None.

Registration Information: For nonbusiness majors. Credit not allowed for both ACT 205 and ACT 210. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 210 Introduction to Financial Accounting Credits: 3 (3-0-0)

Course Description: Use of accounting information by decision makers; development of the basic accounting model, and issues concerning income and cash flows.

Prerequisite: None.

Registration Information: Credit not allowed for both ACT 210 and ACT 205.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 220 Introduction to Managerial Accounting Credits: 3 (3-0-0)

Course Description: Use of accounting information in internal decision making.

Prerequisites: (ACT 205 or ACT 210) and (BUS 150, may be taken concurrently or CS 110, may be taken concurrently).

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 310 Financial Statement Analysis Credits: 3 (3-0-0)

Course Description: Analysis of balance sheet and income statement accounts.

Prerequisite: ACT 220.

Registration Information: For business majors. Credit not allowed for both ACT 310 and ACT 311.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 311 Intermediate Accounting I Credits: 3 (3-0-0)

Course Description: Asset and liability accounting.

Prerequisites: (ACT 205 with a minimum grade of B- or ACT 210 with a minimum grade of B-) and (ACT 220 with a minimum grade of B-).

Registration Information: Credit not allowed for both ACT 311 and ACT 310. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 312 Intermediate Accounting II Credits: 3 (3-0-0)

Course Description: Equity structure of corporations; analysis and interpretation of accounting data.

Prerequisite: ACT 311 with a minimum grade of C.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 321 Cost Management Credits: 3 (3-0-0)

Course Description: Utilizing budgetary and cost accounting information for planning, controlling, and decision-making.

Prerequisite: ACT 220.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 330 Introduction to Taxation Credits: 3 (3-0-0)

Course Description: Introduction to U.S. taxation, with emphasis on federal income tax; impact of taxation on business decisions.

Prerequisite: ACT 205 or ACT 210.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 350 Accounting Information Systems Credits: 3 (3-0-0)

Course Description: Design, administration and control of accounting information systems; use of accounting systems software.

Prerequisites: ACT 220 and ACT 321.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 411 Advanced Accounting Credits: 3 (3-0-0)

Course Description: Accounting for branches and subsidiaries, partnerships, and business combinations. Accounting for multi-national business transactions.

Prerequisite: ACT 312.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 421 Management Control Systems Credits: 3 (3-0-0)

Course Description: Business transaction cycles. Laws and regulations regarding responsibility for internal control. Performance measurement systems and controllership.

Prerequisite: ACT 220.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 430 Income Tax Accounting Credits: 3 (3-0-0)

Course Description: Basic structure of federal income tax law; impact of taxes on decision making; social security taxes.

Prerequisite: ACT 330.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 431 Corporate Taxation Credits: 3 (3-0-0)

Course Description: Federal income tax principles pertaining to formation and operation of corporate entities.

Prerequisites: ACT 220 and ACT 330.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 441 Auditing Practices Credits: 3 (3-0-0)

Course Description: Environment, professional standards, and practices involved in auditing financial statements and performance of other assurance services.

Prerequisites: ACT 312 and ACT 350.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 442 International Accounting Credits: 3 (3-0-0)

Course Description: International accounting issues facing multinational enterprises.

Prerequisite: ACT 220.

Registration Information: Credit not allowed for both ACT 442 and ACT 642.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 487 Internship Credits: Var[1-18]

Course Description: Supervised work experience in public, industry, or governmental accounting.

Prerequisite: None.

Terms Offered: Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ACT 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 496 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 498 Research Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Special Course Fee: No.

ACT 501 Accounting for Global Sustainable Enterprise Credits: 3 (3-0-0)

Course Description: Basics of U.S. and international financial reporting; accounting issues of not-for-profit enterprises; budgeting; managerial decision making.

Prerequisite: None.

Registration Information: Admission to GSSE Program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 511 Advanced Accounting I Credits: 3 (3-0-0)

Course Description: Accounting for business combinations and consolidations in corporate restructuring and alternative organizational forms.

Prerequisite: ACT 312.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 540 Professional Ethics and Responsibilities Credits: 3 (3-0-0)

Course Description: Ethical practice of professional accounting.

Prerequisite: ACT 311.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 541 Forensic Accounting and Fraud Auditing Credits: 3 (3-0-0)

Course Description: Professional practices for addressing the related areas of forensic accounting and fraud.

Prerequisite: None.

Registration Information: Graduate standing. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 550 Accounting Information Technologies Credits: 3 (3-0-0)

Course Description: Best practices for information technologies used in accounting systems worldwide.

Prerequisite: ACT 350.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 561 Legal and Regulatory Issues in Accounting Credits: 3 (3-0-0)

Course Description: Contracts, ownership, bankruptcy (debtor/creditor relationship), formation of business entities, regulation of accounting profession.

Prerequisite: BUS 205 or BUS 260.

Registration Information: Graduate standing or written consent of instructor.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 570 Government and Nonprofit Credits: 3 (3-0-0)

Course Description: Theory and practical application of accounting principles and auditing standards to governmental entities and not-for-profit organizations.

Prerequisite: ACT 441, may be taken concurrently.

Registration Information: Graduate standing or written consent of instructor. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 575 Oil and Gas Accounting Credits: 3 (3-0-0)

Course Description: Specialized financial accounting procedures related to the oil and gas industry.

Prerequisite: ACT 311.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 600 Accounting for Managers Credits: 3 (3-0-0)

Course Description: Cost management, budgeting, profitability analysis and decision making.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 601A Professional Practice: Taxation Credits: 3 (3-0-0)

Course Description: Management of accounting practice; professional ethics and regulation; research techniques.

Prerequisite: ACT 330.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 601B Professional Practice: Auditing Credits: 3 (3-0-0)

Course Description: Management of accounting practice; professional ethics and regulation; research techniques.

Prerequisite: ACT 612.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 612 Contemporary Financial Accounting Issues Credits: 3 (3-0-0)

Course Description: Historical development of accounting; controversial issues involved in calculations and disclosures of enterprise periodic income.

Prerequisite: ACT 312.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 614 Financial Statement Analysis and Valuation Credits: 3 (3-0-0)

Course Description: Tools and techniques of financial statement analysis and application to equity valuation.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admitted to Master of Accountancy (M.Acc.) program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 622 Advanced Cost and Managerial Accounting Credits: 3 (3-0-0)

Course Description: Contributions of cost accounting to decision making and planning.

Prerequisite: ACT 321.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 630 Tax and Accounting Research Credits: 3 (3-0-0)

Course Description: Research aspects of professional accounting and tax practices; development of oral and written communication skills.

Prerequisite: ACT 220.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 631 Corporate Taxation Credits: 3 (3-0-0)

Course Description: Federal income tax principles pertaining to formation and operation of corporate entities.

Prerequisites: ACT 220 and ACT 330.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 633 Flow-Through Entities Credits: 3 (3-0-0)

Course Description: Federal income tax principles and problems pertaining to flow-through entities.

Prerequisite: ACT 220.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 635 State and Local Taxation Credits: 3 (3-0-0)

Course Description: Tax planning and compliance issues for entities doing business in multi-jurisdictional locales.

Prerequisite: ACT 220.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 636 Taxation of Corporations and Shareholders Credits: 3 (3-0-0)

Course Description: Federal income tax principles and problems relating to reorganization, consolidation, and termination of corporations.

Prerequisite: ACT 220.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 639 Special Topics in Taxation Credits: 3 (3-0-0)

Course Description: Taxation of not-for-profit entities; international tax issues; other contemporary topics.

Prerequisites: ACT 601A and ACT 631.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 641 Contemporary Auditing Credits: 3 (3-0-0)

Course Description: Seminar exploring various facets of the assurance services environment.

Prerequisite: ACT 441.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 642 International Accounting Credits: 3 (3-0-0)

Course Description: Preparation for work with multi-national companies in coordinating operations to adhere to global regulations and customs.

Prerequisite: ACT 220.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both ACT 642 and ACT 442. Sections may be offered: Online.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 650 Advanced Accounting Information Systems Credits: 3 (3-0-0)

Course Description: Research and review of best practices for technology in organizational accounting processes, including advanced skills in spreadsheets and databases.

Prerequisite: ACT 350.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ACT 679A Capstone Seminar: Taxation Credits: 3 (3-0-0)

Course Description: Final project integrating material from prior courses.

Prerequisites: ACT 601A and ACT 631.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Graduate Certificate in Accounting Ethics and Auditing

Completion of the certificate provides increased expertise in accounting ethics, forensic accounting, fraud auditing, and leading best practice information technologies used in organizational accounting systems worldwide. The graduate coursework is designed in part to help individuals meet professional licensure requirements in Colorado and certain other states.

Effective Fall 2015

ACT 540	Professional Ethics and Responsibilities	3
ACT 541	Forensic Accounting and Fraud Auditing	3
ACT 550	Accounting Information Technologies	3
Program Total Credits		9

Major in Business Administration, Accounting Concentration

This program is designed to give students an understanding of the theory and practice of the major fields of accounting: financial reporting, managerial accounting, taxation, and auditing. Accountants provide financial information and documentation about businesses to managers, investors, creditors, and other interested parties. Accounting can be categorized into management accounting, which provides information for internal decision makers (e.g., managers); and financial accounting, which provides information for external decision makers (e.g., investors, analysts, and creditors).

Accounting is an ever-evolving field with growing importance in most businesses and not-for-profit organizations. Today, accountants are business leaders and participate in business decisions and strategy formulation. Accountants must be able to explain and analyze business data, excel in communications, teamwork, leadership, and possess technical and computer-based skills. The accountant in an increasingly global society is rapidly becoming both an information specialist as well as a business advisor. Accountants also act as the moral and ethical compass for business practices.

The undergraduate accounting curriculum at CSU satisfies current educational requirements to sit for the Certified Public Accountant (CPA) exam in the State of Colorado. Effective July 1, 2015, additional coursework is required to become a Certified Public Accountant (CPA) in the State of Colorado. (Requirements to become a CPA are unique to each state and students should be aware of requirements of the state in which they intend to practice.)

The accounting curriculum is designed to meet the needs of those who seek professional education and training to practice as public, private, or governmental accountants, or expect to work in business managerial positions requiring an understanding of fundamental accounting concepts and principles. The curriculum offers considerable flexibility in designing a program of study that will

meet a variety of career interests. In addition to the All-University Core Curriculum and the College of Business Core Curriculum, students are particularly encouraged to take additional course work in both finance and computer information systems.

Learning Outcomes

Students will demonstrate:

- Knowledge of the principles of auditing and attestation
- Knowledge of the fundamental concepts of financial accounting and reporting
- Knowledge of the fundamental concepts of managerial accounting and decision making
- Knowledge of taxation (federal, state) and its application to business decisions
- Knowledge of business ethics and principles of social responsibility
- Knowledge of business organization, processes, and understanding of accounting-based systems integration issues

Potential Occupations

Some examples include, but are not limited to: accountant or auditor of publicly or privately held companies, government agencies, or not-for-profit institutions; consultant in firms providing professional management services; public, private, or personal tax specialist; financial analyst; finance and real estate planning; bank administration.

Requirements Effective Fall 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement. A student who has less than this average at the end of any term is subject to referral by the department head or college dean to the Faculty Council Committee on Scholastic Standards of CSU for consideration of academic dismissal from the College of Business.

Business Administration

Undergraduate Major

- Major in Business Administration

Minor

- Minor in Business Administration

Graduate Master Programs

- Master of Business Administration
- Master of Business Administration, Early Career Track Specialization
- Master of Business Administration, Global Social and Sustainable Enterprise Specialization

Major in Business Administration

The College of Business prepares students with the knowledge and skills needed to become effective leaders and decision makers in today's dynamic business environment.

The four-year curriculum leads to a Bachelor of Science degree with a major in Business Administration. The program focuses on global orientation, technology, ethics, business processes, sustainability, and corporate social responsibility.

Lower-division work provides a cultural and analytical foundation. Upper-division work provides specialized work in business disciplines

to prepare students to enter their chosen fields in the business world. At the same time, the program develops the attitudes and analytical abilities required for future professional advancement.

The College of Business has a strong reputation among regional, national, and international employers. As a whole, graduates from the College of Business are well-prepared to enter challenging positions. The program centers on an approach which emphasizes: knowledge of concepts, processes, and institutions; understanding of the financial, economic, legal, ethical, social, and organizational influences; information systems; and interpersonal communications. The senior capstone course offers an opportunity for students to apply these skills in an active and engaging learning environment.

All undergraduate business majors must complete the All-University Core Curriculum (AUCC) as part of their graduation requirement. Coordinated with this general education, all business students take business core subjects plus a concentration with its specified course sequence. Fifty percent of the total credits required for the business core and concentration must be completed at CSU.

Each student selects an area of concentration in one of the following fields: Accounting, Finance, Human Resource Management, Information Systems, Marketing, Organization and Innovation Management, Real Estate, or Supply Chain Management.

Admission

Direct entry as a new freshman or transfer to the College of Business is highly selective and only those students meeting academic requirements will be accepted. For details contact the Office of Admissions (<http://admissions.colostate.edu>). Other students may be admitted to the College of Business provided conditions for admission have been met.

CSU and the College of Business use holistic review when determining eligibility for admission to the College of Business as a new freshman. An example of a strong candidate for admission to the College of Business is one who is actively involved in their high school and community, has at least a 3.5 GPA with a 1200 or higher on the SAT or a 27 or higher on the ACT. For current admission criteria, contact the CSU Office of Admissions. New freshmen not admitted directly to the College of Business will be admitted as "Undeclared" and must meet the requirements below. To be eligible for admission to the College, CSU students (including Undeclared) must have a 3.000 cumulative GPA on a minimum of 15 graded credits at Colorado State and grades of B- or higher in ECON 202 and MATH 141.

External transfer students who have completed a minimum of 15 graded credits with MATH 141 and ECON 202 with grades of B- or higher and a 3.000 cumulative GPA will be admitted directly to the College.

External transfer students who do not meet the above criteria will be admitted to Undeclared and must complete the requirements stated above.

The College of Business participates in a statewide transfer articulation agreement for the bachelor's degree in Business Administration with a Finance Concentration. That agreement is available online (<http://registrar.colostate.edu/classroomscheduling/csu-specific-statewide-agreements>) with the Registrar's Office.

Learning Outcomes

Students will demonstrate:

- The ability to speak the language of business by constructing and analyzing financial and operating reports and using this information to make various business and capital allocation decisions
- An appreciation of the impact of the marketing environment on developing and sustaining a coherent marketing strategy that addresses the needs and wants of a selected target market
- An understanding of leadership principles, effective communication, and ways to collaborate within and across organizations
- An understanding of risk and the time value of money, how to use and value different types of securities, and how to make sound financial management decisions
- An understanding of the all-encompassing role information technology plays in all aspects of a business and the ability to collect, store, analyze, and professionally disseminate data using business technology tools to solve problems and make decisions
- The ability to identify and analyze various ethical dilemmas that occur in organizations, apply sound moral reasoning to address these situations, and defend recommended courses of action
- An understanding of the dynamics of the global business environment and, when appropriate, the application of elements of a global perspective in making business decisions
- An understanding of the environmental, social, and economic dimensions of sustainability and how to measure, report, and manage sustainability in organizations

Course Requirements

The first two years of study include completion of the All-University Core Curriculum (AUCC) and the lower-division business core courses. Some lower-division specialized course work is required in the computer information systems concentration. Students must have junior or senior status and be admitted into the College of Business in order to take specialized course work in the business concentrations.

Concentrations

- Accounting
- Finance
- Human Resource Management
- Information Systems
- Marketing
- Organization and Innovation Management
- Real Estate
- Supply Chain Management

Requirements Concentrations

- Accounting
- Finance
- Human Resource Management
- Computer Information Systems
- Marketing
- Organization and Innovation Management

- Real Estate
- Supply Chain Management

Core Curriculum

The following core curriculum sets the minimum course requirements for all business majors. With recommendations of the student's advisor, supplementary courses are selected to meet the total minimum of 120 credits required for the Bachelor of Science degree.

All freshman and sophomore required courses must be completed prior to or concurrent with first enrollment in required junior and senior courses. By the beginning of the junior year, students must select one of the above concentrations approved for the major in Business Administration.

Additional requirements which all business majors must complete are:

1. one of the approved concentrations;
2. All-University Core Curriculum (AUCC) requirements;
3. Business majors must not utilize the satisfactory/unsatisfactory (S/U) grading option in any Business concentration course or and Business core course (BUS and non-BUS subject codes) except when a course allows S/U grading.

Effective Fall 2015

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement. A student who has less than this average at the end of any term is subject to referral by the department head or college dean to the Faculty Council Committee on Scholastic Standards of CSU for consideration of academic dismissal from the College of Business.

Minor in Business Administration

businessminors@business.colostate.edu

The College of Business offers a minor in business administration to students in other colleges. A minor in business administration will give students a basic understanding of the functional areas of business to add to their specific major area. Students can expect to develop competencies to understand the language of business and use these skills in businesses in a wide variety of majors.

Requirements Effective Spring 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

A minimum grade of C is required for all business courses in the minor to receive the credential.

Courses

Computer Information Systems (CIS)

CIS 120 Business Programming Fundamentals Credits: 3 (3-0-0)

Course Description: File and operating systems for business application development. Business program development using a high-level programming language.

Prerequisite: None.

Registration Information: Credit not allowed for both CIS 120 and CIS 210.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 200 Business Information Systems Credits: 3 (3-0-0)

Course Description: Use of information technology (IT) to enable knowledge workers, support business processes, and grow the business.

Prerequisite: BUS 150 or CS 110.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 210 Information Technology in Business Credits: 3 (3-0-0)

Course Description: Introduction to information systems: the IS profession; hardware, software, and programming; web and database applications; data analysis tools.

Prerequisite: CIS 200, may be taken concurrently.

Registration Information: Credit not allowed for both CIS 210 and CIS 120.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 240 Application Design and Development Credits: 3 (3-0-0)

Course Description: Software engineering methods including design, implementation, and testing using structured and event-driven techniques, logic, and data structures.

Prerequisite: CIS 210.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIS 301 End User Computing Credits: 3 (3-0-0)

Course Description: End user applications in a Graphical User Interface environment including spreadsheet, word processing, and presentation graphics; Internet concepts.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIS 320 Project Management for Information Systems Credits: 3 (3-0-0)

Course Description: Project management concepts including work breakdown structure, estimating, scheduling, tools, and reports.

Prerequisite: CIS 210.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 340 Advanced Application Design and Development Credits: 3 (3-0-0)

Course Description: Design and construction of business applications using object-orientation and advanced data structures.

Prerequisite: CIS 240.

Registration Information: Credit not allowed for both CIS 340 and CIS 220.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 350 Operating Systems and Networks Credits: 3 (3-0-0)

Course Description: Multiuser and network operating systems; basic networking concepts including security, transmission, performance, and topologies.

Prerequisite: CIS 210.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 355 Business Database Systems Credits: 3 (3-0-0)

Course Description: Physical and logical design, implementation, and administration of databases.

Prerequisite: CIS 210.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 360 Systems Analysis and Design Credits: 3 (3-0-0)

Course Description: Traditional and cutting-edge systems analysis and design techniques, with emphasis on object-oriented approaches.

Prerequisite: CIS 240.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 370 Business Intelligence Credits: 3 (3-0-0)

Course Description: Techniques and technologies for deriving business value from the integration, mining, and transformation of data.

Prerequisites: CIS 200 and MKT 300.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 410 Web Application Development Credits: 3 (3-0-0)

Course Description: Web development techniques and strategies including Active Server Pages using VBScript, JavaScript, ColdFusion; security, web design.

Prerequisites: CIS 355 and CIS 240.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 411 Enterprise Resource Planning Systems Credits: 3 (3-0-0)

Course Description: Introduction to enterprise resource planning (ERP) systems concepts, business processes impacted by ERP, systems and software integration.

Prerequisites: (ACT 220) and (FIN 300 or FIN 305) and (MGT 305 or MGT 320) and (MKT 300 or MKT 305).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 413 Advanced Networking and Security Credits: 3 (3-0-0)

Course Description: Modern communication standards, protocol systems; network security, security policies, attack and protection mechanisms, legal and ethical issues.

Prerequisites: CIS 240 and CIS 350.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIS 455 Advanced Database Management Credits: 3 (3-0-0)

Course Description: Advanced data management topics including performance tuning, concurrency control, security, object-oriented databases, and data warehousing.

Prerequisite: CIS 355.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 487 Internship Credits: 3 (0-9-0)

Course Description: Supervised and planned work experience paralleling concentration in industry.

Prerequisites: CIS 355 and CIS 360.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 492 Seminar Credits: 3 (3-0-0)

Course Description: Current topics in computer-based information systems.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 496B Group Study: Small Business Information Systems Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 496C Group Study: Communications and Distributed Systems Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 496D Group Study: Information Systems Performance Measurement Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 496E Group Study: Current Issues in Business Computing Systems Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIS 498 Research Credits: Var[1-3]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIS 570 Business Intelligence Credits: 3 (3-0-0)****Course Description:** Harnessing vast data stores to solve problems, enhance decision-making, discover new business opportunities, and to derive additional benefits.**Prerequisite:** None.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 575 Applied Data Mining and Analytics in Business Credits: 3 (3-0-0)****Course Description:** Data mining is a process of selecting, exploring and modeling large amounts of data to identify patterns and relationships among key variables.**Prerequisite:** STAT 204.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 576 Business Data Visualization Credits: 3 (3-0-0)****Course Description:** Methods to solve data visualization problems; critique and evaluate current systems; develop skills in the construction of data visualization.**Prerequisite:** CIS 575 or CIS 605.**Registration Information:** Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 600 Information Technology and Project Management Credits: 3 (3-0-0)****Course Description:** Strategic role in and management of information technology and software development projects.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 601 Enterprise Computing and Systems Integration Credits: 3 (3-0-0)****Also Offered As:** MGT 601.**Course Description:** Integrated extended enterprise planning and execution systems concepts including ERP, CRM, SCM, MRP II, business processes, front/back office systems.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Credit not allowed for both CIS 601 and MGT 601.

Sections may be offered: Online.

Term Offered: Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 605 Business Visual Application Development Credits: 3 (3-0-0)****Course Description:** Design, construction, and testing of business application systems including leading-edge visual, E-commerce languages, and tools.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 606 Application Software Infrastructure Credits: 3 (3-0-0)****Course Description:** Design, construction, and testing of business application software infrastructure including hardware, operating software, and communications network.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 610 Software Development Methodology Credits: 3 (3-0-0)****Course Description:** Methods for all phases of software development focusing upon the establishment of economical software that is reliable and cross platform.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIS 611 Object-Oriented Systems Credits: 3 (3-0-0)****Course Description:** Object-oriented and web-based software; object model describing classes; relationships to other objects, attributes, and operations.**Prerequisite:** CIS 610.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

CIS 620 IT Communications Infrastructure Credits: 3 (3-0-0)

Course Description: Technical aspects of information communications, business considerations; wireless technology, architecture, and applications.

Prerequisite: CIS 606.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 655 Business Database Systems Credits: 3 (3-0-0)

Course Description: Database analysis, design, administration; data modeling; data sublanguages, query facilities; distributed database systems.

Prerequisite: CIS 605.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 665 E-Business Application Technologies Credits: 3 (3-0-0)

Course Description: Developing E-business (B2B and B2C) through construction and deployment.

Prerequisites: CIS 605 and CIS 606 and CIS 610.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to the M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 670 Advanced IT Project Management Credits: 3 (3-0-0)

Course Description: Advanced tools, techniques and skills for advanced risk management, change movement, and performance/control measures in cross-functional projects.

Prerequisite: CIS 600.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 675 Agile Management and Product Development Credits: 3 (3-0-0)

Course Description: Business model process optimization; managing rapid product development; incorporating constituent feedback throughout the product life cycle.

Prerequisite: CIS 600.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 676 Information Technology Management Credits: 3 (3-0-0)

Course Description: Strategic information technology management of business, technical, system and information services.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to graduate program in business. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIS 695 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 696 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIS 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Certificate in Information Technology for Business Professionals

The Computer Information Systems (CIS) Department offers the Certificate in Information Technology (IT) for Business Professionals, which covers some of the knowledge and skills needed to evaluate, create, deploy, and use IT-based solutions to business problems. It is open to all business students, other than those in the CIS concentration. Students who pursue the Certificate in IT for Business Professionals are typically interested in applying IT skills to their chosen concentration.

Effective Spring 2015

Additional coursework may be required due to prerequisites.

CIS 210	Information Technology in Business	3
CIS 320	Project Management for Information Systems	3
CIS 355	Business Database Systems	3
CIS 411	Enterprise Resource Planning Systems	3
Program Total Credits		12

Graduate Certificate in Business Information Systems

The Certificate combines business intelligence with applied data mining and analytics to optimize, forecast, detect, predict, classify and discover new ways of using data to make a business more productive and efficient. Completion of the certificate allows students to bring value to companies that have vast quantities of both structured and unstructured data that requires identification, analysis, and transformation into useful data for business optimization and forecasting.

Effective Fall 2015

CIS 570	Business Intelligence	3
CIS 600	Information Technology and Project Management	3
CIS 676	Information Technology Management	3
Program Total Credits		9

Program Total Credits		9

Graduate Certificate in Information Technology Project Management

In the information technology areas, project management is found across the private, public, and military sectors. The Certificate includes a deep understanding of the 10 knowledge areas and the 42 grouped processes required by the Project Management Institute®, information technology management, agile project management, and other special topics. Completion of this certificate also prepares the recipient to sit for the PMP® Certification or the CAP-M® Certification exam.

Effective Fall 2015

Select 9 credits from the following:		9
CIS 600	Information Technology and Project Management	
CIS 670	Advanced IT Project Management	

CIS 675	Agile Management and Product Development
CIS 676	Information Technology Management

Program Total Credits

9

Major in Business Administration, Computer Information Systems Concentration

This program is designed to provide students with a comprehensive knowledge of computer information systems along with the skills necessary for effective decision making in a business environment that is diverse, global, and highly competitive. The information systems curriculum provides students with a broad understanding of business and a sound foundation in computer fundamentals and programming, systems analysis and design, networking, database design and implementation, project management, Web applications, and systems integration. Graduates acquire an ability to apply computer technologies to solve business problems, providing a wide variety of career opportunities.

Learning Outcomes

Learning outcomes in the CIS program use a tiered model based on year in school. Learning outcomes build on the previous year's learning outcomes. Upon graduation all of the learning outcomes will be achieved.

Students will demonstrate:

- The ability to design, write, and test computer programs written in various computer languages by the end of their sophomore year
- The ability to design, implement, and test a database; construct a project plan for technology implementation; understand, implement, and administer various network protocols and implementations by the end of their junior year
- The ability to integrate and implement previously learned technologies in a Web-based environment by the time they graduate

Potential Occupations

Computing-related careers are characterized by a rapid rate of change driven by technological developments. Participating in paid or voluntary work, internships, and cooperative education opportunities is highly recommended, to keep students abreast of new developments and to help them benefit from networking to enhance employment opportunities.

Examples of career opportunities include, but are not limited to: applications programmer, programmer/analyst, systems analyst, systems consultant, PC specialist, systems or network manager/administrator, database administrator, IT project manager, webmaster.

- ¹ Students enrolled in the Business Administration major prior to Fall semester, 2013, are not required to take BUS 201 and BUS 220. Students who don't take BUS 220 will need to select another All-University Core Curriculum (AUCC) category 3B course.
- ² Students who have taken FIN 305 and/or MKT 305 prior to admission to the College of Business may substitute those courses to satisfy the category 4A and 4B requirements. All other students are required to take FIN 300 and MKT 300 to satisfy categories 4A and 4B.
- ³ One of the courses selected must be either CIS 340 or CIS 410.
- ⁴ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level). A minimum of 6 elective credits must be upper-division.

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

Courses

Subjects in this department include: Finance and Real Estate

Finance (FIN)

FIN 300 Principles of Finance Credits: 3 (3-0-0)

Course Description: Overview of financial markets and institutions, analysis of securities and investigation of financial management techniques.

Prerequisites: (ACT 205 or ACT 210) and (AREC 202 or ECON 202) and (ECON 204) and (MATH 141 or MATH 155 or MATH 160).

Registration Information: Credit not allowed for both FIN 300 and FIN 305. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 305 Fundamentals of Finance Credits: 3 (3-0-0)

Course Description: Role of finance in management of the firm; role, structure of financial markets and institutions, valuation of basic securities.

Prerequisites: (ACT 205 or ACT 210) and (ECON 204).

Registration Information: Credit not allowed for both FIN 305 and FIN 300. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 310 Financial Markets and Institutions Credits: 3 (3-0-0)

Course Description: Analysis of the functions and operations of financial markets and the primary and secondary securities created in those markets.

Prerequisite: ECON 204.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 311 Debt Securities Analysis Credits: 3 (3-0-0)

Course Description: Analysis of corporate, government, and mortgage-based debt securities. Emphasis on securitization of asset-backed obligations.

Prerequisites: (FIN 300) and (FIN 310 or ECON 315) and (FIN 355).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 320 Introduction to Financial Planning Credits: 3 (3-0-0)

Course Description: Personal financial planning including budgeting, tax planning, credit management, investing, retirement, and estate planning.

Prerequisites: ACT 210 and ECON 202.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 342 Risk Management and Insurance Credits: 3 (3-0-0)

Course Description: Management of insurable risks for the individual and business firm.

Prerequisite: FIN 300 or FIN 305.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 355 Principles of Investments Credits: 3 (3-0-0)

Course Description: Modern investment theory with applications in the debt and equity markets, with introduction to portfolio management.

Prerequisites: FIN 300 and FIN 310.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 370 Financial Management-Theory and Application Credits: 3 (3-0-0)

Course Description: Theory and application of financial management to business firms; case problems used for illustration.

Prerequisite: FIN 300.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 440 Estate Planning Credits: 3 (3-0-0)

Course Description: Methods for conservation and transfer of wealth, considering aspects of tax, trusts, wills, probate, advanced directives, and charitable giving.

Prerequisites: ACT 330 and FIN 320.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 442 Employee Benefits and Retirement Planning Credits: 3 (3-0-0)

Course Description: Design, financing, accounting, and taxation for employee benefit and retirement plans.

Prerequisite: FIN 342.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 445 Financial Plan Development Credits: 3 (3-0-0)

Course Description: Analyze client finances and economic conditions, develop and communicate comprehensive financial plan using financial planning professional standards.

Prerequisites: ACT 330 and FIN 320 and FIN 342.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 455 Advanced Portfolio Management Credits: 3 (3-0-0)

Course Description: Advanced hedging and portfolio management theory and techniques.

Prerequisite: FIN 355.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 470 Financial Risk Management Credits: 3 (3-0-0)

Course Description: Futures, options, asset-backed securities and other derivatives as they are used in financial risk management.

Prerequisite: FIN 355.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 471 Enterprise Valuation Credits: 3 (3-0-0)

Course Description: Analytical framework for measuring, managing, and applying principles and tools to value enterprises.

Prerequisites: FIN 355 and FIN 370.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 475 International Business Finance Credits: 3 (3-0-0)

Course Description: International financial management emphasizing markets, instruments, hedging techniques, and operating strategies.

Prerequisite: FIN 300.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 487 Internship Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 496 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 498 Research Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 524 Financial Statistics Credits: 3 (3-0-0)

Also Offered As: STAT 524.

Course Description: Probability and statistical concepts and quantitative tools used in financial modeling and decision-making.

Prerequisites: MATH 345 and STAT 420.

Registration Information: MATH 345; STAT 420, or Admission to MSBA program with Financial Risk Management specialization. Credit not allowed for both FIN 524 and STAT 524. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 600 Financial Management-Theory and Case Studies Credits: 3 (3-0-0)

Course Description: Financial problems for various types of business organizations.

Prerequisite: FIN 300 or FIN 305.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 601 Financial Management and Markets Credits: 3 (3-0-0)

Course Description: Integrated coverage of financial management, investments, and markets and institutions from the public, private, and nonprofit perspective.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to GSSE program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 602 Options and Futures Credit: 1 (1-0-0)

Course Description: Advanced analysis and pricing of derivative securities, such as futures, forwards and options.

Prerequisite: BUS 641.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 603 Corporate Risk Management Credit: 1 (1-0-0)

Course Description: Survey of topics related to corporate risk management including the role and function of insurance and risk management for business enterprises.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business. This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 604 Employee Benefits Credit: 1 (1-0-0)

Course Description: Design and financing of employee benefits including health plans, disability, life insurance, long-term care, and retirement plans.

Prerequisite: FIN 603.

Restriction: Must not be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 605 Enterprise Valuation Credits: 3 (3-0-0)

Course Description: Corporate valuation methodologies including dividend discount model, relative valuation using market multiples, free cash flows and options analysis.

Prerequisite: FIN 300.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to M.S. Business Administration, Financial Risk Management specialization. This is a partial-semester course.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 606 Fundamentals of International Finance Credit: 1 (1-0-0)

Course Description: Fundamental principles of international finance and how they relate to business operations and strategies.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 607 Fundamentals of Bond Markets Credit: 1 (1-0-0)

Course Description: Properties of bonds and bond markets, pricing bonds by arbitrage, risk characteristics of bonds.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 608 Fundamentals of Firm Valuation Credit: 1 (1-0-0)

Course Description: Identifies key value drivers for a business and how these can be identified utilizing currently available financial information.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 609 Fundamentals of Personal Finance Credit: 1 (1-0-0)

Course Description: Personal financial planning focusing on TVM, personal financial statements, retirement plans, government sponsored benefits and education planning.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 610 Debt Securities Analysis Credits: 3 (3-0-0)

Course Description: Valuation of corporate, government, and mortgage-backed debt securities and strategies for management of debt security portfolios.

Prerequisite: FIN 655.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 625 Quantitative Methods in Finance Credits: 3 (3-0-0)

Course Description: Review and application of mathematical and analytical techniques used in solving financial problems.

Prerequisite: FIN 300.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 630 Financial Modeling Credits: 3 (3-0-0)

Course Description: Practical applications of financial modeling and computer programming to analyze financial data.

Prerequisite: FIN 524 or STAT 524.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 655 Investments Credits: 3 (3-0-0)

Course Description: Investment analysis and decision making emphasizing equity securities and portfolio management.

Prerequisite: FIN 300.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to M.S. Business Administration, Financial Risk Management specialization. This is a partial semester course.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 665 Financial Engineering Credits: 3 (3-0-0)

Course Description: Using futures, options, swaps, and securitized transactions in financial management.

Prerequisite: FIN 610 or FIN 655 or FIN 675.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 669 Financing, Evaluating Sustainable Enterprise Credits: 3 (3-0-0)

Course Description: Theoretical and applied approaches to the funding and evaluation of enterprises.

Prerequisites: (BUS 601) and (FIN 601).

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 670 Risk Management Theory and Application Credits: 3 (3-0-0)

Course Description: Fundamentals of financial risk management using quantitative techniques and models to identify, measure, and manage corporate risk.

Prerequisites: (FIN 524 or STAT 524) and (FIN 655).

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 675 International Finance Credits: 3 (3-0-0)

Course Description: Analysis of the foreign exchange market and international financial markets.

Prerequisite: FIN 300.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial semester course. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 678 Financial Decisions-Theory and Practice Credits: 3 (3-0-0)

Course Description: Analysis of theory of corporate finance with emphasis on underlying assumptions and implications for financial decisions.

Prerequisite: FIN 600.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 695 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 696 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FIN 698 Research Credits: Var[1-6]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FIN 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Real Estate (REL)

REL 360 Real Estate Principles Credits: 3 (3-0-0)

Course Description: Broad survey of real estate emphasizing land use, urban structure and growth, market analysis, real estate finance and valuation, and property rights.

Prerequisite: AREC 202 or ECON 202.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

REL 367 Real Estate Law Credits: 3 (3-0-0)

Course Description: Legal regulations applicable to real property ownership and transfer, to real estate agents, and to use of real property.

Prerequisite: BUS 205 or BUS 260 or HDFS 403.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

REL 430 Real Estate Analysis and Marketing Credits: 3 (3-0-0)

Course Description: Analysis of real estate markets, including development feasibility and managing risk, and their relation to urban economic trends.

Prerequisite: REL 360.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

REL 435 Real Estate Marketing and Brokerage Credits: 2 (2-0-0)

Course Description: Practitioner focus including legal forms, valuation, sales techniques, escrow, fiduciary requirements, start-to-finish real estate project.

Prerequisite: REL 360.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

REL 440 Real Estate Development Credits: 3 (3-0-0)

Course Description: Development process including urban dynamics, architecture, construction, law, public approvals, financing, marketing, and property management.

Prerequisites: FIN 300 and REL 360 and REL 460.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

REL 452 Real Estate Appraisal Principles Credits: 2 (2-0-0)

Also Offered As: AREC 452.

Course Description: Theoretical principles that underlie real estate appraisal methods.

Prerequisites: (AREC 202 or ECON 202) and (AREC 305 or REL 360).

Registration Information: Credit not allowed for both REL 452 and AREC 452. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

REL 453 Real Estate Appraisal Practices Credits: 2 (2-0-0)

Also Offered As: AREC 453.

Course Description: Procedures and practices used in real estate appraisal.

Prerequisite: AREC 452 or REL 452, may be taken concurrently.

Restriction: .

Registration Information: Credit not allowed for both REL 453 and AREC 453. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

REL 455 Residential Real Estate Finance Credits: 2 (2-0-0)

Course Description: Residential mortgage origination, mortgage loan amortization; secondary markets, residential investment.

Prerequisite: REL 360.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

REL 460 Real Estate Finance and Investment Credits: 3 (3-0-0)

Course Description: Financing of real estate resources: real estate financial markets, policies; use of leverage and real estate investment analysis in real estate investment programs.

Prerequisites: (FIN 300 or FIN 305) and (REL 360).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

REL 487 Real Estate Internship Credits: Var[1-3]

Course Description:

Prerequisite: None.

Registration Information: Maximum of 3 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

REL 495 Real Estate Independent Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Registration Information: Maximum of 3 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

REL 496 Real Estate Group Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Registration Information: Maximum of 3 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

REL 601 Fundamentals of Real Estate Finance Credit: 1 (1-0-0)

Course Description: Valuation-oriented study of real estate concepts and principles, including legal, regulatory, finance, market and financial analysis.

Prerequisite: BUS 601.

Restriction: Must be a: Graduate, Professional.

Registration Information: This is a partial-semester course. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Certificate in Real Estate Practices

The College of Business at CSU offers a Certificate Program in Real Estate Practices that seeks to offer knowledge in real estate principles, appraisal practices, and real estate finance. This certificate program provides a well-balanced background in modern real estate practices, and provides students with a valuable compliment to many fields of study.

Additional coursework may be required due to prerequisites.

Effective Fall 2015

AREC 452/ REL 452	Real Estate Appraisal Principles	2
AREC 453/ REL 453	Real Estate Appraisal Practices	2
REL 360	Real Estate Principles	3

REL 455	Residential Real Estate Finance	2
Program Total Credits		9

Graduate Certificate in Applied Finance

Students will obtain a solid background in business finance and investments by completing graduate-level introductory finance courses and more advanced electives in specialized areas of finance. Students can focus in the investments area by taking electives that cover bonds, futures, and options, and real estate. Students interested in corporate financial management can focus their studies on corporate risk management, employee benefits, and international finance.

Effective Fall 2015

FIN 608	Fundamentals of Firm Valuation	
FIN 609	Fundamentals of Personal Finance	
REL 601	Fundamentals of Real Estate Finance	
Program Total Credits		11

Major in Business Administration, Finance Concentration

This program is designed to prepare undergraduate students to enter the finance profession with comprehensive knowledge and real world skills in their area of emphasis. The field of finance is complex, quantitative, and constantly evolving. The program focuses on providing state-of-the-art tools, techniques, and computer applications.

Learning Outcomes

Students will demonstrate:

- The ability to solve time value of money problems
- The ability to value securities, measure and manage risk
- The ability to analyze the financial health of companies
- The ability to incorporate global risk in financial decision-making

In addition to the core areas of asset valuation, investments, and global finance, the concentration allows students to select from four options for more in-depth study.

The **Corporate Finance option** prepares students for positions in both financial and non-financial business enterprises in which they will need to make and defend strategic financial decisions in capital budgeting, planning, control, and policy.

The **Financial Planning option** is a CFP® Board Registered Program. The curriculum fulfills the education requirements for students intending to sit for the CFP® certification examination after graduation. This program covers all the major areas of financial planning, including retirement, employee benefits, estate, tax, and insurance planning. The option is most appropriate for those who intend to enter the financial planning profession as financial advisors, financial planners, wealth managers, or financial product representatives.

The **Investment Analysis option** focuses on the theoretical and practical aspects of investment valuation, selection, and portfolio management, for both individual and institutional investors.

The **Real Estate Finance option** prepares students for careers in commercial or residential real estate and related industries, while also providing strong foundations in financial analysis.

Potential Occupations

Finance students are prepared for a number of different careers in business. Internships and volunteer experiences enhance skills and marketability.

Examples of fields in which graduates can find finance-related occupations include, but are not limited to: commercial, mortgage, and investment banking; corporate finance; investments; portfolio management; financial analysis; securities analysis; loan analysis; insurance; stock brokerage; government banking and securities regulation; government finance; teaching and research.

Requirements Effective Fall 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

In order to complete the Finance Concentration, the Business Administration core courses and the Finance Concentration core courses must be completed. Students must also select one of the following options as well: Corporate Finance, Financial Planning, Investment Analysis, or Real Estate Finance.

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement. A student who has less than this average at the end of any term is subject to referral by the department head or college dean to the Faculty Council Committee on Scholastic Standards of CSU for consideration of academic dismissal from the College of Business.

Major in Business Administration, Real Estate Concentration

This program is designed to prepare undergraduate students for careers as professionals in real estate and related industries. Real estate is the largest industry in the world representing nearly 50% of the world's wealth. The real estate profession offers one of the most diverse career selections in the business world today. It is a multi-disciplinary profession that coordinates architecture, construction, law, finance, marketing, property management, and urban dynamics. Real estate professionals help find, provide, and manage space for people to work sleep, shop, eat, and play. Those who choose careers in real estate are typically goal-oriented, persevering, self-motivated, and possess an entrepreneurial spirit. Furthermore, they must be creative and able to research, analyze, negotiate, and pay attention to details. No two projects or investments are ever the same. Rewards of a real estate career include potential for high earnings, status in the community, independence, flexibility, and an opportunity to help people.

Learning Outcomes

Students will demonstrate:

- The ability to evaluate physical real estate (land and building analysis)
- The ability to perform financial real estate analysis (including time value of money)
- The ability to assess and manage risk
- The ability to conduct market analysis and identify opportunities
- An understanding of property and portfolio management

Potential Occupations

Real estate graduates find professional employment in many fields. Students interested in commercial real estate may find employment in property and land development, property acquisition, property management, commercial mortgage lending, commercial real estate brokerage, asset management, government housing, commercial construction, or Real Estate Investment Trust (REIT) analysis, investment, or management. Students interested in real estate finance may find employment in commercial real estate investment banking, residential real estate lending for both development and loan underwriting, financial analysis, real estate securities analysis, insurance underwriting, commercial real estate brokerage,

government housing finance and investment, or construction lending and research. Students interested in residential real estate may find employment in residential brokerage, residential marketing, residential appraisal, residential finance, residential home inspection services, home construction consulting, or residential development.

Professor Lynn Shore, Chair

Undergraduate Major in Business Administration

- Human Resource Management Concentration
- Organization and Innovation Management Concentration
- Supply Chain Management Concentration

Certificates

- Certificate in Entrepreneurship
- Certificate in Leadership in Organizations
- Certificate in Managing Human Resources
- Certificate in Operations, Logistics and Supply Management

Graduate Master Program

- Master of Management Practice, Plan C (M.M.P.)

Courses

Subjects in this department include: Management (MGT) and Management Science (QNT).

Management (MGT)

MGT 301 Supply Chain Management Credits: 3 (3-0-0)

Course Description: Concept of value-driven supply chains; design and management of effective supply chains; emphasis on current practice and recent trends.

Prerequisite: None.

Registration Information: Sophomore standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 305 Fundamentals of Management Credits: 3 (3-0-0)

Course Description: Managerial process of planning, directing, and controlling inputs of an organization. Analysis, decision making, and survey of research literature.

Prerequisite: None.

Registration Information: Credit not allowed for both MGT 305 and MGT 320. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 310 Human Resource Management Credits: 3 (3-0-0)

Course Description: Principles and practices of employee management including hiring, development, compensation, and employee relations.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 320 Contemporary Management Principles/ Practices Credits: 3 (3-0-0)

Course Description: Principles of management in combination with practices of the new economy to achieve managerial goals.

Prerequisites: (BUS 300) and (AREC 202 or ECON 202) and (MATH 141 or MATH 155 or MATH 160).

Registration Information: Credit not allowed for both MGT 320 and MGT 305. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 325 Leadership Communication Credits: 3 (3-0-0)

Course Description: Interpersonal communication for leaders and managers in organizational settings.

Prerequisite: BUS 200.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 330 Corporate Innovation and Entrepreneurship Credits: 3 (3-0-0)

Course Description: Process of creating new ventures and generating innovations within existing organizations.

Prerequisite: ACT 210.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Business Administration, Mechanical Engineering, Agriculture Business, Apparel and Merchandising, Design and Merchandising, Apparel Design and Production, Biomedical Engineering, Computer Science majors; declared LEAP minors or LEAP graduate students only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 340 Fundamentals of Entrepreneurship Credits: 3 (3-0-0)

Course Description: Concepts of entrepreneurship and role of entrepreneurs in the economy.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 350 Employment Relations: The Legal Environment Credits: 3 (3-0-0)

Course Description: Legal principle and policy issues arising from the employment relationship.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 360 Social and Sustainable Venturing Credits: 3 (3-0-0)

Course Description: Entrepreneurship and economic opportunities in the transition to a socially and ecologically sustainable global economy.

Prerequisite: None.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Junior standing or higher.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 374 Total Rewards and Performance Management Credits: 3 (3-0-0)

Course Description: Principles and best practices for the strategic design and implementation of compensation and performance management systems.

Prerequisite: MGT 310.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 375 Advanced Supply Chain Management Credits: 3 (3-0-0)

Course Description: Advanced design of purchasing and supply management within global supply chains.

Prerequisite: MGT 301.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 376 Advanced Service and Manufacturing Operations Credits: 3 (3-0-0)

Course Description: Advanced concepts for the management of operations in service and manufacturing companies.

Prerequisite: MGT 301.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 377 Advanced Logistics Credits: 3 (3-0-0)

Course Description: Advanced design and management of logistics and distribution operations within global supply chains.

Prerequisite: MGT 301.

Registration Information: Junior standing.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 382 Management in an International Context Credits: 3 (3-0-0)

Course Description: Fundamentals of management taught in an international context. Emphasis on global management topics.

Prerequisite: None.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 410 Leadership and Organizational Behavior Credits: 3 (3-0-0)

Course Description: Behavior of people and groups as members of organizations.

Prerequisite: MGT 305 or MGT 320.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 411 Leading High Performance Teams Credits: 3 (3-0-0)

Course Description: Design, management, and leadership of teams in organizational settings.

Prerequisite: MGT 305 or MGT 320.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 420 New Venture Creation Credits: 3 (3-0-0)

Course Description: Entrepreneurs and the entrepreneurial process. Growth of an independent business.

Prerequisite: MGT 340.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 425 Organizational Communication Strategies Credits: 3 (3-0-0)

Course Description: Strategic communications in organizations; contribution that organizational members make whether acting as individual or group communicators.

Prerequisites: (FIN 300 or FIN 305) and (MKT 300 or MKT 305) and (MGT 305 or MGT 320).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 430 Leadership and Social Responsibility Credits: 3 (3-0-0)

Course Description: Social responsiveness of managers as they face expectations in the firm's internal and external environment.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 440 New Venture Management Credits: 3 (3-0-0)

Course Description: Theories and skills necessary for managing startup and existing small firms.

Prerequisite: None.

Registration Information: Written consent of instructor.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 450 Biomedical Entrepreneurship I Credits: 2 (2-0-0)

Course Description: Commercialization process for biomedical inventions; market and competitor analysis, regulations, patents; preliminary feasibility study.

Prerequisite: BIOM 470 or MGT 340 or MECH 470.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 468 Negotiating Globally Credits: 3 (3-0-0)

Course Description: Characteristics and process of negotiation in a global context.

Prerequisite: MGT 305 or MGT 320.

Registration Information: MGT 305 or MGT 320 or International Studies majors.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MGT 470 Managerial Decisions-Issues and Analysis Credits: 3 (3-0-0)

Course Description: Investigation and application of managerial decision-making processes and methods to solve problems in business functions.

Prerequisites: (MGT 301) and (MGT 305 or MGT 320).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 471 Micro Issues in Supply Chain Management Credits: 3 (3-0-0)

Course Description: Managing the supply function (locally or globally) and the productive flow of materials in goods and services-producing supply chains.

Prerequisite: MGT 301.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 472 Macro Issues in Supply Chain Management Credits: 3 (3-0-0)

Course Description: Application of analytical and computer-based tools in the analysis and improvement of supply chains with variable demand and supply.

Prerequisite: MGT 301.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 473 Employment Relations: Labor and Management Credits: 3 (3-0-0)

Course Description: Managerial decision making and action in labor-management relations as affected by labor legislation and administrative practices.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 474 Human Resource Planning and Development Credits: 3 (3-0-0)

Course Description: Human resource planning, recruitment, selection, training, and development.

Prerequisite: MGT 310.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 475 International Business Management Credits: 3 (3-0-0)

Course Description: Multinational corporations: their scope, activities, managerial problems and decisions.

Prerequisites: (FIN 300 or FIN 305) and (MKT 300 or MKT 305) and (MGT 305 or MGT 320).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 476 Negotiation and Conflict Management Credits: 3 (3-0-0)

Course Description: Principles and practices of negotiation and conflict management including bargaining as a social and managerial activity.

Prerequisite: MGT 320 or MGT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 478 Global Supply Chain Management Credits: 3 (3-0-0)

Course Description: Principles and best practices for the strategic design and implementation of global supply chains.

Prerequisites: MGT 375 and MGT 376 or MGT 376 and MGT 377 or MGT 375 and MGT 377.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 486 Practicum in Supply Chain Management Credits: 3 (1-4-0)

Course Description: Research and recommend solutions to "real world" supply chain management problems.

Prerequisite: MGT 375 or MGT 377.

Registration Information: Must register for lecture and laboratory. MGT 375; MGT 377 or written consent of instructor.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 487 Internship Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 496 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 498 Research Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 600 Manufacturing Process and Systems Design Credits: 3 (3-0-0)

Course Description: Strategic understanding of alternate manufacturing processes and systems design support needed to manage those processes.

Prerequisites: BUS 620 and BUS 625.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 601 Enterprise Computing and Systems Integration Credits: 3 (3-0-0)

Also Offered As: CIS 601.

Course Description: Integrated extended enterprise planning and execution systems concepts including ERP, CRM, SCM, MRPII, business processes, front/back office systems.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to M.B.A., M.C.I.S., M.S.B.A., or M.E. program. Credit not allowed for both MGT 601 and CIS 601.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 610 Strategic Human Resource Management Credits: 3 (3-0-0)

Course Description: Strategic issues associated with recruiting, staffing, evaluating, compensating, and developing employees; leadership issues associated therein.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to masters program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 611 Management of Organization Development Credits: 3 (3-0-0)

Course Description: Methods for managing organizational change.

Prerequisite: MGT 305 or MGT 320.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 612 Managing in a Global Context Credits: 3 (3-0-0)

Course Description: Global management and HR development issues/practices. Cross-cultural issues in organization behavior, recruitment, selection, training, compensation.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to GSSE program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 620 Management Credits: 3 (3-0-0)

Course Description: Practices, policies, philosophies, and behavior.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 625 Managerial Communication Practices Credits: 3 (3-0-0)

Course Description: Internal, external, and managerial communication. Managerial speaking and writing skills enhancement.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 640 Supply Chain Management Strategies Credits: 2 (2-0-0)

Course Description: How to create an effective supply chain management system to establish an efficient network for supplying final consumption.

Prerequisite: MGT 600.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 665 Supply Chain Development and Management Credits: 2 (2-0-0)

Course Description: This course teaches the development and management of the global supply chain that plans, sources, makes and delivers an organization's products.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 667 Global Social Sustainable Entrepreneurship Credits: 3 (3-0-0)

Course Description: Global challenges--poverty, environmental degradation, public health, agriculture. Role of entrepreneurial management in private and public sector.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 668 New Venture Development for Social Enterprise Credits: 3 (3-0-0)

Course Description: Early stages of a new venture, including creation of business plan. Additional study of social entrepreneurship and sustainable business strategies.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 671 Labor Management Relations Credits: 3 (3-0-0)

Course Description: Collective bargaining process, administration of contract, and impact of public policy on industrial relations.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 675 Service Operations/Supply Chain Management Credits: 3 (3-0-0)

Course Description: Supply chain management (SCM) and operations function. Primary focus on service sector.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 679 Principles of Strategic Management Credits: 3 (3-0-0)

Course Description: Processes through which firms choose and implement strategies. Formulation and implementation of strategic management process in variety of industries.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MGT 695 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 696 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MGT 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Management Science (QNT)

QNT 270 Basic Business Statistics Credits: 3 (2-2-0)

Course Description: Statistical tools applied to business conditions and functions.

Prerequisite: STAT 204.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

QNT 375 Models and Applications in Management Science Credits: 3 (2-2-0)

Course Description: Introduction and application of operations research techniques to business decision problems.

Prerequisite: STAT 204.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

QNT 570 Statistical Decision Making Credits: 3 (3-0-0)

Course Description: Classical statistical techniques including hypothesis testing and multiple regression; model building, control charts, time series and forecasting.

Prerequisite: QNT 270.

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Certificate in Entrepreneurship

A series of courses composing a Certificate in Entrepreneurship which provides students with the knowledge and skills to successfully develop and assess the viability of for profit and not-for-profit "social and sustainable" business concepts, and plan for the funding and launch of new ventures whether they are stand alone businesses or new ventures within an existing company.

Effective Spring 2015

Additional coursework may be required due to prerequisites.

MGT 330	Corporate Innovation and Entrepreneurship	3
or MGT 360	Social and Sustainable Venturing	
MGT 340	Fundamentals of Entrepreneurship	3
MGT 420	New Venture Creation	3
Program Total Credits		9

Certificate in Leadership in Organizations

The College of Business offers a certificate in Leadership in Organizations to students majoring in business administration. This certificate provides students with a research-based understanding of leadership principles and experience-based skill development opportunities. These leadership competencies are valuable for job attainment, job performance, and career progression for students of all concentrations in the College.

Effective Spring 2015

Additional coursework may be required due to prerequisites.

MGT 410	Leadership and Organizational Behavior	3
MGT 411	Leading High Performance Teams	3
MGT 476	Negotiation and Conflict Management	3
Program Total Credits		9

Certificate in Managing Human Resources

The College of Business offers a certificate in Managing Human Resources to students majoring in business administration. This certificate will give students a basic understanding of the functional areas of human resource management to add to their specific major area. Students can expect an introduction to the field of human resource management including employment law, recruitment, selection, training and development, performance management, and compensation.

