OVERVIEW

LOGITECH VIDEO COLLABORATION PORTFOLIO

ENHANCE COLLABORATION

A good meeting is more than just a perfect presentation. It's about connecting with the people you're engaging with.

Logitech® is transforming the way teams collaborate – opening up new possibilities and eliminating old boundaries with innovative, beautifully designed video collaboration solutions that are amazingly affordable, and fit every room shape or size.

The Logitech ConferenceCam lineup provides both razor sharp video and crystal clear audio – making any meeting place a video collaboration space. Logitech webcams enhance desktop collaboration with high quality HD video, while USB headsets deliver sound that's crisp and clear.

With forward-thinking vision, Logitech innovates continuously to bring together the latest advancements in technology with customer-centric design.

Logitech RightSense™ proactive technologies enable a near effortless video meeting experience where everyone can be seen and heard.³ With Logitech RightSight™ camera control to frame in participants, Logitech RightLight™ optimization for more natural-looking faces, and Logitech RightSound™ voice leveling and noise suppression, video meetings are made better automatically.

No matter how or where you collaborate, video meetings are seamless with Logitech.

TEAM COLLABORATION

MEDIUM AND LARGE MEETING ROOMS

To get the most out of your medium and large meeting rooms, you need a video conferencing solution that adapts to your space. These meetings rooms are where critical decisions are made, important presentations are executed, and global relationships are built. Logitech offers modular solutions that can be configured to accommodate the shape or layout of your room. And Logitech RightSense technologies make better meetings easy and automatic, ensuring every person in the room can be seen and heard.

MEDIUM AND LARGE MEETING ROOMS/RALLY

Logitech Rally offers an Ultra-HD imaging system, delivering brilliantly sharp video, outstanding colour, and exceptional optical accuracy at resolutions up to 4K. Rally's modular audio components mean that speakers and mic pods can be placed wherever they are needed, achieving full audio coverage in your meeting space.

- Ultra-HD video with 4K optics⁷
- RightSense technologies with automatic camera control⁹, light and sound optimization
- Rally comes with one front-of-room speaker and one mic pod
- Rally Plus comes with two front-of-room speakers and two mic pods
- Deploy up to seven total mic pods for extended audio range
- Works with your familiar video conferencing applications⁵

Rally

UP TO 10 SEATS

Rally Plus

UP TO 16 SEATS

Rally Plus

OPTIONAL MIC PODS
1 OPTIONAL MIC = 6 ADDITIONAL SEATS

Part #: 939-001487 (10m)

Part #: 939-001490 (15m)

TEAM COLLABORATION

SMALL TEAM MEETINGS

For small team and casual meetings, choose all-in-one devices that pack a video conferencing punch, despite their affordable price tag. Logitech's entry-level devices ensure you show up with full HD video and professional audio, even on the go. Choose portability, great quality and guaranteed ease-of-use for ultimate flexibility in private offices and small team spaces.

LOGITECH CONNECT

Portable ConferenceCam with Bluetooth® speakerphone for the huddle room, home office, and on the go.

Part #: 960-001034

- Superior video and audio with a compact, 3-inch footprint
- Plug-free mobility with a rechargeable battery
- Works with your video conferencing applications⁵

   UP TO 6 SEATS

LOGITECH BCC950

Desktop video conferencing solution for private offices, home offices, and most any semi-private space.

Part #: 960-000867

- All-in-one design is easy to use and saves space
- Clear HD video and audio at an affordable price
- Works with your video conferencing applications⁵

 UP TO 4 SEATS

TEAM COLLABORATION

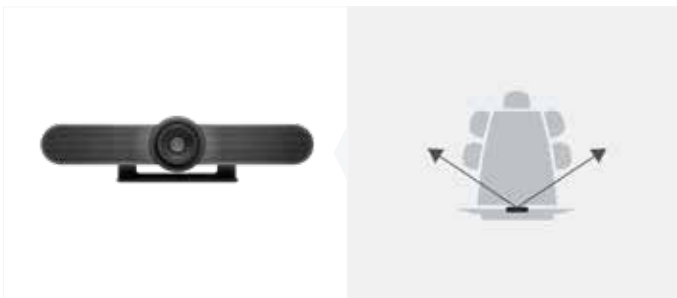

HUDDLE ROOMS

According to Wainhouse Research survey data⁴, people join video conferences from huddle rooms 40% of the time, more often than from any other location. These rooms have unique requirements for success, including a wide angle lens with pan and tilt to ensure everyone in the room is seen, and built-in audio to save space. Logitech huddle room solutions are optimized for these criteria, helping your business get the most out of these small spaces. Plus, Logitech ConferenceCams are compatible with familiar applications⁵, offering an easy way to collaborate.

