

BOOST↑CHARGE™ Power Bank 5K & 10K with Lightning Connector

Designed especially for iPhone and iPad, this portable power bank is the first-to-market MFi-certified power bank to recharge via Lightning connector, allowing you to use the same Lightning cable to charge the power bank that you use to charge your iPhone. This one-cable solution makes these small, thin, lightweight power banks ideal for on-the-go charging and are fully MFi certified to guarantee compatibility with iPhone and iPad.

Use Cases

- Commuters looking to recharge iPhone and iPad devices without access to wall outlets
- Consumers looking to enhance their iOS experience with less equipment for more streamlined, portable charging

Technical Specifications

- 5000 mAh [F7U045]
- 10000 mAh [F7U046]

Compatibility

For iPhone, iPad

Package Includes

- 5000 mAh power bank [F7U045]
- 10000 mAh power bank [F7U046]

The Belkin Difference

- Pioneer in innovation and technology for over 35 years
- Rigorously tested to ensure safe charging for users and their devices
- Recharges using your Lightning cable for a one-cable on-the-go solution
- Covered by a 2-year product warranty and a \$2,500 Connected Equipment Warranty for total peace of mind

BOOST↑CHARGE™ Power Bank 5K & 10K with Lightning Connector

Product Benefits

- Developed for iPhone and iPad, the integrated Lightning connector in these power banks means one cable recharges iPhone/iPad and power bank
- MFi certified for iOS compatibility and peace of mind
- Power banks can be recharged via an iPhone/iPad charging dock
- 5K power bank provides 35 additional hours* of video playback for iPhone 8
- 10K power bank provides 70 additional hours* of video playback for iPhone 8
- 5K delivers fast charging for iPhone with 1 x 12W/2.4A USB-A port
- 10K delivers 2 x USB-A ports with 17W/3.4A total output
- 2.4A Lightning input recharges power banks quickly
- 4 LED lights show charge status of power banks
- CEW guarantees safety and Belkin-engineered quality
- 2-Year Warranty
- Safety Triangle monitors heat, voltage, and circuitry for safe operation
- Small, thin, and lightweight to fit in a pocket for maximum portability

The Belkin BOOST↑CHARGE Family

A family of power products with fast charging in their DNA. Designed to integrate seamlessly to any environment to deliver fast, safe power at home, in the car, or on-the-go. Smart circuitry detects the connected device to deliver optimal charging, while universal charging protocols such as USB-A, Lightning connectors, and USB-C offer widespread compatibility.

Belkin BOOST↑CHARGE Characteristics

- Faster charging than standard 5W
- Widespread compatibility
- Portability
- Smart circuitry detects connected devices to deliver optimal charging
- Certified by relevant bodies for compatibility
- Connected Equipment Warranty up to \$2,500
- Safety Triangle monitors heat, voltage, and circuitry for safe operation

SKU#: F7U045b+BLK/WHT, F7U046b+BLK/WHT

*Max. additional video playback hours calculated by comparing the mAh capacity of this power bank with the max. video playback hours achievable by the iPhone 8 or iPad (2017). Actual additional hours provided may vary based on factors that are different for every user.