Effective Spring 2015

Additional coursework may be required due to prerequisites.

MGT 310	Human Resource Management	3
Select two of the following courses:		6
MGT 350	Employment Relations: The Legal Environment	
MGT 374	Total Rewards and Performance Management	
MGT 474	Human Resource Planning and Development	
Program Total Credits		9

Certificate in Operations, Logistics and Supply Management

The College of Business offers a Certificate in Operations, Logistics and Supply Management to business students, to give students expertise in the core areas of supply chain management (SCM) and to prepare them for SCM careers. Companies seek employees able to mitigate risk in global supply chains, grasp the cost trade-offs inherent to various SCM activities, and build relationships with key trading partners. This certificate will give students the ability to add value through coordination of functions and firms.

Effective Spring 2015

Additional coursework may be required due to prerequisites.

MGT 375	Advanced Supply Chain Management	3
MGT 376	Advanced Service and Manufacturing Operations	3
MGT 377	Advanced Logistics	3
Program Total Credits		9

Major in Business Administration, Human Resource Management Concentration

This program is designed to develop in students a comprehensive knowledge of human resource (HR) management along with the skills necessary for implementing strategic, effective, and legally defensible HR practices in contemporary business organizations. Human

resource professionals operate in a dynamic and changing world, managing the organization's relationship with its employees. They develop and manage people, practices, and policies to ensure that they produce employee attitudes, skills, behaviors, and performance that companies need to achieve their strategic goals. They are commonly responsible for recruiting, hiring, onboarding, training and developing, evaluating performance, compensating, providing benefits, counseling, and terminating employees. HR Professionals are employed in every industry and are an essential partner in an organization's strategic vision for the future and for ensuring the right people are in place. It is essential that an HR professional learn and master key knowledge, skills, and abilities including critical thinking, confidentiality, change management, communication, negotiation and conflict management, business acumen, interpersonal skills, organizational skills, and fairness. In addition to the All-University Core Curriculum, course work for a concentration in Human Resource Management includes the College of Business Core and various management electives that allow the student to structure a program around his or her educational and/or career interests.

Learning Outcomes

Students will demonstrate:

- Knowledge and skills necessary to assume entry-level HR positions in preparation for pursuing careers in a wide variety of organizations and industries
- Knowledge and skills to develop and implement HR practices in a strategic, legal, and ethical manner
- Understanding of HR's role in the efficient and effective operations of organizations and their human resources
- The ability to create and manage HR practices that respect and encourage diversity and inclusion in the workplace

Potential Occupations

Some examples include, but are not limited to the following: Human Resource Assistant, Recruiter, Labor Relations Specialist, Human Resource Manager, Employee Benefits Manager, Training and Development Manager, Employee Relations Manager, Compensation Analyst, Human Resources Consultant, Job Analyst.

Requirements Effective Fall 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement. A student who has less than this average at the end of any term is subject to referral by the department head or college dean to the Faculty Council Committee on Scholastic Standards of CSU for consideration of academic dismissal from the College of Business.

¹ Students enrolled in the Business Administration major prior to Fall semester 2013, are not required to take BUS 201 and BUS 220.

² Students who have taken FIN 305 and/or MKT 305 prior to admission to the College of Business may substitute those courses to satisfy the category 4A and 4B requirements. All other students are required to take FIN 300 and MKT 300 to satisfy categories 4A and 4B.

³ Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level). A minimum of 6 elective credits must be upper-division.

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

Major in Business Administration, Organization and Innovation Management Concentration

This program is designed to provide its students with a comprehensive knowledge of organization and innovation management along with the skills necessary for effective decision making in a business environment that is diverse, global, and highly competitive. Managers are dynamic individuals who are responsible for projects, teams, and processes. They coordinate, motivate, strategize, plan, budget, initiate action, evaluate performance, and control process and activities. They are commonly responsible for overseeing a budget and the activities of others to ensure that the organization's goals and objectives are met. Managers are employed in every industry. It is essential that a manager learn and master key knowledge, skills, and abilities including how to handle conflict, communicate effectively, negotiate, create positive and productive work environments, and effectively manage the numerous issues associated with the human resources of an organization.

Students may choose focused course work in entrepreneurship, supply chain management, and human resource management. These are designed to help students acquire skill sets so that, upon graduation, they will be able to "hit the ground running." In addition

to the All-University Core Curriculum, course work for a concentration in organization and innovation management includes the College of Business Core and various management electives that allow the student to structure a program around his or her educational and/or career interests.

Learning Outcomes

Students will demonstrate:

- Knowledge and skills adequate to assume entry-level management positions in the broad spectrum of organizations so they can pursue careers in a wide variety of organizations and industries
- Ethical decision making skills
- An understanding of necessary change management and innovation skills
- An understanding of business principles and practices in an international context

Potential Occupations

Some examples include, but are not limited to the following: account management, analyst, client services, consultant, logistics management, supply management, management trainee, corporate recruiter, business owner, events planner, executive assistant, human resource specialist, project management, relationship management, retail management, team leader, trainer/facilitator.

Requirements Effective Fall 2015

Major in Business Administration, Supply Chain Management Concentration

This program is designed to develop in students a comprehensive knowledge of global supply chain management (SCM) along with the skills necessary for implementing strategic, efficient and effective SCM practices in contemporary business enterprises. SCM Professionals operate in a dynamic and changing world, managing resources and relationships with suppliers and customers worldwide. They are commonly responsible for practices related to managing products, information and cash flows through the global value chain including product development, forecasting demand, managing production and service operations, purchasing materials, order fulfillment, distribution, returns management, trade compliance, and customer service. SCM Professionals are employed in every industry and are essential in ensuring a company's offerings provide value for its customers. It is essential that an SCM professional learn and master key knowledge, skills, and abilities including critical thinking, ethics, change management, communication, negotiation and conflict management, business acumen, interpersonal skills, and organizational leadership skills. In addition to the All-University Core Curriculum, course work for a concentration in Supply Chain Management includes the College of Business Core and various

management electives that allow the student to structure a program around his or her educational and/or career interests.

Learning Outcomes

Students will demonstrate:

- Knowledge and skills adequate to assume entry-level SCM positions in the broad spectrum of organizations and be prepared to pursue careers in a wide variety of organizations and industries
- Knowledge of how global supply chains operate and skills to make decisions to support strategic and tactical activities to manage efficient and effective supply chains
- An understanding of ethical decision making skills with respect to dealing with supplier and customer organizations
- An understanding of the skills required to manage risk, innovation, and the dynamics of supply chains in the current global economy

Potential Occupations

Some examples include, but are not limited to the following titles: Buyer, Supply Manager, Purchasing Manager, Materials Supervisor, Production Manager, Logistics Analyst, Transportation Analyst, Transportation Manager, Account Manager, Warehouse Supervisor, Supply Chain Consultant.

Courses Marketing (MKT)

MKT 300 Marketing Credits: 3 (3-0-0)

Course Description: Market and buyer analysis, product and service development, pricing, promotion, advertising, selling, and distribution.
Prerequisites: (AREC 202 or ECON 202) and (MATH 141 or MATH 155 or MATH 160).

Registration Information: Credit not allowed for both MKT 300 and MKT 305.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 305 Fundamentals of Marketing Credits: 3 (3-0-0)

Course Description: Overview of marketing activities involved in provision of products and services to consumers, including target markets and managerial aspects.

Prerequisite: AREC 202 or ECON 101 or ECON 202.

Registration Information: Credit not allowed for both MKT 305 and MKT 300. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 320 Integrated Marketing Communications Credits: 3 (3-0-0)

Course Description: Principles and practices of managing promotional activities including advertising, sales promotion, and other major media.

Prerequisite: MKT 300 or MKT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 330 Business Customer Relationships Credits: 3 (3-0-0)

Course Description: Managing relationships with distribution channel intermediaries and business customers.

Prerequisite: MKT 300 or MKT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 360 Retailing Credits: 3 (3-0-0)

Also Offered As: DM 360.

Course Description: Retail markets, institutions, operations, and problems.

Prerequisite: MKT 300 or MKT 305.

Registration Information: Credit not allowed for both MKT 360 and DM 360. Sections may be offered: Online.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 361 Buyer Behavior Credits: 3 (3-0-0)

Course Description: Marketing analysis of buying behavior of individuals, households, businesses, and not-for-profit organizations.

Prerequisite: MKT 300 or MKT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 362 Professional Selling Credits: 3 (3-0-0)

Course Description: Persuasive personal communications in selling consumer and industrial products and services.

Prerequisite: MKT 300 or MKT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 363 Sales Management Credits: 3 (3-0-0)

Course Description: Recruiting, selecting, training, compensating, motivating, supervising, and evaluating a sales force.

Prerequisite: MKT 300 or MKT 305.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 364 Product Development and Management Credits: 3 (3-0-0)

Course Description: Consumer and industrial product development and management issues as an integral part of the marketing mix.

Prerequisite: MKT 300 or MKT 305.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 365 International Marketing Credits: 3 (3-0-0)

Course Description: Analysis of international markets and development of strategic and tactical options for marketing across national boundaries.

Prerequisite: MKT 300 or MKT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 366 Services Marketing Credits: 3 (3-0-0)

Course Description: Customer service issues and unique challenges involved in marketing and management of services operations.

Prerequisite: MKT 300 or MKT 305.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 367A Sports Marketing Credits: 3 (3-0-0)

Also Offered As: MKT 367B.

Course Description: The nature and scope of applying marketing strategy and tactics in the sports environment.

Prerequisite: MKT 300 or MKT 305.

Registration Information: Face-to-face.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 367B Sports Marketing Credits: 3 (0-0-3)

Also Offered As: MKT 367A.

Course Description: The nature and scope of applying marketing strategy and tactics in the sports environment.

Prerequisite: MKT 300 or MKT 305.

Registration Information: Offered as an online course only. This is a partial-semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 370 Digital Marketing Credits: 3 (3-0-0)

Course Description: Introduction to digital marketing: the landscape and tactics needed to execute marketing strategy in an online, connected, world.

Prerequisite: MKT 300 or MKT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 410 Marketing Research Credits: 3 (3-0-0)

Course Description: Role and methodology of research in business emphasizing selection of study's direction, collecting data, and choosing techniques for analyzing these data.

Prerequisites: (MKT 300 or MKT 305) and (STAT 204 or STAT 301 or STAT 307 or STAT 311 or STAT 315).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 440 Pricing and Financial Analysis in Marketing Credits: 3 (3-0-0)

Course Description: Financial analysis involved in addressing marketing problems; advanced study of pricing strategy and tactics.

Prerequisite: MKT 300 or MKT 305.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 479 Marketing Strategy and Management Credits: 3 (3-0-0)

Course Description: Marketing decisions involving integration of elements of the marketing mix.

Prerequisite: MKT 410.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 486 Marketing Practicum Credits: 3 (0-0-3)

Course Description: To give students the experience of working on a real marketing problem with a team at a sponsoring firm.

Prerequisite: MKT 300 or MKT 305.

Registration Information: Written consent of instructor required.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 487 Internship Credits: 3 (0-0-9)

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor required.

Maximum of 3 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MKT 492 Seminar Credits: 3 (0-0-3)

Course Description:

Prerequisite: MKT 300 or MKT 305.

Registration Information: Written consent of instructor required.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

MKT 495 Independent Study Credits: Var[1-5]

Course Description:

Prerequisite: None.

Registration Information: 2.75 GPA or better.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MKT 496 Group Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MKT 498 Research Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MKT 600 Marketing Management and Strategy Credits: 3 (3-0-0)

Course Description: Processes of customer value creation and value capture; marketing strategy analysis.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to a master's program in business.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MKT 601 Marketing for Social Sustainable Enterprises Credits: 3 (3-0-0)

Course Description: Customer and stakeholder value creation and capture. Marketing strategy with emphasis on social sustainable organizations.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to GSSE Program.

Term Offered: Fall.

Grade Mode: Traditional.

Major in Business Administration, Marketing Concentration

This program will provide its students with a comprehensive knowledge of marketing along with the skills necessary for effective decision making in a business environment that is diverse, global, and highly competitive. As defined by the American Marketing Association, marketing is the activity, set of institutions, and processes for creating, communicating, delivering, and exchanging offerings that have value for customer, clients, partners, and society at large. Organizations engage in marketing activities, such as conducting market research, developing new products, establishing pricing approaches, designing marketing communications, and building customer relationships. Marketing is people-oriented and ever changing. A person's analytical and creative abilities are brought to bear on developing solutions to various marketing problems while operating within a continuously evolving marketplace. In addition to the All-University Core Curriculum, course work for a major in business administration/marketing includes calculus, economics, statistics, and business foundation classes along with courses that specifically examine marketing issues and practices.

Learning Outcomes

Students will demonstrate:

- The ability to identify a marketing problem and key influences on that problem, to use appropriate qualitative and quantitative analysis and market research techniques to evaluate the marketing problem, and to evaluate alternative solutions
- The ability to make a final recommendation that thoroughly addresses the problem/opportunity based on: making reasonable assumptions; considering appropriate customer, competitor, and company constraints; clearly addressing the marketing issues; and demonstrating an understanding of the interrelationships of marketing concepts
- The ability to use marketing terminology correctly

- The ability to develop persuasive and convincing arguments that support recommendations
- The ability to design a marketing plan

Potential Occupations

Between one-fourth and one-third of the civilian labor force is employed in marketing-related positions. Examples of possible careers include, but are not limited to: marketing strategy planning, brand management, product development, market research, digital marketing, pricing management, sales management, advertising, and promotion management.

Requirements

Effective Fall 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

The College of Business requires a minimum grade point average of 2.000 in business and economics courses as a graduation requirement. A student who has less than this average at the end of any term is subject to referral by the department head or college dean to the Faculty Council Committee on Scholastic Standards of CSU for consideration of academic dismissal from the College of Business.

- Students enrolled in the the Business Administration major prior to Fall semester 2013, are not required to take BUS 201 and BUS 220.
- Students who have taken FIN 305 and/or MKT 305 prior to admission to the College of Business may substitute those courses to satisfy the category 4A and 4B requirements. All other students are required to take FIN 300 and MKT 300 to satisfy categories 4A and 4B.
- Select enough elective credits to bring the program total to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level). A minimum of 6 elective credits must be upper-division.

Students are not to utilize the satisfactory/unsatisfactory (S/U) grading option for any Business concentration course or any Business core course (Business and non-Business subject codes) except when a course only allows S/U grading.

College of Engineering

Office in Engineering Building, Room 202
 (970) 491-3366
 engr.colostate.edu (<http://www.engr.colostate.edu>)

Professor David I. McLean, Dean
 Professor Thomas Siller, Associate Dean

Undergraduate Majors

- Biomedical Engineering
- Chemical and Biological Engineering
- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Engineering Science
- Environmental Engineering
- Mechanical Engineering

Interdepartmental Majors

- Major in Engineering Science

Dual Degree Programs

- Majors in Biomedical Engineering (B.S.) and Chemical and Biological Engineering (B.S.)
- Majors in Biomedical Engineering (B.S.) and Electrical Engineering, Electrical Engineering Concentration (B.S.)
- Majors in Biomedical Engineering (B.S.) and Electrical Engineering, Lasers and Optical Engineering Concentration (B.S.)
- Majors in Biomedical Engineering (B.S.) and Mechanical Engineering (B.S.)
- Majors in Engineering Science (B.S.) and Interdisciplinary Liberal Arts (B.A.)
- Majors in Engineering Science (B.S.) and International Studies (B.A.)

Undergraduate Minors

- Biomedical Engineering Interdisciplinary Minor
- Energy Engineering Interdisciplinary Minor
- Environmental Engineering

Master Programs

- Master of Engineering, Plan C, Biomedical Engineering Specialization
- Master of Engineering, Plan C, Chemical Engineering Specialization
- Master of Engineering, Plan C, Civil Engineering Specialization
- Master of Engineering, Plan C, Electrical and Computer Engineering Specialization
- Master of Engineering, Plan C, Engineering Management Specialization
- Master of Engineering, Plan C, Mechanical Engineering Specialization
- Master of Engineering, Plan C, Systems Engineering Specialization
- Master of Science in Systems Engineering, Plan A
- Master of Science in Systems Engineering, Plan B

Ph.D.

- Ph.D in Systems Engineering

The mission of the College of Engineering is to provide high quality teaching, advising, research, outreach, and service in a land grant, Carnegie Class I environment and to serve the people and industries of the state, nation, and world.

Engineers are critically involved in every facet of modern technological society, processing information, designing systems and equipment, maintaining society's infrastructure, solving environmental and energy problems, and helping attain desired levels of efficiency and comfort. The College of Engineering continues its tradition—a tradition as old as CSU—of providing world-class training in the basic fields of engineering through both undergraduate instruction and graduate programs strongly supported by modern research facilities and distinguished faculty.

College Programs

The Engineering Accreditation Commission of ABET (<http://www.abet.org>) accredits all engineering undergraduate programs except the dual-degree program in Biomedical Engineering. The School of Biomedical Engineering and the College of Engineering will apply for accreditation for the dual-degree in Biomedical Engineering according to ABET rules, which require a graduate from the program prior to accreditation.

Undergraduate programs are administered by the Departments of Chemical and Biological Engineering, Civil and Environmental Engineering, Electrical and Computer Engineering, and Mechanical Engineering. These departments offer four-year programs leading to a Bachelor of Science degree. Although emphasis is on broad training in basic engineering, students may specialize to some extent by proper choice of technical electives.

A program leading to a Bachelor of Science degree with a major in Engineering Science is coordinated by the Associate Dean for Academic Affairs in the College of Engineering. This program offers three concentrations: Engineering Physics, Space Engineering, Teacher Education, and two dual degrees offered through the College of Liberal Arts resulting in degrees in both Liberal Arts and Engineering.

Students may consider simultaneously completing the requirements for a second major. See Second Major Requirements for a complete description of the program. A student may pursue a minor program of study inside or outside the College of Engineering in conjunction with the desired engineering major.

College of Engineering General Objectives and Outcomes

Outcomes

Graduates of the undergraduate engineering programs will be able to:

- Apply knowledge of mathematics, science, and engineering.
- Identify, formulate, and solve engineering problems.
- Design and conduct experiments and analyze and interpret data.
- Design a system, component, or process to meet demand needs within realistic constraints.
- Communicate effectively.
- Function in multi-disciplinary teams.
- Use the techniques, skills, and modern engineering tools necessary for engineering practice.

They also shall have:

- The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- A knowledge of contemporary issues.

- An understanding of professional and ethical responsibility.
- A recognition of the need for, and an ability to engage in, life-long learning.

Objectives

Individual program outcomes and objectives are given at the departments' websites and below, in this catalog.

International Opportunities

Education abroad programs are available to students in the College of Engineering. Because knowledge of other cultures is valuable in understanding our own, students are strongly encouraged to take a summer or semester to study outside the United States as part of their overall program at CSU. Students interested in study abroad should plan far in advance by discussing opportunities with their academic advisor and by visiting, the Office of International Programs (<http://international.colostate.edu>) in Laurel Hall.

Registration as a Professional Engineer

Registration and licensing are required under certain legally defined circumstances in order to practice as an engineer. The College of Engineering actively encourages all of its students to fulfill the necessary requirements as soon as they are eligible. The Fundamentals of Engineering Examination (FE) administered by the State Board of Registration for Professional Engineers and Professional Land Surveyors may be taken by seniors from ABET accredited programs during the two semesters prior to graduation. After the required practical experience is completed, the Principles and Practice of Engineering Examination (PE) for licensing may be taken for licensure in the engineering profession.

Professional Development

Each department maintains its own standards and program requirements for student professional development. Additionally all students in the College of Engineering are required to attend a minimum number of workshops provided by the College's Professional Learning Institute.

Admission Information

Students may be admitted to a specific undergraduate major in this college or as undecided engineering freshmen (Engineering Open Option). Undecided engineering students must specify their choice of major prior to registration for the sophomore year. Should the demand for any engineering major exceed the capacity to maintain a high-quality education, the college may find it necessary to limit enrollment in some majors. The undecided engineering student who wishes to transfer to one of these majors may be at a disadvantage when demand exceeds capacity. In general, students are better served by selecting one of the college's majors at admission and then changing majors, if necessary, rather than entering as undecided freshmen.

High School Graduates

See General Policies for Undergraduate Admissions for specific College of Engineering requirements. The required units listed are minimums. Students desiring to enter the engineering majors are urged to take available advanced math, English, computer skills, and natural sciences classes.

Course Placement and Advising for Freshmen

All entering freshmen are required to take the mathematics placement examination prior to registration. The examination results, together with other information about students, are used by faculty advisors to counsel students. Those with weaknesses in mathematics may be advised to take up to five math courses (MATH 117, MATH 118, MATH 124, MATH 125, MATH 126) before enrolling in calculus (MATH 160).

Transfer Students

Advisors in each department are available to assist students who wish to transfer. Should the demand for any engineering major exceed the capacity to maintain a high-quality education, individual departments may find it necessary to enforce more stringent requirements.

Transfer of credits earned at other colleges and universities within Colorado is facilitated by the articulation agreements from one university to another on course equivalencies.

Change of Major to Engineering

Students who wish to change from another CSU major are selected for admission once each term; students are admitted based on academic criteria. Some majors may specify more stringent requirements in math and science or other courses. Engineering courses are normally open to engineering majors only.

Curricular Requirements

The curricula of the College of Engineering include courses in engineering, mathematics, science, humanities, and social sciences. During the first two years, all engineering students take coursework emphasizing mathematics, physics, chemistry, and basic engineering; because all branches of engineering rely on this foundation. The junior and senior years are devoted primarily to a balanced selection of specialized engineering courses. The minimum number of credits for graduation with a Bachelor of Science degree varies with the engineering major.

Good engineers are not only competent to render professional service in their fields of specialization, but are able to assume leadership roles as citizens. To broaden the students' perspectives in non-technical areas, the programs in engineering require a minimum of 12 to 15 credits in arts and humanities and behavioral and social sciences to be selected from anthropology, economics, foreign languages, history, literature, philosophy, political science, psychology, and sociology. Courses in art, geography, music, speech, and theatre may also be selected with the prior approval of the advisor. These courses must be selected in such a way that they also meet All-University Core Curriculum requirements.

The ability to express oneself clearly and concisely in both written and oral forms is a great asset to the engineer who is often called upon to prepare reports in which clarity, organization, and precision are essential. For this reason, engineering students must do more than meet the minimum English course requirements. In fact, the development of communication skills is emphasized throughout the engineering curricula. This emphasis is especially evident in laboratory and design-oriented courses, in which the presentation of both oral and written reports is a major component.

The College of Engineering requires a minimum grade point average of 2.000 in required engineering, mathematics, chemistry, and physics courses as a graduation requirement. Additional minimum grade requirements apply in some engineering majors.

An engineer applies physical understanding and analytical techniques to the *design* of devices and systems needed by modern society. The preparation of an engineer, therefore, must include engineering design experience. To meet this objective, all undergraduate engineering students must participate in a well-structured sequence of design-related courses culminating in a capstone design experience in order to graduate.

Graduate Programs in Biomedical Engineering

Programs leading to a Master of Engineering, Master of Science, and Doctor of Philosophy degrees are offered at Colorado State. The graduate programs in Bioengineering (M.S. and Ph.D.) integrate physical, chemical, and mathematical sciences with engineering principles and clinical studies. There are boundless opportunities for research, ranging from new therapies and imaging modalities for fighting cancer, to improving the design of vital medical equipment used in open heart surgery, or developing the next generation of gene therapies and engineered tissues. At CSU we are uniquely positioned to offer this advanced degree program. The highly-ranked Veterinary Medical Center and the Professional Veterinary Medicine Program are co-located with engineering and sciences on the CSU campus, providing a rich environment for interdisciplinary research and day-to-day collaborations.

Other Graduate Programs under the College of Engineering

The College of Engineering also offers an M.S. and a Ph.D. in Systems Engineering, as well as graduate level interdisciplinary studies programs in Extreme Ultraviolet and Optical Science and Technology, and Systems Engineering. Students interested in graduate work should refer to the Graduate and Professional Bulletin.

Major in Engineering Science

Scott Bioengineering Building, Room 102
(970) 491-6220

Associate Professor, Thomas Siller, Program Chair
Laurie Craig, Undergraduate Advisor

Engineering Science is an interdisciplinary major that allows students to acquire a strong base in mathematics, the physical sciences, and engineering fundamentals while pursuing a broad background in the liberal arts or other areas of interest in preparation for specialized careers or graduate studies. The major provides comprehensive undergraduate engineering education in selected fields which are not served by traditional engineering programs available at CSU. Three concentrations are available—Engineering Physics, Space Engineering, Teacher Education, and the dual-degree programs in Engineering and the College of Liberal Arts. Regardless of the concentration, graduates are well prepared for a professional career.

Program Educational Objectives

The Engineering Science Program seeks to develop graduates who will be able to do the following within the first few years after graduation:

- Define, analyze, formulate, and synthesize engineering problems associated with their professional position, both independently and in diverse, multidisciplinary and interdisciplinary team environments
- Actively contribute to multifaceted and multidisciplinary projects with significant legal, ethical, regulatory, social, cultural, environmental, and economic considerations using a broad systems perspective
- Communicate effectively with colleagues, professional clients, and the public
- Demonstrate commitment and progress in lifelong learning including further graduate education, professional development including active participation in professional societies, and leadership positions
- Actively participate in innovative and entrepreneurial related projects

Student Learning Outcomes

At graduation, CSU Engineering Science undergraduates are expected to have:

- An ability to apply knowledge of mathematics, science, and engineering
- An ability to design and conduct experiments, as well as to analyze and interpret data
- An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability
- An ability to function on multidisciplinary teams
- An ability to identify, formulate, and solve engineering problems
- An ability to understand professional and ethical responsibilities
- An ability to use the techniques, skills, and modern engineering, as well as the tools necessary for engineering practice; and communicate effectively
- The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context
- A recognition of the need for, and an ability to engage in life-long learning
- Knowledge of contemporary issues
- An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice

The Engineering Science major and each of its concentrations is accredited by the Engineering Accreditation Commission of ABET (<http://abet.org>).

Potential Occupations

Engineering Science graduates are well rounded in mathematics, sciences, humanities, and social and behavioral sciences. They are well prepared to enter a career in engineering, or to proceed to graduate school in one of the traditional engineering disciplines. Graduates of the Liberal Arts/Engineering Science dual major often move on to professional programs in medicine, law, veterinary medicine, or

business. Moreover, these graduates are suited for a broad range of occupations in addition to engineering. Participation in internships or volunteer activities is highly recommended to enhance practical training and development. Graduates who continue on with advanced studies can attain more responsible positions with the possibility of rising to top professional levels. Some examples include: space engineer, solid-state electronics engineer, and aerospace engineer.

Concentrations

- Engineering Physics Concentration
- Space Engineering Concentration
- Teacher Education Concentration

Dual Degree Programs

See the College of Liberal Arts for information on dual degree opportunities.

Major in Engineering Science, Engineering Physics Concentration

The Engineering Physics concentration prepares students to work in high technology areas in which solid engineering training, combined with a broader background in physics is valuable. Through the appropriate choice of technical electives, students can specialize in modern laser physics, energy engineering, solid-state electronics, or energy conversion. The technical electives are chosen predominantly from the Departments of Electrical and Computer Engineering and Mechanical Engineering in the College of Engineering and the Departments of Computer Science, Mathematics, and Physics in the College of Natural Sciences.

Requirements Effective Spring 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

To qualify for graduation, Engineering Science majors must achieve a minimum 2.000 grade point average at CSU in all courses in engineering, mathematics, computer science, statistics, physics, and chemistry as well as courses taken as technical electives.

³ Students will need to obtain a registration override from the appropriate department to take this course.

⁴ If planning to take MECH 486A and MECH 486B in the senior year, take MECH 302 and MECH 331; otherwise select courses with advisor's approval.

Master of Engineering, Biomedical Engineering Specialization

Requirements

Effective Spring 2012

Students must take a minimum of 15 semester credits of biomedical engineering (BIOM) courses¹

Core Course Requirements

BIOM 570/	Bioengineering	3
MECH 570		
BMS 500	Mammalian Physiology I	4

Foundation Courses

Select a minimum of 12 credits from the following: 12

BIOM 525/ MECH 525	Cell and Tissue Engineering	
BIOM 526/ MECH 526	Biological Physics	
BIOM 531/ MECH 531	Materials Engineering	
BIOM 532/ MECH 532	Material Issues in Mechanical Design	
BIOM 533 or CIVE 534	Biomolecular Tools for Engineers ² Applied and Environmental Molecular Biology	
BIOM 543/ CBE 543	Membranes for Biotechnology and Biomedicine	
BIOM 573/ MECH 573	Structure and Function of Biomaterials	
BIOM 671/ MECH 671	Orthopedic Tissue Biomechanics	

Depth Courses

Select a minimum of 8 credits from the following not taken in another category: 8

ANEQ 565	Interpreting Animal Science Research	
BC 565	Molecular Regulation of Cell Function	
BIOM 531/ MECH 531	Materials Engineering	
BIOM 592	Seminar	
BMS 501	Mammalian Physiology II	
BMS 575	Human Anatomy Dissection	
BMS 631	Mechanisms of Hormone Action	
CBE 503	Transport Phenomena Fundamentals	
ECE 512	Digital Signal Processing	
ERHS 712	Physics of Diagnostic Imaging	
HES 531	Muscle and Joint Mechanics	
MECH 530	Advanced Composite Materials	

MIP 651	Immunobiology	
NB 505	Neuronal Circuits, Systems and Behavior	
Breadth Courses		
Select a minimum of 3 credits from the following:		3
MATH 545	Partial Differential Equations I	
STAT 511	Design and Data Analysis for Researchers I	
STAT 512	Design and Data Analysis for Researchers II	
STAT 520	Introduction to Probability Theory	
STAT 521	Stochastic Processes I	
Program Total Credits		30

A minimum of 30 credits are required to complete this program.

- Additional courses may need to be taken as supplemental requirements to satisfy provisional admission requirements, course prerequisites, or supplemental coursework stipulations.
- Students with a strong background in Cellular and Molecular Biology may substitute CM 502 for BIOM 533 or CIVE 534.

Seminar, thesis, and independent study credits will not apply toward degree.

Master of Engineering, Plan C, Systems Engineering Specialization

Requirements Effective Spring 2015

Core Courses

Select one course from the following:		3
CIS 600	Information Technology and Project Management	
CIS 670	Advanced IT Project Management	
MECH 501	Engineering Project and Program Management	
ENGR 501/ ECE 501	Foundations of Systems Engineering	3
ENGR 530/ ECE 530	Overview of Systems Engineering Processes	3
ENGR 531/ ECE 531	Engineering Risk Analysis	3

Courses in Depth

Select three courses from the following:		9
CIS 610	Software Development Methodology	
ENGR 510	Engineering Optimization: Method/Application	
ENGR 520	Engineering Decision Support/Expert Systems	
ENGR 532/ ECE 532	Dynamics of Complex Engineering Systems	
ENGR 565/ ECE 565	Electrical Power Engineering	
ENGR 567/ ECE 567	Systems Engineering Architecture	
MECH 513	Simulation Modeling and Experimentation	

Group Study

ENGR 597	Group Study in Systems Engineering ¹	3
----------	---	---

Electives		
Electives ²		6
Program Total Credits		30

A minimum of 30 credits are required to complete this program.

- Complete ENGR 597 or select a comparable course with a minimum of 3 credits with approval of graduate advisor.
 - 400 level or above regular course credits consistent with the student's program of study
- NOTE: One course cannot satisfy multiple requirements.

Master of Science in Systems Engineering, Plan A Requirements Effective Spring 2015

Core Requirements

Select 5 courses from the following:		15
CIS 600	Information Technology and Project Management	
or CIS 670	Advanced IT Project Management	
or MECH 501	Engineering Project and Program Management	
ECE 501/ ENGR 501	Foundations of Systems Engineering	
ECE 530/ ENGR 530	Overview of Systems Engineering Processes	
ECE 531/ ENGR 531	Engineering Risk Analysis	
ECE 532/ ENGR 532	Dynamics of Complex Engineering Systems	
ECE 565/ ENGR 565	Electrical Power Engineering	
ECE 566	Grid Integration of Wind Energy Systems	
ECE 567/ ENGR 567	Systems Engineering Architecture	
ENGR 510	Engineering Optimization: Method/Application	
ENGR 520	Engineering Decision Support/Expert Systems	
MECH 513	Simulation Modeling and Experimentation	

Technical Electives ¹		6
---	--	---

Thesis

ENGR 699	Thesis	9
Program Total Credits		30

A minimum of 30 credits are required to complete this program.

- Select 6 credits with approval by student's advisory committee. A maximum of 6 credit hours are permitted at the 400-level. The remainder must be at the 500-level or above.

Master of Science in Systems Engineering, Plan B Requirements Effective Spring 2015

Core Requirements

Select 5 courses from the following:		15
CIS 600	Information Technology and Project Management	
or CIS 670	Advanced IT Project Management	
or MECH 501	Engineering Project and Program Management	
ECE 501/ ENGR 501	Foundations of Systems Engineering	
ECE 530/ ENGR 530	Overview of Systems Engineering Processes	
ECE 531/ ENGR 531	Engineering Risk Analysis	
ECE 532/ ENGR 532	Dynamics of Complex Engineering Systems	
ECE 565/ ENGR 565	Electrical Power Engineering	
ECE 566	Grid Integration of Wind Energy Systems	
ECE 567/ ENGR 567	Systems Engineering Architecture	
ENGR 510	Engineering Optimization: Method/Application	
ENGR 520	Engineering Decision Support/Expert Systems	
MECH 513	Simulation Modeling and Experimentation	
Technical Electives ¹		12
Research		
ENGR 695	Independent Study ²	3
Program Total Credits		30

A minimum of 30 credits are required to complete this program.

¹ Select 6 credits with approval by student's advisory committee. A maximum of 6 credit hours are permitted at the 400-level. The remainder must be at the 500-level or above.

² Complete ENGR 695 or select a comparable course with a minimum of 3 credits with approval of graduate advisor.

Ph.D. in Systems Engineering Requirements Effective Summer 2015

Core Requirements

Select 7 courses from the following:		21
CIS 600	Information Technology and Project Management	
or CIS 670	Advanced IT Project Management	
or MECH 501	Engineering Project and Program Management	
ECE 501/ ENGR 501	Foundations of Systems Engineering	
ECE 530/ ENGR 530	Overview of Systems Engineering Processes	

ECE 531/ ENGR 531	Engineering Risk Analysis	
ECE 532/ ENGR 532	Dynamics of Complex Engineering Systems	
ECE 565/ ENGR 565	Electrical Power Engineering	
ECE 566	Grid Integration of Wind Energy Systems	
ECE 567/ ENGR 567	Systems Engineering Architecture	
ECE 568/ ENGR 568	Electrical Energy Generation Systems	
ENGR 510	Engineering Optimization: Method/Application	
ENGR 520	Engineering Decision Support/Expert Systems	
ECE 621/ ENGR 621	Energy Storage for Electrical Power Systems	
ECE 622/ ENGR 622	Energy Networks and Power Distribution Grids	
MECH 513	Simulation Modeling and Experimentation	
Technical Electives ¹		18
Research		
ENGR 799	Dissertation	33
Program Total Credits		72

A minimum of 72 credits are required to complete this program.

¹ Select 18 credits with approval by student's advisory committee. A maximum of 6 credit hours are permitted at the 400-level. The remainder must be at the 500-level or above. 3 credit hours of ENGR 795 may be used by students who have had their Ph.D. research, which was performed while enrolled at CSU, accepted for publication (completely or with minor revisions) in at least two peer-reviewed journal or conference publications may fill out a form listing citations and validating documentation and have the form approved by the student's Ph.D. committee.

Department of Atmospheric Science

Office in Atmospheric Science Building, Foothills Campus, Room 118
(970) 491-8682

www.atmos.colostate.edu (<http://www.atmos.colostate.edu>)

Professor Jeffrey L. Collett, Jr., Department Head

Professor Russ Schumacher, Graduate Student Counselor

Jamie Schmidt, Graduate Coordinator

Email: info@atmos.colostate.edu

Undergraduate

No undergraduate major is offered. Undergraduates interested in atmospheric science at the graduate level are encouraged to major in engineering, physics, chemistry, mathematics, or atmospheric science.

Graduate

Graduate Programs in Atmospheric Science

The department offers graduate programs leading to the Master of Science and Doctor of Philosophy degrees in Atmospheric Science. Since the graduate degrees are primarily research degrees, the specialization opportunities for students generally reflect the research interests and expertise of the academic faculty. The academic curriculum and research training for atmospheric science graduate students are closely integrated. Graduates of the program typically find employment in government research laboratories, academic institutions, military services, and private industry. Students with a baccalaureate degree in mathematics, the natural sciences, or engineering are encouraged to apply for admission.

For additional information on graduate programs and the application process, please visit the Department of Atmospheric Science (<http://atmos.colostate.edu/dept/research.php>) website, Application Overview (<http://www.atmos.colostate.edu/gradprog/admission.php>), and Atmospheric Science Graduate Student Guide (<http://www.atmos.colostate.edu/gradprog/graduateGuide/toc.php>).

M.S. Program

Students that complete the M.S. program will have acquired the knowledge and proficiency needed to seek employment in the field of atmospheric science. This knowledge and proficiency are gained through completion of a required core curriculum, elective graduate courses chosen from a wide selection of offerings, and by participation in scientific research with their advisors.

M.S. graduates are prepared for a wide choice of professionally satisfying work in private industry, the consulting field, and with many government agencies. Graduates of the M.S. program can also choose to continue their studies and research in the Ph.D. program.

A student is eligible to seek admission to the Ph.D. program after successfully completing a thesis-based M.S. degree with a positive recommendation from their M.S. committee. Students holding thesis-based M.S. degrees from institutions other than CSU may be directly admitted into the Ph.D. program. These students follow the normal application procedures to our program.

In addition to meeting the formal credit requirements for the M.S., described below, all graduate students enrolled in the department are expected to attend the weekly department colloquium series. These colloquia are an important part of the total instructional program. Details can be found on the colloquium page (<http://www.atmos.colostate.edu/dept/colloquia.php>) on the ATS website.

Prerequisites

- Bachelor of Science (B.S.) degree in physics, math, atmospheric science, engineering, chemistry, or related field with a cumulative GPA of at least 3.0
- Calculus-based math course sequence including differential equations and vector analysis

- Calculus-based physics course sequence including kinetics, electricity and magnetism, and some modern topics

Plan A (Thesis)

A minimum of 30 semester credits plus thesis is required. At least 24 credits must be earned in structured academic courses. Six credits may be in special studies, graduate seminars, and research (a maximum of six research credits is allowed). Of the total 30 credits, 20 must be Department of Atmospheric Science courses (i.e., courses with the ATS prefix).

All MS students must complete the following required courses (required courses account for 18 credit hours):

- ATS 601 Atmospheric Dynamics I (3 credits)
- ATS 606 Introduction to Climate (3 credits)
- ATS 620 Thermodynamics and cloud physics (3 credits)
- ATS 621 Atmospheric Chemistry (2 credits)
- ATS 622 Atmospheric Radiation (3 credits)
- ATS 693 Responsible Research in Atmospheric Science (1 credit)
- One of the following:
 - ATS 640 Introduction to synoptic dynamics (3 credits)
 - ATS 641 Introduction to mesoscale dynamics (3 credits)

All MS students must also complete 6 elective credit hours in structured classes. Electives may include any structured class at the 500/600 level. With *written* advisor approval, electives may also include structured 700 level classes and/or structured graduate courses in other departments. Audits do not count towards the MS degree.

A student may substitute a required class for an alternative course if:

1. A course similar to the required class has already been completed at the graduate level with a grade of B or higher
2. The student's advisor, the department head, and the instructor of the required course approve the substitution in writing.

A student's program of study, and any deviations therein from department degree requirements, requires department head approval.

ATS 784 does not count toward the 24 structured credits. ATS 699A-O and ATS 784 are graded as S/U.

Ph.D. Program

The department offers a Ph.D. program for students who want to obtain the highest academic degree available in the field of atmospheric science. Students who earn a Ph.D. must demonstrate significant intellectual achievement, high scholarly ability, and a great breadth of knowledge.

In addition to meeting the formal credit requirements for the Ph.D., described below, all graduate students enrolled in the department are expected to attend the weekly department colloquium series. These colloquia are an important part of the total instructional program. Details can be found on the colloquium page (<http://www.atmos.colostate.edu/dept/colloquia.php>) on the ATS website.

Prerequisites

- Successful completion of an M.S. degree with thesis in atmospheric science, physics, math, engineering, chemistry, or related field
- Demonstration of aptitude for research
- Successful completion of the department preliminary exam that includes background, methods, and current research that applies to the specific area(s) encompassing the candidate's proposed research topic

Course Requirements

- Ph.D. students must take a minimum of 42 semester credits beyond the (thesis option) master's degree (or 72 semester credits beyond the bachelor's degree). At least 21 credits beyond the master's degree (or 37 credits beyond the bachelor's degree) must be earned in courses numbered 500 or above.
- Ph.D. students are required to take two structured courses per academic year. Students must register for the courses, and only one may be taken as an audit. The structured courses can be selected from the 500, 600, or 700 level. With written advisor approval, the courses may also include structured graduate classes from other departments. When the student is within one semester of graduation, the student and advisor may petition the Department Head, in writing, for a waiver of the "two courses per year" requirement. While ATS 784 (Supervised College Teaching) is not considered a structured academic course, it is allowed to count towards the two courses per academic year Ph.D. requirement.
- Successful completion of ATS 693 (1 cr), Responsible Conduct of Research, offered every spring semester.
- Audits count towards the department's requirement that all GRA's enroll for at least 15 credit hours each semester (section L). But audits do not count towards the total required course credits for the Ph.D., and may not be listed on the GS Form 6.

Evaluation Mechanisms

- Successful research topic proposal presentation
- Dissertation prepared under the mentorship of the student's advisor and graduate committee that meets the following criteria: displays original and creative scholarship, contributes new knowledge to the field of atmospheric science, and expresses good literate style.
- Successful defense of a dissertation before the student's graduate committee and any other members of the academic and scientific communities who desire to attend

The student's Graduate Committee is charged with ensuring the student gains breadth in Atmospheric Science during his/her tenure in the program. Accordingly the Graduate Committee may make recommendations on coursework to be completed prior to graduation.

Courses

Atmospheric Science (ATS)

ATS 150 Science of Global Climate Change Credits: 3 (3-0-0)

Course Description: Physical basis of climate change. Energy budget of the earth, the greenhouse effect, carbon cycle, paleoclimate, projections of 21st-century climate.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 350 Introduction to Weather and Climate Credits: 2 (2-0-0)

Course Description: Behavior of atmosphere and its influence upon human's activities.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 351 Introduction to Weather and Climate Laboratory Credit: 1 (0-3-0)

Course Description: Actual weather data, visualization of meteorological phenomena, in-depth discussion of current environmental issues.

Prerequisite: ATS 350, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 543 Current Topics in Climate Change Credits: 2 (2-0-0)

Also Offered As: ESS 543.

Course Description: Climate fundamentals and current topics in climate change.

Prerequisite: BZ 300 to 499 or ECOL 300 to 499 or LIFE 300 to 499 or CHEM 300 to 499.

Registration Information: Credit not allowed for both ATS 543 and ESS 543. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ATS 555 Air Pollution Credits: 3 (3-0-0)

Course Description: Nature, ambient concentrations, sources, sinks, and physiological activities of pollutants; meteorology; legislation; social and economic factors.

Prerequisites: (CHEM 113) and (MATH 261 or MATH 340) and (PH 122 or PH 142).

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 560 Air Pollution Measurement Credits: 2 (1-3-0)

Course Description: Examination and application of techniques for air pollution measurement. Includes sampling and analysis of gases, aerosols, and precipitation.

Prerequisite: CHEM 114.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 601 Atmospheric Dynamics I Credits: 3 (3-0-0)

Course Description: Momentum, continuity equations; circulation, vorticity, thermodynamics; boundary layer; synoptic scale motions in midlatitudes.

Prerequisites: MATH 261 and MATH 530.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 602 Atmospheric Dynamics II Credits: 2 (2-0-0)

Course Description: Sound waves, gravity waves, Rossby waves; numerical weather prediction; baroclinic instability; general circulation; tropical dynamics.

Prerequisite: ATS 601.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 604 Atmospheric Modeling Credits: 3 (3-0-0)

Course Description: Design of numerical models of the atmosphere; applications to current problems. Emphasis on practical understanding of relevant numerical methods.

Prerequisite: ATS 601.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 605 Atmospheric Circulations Credits: 3 (3-0-0)

Course Description: Observations and theory of the general circulation of the atmosphere, with emphasis on understanding physical mechanisms.

Prerequisite: ATS 602, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 606 Introduction to Climate Credits: 3 (3-0-0)

Course Description: Exchange of energy, water, and momentum through the atmosphere, surface, vegetation, oceans. Paleoclimate, climate change, variability, and feedbacks.

Prerequisites: MATH 261 and MATH 530.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 607 Computational Methods for Atmospheric Science Credits: 3 (3-0-0)

Course Description: Computer programming tools unique to and common in the atmospheric sciences.

Prerequisite: ATS 601, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 610 Physical Oceanography Credits: 3 (3-0-0)

Course Description: Foundations of ocean circulation theory and the general circulation of the oceans using observational data and rotating tank experiments.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 620 Thermodynamics and Cloud Physics Credits: 3 (3-0-0)

Course Description: Equilibrium thermodynamics, cloud microphysics, cloud dynamics, precipitation formation, and cloud electrification.

Prerequisites: MATH 340 and PH 142.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 621 Atmospheric Chemistry Credits: 2 (2-0-0)

Course Description: Overview of chemical kinetics and equilibria; sources and sinks of pollutants; photochemistry and smog formation; aqueous-phase chemistry; acid rain.

Prerequisites: CHEM 114 and MATH 340 and PH 142.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 622 Atmospheric Radiation Credits: 3 (3-0-0)

Course Description: Terrestrial, solar radiation propagation in the atmosphere; radiative components in energy budgets, weather systems, climate studies; remote sensing.

Prerequisite: ATS 620.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 623 Atmospheric Boundary Layer Credits: 2 (2-0-0)

Course Description: Equations for shallow atmospheric motions; thermal instability of a fluid layer; atmospheric turbulence; flow stability; 1-D mixed layer models.

Prerequisite: ATS 601, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 631 Introduction to Atmospheric Aerosols Credits: 2 (1-3-0)

Course Description: Physical, chemical and microphysical characteristics of atmospheric particulate matter; measurement principles and techniques.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 640 Synoptic Meteorology Credits: 3 (2-3-0)

Course Description: Synoptic-scale weather systems; moist and dry atmospheric variables; static stability; vertical motion; fronts; cyclones and anticyclones.

Prerequisite: ATS 601, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 641 Mesoscale Meteorology Credits: 3 (2-3-0)

Course Description: Mesoscale weather systems; mesoanalysis techniques; upper- and low-level jets; instabilities; dynamics of convective storms; organized convection.

Prerequisite: ATS 640.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 650 Measurement Systems and Theory Credits: 2 (2-0-0)

Course Description: Surface and upper air measurement systems; theory and system response, sensor design; automated data collection, analysis and display systems.

Prerequisites: PH 142 and STAT 301.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 652 Atmospheric Remote Sensing Credits: 2 (2-0-0)

Course Description: Concepts of electromagnetic and acoustic wave propagation; active and passive remote sensing techniques including radar, lidar, thermal emission systems.

Prerequisite: ATS 622.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 655 Objective Analysis in Atmospheric Sciences Credits: 3 (3-0-0)

Course Description: Objective analysis of geophysical data: general statistics; matrix methods; time series analysis. Emphasis on applications to real-world data.

Prerequisite: MATH 530.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 693 Responsible Research in Atmospheric Science Credit: 1 (0-0-1)

Course Description: Scientific misconduct; ethical publishing; record keeping; data management; professional skills applicable to atmospheric science.

Prerequisite: None.

Registration Information: Must be admitted to Atmospheric Science degree program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 695A Independent Study: Atmosphere/Ocean Coupling Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 695B Independent Study: Atmospheric Science Topics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 699A Thesis: Atmospheric Dynamics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 699B Thesis: Land-Atmosphere Interactions Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 699C Thesis: Chemistry-Climate Interactions Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 699D Thesis: Weather Systems Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 699E Thesis: Remote Sensing Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699F Thesis: Ocean-Atmosphere Interactions Credits:****Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699G Thesis: General Circulation Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699H Thesis: Remote Sensing of Climate Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699I Thesis: Atmospheric Chemistry Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699J Thesis: Aerosol and Cloud Microphysics Credits:****Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699K Thesis: Dynamic Meteorology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699L Thesis: Satellite Applications Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699M Thesis: Mesoscale Meteorology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699N Thesis: Dynamics and Physics of Clouds Credits:****Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699O Thesis: Mesoscale Modeling Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699P Thesis: Radiation Theory Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699Q Thesis: Radar Meteorology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699R Thesis: Aerosol and Cloud Chemistry Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699S Thesis: Climate Dynamics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699T Thesis: Oceanography Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

ATS 699U Thesis: Tropospheric Chemistry Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 699V Thesis: Atmospheric Variability Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 703 Numerical Weather Prediction Credits: 2 (2-0-0)****Course Description:** Quasi-geostrophic approximation; barotropic, baroclinic, primitive equation, and general circulation models; numerical methods.**Prerequisite:** ATS 602.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 704 Large-Scale Atmospheric Dynamics Credits: 2 (2-0-0)****Course Description:** Quasi-static, quasi-geostrophic equations; planetary waves; geostrophic adjustment; barotropic, baroclinic instability; frontogenesis; tropical cyclones.**Prerequisite:** ATS 602.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 707 Atmospheric Waves and Vortices Credits: 3 (2-0-1)****Course Description:** Atmospheric wave motions and embedded vortices spanning mountain waves to large-scale Rossby waves and critical layers.**Prerequisite:** ATS 605.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Must register for lecture and recitation.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 708 Middle Atmospheric Dynamics Credits: 3 (3-0-0)****Course Description:** Dynamics of the stratosphere and mesosphere with emphasis on the lower and middle stratosphere.**Prerequisite:** ATS 602.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 710 Geophysical Vortices Credits: 3 (3-0-0)****Course Description:** Observational, experimental, and theoretical aspects of geophysical vortices, such as hurricanes, polar lows, tornadoes, and dust devils.**Prerequisite:** ATS 602.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 711 Microclimate Credits: 2 (2-0-0)****Course Description:** Momentum, heat, water, and trace gas fluxes near the earth's surface, including fluxes between the atmosphere and the land/ocean/ice surfaces.**Prerequisites:** MATH 340 and ATS 623.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 712 Dynamics of Clouds Credits: 3 (3-0-0)****Course Description:** General theory of cloud dynamics; parameterization of microphysics and radiation; models of fog, stratocumuli, cumulonimbi, and orographic clouds.**Prerequisite:** ATS 623.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 715 Atmospheric Oxidation Processes Credits: 2 (2-0-0)****Course Description:** Atmospheric hydrocarbon and nitrogen oxide reactions; aqueous phase scavenging and reactions; chemical pathways in the atmosphere.**Prerequisite:** ATS 621.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 716 Air Quality Characterization Credits: 2 (1-2-0)****Course Description:** Planning, executing, and reporting on a measurement campaign to characterize local air quality.**Prerequisites:** (ATS 560) and (ATS 555 or ATS 621).**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 721 Theoretical Topics in Radiative Transfer Credits: 3 (3-0-0)****Course Description:** Physics of atmospheric radiation; theoretical techniques used to show radiation transfer equation.**Prerequisite:** ATS 622.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ATS 722 Atmospheric Radiation and Energetics Credits: 3 (2-0-1)****Course Description:** Radiative transfer in the atmosphere; implications on remote sensing and energetics.**Prerequisite:** ATS 622.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Must register for lecture and recitation.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.

ATS 724 Cloud Microphysics Credits: 2 (2-0-0)

Course Description: Theories and observations of nucleation; cloud droplet spectra broadening; precipitation growth and breakup; ice multiplication; cloud electrification.

Prerequisite: ATS 621.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 730 Mesoscale Modeling Credits: 3 (3-0-0)

Course Description: Development of basic equations used in mesoscale models and methodology of solution

Prerequisites: ATS 602 and ATS 623.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 735 Mesoscale Dynamics Credits: 3 (3-0-0)

Course Description: Analysis of physical and dynamical processes that initiate, maintain, and modulate atmospheric mesoscale phenomena.

Prerequisite: ATS 602.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 737 Satellite Observation of Atmosphere and Earth Credits: 3 (3-0-0)

Course Description: Satellite measurements; basic orbits and observing systems; applications of remote probing and imaging to investigations of atmospheric processes.

Prerequisites: ATS 622 and ATS 652.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 741 Radar Meteorology Credits: 3 (3-0-0)

Course Description: Radar systems; radar equation and applications; multiple Doppler observation and processing; radar studies of mesoscale systems.

Prerequisite: ATS 652.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 742 Tropical Meteorology Credits: 2 (2-0-0)

Course Description: Overview of the tropical atmosphere, monsoons, intraseasonal variability, hurricanes, theory of tropical convection and the large-scale circulation.

Prerequisites: ATS 601 and ATS 602 and ATS 606.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 743 Interactions of the Ocean and Atmosphere Credits: 3 (3-0-0)

Course Description: Ocean-atmosphere interactions in observations, theory, and models. Time mean atmosphere-ocean circulations through climate variability and change.

Prerequisite: ATS 602.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 745 Atmospheric General Circulation Modeling Credits: 3 (3-0-0)

Course Description: Current problems in modeling of the general circulation of the atmosphere.

Prerequisites: ATS 602 and ATS 605.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 750 Climate Dynamics: Atmospheric Variability Credits: 3 (3-0-0)

Course Description: Analysis and interpretation of large-scale patterns of climate variability and observed climate change.

Prerequisites: ATS 605 and ATS 655.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 752 Inverse Methods in Atmospheric Science Credits: 2 (2-0-0)

Course Description: Introduction to inverse modeling, with particular application to remote sensing retrievals, flux inversions and data assimilation.

Prerequisite: None.

Registration Information: Ph.D. standing in Atmospheric Science required.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ATS 753 Global Hydrologic Cycle Credits: 3 (3-0-0)

Course Description: Hydrologic cycle, moisture transport and air-ground exchange; water budgets of meteorological phenomena; climatology of atmospheric water.

Prerequisites: (ATS 601) and (ATS 622 or ATS 652).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 755 Theoretical and Applied Climatology Credits: 3 (3-0-0)

Course Description: Current topics in climate research.

Prerequisite: ATS 606.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 760 Global Carbon Cycle Credits: 2 (2-0-0)

Course Description: Exchanges of CO₂ between the atmosphere, the land surface, and oceans. Biogeochemical processes. Micrometeorological and inverse flux estimation.

