Improve your printing performance. Reduce your waste.

Purchase a new HP printer and we'll recycle your old printer for free!
Offer ends October 31, 2020

Printing that's better for business—and for the planet.

With a full line-up of energy-efficient printers from HP, you can conserve energy without sacrificing features or performance. In fact, HP printing and imaging products are some of the most energy-efficient devices on the market today.

Now, we're making recycling even easier, too. Simply purchase an eligible new HP printer¹, and we'll recycle your old printer for free! That's HP Printing with the environment in mind.

It's easier than you think

In just three simple steps, you can reduce your environmental impact by purchasing a new HP printer and recycling your old one.

Step 1

Purchase a new qualifying HP LaserJet or HP PageWide device.

Step 2

Complete your claim form within 30 days of purchase at hp.com/go/refreshandrecycle.

Step 3

Pack up your used printer for free shipping and recycling. (Printers less than 115 pounds qualify)

Recycling with HP

HP will recycle your returned products, minimizing the impact on the environment, through HP-approved recycling facilities. HP ensures that returned products are recycled in an environmentally friendly way, processing them to recover valuable plastics and metals for new products and diverting millions of tons of waste from landfills.

¹ Applies to select HP LaserJet and HP PageWide models. See terms and conditions for full list of eligible printers.

1. Local printing requires mobile device and printer be on the same network or have a direct wireless connection. Remote printing requires an Internet connection to an HP web-connected printer.
For details on how to print, including whether an app is required, see hp.com/go/mobileprinting.
2. Requires HP Smart App. Features controlled may vary by mobile device operating system. Full list of supported operating systems and details at support.hp.com/us-en/document/c03561640. For details on local printing requirements see hp.com/go/mobileprinting. For a full list of supported operating systems, see hp.com/go/mobileprinting.
3. Speed specifications have been updated to reflect current industry testing methods.
4. Upon purchase, your printer comes with \$120 prepaid value card that will be added to your account (\$144 in Canada). This will cover 24 months of service on a monthly \$4.99 for 100 pages Instant Ink plan (\$5.99 in Canada). Other plans are available that may shorten or lengthen your offer period. After you have successfully registered your printer and created your HP Connected Account and Service Account, you must redeem your offer and select an Instant Ink printing plan. The Service begins when the offer is redeemed. Must redeem your prepaid value card within 6 months from printer set up or it will be void. Rollover allows unused pages in a month to be placed in a rollover account and then applied to pages in excess of your monthly allowance. The rollover account balance is limited to a maximum of twice the pages available in your plan. The ink balance will be decremented for any overage fees, resulting in less months of printing. Receiving your ink cartridges requires Internet connection to eligible HP, email address, and delivery service in your geographic area. Printers require direct connection to the Internet for program participation. For details, see hpinstantink.com.
5. Dimensions vary as per configuration.
6. Weight varies as per configuration.
7. Either after first page or after first set of ISO test pages. For details see hp.com/go/printerclaims.
8. Requires the HP Smart app download. For details on local printing requirements see hp.com/go/mobileprinting.

1. Mobile device needs to be connected directly to the Wi-Fi Direct® signal of a Wi-Fi Direct-supported AIO or printer prior to printing. Depending on mobile device, an app or driver may also be required. For details, see hp.com/go/mobileprinting.

Wi-Fi Direct® is a registered trademark of Wi-Fi Alliance®.

2. Mobile device needs to support Bluetooth v4.0+ and be enabled. A mobile app such as HP ePrint or HP AIO Remote must be installed and opened for printing. Mobile device must be within 5 feet of the printer.

For details, see hp.com/go/bleprinting. Bluetooth is a trademark owned by its proprietor and used by HP under license.

3. Power consumption varies with print job, the use of wireless connectivity and the charging of battery. Values given are nominal.

- A For Inkjet Printers: Either after first page or first set of ISO test pages. For LaserJet Printers: Measured using ISO/IEC 24734, excludes first set of test documents. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
- B Maximum dpi that can be scanned is limited by available computer memory, disk space and other systems factors. Scan speeds measured at 200 dpi (black-and-white, color, and grayscale) using A4 sized paper in portrait mode.
- C Estimated U.S. street price. Actual prices may vary. Contact your authorized HP reseller for the most current pricing information.
- D Copy speeds may vary depending on the type of document.
- E HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
- F Service levels and response times for Care Pack part of HP Care, may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply.
- G Apple AirPrint Mobile device must have AirPrint 1.5. Wireless operations are compatible with 2.4 GHz operations only. Learn more at hp.com/go/mobileprinting.