Prerequisite: ATS 606.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 761 Land-Atmosphere Interactions Credits: 2 (2-0-0)

Course Description: Exchange of energy, water, momentum, and carbon between the land surface and the atmosphere.

Prerequisite: ATS 606.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 762 Biosphere-Chemistry-Climate Interactions Credits: 2 (2-0-0)

Course Description: Explore the sensitivity of the climate system to atmospheric chemical composition with emphasis on connections to biospheric processes and feedbacks.

Prerequisite: ATS 621.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 765 Climate Dynamics-Ocean Variability Credits: 3 (3-0-0)

Course Description: Climate variability on time scales of years to millennia with focus on the role of the ocean circulation. Approach through dynamical systems theory.

Prerequisite: ATS 606.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 770 Ocean Modeling Credits: 3 (3-0-0)

Course Description: Conceptual and numerical ocean models and their application to current problems in climate science and biogeochemical cycles.

Prerequisite: ATS 601.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 772 Aerosol Chemistry Credits: 2 (2-0-0)

Course Description: Physics and chemistry of atmospheric aerosols including composition, surface properties, size, interaction with radiation sources, sinks.

Prerequisites: (CHEM 114 and MATH 161) and (PH 122 or PH 142).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ATS 784 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 786 Practicum Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 795 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 796 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 799A Dissertation: Atmospheric Dynamics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 799B Dissertation: Land-Atmosphere Interactions Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 799C Dissertation: Chemistry-Climate Interactions Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 799D Dissertation: Weather Systems Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ATS 799E Dissertation: Remote Sensing Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799F Dissertation: Ocean-Atmosphere Interactions Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799G Dissertation: General Circulation Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799H Dissertation: Remote Sensing of Climate Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799I Dissertation: Atmospheric Chemistry Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799J Dissertation: Aerosol and Cloud Microphysics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799K Dissertation: Dynamic Meteorology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799L Dissertation: Satellite Applications Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799M Dissertation: Mesoscale Meteorology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799N Dissertation: Dynamics and Physics of Clouds Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799O Dissertation: Mesoscale Modeling Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799P Dissertation: Radiation Theory Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799Q Dissertation: Radar Meteorology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799R Dissertation: Aerosol and Cloud Chemistry Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799S Dissertation: Climate Dynamics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799T Dissertation: Oceanography Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

ATS 799U Dissertation: Tropospheric Chemistry Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ATS 799V Dissertation: Atmospheric Variability Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Department of Chemical and Biological Engineering

Office in Engineering, Room AR102

(970) 491-5252

cbe.colostate.edu (<http://cbe.colostate.edu>)

Professor David S. Dandy, Department Head

Undergraduate Majors

- Major in Chemical and Biological Engineering
- Major in Biomedical Engineering and Chemical and Biological Engineering

Graduate

Graduate Programs in Chemical and Biological Engineering

The department offers graduate programs leading to Master of Engineering, Master of Science, and Doctor of Philosophy degrees. Students interested in graduate work should refer to the Graduate and Professional Bulletin or the Department of Chemical and Biological Engineering (http://www.engr.colostate.edu/cheme/pages/fs_graduate_program.html).

Master Programs

- Master of Science in Chemical Engineering, Plan A*
- Master of Science in Chemical Engineering, Plan B*
- Master of Engineering, Plan C, Chemical Engineering Specialization*

Ph.D.

Ph.D. in Chemical Engineering*

* Please see department for program of study.

Courses

Chemical and Biological Engineering (CBE)

CBE 101 Chemical and Biological Engineering I Credits: 3 (2-2-0)**Course Description:** Engineering design and problem solving; technical presentation skills; basic computer programming.**Prerequisite:** None.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**CBE 102 Chemical and Biological Engineering II Credits: 3 (2-2-0)****Course Description:** Applications of engineering design and problem solving; computer programming to solve engineering problems; team project.**Prerequisite:** CBE 101.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**CBE 201 Material and Energy Balances Credits: 3 (3-0-0)****Course Description:** Principles of chemistry, physics, and mathematics applied to development of material and energy balances; illustration of concepts.**Prerequisites:** (CBE 102 or MATH 151, may be taken concurrently) and (LIFE 102, may be taken concurrently and CHEM 111 and PH 141).**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CBE 210 Thermodynamic Process Analysis Credits: 3 (3-0-0)****Course Description:** Thermodynamic fundamentals and applications to ideal and non-ideal mixtures, power cycles, and chemical equilibria.**Prerequisites:** CBE 201 with a minimum grade of C and MATH 261, may be taken concurrently.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Traditional.**Special Course Fee:** No.**CBE 310 Molecular Concepts and Applications Credits: 3 (3-0-0)****Course Description:** Application of modern molecular theory to chemical and biological engineering problems in thermodynamics, chemical kinetics, and transport phenomena.**Prerequisites:** (CBE 210 with a minimum grade of C) and (MATH 340).**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CBE 320 Chemical and Biological Reactor Design Credits: 3 (3-0-0)****Course Description:** Mechanisms and rates of chemical reactions; design of homogeneous and heterogeneous reactors; biological reactions and reactors.**Prerequisites:** CBE 310 with a minimum grade of C and CBE 330 with a minimum grade of C.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

CBE 330 Process Simulation Credits: 3 (3-0-0)

Course Description: Analysis of chemical and biological engineering problems by numerical simulation.

Prerequisites: (CBE 210 with a minimum grade of C) and (MATH 340).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CBE 331 Momentum Transfer and Mechanical Separations Credits: 3 (3-0-0)

Course Description: Fluid properties; conservation equations; compressible and incompressible flow; pumping and metering; mixing; separation of fluid-solid mixtures.

Prerequisites: (CBE 210 with a minimum grade of C) and (MATH 340).

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CBE 332 Heat and Mass Transfer Fundamentals Credits: 3 (3-0-0)

Course Description: Thermal processes; steady and unsteady conduction; convective heat transfer; radiation; heat exchanger design; mass transfer by diffusion and convection.

Prerequisites: CBE 330 with a minimum grade of C and CBE 331 with a minimum grade of C and CBE 310 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CBE 333 Chemical and Biological Engineering Lab I Credits: 2 (0-5-0)

Course Description: Laboratory experiments involving material balances, thermodynamics, and momentum and heat transfer. Data analysis; written and oral reports.

Prerequisite: CBE 332, may be taken concurrently.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: Yes.

CBE 406 Introduction to Transport Phenomena Credits: 3 (3-0-0)

Course Description: Fundamental treatment of momentum and mass transport processes; dimensional analysis for parameter identification and order of magnitude estimation.

Prerequisite: CBE 332.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CBE 430 Process Control and Instrumentation Credits: 3 (3-0-0)

Course Description: Measurement and control of process variables; transient chemical and biological processes; feedback, feedforward, and computer control concepts.

Prerequisites: CBE 320 with a minimum grade of C and CBE 442 with a minimum grade of C.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CBE 439 Environmental Engineering Chemical Concepts Credits: 3 (2-3-0)

Also Offered As: CIVE 439.

Course Description: Application of chemical principles to environmental engineering problems.

Prerequisites: CHEM 113 and MATH 340.

Registration Information: Must register for lecture and laboratory.

Credit not allowed for both CBE 439 and CIVE 439.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CBE 442 Separation Processes Credits: 4 (4-0-0)

Course Description: Analysis of chemical and biological separations based on thermodynamics, diffusion, and convective mass transfer; design of separations equipment.

Prerequisite: CBE 332 with a minimum grade of C.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CBE 443 Chemical and Biological Engineering Lab II Credits: 2 (0-5-0)

Course Description: Laboratory experiments involving advanced chemical and biological engineering concepts. Data analysis; written and oral reports.

Prerequisite: CBE 442, may be taken concurrently or ENVE 442, may be taken concurrently.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

CBE 451 Chemical and Biological Engineering Design I Credits: 3 (3-0-0)

Course Description: Chemical and biological process synthesis and simulation; engineering economics principles.

Prerequisites: CBE 442, may be taken concurrently and CBE 320 with a minimum grade of C.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CBE 452 Chemical and Biological Engineering Design II Credits: 3 (2-2-0)

Course Description: Projects requiring students to design a chemical and/or biological process with cost estimation and constraint analysis; written and oral reports.

Prerequisite: CBE 451 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CBE 493 Professional Development Seminar Credit: 1 (0-0-1)

Course Description: Topics in engineering professional development, including ethics, role of engineers in society, and life-long learning.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CBE 495 Independent Study Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CBE 496 Group Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CBE 501 Chemical Engineering Thermodynamics Credits: 3 (3-0-0)****Course Description:** Definition, correlation, and estimation of thermodynamic properties; nonideal chemical and physical equilibria.**Prerequisites:** CBE 202 and MATH 340.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CBE 502 Advanced Reactor Design Credits: 3 (3-0-0)****Course Description:** Nonideal flow and tracers, reactions and diffusion, evaluation of complex kinetics, stability of reactors.

Biochemical reactor examples.

Prerequisites: CBE 320 and CBE 332.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CBE 503 Transport Phenomena Fundamentals Credits: 3 (3-0-0)****Course Description:** General topics in transport phenomena; analytical and numerical solutions of laminar flows; perturbation techniques; coupled transport.**Prerequisite:** CBE 406.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CBE 504 Fundamentals of Biochemical Engineering Credits: 3 (3-0-0)****Also Offered As:** BIOM 504.**Course Description:** Application of chemical engineering principles to enzyme kinetics, fermentation and cell culture, product purification, and bioprocess design.**Prerequisites:** (MIP 300) and (MATH 255 or MATH 340) and (BIOM 306, may be taken concurrently or BTEC 306, may be taken concurrently or CBE 320, may be taken concurrently).**Registration Information:** Credit not allowed for both CBE 504 and BIOM 504.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CBE 505 Biochemical Engineering Laboratory Credit: 1 (0-3-0)****Course Description:** Fermentation technology, bioprocess control, and protein purification.**Prerequisite:** CBE 504, may be taken concurrently.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**CBE 514 Polymer Science and Engineering Credits: 3 (3-0-0)****Course Description:** Fundamentals of polymer science: synthesis, characterization, processing of polymers. Physical properties of polymers; rheology of melts and solutions.**Prerequisites:** (CHEM 343 or CHEM 346) and (CBE 310 or CHEM 474).**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CBE 521 Mathematical Modeling for Chemical Engineers Credits: 3 (3-0-0)****Course Description:** Application of mathematical models to analysis and design of chemical reactors and separation processes.**Prerequisite:** MATH 340.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CBE 522 Bioprocesses Credits: 3 (2-2-0)****Also Offered As:** BIOM 522.**Course Description:** Analysis of processes to recover and purify fermentation products.**Prerequisite:** CBE 331.**Registration Information:** Must register for lecture and laboratory.

Credit not allowed for both CBE 522 and BIOM 522.

Term Offered: Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CBE 524 Bioremediation Credit: 1 (1-0-0)****Course Description:** Use of biotechnology for site remediation. Biodegradation, bioreactor design, and in situ bioremediation.**Prerequisite:** CBE 540 or CIVE 540.**Term Offered:** Fall (odd years).**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CBE 540 Advanced Biological Wastewater Processing Credits: 3 (3-0-0)****Also Offered As:** CIVE 540.**Course Description:** Fundamentals of environmental biotechnology: environmental microbiology, microbial kinetics, basic reactor design, wastewater treatment.**Prerequisite:** CBE 320 or CIVE 438.**Registration Information:** Credit not allowed for both CBE 540 and CIVE 540.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CBE 543 Membranes for Biotechnology and Biomedicine Credits: 3 (3-0-0)****Also Offered As:** BIOM 543.**Course Description:** Polymeric membrane formation, modification, module design and applications to bioprocess and biomedical separations and tissue engineering.**Prerequisites:** CHEM 343 and CBE 310.**Registration Information:** Credit not allowed for both CBE 543 and BIOM 543. Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.

CBE 570 Biomolecular Engineering/Synthetic Biology Credits: 3 (3-0-0)

Course Description: Rational design and evolutionary methods for engineering functional protein and nucleic acid systems.

Prerequisites: (BC 351) and (CHEM 341 or CHEM 345).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CBE 613 Advanced Transport Phenomena Credits: 3 (3-0-0)

Course Description: Fundamental studies of multicomponent mass, energy, and momentum transport, with applications in advanced materials, biomedical and biochemical systems.

Prerequisites: (MATH 530) and (ATS 601 or CIVE 502 or CBE 503).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

CBE 621 Advanced Process Control Credits: 3 (3-0-0)

Course Description: Application of modern control theory to chemical processes. Computer control aspects emphasized.

Prerequisite: CBE 430.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CBE 660 System and Parameter Identification Credits: 3 (3-0-0)

Course Description: Principles and methods for selecting the most appropriate equations, and properties within those equations, to mathematically simulate physical phenomena.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

CBE 693 Seminar I Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CBE 695 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CBE 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CBE 707 Advanced Topics in Biochemical Engineering Credit: 1 (1-0-0)

Course Description: Advanced biochemical engineering topics.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CBE 793 Seminar II Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CBE 795 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CBE 799 Dissertation Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Chemical and Biological Engineering

Chemical and biological engineering is a powerful blend of basic sciences and the skills to quantitatively describe, predict, and control all changes of matter. This provides the foundation to create cutting-edge materials and products, to design new devices to improve health or the environment, and to design processes for the safe production of chemicals and biochemicals, the production of alternative energy sources, and prevention of hazardous waste.

The Chemical and Biological Engineering curriculum is based on the sciences of physics, chemistry, biology, and mathematics. It includes engineering science and design methods, as well as humanities and social sciences. Students can pursue interdisciplinary studies programs or minors. Popular options include minors in chemistry, mathematics, environmental engineering, and biomedical engineering. The curriculum is well-aligned to meet pre-health profession requirements. The Chemical and Biological Engineering program provides an environment that promotes a sense of professionalism, the development of project management skills, and an appreciation for the value of life-long learning. Graduates of our program are well prepared to enter a variety of professions, or to pursue further education. The broad, strong scientific basis of chemical and biological engineering has kept our graduates consistently near or at the top in salary and demand among B.S. graduates.

The Chemical and Biological Engineering major is accredited by the Engineering Accreditation Commission of ABET (<http://abet.org>).

Program Educational Objectives

The Chemical and Biological Engineering program at CSU will empower graduates with the educational foundation to:

- Be highly successful, as defined by accomplishments, advanced certifications, and job satisfaction, in chemical and biological engineering practice, post-graduate education, or other careers making use of engineering knowledge.
- Be identified for both their mastery of fundamental chemical and biological engineering principles and their creative application of those principles to the solution of problems across a diverse range of career disciplines.
- Be recognized as critical, creative and independent thinkers who use their technical expertise and leadership to address the needs of society and advance their fields of expertise.
- Be recognized for their effectiveness in teamwork, communication, and service to society through their professional contributions.
- Hold paramount health and safety of the public and the environment.
- Demonstrate the highest standards of professional, ethical, and civic responsibility in all endeavors.
- Demonstrate continued professional growth through a commitment to lifelong learning.

Student Outcomes

Graduates of the undergraduate Chemical and Biological Engineering programs will have:

- An ability to apply knowledge of mathematics, science, and engineering
- An ability to design and conduct experiments, as well as to analyze and interpret data
- An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability
- An ability to function on multidisciplinary teams
- An ability to identify, formulate, and solve chemical and biological engineering problems
- An understanding of professional and ethical responsibility
- An ability to communicate effectively
- The broad education necessary to understand the impact of chemical and biological engineering solutions in a global, economic, environmental, and societal context
- A recognition of the need for, and an ability to engage in life-long learning
- A knowledge of contemporary issues
- An ability to use the techniques, skills, and modern engineering tools necessary for chemical and biological engineering practice

Potential Occupations

Chemical and Biological Engineering graduates find employment with the biotechnology, biomedical, microelectronics, environmental, consulting, alternative energy, petroleum, chemical, food, pharmaceutical and other private sector industries and with government agencies. Participation in internships, volunteer activities, or cooperative education opportunities is highly recommended to enhance practical training and development. Graduates who go on

for advanced studies can attain more responsible positions with the possibility of rising to top professional levels. In addition to pursuing M.S. and Ph.D. degrees in chemical and biological engineering and related fields, some of our graduates have obtained M.D., D.V.M., law, and M.B.A. degrees.

Requirements Effective Fall 2015

Department of Civil and Environmental Engineering

Office in Engineering Building, Room A203
(970) 491-5048

[engr.colostate.edu/ce](http://www.engr.colostate.edu/ce/index.shtml) (<http://www.engr.colostate.edu/ce/index.shtml>)

Professor Charles D. Shackelford, Department Head
Professor Darrell G. Fontane, Associate Department Head
Laurie Alburn, Graduate and Undergraduate Advisor
Sarah Youssef, Undergraduate Advisor

The Department of Civil and Environmental Engineering administers undergraduate and graduate degrees in Civil Engineering and an undergraduate degree in Environmental Engineering.

Undergraduate Majors

- Major in Civil Engineering
 - Civil Engineering Concentration
 - Soil and Water Resource Engineering Concentration
- Major in Environmental Engineering
 - Environmental Engineering Concentration
 - Ecological Engineering Concentration

Minors

- Minor in Environmental Engineering

Graduate Programs in Civil and Environmental Engineering

In Civil Engineering, programs leading to the Master of Science (M.S.) and Doctor of Philosophy (Ph.D.) degrees are offered. Focus areas include environmental engineering, fluid mechanics, geotechnical and geoenvironmental engineering, groundwater/environmental hydrology, hydraulics, structural engineering and structural mechanics, and water resources planning and management.

A practice-oriented, course-work only, Master of Engineering (M.E.) degree program is available to students with a baccalaureate degree in engineering. Graduates of some science programs also are eligible for the M.E., but typically are required to complete some background engineering courses at the undergraduate level in addition to the required courses for their graduate degree. Master of Engineering tracks are offered in environmental engineering, geotechnical engineering, infrastructure engineering, irrigation engineering, structural engineering, and water resources engineering.

Freshman		AUCC	Credits

¹ Students are required to participate in the Professional Learning Institute (PLI) program as a requirement for graduation. The program consists of eleven PLI workshops distributed by focus areas as follows: Global and Cultural Diversity (2 workshops), Innovation (2 workshops), Leadership (2 workshops), Civic and Public Engagement (2 workshops), and Ethics (3 workshops). Each workshop is between 1-2 hours long and no outside preparation is required to attend any of the workshops. Attendance at the required workshops may be spread over the student's four-year program.

² Select from departmental list of approved courses.

Students interested in graduate work should refer to the Graduate and Professional Bulletin or the Civil Engineering Department (<http://www.engr.colostate.edu/ce/degreeinfo.shtml>).

Master Program

- Master of Science in Civil Engineering, Plan A*
- Master of Science in Civil Engineering, Plan B*
- Master of Engineering, Plan C, Civil Engineering Specialization

Ph.D.

- Ph.D. in Civil Engineering*

* Please see department for program of study.

Courses

Subjects in this department include: Civil Engineering and Environmental Engineering

Civil Engineering (CIVE)

CIVE 102 Introduction: Civil/Environmental Engineering Credits: 3 (2-3-0)

Course Description: Civil engineering profession, computer applications and programming related to civil engineering; introduction to surveying.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 103 Engineering Graphics and Computing Credits: 3 (2-2-0)

Course Description: Introduction to the profession and academia; principles of civil engineering design; graphical, oral, and written communication; team projects.

Prerequisite: CIVE 102 or ENGR 101.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

CIVE 202 Numerical Modeling and Risk Analysis Credits: 3 (2-2-0)

Course Description: Civil engineering systems, simulation and optimization techniques, statistical tools and their use in civil engineering, risk analysis.

Prerequisites: (CIVE 103) and (MATH 160, may be taken concurrently).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 203 Engineering Systems and Decision Analysis Credits: 3 (2-2-0)

Course Description: Civil engineering infrastructure systems, numerical and decision analysis techniques, applications of risk analysis.

Prerequisite: CIVE 202.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 260 Engineering Mechanics-Statics Credits: 3 (3-0-0)

Course Description: Forces using vector notation; static equilibrium of rigid bodies; friction, virtual work, centroids, and moments of inertia.

Prerequisites: MATH 160 and PH 141, may be taken concurrently.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 261 Engineering Mechanics-Dynamics Credits: 3 (3-0-0)

Course Description: Kinematics and kinetics of particles and rigid bodies; concepts of work-energy and impulse-momentum; computer applications; vector notation.

Prerequisite: CIVE 260.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 300 Fluid Mechanics Credits: 3 (3-0-0)

Course Description: Fluid properties; statics, kinematics, and dynamics of fluid motion including viscous and gravitational effects.

Prerequisites: (CIVE 261 and MATH 340, may be taken concurrently) and (MECH 237, may be taken concurrently or MECH 337, may be taken concurrently).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 301 Fluid Mechanics Laboratory Credit: 1 (0-3-0)

Course Description: Fluid properties; statics, kinematics, and dynamics of fluid motion including viscous and gravitational effects.

Prerequisite: CIVE 300, may be taken concurrently.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 302 Evaluation of Civil Engineering Materials Credits: 3 (2-3-0)

Course Description: Behavior and properties of construction materials, instrumentation, use of statistical tools, material standards, material selection, quality control.

Prerequisites: CHEM 111 and CIVE 360.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

CIVE 303 Infrastructure and Transportation Systems Credits: 3 (3-0-0)

Course Description: Principles of infrastructure systems, transportation systems, applications of spatial data and GIS, project management and engineering economy.

Prerequisite: CIVE 260.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 305 Intermediate AutoCAD Credits: 3 (2-2-0)

Course Description: Creating layouts and templates, objects, graphic patterns and symbols, inserting and managing external references, and creating isometric drawings.

Prerequisite: CIVE 103.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 322 Basic Hydrology Credits: 3 (3-0-0)

Course Description: Hydrologic cycle, soil moisture, groundwater, runoff processes, applications in water resources and environmental engineering.

Prerequisites: (CIVE 300 or CBE 331 or WR 416) and (CIVE 202 or STAT 301 or STAT 315).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 330 Ecological Engineering Credits: 3 (3-0-0)

Course Description: Principles of ecological engineering and design of sustainable ecosystems.

Prerequisites: (BZ 110 and BZ 111 or BZ 120 or LIFE 102 or SOCR 240) and (CHEM 113) and (CIVE 300 or LIFE 320).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 355 Introduction to Geotechnical Engineering Credits: 3 (3-0-0)

Course Description: Soil behavior, stress-strain and strength properties, application to earth pressure, slope and foundation problems.

Prerequisite: CIVE 360.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 356 Geotechnical Engineering Laboratory Credit: 1 (0-3-0)

Course Description: Laboratory to demonstrate standard methods of soils testing, methods of data collection, analysis of results.

Prerequisite: CIVE 355, may be taken concurrently.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

CIVE 360 Mechanics of Solids Credits: 3 (3-0-0)

Course Description: Stresses and deformations in structural members and machine elements, combined stresses, stress transformation.

Prerequisite: CIVE 260 or CIVE 262.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 363 Material Properties Credit: 1 (0-3-0)

Course Description: Mechanical properties of metals, woods, and plastics; testing techniques and standards.

Prerequisite: CIVE 360.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 367 Structural Analysis Credits: 3 (3-0-0)

Course Description: Determination of actions in and deformations of determinate and indeterminate structures.

Prerequisite: CIVE 360.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 390 Civil Engineering Student Projects Workshop Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 401 Hydraulic Engineering Credits: 3 (3-0-0)

Course Description: Basic principles of fluid mechanics applied to practical problems in hydraulic engineering.

Prerequisite: CIVE 300.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 402 Senior Design Principles Credits: 3 (2-2-0)

Course Description: Design of civil engineering systems, nontechnical and economic design considerations, project organization, design project development and presentation.

Prerequisites: (CIVE 300) and (CIVE 303 or CHEM 245).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 403 Senior Project Design Credits: 3 (2-2-0)

Course Description: Design of civil engineering systems, nontechnical and economic design considerations, project organization, design project development and presentation.

Prerequisite: CIVE 402.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 413 Environmental River Mechanics Credits: 3 (3-0-0)

Course Description: Fluvial geomorphology, river hydraulics, sediment transport, and river response with special emphasis on environmental aspects.

Prerequisite: CIVE 300 or WR 416.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 423 Groundwater Engineering Credits: 3 (3-0-0)

Course Description: Development of groundwater resources; origin, movement, distribution of water below ground surface.

Prerequisite: CIVE 300 or CBE 331 or WR 416.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 424 Modern Gas and Oil Credits: 3 (3-0-0)**Also Offered As:** GEOL 424.**Course Description:** Introduction to opportunities and challenges of modern gas and oil development, including synergies with other energy sources.**Prerequisite:** None.**Registration Information:** Junior standing or above; completion of AUCC category 3A. Credit not allowed for both CIVE 424 and GEOL 424.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIVE 425 Soil and Water Engineering Credits: 3 (2-3-0)****Course Description:** Control of the soil-water-plant medium for optimum plant growth and environmental protection.**Prerequisite:** CBE 331 or CIVE 300 or SOCR 240.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CIVE 437 Wastewater Treatment Facility Design Credits: 3 (3-0-0)****Course Description:** Design concepts and principles for wastewater treatment systems and unit processes, principles of treatment plant operation.**Prerequisites:** (CIVE 300) and (CIVE 438, may be taken concurrently or ENVE 438, may be taken concurrently).**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIVE 438 Environmental Engineering Concepts Credits: 3 (3-0-0)****Course Description:** Environmental engineering approaches to designing water supply, wastewater removal, and pollution control systems.**Prerequisites:** (CHEM 113) and (CIVE 300 or CBE 331 or MECH 342).**Terms Offered:** Fall, Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CIVE 439 Environmental Engineering Chemical Concepts Credits: 3 (2-3-0)****Also Offered As:** CBE 439.**Course Description:** Application of chemical principles to environmental engineering problems.**Prerequisites:** CHEM 113 and MATH 340.**Registration Information:** Must register for lecture and laboratory. Credit not allowed for both CIVE 439 and CBE 439.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIVE 440 Nonpoint Source Pollution Credits: 3 (3-0-0)****Course Description:** Principles, processes, impacts and control of nonpoint source pollution of surface and groundwater.**Prerequisite:** CIVE 300 or CIVE 322 or ENVE 322 or SOCR 240 or WR 416.**Registration Information:** Sections may be offered: Online.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CIVE 441 Water Quality Analysis and Treatment Credits: 3 (2-3-0)****Course Description:** Physical, chemical and biological methods for the characterization of waters and wastewaters.**Prerequisite:** CIVE 438, may be taken concurrently or ENVE 438 or CIVE 440, may be taken concurrently.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**CIVE 455 Applications in Geotechnical Engineering Credits: 3 (3-0-0)****Course Description:** Geotechnical engineering applications of earth retaining structures, foundations, dams and embankments, geosynthetics, waste containment systems.**Prerequisite:** CIVE 355.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIVE 466 Design and Behavior of Steel Structures Credits: 3 (3-0-0)****Course Description:** Loads acting on a structure; behavior and design of steel members, connections, and systems.**Prerequisite:** CIVE 367.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIVE 467 Design of Reinforced Concrete Structures Credits: 3 (3-0-0)****Course Description:** Design and behavior of reinforced concrete structural members.**Prerequisite:** CIVE 367.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CIVE 495 Independent Study Credits: Var[1-3]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 496 Group Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 502 Fluid Mechanics Credits: 3 (3-0-0)****Course Description:** Fundamental physical concepts of fluid mechanics; ideal and viscous fluid flows; boundary-layer concepts.**Prerequisite:** CIVE 300.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.

CIVE 504 Wind Engineering Credits: 3 (3-0-0)

Course Description: Influence of wind on humanity. Applications to structures, air pollution, wind energy, agricultural aerodynamics, snow movement, human comfort.

Prerequisite: CIVE 300 or CE 300.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 506 Wind Effects on Structures Credits: 3 (3-0-0)

Course Description: Analysis of wind effects on buildings and structures; deterministic and probabilistic methods; aerodynamic loading and response; codes and standards.

Prerequisite: CIVE 504.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 507 Transportation Engineering Credits: 3 (3-0-0)

Course Description: Principles of highway engineering, transportation engineering and bridge engineering with a focus on design.

Prerequisites: CIVE 261 and CIVE 303 and CIVE 367.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 510 Applied Hydraulic System Design Credits: 3 (3-0-0)

Course Description: Operational management systems, data collection, real-time control, management modeling, rehabilitation and retrofit, maintenance.

Prerequisite: CIVE 401.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 512 Irrigation Systems Design Credits: 3 (3-0-0)

Course Description: Irrigation systems principles and design procedures for operation of sprinkler, trickle, and surface irrigation systems.

Prerequisite: CIVE 322 or ENVE 322 or CIVE 425.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 514 Hydraulic Structures/Systems Credits: 3 (3-0-0)

Course Description: Analysis and design of hydraulic structures which make up components of water resource systems.

Prerequisite: CIVE 401.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 516 Water Control and Measurement Credits: 3 (3-0-0)

Course Description: Flow regulation and measurement in gravity flow irrigation systems for efficient and equitable water distribution among users.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 518 Sprinkler and Trickle Irrigation Systems Credits: 3 (3-0-0)

Course Description: Basic principles, design, and evaluation of pressurized irrigation systems.

Prerequisites: CIVE 300 and CIVE 425.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 519 Irrigation Water Management Credits: 3 (3-0-0)

Course Description: Apply soil, plant, water, and atmospheric engineering principles to determine crop water need to sustain agricultural production and the environment.

Prerequisite: CIVE 425.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 520 Physical Hydrology Credits: 3 (3-0-0)

Course Description: Hydrologic, atmospheric processes in the water cycle; linear systems, hydrologic response; geomorphologic description of hydrologic processes, response.

Prerequisite: CIVE 322 or CIVE 322.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 521 Hydrometry Credits: 3 (2-3-0)

Course Description: Principles, methods, instruments, and equipment for measuring water quantity and water quality variables in nature.

Prerequisite: CIVE 322 or ENVE 322.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

CIVE 522 Engineering Hydrology Credits: 3 (3-0-0)

Course Description: Hydrologic design under uncertainty; conventional and remote sensing; design flows and storms; river routing; reservoir design; watershed models.

Prerequisite: CIVE 520.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 524 Modeling Watershed Hydrology Credits: 3 (2-2-0)

Also Offered As: WR 524.

Course Description: Development and application of watershed models: structure, calibration, evaluation, sensitivity analysis, simulation.

Prerequisites: (CIVE 322 or ENVE 322 or WR 416) and (STAT 315 or STAT 301 or CIVE 202).

Registration Information: Must register for lecture and recitation. Credit not allowed for both CIVE 524 and WR 524.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 525 Water Engineering: International Development Credits: 3 (3-0-0)

Course Description: Planning and design of small-scale and low-cost water supply and wastewater systems for rural communities in developing countries

Prerequisite: CIVE 401 or CIVE 438 or ENVE 438.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

CIVE 531 Groundwater Hydrology Credits: 3 (3-0-0)

Course Description: Groundwater occurrence, distribution, movement, exploration and recharge, well hydraulics and design, interaction of ground and surface water.

Prerequisite: CIVE 300 or CBE 331 or MECH 342.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 532 Wells and Pumps Credits: 3 (3-0-0)

Course Description: Well field hydraulics, well drilling methods, well design, aquifer test methods, pumping systems, well maintenance, storage/distribution systems.

Prerequisites: (CIVE 423 and CHEM 111) and (CIVE 531 or GEOL 452).

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 533 Biomolecular Tools for Engineers Credits: 3 (2-3-0)

Also Offered As: BIOM 533.

Course Description: Theoretical and practical aspects of biomolecular laboratory tools--PCR, cloning, sequencing, single-molecule optical techniques and live-cell imaging.

Prerequisite: BMS 300 or MIP 300.

Registration Information: Must register for lecture and laboratory. Credit not allowed for CIVE 533, BIOM 533 and ECE 533.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 534 Applied and Environmental Molecular Biology Credits: 3 (2-2-0)

Course Description: Environmental microbiology and molecular biology tools used to investigate both natural systems and engineered processes.

Prerequisite: CIVE 540.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

CIVE 537 Residuals Management Credits: 3 (3-0-0)

Course Description: Planning and design for processing and disposal of residuals including solid wastes, sludges, and hazardous wastes.

Prerequisite: CIVE 300.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 538 Aqueous Chemistry Credits: 3 (3-0-0)

Course Description: Principles of solution chemistry applied to aquatic systems.

Prerequisites: CHEM 113 and MATH 340.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 539 Water and Wastewater Analysis Credits: 3 (2-3-0)

Course Description: Chemical and biological methods of assessing water quality; significance of chemicals in aquatic systems.

Prerequisites: CHEM 113 and MATH 340.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 540 Advanced Biological Wastewater Processing Credits: 3 (3-0-0)

Also Offered As: CBE 540.

Course Description: Fundamentals of environmental biotechnology: environmental microbiology, microbial kinetics, basic reactor design, wastewater treatment.

Prerequisite: CBE 320 or CIVE 438.

Registration Information: Credit not allowed for both CIVE 540 and CBE 540.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 541 Environmental Unit Operations-Treatment-Design Credits: 4 (3-3-0)

Course Description: Reactor theory, filtration, adsorption, ion exchange, gas transfer, oxidation, membranes, biological reactors, disinfection.

Prerequisite: CIVE 439 or CBE 439.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 542 Water Quality Modeling Credits: 3 (3-0-0)

Course Description: .

Prerequisite: None.

Registration Information: Chemical, physical, and biological processes defining surface water quality, construction and application of computer models for lakes and streams.

Must have taken two semesters of chemistry; one course in hydrology or water quality.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 543 Instrumental Environmental Analysis Credits: 3 (2-3-0)

Course Description: Environmental sampling and preservation techniques followed by the instrumental analysis of the samples.

Prerequisite: CHEM 113.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 544 Water Resources Planning and Management Credits: 3 (3-0-0)

Course Description: Management and planning of natural and constructed water systems. Integrated management and case studies of water use and environmental resources.

Prerequisite: CIVE 322 or ENVE 322.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 546 Water Resource Systems Analysis Credits: 3 (2-2-0)

Course Description: Applications of systems analysis and optimization techniques in water resources planning and management.

Prerequisites: (CIVE 322, may be taken concurrently or ENVE 322, may be taken concurrently) and (ENGR 510, may be taken concurrently or MATH 510, may be taken concurrently).

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 547 Statistics for Environmental Monitoring Credits: 3 (3-0-0)

Also Offered As: STAT 547.

Course Description: Applications of statistics in environmental pollution studies involving air, water, or soil monitoring; sampling designs; trend analysis; censored data.

Prerequisite: STAT 301.

Registration Information: Credit not allowed for both CIVE 547 and STAT 547. Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 549 Drainage and Wetland Engineering Credits: 3 (3-0-0)

Course Description: Drainage and wetlands design for agricultural and natural resource applications. Water table modification for nonpoint sources pollution control.

Prerequisite: CIVE 425 or ENVE 322 or CIVE 322.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 550 Foundation Engineering Credits: 3 (3-0-0)

Course Description: Mechanics and methodology of foundation engineering; selection and design of foundation systems on soft, firm, and expansive soils; special problems.

Prerequisite: CIVE 355.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 553 Slope Stability and Retaining Structures Credits: 3 (3-0-0)

Course Description: Slope stability theory and application, retaining walls, sheet-pile walls, braced excavations, geosynthetic uses.

Prerequisite: CIVE 355.

Registration Information: Sections may be offered: Online.

Term Offered: Spring (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 556 Seepage and Earth Dams Credits: 3 (3-0-0)

Course Description: Hydraulic conductivity measurements; seepage analysis and control; earth dam and embankment design; computer applications.

Prerequisite: CIVE 355.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 558 Containment Systems for Waste Disposal Credits: 3 (3-0-0)

Course Description: Basic principles governing the design of containment systems used in waste disposal applications.

Prerequisite: CIVE 355.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 559 Special Topics in Geotechnical Engineering Credits: 3 (3-0-0)

Course Description: Advanced topics in geotechnical engineering including expansive soils, unsaturated soil mechanics, soil-structure interaction and mining geotechnics.

Prerequisite: CIVE 355.

Registration Information: Sections may be offered: Online.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 560 Advanced Mechanics of Materials Credits: 3 (3-0-0)

Course Description: Analysis of stress and strain failure theory; selected topics in solid mechanics, plate analysis; introduction to elastic stability.

Prerequisite: CIVE 360.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 561 Advanced Steel Behavior and Design Credits: 3 (3-0-0)

Course Description: Behavior of steel components and systems.

Design of composite members, plate girders, and bolted and welded connections.

Prerequisite: CIVE 466.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 562 Fundamentals of Vibrations Credits: 3 (3-0-0)

Course Description: Free and forced vibrations of single, two, and multiple degree of freedom systems. Closed-form and numerical solutions.

Prerequisites: CIVE 261 and CIVE 360.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 563 Structural Reliability: Theory, Application Credits: 3 (3-0-0)

Course Description: Theory of structural reliability as it relates to analysis, design, construction, and maintenance of structural and mechanical systems.

Prerequisite: CIVE 203 or STAT 315.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 565 Finite Element Method Credits: 3 (3-0-0)

Course Description: Theory and application in elasticity, porous flow, heat conduction, and other engineering problems.

Prerequisite: MATH 340.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 566 Intermediate Structural Analysis Credits: 3 (3-0-0)

Course Description: Work and energy concepts, curved members and arches, matrix analysis of linear systems, numerical techniques.

Prerequisite: CIVE 367.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 567 Advanced Concrete Design Credits: 3 (3-0-0)

Course Description: Behavior of reinforced and prestressed concrete members; development of design methods; behavior and design of slabs, shearwalls, and buildings.

Prerequisite: CIVE 467.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 568 Design of Masonry and Wood Structures Credits: 3 (3-0-0)

Course Description: Behavior and design of structures and structural components constructed of masonry or engineered wood.

Prerequisite: CIVE 466 or CIVE 467.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 571 Pipeline Engineering and Hydraulics Credits: 3 (3-0-0)

Course Description: Water supply, wastewater, stormwater, oil and gas, and industrial applications. Emphasis on pressurized water pipelines.

Prerequisite: CIVE 300.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 572 Analysis of Urban Water Systems Credits: 3 (2-2-0)

Course Description: Behavior and interaction of urban water distribution and collection systems; how system state and driving variables affect system performance.

Prerequisites: CIVE 300 and CIVE 401.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 573 Urban Stormwater Management Credits: 3 (3-0-0)

Course Description: Effects of urbanization on watershed hydrology and receiving waters; control practices to mitigate effects using mathematical models.

Prerequisites: (CIVE 322 or ENVE 322) and (CIVE 401).

Registration Information: Sections may be offered: Online.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 574 Civil Engineering Project Management Credits: 3 (3-0-0)

Course Description: Principles of civil engineering project management including proposals, contracts, scheduling, quality assurance, budgeting, and risk management.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 575 Sustainable Water and Waste Management Credits: 3 (3-0-0)

Course Description: The science, engineering, and policy behind sustainable water and waste practices. Sustainable urban water and wastewater management.

Prerequisite: CIVE 322 or ENVE 322.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 576 Engineering Applications of GIS and GPS Credits: 3 (2-2-0)

Course Description: Integration of GPS and GIS in the planning and decision making process, application to case study.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 577 GIS in Civil and Environmental Engineering Credits: 3 (2-2-0)

Course Description: GIS technology for spatial design/analysis; applications in facilities management, urban infrastructure, water resources, environmental engineering.

Prerequisites: (CIVE 300) and (CIVE 322 or ENVE 322).

Registration Information: Must register for lecture and laboratory.

Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 578 Infrastructure and Utility Management Credits: 3 (3-0-0)

Course Description: Infrastructure and utility planning, management, and security. Systems approach to life cycle management. Problems, analysis, decision support systems.

Prerequisite: None.

Registration Information: Ten credits of engineering, economics, public administration, or planning courses. Sections may be offered: Online.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 579 Risk and Security of the Built Environment Credits: 3 (3-0-0)

Course Description: Infrastructure security and safety to prepare the built environment against natural and human-caused threats.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 584 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 592A Seminar: Fluid Mechanics and Wind Engineering Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 592E Seminar: Geotechnical Engineering Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 592G Seminar: Environmental Engineering Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 592L Seminar: Space Engineering Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595A Independent Study: Fluid Mechanics/Wind Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595B Independent Study: Hydraulics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595C Independent Study: Hydrology and Water Resources Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595D Independent Study: Mechanics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595E Independent Study: Geotechnical Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595F Independent Study: Structures Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595G Independent Study: Environmental Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595H Independent Study: Water Resources Planning and Management Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 595I Independent Study: Groundwater Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 595J Independent Study: Bioresource and Agricultural Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596A Group Study: Fluid Mechanics/Wind Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596B Group Study: Hydraulics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596C Group Study: Hydrology and Water Resources Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596D Group Study: Mechanics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596E Group Study: Geotechnical Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596F Group Study: Structures Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596G Group Study: Environmental Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596H Group Study: Water Resource Planning and Management Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596I Group Study: Groundwater Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 596J Group Study: Bioresource and Agricultural Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 604 Fluid Turbulence and Modeling Credits: 3 (3-0-0)****Course Description:** Engineering concepts for transport of pollutants, toxic and flammable species, sand, and snow. Fluid modeling, numerical and analytical approaches.**Prerequisite:** CIVE 502 or CIVE 504.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CIVE 607 Computational Fluid Dynamics Credits: 3 (3-0-0)****Course Description:** Numerical methods used in computational solutions of hydraulics, environmental and wind engineering problems.**Prerequisite:** CIVE 300.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIVE 610 Special Topics in Hydraulics Credits: 3 (3-0-0)****Course Description:** Advanced topics in hydraulics, hydromechanics, environmental hydraulics, and computational hydraulics.**Prerequisite:** CIVE 502.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

CIVE 612 Open Channel Flow Credits: 4 (4-0-0)

Course Description: Steady, uniform, and non-uniform flow; backwater curves; flow through bridge piers, transitions, and culverts; spatially varied and unsteady flow.

Prerequisite: CIVE 502.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 613 River Restoration Design Credits: 3 (3-0-0)

Course Description: Analysis and design for assisting the recovery of hydrologic, geomorphic, and ecological processes and ecosystem services in degraded river systems.

Prerequisite: CIVE 401.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 622 Risk Analysis of Water/Environmental Systems Credits: 3 (3-0-0)

Course Description: Risk and uncertainty analysis applied to hydrology, hydraulics, groundwater, water resources, and environmental engineering systems.

Prerequisites: (CIVE 322 or ENVE 322) and (STAT 315).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 624 Control of Floods and Droughts Credits: 3 (3-0-0)

Course Description: Flood and drought characteristics, impacts; structural, nonstructural flood control measures; drought prediction, drought control, drought response.

Prerequisite: CIVE 522.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 625 Quantitative Eco-Hydrology Credits: 3 (3-0-0)

Course Description: Quantitative examination of the hydrologic and ecologic mechanisms underlying climate-soil-vegetation and soil moisture dynamics.

Prerequisite: CIVE 322 or WR 416.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 626 Integrated Analysis of Coupled Water Issues Credits: 3 (3-0-0)

Course Description: Integrative systems and policy analysis applied to coupled human-water systems from interdisciplinary technical and institutional perspectives.

Prerequisite: GR 304 or WR 304.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 631 Computational Methods in Subsurface Systems Credits: 3 (3-0-0)

Course Description: Numerical flow models; finite difference and finite element methods; parameter identification, stochastic modeling and advanced analytical solutions.

Prerequisites: (MATH 340) and (CIVE 531).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 638 Groundwater Quality and Contaminant Transport Credits: 3 (3-0-0)

Course Description: Analysis of hydrochemical data. Advection with and without mixing. Retardation of reactive solutes. Design of groundwater quality investigations.

Prerequisite: CIVE 531.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 645 Computer-Aided Water Management and Control Credits: 3 (2-2-0)

Course Description: Real-time management and control of water resource systems; applications of computer control concepts to improve system performance.

Prerequisite: CIVE 546 or CIVE 577.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 654 Experimental Soil Mechanics Credits: 3 (2-3-0)

Course Description: Experimental design; data acquisition; soil fabric; isotropic/K0 condensation; swelling; stiffness; shear wave velocity; triaxial; hollow cylinder; partial saturation.

Prerequisite: CIVE 355.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 655 Advanced Soil Mechanics Credits: 3 (3-0-0)

Course Description: Advanced topics in shear strength and consolidation of soils; stress paths; anisotropy; submergence; partial and radial drainage; numerical methods.

Prerequisite: CIVE 355.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 658 Remediation Systems - Subsurface**Contamination Credits: 3 (3-0-0)**

Course Description: Applications in geoenvironmental engineering practice involving design of in situ containment and remediation systems.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 662 Foundations of Solid Mechanics Credits: 3 (3-0-0)

Course Description: Analysis of stress and strain in solids emphasizing linear elasticity and plasticity; introduction to creep, viscoelasticity, and finite deformations.

Prerequisite: CIVE 560.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 664 Mechanics of Fatigue and Fracture Credits: 3 (3-0-0)

Course Description: Fracture mechanics including linear elastic, elastic-plastic, and dynamic fracture; on ductile and cleavage fracture in metals.

Prerequisite: CIVE 560.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 667 Advanced Structural Analysis Credits: 3 (3-0-0)

Course Description: Analysis program development, application of finite element analysis, computer-assisted analysis, introduction to nonlinear analysis.

Prerequisite: CIVE 566.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 684 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 695A Independent Study: Fluid Mechanics and Wind Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 695B Independent Study: Hydraulics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 695C Independent Study: Hydrology and Water Resources Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 695D Independent Study: Mechanics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 695E Independent Study: Geotechnical Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 695F Independent Study: Structures Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 695G Independent Study: Environmental Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 699A Thesis: Fluid Mechanics and Wind Engineering Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699B Thesis: Hydraulics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699C Thesis: Hydrology and Water Resources Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699D Thesis: Mechanics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699E Thesis: Geotechnical Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699F Thesis: Structures Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699G Thesis: Environmental Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699H Thesis: Water Resource Planning and Management Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699I Thesis: Groundwater Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699J Thesis: Bioresource and Agricultural Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 699K Thesis: Water and International Development Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 703 Special Topics in Fluid Mechanics Credits: 3 (3-0-0)****Course Description:** Advanced topics in fluid mechanics; associated experimental and numerical techniques.**Prerequisite:** CIVE 502.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (odd years).**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CIVE 716 Erosion and Sedimentation Credits: 3 (3-0-0)****Course Description:** Sediment properties; resistance to flow; incipient motion and bedforms; sediment transport, reservoir sedimentation.**Prerequisite:** CIVE 502.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**CIVE 717 River Mechanics Credits: 3 (3-0-0)****Course Description:** Characteristics of rivers, mechanics of sediment and water discharge emphasizing alluvial systems, channel stabilization, control, response.**Prerequisite:** CIVE 716.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**CIVE 721 Stochastic Water and Environmental Systems Credits: 3 (3-0-0)****Course Description:** Stochastic analysis of water and environmental systems. Simulation, forecasting, spatial analysis, modeling changes, stochastic differential equations.**Prerequisite:** CIVE 622.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.

CIVE 722 Large Scale Hydrology Credits: 3 (3-0-0)

Course Description: Global and regional scale hydrologic processes; land/atmosphere interaction; scaling in hydrology; geomorphoclimatic structure of hydrologic response.

Prerequisite: CIVE 520.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 724 River Basin Morphology Credits: 3 (3-0-0)

Course Description: Analysis of river basin properties including their connections to statistical theories and erosion processes and their hydrologic implications.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 742 Advanced Topics in Environmental Engineering Credits: 3 (2-3-0)

Course Description: Selected topics from current environmental engineering research including molecular methods, water/wastewater treatment, hazardous water remediation.

Prerequisite: CIVE 540.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

CIVE 751 Soil Dynamics Credits: 3 (3-0-0)

Course Description: Soil behavior under dynamic loading; stress wave propagation; foundation response to vibratory and transient loading; elements of earthquake effects.

Prerequisite: CIVE 450.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 766 Theory of Plates and Shells. Credits: 3 (3-0-0)

Course Description: Classical plate, shell and membrane theory for isotropic and layered anisotropic media. Analytic and computational solution techniques.

Prerequisite: CIVE 560.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 767 Structural Dynamics and Earthquake Engineering Credits: 3 (3-0-0)

Course Description: Analysis, behavior, and design of structural systems subjected to dynamic loads, including earthquakes, wind, and ocean waves.

Prerequisites: CIVE 562 and CIVE 667.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

CIVE 799A Dissertation: Fluid Mechanics and Wind Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 799B Dissertation: Hydraulics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 799C Dissertation: Hydrology and Water Resources Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 799D Dissertation: Mechanics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 799E Dissertation: Geotechnical Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 799F Dissertation: Structures Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 799G Dissertation: Environmental Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CIVE 799H Dissertation: Water Resource Planning and Management Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 799I Dissertation: Groundwater Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 799J Dissertation: Bioresource and Agricultural Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 799K Dissertation: Water and International Development Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**CIVE 799L Dissertation: Construction Engineering and Management Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Environmental Engineering (ENVE)

ENVE 580A1 Water Rights Analysis Credits: 3 (3-0-0)**Course Description:** Technical aspects of water rights systems, analysis processes and water rights transfers and exchanges, and environmental aspects.**Prerequisite:** CIVE 322 or ENVE 322.**Registration Information:** Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.

Major in Civil Engineering

The undergraduate Civil Engineering program provides a solid base in the physical sciences, mathematics, engineering fundamentals, and design and management concepts. The All-University Core Curriculum provides a broad background in communication, liberal arts, humanities, and social sciences. In addition to the offering of courses in all of the various sub-disciplines of Civil Engineering, the Civil Engineering curriculum covers design practices, information

technology, technical communications, project management, and engineering ethics. The program culminates in a year-long, term-based, senior capstone design experience. Preparation for high-level professional practice is emphasized. The Fundamentals of Engineering (FE) exam is strongly encouraged and is the first step toward registration as a Professional Engineer (PE), an important professional credential for civil engineers. Our graduates from this major consistently have a passing rate significantly above the national average on the FE exam.

Participation in internships, volunteer activities, professional organizations, and cooperative education opportunities is highly recommended to enhance practical training and development. Graduates who pursue advanced studies are prepared for higher level technical responsibilities.

The educational outcomes and objectives for the Civil Engineering program, along with additional information on this major, are given at [engr.colostate.edu/ce](http://www.engr.colostate.edu/ce/undergrad.shtml) (<http://www.engr.colostate.edu/ce/undergrad.shtml>). The Civil Engineering major is accredited by the Engineering Accreditation Commission of ABET, ABET (<http://abet.org>).

Potential Occupations

Civil engineers are employed in many different organizations, including small and large consulting firms, local, state, and federal governmental agencies, and industrial companies such as construction, petroleum, and aerospace firms. Civil engineers also may find opportunities in specialized design, research, and teaching.

Some example job titles for graduates with an undergraduate degree in Civil Engineering (BSCE) include, but are not limited to, civil engineer, transportation engineer, hydraulic engineer, water resources engineer, structural engineer, geotechnical engineer, geoenvironmental engineer, groundwater engineer, hydrologist, wind engineer, urban/regional planner, infrastructure engineer or manager, contract administrator, construction engineer or manager, building construction inspector, facilities engineer or manager, industrial transportation specialist, industrial designer/engineer, construction materials engineer, irrigation engineer, mining engineer, mining and petroleum research engineer, technical sales engineer, and educator.

CIVIL ENGINEERING TECHNICAL ELECTIVES

Select one course from the following list, and a second course either from the following list or from the list of Additional Technical Electives, below: ²

BIOM 533/ CIVE 533	Biomolecular Tools for Engineers	3
CBE 439/ CIVE 439	Environmental Engineering Chemical Concepts	3
CBE 540/ CIVE 540	Advanced Biological Wastewater Processing	3
CIVE 305	Intermediate AutoCAD	3
CIVE 330	Ecological Engineering	3
CIVE 413	Environmental River Mechanics	3
CIVE 423	Groundwater Engineering	3
CIVE 424/ GEOL 424	Modern Gas and Oil	3
CIVE 425	Soil and Water Engineering	3
CIVE 437	Wastewater Treatment Facility Design	3
CIVE 440	Nonpoint Source Pollution	3
CIVE 455	Applications in Geotechnical Engineering	3
CIVE 502	Fluid Mechanics	3
CIVE 504	Wind Engineering	3
CIVE 506	Wind Effects on Structures	3
CIVE 507	Transportation Engineering	3
CIVE 510	Applied Hydraulic System Design	3
CIVE 512	Irrigation Systems Design	3
CIVE 514	Hydraulic Structures/Systems	3
CIVE 516	Water Control and Measurement	3
CIVE 519	Irrigation Water Management	3
CIVE 520	Physical Hydrology	3
CIVE 521	Hydrometry	3
CIVE 522	Engineering Hydrology	3
CIVE 524/WR 524	Modeling Watershed Hydrology	3
CIVE 525	Water Engineering: International Development	3
CIVE 531	Groundwater Hydrology	3
CIVE 532	Wells and Pumps	3
CIVE 537	Residuals Management	3
CIVE 538	Aqueous Chemistry	3
CIVE 539	Water and Wastewater Analysis	3
CIVE 541	Environmental Unit Operations-Treatment-Design	4
CIVE 544	Water Resources Planning and Management	3
CIVE 546	Water Resource Systems Analysis	3
CIVE 549	Drainage and Wetland Engineering	3
CIVE 550	Foundation Engineering	3
CIVE 553	Slope Stability and Retaining Structures	3
CIVE 556	Seepage and Earth Dams	3
CIVE 558	Containment Systems for Waste Disposal	3
CIVE 559	Special Topics in Geotechnical Engineering	3
CIVE 560	Advanced Mechanics of Materials	3
CIVE 561	Advanced Steel Behavior and Design	3
CIVE 562	Fundamentals of Vibrations	3
CIVE 563	Structural Reliability: Theory, Application	3
CIVE 565	Finite Element Method	3
CIVE 566	Intermediate Structural Analysis	3
CIVE 567	Advanced Concrete Design	3
CIVE 568	Design of Masonry and Wood Structures	3

CIVE 571	Pipeline Engineering and Hydraulics	3
CIVE 573	Urban Stormwater Management	3
CIVE 574	Civil Engineering Project Management	3
CIVE 575	Sustainable Water and Waste Management	3
CIVE 576	Engineering Applications of GIS and GPS	3
CIVE 577	GIS in Civil and Environmental Engineering	3
CIVE 578	Infrastructure and Utility Management	3
CIVE 579	Risk and Security of the Built Environment	3
ENGR 550/ MATH 550	Numerical Methods in Science and Engineering	3

ADDITIONAL TECHNICAL ELECTIVES

Select one course from the following, or select a second course from the Civil Engineering Technical Elective list.²

AA 301	Astrophysics I	5
BC 351	Principles of Biochemistry	4
CHEM 245	Fundamentals of Organic Chemistry	4
CHEM 341	Modern Organic Chemistry I	3
CON 370	Asphalt Pavement Materials and Construction ³	3
ERHS 446	Environmental Toxicology	3
FIN 305	Fundamentals of Finance ^{3,4}	3
GEOL 442	Applied Geophysics	4
GR 323/NR 323	Remote Sensing and Image Interpretation	3
LIFE 320	Ecology	3
MATH 332	Partial Differential Equations	3
MATH 369	Linear Algebra I	3
MGT 305	Fundamentals of Management ^{3,4}	3
MIP 300	General Microbiology	3
MKT 305	Fundamentals of Marketing ^{3,4}	3
NR 319	Geospatial Applications in Natural Resources	4
NR 322	Introduction to Geographic Information Systems	4
WR 304/GR 304	Sustainable Watersheds	3

¹ Students are required to participate in the Professional Learning Institute (PLI) program as a requirement for graduation. The program consists of eleven PLI workshops distributed by focus areas as follows: Global and Cultural Diversity (2 workshops), Innovation (2 workshops), Leadership (2 workshops), Civic and Public Engagement (2 workshops), and Ethics (3 workshops). Each workshop is between 1-2 hours long and no outside preparation is required to attend any of the workshops. Attendance at the required workshops may be spread over the student's four-year program.

² Select one course from the Civil Engineering Technical Electives list, and an additional course from either the same list, or from the list of Additional Technical Electives. Only 3 credits of a 4- or 5-credit course will apply toward this requirement.

³ Students may need to obtain an override or approval from the respective department to take this course.

⁴ Only one of FIN, MGT, or MKT at the 300-level may be counted toward the Technical Elective requirement.

ADDITIONAL TECHNICAL ELECTIVES

Select a minimum of 3 credits from the following, or select a second course from the Engineering Technical Elective List²

AREC 340/ ECON 340	Introduction: Economics of Natural Resources	3
ATS 350	Introduction to Weather and Climate	2
ATS 351	Introduction to Weather and Climate Laboratory	1
GR 323/NR 323	Remote Sensing and Image Interpretation	3
NR 322	Introduction to Geographic Information Systems ³	4
NR 420	Integrated Ecosystem Management	4
RS 300	Rangeland Conservation and Stewardship	3
SOC 461	Water, Society, and Environment	3
SOCR 377	Geographic Information Systems in Agriculture ³	3
SOCR 421	Crop and Soil Management Systems II	4
SOCR 470	Soil Physics	3
SOCR 471	Soil Physics Laboratory	1
WR 417	Watershed Measurements	3

¹ Students are required to participate in the Professional Learning Institute (PLI) program as a requirement for graduation. The program consists of eleven PLI workshops distributed by focus areas as follows: Global and Cultural Diversity (2 workshops), Innovation (2 workshops), Leadership (2 workshops), Civic and Public Engagement (2 workshops), and Ethics (3 workshops). Each workshop is between 1-2 hours long and no outside preparation is required to attend any of the workshops. Attendance at the required workshops may be spread over the student's four-year program.

² Select from department list of technical elective courses. At least 6 credits must be in engineering. At least 4 credits must be from the list of additional science technical electives.

³ Only one of NR 322 or SOCR 377 will be accepted as credit to fulfill the Technical Elective requirement.

Major in Environmental Engineering

Environmental engineers design solutions that prevent future pollution as well as correct existing pollution problems. The undergraduate curriculum in Environmental Engineering is based on a strong foundation in physical and biological sciences, mathematics, and engineering fundamentals. The All-University Core Curriculum provides a broad background in communication, liberal arts, humanities, and social sciences. Upper-division courses address engineering applications for prevention and control of air, water, and land pollution. Required courses that are specific to the Environmental Engineering major come from several engineering and science disciplines, including organic and environmental chemistry, microbiology, hydrology, statistics, environmental toxicology, and water treatment. Technical electives provide specialization in a particular field of interest. Seniors complete the same year-long, capstone design experience as do Civil Engineering majors, working in teams on real-world engineering problems.

Participation in student professional societies, other campus organizations, internships, and volunteer activities is highly recommended to foster personal growth and professional development. The Fundamentals of Engineering (FE) exam is strongly encouraged and is the first step toward registration as a Professional Engineer, an important professional credential for environmental engineers. As in the case of the Civil Engineering majors, our graduates from this major consistently achieve a passing rate on the FE exam that is above the national average. The education outcomes and objectives for the Environmental Engineering major, along with additional information on this major, are found on the department's website (<http://www.engr.colostate.edu/ce/whatisee.shtml>). The Environmental Engineering major is accredited by the Engineering Accreditation Commission of ABET (<http://abet.org>).

Potential Occupations

The expansion of our population and economy, along with increased public concern and regulation of environmental quality, will contribute to the increased demand for the services of environmental engineers, both in the U.S. and abroad. Environmental engineers typically are employed in designing pollution prevention equipment and systems, designing environmental monitoring systems, helping both government and industry implement environmental regulations, designing water and wastewater treatment systems, and restoring ecosystem health.

B.S. graduates in Environmental Engineering from CSU are well prepared for entry-level positions with regulatory agencies, engineering consulting firms, and environmental divisions of large corporations, particularly in the energy and manufacturing industries. Some example job titles for graduates include, but are not limited to, hydraulic engineer, water resources engineer, environmental engineer, geoenvironmental engineer, reclamation engineer, stormwater engineer, floodplain manager, groundwater engineer, hydrologist, urban/regional planner, water infrastructure engineer or manager, contract administrator, facilities engineer or manager, irrigation engineer, ecological engineer, and educator. Graduate study in a specific area of interest is highly recommended to enhance the ability to undertake more advanced technical responsibilities upon graduation.

SOCR 467	Soil and Environmental Chemistry	3

¹ Students are required to participate in the Professional Learning Institute (PLI) program as a requirement for graduation. The program consists of eleven PLI workshops distributed by focus areas as follows: Global and Cultural Diversity (2 workshops), Innovation (2 workshops), Leadership (2 workshops), Civic and Public Engagement (2 workshops), and Ethics (3 workshops). Each workshop is between 1-2 hours long and no outside preparation is required to attend any of the workshops. Attendance at the required workshops may be spread over the student's four-year program.

² Students wishing to take CBE 501 instead of MECH 237 in the sophomore year, may take the prerequisite courses of CBE 201 and CBE 210 and count two of the six prerequisite credits toward the Additional Technical Elective requirement.

³ Select at least one course for three credits from the Engineering Technical Electives department list. Select a minimum of 5 more credits from the Additional Technical Electives list, for a total of 8 credits, with advisor's approval.

⁴ Only one course in business management or economics at the 300-level may count toward the Technical Elective requirement.

Master of Engineering, Plan C, Civil Engineering Specialization Grandfather

Courses

Required Courses ¹	9
CIVE Courses	12-15
Electives	
Electives	6-9
Program Total Credits	30

A minimum of 30 credits are required to complete this program.

¹ Select courses with approval of advisor and graduate committee.

Minor in Environmental Engineering

In order to permit undergraduate students in any engineering major to take advantage of CSU's environmental expertise, the Department of Civil and Environmental Engineering offers a minor in Environmental Engineering. The minor is designed to broaden the academic background of undergraduate engineering students seeking a career in environmental fields, and to provide fundamentals required to pursue a graduate degree in Environmental Engineering or related fields.

Requirements Effective Fall 2012

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Required Courses

Select 9 credits from the following:	9
CIVE 437	Wastewater Treatment Facility Design
CIVE 438	Environmental Engineering Concepts ¹
CIVE 440	Nonpoint Source Pollution ²
CIVE 439/ CBE 439	Environmental Engineering Chemical Concepts

Elective Courses

Select 12 credits from the following, of which at least 3 credits must be upper-division:	12
ATS 350	Introduction to Weather and Climate
ATS 351	Introduction to Weather and Climate Laboratory
BC 351	Principles of Biochemistry
BZ 471	Stream Biology and Ecology
BZ 472	Stream Biology and Ecology Laboratory
CHEM 245	Fundamentals of Organic Chemistry
CHEM 246	Fundamentals of Organic Chemistry Laboratory
CHEM 341	Modern Organic Chemistry I
CHEM 345	Organic Chemistry I
CIVE 330	Ecological Engineering
CIVE 413	Environmental River Mechanics
CIVE 423	Groundwater Engineering
CIVE 425	Soil and Water Engineering
CIVE 437	Wastewater Treatment Facility Design ³
CIVE 440	Nonpoint Source Pollution ^{2,3}
ERHS 446	Environmental Toxicology

MIP 300	General Microbiology
MIP 432	Microbial Ecology
PHIL 345	Environmental Ethics

Program Total Credits

21

- ¹ Students in the Civil Engineering major, Civil Engineering concentration, cannot use CIVE 438 for credit in the minor.
- ² Students in the Civil Engineering major, Soil and Water Resources concentration, cannot use CIVE 440 for credit in the minor.
- ³ May be allowed if not taken as a required course.

Department of Electrical and Computer Engineering

Office in Engineering Building, Room 104
(970) 491-6600
[engr.colostate.edu/ece](http://www.engr.colostate.edu/ece) (<http://www.engr.colostate.edu/ece>)

Professor Anthony Maciejewski, Department Head
Courtney Johnsrud, Academic Advisor
Karen Ungerer, Academic Advisor

Overview of Electrical or Computer Engineering

Imagine a world without smart phones, video games, or Google. Such advancements would not be possible without electrical and computer engineers. As an Electrical or Computer Engineering (ECE) student, our professors will prepare you for success in our high-tech world through stimulating coursework and unique hands-on design projects. You will learn a new way of thinking that teaches the importance of innovation and allows you to solve the most complex engineering problems.

ECE students can experience the benefits of a smaller department with top-tier faculty, while enjoying the perks of a large university. ECE courses and research span a range of disciplines that include:

- Biomedical Engineering
- Communications and Signal Processing
- Computer Engineering
- Controls and Robotics
- Electric Power and Energy Systems
- Electromagnetics and Remote Sensing
- Lasers, Optics, and Applications

The ECE undergraduate and graduate curricula are designed to provide a wide coverage of mathematics and science, considerable depth in electrical and computer engineering, exposure to other

engineering disciplines, and a general knowledge of the humanities and social sciences.

We offer two undergraduate degree programs: a Bachelor of Science in Electrical Engineering and a Bachelor of Science in Computer Engineering. The B.S. in Electrical Engineering also offers a concentration in Lasers and Optical Engineering. You may incorporate a focus in biomedical engineering, as well. During the senior year, all ECE students are required to participate in a capstone design project that combines your interests with classroom learning. You will work on a real-world project, overseeing all phases from design to marketing.

At the graduate level, we offer Master of Engineering, Master of Science, and Doctor of Philosophy programs.

Potential Occupations

A field of endless possibilities, your career path is largely dependent on your interests. ECE alumni do everything from working as a designer at a high-tech company to conducting research for the National Park Service to sending an unmanned vehicle to Mars.

Electrical Engineering and Computer Engineering are among the most lucrative college majors. A study by *College Measures* found that CSU ECE graduates received the highest median first-year earnings compared to ECE graduates from all other Colorado institutions, as well as graduates from all other major engineering disciplines. For the last decade, ECE has ranked among the top 10 majors in demand for bachelors, masters, and doctoral degrees, according to the National Association of Colleges and Employers.

Both the Electrical Engineering major and its concentrations, and the Computer Engineering major are accredited by the Engineering Accreditation Commission of ABET (<http://abet.org>).

Electrical and Computer Engineering Program Educational Objectives

The program educational objectives for both Electrical Engineering and Computer Engineering programs describe what our students are expected to attain within a few years after graduation.

The ECE program educational objectives are designed and implemented around the following three principal attributes:

Mastery: Graduates of Electrical and Computer Engineering will expertly solve engineering problems associated with their professional or educational positions by applying ECE fundamentals, both independently and in a team environment.

Innovation: They will successfully demonstrate innovation and creativity in their professional practice or advanced education in engineering or other related fields.

Leadership: They will be effective, influential, ethical, and inspirational leaders within their organizations and professions, contributing to the overall strength and well-being of society through service and engagement.

Graduates of the ECE program will be able to:

- Apply knowledge of mathematics, science, and engineering
- Design and conduct experiments; analyze and interpret data
- Design a system, component, or process to meet desired needs within realistic constraints

- Function on multidisciplinary teams
- Identify, formulate, and solve engineering problems
- Understand professional and ethical responsibility
- Communicate effectively
- Use broad education necessary to understand the impact of engineering solutions in a global context
- Recognize the need for life-long learning
- Apply knowledge of contemporary issues
- Use the techniques, skills, and modern engineering tools necessary for engineering

Undergraduate Majors

- Major in Computer Engineering
- Major in Electrical Engineering
 - Electrical Engineering Concentration

Graduate Graduate Programs in Electrical and Computer Engineering

Graduate programs leading to the Master of Science, Master of Engineering (Electrical and Computer Engineering specialization), and Doctor of Philosophy degrees are offered in several areas. An online Master of Engineering degree in Electrical and Computer Engineering also is available. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Electrical and Computer Engineering (<http://www.engr.colostate.edu/ece>).

Master Programs

- Master of Science in Electrical Engineering, Plan A
- Master of Science in Electrical Engineering, Plan B
- Master of Science in Electrical Engineering, Plan B (Coursework Only)*
- Master of Engineering, Plan C, Electrical and Computer Engineering Specialization*

Ph.D.

- Ph.D. in Electrical Engineering (M.S. Earned)*
- Ph.D. in Electrical Engineering (No M.S. Earned)*

Courses Electrical and Computer Engineering (ECE)

ECE 102 Digital Circuit Logic Credits: 4 (3-2-0)

Course Description: Boolean algebra; Karnaugh maps; multiplexers, decoders, ROMS, PLAS, flip-flops, counters; sequential networks; state tables.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ECE 103 DC Circuit Analysis Credits: 3 (2-2-0)

Course Description: Basic DC circuit analysis. Use of scientific-oriented software to solve problems and analyze small projects.

Prerequisite: MATH 160 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ECE 202 Circuit Theory Applications Credits: 4 (3-3-0)

Course Description: Basic circuit analysis techniques and applications to engineering design problems.

Prerequisites: ECE 103 with a minimum grade of C and MATH 161 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

ECE 204 Introduction to Electrical Engineering Credits: 3 (3-0-0)

Course Description: Basic analog and digital circuits and systems; introduction to electromechanical devices.

Prerequisites: MATH 161 and PH 142.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 251 Introduction to Microprocessors Credits: 4 (3-3-0)

Course Description: Microprocessor organization, assembly language, I/O techniques, real-time interfaces, applications, hardware/software.

Prerequisite: ECE 102 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ECE 303 Introduction to Communications Principles Credits: 3 (3-0-0)

Also Offered As: STAT 303.

Course Description: Basic concepts in design and analysis of communication systems.

Prerequisites: MATH 261 with a minimum grade of C and ECE 311, may be taken concurrently.

Registration Information: Credit not allowed for both ECE 303 and STAT 303.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 311 Linear System Analysis I Credits: 3 (3-0-0)

Course Description: Continuous and discrete time signals and systems representations in time and frequency domain; time convolution.

Prerequisites: (ECE 202 with a minimum grade of C) and (MATH 340 with a minimum grade of C or MATH 345 with a minimum grade of C).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 312 Linear System Analysis II Credits: 3 (3-0-0)

Course Description: Laplace and Z transforms, applications to modulation, filtering and sampling, state space representation.

Prerequisite: ECE 311 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 325 Telecommunication Networks Credits: 3 (3-0-0)

Course Description: Principle technologies that support data and voice communications.

Prerequisite: MATH 141 or MATH 155 or MATH 160.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 331 Electronics Principles I Credits: 4 (3-3-0)

Course Description: Discrete component semiconductor devices, characteristics and applications. Rectifier circuits, single-stage and multi-stage amplifiers.

Prerequisites: (ECE 202 with a minimum grade of C) and (MATH 340 with a minimum grade of C or MATH 345 with a minimum grade of C) and (PH 142 with a minimum grade of C).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

ECE 332 Electronics Principles II Credits: 4 (3-3-0)

Course Description: Discrete and integrated-circuit amplifiers-frequency response, negative feedback; digital logic circuits.

Prerequisite: ECE 331 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

ECE 341 Electromagnetic Fields and Devices I Credits: 3 (3-0-0)

Course Description: Basic concepts of electrostatic and magnetostatic fields.

Prerequisites: (ECE 202 with a minimum grade of C) and (MATH 340 with a minimum grade of C or MATH 345 with a minimum grade of C) and (PH 142 with a minimum grade of C).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 342 Electromagnetic Fields and Devices II Credits: 3 (3-0-0)

Course Description: Basic concepts of time varying electromagnetic fields and transmission lines.

Prerequisite: ECE 341 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 395 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

ECE 401 Senior Design Project I Credits: 3 (1-4-0)

Course Description: Advanced project, seminar series, formal written report, and oral presentation.

Prerequisites: (CS 320 with a minimum grade of C or ECE 332 with a minimum grade of C) and (ECE 312 with a minimum grade of C or PH 314 with a minimum grade of C and PH 353 with a minimum grade of C) and (ECE 342 with a minimum grade of C or ECE 452 with a minimum grade of C).

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

ECE 402 Senior Design Project II Credits: 3 (1-4-0)

Course Description: Advanced project, formal report, and oral presentation.

Prerequisite: ECE 401.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

ECE 404 Experiments in Optical Electronics Credits: 2 (1-3-0)

Course Description: Experiments in optical electronics and lasers.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 411 Control Systems Credits: 4 (3-3-0)

Course Description: Control system analysis and design for linear systems: stability and performance; time and frequency domain techniques.

Prerequisite: ECE 312 with a minimum grade of C-.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 412 Digital Control and Digital Filters Credits: 3 (3-0-0)

Course Description: FIR and IIR digital filter design, analog and digital invariance and direct digital control algorithms, hybrid systems analysis.

Prerequisite: ECE 411.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 421 Telecommunications I Credits: 3 (3-0-0)

Course Description: Digital communication (source coding; modulation and detection; channel coding), analog communication (modulation).

Prerequisites: (ECE 303 with a minimum grade of C- or STAT 303 with a minimum grade of C-) and (ECE 312 with a minimum grade of C-).

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 422 Telecommunications II Credits: 3 (3-0-0)

Course Description: Issues of source coding, detection and estimation, and equalization; introduction of information theory.

Prerequisite: ECE 421.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 423 DSP for Communications Credits: 3 (1-4-0)

Course Description: Design and programming of communication and signal processing algorithms into DSP hardware using C and assembly language.

Prerequisite: ECE 312.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 430 Fourier and Wavelet Analysis with Apps Credits: 3 (3-0-0)

Also Offered As: MATH 430.

Course Description: Fourier analysis and transforms, FFTs; sampling theorems, computational algorithms; wavelets; applications to communication, imaging, and compression.

Prerequisite: MATH 345.

Registration Information: Credit not allowed for both ECE 430 and MATH 430.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 441 Optical Electronics Credits: 3 (3-0-0)

Course Description: Concepts of modern physics, optical properties of atoms, light sources, lasers, optical detectors, optical cavities, and optical fiber transmission.

Prerequisite: ECE 342 with a minimum grade of C.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 442 Numerical Algorithms for VLSI Modeling Credits: 4 (3-3-0)

Course Description: Provide the foundational knowledge of numerical algorithms for modeling and simulations of high speed VLSI circuits.

Prerequisites: ECE 312 with a minimum grade of C- and ECE 332 with a minimum grade of C- and ECE 342 with a minimum grade of C-.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 444 Antennas and Radiation Credits: 3 (3-0-0)

Course Description: Retarded potential theory, antenna arrays, long wire antennas, dipoles, aperture antennas, receiving antennas.

Prerequisite: ECE 342 with a minimum grade of C-.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 450 Digital System Design Laboratory Credit: 1 (0-3-0)

Course Description: Small digital circuits are designed and simulated using very high speed hardware description language and synthesis tools.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 451 Digital System Design Credits: 3 (3-0-0)

Course Description: State machines with PLAs as controllers and small computers; timing and race elimination considerations; state and microprogramming implementation.

Prerequisites: ECE 102 with a minimum grade of C- and ECE 202 with a minimum grade of C-.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 452 Computer Organization and Architecture Credits: 3 (3-0-0)

Course Description: CPU design; microarchitecture; data path and control path; pipelining; memory system; I/O system; program optimization by system software/hardware.

Prerequisite: ECE 251 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 454 Database Computers Credits: 3 (3-0-0)

Course Description: Computer architectures for database processing. Data filters, associative processors, parallel and distributed computers, text search processors.

Prerequisite: ECE 251 with a minimum grade of C- or CS 370.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 455 Introduction to Robot Programming/Simulation Credits: 3 (3-0-0)

Course Description: Fundamentals of simulating and programming of workcells that include robots and other articulated objects.

Prerequisites: (CS 155 with a minimum grade of C or CS 160 with a minimum grade of C) and (CS 156 with a minimum grade of C and CS 157 with a minimum grade of C).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 456 Computer Networks Credits: 4 (3-3-0)

Course Description: Circuit/packet switching, protocols, LAN/MAN, TCP/IP, error correction, wireless LANS, mobile networks.

Prerequisites: (CS 160 with a minimum grade of C or CS 157 with a minimum grade of C and CS 156 with a minimum grade of C and CS 155 with a minimum grade of C) and (ECE 251 with a minimum grade of C) and (ECE 303 with a minimum grade of C or STAT 303 with a minimum grade of C).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 457 Fourier Optics Credits: 3 (3-0-0)

Course Description: Introduction to optical systems for signal and information processing with emphasis on Fourier optics.

Prerequisites: ECE 311 with a minimum grade of C and ECE 342 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 461 Power Systems Credits: 3 (3-0-0)

Course Description: Multi-phase power systems; power generation, transformer design, power distribution, power costs.

Prerequisites: ECE 332 with a minimum grade of C- and ECE 462, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 462 Power Systems Laboratory Credit: 1 (0-3-0)

Course Description: Set of labs designed to enhance students' understanding of power systems.

Prerequisites: ECE 332 with a minimum grade of C- and ECE 461, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 465 Electrical Energy Generation Technologies Credits: 3 (3-0-0)

Course Description: Various electrical energy generation alternatives. Comparisons based on cost, reliability, availability and environmental impact.

Prerequisite: ECE 202 with a minimum grade of C-.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 466 Integrated Lighting Systems Credits: 3 (3-0-0)

Course Description: Technical underpinnings of light sources, their associated heat sink fixtures and power electronics drivers.

Prerequisite: ECE 331 or INTD 330.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 471A Semiconductor Physics Credit: 1 (1-0-0)

Course Description: Fundamentals of semiconductor electron, hole states and motion: bandgap, effective mass, carrier density, Fermi level, doping, drift and diffusion.

Prerequisites: (MATH 340 or MATH 345) and (PH 142).

Registration Information: This is a partial semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 471B Semiconductor Junctions Credit: 1 (1-0-0)

Course Description: Quantitative analysis of field, carrier and current distributions in pn and metal-semiconductor junctions.

Prerequisites: ECE 331 and ECE 471A.

Registration Information: This is a partial semester course.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 472 MOS Integrated Circuits Credits: 3 (3-0-0)

Course Description: MOS transistor theory, design rules, layout design, gate, cell and circuit design, memories, clocking strategies, MOS technologies.

Prerequisite: ECE 332 with a minimum grade of C-.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

ECE 501 Foundations of Systems Engineering Credits: 3 (3-0-0)

Also Offered As: ENGR 501.

Course Description: Functional components of systems engineering, application of systems engineering to practical problems, system life-cycle process.

Prerequisite: None.

Registration Information: Credit not allowed for both ECE 501 and ENGR 501. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 503 Ultrafast Optics Credits: 3 (3-0-0)

Course Description: Principles and theory behind ultrashort pulse generation, amplification, and manipulation.

Prerequisites: (ECE 341) and (ECE 342 or ECE 343).

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 504 Physical Optics Credits: 3 (3-0-0)

Course Description: Classical optics from first principles; basic electromagnetic theory to wave and geometric guides.

Prerequisites: ECE 341 and ECE 342.

Registration Information: Graduate standing can substitute for ECE 342.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 505 Nanostructures: Fundamentals and Applications Credits: 3 (3-0-0)

Course Description: Fundamentals of quantum confinement; nanostructures optical properties; fabrication and characterization.

Prerequisites: ECE 342 and PH 353.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 506 Optical Interferometry and Laser Metrology Credits: 3 (3-0-0)

Course Description: High resolution metrology techniques utilizing and interferometric sensors using lasers and other light sources.

Prerequisites: ECE 341 and ECE 342 and ECE 441.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 507 Plasma Physics and Applications Credits: 3 (3-0-0)

Course Description: Fundamental principles and industrial applications of plasmas.

Prerequisite: ECE 342.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 508 Introduction to Power System Markets Credits: 3 (3-0-0)

Also Offered As: ENGR 508.

Course Description: Deregulated electrical power systems, system security, investments in generation and transmission, ancillary services, and nodal pricing.

Prerequisite: ECE 461.

Registration Information: Credit not allowed for both ECE 508 and ENGR 508. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 509 Signal Processing for Power Systems Credits: 3 (3-0-0)

Also Offered As: ENGR 509.

Course Description: Signal processing tools for analyzing power systems, voltage frequency, magnitude variations, unbalance, waveform distortion.

Prerequisites: ECE 312 and ECE 461.

Registration Information: Credit not allowed for both ECE 509 and ENGR 509. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 510 Wide-Area Monitoring for Power Systems Credits: 3 (3-0-0)

Course Description: WAMS for modern power grid including signal processing, communications and networking techniques in WAMS/WAMS applications.

Prerequisites: ECE 312 with a minimum grade of C and ECE 461 with a minimum grade of C.

Registration Information: Sections may be offered: Online.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 512 Digital Signal Processing Credits: 3 (3-0-0)

Course Description: Discrete time signals and systems, digital filter design and implementation, fast algorithms, quantization effects.

Prerequisite: ECE 312 with a minimum grade of C-.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 513 Digital Image Processing Credits: 3 (3-0-0)

Course Description: Image acquisition and display systems, image enhancement, restoration and encoding, image analysis; real-life applications.

Prerequisites: (ECE 303 with a minimum grade of C- or STAT 303 with a minimum grade of C-) and (ECE 312).

Registration Information: Sections may be offered: Online.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 514 Applications of Random Processes Credits: 3 (3-0-0)

Course Description: Bit-error rates, signal-to-noise power ratio, signal detection, signal estimation, Wiener filter, application.

Prerequisites: (ECE 303 with a minimum grade of C- or STAT 303 with a minimum grade of C-) and (ECE 312 with a minimum grade of C-).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 516 Information Theory Credits: 3 (3-0-0)

Course Description: Information measures and their properties; lossless data compression; channel capacity; channel coding theorem; rate distortion theorem.

Prerequisites: (ECE 303 or STAT 303) and (ECE 421).

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 520 Optimization Methods-Control and Communication Credits: 3 (3-0-0)

Course Description: Linear and nonlinear optimization theory and methods; applications in systems, control, and communication.

Prerequisites: MATH 229 and MATH 317.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 521 Satellite Communication Credits: 3 (3-0-0)

Course Description: Principles of satellite communication systems engineering.

Prerequisite: ECE 421.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 524 Wireless Telecommunications Credits: 3 (3-0-0)

Course Description: Physical layer design, including channel modeling, receiver design and performance, and multiple access techniques.

Prerequisite: ECE 421.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 525 Fiber Optic Communications Credits: 3 (3-0-0)

Course Description: Optoelectronic and optical components for fiber optics; communications system physical layer issues and examples.

Prerequisite: ECE 471B.

Registration Information: Sections may be offered: Online.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 526 Biological Physics Credits: 3 (3-0-0)

Also Offered As: BIOM 526.

Course Description: Mathematical and physical modeling of biological systems. Mass transport in cellular environments. Electrical/mechanical properties of biomolecules.

Prerequisites: (MATH 340 or MATH 345) and (PH 122 or PH 142).

Registration Information: Credit not allowed for both ECE 526 and BIOM 526. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 530 Overview of Systems Engineering Processes Credits: 3 (3-0-0)

Also Offered As: ENGR 530.

Course Description: Systems engineering life-cycle process and analysis techniques. Reliability and robustness.

Prerequisite: ECE 303 or STAT 303 or STAT 315.

Registration Information: Credit not allowed for both ECE 530 and ENGR 530. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 531 Engineering Risk Analysis Credits: 3 (3-0-0)

Also Offered As: ENGR 531.

Course Description: Estimation and risk identification, development of mitigation techniques.

Prerequisite: ECE 303 or STAT 303 or STAT 315.

Registration Information: Credit not allowed for both ECE 531 and ENGR 531. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 532 Dynamics of Complex Engineering Systems Credits: 3 (3-0-0)

Also Offered As: ENGR 532.

Course Description: Higher-level behavior and issues that emerge from interaction between components in complex socio-technical systems.

Prerequisite: ENGR 501, may be taken concurrently or ECE 501, may be taken concurrently.

Registration Information: Credit not allowed for both ECE 532 and ENGR 532. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 534 Analog Integrated Circuit Design Credits: 3 (3-0-0)

Course Description: Design methods for state-of-the-art analog integrated circuits including CMOS op-amps, comparators, and phase-locked loops.

Prerequisite: ECE 332 with a minimum grade of C-.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 535 Analog Integrated Circuit Laboratory Credit: 1 (0-2-0)

Course Description: Analog integrated circuits are designed and simulated using modern software tools.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 536 RF Integrated Circuit Design Credits: 3 (3-0-0)

Course Description: Design of state-of-the-art ICs for RF applications including CMOS low-noise amplifiers, voltage-controlled oscillators, mixers and power amplifiers.

Prerequisite: ECE 332.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 537 Biomedical Signal Processing Credits: 3 (3-0-0)

Also Offered As: BIOM 537.

Course Description: Measuring, manipulating, and interpreting biomedical signals.

Prerequisite: MATH 340 or ECE 311 or STAT 303.

Registration Information: Credit not allowed for both ECE 537 and BIOM 537.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 538 Design/Analysis of Analog Digital Interface Credits: 4 (3-3-0)

Course Description: Topics of interface circuit designs analog and digital interfaces. Basic concept of designing and analyzing analog and digital interface circuits.

Prerequisites: ECE 312 with a minimum grade of C- and ECE 332 with a minimum grade of C- and ECE 451.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 540 Computational Electromagnetics Credits: 3 (3-0-0)

Course Description: Computational techniques for practical applications in electromagnetic fields, devices, scattering, propagation, and radiation.

Prerequisite: ECE 342.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 543 Accelerator Engineering Credits: 3 (3-0-0)

Course Description: Development and uses of accelerators and storage rings. Principles of electric and magnetic fields used to bend, focus and accelerate charged particles.

Prerequisite: ECE 342 with a minimum grade of C or PH 351 with a minimum grade of C.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 546 Laser Fundamentals and Devices Credits: 3 (3-0-0)

Course Description: Amplification of light, laser excitation mechanisms, laser devices, characteristics and design.

Prerequisite: ECE 441.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 548 Microwave Theory and Component Design Credits: 3 (3-0-0)

Course Description: Fundamentals of microwave engineering, components, devices, and measurements.

Prerequisite: ECE 342 with a minimum grade of C-.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 549 Radar Systems and Design Credits: 3 (3-0-0)

Course Description: Fundamental ideas of radar operation and basic design of various radar types including current topics.

Prerequisite: ECE 444.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 550A Microprocessors Based Systems Credits: 4 (3-2-0)

Course Description: High-performance microprocessors, e.g., 68000 family; intelligent I/O processors. Asynchronous bus, virtual memory, microprocessor in control and multi-user systems.

Prerequisite: ECE 451.

Registration Information: CSUN students only. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 550B Microprocessors Based Systems Credits: 3 (3-0-0)

Course Description: High-performance microprocessors, e.g., 68000 family; intelligent I/O processors. Asynchronous bus, virtual memory, microprocessor in control and multi-user systems.

Prerequisite: ECE 451.

Registration Information: CSUN students only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 551 Microwave and Beam Instrumentation Lab Credits: 3 (2-3-0)

Course Description: Particle beam instrumentation, microwave measurements and magnetic measurements used in the design and diagnoses of charged particle beam accelerators.

Prerequisite: ECE 342 with a minimum grade of C or PH 351 with a minimum grade of C.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 552 Pulsed Power and Intense Beams Credits: 3 (3-0-0)

Course Description: Engineering concepts of high-power pulsed electronics and RF systems; how to produce and utilize intense beams. The conversion of electrical power.

Prerequisite: ECE 341 with a minimum grade of C or ECE 342 with a minimum grade of C or PH 351 with a minimum grade of C.

Registration Information: Sections may be offered: Online.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 554 Computer Architecture Credits: 3 (3-0-0)

Course Description: Fundamentals of computer design, multiprocessors and thread-level parallelism, storage systems, and interconnection networks and clusters.

Prerequisite: ECE 452 or CS 470.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 555 Robot Motion Planning Credits: 3 (3-0-0)

Course Description: Concepts in geometry and spatial reasoning for the design of autonomous robots.

Prerequisites: CS 253 and MATH 369.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 557 Digital Optical Computing Credits: 3 (3-0-0)

Course Description: Optical devices; optical disks, holographic memories; interconnection networks. Optical systems for numerical and nonnumerical data processing.

Prerequisite: ECE 441 or ECE 451 or ECE 554.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 560 Foundations of Fine-Grain Parallelism Credits: 4 (3-2-0)**Also Offered As:** CS 560.**Course Description:** Programming novel architectures; performance tuning; automatic parallelization; program transformation; polyhedral model; equational programming.**Prerequisite:** CS 475.**Registration Information:** Must register for lecture and laboratory. Credit not allowed for both ECE 560 and CS 560.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 561 Hardware/Software Design of Embedded Systems Credits: 4 (3-3-0)****Also Offered As:** CS 561.**Course Description:** Embedded systems design including system level modeling, design space exploration, hardware-software partitioning, high level synthesis.**Prerequisite:** CS 270 or CS 470 or ECE 251 or ECE 452.**Registration Information:** Credit not allowed for both ECE 561 and CS 561. Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 562 Power Electronics I Credits: 3 (3-0-0)****Course Description:** Switch mode and resonant converters, control using switch averaged dynamic models, modeling of all circuit components including sources, loads, and switches.**Prerequisite:** ECE 332 with a minimum grade of C-.**Registration Information:** Sections may be offered: Online.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 563 Power Electronics II Credits: 3 (3-0-0)****Course Description:** Electrical energy, processing circuits, lightweight power management, and power conversion circuits emphasizing small signal transfer functions.**Prerequisite:** ECE 562.**Registration Information:** Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 564 Resonant Converters Credits: 3 (3-0-0)****Course Description:** Analysis and design of resonant converters.**Prerequisite:** ECE 562.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 565 Electrical Power Engineering Credits: 3 (3-0-0)****Also Offered As:** ENGR 565.**Course Description:** Analysis of power systems in terms of current, voltage, and active/reactive power; introduction of computer-aided tools for power systems.**Prerequisites:** ECE 332 and ECE 342.**Registration Information:** Credit not allowed for both ECE 565 and ENGR 565. Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 566 Grid Integration of Wind Energy Systems Credits: 3 (3-0-0)****Course Description:** Aspects of integration of wind energy conversion systems (WECS) to electric power transmission grids.**Prerequisites:** ECE 461 and ECE 462 or ECE 565.**Registration Information:** Credit not allowed for both ECE 566 and ENGR 566. Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 567 Systems Engineering Architecture Credits: 3 (3-0-0)****Also Offered As:** ENGR 567.**Course Description:** Observation/classification of systems architecture. Systems architecture principles and critical evaluation through design studies.**Prerequisite:** ECE 501 or ENGR 501.**Registration Information:** Credit not allowed for both ECE 567 and ENGR 567. Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 568 Electrical Energy Generation Systems Credits: 3 (3-0-0)****Also Offered As:** ENGR 568.**Course Description:** Energy systems: renewable and traditional. Physics and operation of energy devices; solar-photovoltaic, wind energy, gas, coal and nuclear plants.**Prerequisite:** None.**Registration Information:** Written consent of instructor. Credit not allowed for both ECE 568 and ENGR 568. Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 569 Micro-Electro-Mechanical Devices Credits: 3 (3-0-0)****Also Offered As:** MECH 569.**Course Description:** Micro-electro-mechanical processes and applications in sensors, optics, and structures.**Prerequisite:** ECE 331 with a minimum grade of C- or MECH 344.**Registration Information:** Credit not allowed for both ECE 569 and MECH 569. Sections may be offered: Online.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 571 VLSI System Design Credits: 3 (3-0-0)****Course Description:** Design of integrated circuits at the system level including cell design, digital systems, parallel architecture, systolic arrays.**Prerequisites:** (ECE 451) and (ECE 575, may be taken concurrently).**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 572 Semiconductor Transistors Credit: 1 (1-0-0)****Course Description:** Quantitative analysis of electric field, carrier and current distributions in MOSFETs and bipolar junction transistors; scaling, non-idealities.**Prerequisites:** ECE 331 and ECE 471B.**Registration Information:** This is a partial semester course.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

ECE 573 Semiconductor Optoelectronics Laboratory Credits: 3 (1-4-0)

Course Description: Experimental characterization techniques for semiconductor optoelectronic devices and design and testing of related electronic circuits.

Prerequisite: ECE 471B.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 574 Optical Properties in Solids Credits: 3 (3-0-0)

Course Description: Light propagation and interaction with materials; linear and non-linear optical properties.

Prerequisite: ECE 441 with a minimum grade of C.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 575 Experiments in VLSI System Design I Credit: 1 (0-3-0)

Course Description: Set of labs designed to enhance students' understanding of the materials in ECE 571.

Prerequisite: ECE 451.

Registration Information: ECE 451; concurrent registration in ECE 571.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 576 VLSI Processing-Science and Technology Credits: 3 (3-0-0)

Course Description: Physics, chemistry of VLSI processing including plasma, thermal techniques of oxidation, deposition; photolithography, etching, cleaning, process modeling.

Prerequisite: ECE 472.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 587 Internship Credits: Var[1-6]

Course Description: Internship experience in Electrical or Computer Engineering.

Prerequisite: ECE 312 or ECE 456.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

ECE 604 Nonlinear Optics Credits: 3 (3-0-0)

Course Description: Principles of nonlinear optics, symmetry properties, multiple order nonlinear phenomenon, and nonlinear spectroscopy.

Prerequisites: ECE 504 and PH 451.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 611 Nonlinear Control Systems Credits: 3 (3-0-0)

Course Description: Controller analysis and design for nonlinear systems.

Prerequisite: ECE 412.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 612 Robust Control Systems Credits: 3 (3-0-0)

Course Description: Introduction to modern robust control theory techniques for analysis and design of large-scale uncertain multivariable systems.

Prerequisite: ECE 411.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 614 Principles of Digital Communications Credits: 3 (3-0-0)

Course Description: Information theory, optimal receiver design, waveform coding, error correcting coding.

Prerequisite: ECE 514.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 621 Energy Storage for Electrical Power Systems Credits: 3 (3-0-0)

Also Offered As: ENGR 621.

Course Description: Physics and operation of electrical, mechanical, thermal and novel energy storage systems/devices.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Written consent of instructor. Credit not allowed for both ECE 621 and ENGR 621. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 622 Energy Networks and Power Distribution Grids Credits: 3 (3-0-0)

Also Offered As: ENGR 622.

Course Description: Energy networks: generation, storage, consumers. Systems approach to analysis of distribution networks and transition to intelligent grid systems.

Prerequisites: (ECE 411 or MECH 417) and (ECE 565 or ENGR 565).

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both ECE 622 and ENGR 622. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 623 Electric Power Quality Credits: 3 (3-0-0)

Also Offered As: ENGR 623.

Course Description: Interconnecting power electronic devices and renewable energy sources to power systems.

Prerequisite: ECE 461 or ECE 562.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both ECE 623 and ENGR 623. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 641 Electromagnetics Credits: 3 (3-0-0)

Course Description: Electrostatics, magnetostatics, boundary value problems, EM induction, quasi-statics, Maxwell's equations.

Prerequisite: ECE 342.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 642 Time Harmonic Electromagnetics Credits: 3 (3-0-0)

Course Description: Maxwell's equations, radiation, boundary value problem, dyadic Green's functions, scattering theory.

Prerequisite: ECE 641.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 650 Extreme Ultraviolet and Soft X-Ray Radiation Credits: 3 (3-0-0)

Course Description: Fundamental principles of short wavelength electromagnetic radiation.

Prerequisite: ECE 342.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 651 Detection Theory Credits: 3 (3-0-0)

Course Description: Neyman-Pearson and Bayes detectors and properties, matched filter and matched subspace detectors, distributed detection, and applications.

Prerequisites: ECE 512 and ECE 514.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 652 Estimation and Filtering Theory Credits: 3 (3-0-0)

Course Description: Linear and Nonlinear parameter and state estimation methods; Optimal Kalman state estimation and applications.

Prerequisites: (ECE 411 or ECE 412) and (ECE 514 or STAT 525).

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 655 Multidimensional Digital Signal Processing Credits: 3 (3-0-0)

Course Description: Multidimensional signals and systems, 2-D transforms, stability methods, design and implementations, spectral factorization, and image modeling.

Prerequisite: ECE 512.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 656 Machine Learning and Adaptive Systems Credits: 3 (3-0-0)

Course Description: Adaptive system theory, statistical pattern recognition, supervised and unsupervised learning, support vector machines, manifold learning, applications.

Prerequisite: ECE 512.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 658 Internet Engineering Credits: 4 (3-3-0)

Also Offered As: CS 658.

Course Description: Link technologies, multiple access, hardware and software for internetworks routing, switching flow control, multicast, performance, and applications.

Prerequisite: ECE 456 or CS 457.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory. Credit not allowed for both ECE 658 and CS 658. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 660 Advanced Topics in VLSI Design Credits: 3 (3-0-0)

Course Description: VLSI synthesis, optimization, and other issues.

Prerequisite: ECE 571.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 661 Advanced Topics in Embedded Systems Credits: 4 (3-3-0)

Course Description: Embedded systems design: networks on chip, novel memory architectures, synthesis algorithms, optimization for low power, fault tolerance, security.

Prerequisites: (ECE 452) and (ECE 561 or CS 561).

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 666 Topics in Robotics Credits: 3 (3-0-0)

Course Description: Recent advances in robotics, automation, and intelligent systems.

Prerequisite: ECE 555 or MECH 514 or MECH 564.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 670B Topics in Architecture/Systems: Performance Evaluation and Modeling Credits: Var[1-4]

Also Offered As: CS 670B.

Course Description:

Prerequisite: ECE 554 or CS 570.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both ECE 670B and CS 670B.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

ECE 670C Topics in Architecture/Systems: Distributed Systems Credits: Var[1-4]**Also Offered As:** CS 670C.**Course Description:****Prerequisite:** ECE 554 or CS 570.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both ECE 670C and CS 670C.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 670D Topics in Architecture/Systems: Architecture of Advanced Systems Credits: Var[1-4]****Also Offered As:** CS 670D.**Course Description:****Prerequisite:** ECE 554 or CS 570.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both ECE 670D and CS 670D.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 672 Principles of Semiconductors Credits: 3 (3-0-0)****Also Offered As:** PH 672.**Course Description:** Electronic properties of semiconductors; band structure, statistics, transport properties, photoelectronic properties, potential barriers, interfaces.**Prerequisite:** ECE 471B or PH 531.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both ECE 672 and PH 672.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 673 Thin Film Growth Credits: 3 (3-0-0)****Course Description:** Microstructures of physically vapor-deposited films; thin-film morphological development; atomistic processes of condensation, nucleation, and growth.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Required for course: one course in thermodynamics. Sections may be offered: Online.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 674 Heterogeneous Computing Credits: 3 (3-0-0)****Also Offered As:** CS 674.**Course Description:** Allocation of resources to tasks in parallel and distributed heterogeneous computing systems. A variety of computational environments are considered.**Prerequisite:** CS 570 or CS 575 or ECE 550A or ECE 550B or ECE 554.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both ECE 674 and CS 674.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 695 Independent Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ECE 697 Group Study Credits: Var[1-6]****Also Offered As:** ENGR 697.**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both ECE 697 and ENGR 697.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 699 Thesis Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**ECE 721 Topics in Communication Theory Credits: 3 (3-0-0)****Course Description:** Detection and estimation theory; radar-sonar problems; nonlinear modulation; information theory; communication systems.**Prerequisite:** ECE 521.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 742 Topics in Electromagnetics Credits: 3 (3-0-0)****Course Description:** Applications of wave propagation and scattering to microwave radar, Doppler radar, meteorological radar applications.**Prerequisite:** ECE 641.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 744 Topics in Plasma Dynamics Credits: 3 (3-0-0)****Course Description:** Kinetic equations, nonlinear theory of waves and instabilities; plasma fluctuation and radiations; plasma diagnostics and plasma heating.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**ECE 752 Topics in Signal Processing Credits: 3 (3-0-0)****Course Description:** Adaptive filtering, spectral estimation, sonar/radar signal processing, and detection/classification schemes.**Prerequisites:** (ECE 512) and (ECE 514 or STAT 525).**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.

ECE 777 X-Ray Lasers Credits: 3 (3-0-0)

Course Description: Fundamentals, design, and implementation of soft X-ray lasers and X-ray optics.

Prerequisite: ECE 546.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

ECE 795 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

ECE 799 Dissertation Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Computer Engineering

A discipline that combines several fields of electrical engineering and computer science, computer engineers continually push the capability and applicability of computers in every industry and every facet of modern life. Computer engineering not only focuses on how computer systems themselves work, but also how they integrate into society.

Requirements Effective Fall 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

In order to maintain professional standards required of practicing engineers, the Department of Electrical and Computer Engineering requires a cumulative grade point average of at least 2.000 in Electrical Engineering courses as a graduation requirement. It is the responsibility of any student who fails to maintain a 2.000 average to work with his or her advisor to correct grade point deficiencies. In addition, it is required that students retake any Electrical Engineering course at the 300-level or below in which they receive a grade below C.

¹ Students are required to participate in the Professional Learning Institute (PLI) program as a requirement for graduation. The program consists of eleven PLI workshops distributed by focus areas as follows: Global and Cultural Diversity (2 workshops), Innovation (2 workshops), Leadership (2 workshops), Civic and Public Engagement (2 workshops), and Ethics (3 workshops). Each workshop is between 1-2 hours long and no outside preparation is required to attend any of the workshops. Attendance at the required workshops may be spread over the student's four-year program.

² MATH 369 is recommended for students interested in the Mathematics minor.

³ CS 320 (followed by CS 453 in the senior year) is recommended for students interested in specializing in computer system design.

⁴ ECE 332 is recommended for students interested in specializing in VLSI.

⁵ CS 453 is recommended as one of the electives for students interested in specializing in computer system design.

Major in Electrical Engineering

From Global Positioning Systems to electric power generation, for more than a century electrical engineers have contributed to the development of a wide array of new technologies. Electrical engineers design, develop, test, and supervise the deployment of electrical systems and electronic devices for a range of industries.

Students choose between the Electrical Engineering and Lasers and Optical Engineering concentrations, each one of which leads to the Bachelor of Science degree. The number of credits within each concentration ranges between 125 and 126 credits. Since the first year of both programs is common, the student need not make his or her choice until the sophomore year. In the senior year, Electrical Engineering students select courses relating to their particular career interests.

Concentrations

- Electrical Engineering Concentration
- Lasers and Optical Engineering Concentration

Major in Electrical Engineering, Electrical Engineering Concentration

The Electrical Engineering concentration covers a broad range of electrical engineering subdisciplines and allows a student to focus on their particular area of interest using technical electives.

Attendance at the required workshops may be spread over the student's four-year program.

² Select courses from the appropriate departmental list of approved courses.

Major in Electrical Engineering, Lasers and Optical Engineering Concentration

Lasers and Optical Engineering focuses on optics and waves, optical electronics, optical information processing, and communications.

Lasers and Optical Engineering students take three additional physics courses, senior-level courses in optical electronics and optical processing, and technical electives in the optical area.

Requirements Effective Fall 2015

ECE 303/STAT 303	Introduction to Communications Principles		3
ECE 401 ³	Senior Design Project I	4A,4B	3
ECE 402	Senior Design Project II	4C	3
ECE 404	Experiments in Optical Electronics		2
ECE 441	Optical Electronics		3
ECE 457	Fourier Optics		3
PH 451	Introductory Quantum Mechanics I		3
Technical Electives (see list below)			12
Additional Requirements for Graduation ¹			0
Total Credits			32
Program Total Credits:			125-126

Science/Engineering Electives

BC 351	Principles of Biochemistry		4
BIOM 306/BTEC 306	Bioprocess Engineering		4
BMS 300	Principles of Human Physiology		4
BMS 301	Human Gross Anatomy		5
BMS 325	Cellular Neurobiology		3
BMS 345	Functional Neuroanatomy		4
BZ 310	Cell Biology		4
CHEM 112	General Chemistry Lab I (GT-SC1)		1
CHEM 245	Fundamentals of Organic Chemistry		4
CHEM 246	Fundamentals of Organic Chemistry Laboratory		1
CIVE 260	Engineering Mechanics-Statics		3
CS 122/MATH 122	Theory for Introductory Programming		1
CS 155	Introduction to Unix ³		1
CS 156	Introduction to C Programming I ³		1
CS 157	Introduction to C Programming II ³		1
CS 161	Object-Oriented Problem Solving		4
CS 200	Algorithms and Data Structures		4
CS 253	Software Development with C++		4
CS 370	Operating Systems		3
ECE 395	Independent Study ⁴		1-18
HES 307	Biomechanical Principles of Human Movement		3
LIFE 103	Biology of Organisms-Animals and Plants		4
MATH 151	Mathematical Algorithms in Matlab I		1
MATH 229	Matrices and Linear Equations		2
MATH 332	Partial Differential Equations		3
MATH 366	Introduction to Abstract Algebra		3

MATH 369	Linear Algebra I	3
MECH 237	Introduction to Thermal Sciences ⁵	3
MECH 303	Energy Engineering	3
MECH 337	Thermodynamics ⁵	4
MIP 300	General Microbiology	3
PH 341	Mechanics	4
PH 353	Optics and Waves	4

Technical Electives

BIOM 526/ ECE 526	Biological Physics	3
BIOM 470/ MECH 470	Biomedical Engineering	3
BIOM 570/ MECH 570	Bioengineering	3
ECE 411	Control Systems	4
ECE 412	Digital Control and Digital Filters	3
ECE 444	Antennas and Radiation	3
ECE 450	Digital System Design Laboratory	1
ECE 451	Digital System Design	3
ECE 461	Power Systems	3
ECE 462	Power Systems Laboratory	1
ECE 471A	Semiconductor Physics	1
ECE 471B	Semiconductor Junctions	1
ECE 495	Independent Study	1-18
ECE 503	Ultrafast Optics	3
ECE 504	Physical Optics	3
ECE 505	Nanostructures: Fundamentals and Applications	3
ECE 506	Optical Interferometry and Laser Metrology	3
ECE 507	Plasma Physics and Applications	3
ECE 520	Optimization Methods-Control and Communication	3
ECE 525	Fiber Optic Communications	3
ECE 546	Laser Fundamentals and Devices	3
ECE 571	VLSI System Design	3
ECE 572	Semiconductor Transistors	1
ECE 573	Semiconductor Optoelectronics Laboratory	3
ECE 574	Optical Properties in Solids	3
ECE 575	Experiments in VLSI System Design I	1
ECE 58*	Experimental Courses in Lasers/Optics Topics	
MATH 419	Introduction to Complex Variables	3
PH 315	Modern Physics Laboratory	2
PH 425	Advanced Physics Laboratory	2
PH 452	Introductory Quantum Mechanics II	3
PH 462	Statistical Physics	3

- ¹ Students are required to participate in the Professional Learning Institute (PLI) program as a requirement for graduation. The program consists of eleven PLI workshops distributed by focus areas as follows: Global and Cultural Diversity (2 workshops), Innovation (2 workshops), Leadership (2 workshops), Civic and Public Engagement (2 workshops), and Ethics (3 workshops). Each workshop is between 1-2 hours long and no outside preparation is required to attend any of the workshops. Attendance at the required workshops may be spread over the student's four-year program.
- ² Project must be a laser and optical engineering topic.
- ³ CS 155, CS 156, and CS 157 count as Science/Engineering electives only when taken with CS 160. CS 160 will be applied to the freshman year selection requirement.
- ⁴ Only 3 credits of Independent Study may apply to degree requirements. Credit for ECE 395 and ECE 495 for a total of 3 credits of Independent Study that may apply toward degree requirements.
- ⁵ Students may take either MECH 237 or MECH 337 to fulfill degree requirements. Credit will not be counted for both toward the degree.

Master of Science in Electrical Engineering, Plan A Requirements Grandfather

Courses

Regular Courses ^{1, 2}	21
---------------------------------	----

Thesis

ECE 699	Thesis	9
---------	--------	---

Program Total Credits	30
-----------------------	----

A minimum of 30 credits are required to complete this program.

- ¹ Courses not accepted as regular include all courses ending in -82 to -99. Only 6 credits allowed at the 400-level.
- ² Select courses with approval of advisor and graduate committee.

Master of Science in Electrical Engineering, Plan B Requirements Grandfather

Courses

Regular Courses ^{1, 2}	27
---------------------------------	----

Research

ECE 695	Independent Study	3
---------	-------------------	---

Program Total Credits	30
-----------------------	----

A minimum of 30 credits are required to complete this program.

- ¹ Courses not accepted as regular include all courses ending in -82 to -99. Only 6 credits allowed at the 400-level.
- ² Select courses with approval of advisor and graduate committee.

Department of Mechanical Engineering

Engineering Building, Room A103
(970) 491-6558; (970) 491-0924

Professor Susan P. James, Head

Toni-Lee Viney, Undergraduate Program Coordinator
Star Garcia, Undergraduate Advisor
Tiara Marshall, Academic Support Coordinator

Megan Kosovski, Graduate Program Coordinator

Undergraduate

Majors

- Major in Mechanical Engineering
- Major in Biomedical Engineering and Mechanical Engineering

Graduate Graduate Programs in Mechanical Engineering

Programs are offered leading to the Master of Science, Master of Engineering (Mechanical Engineering specialization), and Doctor of Philosophy. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Mechanical Engineering (<http://www.engr.colostate.edu/me>).

Master Programs

- Master of Science in Mechanical Engineering, Plan A
- Master of Science in Mechanical Engineering, Plan B
- Master of Engineering, Plan C, Mechanical Engineering Specialization

Ph.D.

- Ph.D. in Mechanical Engineering

Courses Mechanical Engineering (MECH)

MECH 101 Introduction to Mechanical Engineering Credits: 3 (3-0-0)

Course Description: The discipline of Mechanical Engineering as described in problems and problem solving methods--energy, materials, motion, fluids.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 103 Introduction to Mechanical Engineering Credits: 3 (3-0-0)

Course Description: The discipline of Mechanical Engineering as described in problems and problem solving methods-energy, materials, motion, fluids.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 105 Mechanical Engineering Problem Solving Credits: 3 (3-0-0)

Course Description: Programming and engineering problem solving techniques, algorithms and processes from physics and calculus first principles.

Prerequisites: MECH 103 with a minimum grade of C and MATH 160 and PH 141, may be taken concurrently.

Registration Information: Credit not allowed for both MECH 105 and MECH 102.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 200 Introduction to Manufacturing Processes Credits: 3 (2-2-0)

Course Description: Engineering drawings, materials, manufacturing, and safety. Hand tools, cutting, drilling, the lathe, mill and numerical control.

Prerequisite: None.

Registration Information: Mechanical engineering and engineering science majors only. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 201 Engineering Design I Credits: 2 (1-2-0)

Course Description: Engineering design process and the roles of visual communication with emphasis on 3D physical solid modelers and Pro/ENGINEER.

Prerequisite: MECH 102 with a minimum grade of C or MECH 105 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 202 Engineering Design II Credits: 3 (2-2-0)

Course Description: Engineering design process with emphasis on teamwork, ideation, decision-making, project planning applied to a group design project.

Prerequisites: MECH 201 with a minimum grade of C and MECH 200 with a minimum grade of C, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 231 Engineering Experimentation Credits: 3 (2-2-0)

Course Description: Measurement systems; experimental design; data acquisition and analysis techniques.

Prerequisites: (MECH 102 with a minimum grade of C or MECH 105 with a minimum grade of C) and (PH 142 with a minimum grade of C).

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 237 Introduction to Thermal Sciences Credits: 3 (3-0-0)

Course Description: First and second laws of thermodynamics, properties of materials, energy conversion, statistical aspects, heat transfer.

Prerequisites: PH 141 and MATH 160.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 262 Engineering Mechanics Credits: 4 (4-0-0)

Course Description: Forces, static equilibrium, mass center, moments of inertia, kinematics and kinetics of particles and rigid bodies.

Prerequisites: (MATH 161) and (PH 141).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 301 Engineering Design III Credits: 2 (1-2-0)

Also Offered As: MECH 302.

Course Description: Computer-aided engineering tools FEA and CFD for analysis and prediction of robustness and performance of mechanical components and assemblies.

Prerequisites: (CIVE 360) and (MECH 202 with a minimum grade of C, may be taken concurrently) and (MECH 342 with a minimum grade of C).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 302 Engineering Design III Credits: 3 (3-0-0)

Course Description: Design fundamentals, including design processes, project planning, creativity, manufacturing, and human factors.

Prerequisites: CIVE 360 with a minimum grade of C and MECH 202 with a minimum grade of C and MECH 324 with a minimum grade of C and MECH 337 with a minimum grade of C and MECH 342 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 303 Energy Engineering Credits: 3 (3-0-0)

Course Description: Energy generation (coal, oil, natural gas, solar, wind, geothermal, hydropower, tidal, biofuel, nuclear...), conversion, distribution, storage, efficiency.

Prerequisite: CBE 310 or ECE 341 or MECH 237 or MECH 337 or PH 361.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 307 Mechatronics and Measurement Systems Credits: 4 (3-3-0)

Course Description: Mechatronic and measurement system analysis and design; applied electronics; data acquisition; microcontroller interfacing and programming.

Prerequisites: CIVE 261 with a minimum grade of C and ECE 204 with a minimum grade of C and MATH 340 with a minimum grade of C and MECH 231 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 324 Dynamics of Machines Credits: 4 (3-2-0)

Course Description: Analysis and synthesis of moving machinery.

Prerequisites: CIVE 261 and MATH 340 with a minimum grade of C, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 325 Machine Design Credits: 3 (3-0-0)

Course Description: Design of mechanical components to avoid failure during operation. Stress analysis, failure theories, and specific mechanical components in design context.

Prerequisite: CIVE 360 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 331 Introduction to Engineering Materials Credits: 4 (3-2-0)

Course Description: Characteristics of metallic, plastic, and ceramic material; basic principles which relate properties of materials to their atomic and microstructure.

Prerequisites: CHEM 111 with a minimum grade of C and CHEM 112 with a minimum grade of C and MECH 231 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 337 Thermodynamics Credits: 4 (3-0-1)

Course Description: First and second laws, property relationships, characteristic functions, thermodynamics solver, various thermodynamics applications.

Prerequisites: MATH 261 with a minimum grade of C and PH 141 with a minimum grade of C.

Registration Information: Must register for lecture and recitation.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 338 Thermal/Fluid Sciences Laboratory Credit: 1 (0-3-0)

Course Description: Experimental methods in heat transfer, fluid flow, and thermodynamics.

Prerequisites: MECH 337 with a minimum grade of C and MECH 342 with a minimum grade of C.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 342 Mechanics and Thermodynamics of Flow Processes Credits: 3 (3-0-0)

Course Description: Engineering details of viscous flow with losses, measurements, compressibility, turbomachinery, convective heat transfer.

Prerequisites: MATH 340 with a minimum grade of C and PH 141 with a minimum grade of C and MECH 337 with a minimum grade of C, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 344 Heat and Mass Transfer Credits: 3 (3-0-0)

Course Description: Transport and rate processes, conduction, convection, and radiation.

Prerequisite: MECH 342 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 392 Graduate Education and Research Seminar Credit: 1 (0-0-1)

Course Description: Research in graduate school and industry as a career option for mechanical engineers.

Prerequisites: MECH 231 with a minimum grade of C and MECH 237 with a minimum grade of C.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

MECH 402 Mechanical Engineering Experimental Analysis Credits: 3 (2-2-0)

Course Description: Analysis of large data sets associated with mechanical engineering experimentation; optimization; variability; design of experiments.

Prerequisites: (MECH 307 with a minimum grade of C) and (MECH 324 with a minimum grade of C) and (MECH 331 with a minimum grade of C) and (MECH 338 with a minimum grade of C).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 407 Laser Applications in Mechanical Engineering Credits: 3 (3-0-0)

Course Description: Review of electromagnetic waves; applications of lasers and optics in engineering, e.g., position sensing, flowfield measurement, cutting and welding.

Prerequisite: PH 142.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 408 Applied Engineering Economy Credits: 3 (2-0-1)

Course Description: The basic principles and calculations of engineering economy with application to real problems, including energy and the environment.

Prerequisite: MATH 161.

Registration Information: Credit not allowed for both MECH 408 and MECH 410.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 410 Engineering Economy Principles/Calculations Credit: 1 (0-0-1)

Course Description: Basic principles and calculation of engineering economy.

Prerequisite: MATH 161.

Registration Information: Credit not allowed for both MECH 410 and MECH 408. Offered as an online course only. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 411 Manufacturing Engineering Credits: 3 (3-0-0)

Course Description: Casting, forming, machining, and welding processes used in manufacturing operations.

Prerequisites: CIVE 360 and MECH 331.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 417 Control Systems Credits: 3 (2-2-0)

Course Description: Feedback and forward loop control design and simulation; discrete time and frequency domain methods with implementation considerations.

Prerequisites: MATH 340 and MECH 307.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 424 Advanced Dynamics Credits: 3 (3-0-0)

Course Description: Kinematics and dynamics of rigid bodies. Hamilton's principle and Lagrange's equations for lumped parameter extended bodies and distributed systems.

Prerequisite: MECH 324.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 425 Mechanical Engineering Vibrations Credits: 4 (3-2-0)

Course Description: Vibrations applied to rotating machinery and structures. SDOF and MDOF systems, mode shapes, vibration measurements and control. Hands-on lab.

Prerequisite: MECH 324.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 431 Metals and Alloys Credits: 3 (3-0-0)

Course Description: Engineering metals and alloys, modification of properties by alloying, plastic deformation, and heat treatment. Fundamentals of physical metallurgy.

Prerequisite: MECH 331.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 432 Engineering of Nanomaterials Credits: 3 (3-0-0)

Course Description: Structure, properties, and processing of extremely small (10 to the minus 9 m) synthetic and natural materials.

Prerequisite: MECH 331.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 437 Internal Combustion Engines Credits: 3 (2-0-1)

Course Description: Application of thermodynamics, heat transfer, and fluid mechanics to internal combustion engines.

Prerequisite: MECH 344.

Registration Information: Must register for lecture and recitation.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 460 Aeronautics Credits: 3 (3-0-0)

Course Description: Thermodynamics and fluid mechanics principles applied to the mechanics, aerodynamics, performance, stability, and control of airplanes.

Prerequisite: MECH 342.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 463 Building Energy Systems Credits: 3 (3-0-0)

Course Description: Comfort, psychrometrics, loads, solar radiation, heating and cooling system design, transport, solar system design, economics.

Prerequisite: MECH 344.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 468 Space Propulsion and Power Engineering Credits: 3 (3-0-0)

Course Description: Orbital mechanics and space missions; chemical, nuclear, and electric rockets; nuclear heat sources; thermoelectric and photovoltaic devices.

Prerequisites: ECE 204 and MECH 337 and MECH 342.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 470 Biomedical Engineering Credits: 3 (3-0-0)

Also Offered As: BIOM 470.

Course Description: Engineering application in human/animal physiology, diagnosis of disease, treatment, rehabilitation, human genome manipulation.

Prerequisites: (MATH 155 or MATH 160) and (PH 141).

Registration Information: Credit not allowed for both MECH 470 and BIOM 470.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 486A Engineering Design Practicum: I Credits: 4 (1-12-0)

Course Description: Capstone engineering design project; transition experience to the mechanical engineering profession in industry and graduate education.

Prerequisites: MECH 301 with a minimum grade of C and MECH 325 with a minimum grade of C and MECH 344 with a minimum grade of C and MECH 402 with a minimum grade of C, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 486B Engineering Design Practicum: II Credits: 4 (1-12-0)

Course Description: Capstone engineering design project; transition experience to the mechanical engineering profession in industry and graduate education.

Prerequisites: MECH 338 with a minimum grade of C and MECH 486A with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 498A Engineering Research Practicum: Fall Credits: 4 (1-12-0)

Course Description: Capstone engineering research project; transition experience to graduate research and education.

Prerequisites: MECH 301 with a minimum grade of C and MECH 325 with a minimum grade of C and MECH 402 with a minimum grade of C, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 498B Engineering Research Practicum: Spring Credits: 4 (1-12-0)

Course Description: Capstone engineering research project; transition experience to graduate research and education.

Prerequisites: MECH 338 with a minimum grade of C and MECH 498A with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 501 Engineering Project and Program Management Credits: 3 (0-0-3)

Course Description: Engineering program management fundamentals, program planning and control strategies, risk assessment, work breakdown structures and costing options.

Prerequisite: None.

Registration Information: Admission to the M.E. program. Offered as an online course only.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 502 Advanced/Additive Manufacturing Engineering Credits: 3 (3-0-0)

Course Description: Materials, controls, and mechanics applied to additive manufacturing; rapid prototyping; direct digital manufacturing.

Prerequisites: MECH 202 and MECH 331.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 503 Engineering Maintenance Process Credits: 3 (0-0-3)

Course Description: Design for engineering maintainability development and management of effective maintenance programs applicable to typical industrial environments.

Prerequisite: None.

Registration Information: Admission to the M.E. program. Offered as an online course only.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 504 Specification and Procurement of Engr Systems Credits: 3 (0-0-3)

Course Description: Specification and procurement of engineering systems, including contracts, legal, ethics and Statement of Work development.

Prerequisite: None.

Registration Information: Admission to the M.E. program. Offered as an online course only.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 507 Laser Diagnostics for Thermosciences Credits: 3 (3-0-0)

Course Description: Basics of optics, spectroscopy, and lasers. Physics and applications of laser diagnostic techniques used in thermosciences.

Prerequisite: PH 142.

Registration Information: Sections may be offered: Online.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 509 Design and Analysis in Engineering Research Credits: 3 (3-0-0)

Course Description: Design, model building, analysis and reporting in engineering and manufacturing research and experimentation.

Prerequisites: MATH 340 and STAT 315.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 511 Engineering Decision Making Under Uncertainty Credits: 3 (3-0-0)

Course Description: Systems engineering and engineering economic methodologies for evaluating interdependent capital expenditure proposals under incomplete information.

Prerequisites: MECH 410 and STAT 315.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 512 Reliability Engineering Credits: 3 (3-0-0)

Course Description: Models to predict time to failure of mechanical or electronic devices, reliability data analysis and case studies.

Prerequisites: STAT 315 and MECH 513.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 513 Simulation Modeling and Experimentation Credits: 3 (3-0-0)

Course Description: Logic/analytic modeling in simulations. Event and transient entity-based simulation languages. Simulation design, experimentation and analysis.

Prerequisite: STAT 315.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 514 Manufacturing and Robotic Systems Credits: 3 (2-2-0)

Course Description: Examination of electromechanical systems of manufacturing applications and robotics.

Prerequisite: MECH 417.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 520 Finite Element Analysis in Mechanical Engr Credits: 3 (3-0-0)

Course Description: Application of FEA as a tool to analyze mechanical engineering problems.

Prerequisites: (CIVE 360) and (MATH 340 or MATH 530).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 523 Vehicle Energy Storage System Design Credits: 3 (3-0-0)

Course Description: Develop vehicle system designs utilizing electrochemical energy storage systems such as batteries and capacitors.

Prerequisite: MECH 331.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 524 Principles of Dynamics Credits: 3 (3-0-0)

Course Description: Kinematics and dynamics of rigid body motion; Lagrangian and Hamiltonian formulations of mechanics; applications to engineering problems.

Prerequisite: MECH 324.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 525 Cell and Tissue Engineering Credits: 3 (3-0-0)

Also Offered As: BIOM 525.

Course Description: Cell and tissue engineering concepts and techniques with emphasis on cellular response, cell adhesion kinetics, and tissue engineering design.

Prerequisite: BC 351 or BMS 300 or BMS 500 or BZ 310 or NB 501.

Registration Information: Credit only allowed for one of the following: MECH 525, BIOM 525, and CBE 525. Sections may be offered: Online.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

MECH 526 Fundamentals of Vehicle Dynamics Credits: 3 (3-0-0)

Course Description: Kinetics of vehicle suspensions, steady-state and transient stability and control, tires, wheel and suspension geometry and loads, dampers, steering.

Prerequisite: MECH 324.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 527 Hybrid Electric Vehicle Powertrains Credits: 3 (3-0-0)

Course Description: Hybrid powertrains and modeling including vehicle dynamics, internal combustion engine, electric motor, energy storage, and control.

Prerequisite: MECH 307.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 529 Advanced Mechanical Systems Credits: 3 (3-0-0)

Course Description: Modeling, analysis, and synthesis of practical mechanical devices in which dynamic response is dominant consideration.

Prerequisite: MECH 307.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 530 Advanced Composite Materials Credits: 3 (3-0-0)

Course Description: Materials aspects of advanced composite constituents and how their combination yields synergistic results.

Prerequisites: CIVE 360 and MECH 337.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 531 Materials Engineering Credits: 3 (3-0-0)

Also Offered As: BIOM 531.

Course Description: Selection of structural engineering materials by properties, processing, and economics; materials for biomedical and biotechnology applications.

Prerequisite: MECH 331 or MECH 431.

Registration Information: Credit not allowed for both MECH 531 and BIOM 531. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 532 Materials Issues in Mechanical Design Credits: 3 (3-0-0)

Also Offered As: BIOM 532.

Course Description: Failure mechanisms from materials viewpoint with emphasis on use in design. Fracture, creep, fatigue, and corrosion.

Prerequisite: MECH 331.

Registration Information: Credit not allowed for both MECH 532 and BIOM 532. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 536 Materials Applications in Renewable Energy Credits: 3 (3-0-0)

Course Description: Materials science applied to renewable energy, transmission and storage; study of solar cells, fuel cells, Li-ion batteries and related technologies.

Prerequisite: MECH 331.

Registration Information: Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 538 Mechanical Engineering Thermodynamics Credits: 3 (3-0-0)

Course Description: First and second laws of thermodynamics applied to engineering devices and systems. Introduction to availability, energy, and lost work analysis.

Prerequisite: MECH 337.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 539 Advanced Fluid Mechanics Credits: 3 (3-0-0)

Course Description: Properties, kinematics; vorticity; exact solutions; instability; boundary layers; turbulence; wakes; compressible flow; supersonic flow; shockwaves.

Prerequisite: CIVE 300 or MECH 342.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 543 Biofluid Mechanics Credits: 3 (3-0-0)

Course Description: Fluid dynamic concepts for understanding fluid motion in living organs/organisms; advanced research applications.

Prerequisites: MECH 342 or CIVE 300 or BMS 300 and PH 121 or BMS 300 and PH 141 or BMS 420.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 544 Advanced Heat Transfer Credits: 3 (3-0-0)

Course Description: Fundamentals and engineering applications of heat transfer including conduction, convection, and radiation.

Prerequisite: MECH 344.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 551 Physical Gas Dynamics I Credits: 3 (3-0-0)

Course Description: Characteristics of real gases in reacting and nonequilibrium systems; equilibrium air; statistical mechanics, chemical thermodynamics.

Prerequisite: MECH 342.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 552 Applied Computational Fluid Dynamics Credits: 3 (3-0-0)

Course Description: Introductory theory of CFD, formulation of engineering problems for CFD analyses, mesh generation, solver settings, and postprocessing.

Prerequisite: CIVE 300 or CBE 331 or MECH 342.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 555 Ceramic Materials Engineering Credits: 3 (3-0-0)

Course Description: Ceramic materials engineering and its application to materials technologies.

Prerequisite: MECH 331.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 557 Turbomachinery Credits: 3 (3-0-0)

Course Description: Application of fundamental principles of thermodynamics and fluid mechanics to turbomachinery.

Prerequisites: MECH 337 and MECH 342.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 558 Combustion Credits: 3 (3-0-0)

Course Description: Combustion processes: explosions, detonations, flame propagation, ignition, generation of pollutants in moving and stationary energy conversion systems.

Prerequisite: MECH 342.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 561 Space Propulsion and Mission Analysis Credits: 4 (4-0-0)

Course Description: Analysis of space flight missions and propulsion systems.

Prerequisite: MATH 340.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 564 Fundamentals of Robot Mechanics and Controls Credits: 3 (3-0-0)

Course Description: Kinematics of robots, controls for robots.

Prerequisite: MECH 417.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 567 Broad-Beam Ion Sources Credits: 3 (3-0-0)

Course Description: Physical processes in broad-beam electron-bombardment ion sources for space propulsion and ion machining applications.

Prerequisite: MATH 340.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 569 Micro-Electro-Mechanical Devices Credits: 3 (3-0-0)

Also Offered As: ECE 569.

Course Description: Micro-electro-mechanical processes and applications in sensors, optics, and structures.

Prerequisite: MECH 344 or ECE 331 with a minimum grade of C-.

Registration Information: Credit not allowed for both MECH 569 and ECE 569. Sections may be offered: Online.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 570 Bioengineering Credits: 3 (3-0-0)

Also Offered As: BIOM 570.

Course Description: Physiological and medical systems analysis using engineering methods including mechanics, fluid dynamics, control, electronics, and signal processing.

Prerequisites: MECH 307 and MECH 324.

Registration Information: Credit not allowed for both MECH 570 and BIOM 570. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 573 Structure and Function of Biomaterials Credits: 3 (3-0-0)

Also Offered As: BIOM 573.

Course Description: Structure-function relationships of natural biomaterials; application to analysis of biomimetic materials and biomaterials used in medical devices.

Prerequisite: MECH 331.

Registration Information: Credit not allowed for both MECH 573 and BIOM 573. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 574 Bio-Inspired Surfaces Credits: 3 (3-0-0)

Also Offered As: BIOM 574.

Course Description: Analysis of surface functionalities of various biological species; identification of design principles.

Prerequisites: MECH 342 and CHEM 111.

Registration Information: Credit not allowed for both MECH 574 and BIOM 574.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 575 Solar and Alternative Energies Credits: 3 (3-0-0)

Course Description: Solar radiation, flat-plate collectors, energy storage, space heating and cooling, power generation, applications, simulation.

Prerequisites: MECH 337 and MECH 342 and MECH 344.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 576 Quantitative Systems Physiology Credits: 4 (4-0-0)

Also Offered As: BIOM 576.

Course Description: Quantitative, model-oriented approach to cellular and systems physiology with design examples from biomedical engineering.

Prerequisites: BMS 300 and CHEM 113 and MATH 340 and PH 142.

Registration Information: Credit not allowed for both BIOM 576 and MECH 576. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 609 Experimental Optimization Credits: 3 (1-0-2)

Course Description: Application of design of experiments, response surface and optimization methods to experimental investigations.

Prerequisite: STAT 315.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and recitation. Sections may be offered: Online.

Term Offered: Summer (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 626 Race Car Vehicle Dynamics Credits: 3 (3-0-0)

Course Description: Quasi-static, steady-state and transient analyses of racing suspensions including modal analysis in roll, pitch, heave, yaw and warp.

Prerequisites: CIVE 562 and MECH 524 and MECH 526.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 628 Applied Fracture Mechanics Credits: 3 (3-0-0)

Course Description: Stress distribution near cracks; energy criteria for fracture; design criteria; fracture toughness testing.

Prerequisite: CIVE 560.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 644 Conduction Heat Transfer Credits: 3 (3-0-0)

Course Description: Linear and nonlinear, isotropic and nonisotropic conduction; analytical, numerical techniques, inverse methods.

Prerequisite: MECH 344.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 645 Radiation Heat Transfer Credits: 3 (3-0-0)

Course Description: Radiation fundamentals; properties; spectral, directional variations; transfer between surfaces; participating media; numerical Monte Carlo methods.

Prerequisite: MECH 344.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 646 Convection Heat Transfer Credits: 3 (3-0-0)

Course Description: Fundamentals; conservation, constitutive equations; second law; forced, free convection; internal, external flows; laminar, turbulent flows.

Prerequisite: MECH 344.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 650 Computational Materials from First Principles Credits: 3 (3-0-0)

Course Description: Ab initio calculations for molecules, clusters, solutions and solid state materials, ab initio and classical molecular dynamics simulations.

Prerequisites: (CHEM 461 or MECH 331) and (CHEM 474 or MECH 337 or PH 361) and (MATH 340).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 651 Computational Gas Dynamics Credits: 3 (3-0-0)

Course Description: Numerical methods for inviscid and viscous compressible flow.

Prerequisite: MECH 530.

Registration Information: Written consent of instructor.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 657 Advanced Computational Gas Dynamics Credits: 4 (3-2-0)

Course Description: Advanced computational algorithms for gas dynamics.

Prerequisite: MECH 651.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 658 Advanced Combustion Theory and Modeling Credits: 3 (3-0-0)

Course Description: Asymptotic structure of flames, limit phenomena and multi-phase combustion.

Prerequisite: MECH 558.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 661 Theory/Control of Internal Combustion Engines Credits: 3 (3-0-0)

Course Description: Theory and applications of internal combustion engines. Alternative fuels, engine control, and pollution prevention.

Prerequisite: MECH 437.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 671 Orthopedic Tissue Biomechanics Credits: 3 (3-0-0)

Course Description: Linear elastic, finite deformation, and viscoelastic theories applied to the mechanical behavior of orthopedic tissues (bone, tendon, cartilage).

Prerequisite: CIVE 560.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both MECH 671 and BIOM 671 or for MECH 671/BIOM 671 and MECH 571/BIOM 571.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

MECH 676 Building Energy Design Credits: 3 (2-2-0)

Course Description: Design of space heating and cooling systems. Solar thermal electric power systems, industrial and agricultural process heat.

Prerequisite: MECH 575.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory. Credit not allowed for both MECH 676 and MECH 463.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

MECH 684 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

MECH 692 Seminar Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695A Independent Study: Bioengineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695B Independent Study: Energy Conversion Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695C Independent Study: Environmental Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695D Independent Study: Heat and Mass Transfer Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695E Independent Study: Industrial and Systems Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695F Independent Study: Mechanics and Design Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695G Independent Study-Computer: Assisted Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695H Independent Study: Robotics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695I Independent Study: Solar Engineering Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

MECH 695J Independent Study: Computational Fluids Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**MECH 695K Independent Study: Materials Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**MECH 695L Independent Study: Plasma Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**MECH 695M Independent Study: Motorsport Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**MECH 699A Thesis: Bioengineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699B Thesis: Energy Conversion Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699C Thesis: Environmental Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699D Thesis: Heat and Mass Transfer Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699E Thesis: Industrial and Systems Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699F Thesis: Mechanics and Design Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699G Thesis: Computer-Assisted Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699H Thesis: Robotics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699I Thesis: Solar Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699J Thesis: Computational Fluids Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699K Thesis: Materials Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**MECH 699L Thesis: Plasma Engineering Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Major in Mechanical Engineering

Is making a difference important to you? Would you enjoy the challenge of inventing sustainable energy devices, doing computer-aided product design, or biomedical research? Does creating new designs for the hybrid electric vehicle industry, or new airplanes in the fields of aeronautics and aerospace sound interesting? Would designing or doing research and development in a wide range of industrial and governmental enterprises be of interest to you? Does studying thermal sciences and the integration of electronic and mechanical devices interest you? Do you like putting ideas and designs to work? Are you interested in collaborating and working in teams with others? If your answer to any of these questions is "yes," then a major in Mechanical Engineering may be for you.

Mechanical engineers are creative problem solvers who design, develop, and manufacture the machines and instrumentation that run energy, building, environmental, and transportation systems. Examples include biomedical devices, ground/air/space vehicles, robots, environmental control equipment, and power plants.

In Mechanical Engineering, students take basic science and mathematics courses while beginning their engineering studies in design and computing. A broad spectrum of classes is designed to sharpen problem-solving skills. The senior year focuses on a year-long capstone design course to help students in the transition from college to an engineering career. Students also choose technical electives from the energy, materials, mechanics and controls, thermal sciences, and biomedical engineering areas. Participation in labs further develops design, modeling, and analysis skills.

Mechanical Engineering at CSU is dedicated to graduating ethical mechanical engineers who:

- Make an impact on society's global grand engineering challenges
- Are innovative and creative engineering designers who identify, analyze, and solve complex problems
- Are accomplished thinkers with hands-on practical skills
- Are local, regional, and global collaborators and communicators
- Are vested in life-long learning

Student Outcomes

Graduates of the undergraduate Mechanical Engineering program will have:

- An ability to apply knowledge of mathematics, science, and engineering
- An ability to design and conduct experiments, as well as to analyze and interpret data
- An ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability
- An ability to function on multidisciplinary teams
- An ability to identify, formulate, and solve engineering problems
- An understanding of professional and ethical responsibility
- An ability to communicate effectively
- The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context
- A recognition of the need for, and an ability to engage in life-long learning
- A knowledge of contemporary issues
- An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice

Potential Occupations

Graduates from the Department of Mechanical Engineering are expected to have the fundamental knowledge required for the successful practice of mechanical engineering. CSU engineering graduates are generally well prepared for a professional career with a greater than 90% pass rate on the Fundamentals of Engineering professional examination. Participating in internships, volunteer activities, or cooperative education opportunities is highly recommended to enhance practical training and development. Students who go on for graduate studies can attain more responsible positions with the possibility of rising to top professional levels.

Requirements Effective Fall 2014

View Major Completion Map

Freshman		AUCC	Credits
CHEM 111	General Chemistry I (GT-SC2)	3A	4

Additional Requirements for Graduation ¹			0				
Total Credits			30				

Master of Science in Mechanical Engineering, Plan A

Requirements Grandfather

Select 2 courses from the following: 6-7

CIVE 560	Advanced Mechanics of Materials
MATH 530	Mathematics for Scientists and Engineers
MECH 529	Advanced Mechanical Systems
MECH 532/ BIOM 532	Materials Issues in Mechanical Design
MECH 538	Mechanical Engineering Thermodynamics
MECH 539	Advanced Fluid Mechanics
MECH 544	Advanced Heat Transfer

Electives ¹ 11-18

Select one from the following: 6-12

MECH 699A	Thesis: Bioengineering
MECH 699B	Thesis: Energy Conversion
MECH 699C	Thesis: Environmental Engineering
MECH 699D	Thesis: Heat and Mass Transfer
MECH 699E	Thesis: Industrial and Systems Engineering
MECH 699F	Thesis: Mechanics and Design
MECH 699G	Thesis: Computer-Assisted Engineering
MECH 699H	Thesis: Robotics
MECH 699I	Thesis: Solar Engineering
MECH 699J	Thesis: Computational Fluids
MECH 699K	Thesis: Materials
MECH 699L	Thesis: Plasma Engineering
MECH 699M	Thesis: Motorsport Engineering

Program Total Credits 30

A minimum of 30 credits are required to complete this program.

¹ Select courses with approval of advisor and graduate committee.

Of the 30 minimum credits required for this program, at least 24 credits must be at the 500-level or above and earned at CSU.

Master of Science in Mechanical Engineering, Plan B

Requirements Grandfather

Select 2 courses from the following: 6-7

CIVE 560	Advanced Mechanics of Materials
MATH 530	Mathematics for Scientists and Engineers
MECH 529	Advanced Mechanical Systems
MECH 532/ BIOM 532	Materials Issues in Mechanical Design
MECH 538	Mechanical Engineering Thermodynamics
MECH 539	Advanced Fluid Mechanics
MECH 544	Advanced Heat Transfer

Electives ¹	23-24
Scholarly Paper	0
Program Total Credits	30

A minimum of 30 credits are required to complete this program. Of the 30 minimum credits required for this program, at least 24 credits must be at the 500-level or above and earned at CSU.

¹ Select courses with approval of advisor and graduate committee.

Ph.D in Mechanical Engineering Grandfather

MATH 530	Mathematics for Scientists and Engineers	4
Select 2 courses from the following:		6

CIVE 560	Advanced Mechanics of Materials
MECH 529	Advanced Mechanical Systems
MECH 532/ BIOM 532	Materials Issues in Mechanical Design
MECH 538	Mechanical Engineering Thermodynamics
MECH 539	Advanced Fluid Mechanics
MECH 544	Advanced Heat Transfer

Electives ¹ 2-32

Master Degree Credit

Master Degree Credit ² 30

Dissertation 30

MECH 799A	Dissertation: Bioengineering
MECH 799B	Dissertation: Energy Conversion
MECH 799C	Dissertation: Environmental Engineering
MECH 799D	Dissertation: Heat and Mass Transfer
MECH 799E	Dissertation: Industrial and Systems Engineering
MECH 799F	Dissertation: Mechanics and Design
MECH 799G	Dissertation: Computer-Assisted Engineering
MECH 799H	Dissertation: Robotics
MECH 799I	Dissertation: Solar Engineering
MECH 799J	Dissertation: Computational Fluids
MECH 799K	Dissertation: Materials
MECH 799L	Dissertation: Plasma
MECH 799M	Dissertation: Motorsport Engineering

Program Total Credits 72

A minimum of 72 credits are required to complete this program.

¹ Select courses with approval of advisor and graduate committee.

² A maximum of 30 credits may be accepted from an engineering master's degree.

Of the 72 minimum credits required for this program, at least 21 credits must be at the 500-level or above and earned at CSU. Minimum of 15 credits with the MECH subject code. Minimum 12 credits in regular courses numbered 500 and above (not including dissertation, independent study, or supervised teaching).

School of Biomedical Engineering

Scott Bioengineering Building, Suite 225
 engr.colostate.edu/sbme (<http://www.engr.colostate.edu/sbme>)
 (970) 491-7157

Professor Stuart Tobet, Director
 Professor Kevin Lear, Associate Director; and Director, Undergraduate Programs

Undergraduate

The School of Biomedical Engineering (SBME) is supported by four CSU colleges and more than 40 faculty members in 14 departments providing students with broad expertise, active researchers, and excellent instructors. At the graduate level, SBME offers a Master of Science and a Doctor of Philosophy in Bioengineering, and a Master of Engineering (online and on campus) with a specialization in Biomedical Engineering. See the Graduate and Professional Bulletin for graduate program listings. The College of Engineering offers undergraduate programs leading to a Bachelor of Science in Biomedical Engineering and a Bachelor of Science in Chemical & Biological Engineering, a Bachelor of Science in Biomedical Engineering and a Bachelor of Science in Electrical Engineering, and a Bachelor of Science in Biomedical Engineering and a Bachelor of Science in Mechanical Engineering, as well as an undergraduate minor. See University-Wide Instructional Programs for the interdisciplinary minor.

Biomedical engineering lies at the interface of engineering, biology, and medicine. The SBME provides extensive opportunities for research, ranging from investigating new therapies and imaging modalities for fighting cancer or cardiovascular illness, to examining organ development or function, creating devices to diagnose devastating diseases, to developing the next generation of gene therapies and engineered tissues. CSU is positioned to offer unique bioengineering degree programs due to our faculty expertise, the interdisciplinary nature of the SBME, and the highly-ranked College of Veterinary Medicine and Biomedical Sciences, providing a rich environment for interdisciplinary research and day-to-day collaborations. Our biomedical engineering programs integrate biological, chemical, physical, and mathematical sciences with engineering principles and clinical studies and our graduates are well prepared for careers in research, education, veterinary, or human medicine and industry.

Biomedical engineers are involved in a wide variety of activities on a daily basis. Practical applications of biomedical engineering include doing development, design, production, research, or teaching in areas such as:

- Designing biomedical materials and/or medical devices and equipment (e.g., pacemakers, bio-compatible wheelchairs, exercise equipment for astronauts, or creating/improving materials to help joint replacements last longer)
- Developing or improving therapies for fighting cancer, tuberculosis, or other illnesses and diseases (e.g., nanoscaffolding for localized chemotherapy delivery, telemetric sensors to determine healing rates in bone fractures or to detect key chemicals in live tissue with high temporal and spatial resolution)
- Finding better ways to image and/or diagnose illnesses (e.g., using lasers to detect viruses, developing ways to increase electrical signals to detect threats to food safety and security, designing a biosensor to diagnose cancer cells, or developing software to determine toxicity levels in people exposed to pesticides)

Potential Occupations

Biomedical engineering applies engineering principles to medicine and improving quality of life for humans and animals. Biomedical engineers work in a variety of settings. Some biomedical engineers spend their days in the lab, researching new devices and systems that solve medical and health care-related problems. Others might work in clinical settings, run biomedical-focused enterprises, design new therapies or diagnostics, assist medical facilities with engineering systems, or engage in regulatory affairs or patent law. Our graduates are well prepared for careers in research, education, or industry.

Undergraduate Bachelor of Science Programs in Biomedical Engineering

The Bachelor of Science program in Biomedical Engineering has four pathways, corresponding to four rigorous traditional coursework plans that provide depth and support the breadth of biomedical knowledge and applications. The coursework in these four pathways is designed not only to support biomedical engineering but also to satisfy the curricular requirements of one of four traditional engineering degrees as administered by partner engineering departments.

The four curricular pathways for the BME B.S. degree are:

- B.S. degree in Biomedical Engineering combined with a B.S. degree in Chemical and Biological Engineering
- B.S. degree in Biomedical Engineering combined with a B.S. degree in Electrical Engineering, Electrical Engineering Concentration
- B.S. degree in Biomedical Engineering combined with a B.S. degree in Electrical Engineering, Laser and Optical Concentration
- B.S. degree in Biomedical Engineering combined with a B.S. degree in Mechanical Engineering

The BME program requires 157 or 158 credit hours of coursework, depending on the selected pathway, nominally distributed over five years.

In the first year, students will take BIOM 101 as well as foundational math and science courses. Through the second and third years, they will gain a foundation in the traditional engineering major as well as life and physical sciences courses needed for biomedical engineering. The following years will allow students to build a more thorough understanding of biomedical engineering, and their studies will culminate in a Senior Design project in the fifth year that will provide hands-on experience with an interdisciplinary team of peers. This combination of practical application and traditional academic rigor complement the breadth and depth of this fairly unique program, and

provides excellent preparation and market value for graduates' next steps in industry, academia, or research.

With the first BME graduates in Spring 2015, the College of Engineering is now eligible and applying for ABET (<http://www.abet.org>) accreditation. Pursuant to this, the educational objectives of the biomedical engineering program are to prepare our students to:

- Demonstrate high professional, social, and ethical standards while examining and addressing the global impact of technology to improve quality of life in our society and environment
- Apply broad and deep knowledge, practical experiences, and creativity to solving problems at the interface of engineering and the life sciences as individuals and team members
- Use their multidisciplinary background to foster communication and collaboration across professional and disciplinary boundaries
- Recognize and expand the scope of their knowledge, continue self-directed learning, and identify and create professional opportunities for themselves and others.

Graduates in Biomedical Engineering will have an ability to :

- Apply knowledge of mathematics, science, and engineering.
- Design and conduct experiments, as well as to analyze and interpret data.
- Design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.
- Function on multidisciplinary teams.
- Identify, formulate, and solve engineering problems.
- Understand professional and ethical responsibility.
- Communicate effectively.
- Understand the impact of engineering solutions in a global, economic, environmental, and societal context.
- Recognize the need for, and ability to, engage in life-long learning.
- Gain knowledge of contemporary issues.
- Use the techniques, skills, and modern engineering tools necessary for engineering practice.
- Apply principles of engineering, biology, human physiology, chemistry, calculus-based physics, mathematics (through differential equations), and statistics.
- Solve biomedical engineering problems, including those associated with the interaction between living and non-living systems.
- Analyze, model, design and realize biomedical engineering devices, systems, components, or processes.
- Perform and interpret measurements on living systems.

BME Bachelor of Science Programs

- Biomedical Engineering and Chemical and Biological Engineering
- Biomedical Engineering and Electrical Engineering, Electrical Engineering Concentration
- Biomedical Engineering and Electrical Engineering, Lasers and Optical Engineering Concentration
- Biomedical Engineering and Mechanical Engineering

Courses

Biomedical Engineering (BIOM)

BIOM 101 Introduction to Biomedical Engineering Credits: 3 (3-0-0)

Course Description: Basic principles, fundamentals in biomedical engineering including molecular, cellular and physiological principles, major areas such as biomechanics.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 300 Problem-Based Learning Biomedical Engr Lab Credits: 4 (1-4-1)

Course Description: Group problem-based learning approach to problems spanning all core areas of biomedical engineering.

Prerequisites: (BIOM 101) and (MATH 340 and MATH 345).

Registration Information: Must register for lecture, lab, and recitation.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

BIOM 306 Bioprocess Engineering Credits: 4 (3-2-0)

Also Offered As: BTEC 306.

Course Description: Material, energy balances; fluid flow, heat exchange, mass transfer; application to operations in food, fermentation, other bioprocess industries.

Prerequisites: (CHEM 107 or CHEM 111) and (PH 121 or PH 141).

Registration Information: Must register for lecture and laboratory. Credit not allowed for both BIOM 306 and BTEC 306.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 330 Transport Phenomena in Biomedical Engineering Credits: 3 (3-0-0)

Course Description: Engineering models of active and passive mechanisms of momentum. Heat and mass transport in mammalian cells, tissues, and organ systems.

Prerequisites: (BIOM 300 and BMS 300) and (CBE 332 or MECH 344).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 400 Kinetics of Biomolecular and Cellular Systems Credits: 3 (3-0-0)

Course Description: In-depth analysis of the systems approach to biology and biological engineering at the molecular and the cellular scales.

Prerequisite: CBE 320 or BIOM 330.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 421 Transport Phenomena in Biomedical Engineering Credits: 3 (3-0-0)

Course Description: Engineering models of active and passive mechanisms of momentum. Heat and mass transport in mammalian cells, tissues, and organ systems.

Prerequisites: (BMS 300) and (CBE 332 or MECH 344).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 441 Biomechanics and Biomaterials Credits: 3 (3-0-0)

Course Description: Principles of biomechanics, biofluids, and biomaterials.

Prerequisites: BMS 300 and MECH 324, may be taken concurrently and MECH 331, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 470 Biomedical Engineering Credits: 3 (3-0-0)

Also Offered As: MECH 470.

Course Description: Engineering application in human/animal physiology, diagnosis of disease, treatment, rehabilitation, human genome manipulation.

Prerequisites: (PH 141) and (MATH 155 or MATH 160).

Registration Information: Credit not allowed for both BIOM 470 and MECH 470.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 476A Biomedical Clinical Practicum I Credits: 2 (0-0-2)

Course Description: Biomedical lab work or exposure to the hospital/clinical environment.

Prerequisites: (BMS 300) and (BIOM 470 or MECH 470).

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

BIOM 476B Biomedical Clinical Practicum II Credits: 4 (0-0-4)

Course Description: Biomedical lab work or exposure to the hospital/clinical environment.

Prerequisites: (BMS 300) and (BIOM 470 or MECH 470).

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

BIOM 486A Biomedical Design Practicum: Capstone Design I Credits: 4 (0-0-10)

Course Description:

Prerequisites: (BIOM 300) and (BIOM 330 or BIOM 441 or ECE 441).

Registration Information: Enrollment in biomedical engineering major.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 486B Biomedical Design Practicum: Capstone Design II Credits: 4 (0-0-10)

Course Description:

Prerequisite: BIOM 486A.

Registration Information: Enrollment in biomedical engineering major.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 495 Independent Study Credits: Var[1-6]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 504 Fundamentals of Biochemical Engineering Credits: 3 (3-0-0)

Also Offered As: CBE 504.

Course Description: Application of chemical engineering principles to enzyme kinetics, fermentation and cell culture, product purification, and bioprocess design.

Prerequisites: (MIP 300) and (MATH 255 or MATH 340) and (BIOM 306, may be taken concurrently or BTEC 306, may be taken concurrently or CBE 320, may be taken concurrently).

Registration Information: Credit not allowed for both BIOM 504 and CBE 504.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

BIOM 522 Bioseparation Processes Credits: 3 (2-2-0)

Also Offered As: CBE 522.

Course Description: Analysis of processes to recover and purify fermentation products.

Prerequisite: CBE 331.

Registration Information: Must register for lecture and laboratory. Credit not allowed for both BIOM 522 and CBE 522.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 525 Cell and Tissue Engineering Credits: 3 (3-0-0)

Also Offered As: MECH 525.

Course Description: Cell and tissue engineering concepts and techniques with emphasis on cellular response, cell adhesion kinetics, and tissue engineering design.

Prerequisite: BC 351 or BMS 300 or BMS 500 or BZ 310 or NB 501.

Registration Information: Credit allowed for only one of the following: BIOM 525, CBE 525, MECH 525. Sections may be offered: Online.

Term Offered: Spring. (even years).

Grade Mode: Traditional.

Special Course Fee: Yes.

BIOM 526 Biological Physics Credits: 3 (3-0-0)

Also Offered As: ECE 526.

Course Description: Mathematical and physical modeling of biological systems. Mass transport in cellular environments. Electrical/mechanical properties of biomolecules.

Prerequisites: (MATH 340 or MATH 345) and (PH 122 or PH 142).

Registration Information: Credit not allowed for both BIOM 526 and ECE 526. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 531 Materials Engineering Credits: 3 (3-0-0)

Also Offered As: MECH 531.

Course Description: Selection of structural engineering materials by properties, processing, and economics; materials for biomedical and biotechnology applications.

Prerequisite: MECH 331 or MECH 431.

Registration Information: Credit not allowed for both BIOM 531 and MECH 531. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 532 Material Issues in Mechanical Design Credits: 3 (3-0-0)

Also Offered As: MECH 532.

Course Description: Failure mechanisms from materials viewpoint with emphasis on use in design. Fracture, creep, fatigue and corrosion.

Prerequisite: MECH 331.

Registration Information: Credit not allowed for both BIOM 532 and MECH 532. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 533 Biomolecular Tools for Engineers Credits: 3 (2-3-0)

Also Offered As: CIVE 533.

Course Description: Theoretical and practical aspects of biomolecular laboratory tools--PCR, cloning, sequencing, single-molecule optical techniques and live-cell imaging.

Prerequisite: BMS 300 or MIP 300.

Registration Information: Must register for lecture and laboratory. Credit not allowed for BIOM 533, CIVE 533 and ECE 533.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

BIOM 537 Biomedical Signal Processing Credits: 3 (3-0-0)

Also Offered As: ECE 537.

Course Description: Measuring, manipulating, and interpreting biomedical signals.

Prerequisite: MATH 340 or ECE 311 or STAT 303.

Registration Information: Credit not allowed for both BIOM 537 and ECE 537.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 543 Membranes for Biotechnology and**Biomedicine Credits: 3 (3-0-0)**

Also Offered As: CBE 543.

Course Description: Polymeric membrane formation, modification, module design and applications to bioseparation and biomedical separations and tissue engineering.

Prerequisites: CHEM 343 and CBE 310.

Registration Information: Credit not allowed for both BIOM 543 and CBE 543. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 570 Bioengineering Credits: 3 (3-0-0)

Also Offered As: MECH 570.

Course Description: Physiological and medical systems analysis using engineering methods including mechanics, fluid dynamics, control electronics, and signal processing.

Prerequisites: MECH 307 and MECH 324.

Registration Information: Credit not allowed for both BIOM 570 and MECH 570. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 573 Structure and Function of Biomaterials Credits: 3 (3-0-0)

Also Offered As: MECH 573.

Course Description: Structure-function relationships of natural biomaterials; application to analysis of biomimetic materials and biomaterials used in medical devices.

Prerequisite: MECH 331.

Registration Information: Credit not allowed for both BIOM 573 and MECH 573. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 574 Bio-Inspired Surfaces Credits: 3 (3-0-0)

Also Offered As: MECH 574.

Course Description: Analysis of surface functionalities of various biological species; identification of design principles.

Prerequisites: MECH 342 and CHEM 111.

Registration Information: Credit not allowed for both BIOM 574 and MECH 574.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 576 Quantitative Systems Physiology Credits: 4 (4-0-0)

Also Offered As: MECH 576.

Course Description: Quantitative, model-oriented approach to cellular and systems physiology with design examples from biomedical engineering.

Prerequisites: BMS 300 and CHEM 113 and MATH 340 and PH 142.

Registration Information: Credit not allowed for both BIOM 576 and MECH 576. Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 586A Biomedical Clinical Practicum Credits: 2 (1-3-0)

Course Description: Graduate-level activity, such as biomedical research or design of a new medical device, for exposure to the hospital/clinical environment.

Prerequisites: (BMS 300 or BMS 500) and (BIOM 570 or MECH 570).

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

BIOM 586B Biomedical Clinical Practicum Credits: 4 (1-6-0)

Course Description: Graduate-level activity, such as biomedical research or design of a new medical device, for exposure to the hospital/clinical environment.

Prerequisites: (BMS 300 or BMS 500) and (BIOM 570 or MECH 570).

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

BIOM 592 Seminar Credits: Var[1-3]

Course Description: Student and research faculty presentations, guest and invited extramural speakers.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 671 Orthopedic Tissue Biomechanics Credits: 3 (3-0-0)

Course Description: Linear elastic, finite deformation, and viscoelastic theories applied to the mechanical behavior of orthopedic tissues (bone, tendon, cartilage).

Prerequisite: CIVE 560.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both BIOM 671 and MECH 671 or for BIOM 671/MECH 671 and BIOM 571/MECH 571.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 684 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Maximum of 6 credits allowed in course; may not be used to satisfy degree requirements requiring bioengineering courses.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 695 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 750 Grant Proposal Writing and Reviewing Credit: 1 (1-0-0)

Course Description: Preparation and review of applications for fellowships and grants.

Prerequisite: None.

Registration Information: Written consent of instructor.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

BIOM 784 Supervised College Teaching Credits: Var[1-6]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 786 Practicum-Laboratory Rotations Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 795 Independent Study Credits: Var[1-6]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 798 Research-Laboratory Rotations Credits: Var[1-6]

Course Description: Doctoral laboratory rotation.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

BIOM 799 Dissertation Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

¹ Students are required to participate in the Professional Learning Institute (PLI) program as a requirement for graduation. The program consists of eleven PLI workshops distributed by focus areas as follows: Global and Cultural Diversity (2 workshops), Innovation (2 workshops), Leadership (2 workshops), Civic and Public Engagement (2 workshops), and Ethics (3 workshops). Each workshop is between 1-2 hours long and no outside preparation is required to attend any of the workshops. Attendance at the required workshops may be spread over the student's five-year program.

² Select a total of 6 credits from courses with the BIOM or ECE subject code.

³ Select 3 credits from courses with the BIOM subject code.

¹ Students are required to participate in the Professional Learning Institute (PLI) program as a requirement for graduation. The program consists of eleven PLI workshops distributed by focus areas as follows: Global and Cultural Diversity (2 workshops), Innovation (2 workshops), Leadership (2 workshops), Civic and Public Engagement (2 workshops), and Ethics (3 workshops). Each workshop is between 1-2 hours long and no outside preparation is required to attend any of the workshops. Attendance at the required workshops may be spread over the student's five-year program.

² Select a total of 15 credits from courses with the BIOM or ECE subject code.

College Programs

The College of Health and Human Sciences (<http://www.chhs.colostate.edu>) comprises six academic departments and two schools. It is a human-centered place, with a focus on educating students for people-oriented professions and on applying creative, interdisciplinary research to solve social problems. Each of its units offers professional education for careers and for lifelong learning, through a solid grounding in the natural sciences, social sciences, and humanities as well as courses specific to each field of study. The College currently includes the Departments of Construction Management; Design and Merchandising; Food Science and Human Nutrition; Health and Exercise Science; Human Development and Family Studies; and Occupational Therapy; and the Schools of Education and Social Work.

Learning within the College takes place in a variety of settings on and off campus, forging strong links between the classroom and the workplace. All of the College's programs combine classroom instruction with hands-on experience in state-of-the-art computer laboratories, research laboratories, or specialized centers and institutes that emphasize the practical application of new knowledge.

Faculty in the College of Health and Human Sciences maintain valued and useful relationships with a broad range of constituents, enhancing College visibility within the larger community, fulfilling CSU's land-grant mission. These vital connections also provide students with excellent opportunities for working internships in their fields. For all its students, the College places a strong emphasis on experiential learning and leadership opportunities that allow students to test new skills in real-world settings. Numerous scholarships (<http://www.chhs.colostate.edu/students/scholarships.aspx>) are available through the College of Health and Human Sciences each spring semester.

Department of Construction Management

Office in Guggenheim Hall, Room 102
(970) 491-7353
cm.chhs.colostate.edu (<http://cm.chhs.colostate.edu>)

Professor Mostafa Khattab, Department Head

Undergraduate Majors

- Major in Construction Management

Minors

- Minor in Construction Management

Graduate Graduate Programs in Construction Management

The Department of Construction Management offers graduate study leading to the Master of Science degree. The focus of the department is on professional programs that successfully combine theory and application with a strong emphasis in applied management. The master's program is an advanced curriculum designed to allow students to tailor a portion of the specialization requirements to meet individual interests and goals.

Each program can be individually tailored to meet the needs and interests of the student.

Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Construction Management (<http://cm.chhs.colostate.edu>).

Master Programs

- Master of Science in Construction Management, Plan A
- Master of Science in Construction Management, Plan B

Courses Construction Management (CON)

CON 101 Introduction to Construction Management Credits: 3 (3-0-0)

Course Description: Identify and understand relationships among participants in the construction process and its history.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 131 Graphic Communications for Construction Credits: 2 (0-4-0)

Course Description: Reading technical drawings, 2D/3D visualization, manual drafting techniques, introduction to design software applications.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 151 Construction Materials and Methods Credits: 3 (3-0-0)

Course Description: Materials and methods utilized in the design and construction of buildings.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 251 Materials Testing and Processing Credits: 2 (1-2-0)

Course Description: Testing of construction materials for standards and quality. Conduct common quality tests and document the results.

Prerequisite: CON 151.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 261 Construction Surveying Credits: 3 (2-3-0)

Course Description: Surveying fundamentals to field of construction, building layout, measurement procedures, vertical controls, line and grade, surveying instrument operation.

Prerequisites: (CON 131 or INTD 166) and (MATH 125 or MATH 160).

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CON 265 Construction Estimating I Credits: 3 (2-2-0)

Course Description: Integration of construction materials and methods into construction systems that will be incorporated in projects.

Prerequisites: CON 131 and CON 151.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 267 Construction Management Pre-Internship Credit: 1 (0-0-1)

Course Description: Skills and concepts related to successful internships within the construction management industry.

Prerequisite: None.

Registration Information: Construction management majors only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CON 270 Introduction to Road Construction Credits: 3 (3-0-0)

Course Description: Steps necessary to construct a paved roadway from conception, land acquisition and finance through paving operations and trafficking.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 317 Safety Management Credits: 2 (2-0-0)

Course Description: Safety management in construction, corporate, and institutional environments.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 351 Construction Field Management Credits: 2 (1-2-0)

Course Description: Materials and methods used in construction, administrative and organizational planning used to complete a project.

Prerequisites: CON 251, may be taken concurrently and CON 317, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 352 Metal Fabrication for Construction Credits: 2 (1-2-0)

Course Description: Shaping, cutting, and joining of structural and non-structural metal. Emphasis on jobsite safety, economics, and efficiency.

Prerequisite: CON 251.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 359 Structures I Credits: 4 (4-0-0)

Course Description: Behavior of structural components and systems, overview of structural engineering analysis/design process.

Prerequisite: MATH 125.

Registration Information: Junior or senior standing.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 360 Electrical and Control Systems Credits: 3 (2-2-0)

Course Description: Electrical and control systems and their application in the construction industry.

Prerequisite: CON 265.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 365 Construction Estimating II Credits: 3 (2-2-0)

Course Description: Industry-recognized methods for work item analysis, quantity surveying, resource estimating, and bid development using work breakdown structures.

Prerequisite: CON 265.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 366 Construction Equipment and Methods Credits: 3 (2-2-0)

Course Description: Equipment/methods in heavy and highway construction; equipment selection, productivity, and costs. Infrastructure, tunneling, and trenchless technology.

Prerequisite: CON 261.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 367 Construction Contracts/Project Administration Credits: 3 (3-0-0)

Course Description: Utilization of field engineering systems and procedures to effectively meet project objectives.

Prerequisites: CON 265 and CON 351, may be taken concurrently.

Registration Information: Construction management majors and minors only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 370 Asphalt Pavement Materials and Construction Credits: 3 (2-2-0)

Course Description: Constituents of asphalt pavements; manufacture of asphalt cement, emulsions, and cutbacks; material properties and behavior.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 371 Mechanical and Plumbing Systems Credits: 3 (3-0-0)

Course Description: Heating, ventilation, air conditioning, plumbing, and fire suppression with emphasis on design, operation, and interaction.

Prerequisite: CON 360, may be taken concurrently or INTD 276, may be taken concurrently.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 384 Supervised College Teaching Credits: Var[1-5]

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 450 Travel Abroad-Sustainable Building Credits: 3 (3-0-0)

Also Offered As: INTD 450.

Course Description: Major components of sustainable design and construction, energy, healthy buildings, natural resources and other environmental issues.

Prerequisite: None.

Registration Information: Credit not allowed for both CON 450 and INTD 450.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CON 459 Structures II Credits: 4 (4-0-0)

Course Description: Design of formwork, falsework, and shoring.

Prerequisite: CON 359.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 461 Construction Project Scheduling and Cost Control Credits: 3 (2-2-0)

Course Description: Strategies and techniques for efficient scheduling of project activities and control of project costs; emphasis of Critical Path Method.

Prerequisite: CON 365, may be taken concurrently.

Registration Information: Construction management majors and minors only. Must register for lecture and laboratory. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 462 Financial Management for Construction Credits: 3 (3-0-0)

Course Description: Financial statements, financial ratios, applications of engineering economy, cash flow analysis, construction financing, and cost information systems.

Prerequisites: (ACT 205 or ACT 210, may be taken concurrently) and (MGT 305 or MGT 320).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 464 Construction Leadership Credits: 3 (1-0-2)

Course Description: Leading projects and people in a construction business and application of skills in a construction-based community service learning project.

Prerequisites: CON 365 and CON 367, may be taken concurrently.

Registration Information: Must register for lecture and recitation. Written consent of instructor.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 465 Construction Management Professional Practice Credits: 3 (1-0-2)

Course Description: Professional practice using an understanding of the contractual and working relationships among all participants in the design/construction process.

Prerequisites: (CON 461, may be taken concurrently) and (CON 487A or CON 487E or CON 487B).

Registration Information: Construction management majors only. Must register for lecture and recitation.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 469 Soils Engineering for Construction Managers Credits: 3 (2-0-1)

Course Description: Soil mechanics, foundation engineering, and foundation construction.

Prerequisite: CON 359.

Registration Information: Must register for lecture and recitation.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 471 Project Management for Mechanical Systems Credits: 3 (3-0-0)

Course Description: Fundamental principles of mechanical systems. Presentation and practice of management principles relevant to mechanical projects.

Prerequisites: CON 371 and CON 365, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 476 Sustainable Practice-Design and Construction Credits: 3 (3-0-0)

Course Description: Major components of sustainable design/construction: energy, healthy buildings, cultural, natural resources, use, other environment/economic issues.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 477 Residential Aging-in-Place and Green Building Credits: 3 (3-0-0)

Course Description: Aging-in-place and green building aspects of the residential construction market.

Prerequisite: CON 265.

Restriction: .

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 487A Internship: Construction Management I Credits: 6 (0-0-18)

Course Description:

Prerequisites: CON 267 and CON 367.

Registration Information: OSHA 10-hour construction safety card.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CON 487B Internship: Construction Management II Credits: 3 (0-0-9)

Course Description:

Prerequisites: CON 267 and CON 367.

Registration Information: OSHA 10-hour construction safety card; 500 hours documented work experience.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

CON 495 Independent Study-Construction Management Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 496 Group Study-Construction Management Credits: Var[1-9]

Course Description:

Prerequisite: None.

Registration Information: Maximum of 9 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 500 Models of Disciplined Inquiry Credits: 3 (3-0-0)

Course Description: Models and methods of disciplined inquiry used in diverse organizations; applying disciplined inquiry methods to solve problems.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 560 Applied Project Management Credits: 3 (3-0-0)

Course Description: Project development, planning, and control relevant to construction, manufacturing, and technology education professionals.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 561 Applied Productivity Improvement Credits: 3 (3-0-0)

Course Description: Existing and emerging tools for productivity enhancement in project and production environment.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 562 Issues and Trends in Construction Management Credits: 3 (3-0-0)

Course Description: Current issues and trends related to management of technology in fields associated with manufacturing and construction industries.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 565 Legal Aspects of Construction Process Credits: 3 (3-0-0)

Course Description: Common points of dispute; methods of avoiding disputes among owner, architect, engineer, and contractor.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 566 Advanced Construction Estimating Credits: 3 (3-0-0)

Course Description: Advanced estimating procedures dealing with special application and techniques in construction.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 567 Preservation and Rehabilitation of Buildings Credits: 3 (3-0-0)

Course Description: Theory and applications of preservation technology used in the management and rehabilitation of historic and archaic buildings.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 568 Construction Industry Institute Practices Credits: 3 (3-0-0)

Course Description: Senior executives from the Construction Industry Institute (CII) present best practices developed by CII over the last 25 years.

Prerequisite: CON 367.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 569 Regulatory Impact on Construction Credits: 3 (3-0-0)

Course Description: Role government plays in the design and construction of the built environment.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 571 Facility Planning and Management Credits: 3 (3-0-0)

Course Description: Planning, organizing and managing large educational and/or commercial facilities.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 575 Managerial Decision Making for Constructors Credits: 3 (3-0-0)

Course Description: Construction and real estate development applications of multi-disciplinary managerial analysis and decision-making techniques.

Prerequisite: None.

Registration Information: Admission to the construction management master's program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

CON 576 Sustainable Technology in Built Environments Credits: 3 (2-0-1)

Course Description: Major components of creating environmentally sustainable built environments.

Prerequisite: CON 476 or CON 450 or INTD 450.

Registration Information: Must register for lecture and recitation.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 577 Leadership of Sustainable Community Projects Credits: 3 (2-0-1)

Course Description: Learn and apply principles of sustainable construction management through leading and building service-learning projects.

Prerequisite: CON 476 or CON 450 or INTD 450.

Registration Information: Required background check.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

CON 590 Workshop Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 592 Seminar Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 684 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 687 Internship Credits: Var[1-6]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Maximum of 6 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 695 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 696 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 698 Research Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

CON 699 Thesis Credits: Var[1-6]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Construction Management

The Construction Management (CM) program at CSU is one of the top-ranked programs in the nation. Since its inception in 1946, more than 5,000 students have graduated, many of them going on to become leaders in their field. The program is accredited by the American Council for Construction Education.

Construction management is the overall planning, coordination, and control of a project from inception to completion. The CM major addresses issues related to the management of multiple project sites and the applications of resource management, schedule control, cost control, design, and other requirements of the construction process. Design elements concentrate on the relationship between the built environment and the comfort of its inhabitants while safety education emphasizes the health of the individual worker.

A major in Construction Management provides a strong foundation for professional careers in the construction industry. The curriculum integrates technology and innovative management systems with the basics of civil engineering, business and management, and the communication skills required to be successful in today's world. Coursework includes construction methods, estimating, scheduling, computer technologies, architectural principles, fundamentals of management and law, steel and concrete structures, and soils. The curriculum incorporates hands-on labs for most courses. This diverse program creates a broad range of career options for graduates.

The Construction Management major is controlled, and all students admitted to CSU or seeking to change their major to CM must first be designated as pre-construction management. To be considered for admission to CM students must:

- Complete a minimum of 15 credits at CSU
- Earn a minimum 2.750 cumulative CSU GPA
- Complete CON 101 with a "B" grade or better
- Complete CO 150 with a "B" grade or better
- Complete MATH 125 with a "C" grade or better

Once a student has met the minimum requirements listed above they are eligible to apply to the CM program.

During their academic career, CM students are required to obtain an internship (full-time structured work experience) position with any one of a variety of construction companies and organizations. Our Phelps Placement Office assists current and graduating students as well as alumni with in-house interviews, bi-annual career fairs, and the publication of a graduate resume book.

Learning Outcomes

Students will develop and demonstrate:

- Professional, analytical, and problem solving skills related to the career requirements in construction management
- Strong professional communication skills with an emphasis on written, graphic, and verbal skills related to the career requirements in construction management
- Technical proficiency in the following construction management areas: design/engineering, management, materials and methods, estimating, scheduling, safety, surveying, and project administration

Potential Occupations

The construction industry has become a highly technical industry marked by continuous and dramatic change. There is a continued demand for capable and highly trained construction management professionals who can adapt and become effective leaders in the field. CM continues to boast one of the highest placement rates and entry level salaries of all majors.

In addition to the campus Career Center, the CM Department prides itself on its in-house career support. Services provided by the Phelps Placement Office include internship and career placement, bi-annual CM career fair, in-house industry interviews, graduate resume publication, year-round intern and job postings, resume and business correspondence resources, and career assessment counseling.

Entry-level occupations include, but are not limited to: field engineer, assistant estimator, project scheduler, cost control engineer, safety engineer, project supervisor, project coordinator, quality assurance specialist, project engineer, assistant project manager, and assistant superintendent. Recruiting Industries include: Commercial, Heavy Civil and Heavy Highway, Industrial and Utility, Mechanical and Electrical, Project Controls and Consulting, Residential Development, Specialty Contracting, and Transportation.

Students may consider simultaneously completing the requirements for a minor in Business Administration. Several of the courses required for the minor in Business Administration are also required for the major in Construction Management curriculum.

Minor in Construction Management

About the Minor

The Construction Management minor is designed to provide students an opportunity to study basic concepts of construction, materials, techniques, design, and managerial skills required for the construction industry. The CM minor has admission criteria and consists of nine courses beginning with CON 101 Introduction to Construction Management. The minor will take students a minimum of five semesters to complete.

How to Add the CM Minor

Students must meet with a CM Advisor to declare interest in the minor and will be given an override to register for CON 101. An online application must be completed and once a student satisfies the following criteria he or she will be admitted to the minor and allowed to register for additional required CON courses.

Admission Criteria

- Earn a minimum 2.750 cumulative CSU GPA
- Complete CON 101 with a "B" grade or better
- Complete CO 150 with a "B" grade or better
- Complete MATH 125 with a "C" grade or better

Once a student has met the minimum requirements listed above he or she is eligible to apply to the CM Minor program. Students are admitted each semester in May and December.

Requirements Effective Fall 2015

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

LOWER DIVISION

CON 101	Introduction to Construction Management	3
Select one course from the following:		2-3
CON 131	Graphic Communications for Construction	
INTD 256	Computer-Aided Design for Interior Designers	
CON 151	Construction Materials and Methods	3
CON 265	Construction Estimating I	3

UPPER DIVISION

CON 317	Safety Management	2
CON 359	Structures I	4
CON 365	Construction Estimating II	3
CON 367	Construction Contracts/Project Administration	3
CON 461	Construction Project Scheduling and Cost Control	3
Program Total Credits		26-27

Department of Design and Merchandising

Office in Aylesworth Hall SE, Room 150
(970) 491-1629
dm.chhs.colostate.edu (<http://www.dm.chhs.colostate.edu>)

Professor Nancy Miller, Department Head

Mission Statement

An ongoing commitment to cultivating innovative and socially responsible solutions to local and global human-centered opportunities and challenges in apparel, interior design, merchandising, and product development by:

1. Creatively assessing issues and alternative viable solutions positively impacting quality of life for diverse stakeholders.
2. Addressing and communicating future societal needs by analyzing historic and current needs, as well as considering national and international perspectives.
3. Incorporating a pragmatic and socially responsible approach to teaching, research, and engagement.
4. Applying technology in pursuit of creative human-centered solutions to societal needs.
5. Designing, producing, and marketing industry-relevant products and services for diverse populations.
6. Balancing ethical and profitable product and service lifecycle management.
7. Enhancing students' preparedness through experiential, collaborative, community, and industry-based learning.
8. Fostering students' intellectual curiosity, objectivity, and independence, as well as their ability to critically evaluate information and to use resources in addressing problems.
9. Advancing interdisciplinary and global perspectives.
10. Maximizing business, cultural, and socially responsible opportunities enhancing and highlighting the principles of design.

Undergraduate Majors

- Major in Apparel and Merchandising
 - Apparel Design and Production Concentration
 - Merchandising Concentration
 - Product Development Concentration
- Major in Interior Design

Minors

- Minor in Merchandising

Graduate

Graduate Programs in Design and Merchandising

The department offers graduate programs leading to a Master of Science degree in Design and Merchandising. Students may specialize in Apparel and Merchandising or Interior Design. For more information about program emphases and requirements, contact the department. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Design and Merchandising (<http://www.dm.chhs.colostate.edu>).

Certificate

- Evidence-based Design Research

Master Programs

- Master of Science in Design and Merchandising, Plan A
- Master of Science in Design and Merchandising, Plan B, Apparel and Merchandising Specialization
- Master of Science in Design and Merchandising, Plan A, Interior Design Specialization
- Master of Science in Design and Merchandising, Plan B, Interior Design Specialization

Courses

Subjects in this department include: Apparel and Merchandising (AM), Design and Merchandising (DM), and Interior Design (INTD).

Apparel and Merchandising (AM)

AM 101 Fashion Industries Credits: 3 (3-0-0)

Course Description: Development, organization, and trends of domestic and foreign fashion industries.

Prerequisite: None.

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AM 110 Apparel and Merchandising Digital Technology Credits: 3 (2-2-0)

Course Description: Introduction to computer technologies used in apparel and merchandising industries.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 130 Design Foundation-Apparel and Merchandising Credits: 3 (3-0-0)

Course Description: Impact of elements and principles of design on apparel and merchandising within 20th century art.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 143 Introduction to Apparel Design Credits: 4 (2-4-0)

Course Description: Apparel and garment-pattern development, construction, quality, skill development in technical drawing and rendering.

Prerequisite: None.

Registration Information: Acceptance into Apparel Design and Production program concentration required. Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

AM 240 Computer-Aided Apparel Design Credits: 3 (0-6-0)

Course Description: Apparel design using the computer to generate drawings for fabric, graphic logo, and apparel.

Prerequisite: AM 143.

Registration Information: Portfolio review required.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 241 Apparel Production Credits: 3 (1-4-0)

Course Description: Production processes of sewn textile products, flat pattern, pattern grading, marker making, and writing specifications.

Prerequisites: (AM 143) and (MATH 117) and (MATH 118) and (MATH 124, may be taken concurrently).

Registration Information: Portfolio review required. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AM 243 Adobe Photoshop for Textile Design Credits: 3 (3-0-0)

Course Description: Textile design using Adobe Photoshop to generate drawings for surface and structural textile design.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AM 244 Illustration for Apparel Design Credits: 3 (1-4-0)

Course Description: Illustration skills using traditional media/CAD applications and analysis of visual communication.

Prerequisite: AM 143.

Registration Information: Portfolio review required. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AM 250 Clothing, Adornment and Human Behavior (GT-SS3) Credits: 3 (3-0-0)

Course Description: Psychological, sociological and cultural factors influencing clothing and adornment.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Global & Cultural Awareness 3E, Human Behavior, Culture, or Social Frameworks (GT-SS3).

AM 270 Merchandising Processes Credits: 3 (3-0-0)

Course Description: Forecasting, planning, evaluating, and presenting merchandise lines to meet target market demands.

Prerequisites: (AM 101 with a minimum grade of C and AM 130 with a minimum grade of C and DM 120 with a minimum grade of C) and (MATH 124).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 275 Product Development I Credits: 3 (3-0-0)

Course Description: Fundamental techniques and skills applied to the development of apparel and textile products.

Prerequisites: AM 101 with a minimum grade of C and AM 110 and AM 130 with a minimum grade of C and MATH 124.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 290 Workshop Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AM 321 Advanced Textiles Credits: 3 (3-0-0)

Course Description: Textile product serviceability; effect of fiber structure on properties and performance; new developments.

Prerequisite: DM 120.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 330 Textile and Apparel Economics Credits: 3 (3-0-0)

Course Description: Manufacture of textile and apparel products; structure of the industries; international trade and consumption.

Prerequisites: (AM 270 with a minimum grade of C and DM 272 with a minimum grade of C) and (AREC 202 with a minimum grade of C or ECON 202 with a minimum grade of C).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AM 335 Textiles and Apparel Supply Chains Credits: 3 (3-0-0)

Course Description: Managing the flow of materials, information, and finances as they move in a process from supplier to retailers and consumers in a global environment.

Prerequisite: AM 270.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AM 341 Computer-Aided Apparel Production Credits: 3 (1-4-0)

Course Description: Computer-aided design technology used in apparel sketching, pattern drafting, grading, and marker making.

Prerequisite: AM 241.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

AM 342 Computer-Aided Textile Design Credits: 3 (0-6-0)

Course Description: Computer-aided technology and multicultural research used to create repeat fabric design; fabric printing using silkscreen.

Prerequisite: AM 110.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AM 344 Adobe Illustrator for Apparel Design Credits: 3 (0-0-3)

Course Description: Apparel design using Adobe Illustrator to generate drawings for garment technical sketching, fashion illustration, and graphic logos.

Prerequisite: AM 243, may be taken concurrently.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AM 345 Draping Design Credits: 3 (0-6-0)

Course Description: Apparel designing through basic draping techniques.

Prerequisite: AM 241.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

AM 363 Historic Costume Credits: 3 (3-0-0)

Course Description: Influence of social, political, and economic conditions on costume of predynastic Egypt to present time.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 364 History of Fashion Designers/Manufacturers Credits: 3 (0-0-3)

Course Description: Fashion designers and manufacturers who established the field and their contemporaries.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AM 366 Merchandising Promotion Credits: 3 (3-0-0)

Course Description: Activities used to influence sale of merchandise and services; to promote trends and ideas.

Prerequisite: AM 270 or MKT 300 or MKT 305.

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

AM 370 Fashion Trend Analysis and Forecasting Credits: 3 (3-0-0)

Course Description: Fashion trend analysis and forecasting between markets and products; the direction of fashion.

Prerequisite: AM 270.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 371 Merchandising Systems Credits: 4 (3-2-0)

Course Description: Business mathematics and current practices related to acquisition, negotiation, distribution, and sale of merchandise.

Prerequisites: (ACT 205 or ACT 210) and (AM 270 with a minimum grade of C).

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 375 Product Development II Credits: 3 (2-2-0)

Course Description: Product design and development for apparel and other soft goods through industry-driven projects.

Prerequisites: DM 272 with a minimum grade of C and AM 270 with a minimum grade of C and AM 275.

Registration Information: Must register for lecture and lab. Required field trips.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 384 Supervised College Teaching Credits: Var[1-3]

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AM 421 Textile Analysis Credits: 3 (1-4-0)

Course Description: Performance evaluation of selected fabrics through standard testing procedures; individual projects.

Prerequisite: DM 120.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AM 430 International Retailing Credits: 3 (3-0-0)

Course Description: Application of retail principles to analyze the internationalization process of retailing.

Prerequisites: AM 330 and DM 360 or MKT 360.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

AM 446 Apparel Design and Production Credits: 3 (1-4-0)

Course Description: Computer-aided design technology used in apparel sketching, pattern drafting, grading and marker making; final portfolio preparation and review.

Prerequisites: AM 341 and AM 342.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

AM 450 Social-Psychological Aspects of Clothing Credits: 3 (3-0-0)

Course Description: Psychological and social factors influencing clothing and its effect on others.

Prerequisites: AM 250 and PSY 100 or SOC 100.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

AM 460 Historic Textiles Credits: 3 (3-0-0)

Course Description: Historic development of textiles from a global perspective, focusing on textiles produced by diverse cultures.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AM 466 Retail Environment Design and Planning Credits: 3 (2-2-0)

Course Description: Application of design/merchandising principles to retail selling environments, including traditional store design/layout, direct mail, and websites.

Prerequisites: AM 130 and AM 270.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

AM 475 Product Development III Credits: 3 (3-0-0)

Course Description: Technology-based product innovation for positive social and environmental impacts.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

AM 479 Merchandising Policies and Strategies Credits: 3 (3-0-0)

Course Description: Examination of merchandising environment as influenced by its structure, and economic, legal, demographic, and psychographic trends.

Prerequisites: (AM 270 and AM 330 and AM 366 and AM 371) and (DM 360 or MKT 360).

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

AM 495A Independent Study: Merchandising Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AM 495B Independent Study: Apparel Design and Production Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AM 495D Independent Study: Textiles and Clothing Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

AM 496A Group Study: Merchandising Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AM 496B Group Study: Apparel Design Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AM 496C Group Study: Apparel Production Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AM 496D Group Study: Textiles and Clothing Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**AM 500 Apparel Supply Chains/Social Responsibility Credit: 1 (1-0-0)****Course Description:** Challenges for social responsibility in the context of the structure, relationships, and long-standing practice of the apparel industry.**Prerequisite:** None.**Registration Information:** Offered as an online course only.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**AM 525 Application of Textile Technology to Design Credits: 3 (1-2-1)****Course Description:** Advanced study of textile technology in apparel, merchandising and interior design; recent advances in the field.**Prerequisite:** AM 321 or AM 421.**Registration Information:** Must register for lecture, laboratory, and recitation.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AM 546 Theoretical Apparel Design Credits: 3 (1-2-1)****Course Description:** Applications of theoretical frameworks and computer-aided design techniques for the development of wearable and fiber art.**Prerequisite:** None.**Registration Information:** Must register for lecture, laboratory, and recitation.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** Yes.**AM 550 Appearance, Self, and Society Credits: 3 (0-0-3)****Course Description:** Analysis of social science theories and concepts as they apply to appearance and dress research.**Prerequisite:** AM 450 or PSY 000 to 9999 - at least 6 credits or SOC 000 to 9999 - at least 6 credits.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AM 572 Merchandising Theories and Strategies Credits: 3 (0-0-3)****Course Description:** Theoretical perspective on the design and development of merchandising strategies for U.S. and global production, distribution, and consumption.**Prerequisite:** None.**Restriction:** Must be a Graduate.**Registration Information:** Graduate standing or written consent of instructor.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**AM 590B Workshop: Apparel Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Design and Merchandising (DM)

DM 120 Textiles Credits: 3 (2-2-0)**Course Description:** Fibers, fabrics, and finishes basic to selection, use, and care.**Prerequisite:** None.**Registration Information:** Must register for lecture and laboratory. Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 272 Consumers in the Marketplace Credits: 3 (3-0-0)****Course Description:** Analysis and evaluation of consumers in the marketplace as applied to merchandising.**Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 360 Retailing Credits: 3 (3-0-0)****Also Offered As:** MKT 360.**Course Description:** Retail markets, institutions, operations, and problems.**Prerequisite:** MKT 300 or MKT 305.**Registration Information:** Credit not allowed for both DM 360 and MKT 360. Sections may be offered: Online.**Terms Offered:** Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.

DM 400 U.S. Travel-New York City Credits: 3 (1-2-1)

Course Description: Interview/analyze designers, manufacturers, buying offices, retail stores, magazine firms, interior design and architecture firms, etc.

Prerequisite: None.

Registration Information: Must have taken 6 credits in the following courses: DM, AM, INTD. Must register for lecture, laboratory, and recitation.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

DM 470A International Design and Merchandising:**Apparel Credits: 2 (1-0-1)**

Course Description: Historical, cultural, and business aspects of international design and merchandising in selected countries.

Prerequisites: AM 101 and AM 130 and DM 120 and DM 482A, may be taken concurrently.

Registration Information: Must register for lecture and recitation.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

DM 470B International Design and Merchandising: Interior Design Credits: 2 (1-0-1)

Course Description: Historical, cultural, and business aspects of international design and merchandising in selected countries.

Prerequisites: ART 100 and INTD 129 and INTD 166 and DM 482B, may be taken concurrently.

Registration Information: Must register for lecture and recitation.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

DM 474 Fashion Show Production and Event Planning Credits: 3 (1-0-2)

Course Description: Planning and implementing full production fashion show of student-designed collections, including promotions and fund-raising activities.

Prerequisite: AM 101 or INTD 129.

Registration Information: Written consent of instructor. Must register for lecture and recitation.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

DM 482 Travel Abroad Credit: 1 (0-0-1)

Course Description: Historical, cultural, aesthetic, and business aspects of design and merchandising in the selected country(ies).

Prerequisites: AM 101 and AM 130 and DM 120 and DM 470A, may be taken concurrently.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

DM 487A Internship: Merchandising Credits: Var[12-16]

Course Description:

Prerequisites: (AM 371) and (DM 360 or MKT 360) and (DM 492).

Registration Information: GPA 2.50.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 487B Internship: Apparel Design and Production Credits: Var[12-16]

Course Description:

Prerequisites: AM 244 and DM 492.

Registration Information: GPA 2.50.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 487C Internship: Product Development Credits: Var[12-16]

Course Description:

Prerequisites: AM 375 and DM 492.

Registration Information: GPA 2.500.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 487F Internship: General Credits: Var[3-16]

Course Description:

Prerequisite: None.

Registration Information: Written consent of instructor; GPA2.500.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 490A Workshop: Merchandising Credits: Var[1-6]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 490B Workshop: Apparel Design and Production Credits: Var[1-6]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 490C Workshop: Interior Design Credits: Var[1-6]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 492 Preinternship Seminar Credits: 2 (1-0-1)

Course Description: Professional standards and corporate structure of apparel and merchandising companies in apparel design, product development, and/or merchandising.

Prerequisite: None.

Registration Information: Minimum 2.5 GPA; minimum of 60 credits completed. Must register for lecture and recitation.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Maximum of 10 credits allowed in course.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

DM 496 Group Study Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Registration Information:** Maximum of three credits allowed in course.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**DM 501 Research and Theory-Design and Merchandising Credits: 3 (0-0-3)****Course Description:** Theory and various approaches and philosophies of research in design and merchandising. Critical evaluation and synthesis of scholarly literature.**Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 510 Consumer Behavior Credits: 3 (3-0-0)****Course Description:** Evaluation of psychological, sociological, and cultural theories of consumer behavior through examination of factors that influence decision making.**Prerequisite:** None.**Registration Information:** Offered as an online course only.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 518 Consumer Issues-Global Perspectives Credits: 3 (3-0-0)****Course Description:** Understanding and analysis of consumer well-being and issues from global perspective.**Prerequisite:** None.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 540 Promotional Strategies in Merchandising Credits: 3 (3-0-0)****Course Description:** Integrated marketing communications while fostering cultural and global awareness, social responsibility and ethical decision-making.**Prerequisite:** None.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 542 Advanced Computer-Aided Textile Design Credits: 3 (1-4-0)****Course Description:** Use of computer-aided design system to produce fabric designs for apparel or interior professional end use.**Prerequisite:** AM 342.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** Yes.**DM 551 Research Methods Credits: 3 (3-0-0)****Course Description:** Design and methods of research applicable to design and merchandising.**Prerequisite:** None.**Registration Information:** DM 501 or permission of instructor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 563 Care and Exhibit of Museum Collections Credits: 3 (1-2-1)****Course Description:** Hands-on experience in management, care, exhibition, and interpretation of museum collections.**Prerequisite:** ART 100 to 499 - at least 3 credits or HIST 100 to 499 - at least 3 credits or AM 100 to 499 - at least 3 credits or DM 100 to 499.**Registration Information:** Must register for lecture, laboratory and recitation. Required field trips.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 570 Creativity in Design Credits: 3 (0-0-3)****Course Description:** Multiple perspectives in creativity integrating theory and research impacting design.**Prerequisite:** DM 501.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 575 Human Factors in Design--Softlines Credits: 3 (3-0-0)****Course Description:** Theories and contemporary issues related to human factors in design with a specific focus on interior, apparel, and footwear products.**Prerequisite:** DM 501, may be taken concurrently.**Registration Information:** DM 501 or concurrent registration.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 578 Trends-Consumer Issues Credits: 3 (2-0-1)****Course Description:** Development and projections of consumer issues.**Prerequisite:** None.**Registration Information:** Must register for lecture and recitation.**Terms Offered:** Fall, Spring, Summer.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.**DM 590A Workshop: Merchandising Credits: Var[1-6]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**DM 590B Workshop: Apparel Design and Production Credits: Var[1-6]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**DM 590C Workshop: Interior Design Credits: Var[1-6]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**DM 592 Seminar Credits: Var[1-3]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

DM 596 Group Study Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**DM 684 Supervised College Teaching Credits: Var[1-6]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**DM 687 Internship Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**DM 695 Independent Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**DM 698 Research Credits: 3 (0-0-3)****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Written consent of instructor.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**DM 699 Thesis Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Interior Design (INTD)

INTD 129 Introduction to Interior Design Credits: 3 (3-0-0)**Course Description:** Interior design discipline's professional values with emphasis on elements and principles of design.**Prerequisite:** None.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 166 Visual Communication-Sketching Credits: 3 (0-6-0)****Course Description:** Hand drafting, free-hand sketching and conceptualization to communicate interior design concepts visualizing 2 and 3 dimensional representations.**Prerequisite:** None.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 200 Housing Values in America Credits: 3 (3-0-0)****Course Description:** Housing issues in the U.S.; values, norms, roles of government and building professions; interaction of issues with U.S. public values to meet housing needs.**Prerequisite:** None.**Terms Offered:** Fall, Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 201 Two-Dimensional Fundamentals-Interior****Design Credits: 3 (0-6-0)****Course Description:** Demonstration of 2-dimensional elements and principles of design incorporating creative thinking, design fundamentals, design communication skills.**Prerequisites:** INTD 129 and INTD 166.**Registration Information:** Design scenario advancement.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 210 Interior Design Anatomy Credits: 3 (3-0-0)****Course Description:** Applying basic concepts of human behavior, anthropometrics, and space planning to residential interiors.**Prerequisites:** INTD 129 and INTD 166.**Registration Information:** Design scenario advancement. Required field trips.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 235 Interior Design Technologies Credits: 3 (2-2-0)****Course Description:** Principles and procedures required in interpreting and producing building site plans, floor plans, elevations, sections, and interior details.**Prerequisite:** INTD 210.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 236 Three-Dimensional Thinking Credits: 3 (0-6-0)****Course Description:** Demonstration and application in visualizing interior space in three dimensions.**Prerequisites:** INTD 129 and INTD 166.**Registration Information:** Design scenario advancement.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.

INTD 255 Residential Interiors Credits: 3 (0-0-3)

Course Description: Theories, issues, and planning elements that impact the design of residential interiors.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 256 Computer-Aided Design for Interior Designers Credits: 3 (1-4-0)

Course Description: Use of computer-aided design (CAD), specifically two-dimensional and three-dimensional drafting using PC software.

Prerequisites: INTD 129 and INTD 166.

Registration Information: Design scenario advancement. Must register for lecture and laboratory. Required field trips.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 266 Visual Communication-Multi-Media Credits: 3 (0-6-0)

Course Description: Visual communication using advanced sketching rendering, manually and with technology, and alternative presentation methods.

Prerequisites: INTD 210 and INTD 236.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 276 Interior Design I Credits: 3 (0-6-0)

Course Description: Application of design process to small interior design projects. Design solutions communicated using manual and technology tools.

Prerequisites: (CON 235 or INTD 235) and (INTD 210 and INTD 236 and INTD 256).

Registration Information: Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 296A Group Study: Space Planning and Application Credits: Var[1-3]

Course Description:

Prerequisite: None.

Registration Information: Design scenario advancement.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

INTD 296B Group Study: Design Application Credits: Var[1-3]

Course Description:

Prerequisite: None.

Registration Information: Design scenario advancement.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

INTD 330 Lighting Design Credits: 3 (2-2-0)

Course Description: Application of lighting design in interior environments.

Prerequisites: CON 371, may be taken concurrently and INTD 276 with a minimum grade of C.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

INTD 336 Color Credits: 3 (0-0-3)

Course Description: Color theories, principles, trends and application in design.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 340 Interior Materials and Finishes Credits: 3 (3-0-0)

Course Description: Analysis of materials and resources for interiors.

Prerequisites: DM 120 and INTD 276 with a minimum grade of C.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 350 Codes-Health and Safety Credits: 3 (3-0-0)

Course Description: Health and safety issues in interior design, including codes, regulations, and universal design.

Prerequisites: (INTD 210) and (INTD 276, may be taken concurrently or INTD 376, may be taken concurrently).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 356 Professional Communications-Interior Design Credits: 3 (3-0-0)

Course Description: Mastery of written communication skills required in the field of interior design.

Prerequisites: (CO 150 or HONR 193) and (INTD 276 with a minimum grade of C).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 359 History of Interior Design Credits: 3 (3-0-0)

Course Description: Survey of interior design history from ancient times through the present.

Prerequisite: INTD 276 with a minimum grade of C.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 376 Interior Design II Credits: 3 (0-6-0)

Course Description: Application of design components to medium-scale residential and non-residential interior design projects.

Prerequisites: INTD 330 and INTD 340 and CON 371.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

INTD 384 Supervised College Teaching Credits: Var[1-10]**Course Description:****Prerequisite:** None.**Registration Information:** A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.**Terms Offered:** Fall, Spring.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**INTD 400 Interior Design Research Proposal Credits: 4 (1-4-1)****Course Description:** Research, development, and presentation of a programming proposal for a large scale interior design project with service learning component.**Prerequisite:** INTD 376 with a minimum grade of C.**Registration Information:** Must register for lecture, laboratory, and recitation. Required field trips.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 450 Travel Abroad-Sustainable Building Credits: 3 (3-0-0)****Also Offered As:** CON 450.**Course Description:** Major components of sustainable design and construction, energy, healthy buildings, natural resources and other environmental issues.**Prerequisite:** None.**Registration Information:** Credit not allowed for both INTD 450 and CON 450.**Term Offered:** Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 476 Interior Design Project Credits: 4 (0-8-0)****Course Description:** Large scale projects representing research-based design solutions, illustrating synthesis and analysis of entry level concepts, portfolio development.**Prerequisite:** INTD 400 with a minimum grade of C.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**INTD 487 Internship Credits: Var[3-16]****Course Description:****Prerequisites:** INTD 356 and INTD 376 with a minimum grade of C.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**INTD 495 Independent Study Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Registration Information:** Maximum of 10 credits allowed in course.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**INTD 496A Group Study: Program Skills Credits: Var[1-3]****Course Description:****Prerequisite:** None.**Registration Information:** Maximum of 10 credits allowed in course.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**INTD 496B Group Study: Design Application Credits: Var[1-3]****Course Description:****Prerequisite:** None.**Registration Information:** Maximum of 10 credits allowed in course.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**INTD 550 Universal Design Credits: 3 (3-0-0)****Course Description:** Analysis and evaluation of universal design as it applies to diverse population segments and interior environments.**Prerequisite:** INTD 376 with a minimum grade of C, may be taken concurrently.**Registration Information:** Required field trips.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 575 Problems-Interior Design Credits: Var[1-8]****Course Description:****Prerequisite:** INTD 376 with a minimum grade of C - at least 9 credits.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 578 Trends/Issues in Interior Design Credits: 3 (2-0-1)****Course Description:****Prerequisite:** INTD 376 with a minimum grade of C or DM 551.**Registration Information:** Must register for lecture and recitation.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**INTD 675 Problems-Interior Design Credits: Var[1-8]****Course Description:****Prerequisite:** INTD 575 - at least 4 credits.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.

Major in Apparel and Merchandising

The Apparel and Merchandising program emphasizes the study of product design and development; promotion, distribution, and retailing; and consumer behavior in the global environment, while fostering cultural awareness and a commitment to social responsibility. There are three concentrations in the major: Apparel Design and Production, Merchandising, and Product Development.

Learning Outcomes

Students will demonstrate their understanding and apply core design, merchandising, textiles science, and technical skills relative to their program areas. The three concentrated areas include:

- Apparel Design and Production core skills will include but are not limited to use of industry-related technology for sketching pattern drafting, marker making, constructing; and crossing disciplines to include properties of design conceptual development technical production specifications

communication, materials sourcing, and marketing strategies.

- Merchandising core skills will include but are not limited to domestic and global retailing, merchandise buying, sales and customer service, product forecasting, product promotion, consumer behavior; and crossing disciplines to include knowledge and skills in accounting/budgeting, purchasing, management, and marketing.
 - Product Development core skills will include but are not limited to market research, product design and development, prototypes, specification sheets, global sourcing, and supply chain management. Skills in this concentration are enhanced through industry related technology.
1. Students in the Apparel and Merchandising major will be able to assess and synthesize multiple factors in creating/producing quality products, services, and design solutions. The factors will address human, design, industry and business, global, science, and technology sensitivities.
 2. Students will be able to describe their understanding of multiple processes that are involved in the practice of apparel design and production, merchandising, and product development. These processes include but are not limited to critical and creative thinking, communication, ethics, social responsibility and sustainability, collaborative, and interdisciplinary.
 3. Students will distinguish and demonstrate qualities of professionalism and business practice that contribute to the industry, and advance the value of their knowledge to the near and/or built environments.
 4. Students will enroll in Internships credits at least one semester before graduation and a pre-internship course during their third year in the major. Placement with businesses and organizations in national and international settings are intended to facilitate depth and integration of knowledge in the study of apparel and merchandising and to enhance students' professional development and career opportunities. Students with a 2.500 GPA are eligible to participate in department-facilitated internships.
 5. Students who engage in co-curricular learning experiences will have the opportunity to see apparel and fashion manufacturers markets, network with industry professionals, engage in project based learning experiences, assist with department recruiting events and new student orientations, and a variety of leadership events.

Potential Occupations

Some examples of careers for Apparel Design and Production concentration graduates include, but are not limited to: apparel and fashion designer, computer -aided design (CAD) manager, creative director, design director, fashion illustrator, fashion magazine editorial contributor, fashion stylist, import specialist, pattern-maker, technical designer, trend/fashion forecaster.

Some examples of careers for Merchandising concentration graduates include, but are not limited to: brand/product merchandise manager, merchandise buyer, retail analyst, retail manager, retail store/website planner, resident buying office administrator, sales representative, showroom coordinator/manager, inventory control agent, consumer or market researcher, product trend analyst, advertising and promotions coordinator/manager, public relations specialist, social media specialist, and visual merchandiser.

Some examples of careers for Product Development concentration graduates include, but are not limited to: consumer or market researcher, design conception, prototype engineer, import/export specialist, sourcing agent, product testing, production manager, quality control agent, and sourcing agent.

- Apparel Design and Production Concentration
- Merchandising Concentration
- Product Development Concentration

Major in Apparel and Merchandising, Apparel Design and Production Concentration

The Apparel Design and Production concentration offers study in the design and development of apparel goods, including fiber/textile science, aesthetics, forecasting, textile design, apparel design and construction techniques, and quality assessment, as well as mass production, and marketing of fashion and apparel goods for an identified target market.

Students applying to the Apparel Design and Production concentration are accepted first into the Apparel and Merchandising major. Full acceptance into the Apparel Design and Production concentration requires passing the Portfolio Review held in the fall semester. Industry professionals in the field of apparel design and manufacturing will evaluate portfolios. The 20 to 25 highest scoring students will be accepted into the Apparel Design and Production concentration and become eligible to take the Apparel Design and Production courses in the concentration.

Minor in Merchandising

A minor in Merchandising provides students in other majors an opportunity to expand their knowledge of merchandising. The minor may be of special interest to students majoring in areas such as art, business, and journalism and media communication. The perspectives gleaned by selecting a Merchandising minor both enhance understanding of the student’s major program and expand career opportunities available to the student.

The Apparel and Merchandising program emphasizes study in apparel and textile design, product development, marketing and retailing of consumer goods, and sourcing of products. The program encompasses global study of the cultural/historical economic, and scientific aspects of the textile and apparel industry, while fostering understanding of consumer behavior and socially responsible business practices.

Requirements Effective Fall 1999

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Lower Division

¹ Select in consultation with advisor. Must be upper-division (300- to 400-level).

Major in Interior Design

The Interior Design program exemplifies the definition of the professional interior designer as qualified by education, experience, and examination to enhance the function and quality of life, increase productivity, and protect the health, safety, and welfare of the public. The program is accredited by the Council for Interior Design Accreditation (CIDA).

Students seeking to apply to the Interior Design major at CSU first are admitted to CSU as Pre-Interior Design. All students who wish to be considered for admission to Interior Design will be required to complete the Interior Design Scenario. Selective advancement into the major is based on the score received at the Interior Design Scenario determined by external reviewers who assess student competencies in writing, drawing, problem solving, and conceptual frameworks. A cohort of approximately 40 students is selected upon completion of the Interior Design Scenario. The Design Scenario occurs annually in spring semester. See the Department of Design and Merchandising (<http://www.dm.chhs.colostate.edu>) website for more information regarding the Interior Design Scenario.

In order to participate in the Interior Design Scenario students must have the following:

- GPA of 2.5 or higher.
- Completion of or current enrollment in INTD 129 and INTD 166 or equivalent. Equivalent courses from other institutions must be approved at least two weeks prior to the Interior Design Scenario by the Interior Design transfer advisor.

Interior Design department Academic Support Coordinator will work with Pre-Interior Design students and advise them on their current performance in relation to the possibility of their admission to Interior Design.

Faculty in the Interior Design program value learning as a collaborative effort inviting diversity, design research as a basis for excellence in design practice, and new models for learning to respond to new ways of working. The program guides students toward becoming dedicated interior designers who have strong communication skills, are active as team players and creative problem solvers, and who make a positive impact in the practice of interior design. Students engage in research-based problem solving, providing a solid transition from education to practice in a global community. An internship in interior design practice is required for graduation.

The Interior Design graduate will learn the entirety of the design process, beginning with assessment of client needs through design programming, development of alternative design solutions, development of conceptual and theoretical frameworks, selection of furniture and finish materials, construction documentation, core compliance, and contract administration including project management and post-occupancy evaluation methodologies. In addition, students take course work in construction/ building systems and codes, business principles in interior design, computer-aided design and drafting, animation, multimedia, graphic visualization, interior design history, and sustainable practices.

The teaching facilities include design studios; display, resource, and critique spaces; and computer labs.

Learning Outcomes

Interior Design majors will:

- Interior Design core skills will include but are not limited to applications of history and culture; space and form; color and light; fixtures, equipment, and finish materials; environmental systems; building systems, and interior construction; technology; and regulations.
- Students in the Interior Design major will be able to assess and synthesize multiple factors in creating/producing quality products, services, and design solutions. The factors will address human, design, industry and business, global, science and technology sensitivities.
- Students will be able to describe their understanding of multiple processes that are involved in the practice of interior design. These processes include but are not limited to critical and creative thinking, communication, ethics, social responsibility and sustainability, collaborative and interdisciplinary.
- Students will distinguish and demonstrate qualities of professionalism and business practice that contribute to the industry, and advance the value of their knowledge to the near and/or built environments.
- Students will enroll in Internships credits at least one semester before graduation.
- Students who engage in co-curricular learning experiences will have the opportunity to network with industry professionals, engage in project based learning experiences, assist with department recruiting events and new student orientations, and a variety of leadership events.

Potential Occupations

Students are prepared as entry-level interior designers with competency in design fundamentals, space planning and programming, code compliance, lighting, materials research, project management, and professional practices in the design of diverse interior spaces.

Graduates seek employment in interior design and architecture firms as residential, corporate, retail, health care, institutional, education, and hospitality designers. Graduates also work in lighting design, product development, marketing, research, design-related journalism, illustration, facility management, showroom management, and as manufacturers' representatives.

The CSU Educator Licensing Program is nationally accredited by the Teacher Education Accreditation Council and state accredited by the Colorado Department of Education and the Colorado Department of Higher Education.

Section 207 of Title II of the Higher Education Act mandates that the Department of Education collect data on state requirements for teacher certification and licensure, as well as data on the performance of teacher preparation programs. The Title II Institutional Report for CSU is available through the Licensure website (<http://www.cep.chhs.colostate.edu/school/accreditation.aspx>).

Learning Outcomes

Students will demonstrate:

- Employment of innovative instructional methods to promote student success and to meet state and national standards
- Understanding of how students differ in their approaches to learning and create instructional opportunities that are adapted to diverse learners
- Mastery of the content knowledge students will use for teaching a subject
- Ability to impact learning of P-12 students through course work and field experiences
- Knowledge of education governance and about careers in teaching

Potential Occupations

Examples include: public or private school teacher, principal, staff developer, educational sales, school counselor, school social worker, school occupational therapist, curriculum specialist, human resources trainer, post-secondary teacher, and early childhood center director.

One of the most important ways to help people and to impact our society is through involvement in public and private schools. Teachers make lasting contributions to our nation and its many generations of learners. Teacher education programs at CSU serve the needs of individuals preparing to teach in most secondary areas, K-12 art, foreign languages, instructional technology, and music, or early childhood education. CSU is presently the only public institution in Colorado designated to offer programs leading towards a career and technical (vocational) credential. Candidates for teacher licensure are skilled in a teaching concentration and proficient in educational methodology. These students take their

professional education course work concurrently while completing their subject matter courses. Candidates may complete licensure while enrolled in an undergraduate program or after completing a bachelor's degree at an accredited university.

Endorsements available through the program include:

Endorsement	Levels	U	P	G
Agricultural Education	Secondary	X	X	X

Approved Majors for Teacher Endorsements

At CSU, the following are the approved majors for each endorsement area. Undergraduate teacher education candidates must be majoring in one of the approved majors that align with their endorsement area for admission to the licensure program.

For detailed four-year curriculum on the degrees listed below, refer to the specific program in this catalog.

Admission to Teacher Licensure

Students who wish to pursue an endorsement program should apply for admission to the Teacher Licensure Program in the Center for Educator Preparation. Formal admission to the Teacher Licensure Program is based upon completion of a minimum of 30 semester credits and successful completion of the following:

- Submission of written application
- Submission of reference forms
- Field experience documentation (20 hour form)
- 2.75 cumulative GPA; 3.00 GPA for admission to the social studies endorsement
- Evidence of oral English proficiency
- Background check (fingerprinting using CDE forms/process)
- Successful completion of Phase I courses

- Verification of lawful presence

(Note: Admission requirements are subject to change based on program and state licensing requirements and laws.)

Detailed information about the admission process and specific deadline dates for admission are available in the Center for Educator Preparation (<http://www.cep.chhs.colostate.edu>) Advising Center, Education Building, Room 111.

Student Teaching

Teacher licensure candidates apply for student teaching placement one semester before student teaching. Candidates must pass the state teacher's exam in their respective teaching area by mid-April or mid-October before the student teaching experience. Additionally, candidates must demonstrate acceptable personal and academic fitness. Student teaching must be completed at an approved school. Placement is contingent upon acceptance of the student by a school system. All assignments are made by CSU. The experience is full time for the specific time period.

Requirements for Licensure

Colorado licensure requires completion of an approved program and the recommendation of the institution at which the program was completed. The Director for Educator Licensing in the Center for Educator Preparation serves as the licensure officer for CSU. Additional requirements of the Colorado Department of Education and the Colorado Department of Higher Education include the successful completion of the state teacher's exam. Successful completion of the approved teacher licensure program at CSU does not guarantee successful completion of the teacher's exam. The Center for Educator Preparation does not assume responsibility for the successful completion of the teacher's exam.

CSU's approved program requirements include completion of a baccalaureate degree, completion of course work in general education, content area, and professional education, and fulfillment meeting the Colorado Performance Based Standards for teachers at the proficient or advanced proficient level. Additionally, all grades in professional education and content courses must be a C or better for licensing. The minimum scholastic average acceptable for completion of the Teacher Licensure Program and recommendation for licensing is 2.75 computed for all course work, except for social studies where a 3.00 GPA is required.

CSU reserves the right to not recommend a student for licensure on the basis of unacceptable personal and fitness/performance.

Professional Education Coursework for Licensure

The professional education requirements listed below apply to all teaching endorsement areas except early childhood education where EDUC 400, EDUC 425, and EDUC 426 are required in place of EDUC 350, EDUC 386, EDUC 450, and EDUC 486E. Additional courses may be required by specific endorsement areas. For clarification, refer to individual coursework check sheets which can be obtained in the Education Building, Room 111, and online (<http://www.cep.chhs.colostate.edu>).

Candidates in all endorsement areas must complete appropriate methods courses the semester prior to enrolling in student teaching.

Career and Technical Education

Individuals desiring to teach in or administer career and technical programs in the state of Colorado must qualify for a credential in addition to a teaching license. Those who plan to qualify as career and technical education (CTE) teachers or directors must meet the requirements for a CTE credential established by the Community Colleges of Colorado and the Colorado Department of Education. Credentialing questions may be directed to the Department of Education, (303) 866-6628.

Professional Education Course Requirements

The professional education course requirements listed under Professional Education Coursework for Licensure apply to all teaching endorsement areas in career and technical education.

Agricultural Education

Kellie Enns, Ph.D., Program Chair

Candidates studying Agricultural Education are prepared to teach youth and adults in high schools, community colleges, junior colleges, area career and technical schools, and technical institutes. Two thousand hours in the agriculture industry are required in addition to completion of the agriculture curriculum and professional education courses.

For the detailed four-year curriculum, refer to the College of Agricultural Sciences, Department of Agricultural and Resource Economics, major in Agricultural Education, or contact the Center for Educator Preparation Advising Center in the Education Building, Room 111.

Family and Consumer Sciences

Dawn Mallette, Ph.D., Program Chair

Candidates majoring in Family and Consumer Sciences with a concentration in Family and Consumer Sciences Education are prepared to be employed as teachers in middle schools, junior or senior high schools, community and junior colleges, area career and technical schools, and technical institutes.

For the detailed four-year curriculum, refer to the interdepartmental major in Family and Consumer Sciences, Family and Consumer Sciences Education concentration, under the School of Education.

Technology Education

Michael A. De Miranda, Ph.D., Program Chair

Technology Education requires students to learn about how people design, make, use, maintain, and manage technology and engineered systems through hands-on problem solving and design activities. Teaching engineering is done in hands-on environments where students learn about Science, Technology, Engineering, and Mathematics (STEM). Candidates majoring in Engineering Science with a concentration in Engineering Education are prepared as professional teachers for middle schools, junior or senior high schools. Engineering and Technology in Engineering science is an interdisciplinary major that allows students to acquire a strong base in mathematics, the physical sciences, and engineering fundamentals while pursuing a broad background to teach engineering design in exciting hands-on technology education laboratories in secondary schools.

For the detailed degree and licensure curriculum, refer to the major in Engineering Science, Teacher Education concentration, in the College of Engineering.

Undergraduate Majors

- Major in Family and Consumer Sciences
 - Family and Consumer Sciences Concentration
 - Family and Consumer Sciences Education Concentration

Graduate Graduate Programs

Office in Education Building, Room 212
(970) 491-6317
soe.chhs.colostate.edu (<http://soe.chhs.colostate.edu>)

The School of Education offers graduate programs leading to a Master of Education in Education and Human Resource Studies, a Master of Science in Student Affairs in Higher Education, and a Doctor of Philosophy degree in Education and Human Resource Studies.

Master of Education specializations are available in Adult Education and Training; Counseling and Career Development which is approved by the Council for Accreditation of Counseling and Related Educational Programs; Education Sciences; and Organizational Learning, Performance and Change.

The Master of Science degree in Student Affairs in Higher Education follows the Council for the Advancement of Standards in higher education.

Doctoral degree specializations are available in Education Sciences; Higher Education Leadership; Organizational Learning, Performance and Change; and School Leadership.

Regional Graduate Program status has been given to the doctoral degree by the Western Interstate Commission on Higher Education (WICHE). This arrangement, approved by the State of Colorado, permits citizens of other states to pay resident tuition rates under certain conditions. Contact the School of Education for further details.

Non-degree programs are also available that lead to licensure/credential/endorsement as a school principal. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the School of Education. (<http://soe.chhs.colostate.edu>)

The Center for Educator Preparation (CEP) (<http://cep.chhs.colostate.edu>) is the office at CSU responsible for licensure of K-12 teachers in 15 content areas, and of public school principals, K-12.

Master Programs

- Master of Science in Student Affairs in Higher Education
- Master of Education, Plan A, Adult Education and Training Specialization
- Master of Education, Plan B, Adult Education and Training Specialization
- Master of Education in Education and Human Resources Studies, Counseling and Career Development Specialization

- Master of Education and Human Resource Studies, Education Sciences Specialization
- Master of Education in Education and Human Resource Studies, Organizational Learning, Performance and Change Specialization

Ph.D.

- Ph.D. in Education and Human Resource Studies, Education Sciences Specialization
- Ph.D. in Education and Human Resource Studies, School Leadership Specialization
- Ph.D. in Education and Human Resource Studies, Higher Education Leadership Specialization, College and University Leadership Option
- Ph.D. in Education and Human Resource Studies, Higher Education Leadership Specialization, Community College Leadership Option
- Ph.D. in Education and Human Resource Studies, Organizational Learning, Performance, and Change Specialization

Courses

Subjects in this department include: Education - Adult (ADAE), Education - Community College (EDCL), Education - Counseling and Career Development (EDCO), Education - Career and Teaching (EDCT), Education - General (EDUC), Education - Higher Education (EDHE), Education - Organizational Performance and Change (EDOD), and Education - Research Methods (EDRM).

Education - Adult (ADAE)

EDAE 495 Independent Study-Adult Education Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDAE 520 Adult Education Credits: 3 (0-0-3)

Course Description: Philosophical foundations, a description of program service areas, adult participation trends, and current issues.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 530 Adult Basic Education Credits: 3 (2-0-1)

Course Description: Enhance instructor skills in literacy and numeracy instruction for adult learners functioning below the 12th grade equivalency.

Prerequisite: None.

Registration Information: Bachelor's degree or consent of instructor. Offered as an online course only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 540 Teach English as Second Lang—Adult Learners Credits: 3 (2-0-1)

Course Description: Instructors learn the tools necessary to successfully deliver English learning to adult speakers of other languages.,

Prerequisite: None.

Registration Information: Bachelor's degree or consent of instructor. Offered only online

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 586 Practicum Credits: Var[1-18]

Course Description: Participation in field experience relevant to study program and objectives.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDAE 590 Workshop Credits: Var[1-18]

Course Description: Specially designed learning situations to provide opportunities for concentrated problem-solving experiences.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDAE 601 Philosophy/Organization of Workforce Education Credits: 3 (3-0-0)

Course Description: Principles, philosophy, practices, and innovations of workforce education and human resources.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 620 Processes and Methods Credits: 3 (0-0-3)

Course Description: Processes and methods including helping theories used by adult learning facilitators.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 624 Adult Teaching and Learning I Credits: 3 (0-0-3)

Course Description: Using theory and best practices to design and deliver instruction for adults.

Prerequisite: EDAE 520.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 629 Program Development Credits: 3 (0-0-3)

Course Description: Models for planning, implementing, and evaluating programs for adult learners.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 639 Instructional Design Credits: 3 (1-0-2)

Course Description: Apply instructional design principles in the development of a course or workshop and explore application of various learning methods.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 664 Assessment and Evaluation in Adult Education Credits: 3 (2-0-1)

Course Description: Assessment of learning, evaluation of learning events, and determining the value of the training to the adult learners in the organization.

Prerequisite: EDAE 620.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 668 Cognitive Theory and Learning Transfer Credits: 3 (1-0-2)

Course Description: Investigation of learning processes and training strategies that lead to application of learning outside of the classroom.

Prerequisite: EDAE 620 or EDAE 624.

Restriction: Must be a: Graduate, Professional.

Registration Information: EDAE 620; EDAE 624 or written consent of instructor. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 682 Cultural Applications of Lifelong Learning Credits: 3 (0-0-3)

Course Description: Immersion experience examining cultural differences and establishing lifelong learning practices in Belize.

Prerequisite: EDUC 651.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must have completed 6 credits in the Adult Education and Training specialization under the M.Ed.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDAE 687 Internship Credits: Var[1-18]

Course Description: Career or job fieldwork experience with an adult education institution, agency, or program.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDAE 692 Seminar-Adult Education Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDAE 695 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDAE 698 Research Credits: Var[1-18]

Course Description:

Prerequisites: EDAE 520 and EDAE 624 and EDRM 600.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDAE 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisites: EDAE 520 and EDAE 624 and EDRM 600.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDAE 724 Adult Teaching and Learning II Credits: 3 (0-0-3)

Course Description: Adult teaching and learning, alternative delivery systems, performance technology, and faculty evaluation.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

Education - Community College (EDCL)

EDCL 675 The Community College Credits: 3 (3-0-0)

Course Description: Role and scope of community college: history, philosophy, organization, administration.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCL 687 Internship Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**EDCL 701 Higher Education Law Credits: 3 (0-0-3)****Course Description:** Legal theory, analysis, and review of cases relevant to higher education.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**EDCL 702 Community College Curriculum Credits: 3 (2-0-1)****Course Description:** Investigation and research of critical curricular issues affecting the community college now and in the future.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Must register for lecture and recitation.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**EDCL 703 Community College Leadership Credits: 3 (2-0-1)****Course Description:** Investigation and research of critical leadership issues affecting the community college now and in the future.**Prerequisite:** EDCL 675.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Must register for lecture and recitation.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**EDCL 750 Simulated Presidential Cabinet I Credits: 3 (0-0-3)****Course Description:** Issues and challenges relating to students, faculty, instructional programs, noninstructional programs, and instructional delivery.**Prerequisites:** EDCL 701 and EDUC 710.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**EDCL 751 Simulated Presidential Cabinet II Credits: 3 (0-0-3)****Course Description:** Issues and challenges relating to internal/external governances, legal authority, institutional revenues, expenditures and insurances, human resources.**Prerequisites:** EDCL 701 and EDUC 710.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Summer.**Grade Mode:** Traditional.**Special Course Fee:** No.**EDCL 792 Seminar Credits: Var[1-6]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Course Description: Awareness and critical analysis of ethical and legal issues in counseling and career development.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to Counseling and Career Development Program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDCO 653 Counseling for Cultural Diversity Credits: 3 (2-0-1)

Course Description: Influence of cultural differences in delivering culturally responsive counseling.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to the M.Ed. Counseling and Career Development specialization or written consent of instructor.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDCO 656 Tests and Assessment Credits: 3 (1-0-2)

Course Description: Use of tests in educational, vocational, and counseling assessment.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

EDCO 660 Career Development Counseling Credits: 3 (3-0-0)

Course Description: Career development programs and processes over the life span with particular attention to career choice.

Prerequisite: EDCO 500.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCO 662 Counseling Children and Adolescents Credits: 3 (2-0-1)

Course Description: Counseling theories and interventions applied to the child and adolescent client population.

Prerequisite: None.

Registration Information: Admission to Counseling and Career Development Program.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCO 686 Practicum-Guidance and Counseling Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCO 687 Internship-Guidance and Counseling Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCO 692 Seminar-Brief Counseling Credits: 3 (1-0-2)

Course Description: Blends theory of brief counseling with practice. Individualized for application in the student's counseling setting.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Proof of professional counseling liability insurance.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCO 693 Seminar-Guidance and Counseling Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCO 696 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCO 792A Seminar: Individual Counseling Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCO 792B Seminar: Group Counseling Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCO 792C Seminar: Contemplative Practices in Counseling and Education Credits: 3 (0-0-3)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Education - Career and Teaching (EDCT)

EDCT 300 Principles of Career and Technical Education Credits: 2 (0-0-2)

Course Description: History, purpose, administration, funding, programs, services and delivery of career and technical education within educational systems.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 370 Laboratory Management, Safety, and Liability Credits: 3 (3-0-0)

Course Description: Organization and management of learning laboratories. Approved principles and practices of classroom and laboratory safety including impact of accidents.

Prerequisite: None.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 387 Internship Credits: Var[1-18]

Course Description: Coordinated and supervised experiences in business, industry, or agriculture selected to strengthen the intern's specialty through experience.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCT 400 Building Student Organizations/Partnerships Credits: 2 (2-0-0)

Course Description: Techniques and methods to implement and advise student leaders; establish and nurture business/industry partners and work-based experiences.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 403 Coordination Techniques of Cooperative Programs Credits: 2 (0-0-2)

Course Description: Techniques and methods employed in organization, development, and maintenance of a cooperative program.

Prerequisite: None.

Registration Information: Offered as on online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 420 Agricultural Experience and Adult Education Credits: 3 (3-0-0)

Course Description: Developing secondary agriculture experience programs. Organizing and teaching adult education classes in agriculture.

Prerequisite: None.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 425 Methods/Materials in Agricultural Education Credits: 4 (4-0-0)

Course Description: Methods and procedures in teaching and evaluating agricultural education in the classroom and laboratory; vocational foundations; microteaching.

Prerequisite: EDUC 350, may be taken concurrently or EDUC 450, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 431 Methods/Materials in Business Education Credits: 4 (4-0-0)

Course Description: Methods for teaching business education.

Prerequisite: EDUC 350, may be taken concurrently or EDUC 450, may be taken concurrently.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 441 Methods/Materials-Vocational Marketing Education Credit: 1 (1-0-0)

Course Description: Instructional methods and resource materials development for vocational marketing education.

Prerequisites: (EDCT 431) and (EDUC 350, may be taken concurrently or EDUC 450, may be taken concurrently).

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 451 Methods-Family/Consumer Sciences Education Credits: 4 (3-2-0)

Course Description: Teaching methods, processes, and materials for family and consumer sciences education.

Prerequisite: EDUC 350, may be taken concurrently or EDUC 450, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 465 Methods and Materials in Technology Education Credits: 3 (3-0-0)

Course Description: Strategies and practices of teaching in a technical laboratory setting.

Prerequisite: EDUC 350, may be taken concurrently or EDUC 450, may be taken concurrently.

Registration Information: Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 471 Orientation and Assessment of New Teachers Credits: 2 (2-0-0)

Course Description: Orientation to teaching and individual assessment of teaching skills: development and implementation of professional growth plan.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 472 Classroom Management Credit: 1 (0-0-1)

Course Description: Orientation to teaching and individual assessment of teaching skills: development and implementation of professional growth plan.

Prerequisite: EDCT 471.

Registration Information: Admission to TAP. Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 473 Communication Strategies Credit: 1 (0-0-1)

Course Description: Introduction to student management techniques and program management. Teachers will create a preliminary plan for instruction.

Prerequisite: EDCT 471.

Registration Information: Admission to TAP. Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 485 Student Teaching Credits: Var[1-18]

Course Description: Teacher education candidates participate in an intensive and extensive on-site capstone experience within a public school setting.

Prerequisites: (EDUC 450) and (EDUC 460 or EDUC 474 or EDUC 463 or EDUC 464 or EDUC 465 or EDUC 466 or EDUC 475 or EDUC 476 or EDUC 477 or EDCT 425 or EDCT 431 or EDCT 441 or EDCT 451 or EDCT 465 or EDUC 462).

Registration Information: Appropriate special content methods courses.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: Yes.

EDCT 486 Practicum Credits: Var[1-6]

Course Description:

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCT 492 Seminar-Professional Relations Credits: Var[1-18]

Course Description: Collegial and professional discussions, support, and assistance.

Prerequisites: (EDUC 450) and (EDUC 460 or EDUC 474 or EDUC 463 or EDUC 464 or EDUC 465 or EDUC 466 or EDUC 475 or EDUC 476 or EDUC 477 or EDCT 425 or EDCT 431 or EDCT 441 or EDCT 451 or EDCT 465 or EDUC 462) and (EDCT 485, may be taken concurrently).

Registration Information: Appropriate special content methods course.

Terms Offered: Fall, Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

EDCT 494 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCT 496 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCT 520 Teaching Agricultural Education Credits: Var[1-18]

Course Description: Methods of teaching recent developments in the field of agriculture and allied industries.

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 571 Vocational Assessment for Special Needs Credits: 3 (0-0-3)

Course Description: Information on techniques regarding vocational assessment of special needs students including traditional and curriculum-based strategies.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 590 Workshop Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDCT 612 Career and Technical Administrative Strategy Credits: 3 (0-0-3)

Course Description: Basic educational systems; the scientific method as a basis for analysis; systems as a tool for planning and decision making.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Offered as an online course only.

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 630 Organization of Business Education Credits: 2 (2-0-0)

Course Description: Procedures for organizing new programs and for managing or modifying existing programs.

Prerequisite: EDCT 300.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Summer (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 631 Management of Business Departments Credits: 2 (2-0-0)

Course Description: Preparation of teachers and administrators for implementation of vocational business and office education programs.

Prerequisite: EDCT 300.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Summer (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 640 Methods in Marketing Education Credits: 2 (2-0-0)

Course Description: Instruction and curricula for secondary and postsecondary vocational marketing education.

Prerequisite: EDCT 441.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Summer (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 641 Programs in Marketing Education Credits: 2 (2-0-0)

Course Description: Techniques used in determining need for and implementations of new or additional programs of vocational marketing education.

Prerequisite: EDCT 441.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Term Offered: Summer (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

EDCT 693 Seminar Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Education - General (EDUC)

EDUC 255 Introduction to Education Credits: 2 (2-0-0)

Course Description: Overview of teaching profession emphasizing teaching opportunities, licensure, and University professional program.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 275 Schooling in the United States (GT-SS3) Credits: 3 (3-0-0)

Course Description: Social, political, historical, and economic forces that shape U.S. system of public schooling (P-12).

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Social & Behavioral Sciences 3C, Human Behavior, Culture, or Social Frameworks (GT-SS3).

EDUC 296 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 320 Educational Psychology Credits: 3 (0-0-3)

Course Description: Psychological conditions of classroom learning and teaching including understanding needs of exceptional children in the classroom.

Prerequisite: None.

Registration Information: Offered as an online or correspondence course only. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 331 Educational Technology and Assessment Credits: 2 (1-2-0)

Course Description: Skills and strategies for the use of appropriate technology and assessment in teacher education.

Prerequisites: EDUC 275 and EDUC 340.

Registration Information: Admission to Teacher Licensure Program. Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 340 Literacy and the Learner Credits: 3 (1-2-1)

Course Description: Understanding and supporting literacy and numeracy development. Field experiences, service learning experiences.

Prerequisite: None.

Registration Information: Required background check through CDE, CBI, FBI. 30 credits of course work completed. Must register for lecture, laboratory, and recitation.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 350 Instruction I-Individualization/Management Credits: 3 (2-2-0)

Course Description: Theory, research and practice of teaching at the junior high/middle school level; adapting instruction for individuals including learners with special needs.

Prerequisites: EDUC 275 and EDUC 340.

Registration Information: Admission to Teacher Licensure Program. Must register for lecture and laboratory. Includes fieldwork in public schools. Site placement may change due to public school needs.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 386 Practicum-Instruction I Credits: Var[1-3]

Course Description:

Prerequisites: EDUC 275 and EDUC 340.

Registration Information: Admission to Teacher Licensure Program.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

EDUC 400 Diagnostic Teaching of Reading Credits: 3 (1-4-0)

Course Description: Development of the knowledge base, skills, and strategies for teaching reading from birth to age 8. Service learning experiences.

Prerequisites: EDUC 275 and EDUC 340 and HDFS 217 and HDFS 310.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 425 Early Childhood Education I Credits: 4 (2-6-0)

Course Description: Integrated methods; theoretical bases; teacher's role; appropriate curriculum; measurement; environments; pedagogy; instructional design and decisions.

Prerequisites: EDUC 275 and EDUC 340.

Registration Information: Admission to Teacher Licensure Program. Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 426 Early Childhood Education II Credits: 4 (2-4-0)

Course Description: Integrated methods; organizing/presenting materials/activities; applying decisions; managing groups; individual instruction; assessment/evaluation.

Prerequisite: EDUC 425.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 450 Instruction II-Standards and Assessment Credits: 4 (2-4-0)

Course Description: Theory, research, and practice of standards-based instruction: assessment, literacy, and technology. Includes work in public schools.

Prerequisites: EDUC 350 and EDUC 386 and EDUC 331.

Registration Information: Must register for lecture and laboratory. Course must be taken semester immediately prior to student teaching semester.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 460 Methods and Materials in Teaching Science Credits: 4 (3-2-0)

Course Description: Current trends in science education, K-12; techniques of experimentation demonstrations; study of equipment, facilities, and resource materials.

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 462 Methods and Assessment in Teaching Languages Credits: 4 (4-0-0)

Course Description: Objectives, methods, and resource materials for teaching languages in secondary schools.

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program; oral and written competency in language endorsement area.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

EDUC 463 Methods in Teaching Language Arts Credits: 4 (4-0-0)

Course Description: Objectives, content, and methods of teaching English, speech, and journalism in secondary schools.

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 464 Methods and Materials in Teaching Mathematics Credits: 4 (4-0-0)

Course Description: Problems and techniques of teaching secondary mathematics; evaluation of student achievement and teacher effectiveness.

Prerequisite: MATH 100 to 481 - at least 18 credits.

Registration Information: Admission to Teacher Licensure Program.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 465 Methods and Materials in Social Studies Credits: 4 (4-0-0)

Course Description: Methods of teaching social studies; sources of information and teaching materials and literature for social studies teachers.

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 466 Methods and Assessment in K-12 Art Education Credits: 4 (4-0-0)

Course Description: Objectives, methods, and resource materials for teaching art in elementary and secondary schools.

Prerequisite: EDUC 275.

Registration Information: Admission to Teacher Licensure Program.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 474 Elementary Music Methods I Credits: 2 (1-3-0)

Course Description: Developmentally appropriate strategies and materials for K-6 music instruction; emphasis on common methodologies, resources, standards-based teaching.

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 475 Elementary Music Methods II Credits: 2 (1-3-0)

Course Description: Classroom management, motivational strategies, technology tools, assessment/evaluation of music learning and field experiences in K-6 music education.

Prerequisite: EDUC 474.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

EDUC 476 Choral Methods for Secondary Schools Credits: 2 (1-3-0)

Course Description: General music classes, choral techniques and literature; current practices and trends.

Prerequisite: MU 217.

Registration Information: Admission to Teacher Licensure Program. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

EDUC 477 Instrumental Methods for Secondary Schools Credits: 2 (1-3-0)

Course Description: Organization and administration of instrumental music, grades 5-12.

Prerequisite: MU 217.

Registration Information: Admission to Teacher Licensure Program. Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

EDUC 485A Student Teaching: Elementary Credits: Var[6-14]

Course Description: Teacher education candidates participate in an intensive and extensive on-site capstone experience within a public school setting.

Prerequisites: (EDUC 450) and (EDUC 460 or EDUC 474 or EDUC 463 or EDUC 464 or EDUC 465 or EDUC 466 or EDUC 475 or EDUC 476 or EDUC 477 or EDCT 425 or EDCT 431 or EDCT 441 or EDCT 451 or EDCT 465 or EDUC 462).

Registration Information: Appropriate special methods course(s) required.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 485B Student Teaching: Secondary Credits: Var[6-14]

Course Description: Teacher education candidates participate in an intensive and extensive on-site capstone experience within a public school setting.

Prerequisites: (EDUC 450) and (EDUC 460 or EDUC 474 or EDUC 463 or EDUC 464 or EDUC 465 or EDUC 466 or EDUC 475 or EDUC 476 or EDUC 477 or EDCT 425 or EDCT 431 or EDCT 441 or EDCT 451 or EDCT 465 or EDUC 462).

Registration Information: Appropriate special methods course(s) required.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: Yes.

EDUC 485C Student Teaching: Early Childhood Credits: Var[6-14]

Course Description: Teacher education candidates participate in an intensive and extensive on-site capstone experience within a public school setting.

Prerequisite: EDUC 426.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: Yes.

EDUC 486A Practicum: K-12 Classroom Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 486B Practicum: Reading Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 486C Practicum: Mathematics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 486D Practicum: Literacy Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 486E Practicum: Instruction II Credits: Var[1-18]

Course Description:

Prerequisite: None.

Registration Information: Admission to Teacher Licensure Program.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

EDUC 493A Seminar: Professional Relations Credits: Var[1-3]

Course Description: Collegial and professional discussions, support, and assistance.

Prerequisites: (EDUC 426 or EDUC 450) and (EDUC 485A, may be taken concurrently or EDUC 485B, may be taken concurrently or EDUC 485C, may be taken concurrently or EDCT 485) and (EDUC 460 or EDUC 474 or EDUC 463 or EDUC 464 or EDUC 465 or EDUC 466 or EDUC 475 or EDUC 476 or EDUC 477 or EDCT 425 or EDCT 431 or EDCT 441 or EDCT 451 or EDCT 465 or EDUC 462).

Registration Information: Appropriate special methods course(s).

Terms Offered: Fall, Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

EDUC 493B Seminar: Assessment of Learning Credits: Var[1-3]

Course Description: Information and techniques that enable educators to use assessment results to inform planning and instructional practices.

Prerequisites: (EDUC 426 or EDUC 450) and (EDUC 485B, may be taken concurrently or EDUC 485C, may be taken concurrently or EDCT 485, may be taken concurrently or EDUC 485A, may be taken concurrently) and (EDUC 460 or EDUC 462 or EDUC 463 or EDUC 464 or EDUC 465 or EDUC 466 or EDUC 474 or EDUC 475 or EDUC 476 or EDUC 477 or EDCT 425 or EDCT 431 or EDCT 441 or EDCT 451 or EDCT 465).

Registration Information: Appropriate special methods course(s).

Terms Offered: Fall, Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

EDUC 494 Independent Field Studies Credits: Var[1-18]

Course Description: Specialized field study in the public schools under direction and supervision of faculty.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 496 Group Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDUC 501 Reading in the Content Areas Credits: 3 (3-0-0)

Course Description: Specific methods, materials, and techniques for helping students become more efficient in reading content area material.

Prerequisite: EDUC 320.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDUC 502 Human Relations in Education Credits: 3 (3-0-0)

Course Description: Human relations in an individual's educational, organizational, and social activities as applied to various educational settings.

Prerequisite: EDCT 300.

Registration Information: Bachelor's degree can substitute for EDCT 300. Sections may be offered: Online.

Special Course Fee: No.

EDOD 765 Strategic Planning of Education for Work Credits: 3 (3-0-0)

Course Description: Human capital as component of strategic planning of education; training and development at national, regional, and organizational levels.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to Organizational Learning, Performance and Change specialization.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 766 Scenario Planning in Organizations Credits: 3 (2-0-1)

Course Description: Theory and practice of scenario planning. Application of scenario planning in organizations.

Prerequisites: EDOD 761 and EDOD 769.

Registration Information: Must register for lecture and recitation. Sections may be offered: Online.

Term Offered: Summer (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 767 Cross-Culture and International Training Credits: 3 (3-0-0)

Course Description: Issues, models, techniques of development and delivery of human resource development and training programs across cultural, interregional, national barriers.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to Organizational Learning, Performance and Change specialization.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 768 Workforce Development Credits: 3 (3-0-0)

Course Description: Characteristics and elements of workforce development with special attention to the roles and responsibilities of employers and managers.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to the Organizational Learning, Performance and Change specialization under the Ph.D. in Education and Human Resource Studies. Sections may be offered: Online.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 769 Theory and Practice of Change Credits: 3 (3-0-0)

Course Description: Theory, history, characteristics, nature, levels, and types of change and modern conceptual and integrated models of change.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 770 Organizational Culture Credits: 3 (3-0-0)

Course Description: Theories, methods, and practices for evaluating, analyzing, and changing organizational culture.

Prerequisite: None.

Registration Information: Admission to Organizational Learning, Performance and Change specialization.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 771 Social Foundations of the Workplace Credits: 3 (2-0-1)

Course Description: Social, cultural and political systems in organizations and their implications for employees.

Prerequisites: EDOD 761 and EDOD 769.

Registration Information: Sections may be offered: Online.

Term Offered: Summer (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 772 Theory Building in Applied Disciplines Credits: 3 (2-0-1)

Course Description: Theory building in workplace environments. Develop a theory and examine and critique existing theories.

Prerequisites: EDOD 766 and EDOD 771.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 773 Systems Leadership Credits: 3 (2-0-1)

Course Description: A systems conceptualization and approach to leadership and leadership development.

Prerequisites: EDOD 771 and EDOD 772, may be taken concurrently.

Registration Information: Sections may be offered: Online.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

EDOD 786 Practicum Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Admission to Organizational Learning, Performance and Change specialization.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDOD 792 Seminar-Human Resource Development Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDOD 799 Dissertation Credits: Var[1-18]

Course Description: Dissertation research, writing, and defense.

Prerequisite: None.

Registration Information: Admission to Organizational Learning, Performance and Change specialization.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

Education - Research Methods (EDRM)

EDRM 600 Introduction to Research Methods Credits: 3 (3-0-0)

Course Description: Methods of research, scientific methods, problem identification, research design, preparation and evaluation of research reports.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Graduate standing.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 602 Action Research Credits: 3 (3-0-0)

Course Description: Provide educators with knowledge and skills to plan and implement school-based research to improve teaching and learning.

Prerequisite: EDRM 600.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 606 Principles: Quantitative Data Analysis Credits: 3 (3-0-0)

Course Description: Quantitative data analysis in social science research; descriptive statistics; fundamentals of inference.

Prerequisites: EDRM 600 and STAT 201.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for VS 562, EDRM 606 and PBHL 560.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 612 Assessing Students in Educational Settings Credits: 3 (2-0-1)

Course Description: Various ways of assessing students including traditional, authentic, and portfolio techniques for P-20 education.

Prerequisite: None.

Restriction: Must be a: Graduate.

Registration Information: Admissions into a Master's Program within the School of Education.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 666 Program Evaluation Credits: 3 (3-0-0)

Course Description: Models and practices of program evaluation in both public and private sector organizations.

Prerequisite: EDRM 600.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 692 Seminar-Research Methods/Proposal Design Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDRM 698 Research Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDRM 699 Thesis Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDRM 700 Quantitative Research Methods Credits: 3 (3-0-0)

Course Description: Design, data analysis, interpretation of results, and evaluation of educational research studies.

Prerequisite: EDRM 606, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Registration Information: EDRM 606 or concurrent registration.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 701 Applied Linear Models-Educational Research Credits: 3 (3-0-0)

Course Description: General linear model applications in educational research emphasizing conceptual understanding and characteristics of non-experimental designs.

Prerequisite: EDRM 606.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 702 Foundations of Educational Research Credits: 3 (3-0-0)

Course Description: Philosophical, theoretical, and ethical foundations of educational research.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 703 Applied Longitudinal Data Analysis Credits: 3 (3-0-0)

Course Description: Methods and empirical applications of individual growth modeling and discrete-time event history analysis in educational research.

Prerequisite: EDRM 701.

Restriction: Must not be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 704 Qualitative Research Credits: 3 (3-0-0)

Course Description: Examination of qualitative research theory, methods, and applications to education and the social sciences.

Prerequisite: EDRM 600.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDRM 705 Qualitative Data Analysis Credits: 3 (3-0-0)

Course Description: Examination of qualitative methods of data analysis, data presentation, and use of computer.

Prerequisite: EDRM 704.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

EDRM 706 Analysis of Variance--Education Research Credits: 3 (3-0-0)

Course Description: Analysis of variance applications in educational research; experimental design and analysis of data from experiments.

Prerequisite: EDRM 700, may be taken concurrently.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 707 Quantitative Data Collection Methods/Analysis Credits: 3 (0-0-3)

Course Description: Selection or development of questionnaires, tests, structured interviews, and observations. Reliability and validity. Reporting educational studies.

Prerequisite: EDRM 700.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 708 Narrative Inquiry Credits: 3 (3-0-0)

Course Description: Theory, methods and design of narrative approaches to research including data collection and analysis applications.

Prerequisite: EDRM 704.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 711 Ethnographic Research Credits: 3 (3-0-0)

Course Description: Theoretical underpinnings, research design, ethics and practical application of ethnographic research in a naturalistic setting.

Prerequisite: EDRM 704.

Restriction: Must be a: Graduate, Professional.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

EDRM 786 Practicum Credits: Var[1-6]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

Major in Family and Consumer Sciences

Family and Consumer Sciences is an exciting field with many career opportunities. The mission of this interdepartmental major prepares professionals dedicated to enhancing the well-being of individuals and families and the communities and environments in which they function.

Students graduate with an interdisciplinary perspective about the challenges encountered by consumers and families. Family and Consumer Sciences students attain skills to assist families and consumers with quality of life decisions and challenges related to interpersonal/human relationships, consumer and financial resource management, personal development, nutrition and wellness, and balancing family and work. This program emphasizes management and problem solving skills needed to be a responsible and productive individual, family member, and worker. Students take course work primarily in Family and Consumer Sciences and in the Departments of Human Development and Family Studies, Food Science and Human Nutrition, and Design and Merchandising.

Students have the option of the Family and Consumer Sciences concentration or the Family and Consumer Sciences Education concentration. Graduates qualify to sit for the examination to be certified in Family and Consumer Sciences (CFCS) with the American Association of Family and Consumer Sciences.

Learning Outcomes

Students will:

- Demonstrate mastery of knowledge related to interdisciplinary areas of family and consumer sciences
- Value professional involvement
- Demonstrate problem solving and communication skills
- Demonstrate skills and competence in experiential settings

Potential Occupations

Graduates' career opportunities include, but are not limited to, cooperative extension/agent, consumer program development, consultant, product representative, consumer information specialist, customer assurance specialist, writer/developer of informational or educational materials, governmental, community, and non-profit agency worker, and Peace Corps volunteer. Teaching opportunities at the middle school, junior high, high school, or post-secondary level are available upon completion of the education concentration.

The major provides a strong foundation for graduate work. Graduate degree opportunities are available in the School of Education or specific departments related to family and consumer sciences (Design and Merchandising, Food Science and Human Nutrition, Human Development and Family Studies, Social Work, Occupational Therapy, etc.).

Concentrations

- Family and Consumer Sciences Concentration
- Family and Consumer Sciences Education Concentration

Major in Family and Consumer Sciences, Family and Consumer Sciences Concentration

The Family and Consumer Sciences concentration provides students with a focus on consumer and family well-being, growth and development of family members, and the relationship of households to their environment. The concentration is interdisciplinary, bringing together courses in human development, family studies, nutrition and foods, consumer sciences, apparel and textiles, and design and merchandising.

It is highly recommended that students participate in internships, volunteer activities, or cooperative extension opportunities to enhance their experiences and development. Graduates who seek advanced degrees attain higher level professional positions.

The concentration includes All-University Core Curriculum courses, subject matter courses, and elective courses to enhance personal and professional development.

- ¹ Select one course from the ECON subject code.
- ² Select courses with subject codes AHS, AM, DM, FACS, FSHN, FTEC, HDFS, INTD, or RRM. Keep in mind the requirement of 42 upper-division credits when choosing these courses.
- ³ AM 250 is suggested but not required.
- ⁴ Select courses to enhance knowledge and skill in chosen career area.

Major in Family and Consumer Sciences, Family and Consumer Sciences Education Concentration

Family and Consumer Sciences Education directly addresses the needs of youth, families, and consumers. Helping to shape the future, teachers of family and consumer sciences impact the lives of individuals, the health of families, and the welfare of society.

The Education concentration has as its mission to *teach and model best educational practices to prepare emerging teachers as learners, collaborators, and leaders*. The Family and Consumer Sciences licensure program includes general education courses, subject matter courses, and teacher preparation courses.

Students apply for the licensure program in their junior year and participate in practicum experiences working closely with classroom teachers and students in area schools. Throughout the phases of the licensure program, teacher candidates are placed in a middle or junior high school and a senior high school where they apply professional knowledge and refine their instructional skills. While student teaching, they work closely with a family and consumer sciences mentor teacher(s) and a university professor(s).

Teacher candidates completing the program meet the requirements for the Bachelor of Science degree in Family and Consumer Sciences, a Colorado Initial Teaching License in Family and Consumer Sciences, and a Family and Consumer Sciences Career and Technical Education endorsement (1200 hours of paid work experience related to FCS is required for the CTE endorsement).

This concentration is accredited and approved by the Colorado Department of Higher Education (CDHE) and the Colorado Department of Education (CDE). Nationally, it is approved by the Teacher Education Accreditation Council.

Students interested in pursuing a teaching license through CSU may refer to the School of Education section in this chapter for general information. Detailed information about the Center for Educator Preparation (CEP) (<http://cep.chhs.colostate.edu>) program and licensure requirements is available in the Education Building, Room 111.

Effective Spring 2014

Course Requirements

EDOD 506	Human Resource Development	3
EDOD 671	Establish Relations, Diagnose Organizations	3
EDOD 673	Plan and Implement Change Interventions	3
EDOD 674	Analyze Workplace Learning	3
EDOD 675	Design, Develop, Implement Workplace Learning	3
EDOD 676	Evaluate Workplace Learning	3
EDOD 677	Action Learning and Inquiry	3
EDOD 678	Assess Change Interventions	3

EDOD 692A	Seminar: HRD Concepts--Workplace Learning	3
EDOD 692B	Seminar: HRD Concepts--Organizational Learning	3
Research		
EDRM 698	Research	3
Program Total Credits		33

A minimum of 33 credits are required to complete this program.

Ph.D. in Education and Human Resource Studies, School Leadership Specialization Requirements Effective Spring 2012

First Year

		Credits
EDRM 700	Quantitative Research Methods	3
EDRM 704	Qualitative Research	3
EDUC 709	Leadership Development	3
EDUC 714	Education Policy Analysis	3
EDUC 715	Critical Issues for Special Populations	3
Total Credits		15

Second Year

EDOD 769	Theory and Practice of Change	3
EDRM 706	Analysis of Variance--Education Research	3
EDUC 713	Teaching, Learning, and Professional Growth	3
EDUC 716	Capstone: Educational Equity and Reform	3
EDUC 725	Professionalism in Education and Leadership	3
Total Credits		15

Third Year

EDOD 667	Power-Politics-Influence in Organizations	3
EDOD 670	Strategic Human Resource Development	3
EDRM 666	Program Evaluation	3
EDRM 705 or 707	Qualitative Data Analysis Quantitative Data Collection Methods/ Analysis	3

First Year

		Credits
EDUC 787 or 795	Internship Independent Study	3
Total Credits		15

Fourth Year

EDRM 792B	Seminar: Proposal Development	3
EDRM 799	Dissertation	6
Total Credits		9

Fifth Year

EDRM 799	Dissertation	6
Total Credits		6
Program Total Credits:		60

Completed Ph.D. Coursework Total	60
Completed Master's Coursework Total	30
Program Total Credits	90

A minimum of 90 credits are required to complete this program.

Ph.D. in Education and Human Resource Studies, Higher Education Leadership Specialization, College and University Leadership Option Requirements Effective Spring 2014

First Year

		Credits
EDHE 671	Higher Education Administration	3
EDHE 673	Student Development Theory	3
EDRM 702	Foundations of Educational Research	3
EDUC 709	Leadership Development	3
EDUC 710	Higher Education Finance	3
Total Credits		15

Second Year

EDCL 701	Higher Education Law	3
EDRM 704	Qualitative Research	3
EDRM 705	Qualitative Data Analysis	3
EDUC 675	Analyzing Education Literature	3

First Year		Credits
EDUC 725	Professionalism in Education and Leadership	3
<hr/>		
Total Credits		15
Third Year		
EDOD 769	Theory and Practice of Change	3
EDRM 666	Program Evaluation	3
EDRM 700	Quantitative Research Methods	3
EDRM 707	Quantitative Data Collection Methods/ Analysis	3
EDUC 714	Education Policy Analysis	3
<hr/>		
Total Credits		15
Fourth Year		
EDCL 750	Simulated Presidential Cabinet I	3
EDRM 792B	Seminar: Proposal Development	3
EDRM 799	Dissertation	9
<hr/>		
Total Credits		15
<hr/>		
Program Total Credits:		60

A minimum of 60 credits are required to complete this program.

Ph.D. in Education and Human Resource Studies, Higher Education Leadership Specialization, Community College Leadership Option Requirements

Effective Summer 2011

First Year		Credits
EDCL 675	The Community College	3
EDCL 703	Community College Leadership	3
EDHE 673	Student Development Theory	3
EDRM 702	Foundations of Educational Research	3
EDUC 709	Leadership Development	3
<hr/>		
Total Credits		15

First Year		Credits
Second Year		
EDRM 606	Principles: Quantitative Data Analysis	3
EDRM 700	Quantitative Research Methods	3
EDRM 704	Qualitative Research	3
EDUC 675	Analyzing Education Literature	3
EDUC 725	Professionalism in Education and Leadership	3
<hr/>		
Total Credits		15
Third Year		
EDCL 701	Higher Education Law	3
EDOD 769	Theory and Practice of Change	3
EDRM 707	Quantitative Data Collection Methods/ Analysis	3
EDRM 708	Narrative Inquiry	3
EDUC 710	Higher Education Finance	3
<hr/>		
Total Credits		15
Fourth Year		
EDCL 750	Simulated Presidential Cabinet I	3
EDCL 751	Simulated Presidential Cabinet II	3
EDRM 792B	Seminar: Proposal Development	3
<hr/>		
Total Credits		9
Fifth Year		
EDRM 792A	Seminar: Research Methodology	3
EDRM 799	Dissertation	6
<hr/>		
Total Credits		9
<hr/>		
Program Total Credits:		63

A minimum of 63 credits are required to complete this program.

Ph.D. in Education and Human Resource Studies, Organizational Learning, Performance, and Change Specialization Requirements

Effective Fall 2014

Research		
EDRM 700	Quantitative Research Methods	3
EDRM 702	Foundations of Educational Research	3

EDRM 704	Qualitative Research	3
EDRM 792B	Seminar: Proposal Development	3
Select one track from the following: ¹		6
Quantitative Track		
Select two courses from the following:		
EDRM 701	Applied Linear Models-Educational Research	
EDRM 703	Applied Longitudinal Data Analysis	
EDRM 706	Analysis of Variance--Education Research	
EDRM 707	Quantitative Data Collection Methods/Analysis	
Qualitative Track		
Select two courses from the following:		
EDRM 705	Qualitative Data Analysis	
EDRM 708	Narrative Inquiry	
EDRM 711	Ethnographic Research	
OLPC Content Courses		
EDOD 706	Organizational Learning, Performance, Change	3
EDOD 761	Evaluation and Assessment of Interventions	3
EDOD 766	Scenario Planning in Organizations	3
EDOD 768	Workforce Development	3
EDOD 769	Theory and Practice of Change	3
EDOD 771	Social Foundations of the Workplace	3
EDOD 772	Theory Building in Applied Disciplines	3
EDOD 773	Systems Leadership	3
EDOD 792	Seminar-Human Resource Development	3
Dissertation		
EDOD 792	Seminar-Human Resource Development	6-9
EDOD 799	Dissertation	6-9
Master Degree Credit		
Master Degree Credit ²		30
Program Total Credits		90

A minimum of 90 credits are required to complete this program.

¹ Students select the Quantitative or Qualitative track with approval of advisor and graduate committee.

² A maximum of 30 credits may be accepted from a master's degree.

Department of Food Science and Human Nutrition

Office in Gifford Building, Room 234
(970) 491-FOOD (3663)
fshn.chhs.colostate.edu (<http://fshn.chhs.colostate.edu>)

Michael Pagliassotti, PhD, Department Head
Dietetic Program Director Mary Harris, Ph.D., R.D.
Hospitality Management Director Jeff Miller, Ph.D.

Undergraduate Majors

- Major in Nutrition and Food Science
 - Dietetics and Nutrition Management Concentration
 - Accredited Didactic Program Option
 - Childhood Nutrition Option
 - Gerontology Nutrition Option
 - Food Safety and Nutrition Concentration
 - Nutrition and Fitness Concentration
 - Nutritional Sciences Concentration
- Major in Hospitality Management
- Major in Fermentation Science and Technology

Minors

- Minor in Nutrition

Graduate Programs in Food Science and Human Nutrition

At the graduate level, both M.S. and Ph.D. degrees are offered in Food Science and Nutrition. Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Food Science and Human Nutrition (<http://www.fshn.chhs.colostate.edu>).

Master Programs

- Master of Science in Food Science and Nutrition, Plan A*
- Master of Science in Food Science and Nutrition, Plan B*
- Master of Science in Food Science and Nutrition, Plan A, Nutrition and Exercise Science Specialization
- Master of Science in Food Science and Nutrition, Plan B, Nutrition and Exercise Science Specialization
- Master of Science in Food Science and Nutrition, Dietetics Option (Online)

Ph.D.

- Ph.D in Food Science and Nutrition*

* Please see department for program of study.

Courses

Subjects in this department include: Food Science and Human Nutrition (FSHN) and Food Technology (FTEC).

Food Science and Human Nutrition (FSHN)

FSHN 125 Food and Nutrition in Health Credits: 2 (2-0-0)

Course Description: Nutritional quality and safety of food related to human health.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

FSHN 150 Survey of Human Nutrition Credits: 3 (3-0-0)

Course Description: Basic nutrition principles and concepts; their application to personal health and interactions with societal and environmental issues.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 192 First Year Seminar Credit: 1 (0-0-1)

Course Description: Facilitate a successful transition to college for new incoming students by emphasizing personal growth and identifying campus resources.

Prerequisite: None.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 300 Food Principles and Applications Credits: 3 (3-0-0)

Course Description: Application of food preparation theories to modification and evaluation of food products.

Prerequisites: (CHEM 103 or CHEM 107 or CHEM 111) and (FSHN 150).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 301 Food Principles and Applications Laboratory Credits: 2 (0-6-0)

Course Description: Techniques and manipulative skills for preparation and evaluation of standard and modified food products.

Prerequisite: FSHN 300, may be taken concurrently.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

FSHN 350 Human Nutrition Credits: 3 (3-0-0)

Course Description: Metabolism of macro and micronutrients; physiologic basis underlying dietary recommendations for human health. Nutrients, dietary requirements for physical well-being; evaluation of various diets.

Prerequisites: (BMS 300, may be taken concurrently) and (CHEM 245 or CHEM 341).

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 360 Nutrition Assessment Credits: 2 (2-0-0)

Course Description: Principles of anthropometric, dietary, and biochemical assessment of nutritional status.

Prerequisite: FSHN 350.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 386A Practicum: Food Service Management Credits: 2 (0-0-4)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

FSHN 386B Practicum: Gerontology Credits: 3 (0-0-9)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

FSHN 386C Practicum: School Nutrition Credits: 3 (0-0-9)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

FSHN 392 Dietetic Practice Seminar Credit: 1 (0-0-1)

Course Description: Pre-professional skills to prepare students for the pursuit of careers in the field of dietetics.

Prerequisites: (CHEM 107 with a minimum grade of B and CHEM 108 with a minimum grade of B or CHEM 111 with a minimum grade of B and CHEM 112 with a minimum grade of B and CHEM 113 with a minimum grade of B) and (LIFE 102 with a minimum grade of B or BZ 111 with a minimum grade of B and BZ 110 with a minimum grade of B) and (BMS 300 with a minimum grade of B and BMS 302 with a minimum grade of B and FSHN 150 with a minimum grade of B and FSHN 300 with a minimum grade of B and FSHN 301 with a minimum grade of B).

Registration Information: 3.000 overall GPA.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 428 Nutrition Teaching and Counseling Techniques Credits: 3 (3-0-0)

Course Description: Objectives, principles, and organization of subject matter for nutrition education and counseling.

Prerequisite: FSHN 350.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 444 Nutrition and Aging Credit: 1 (1-0-0)

Course Description: Effect of aging on nutrient needs and impact of nutrition on successful aging and health in the elderly.

Prerequisite: FSHN 150.

Registration Information: Admission to Gerontology Interdisciplinary Studies Program can be substituted for FSHN 150. Credit not allowed for both FSHN 444 and FSHN 459. Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 445 Early Childhood Health, Safety, and Nutrition Credits: 3 (0-0-3)

Also Offered As: HDFS 445.

Course Description: Planning, promoting and maintaining healthy lifestyle and safe learning environment for preschool children.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Credit not allowed for both FSHN 445 and HDFS 445. Offered as an online course only.

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 450 Medical Nutrition Therapy Credits: 5 (4-2-0)

Course Description: Use of nutrition therapy in the treatment of acute conditions and chronic disease states.

Prerequisites: BMS 300 and FSHN 350.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

FSHN 451 Community Nutrition Credits: 3 (3-0-0)

Course Description: Influences on nutritional status, assessment of nutrition problems and needs, planning and evaluation of nutrition intervention programs.

Prerequisite: FSHN 350, may be taken concurrently.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 455 Food Systems: Impact on Health/Food Security Credits: 2 (1-0-1)

Course Description: Conventional and alternative food systems and their impact on nutrition, health, food security, and the environment.

Prerequisite: FSHN 350 or FTEC 447.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 459 Nutrition in the Life Cycle Credits: 3 (3-0-0)

Course Description: Nutritional aspects associated with each phase of human life cycle including pregnancy, infancy, childhood, adolescence, and early and late adulthood.

Prerequisite: FSHN 350.

Registration Information: Credit not allowed for both FSHN 459 and FSHN 444.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 470 Integrative Nutrition and Metabolism Credits: 3 (3-0-0)

Course Description: Influence of nutrition on roles and action of hormones and gene expression on metabolism.

Prerequisites: BC 351 and FSHN 350.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 484 Supervised College Teaching Credits: Var[1-3]

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 486A Practicum: Counseling Credits: Var[1-3]

Course Description:

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: Yes.

FSHN 486B Practicum: Nutrition Credits: Var[1-3]

Course Description: Supervised off-campus experience in nutrition.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 486C Practicum: Food Service Management Credits: Var[1-3]

Course Description: Supervised off-campus experience in food service management.

Prerequisite: FSHN 310.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 492 Seminar in Dietetics and Nutrition Credits: 2 (0-0-2)

Course Description: Capstone seminar in nutrition and dietetics.

Prerequisite: None.

Restriction: Must be a: Senior, Senior - 5yr Bachelor, Senior - Post Bachelor, Senior - Second Bachelor.

Registration Information: Senior standing.

Term Offered: Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 495A Independent Study: Nutrition Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 495B Independent Study: Food Service Management Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 496A Group Study in Dietetics and Nutrition: Energy, Weight Management Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 496B Group Study in Dietetics and Nutrition-Sustainable Food Issues Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 496C Group Study in Dietetics and Nutrition: Nutrition and Chronic Disease Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 496D Group Study in Dietetics and Nutrition: Nutrition for Athletes Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 496E Group Study in Dietetics and Nutrition: Food Safety Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 496F Group Study in Dietetics and Nutrition: Service Marketing Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 496G Group Study in Dietetics and Nutrition: Food and Consumer Issues Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 496H Group Study in Dietetics and Nutrition: Public Health and Policy Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 496I Group Study in Dietetics and Nutrition: Special Topics Credit: 1 (1-0-0)

Course Description: Current topics in nutrition and professional skills for the dietetics profession.

Prerequisite: FSHN 350.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 500 Food Systems, Nutrition, and Food Security Credits: 2 (2-0-0)

Course Description: Global and local food systems and their potential influence on nutrition and food security.

Prerequisite: FSHN 350.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 501 Research Methods in Dietetics Credits: 3 (0-0-3)

Course Description: Testing and generating theory. Methods for collecting and analyzing quantitative and qualitative data, critique of research and proposal development.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 503 Issues in Dietetics Practice Credits: 3 (0-0-3)

Course Description: Environment in which foodservice, hospitality, and healthcare organizations operate; impact of change on hospitality and healthcare organizations.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 504 Micronutrients Credits: 3 (0-0-3)

Course Description: Coordination of structure and function related to metabolic needs as a basis for evaluating micronutrient needs in normal or altered metabolic states.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 505 Nutrition and Physical Activity in Aging Credits: 3 (0-0-3)

Course Description: Physiological changes during aging and impacts on health and disease; focus on successful aging with emphasis on physical activity and nutrition.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 506 Nutrition and Human Performance Credits: 3 (0-0-3)

Course Description: Relationship of specific nutrients and optimal nutrition to physical efficiency and performance.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 507 Nutrition Education in the Community Credits: 3 (0-0-3)

Course Description: Principles and practices of teaching individuals and groups to translate nutrition knowledge into action. Emphasis on research and evaluation.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 508 International Nutrition and World Hunger Credits: 3 (0-0-3)

Course Description: Magnitude, causes, and nature of hunger and under-nurturing; programs and policies to alleviate hunger.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 509 Nutrition Counseling and Education Methods Credits: 3 (0-0-3)

Course Description: Application of learning theories and nutrition counseling with individuals and groups in the community and clinical settings.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 510 Pediatric Clinical Nutrition Credits: 3 (0-0-3)

Course Description: Physiological, biochemical and nutritional aspects of disease processes relevant to infants and children up to 18 years of age.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 511 Maternal and Child Nutrition Credits: 3 (0-0-3)

Course Description: Behavioral, physiological and public health issues impacting dietary and nutritional factors that support growth and development.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics; written permission of instructor. Offered as an online course only.

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 512 Nutritional Aspects of Oncology Credits: 3 (0-0-3)

Course Description: Relationships between nutrition and cancer including the role of nutrition in specific cancers, cancer prevention and patient management.

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in dietetics. Offered as an online course only.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 520 Advanced Medical Nutrition Therapy Credits: 3 (3-0-0)

Course Description: Role of nutrition in etiology and treatment of selected disorders.

Prerequisite: FSHN 550 or FSHN 551.

Registration Information: FSHN 550 or FSHN 551 or admission to GP-IDEA program in Dietetics. Sections may be offered: Online.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 525 Nutrition Education Theories and Practice Credits: 2 (2-0-0)

Course Description: Examination of current theories, skills, and models used in nutrition education programs as preparation for research and practice.

Prerequisite: FSHN 350.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 540 Nutrigenomics and Advanced Lipid Metabolism Credits: 3 (0-0-3)

Course Description: How nutrients regulate gene expressions (nutrigenetics) and how genotype influences an individual's nutrient requirements (nutrigenomics).

Prerequisite: None.

Registration Information: Admission to GP-IDEA program in Dietetics. Offered as an online course only.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 550 Advanced Nutritional Science I Credits: 3 (3-0-0)

Course Description: Protein, vitamin, mineral metabolism; human studies, animal models.

Prerequisites: (BC 351 or BC 403) and (FSHN 350).

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 551 Advanced Nutritional Science II Credits: 3 (3-0-0)

Course Description: Carbohydrate, lipid, energy metabolism; human studies, animal models.

Prerequisites: (BC 351 or BC 403) and (FSHN 350).

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 575 Nutrition Education for a Healthy Heart Credit: 1 (0-0-1)

Course Description: Nutrition-related issues of atherosclerotic cardiovascular disease risk reduction and background in the art/science of facilitating behavior change.

Prerequisite: None.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 586 Practicum-Advanced Clinical Nutrition Credits: Var[1-3]

Course Description:

Prerequisite: None.

Term Offered: Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

FSHN 587A Internship: Clinical Dietetics Credits: 6 (0-18-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 587B Internship: Community Dietetics Credits: 6 (0-18-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 587C Internship: Food Service Management Credits: 6 (0-18-0)

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 590 Workshop Credits: Var[1-18]

Course Description:

Prerequisite: None.

Term Offered: Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 620 Community Nutrition Planning and Evaluation Credits: 3 (2-0-1)

Course Description: Community nutrition assessment; nutrition program planning and evaluation, nutrition policy analysis.

Prerequisite: FSHN 350.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 628 Advanced Nutrition Counseling Techniques Credits: 2 (2-0-0)

Course Description: Principles, strategies and techniques for interviewing, assessing and providing nutrition counseling in community settings.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 630 Integrative Exercise and Nutrition Metabolism Credits: 3 (3-0-0)

Also Offered As: HES 630.

Course Description: Advances in integrative human metabolism under conditions of changing energy flux.

Prerequisites: HES 610 and FSHN 551.

Restriction: Must be a: Graduate, Professional.

Registration Information: Credit not allowed for both FSHN 630 and HES 630.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 640 Selected Topics in Nutritional Epidemiology Credits: 2 (2-0-0)

Course Description: Overview of topics in nutritional epidemiology; study design, interpretation of findings, linkage of data to action.

Prerequisites: (FSHN 350) and (STAT 301 or STAT 307 or ERHS 307).

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 650A Recent Developments in Human Nutrition: Protein, Vitamins, and Minerals Credits: 2 (2-0-0)

Course Description: Appraisal of literature on human nutritional status.

Prerequisite: FSHN 550.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 650B Recent Developments in Human Nutrition: Carbohydrates, Lipids, and Energy Credits: 2 (2-0-0)

Course Description: Appraisal of literature on human nutritional status.

Prerequisite: FSHN 551.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 650C Recent Developments in Human Nutrition: Genomic, Proteomics, and Metabolomics Credits: 2 (2-0-0)

Course Description: Appraisal of literature on human nutritional status.

Prerequisite: FSHN 551.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 660 Women's Issues in Lifecycle Nutrition Credits: 2 (2-0-0)

Course Description: Current nutritional issues related to selected stages of the lifecycle compared to normal adult nutritional needs.

Prerequisite: FSHN 459.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 661 International Nutrition Credits: 2 (2-0-0)

Course Description: Roles of technological programs and international agencies in meeting nutritional needs.

Prerequisite: FSHN 350.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 670 Laboratory Methods Credits: 2 (1-2-0)

Course Description: Laboratory techniques and instrumentation in nutrition and food science.

Prerequisite: CHEM 245 or CHEM 246.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 675 Regulation of Energy Intake Credits: 3 (3-0-0)

Course Description: Central and peripheral mechanisms controlling energy intake with emphasis on humans. Current theories, experimental approaches, and new research.

Prerequisites: FSHN 350 and PSY 454.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FSHN 684 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 686A Practicum: Counseling Credits: Var[1-18]

Course Description:

Prerequisite: FSHN 520.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: Yes.

FSHN 686B Practicum: Nutrition Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

FSHN 686C Practicum: Food Services Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

FSHN 692 Seminar Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 695A Independent Study: Food Science Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 695B Independent Study: Nutrition Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 695C Independent Study: Food Service Management Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 696A Group Study: Food Science Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 696B Group Study: Nutrition Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FSHN 696C Group Study: Dietetics Credit: 1 (0-0-1)**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Sections may be offered: Online.**Terms Offered:** Fall, Spring.**Grade Mode:** S/U Sat/Unsat Only.**Special Course Fee:** No.**FSHN 696D Group Study: Exercise and Nutrition Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**FSHN 698A Research: Dietetics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to the GP-IDEA program in Dietetics. Food Technology (FTEC)

FTEC 110 Food-From Farm to Table Credits: 3 (3-0-0)**Course Description:** Commercial food processing, related to preservation and enhancing of food quality, safety, and value.**Prerequisite:** None.**Term Offered:** Spring.**Grade Modes:** S/U within Student Option, Trad within Student Option.**Special Course Fee:** No.

FTEC 210 Science of Food Fermentation Credits: 3 (2-2-0)

Course Description: Science, history, culture, gastronomy, safety, health, and nutrition aspects of fermented foods and beverages.

Prerequisites: (CHEM 107 or CHEM 111) and (LIFE 205 or MIP 300).

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

FTEC 350 Fermentation Microbiology Credits: 2 (2-0-0)

Course Description: Integration of fermentation science, microbiology, and chemistry.

Prerequisite: CHEM 245 or FTEC 210 or LIFE 206 or MIP 302.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FTEC 360 Brewing Processes Credits: 3 (1-4-0)

Course Description: Influence of raw material selection, malting, mashing, boiling, and fermentation on quality of beverages.

Prerequisites: CHEM 245 and FTEC 210.

Registration Information: Must register for lecture and laboratory.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: Yes.

FTEC 400 Food Safety Credits: 3 (3-0-0)

Course Description: Safety of human food emphasizing safe production, processing, marketing, preparation, consumption, and regulations.

Prerequisite: CHEM 107 or CHEM 111.

Term Offered: Fall.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

FTEC 420 Quality Assessment of Food Products Credits: 3 (2-2-0)

Course Description: Quality control of raw ingredients to manufactured products; assessment and sensory evaluation of foods.

Prerequisites: FTEC 110 and LIFE 205.

Registration Information: Must register for lecture and laboratory.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

FTEC 422 Brewing Analysis and Quality Control Credits: 2 (1-2-0)

Course Description: Assessment, quantification, and control of various aspects of commercial beer production.

Prerequisite: FTEC 460.

Registration Information: Must register for lecture and laboratory. Required field trips.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

FTEC 430 Sensory Evaluation of Fermented Products Credits: 2 (1-2-0)

Course Description: Application of sensory evaluation techniques to the study of fermented foods.

Prerequisite: FSHN 301 or FTEC 210.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: Yes.

FTEC 440 Refining and Packaging Technology Credits: 2 (2-0-0)

Course Description: Science, technology, and management of refining and packaging.

Prerequisite: FTEC 360.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

FTEC 447 Food Chemistry Credits: 2 (2-0-0)

Course Description: Chemistry of food constituents as related to food quality and stability.

Prerequisite: CHEM 245 or CHEM 345.

Term Offered: Spring (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

FTEC 460 Brewing Science and Technology Credits: 3 (2-2-0)

Course Description: Scientific and technical aspects of brewing, fermenting, finishing, and evaluating microbrewed style of lagers and ales.

Prerequisites: (CHEM 245) and (MATH 118).

Registration Information: 21 years of age. Must have completed 60 credits. Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

FTEC 465 Food Production Management Credits: 2 (2-0-0)

Course Description: Production, operation, and management techniques used in the food industry at company, local and international levels.

Prerequisite: FTEC 360, may be taken concurrently.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

FTEC 487 Internship Credits: Var[1-15]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FTEC 492 Seminar: Fermentation Science & Technology Credits: 2 (1-0-1)

Course Description: Capstone seminar in fermentation science and technology.

Prerequisites: FTEC 460 and FTEC 465.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

FTEC 495 Independent Study Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

FTEC 496A Group Study Fermentation Science: Current Issues Credit: 1 (0-0-1)

Course Description:

Prerequisite: FSHN 350 or FTEC 360.

Term Offered: Spring (even years).

Grade Mode: Traditional.

Special Course Fee: No.

FTEC 496B Group Study Fermentation Science: Functional Foods in Health Credit: 1 (0-0-1)**Course Description:****Prerequisite:** FSHN 350 or FTEC 360.**Term Offered:** Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**FTEC 570 Food Product Development Credits: 2 (2-0-0)****Course Description:** Food product concepts, feasibility, and evaluation.**Prerequisite:** FTEC 447.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**FTEC 572 Food Biotechnology Credits: 2 (2-0-0)****Course Description:** Interrelationships among microorganisms, food processing methods, advances in biotechnology and food quality, spoilage, shelf-life and safety.**Prerequisite:** MIP 334.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**FTEC 574 Current Issues in Food Safety Credits: 2 (2-0-0)****Course Description:** Current food safety issues from field to table; microbiological, consumer, processing, and agricultural issues.**Prerequisite:** None.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**FTEC 576 Cereal Science Credits: 2 (2-0-0)****Course Description:** Chemistry and functionality of cereal grain components and their importance in human nutrition.**Prerequisite:** FTEC 447.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**FTEC 578 Bioactives and Probiotics for Health Credits: 3 (2-0-1)****Course Description:** Mechanisms through which functional foods and probiotics modulate intracellular signal transduction and protein expression in chronic disease states.**Prerequisites:** (BC 351) and (LIFE 205 or MIP 300).**Registration Information:** Must register for lecture and recitation.

Sections may be offered: Online.

Terms Offered: Fall, Spring (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**FTEC 698 Research Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**FTEC 699 Thesis Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**FTEC 799 Dissertation Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.

Major in Fermentation Science and Technology

Fermentation Science and Technology (<http://www.fshn.chhs.colostate.edu/students/undergraduate/fermentation-science>) is a multi-disciplinary major focusing on the science of fermented foods and beverages. The curriculum focuses on the science of the processes and methods involved with using microorganisms in the commercial production of fermented products. Courses in the major also emphasize the safety, culinary, and nutritional aspects of fermented foods and beverages. This major prepares students for employment in the fermented food and beverage industries in such roles as product development, processing, quality assurance and control, packaging, distribution, and plant management. Students enrolled in this major have the opportunity to participate in industry activities to increase their practical understanding of fermented food and beverage production processing methods and specific techniques.

Learning Outcomes

Students will demonstrate:

- Ability to integrate biological and chemical processes to quality and stability of fermented foods, and to critique and effectively communicate the relationships among processing of fermented foods, nutrition, and food safety.
- Discipline specific knowledge of the skills and competencies needed in fermentation science and technology. Examples include knowledge of food chemistry, sensory evaluation of fermented products, brewing processes, refining and packaging technology, food production management, and fermentation microbiology.
- Understanding of classification, production, financial aspects, consumption, and service of controlled beverages, including effective management of facilities and people with emphasis on safe service training and management.
- Competent application of science, history, culture, safety, health, and nutrition dimensions of fermented foods and beverages.

Potential Occupations

Partnerships with industry help provide field experience and internships for majors in Fermentation Science and Technology. The food industry is the largest in the world and fermentation science is a rapidly emerging area so the future is promising. Examples of careers include fermentation scientist, food scientist, food technologist, food health inspector, food safety specialist, brewer, biotechnologist,

quality control analyst, sensory analyst, food microbiologist, or entrepreneur.

Requirements Effective Fall 2015

¹ Students may select from Department Elective Possibilities or may select any course as a free elective. Select enough elective credits to bring the program total to 120 credits, of which at least 42 must be upper-division (300- to 400-level).

Major in Hospitality Management

The Hospitality Management major combines courses in food service, lodging, event planning, nutrition, and business to provide students with a strong skill set for entry into hospitality professions. Elective credits allow students to take courses in areas of interest to enhance their education. The curriculum has a strong emphasis on management skills required for success in the hospitality industry.

The Hospitality Management program maintains strong ties with the foodservice, lodging, and event planning industries locally, state-wide, and nationally to connect graduates with a wide variety of employment opportunities in the expanding commercial and non-commercial segments of the hospitality management industry. The hospitality industry is the second largest employer in Colorado and the United States. The department oversees internships in the industry and aids in job placement upon graduation.

Learning Outcomes

Students will demonstrate:

- A conceptual understanding and systems approach to the business of hospitality management.

- The ability to make logical decisions by organizing, analyzing, and interpreting information and formulating rational solutions in a hospitality business environment.
- The knowledge and skills to successfully manage a hospitality operation, including allocating resources such as time, labor, and material inputs to achieve customer satisfaction.
- An understanding of the managerial functions of planning, organizing, directing, staffing, controlling, and budgeting in various hospitality environments.
- The behaviors of effective, ethical leaders by demonstrating the fundamental principles of leadership in a hospitality business environment

Potential Occupations

Participation in the experiential learning laboratory, The Aspen Grille, and internship opportunities are highly recommended to enhance practical training and development. The hospitality industry encompasses careers in restaurants, hotels, resorts, spas, event venues, catering, breweries and wineries, bed and breakfast inns, ski areas, business and industry dining venues, hospitals, correctional, and military facilities in the United States and around the world.

Examples of careers include, but are not limited to: restaurant managers, caterers, event planners, wedding planners, banquet managers, hotel sales and marketing, hotel guest operations, hospitality real estate acquisition, hotel manager, food writing and media, brewery hospitality operations, commercial wine and liquor sales, chef, purchasing agent, conference coordinator, guest service agent, tourist attraction manager, spa operations manager, housekeeping manager, time share sales and marketing, bed & breakfast owner/manager, travel agent, school food service manager, hospitality food and equipment sales representative, health inspector, hospital food service manager, food importer, and country club manager.

¹ Select one course each from the list in category 3D and 3E and two courses from category 3B of the All-University Core Curriculum (AUCC). A total of 12 credits must be selected.

² Select enough elective credits to bring the program total to 120, of which a minimum of 42 credits must be upper-division (300- to 400-level). At least 3 elective credits must be upper-division.

Major in Nutrition and Food Science

Public interest regarding the importance of nutrition to health and fitness is at a high level and increasing. The Nutrition and Food Science major involves integration of the biological, medical, and social sciences and their application to the improvement of human nutrition and fitness, prevention of chronic disease, and improved quality of life. The major is both science and human service oriented.

Nutrition and Food Science graduates gain a scientific understanding of the principles of human nutrition, the role of nutrition in the prevention and management of disease, delivery of nutritional care, and the principles of nutrition assessment and food preparation. Additionally, graduates know the techniques of interviewing, counseling, information management, and effective communication.

Four concentrations are currently available in this major – Dietetics and Nutrition Management, Nutrition and Fitness, Nutritional Sciences (pre-med), and Food Safety and Nutrition.

Learning Outcomes

Students will demonstrate:

- Ability to identify nutrition-related public health problems, integrate information from basic nutrition sciences, critically analyze data, and develop appropriate conclusions
- Discipline-specific knowledge, skills, and competencies needed in the field of dietetics and nutrition. Examples include knowledge of medical nutrition therapy; nutrition and metabolism; program planning, monitoring, and evaluation; management in school nutrition programs and long-term care; food safety; and the role of food in the promotion of health
- Competent application of nutrition knowledge and skills in a work environment, including an ability to calculate and/or define diets for various health/disease conditions, screen individuals for nutritional risk, determine nutrient requirements across the lifespan, and calculate enteral and parental nutrition formulations; determine costs of services/ operations, interpret financial data, and prepare a budget

(See Dietetics and Nutrition Management concentration (<http://fshn.chhs.colostate.edu/students/undergraduate/nutrition-food->

science/dietetics.aspx) on website for specific learning outcomes for the ACEND accredited dietetics program).

Potential Occupations

Participation in community outreach, internships, volunteer activities, or cooperative education opportunities is highly recommended to enhance career planning, skills, and development. Graduates who go on for advanced studies can attain more responsible leadership positions with the possibility of rising to top professional levels.

Some examples of career opportunities include, but are not limited to: dietitian or nutritionist in health care, hospitals, long-term care, schools, state or county health agencies, health clubs, corporate wellness programs, grocery stores/food chains, or private practice; community nutritionist; biomedical scientist; restaurant manager; caterer; quality assurance specialist; food scientist; food inspector; food technologist, food plant manager; food service manager in hospitals, schools, or long-term care. The median salary for Registered Dietitians is \$49,500 – the range is \$38,976-\$64,993.

Students interested in *teaching* nutrition and/or food science content at the secondary education level should explore the interdepartmental concentration in Family and Consumer Sciences Education at the beginning of this college section. The Family and Consumer Sciences Education concentration allows students to combine their interests in nutrition, wellness/health, food science, culinary arts, and/or catering with teaching. Family and Consumer Sciences Education students take course work in the Department of Food Science and Human Nutrition, Design and Merchandising, and Human Development and Family Studies as well as complete an education sequence which qualifies them for a secondary teaching license. The demand for secondary family and consumer sciences teachers exceeds the supply in Colorado as well as nationally. Therefore, job placement is extremely high with starting salaries in the \$34,000-\$37,000 range for a nine-month teaching position.

Students may choose from among four concentrations under the Nutrition and Food Science major.

Concentrations and Options

- Dietetics and Nutrition Management Concentration
 - Accredited Didactic Program Option
 - Childhood Nutrition Option
 - Gerontology Nutrition Option
- Food Safety and Nutrition Concentration
- Nutrition and Fitness Concentration
- Nutritional Sciences Concentration

Major in Nutrition and Food Science, Dietetics and Nutrition Management Concentration

The Dietetics and Nutrition Management concentration provides a broad background in clinical nutrition, health promotion, and food service management. The science-based curriculum includes nutritional assessment, application of food theory, and course work focusing on nutritional counseling and medical nutrition therapy. The concentration is designed to prepare students for a dietetic internship and a professional career in medical nutrition therapy or community-based nutrition programs. The Accredited

Didactic Program option of the Dietetics and Nutrition Management concentration is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND). This concentration is open to all students interested in becoming registered dietitians. However, students must qualify to continue in the Accredited Didactic Program option by meeting the prerequisites for the Dietetic Practice Seminar (FSHN 392) in their junior year. These prerequisites are an overall GPA of 3.0 and grades of "B" or better in FSHN 150, FSHN 300/ FSHN 301, and basic sciences (CHEM 107/CHEM 108, or CHEM 111, CHEM 112, CHEM 113; CHEM 245, CHEM 246; LIFE 102 or BZ 110, BZ 111; BMS 300, BMS 302; FSHN 150; FSHN 300, FSHN 301). Students who do not meet these requirements are encouraged to exercise their repeat/delete options in those courses which are lower than a "B" grade if they wish to be considered for the Accredited Didactic Program option. The Childhood Nutrition option prepares students for supervisory positions in the school nutrition program. The Gerontology Nutrition option prepares students for supervisory positions in food service management in long-term care and rehabilitation or for working with community programs providing nutrition services to older individuals.

Options

- ¹ Select one course each from the lists in categories 3D and 3E, and two courses from category 3B of the All-University Core Curriculum (AUCC), for a total of 12 credits.
- ² Select enough elective credits to bring the program to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level).

Students may complete this major/option at 120 credits by selecting CHEM 107, CHEM 108, and BUS 150 in the freshman year. Students wishing to complete the Gerontology Interdisciplinary Minor should consult with advisors about course selection. Completion of the major/option and the minor will exceed the 120 credit total.

Major in Nutrition and Food Science, Food Safety and Nutrition Concentration

The Food Safety and Nutrition concentration blends a strong science base with courses in food science, food safety, food microbiology, and nutrition. The curriculum prepares students for employment in the food industry or in government in such areas as quality assurance, product development, research, food inspection, food processing plant management, and consumer education. The concentration also provides an excellent background for a graduate program. Students in the concentration are encouraged to participate in the interdisciplinary minor in Food Science/Safety to further their understanding of the continuum of responsibility shared through the food system in ensuring that food is safe and healthful. By addition of several elective courses, students can also meet ACEND course requirements.

² Select enough elective credits to bring the program to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level).

Major in Nutrition and Food Science, Nutritional Sciences Concentration

The Nutritional Sciences concentration provides a strong background in natural and biomedical sciences and nutrition, making it an appropriate preparation for graduate study, medical school, or a career in nutritional research, biomedical research, or college teaching. This concentration forms the basis for a pre-medical

professional program. By addition of several elective courses, students can meet ACEND course requirements.

Program Total Credits:		121-123

¹ Select one course each from the list in category 3D and 3E and two courses from category 3B of the All-University Core Curriculum (AUCC).

Master of Science in Food Science and Nutrition, Dietetics Option (online)

Requirements Effective Fall 2013

Required Core

EDRM 600 or FSHN 501	Introduction to Research Methods Research Methods in Dietetics	3
Select one from the following:		3
EDRM 606	Principles: Quantitative Data Analysis Advanced Statistics ¹	
FSHN 503	Issues in Dietetics Practice	3
FSHN 504	Micronutrients	3
FSHN 540	Nutrigenomics and Advanced Lipid Metabolism	3
FSHN 696C	Group Study: Dietetics	1

Selected Courses

Select 15 credits from the following:		15
FSHN 505	Nutrition and Physical Activity in Aging	
FSHN 506	Nutrition and Human Performance	
FSHN 507	Nutrition Education in the Community	
FSHN 508	International Nutrition and World Hunger	
FSHN 510	Pediatric Clinical Nutrition	
FSHN 511	Maternal and Child Nutrition	
FSHN 512	Nutritional Aspects of Oncology	
FSHN 520	Advanced Medical Nutrition Therapy	
FTEC 578	Bioactives and Probiotics for Health	
FSHN 698A	Research: Dietetics	6
Program Total Credits		37

A minimum of 37 credits are required to complete this program.

¹ 500-level or higher statistics course approved by advisor and graduate committee.

Master of Science in Food Science and Nutrition, Plan A, Nutrition and Exercise Science Specialization

Requirements Effective Spring 2009

BMS 500 or BMS 501	Mammalian Physiology I Mammalian Physiology II	4
FSHN 550	Advanced Nutritional Science I	3
FSHN 551	Advanced Nutritional Science II	3
FSHN 630/ HES 630	Integrative Exercise and Nutrition Metabolism	3
FSHN 692	Seminar	1
Select one course from the following:		2
FSHN 650A	Recent Developments in Human Nutrition: Protein, Vitamins, and Minerals	
FSHN 650B	Recent Developments in Human Nutrition: Carbohydrates, Lipids, and Energy	
FSHN 650C	Recent Developments in Human Nutrition: Genomic, Proteomics, and Metabolomics	
HES 610	Exercise Bioenergetics	3
HES 645	Epidemiology of Health and Physical Activity	3
Select one course from the following:		3-4
ERHS 542	Biostatistical Methods for Qualitative Data	
ERHS 544/ STAT 544	Biostatistical Methods for Quantitative Data	
STAT 511	Design and Data Analysis for Researchers I	
Food Science and Human Nutrition Elective ¹		2-3
Health and Exercise Science Elective ²		3
FSHN 699B	Thesis: Nutrition	Var.
Program Total Credits		40-41

A minimum of 40 credits are required to complete this program.

¹ Food Science and Human Nutrition elective, 500-level or above.

² Health and Exercise Science regular course elective, 500-level or above (minimum 3 credits).

Master of Science in Food Science and Nutrition, Plan B, Nutrition and Exercise Science Specialization

Requirements Effective Spring 2009

BMS 500 or BMS 501	Mammalian Physiology I Mammalian Physiology II	4
FSHN 550	Advanced Nutritional Science I	3
FSHN 551	Advanced Nutritional Science II	3

FSHN 630/ HES 630	Integrative Exercise and Nutrition Metabolism	3
FSHN 692	Seminar	1
Select one course from the following:		2
FSHN 650A	Recent Developments in Human Nutrition: Protein, Vitamins, and Minerals	
FSHN 650B	Recent Developments in Human Nutrition: Carbohydrates, Lipids, and Energy	
FSHN 650C	Recent Developments in Human Nutrition: Genomic, Proteomics, and Metabolomics	
HES 610	Exercise Bioenergetics	3
HES 645	Epidemiology of Health and Physical Activity	3
Select one course from the following:		3-4
ERHS 542	Biostatistical Methods for Qualitative Data	
ERHS 544/ STAT 544	Biostatistical Methods for Quantitative Data	
STAT 511	Design and Data Analysis for Researchers I	
Food Science and Human Nutrition Electives		5
Health and Exercise Science regular course elective		3
FSHN 698B	Research: Nutrition	Var.
Program Total Credits		37-38

A minimum of 37 credits are required to complete this program.

Minor in Nutrition

This minor provides an opportunity for a non-major to gain a significant orientation to a food, nutrition, and health-related field. The courses in the minor in Nutrition have a significant number of prerequisites that should be examined carefully before selecting the minor. Although open to any interested student, the Nutrition minor would be most easily taken by students majoring in a life science discipline such as biology or health and exercise science.

Requirements Effective Fall 2004

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Upper Division

BC 351	Principles of Biochemistry	4
BMS 300	Principles of Human Physiology	4
FSHN 350	Human Nutrition	3
FSHN 360	Nutrition Assessment	2
FSHN 451	Community Nutrition	3
FSHN 459	Nutrition in the Life Cycle	3
FSHN 470	Integrative Nutrition and Metabolism	3
Program Total Credits		22

Department of Health and Exercise Science

Office in Health and Exercise Science Complex, B220 Moby
(970) 491-5081
hes.chhs.colostate.edu (<http://hes.chhs.colostate.edu>)

Professor Barry Braun, Department Head

Undergraduate Majors

- Major in Health and Exercise Science
 - Health Promotion Concentration
 - Sports Medicine Concentration

Graduate Graduate Programs in Health and Exercise Science

The department offers two graduate degrees: the Master of Science in Health and Exercise Science, and the Doctor of Philosophy in Human Bioenergetics. Students interested in a Master's degree in Public Health with a focus in Health and Exercise Science can refer to the School of Public Health (<http://publichealth.colostate.edu/GPPH>). Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Health and Exercise Science (<http://hes.chhs.colostate.edu>).

Master Programs

- Master of Science in Health and Exercise Science, Plan A
- Master of Science in Health and Exercise Science, Plan B
- Master of Science in Health and Exercise Science, Plan A, Exercise Science and Nutrition Specialization

Ph.D.

- Ph.D. in Bioenergetics

Courses

Health and Exercise Science (HES)

HES 100A Beginning Physical Education: Aerobic Exercise Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HES 100C Beginning Physical Education: Soccer Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 100D Beginning Physical Education-Self-Defense Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 100E Beginning Physical Education: Tennis Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 100J Beginning Physical Education: Volleyball Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 100K Beginning Physical Education: Swimming Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 100L Beginning Physical Education: Golf Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HES 100M Beginning Physical Education: Basketball Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 100N Beginning Physical Education: Racquetball Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 100O Beginning Physical Education: Weight Training Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 100P Beginning Physical Education: Ice Skating Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HES 102A Physical Education Activities: Aquatic Conditioning Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Registration Information: Intermediate swimming ability.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 102C Physical Education Activities: Special Activities Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HES 102D Physical Education Activities: Advanced Swimming Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 102F Physical Education Activities: Conditioning and Fitness Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Modes: S/U within Student Option, Trad within Student Option.

Special Course Fee: No.

HES 102G Physical Education Activities: Athletics Credit: 1 (0-3-0)

Course Description: Physical activities for the development of personal motor skills.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HES 120 Introduction to Health and Exercise Science Credit: 1 (1-0-0)

Course Description: Health and Exercise Science major, career options, campus resources, tools for academic success, various health-related topics.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 145 Health and Wellness Credits: 3 (3-0-0)

Course Description: Personal health behaviors and personal choice in response to wellness.

Prerequisite: None.

Registration Information: Credit not allowed for both HES 145 and HES 143. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 207 Anatomical Kinesiology Credits: 3 (2-2-0)

Course Description: Anatomical, physiological, and mechanical fundamentals of human movement.

Prerequisite: MATH 125, may be taken concurrently.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 232A Techniques of Teaching Physical Activity: Weight Training Credit: 1 (0-2-0)

Course Description: Practical and theoretical aspects of teaching individual sports with special emphasis on materials, teaching techniques, and analyzing skills.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 232B Techniques of Teaching Physical Activity: Aerobics Credit: 1 (0-2-0)

Course Description: Practical and theoretical aspects of teaching individual sports with special emphasis on materials, teaching techniques, and analyzing skills.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 240 First Aid and Emergency Care Credits: 2 (1-2-0)

Course Description: Principles, applied techniques emphasizing emergency rescue and care. Meets requirements for Red Cross Advanced First Aid and Emergency Care Credential.

Prerequisite: None.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HES 307 Biomechanical Principles of Human Movement Credits: 3 (3-0-0)

Course Description: Identify with and utilize biomechanical principles pertinent to human movement.

Prerequisites: (HES 207 or BMS 301) and (PH 121 or PH 141).

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 309 Methods of Coaching Credits: 2 (2-0-0)

Course Description: Preparation to coach in an interscholastic athletic situation.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Term Offered: Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 319 Neuromuscular Aspects of Human Movement Credits: 3 (3-0-0)

Course Description: Neuromuscular anatomy and physiology of human movement. Applied/integrated topics: aging, muscle fatigue, training, and neuromuscular disease.

Prerequisites: (BMS 300 or BMS 360) and (BMS 301).

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 332F Techniques of Teaching Individual Sports: Weight Training Credit: 1 (0-2-0)

Course Description: Practical and theoretical aspects of teaching weight training with special emphasis on materials, teaching techniques, and analyzing skills.

Prerequisite: None.

Registration Information: Corresponding laboratory or competency in area.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 332H Techniques of Teaching Individual Sports: Aerobics Credit: 1 (0-2-0)

Course Description: Practical and theoretical aspects of teaching aerobics with special emphasis on materials, teaching techniques, and analyzing skills.

Prerequisite: None.

Registration Information: Corresponding laboratory or competency in area.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 340 Exercise Prescription Credit: 1 (1-0-0)

Course Description: Theory and practice of exercise prescription for healthy individuals, cardiac patients, and other special populations.

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 345 Population Health and Disease Prevention Credits: 3 (3-0-0)

Course Description: Causes of disease throughout the lifespan and interventions designed to prevent disease.

Prerequisite: HES 145.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 356 Wellness Programming Credits: 3 (3-0-0)

Course Description: Assessment of wellness concerns and organizational problems, selection and implementation of program design.

Prerequisite: HES 386A.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 379 Psychology and Sport Credits: 3 (3-0-0)

Course Description: Psychological and social implications involved in teaching physical education and coaching athletics.

Prerequisites: PSY 100 and HES 145 with a minimum grade of C and HES 207 with a minimum grade of C and BMS 300 with a minimum grade of C.

Registration Information: Must have taken the following courses and maintained a minimum GPA of 2.500 in them: HES 145; HES 207; BMS 300.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 386A Practicum: Adult Fitness Credits: 2 (1-3-0)

Course Description: Adult fitness.

Prerequisites: HES 145 with a minimum grade of C and HES 240 and HES 332F and HES 332H and FSHN 150 with a minimum grade of C and HES 207 with a minimum grade of C and BMS 300 with a minimum grade of C.

Registration Information: Must have taken the following courses and earned a 2.75 GPA in them: BMS 300, FSHN 150, HES 145, and HES 207; HES 240; HES 332F; HES 332H. Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 386B Practicum: Wellness Program Management Credits: 3 (1-6-0)

Course Description:

Prerequisite: HES 386A.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 403 Physiology of Exercise Credits: 4 (3-2-0)

Course Description: Effects of exercise on tissues, organs, and systems of the body.

Prerequisites: (BMS 300 or BMS 360) and (LIFE 102).

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

HES 405 Exercise Testing Instrumentation Credits: 2 (1-2-0)

Course Description: Theory and operation of devices commonly employed in quantifying factors related to exercise.

Prerequisite: HES 403.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HES 410 Bioethics: Concepts and Controversies Credits: 3 (2-0-1)

Course Description: Origins of bioethics and analysis of cases/controversies in contemporary bioethics.

Prerequisite: PHIL 205.

Registration Information: PHIL 205 or 7 credits of AUCC-science category 3A.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 420 Electrocardiography and Exercise Management Credits: 3 (2-2-0)

Course Description: Interpretation of 12-lead ECG tracings, administering exercise tests, and prescribing exercise program for healthy individuals and special populations.

Prerequisite: BMS 300.

Registration Information: Must register for lecture and laboratory.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: Yes.

HES 434 Physical Activity Throughout the Lifespan Credits: 3 (3-0-0)

Course Description: Impact of physical activity on biology and physiology of human development and aging processes.

Prerequisite: BMS 300.

Registration Information: Credit not allowed for both HES 434 and HES 444.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 444 Successful Aging: Role of Physical Activity Credits: 2 (2-0-0)

Course Description: Biology and physiology of healthy aging and impact of disease and physical activity on aging processes.

Prerequisite: LIFE 102 or BZ 110.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 456 Advanced Wellness Programming Credits: 3 (3-0-0)

Course Description: Investigation of established wellness programs with special emphasis on design, implementation, and evaluation of programming models.

Prerequisites: HES 356, may be taken concurrently and HES 403.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 476 Exercise and Chronic Disease Credits: 3 (3-0-0)

Course Description: Interaction of physical activity with pathophysiology and treatment of chronic diseases and conditions.

Prerequisites: BC 351 and FSHN 350 and HES 403.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 484 Supervised College Teaching Credits: Var[1-5]

Course Description:

Prerequisite: None.

Registration Information: Maximum of 10 credits allowed in course.

A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 486A Practicum: Adaptive Correctives Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 486B Practicum: Wellness Program Management Credits: Var[1-3]

Course Description:

Prerequisites: HES 386B and BMS 300 with a minimum grade of C and HES 145 with a minimum grade of C and HES 207 with a minimum grade of C and FSHN 150 with a minimum grade of C.

Registration Information: 2.5 GPA.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 486C Practicum: Coaching Credits: Var[1-3]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 487 Internship Credits: 15 (0-0-40)

Course Description: Practical application of knowledge and skills in a professional situation.

Prerequisites: HES 486B and BMS 300 with a minimum grade of C and HES 145 with a minimum grade of C and HES 207 with a minimum grade of C and FSHN 150 with a minimum grade of C.

Registration Information: 2.5 GPA.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 492 Health and Exercise Science Seminar Credits: 2 (0-0-2)

Course Description: Integration and reflection on health and exercise science disciplinary knowledge.

Prerequisite: None.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 495A Independent Study: Health Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 495B Independent Study: Biomechanics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 495C Independent Study: Exercise Science Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 495D Independent Study: Neuromuscular Physiology Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 495E Independent Study: Honors Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 496A Group Study: Health Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 496B Group Study: Athletics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 496C Group Study: Biomechanics Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 496D Group Study: Exercise Science Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 496E Group Study: Neuromuscular Physiology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 520 Advanced Exercise Testing and Prescription Credits: 3 (2-2-0)****Course Description:** Theory and practice of exercise testing and prescription in apparently healthy and diseased populations.**Prerequisite:** HES 403.**Registration Information:** Must register for lecture and laboratory.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** Yes.**HES 530 Clinical Biomechanics Credits: 3 (3-0-0)****Course Description:** Effect of external loads on internal tissues; concern for injury, injury prevention, and rehabilitation.**Prerequisites:** BMS 301 and HES 307.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 531 Muscle and Joint Mechanics Credits: 3 (3-0-0)****Course Description:** Integrate muscle, tendon, and location of bone attachment into a comprehensive understanding of human movement at the single- and multi-joint level.**Prerequisites:** BMS 301 and HES 307.**Term Offered:** Fall (even years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 545 Evolutionary Basis for Health and Fitness Credits: 3 (3-0-0)****Course Description:** Evolutionary basis for human health and fitness based upon dietary and exercise patterns for pre-agricultural humans.**Prerequisites:** HES 403 and FSHN 350.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 556 Wellness and Health Promotion Concepts Credits: 3 (3-0-0)****Course Description:** Discussion of theory and application of health promotion in various settings.**Prerequisite:** None.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 600 Research Design in Health/Exercise Science Credits: 3 (3-0-0)****Course Description:** The research process including design, implementation, proposal synthesis and statistical considerations applied to health and exercise science.**Prerequisite:** STAT 100 to 481 - at least 1 course.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 602 Advanced Physiology of Exercise Credits: 3 (3-0-0)****Course Description:** Integrative exercise physiology covering metabolism, cardiovascular physiology, pulmonary physiology, and neuromuscular physiology in humans.**Prerequisite:** HES 403.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 603 Advanced Topics in Exercise Physiology Credits: 3 (3-0-0)****Course Description:** Advanced principles of theoretical and applied exercise physiology at molecular, cellular, and systemic levels.**Prerequisite:** HES 403.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 610 Exercise Bioenergetics Credits: 3 (3-0-0)****Course Description:** Biology of energy transfer reactions related to human locomotion and exercise performance in both healthy individuals and disease states.**Prerequisite:** HES 403.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 619 Advanced Neural Control of Movement Credits: 3 (3-0-0)****Course Description:** Neuroanatomical, neurophysiological, and applied topics on the control of force and human movement.**Prerequisites:** BMS 300 and BMS 301 and HES 403.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Fall (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 630 Integrative Exercise and Nutrition Metabolism Credits: 3 (3-0-0)****Also Offered As:** FSHN 630.**Course Description:** Advances in integrative human metabolism under conditions of changing energy flux.**Prerequisites:** FSHN 551 and HES 610.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Credit not allowed for both FSHN 630 and HES 630.**Term Offered:** Spring.**Grade Mode:** Traditional.**Special Course Fee:** No.

HES 645 Epidemiology of Health and Physical Activity Credits: 3 (3-0-0)

Course Description: Foundation in chronic disease epidemiology that will enable students to evaluate the current epidemiologic literature.

Prerequisite: HES 600.

Restriction: Must be a: Graduate, Professional.

Term Offered: Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 650 Health Promotion Programming Credits: 3 (3-0-0)

Course Description: Development of skills in health promotion program design, implementation and evaluation.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 656 Comprehensive Stress Management Credits: 3 (3-0-0)

Course Description: Relationship between stress and illness emphasizing methods to impact its detrimental effects.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 684 Supervised College Teaching Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 686A Practicum: Adult Fitness-Human Performance Clinical/Research Laboratory Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Current CPR certification.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 686B Practicum: Wellness Management Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Current CPR certification.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 686C Practicum: Youth Fitness and Skill Development Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Current CPR certification.

Terms Offered: Fall, Spring, Summer.

Grade Modes: Instructor Option, Traditional.

Special Course Fee: No.

HES 686D Practicum: Health and Exercise Science Research Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Current CPR certification.

Terms Offered: Fall, Spring, Summer.

Grade Modes: Instructor Option, Traditional.

Special Course Fee: No.

HES 686E Practicum: Applied Health and Exercise Science Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Current CPR certification.

Terms Offered: Fall, Spring, Summer.

Grade Modes: Instructor Option, Traditional.

Special Course Fee: No.

HES 687 Internship Credits: Var[3-9]

Course Description: Practical application of knowledge and skills in a professional situation.

Prerequisite: HES 686A to 686E - at least 1 course.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 692 Seminar Credit: 1 (0-0-1)

Course Description: Consideration of graduate education in health and exercise science.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HES 693 Seminar Credit: 1 (0-0-1)

Course Description: Current topics and issues in health and exercise science.

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Registration Information: Maximum of 2 credits allowed in course.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HES 695A Independent Study: Health Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Graduate cooperative program, Undergraduate.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 695B Independent Study: Exercise Science Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Graduate cooperative program, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 695C Independent Study: Biomechanics Credits: Var[1-18]**Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Graduate cooperative program, Undergraduate.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 695D Independent Study: Neuromuscular Physiology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Graduate cooperative program, Professional, Undergraduate.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 696A Group Study: Health Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 696B Group Study: Exercise and Nutrition Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 696C Group Study: Exercise Science Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 696D Group Study: Biomechanics Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 696E Group Study: Neuromuscular Physiology Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 698 Research Credits: Var[1-18]****Course Description:** Non-thesis research in health and exercise science.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 699 Thesis Credits: Var[1-18]****Course Description:****Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Terms Offered:** Fall, Spring, Summer.**Grade Mode:** Instructor Option.**Special Course Fee:** No.**HES 700 Professional Skills in Bioenergetics Credits: 3 (2-0-1)****Course Description:** Grant writing, authorship, peer review process, responsible conduct of science, research ethics, professional conduct, career opportunities.**Prerequisite:** None.**Restriction:** Must be a: Graduate, Professional.**Registration Information:** Admission to doctoral program, or admission to M.S. program and written consent of instructor.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 704A Advanced Topics in Bioenergetics: Movement Credits: 3 (3-0-0)****Course Description:** Advanced topics in physiology, biochemistry, biomechanics, and neural control exploring pathogenesis and treatment of chronic disease.**Prerequisite:** None.**Registration Information:** Graduate standing. Maximum of 6 credits allowed in course.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 704B Advanced Topics in Bioenergetics: Physiology Credits: 3 (3-0-0)****Course Description:** Advanced topics in physiology, biochemistry, biomechanics, and neural control exploring pathogenesis and treatment of chronic disease.**Prerequisite:** None.**Restriction:** .**Registration Information:** Graduate standing. Maximum of 6 credits allowed in course.**Term Offered:** Fall.**Grade Mode:** Traditional.**Special Course Fee:** No.**HES 710 Exercise in Disease Prevention Credits: 3 (3-0-0)****Course Description:** Role of exercise/physical activity in the prevention, pathophysiology and treatment of chronic diseases.**Prerequisites:** HES 403 and HES 520.**Restriction:** Must be a: Graduate, Professional.**Term Offered:** Spring (odd years).**Grade Mode:** Traditional.**Special Course Fee:** No.

HES 730 Cardiovascular Pathophysiology Credits: 3 (3-0-0)

Course Description: Cardiovascular physiology with emphasis on the development, progression, and treatment of diseases of the cardiovascular system.

Prerequisites: HES 403 and HES 520.

Restriction: Must be a: Graduate, Professional.

Term Offered: Fall (odd years).

Grade Mode: Traditional.

Special Course Fee: No.

HES 735 Human Cardiovascular Control Credits: 3 (2-0-1)

Course Description: Dynamics of cardiovascular control in human health and disease.

Prerequisite: HES 403.

Restriction: Must be a: Graduate, Professional.

Registration Information: Must register for lecture and recitation.

Term Offered: Fall (even years).

Grade Mode: Traditional.

Special Course Fee: No.

HES 784 Supervised College Teaching Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 786 Practicum Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 793 Bioenergetics Seminar Credit: 1 (0-0-1)

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HES 795 Independent Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 796 Group Study Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 798 Research Credits: Var[1-3]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HES 799 Dissertation Credits: Var[1-18]

Course Description:

Prerequisite: None.

Restriction: Must be a: Graduate, Professional.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

Major in Health and Exercise Science

Students may choose from two concentrations offered in the Health and Exercise Science major—Health Promotion or Sports Medicine.

Learning Outcomes

Students will demonstrate:

- Practical knowledge and skills (stress/fitness testing, leadership, administrative, teaching/communication, customer service, and professional attitude) in exercise science and health promotion through laboratory and/or practicum and internship experiences
- Ability to synthesize, integrate, apply, and communicate health and exercise science disciplinary knowledge through structured written assignments and oral presentations
- Skills and knowledge required to successfully compete for employment within the discipline or compete for graduate or professional school placement

Potential Occupations

The United States and other developed countries are struggling with an aging and increasingly unhealthy population. Understanding the role of physical activity in preventing and treating disease and maintaining optimal health at any age is critical. Graduates trained in the foundations of human movement such as physiology, anatomy, biomechanics and neurophysiology, AND the ability to apply this knowledge to enhance the health, well-being and functional performance of the public, will be in high demand.

We take pride in training students in Health and Exercise Science to be strong critical thinkers who can express themselves clearly in written and oral form, view the world from multiple perspectives and are models of professional behavior and citizenship: qualities that will serve them well in any career they choose to pursue. Graduates that follow the Health Promotion track also acquire theoretical and hands-on training that makes them competitive for career opportunities in a wide variety of areas including, but not limited to: corporate fitness/wellness, community health/wellness, public health, health behavior change, exercise technicians, cardiac rehabilitation, personal trainers, group exercise/fitness instructors, fitness/ medical equipment sales, and recreation directors. In the Sports Medicine track, graduates acquire more grounding in foundations of human movement. This training provides excellent preparation for the further education required for careers as physicians, physical therapists, college

professors, physician assistants, occupational therapists, molecular imaging, and respiratory therapists.

Concentrations

- Health Promotion Concentration
- Sports Medicine Concentration

Major in Health and Exercise Science, Health Promotion Concentration

A concentration in Health Promotion provides content and experience in promoting positive health behaviors, such as physical activity, weight management, stress management, smoking cessation, and ergonomics, to name a few. Students are prepared for numerous careers in a variety of allied health fields. Specifically, graduates have found employment in corporations as wellness/fitness specialists, as hospital and community health promotion directors, in insurance-based health promotion programs, medical settings, hotel wellness facilities, university health promotion centers, and in health and fitness clubs. The curriculum focuses on health promotion program development, implementation, and evaluation. Other course work includes chemistry, anatomy, physiology of exercise, marketing, advertising, accounting, and more. Students also have opportunities for practical field experiences before graduating. *We are proud that the Health Promotion concentration track of the Health and Exercise Science major was ranked #1 in the country by the Association for Worksite Health Promotion.*

Requirements Effective Fall 2015

View Major Completion Map (<http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap>)

The minimum GPA for students in the Health Promotion concentration must be 2.750 with no grade below C in the following courses: BMS 300, FSHN 150, HES 145, and HES 207 before departmental approval will be given to register for HES 486B Practicum: Wellness Program Management and HES 487 Internship.

Freshman

	AUCC	Credits
Select one group from the following:		4
Group A:		
BZ 110 Principles of Animal Biology (GT-SC2)	3A	
BZ 111 Animal Biology Laboratory (GT-SC1)	3A	
Group B:		
LIFE 102 Attributes of Living Systems (GT-SC1)	3A	
CHEM 103 Chemistry in Context (GT-SC2)	3A	3
CHEM 104 Chemistry in Context Laboratory (GT-SC1)	3A	1
CO 150 College Composition (GT-CO2)	1A	3

Electives		4-5
Total Credits		29-30

Senior

HES 434	Physical Activity Throughout the Lifespan	3
HES 456	Advanced Wellness Programming 4A,4C	3
HES 486B	Practicum: Wellness Program Management	1-3
HES 487 ²	Internship	15
Electives ³		5-8
Total Credits		29-32
Program Total Credits:		120-121

Cardiac Care Internship Requirements ²

Students enrolling in internships in cardiac care must take HES 420 prior to the internship. Students may use elective credits in the sophomore, junior, or senior year to do so. A minimum grade of B (3.00) is required in HES 420 prior to internship placement.

HES 420	Electrocardiography and Exercise Management	3
It is recommended, but not required, that students enrolling in cardiac care internships take the following courses using elective credit from the sophomore, junior, or senior years.		
BMS 420	Cardiopulmonary Physiology	3
BMS 450	Pharmacology	3

¹ Students with current certification in Adult, Infant, and Child CPR; General First Aid; and AED may replace this course with 2 elective credits.

² Students selecting an internship in cardiac care must take HES 420 prior to enrolling in the internship. See requirements and recommendations for cardiac care internships above.

³ Select enough elective credits to bring the program total to a minimum of 120-121 credits, of which at least 42 must be upper-division (300- to 400-level).

Major in Health and Exercise Science, Sports Medicine Concentration

The Sports Medicine concentration is a preprofessional program that offers a science-based education dealing specifically with the application of the natural sciences to the study of health and exercise science.

In the Sports Medicine track, graduates acquire more grounding in foundations of human movement. This track provides excellent preparation for the further education required for careers as physicians, physical therapists, college professors, physician assistants, occupational therapists, pharmacology, molecular imaging, and respiratory therapists.

This concentration was structured for two types of students:

1. those seeking preprofessional preparation in medical fields, physical therapy, or allied health fields and
2. students planning to pursue an advanced degree (master's and/or Ph.D.) in exercise science or related field.

Some of the courses required for this concentration include chemistry, biology, physics, anatomy, kinesiology, biomechanical principles of human movement, exercise testing, biochemistry, organic chemistry, human nutrition, and rehabilitation exercise.

Requirements Effective Fall 2015

Science Electives Department List

Code	Title	AUCC	Credits
Select two choices from the following list. Some selections may be a single course, others may be a pair of courses.			
BMS ***	Upper-Division course not required elsewhere		3-5
BZ 310	Cell Biology		4
BZ 350	Molecular and General Genetics		3-4
or SOCR 330	Principles of Genetics		
HES ***	Upper-Division course not required elsewhere		3-5
LIFE 103	Biology of Organisms-Animals and Plants		4
LIFE 201A & LIFE 203	Introductory Genetics: Applied/Population/Conservation/Ecological (GT-SC2) and Introductory Genetics Laboratory	3A	5

Code	Title	AUCC	Credits
LIFE 201B & LIFE 203	Introductory Genetics: Molecular/ Immunological/ Developmental (GT-SC2) and Introductory Genetics Laboratory	3A	5
LIFE 205 & LIFE 206	Microbial Biology and Microbial Biology Laboratory		5
LIFE 210 & LIFE 212	Introductory Eukaryotic Cell Biology and Introductory Cell Biology Laboratory		5
MATH 155	Calculus for Biological Scientists I (GT-MA1)	1B	4
or MATH 160	Calculus for Physical Scientists I (GT-MA1)		
MIP 300	General Microbiology		3
MIP 315	Human and Animal Disease		3
PH 122	General Physics II	3A	5
or PH 142	Physics for Scientists and Engineers II (GT-SC1)		
PSY 260	Child Psychology		3
or PSY ***	Upper-Division course		

¹ Students with current certification in Adult, Infant, and Child CPR, General First Aid, and AED may waive this course and substitute 2 elective credits.

² Select enough elective credits to bring the program to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level).

Master of Science in Health and Exercise Science, Plan A

Requirements Effective Fall 2014

Core Courses

HES 600	Research Design in Health/Exercise Science	3
HES 602	Advanced Physiology of Exercise	3
HES 610	Exercise Bioenergetics	3
HES 693	Seminar	2

HES 698	Research	3
HES 793	Bioenergetics Seminar	1
Statistics ¹		3
Electives ²		12
Thesis		
HES 699	Thesis	12
Program Total Credits		42

A minimum of 42 credits are required to complete this program.

¹ Select three credits of statistics with approval of advisor and graduate committee.

² Select enough 500-level or above elective credits with approval of advisor and graduate committee to bring the program total to 42 credits.

Master of Science in Health and Exercise Science, Plan A, Exercise Science and Nutrition Specialization

Requirements Effective Spring 2009

FSHN 550	Advanced Nutritional Science I	3
FSHN 551	Advanced Nutritional Science II	3
FSHN 630/ HES 630	Integrative Exercise and Nutrition Metabolism	3
HES 520	Advanced Exercise Testing and Prescription	3
HES 556	Wellness and Health Promotion Concepts	3
HES 600	Research Design in Health/Exercise Science	3
HES 610	Exercise Bioenergetics	3
HES 645	Epidemiology of Health and Physical Activity	3
Select one from the following:		3
HES 686A	Practicum: Adult Fitness-Human Performance Clinical/Research Laboratory	
HES 686B	Practicum: Wellness Management	
HES 686C	Practicum: Youth Fitness and Skill Development	
HES 686D	Practicum: Health and Exercise Science Research	
HES 686E	Practicum: Applied Health and Exercise Science	
HES 692/ HES 693	Seminar	3
Elective ¹		2
HES 699	Thesis	6
Program Total Credits		38

A minimum of 38 credits are required to complete this program.

¹ Nutrition regular course elective, 500-level or above (minimum 2 credits).

Master of Science in Health and Exercise Science, Plan B

Requirements Effective Fall 2014

Core Courses

HES 420	Electrocardiography and Exercise Management	3
HES 520	Advanced Exercise Testing and Prescription	3
HES 556	Wellness and Health Promotion Concepts	3
HES 600	Research Design in Health/Exercise Science	3
HES 602	Advanced Physiology of Exercise	3
HES 645	Epidemiology of Health and Physical Activity	3
Select one from the following:		6
HES 686A	Practicum: Adult Fitness-Human Performance Clinical/Research Laboratory	
HES 696B	Group Study: Exercise and Nutrition	
HES 696C	Group Study: Exercise Science	
HES 696D	Group Study: Biomechanics	
HES 696E	Group Study: Neuromuscular Physiology	
HES 693	Seminar	2
Electives ¹		15
Research		
Select one from the following:		3
HES 695A	Independent Study: Health	
HES 695B	Independent Study: Exercise Science	
HES 695C	Independent Study: Biomechanics	
HES 695D	Independent Study: Neuromuscular Physiology	
Program Total Credits		44

A minimum of 44 credits are required to complete this program.

¹ Select enough 500-level or above elective credits with approval of advisor and graduate committee to bring the program total to 44 credits.

Ph.D. in Bioenergetics

Requirements Effective Fall 2014

Core Courses

CM 666/ PHIL 666	Science and Ethics	3
HES 610	Exercise Bioenergetics	3
HES 700	Professional Skills in Bioenergetics	3
HES 704A	Advanced Topics in Bioenergetics: Movement	3
HES 704B	Advanced Topics in Bioenergetics: Physiology	3
HES 793	Bioenergetics Seminar ¹	4
Statistics ²		6
Selected Electives ³		9
Dissertation		
HES 799	Dissertation ³	12
Master Degree Credit		

Master Degree Credit ⁴	30
Program Total Credits	72

A minimum of 72 credits are required to complete this program.

- ¹ Course must be taken for a minimum of 4 credits and may be repeated.
- ² Select six credits of statistics with approval of advisor and graduate committee.
- ³ Select additional dissertation credits and/or 500-level and above elective credits with approval of advisor and graduate committee to bring the program total to a minimum of 72 credits.
- ⁴ A maximum of 30 credits may be accepted from a master's degree.

Department of Human Development and Family Studies

Office in Behavioral Sciences Building, Room 303
(970) 491-5558

hdfs.chhs.colostate.edu (<http://hdfs.chhs.colostate.edu>)

Professor Lise Youngblade, Department Head
Professor David MacPhee, Assistant Department Head

Undergraduate Majors

- Major in Early Childhood Education
- Major in Human Development and Family Studies
 - Early Childhood Professions Concentration
 - Human Development and Family Studies Concentration
 - Leadership and Entrepreneurial Professions Concentration
 - Pre-Health Professions Concentration
 - Prevention and Intervention Sciences Concentration

Online Degree Programs

The major in Human Development and Family Studies (HDFS) is offered in two formats, both leading to a Bachelor of Science degree. We offer on-campus classes to local degree-seeking students, and we offer distance students the HDFS degree through the Division of Continuing Education and CSU Online. The Online Bachelor of Science Degree in HDFS (<http://www.online.colostate.edu/degrees/hdfs>) provides a high quality university education that is flexible, convenient, and accessible for working and distance students. The courses in the online program are the same as the on-campus courses. As well, the five concentrations are available online with only some limitations,

as not all CSU courses are available online. The online Bachelor of Science degree in HDFS carries the full accreditation of CSU and is indistinguishable on student transcripts from the on-campus version of the degree. The Gerontology Interdisciplinary Minor and courses required to pursue a variety of certifications are also available online.

Gerontology Interdisciplinary Minor

The Gerontology Interdisciplinary Minor is a 21-23 credit program, housed in HDFS and available on-campus as well as online, that provides students with the opportunity to earn an undergraduate minor in gerontology. The Gerontology Interdisciplinary Minor helps students to develop an understanding of the aging process, including the biological, psychological and social aspects of adult development and aging. Admission is ongoing throughout the year. The full program may be found under University-Wide Instructional Programs.

Graduate Graduate Programs in Human Development and Family Studies

The Department of Human Development and Family Studies offers two specializations leading to the Master of Science degree in HDFS:

1. Prevention Science, and
2. Marriage and Family Therapy

For students interested in pursuing a Ph.D., the department offers a doctoral program in Applied Developmental Science. This program provides training in research and its application to issues that affect the quality of life of individuals, families, and communities.

Students interested in graduate work should refer to the Graduate and Professional Bulletin and the Department of Human Development and Family Studies. (<http://hdfs.chhs.colostate.edu/students/masters>)

Master Programs

- Master of Science in Human Development and Family Studies, Plan A, Prevention Science Specialization
- Master of Science in Human Development and Family Studies, Plan A, Marriage and Family Therapy Specialization

Ph.D.

- Ph.D. in Applied Developmental Science

Courses

Human Development and Family Studies (HDFS)

HDFS 101 Individual and Family Development (GT-SS3) Credits: 3 (3-0-0)

Course Description: Principles of life-span human development in the context of the family. Theory and research on the influence of family systems on individuals.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Social & Behavioral Sciences 3C, Human Behavior, Culture, or Social Frameworks (GT-SS3).

HDFS 175 Developmental Psychology Across the Life

Span Credits: 3 (0-0-3)

Also Offered As: PSY 175.

Course Description: Theory and research on physical, cognitive, and psychosocial human development across the life span.

Prerequisite: None.

Registration Information: Offered as a telecourse only. Credit not allowed for both HDFS 175 and PSY 175.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 217 Creative Experiences for Children Credits: 3 (3-0-0)

Course Description: Theories of play; art, music, and literature as related to child development.

Prerequisites: (HDFS 101 or PSY 100) and (HDFS 277, may be taken concurrently).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 277 Professional Skills Development I Credit: 1 (1-0-0)

Course Description: Professional skills and opportunities relevant to contemporary issues with individuals, families and community.

Prerequisite: CO 150, may be taken concurrently or HONR 193, may be taken concurrently.

Registration Information: Human Development and Family Studies or Early Childhood Education majors only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 286 Practicum-Professional Skills Credits: 3 (1-6-0)

Course Description: Observational and applied experience with children, adolescents, adults, or families. Exploration of professional skills and opportunities.

Prerequisite: HDFS 101.

Registration Information: Must have completed 30 credits; required background check through CBI, FBI; major in Human Development and Family Studies or Early Childhood Education only. Must register for lecture and laboratory.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 302 Marriage and Family Relationships Credits: 3 (3-0-0)

Course Description: Preparation for and adjustment to marital and family relationships throughout the life cycle.

Prerequisite: HDFS 101 or SOC 100.

Registration Information: Completion of 30 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 310 Infant and Child Development in Context Credits: 3 (3-0-0)

Course Description: Physical, cognitive, and socioemotional development from conception through middle childhood in context of family, relationships, and culture.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Completion of 30 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 311 Adolescent/Early Adult Development in**Context Credits: 3 (3-0-0)**

Course Description: Physical, cognitive, and socioemotional development of adolescents and young adults in context of family, relationships, and culture.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Completion of 30 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 312 Adult Development-Middle Age and Aging Credits: 3 (3-0-0)

Course Description: Developmental issues and processes pertaining to middle and later adulthood. Contexts in which adult development and aging occur are emphasized.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Completion of 30 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 317 Special Needs in Early Childhood Credits: 3 (0-0-3)

Course Description: Atypical development in early childhood and recommended practices for fostering development of young children with special needs.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 318 Infancy and Toddlerhood Credits: 3 (3-0-0)

Course Description: Physical, cognitive, language, and socioemotional development from pre-birth through 36 months, with an emphasis on applied settings.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 320 Cognitive and Language Development Credits: 3 (3-0-0)

Course Description: Cognitive and language development from birth to adulthood; including biological, social, and cultural influences.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 332 Death, Dying, and Grief Credits: 3 (3-0-0)

Course Description: Developmental processes of death and dying related to the dying individuals and their families and for human service agencies.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 334 Parenting Across the Lifespan Credits: 3 (3-0-0)

Course Description: Parenthood as a developmental process; child rearing as a function of variations in risk status, family systems, and ecological contexts.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Completion of 60 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 350 Applied Research Methods Credits: 3 (2-2-0)

Course Description: Interpret, apply, and write about research findings in human development.

Prerequisites: (HDFS 101 or PSY 100) and (STAT 201 or STAT 301 or STAT 311).

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 351 Promoting Early Socioemotional Competence Credits: 3 (0-0-3)

Course Description: Promoting positive socioemotional development and preventing challenging behaviors in early childhood, based on the Pyramid Model.

Prerequisite: HDFS 310.

Registration Information: Offered as an online course only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 375 Programming for Children and Families Credits: 3 (3-0-0)

Course Description: Prevention and intervention programs for children and families.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Completion of 60 credits.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 401 Childhood Socialization Credits: 3 (3-0-0)

Course Description: Socialization processes that influence human development within diverse family styles and cultures.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Completion of 60 credits.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 402 Family Studies Credits: 3 (3-0-0)

Course Description: Theory and research concerning relationships within families; interaction between family and other social institutions.

Prerequisite: HDFS 101 or SOC 100.

Registration Information: Completion of 60 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 403 Families in the Legal Environment Credits: 3 (3-0-0)

Course Description: Legal issues related to families, including adoption, marriage, divorce, parent and child rights, consumer issues, disability, and estate planning.

Prerequisite: None.

Registration Information: Completion of 60 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 404 Child Life Theory and Practice Credits: 2 (2-0-0)

Course Description: Theories and skills related to effective child life practice in hospitals.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 439 Administration of Early Childhood Programs Credits: 3 (3-0-0)

Course Description: Center administration related to program development and operations, budgeting, state regulations and licensing, and personnel issues.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 445 Early Childhood Health, Safety, and Nutrition Credits: 3 (0-0-3)

Also Offered As: FSHN 445.

Course Description: Planning, promoting and maintaining healthy lifestyle and safe learning environment for preschool children.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Credit not allowed for both HDFS 445 and FSHN 445. Offered online only.

Terms Offered: Fall, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 470 Campus Corps: Mentoring At-Risk Youth Credits: 3 (0-4-2)

Course Description: Service-learning course engaging students as mentors with local at-risk youth.

Prerequisite: None.

Registration Information: Completion of AUCC 3C Social and Behavioral Sciences; Human Development and Family Studies majors only. Written consent of instructor. Required background check through CBI, FBI. Course may be taken for a maximum of 9 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

HDFS 477 Professional Skills Development II Credit: 1 (1-0-0)

Course Description: Applications and integration of human development and family background within professional settings.

Prerequisite: HDFS 277.

Registration Information: Completion of 90 credits; Human Development and Family Studies majors only.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 484 Supervised College Teaching Credits: Var[1-3]

Course Description:

Prerequisite: None.

Registration Information: A maximum of 10 combined credits for all 384 and 484 courses are counted towards graduation requirements.

Terms Offered: Fall, Spring, Summer.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HDFS 488A Field Placement: Human Development and Family Studies Credits: Var[1-14]

Course Description: Application of human development skills in a professional setting.

Prerequisite: HDFS 477, may be taken concurrently.

Registration Information: Required background check through CBI, FBI; Human Development and Family Studies majors only. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HDFS 488B Field Placement: Early Childhood Credits: Var[1-14]

Course Description: Application of human development skills in a professional setting.

Prerequisite: HDFS 477, may be taken concurrently.

Registration Information: Required background check through CBI, FBI; Human Development and Family Studies majors only. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HDFS 488C Field Placement: Pre-Health Credits: Var[1-14]

Course Description: Application of human development skills in a professional setting.

Prerequisite: HDFS 477, may be taken concurrently.

Registration Information: Required background check through CBI, FBI; Human Development and Family Studies majors only. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HDFS 488D Field Placement: Prevention/Intervention Science Credits: Var[1-14]

Course Description: Application of human development skills in a professional setting.

Prerequisite: HDFS 477, may be taken concurrently.

Registration Information: Required background check through CBI, FBI; Human Development and Family Studies majors only. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HDFS 488E Field Placement: Leadership/Entrepreneurship Credits: Var[1-14]

Course Description: Application of human development skills in a professional setting.

Prerequisite: HDFS 477, may be taken concurrently.

Registration Information: Required background check through CBI, FBI; Human Development and Family Studies majors only. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HDFS 492 Seminar-Program Proposal Development Credits: 3 (0-0-3)

Course Description: Research, development, and oral presentations of program proposals from a family systems and development perspective.

Prerequisites: (HDFS 350) and (HDFS 477, may be taken concurrently or EDUC 400).

Registration Information: Major in Human Development and Family Studies or Early Childhood Education; completion of 90 credits. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 493 Specialized Seminar Credits: 3 (0-0-3)

Course Description: Advanced study of theory, research, and application in a specialized area.

Prerequisite: None.

Registration Information: Written consent of instructor.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HDFS 495A Independent Study: Human Development Credits: Var[1-18]

Course Description:

Prerequisite: None.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Instructor Option.

Special Course Fee: No.

HDFS 495B Independent Study: Family Studies Credits: Var[1-18]