LOGITECH MEETUP

 UP TO 6 SEATS

All-in-one ConferenceCam with 120° diagonal field of view⁶, 4K optics⁷ and integrated audio. Perfect for huddle rooms. Part #: 960-001102

- See everyone, even those close to the camera
- Compact design minimizes cabling and clutter
- Works with your video conferencing applications⁵

ACCESSORIES FOR MEETUP

TV MOUNT FOR MEETUP

Mounting option for MeetUp ConferenceCam.

TV Mount Part #: 939-001498

TV Mount XL Part #: 939-001656

EXPANSION MIC FOR MEETUP

Add-on microphone for huddle room flexibility. Extends audio range to 8 seats.

Part #: 989-000405

TEAM COLLABORATION

MULTIPURPOSE ROOMS

Multipurpose rooms require a versatile camera that can adapt to different uses cases, whether it's as a classroom, a training room or an auditorium. Perfect for bigger spaces with a larger number of participants, Logitech PTZ Cameras can capture an entire space in detail, while still offering the ability to focus on details—like the presenter, panelists, whiteboards or individual participants. Whether it's for a meeting, a seminar, or a presentation, Logitech USB cameras give participants the experience of sitting together in the same room, even if they are a thousand miles away.

LOGITECH RALLY CAMERA

Premium PTZ camera with Ultra-HD imaging and automatic camera control for boardroom-quality video.
Part #: 960-001227

- RightSight automatic framing⁹ and RightLight automatic light balance and color optimization³
- 4K optics with 15x HD zoom⁶
- 90° diagonal field of view⁸
- Motorized pan, tilt and zoom
- Works with your video conferencing application⁵

LOGITECH PTZ PRO 2 CAMERA

HD video camera with enhanced pan, tilt and zoom.
Part #: 960-001186

- HD 1080p30 with 10x lossless zoom⁷
- 90° diagonal field of view¹⁰
- Motorized pan, tilt and zoom
- Works with your video conferencing application⁵

TEAM COLLABORATION

ROOM SOLUTIONS

From small huddle rooms to large meeting rooms, room solutions make video collaboration seamless for any business. Participants can walk in and launch their meeting with one touch. This means less training, fewer trouble tickets and better video meetings throughout the workspace. Logitech room solutions offer a consistent collaboration experience, expertly configured for fast deployment and self-service connections to any video conferencing cloud service. Logitech room solutions make hosting and joining a meeting effortless for participants.

ROOM SOLUTIONS

LOGITECH TAP

USB touch controller for video conferencing.
Part #: 939-001796

- Spacious 10.1" touch screen
- Silent, fan-free enclosure with cable retention
- Mounting options for rooms of all sizes
- Sold as part of pre-configured Room Solution bundles

ACCESSORIES FOR TAP

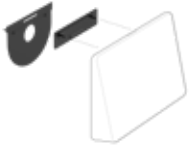

TABLE MOUNT

Tabletop mount designed for conference room tables with grommets.
Part #: 939-001811

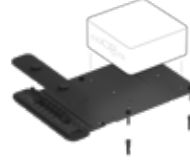

RISER MOUNT

Tabletop mount raises Tap for better visibility from across the room.
Part #: 939-001814

WALL MOUNT

Designed for stand-up operation and to preserve table space.
Part #: 939-001817

PC MOUNT

Secures a small form factor PC and cabling behind a display or beneath a table.
Part #: 939-001825

LOGITECH STRONG USB CABLE

In-wall rated cable connects Tap to PC.
10 METER Part #: 939-001799 (Included with Tap)
25 METER Part #: 939-001802

ROOM SOLUTIONS WITH TAP

Small, Medium and Large Room Solutions are available for Google Hangouts Meet™ Hardware, Microsoft® Teams Rooms and Zoom Rooms with Logitech Tap. Room Solutions with Logitech Tap include all necessary components: the Logitech Tap touch controller, a small form factor computer, room-optimized video conferencing software from a Logitech alliance partner, and a Logitech conference camera.

ROOM SOLUTIONS

LOGITECH SMARTDOCK AV CONTROL CONSOLE

AV control console for Microsoft Teams Rooms with one-touch join, streamlining video collaboration and desktop sharing.

Part #: 960-001111

- Securely locks Microsoft Surface® Pro
- Adds connectivity without clutter including HDMI for dual 1080p displays, three USB ports, Gigabit Ethernet, and headset jack
- Simplifies content sharing with 1080p30 HDMI input and capture

ACCESSORIES FOR SMARTDOCK

SMARTDOCK FLEX*

Recommended expansion kit that consolidates AV, USB and power to a single CAT6 cable, and adds AV Passthrough for easy guest access to the room's display, camera, and speakerphone.

Part #: 960-001213

- Deploy SmartDock up to 50ft (15m) away from the room's AV equipment
- Adds an HDMI input for wired content sharing* Strongly recommended for simplified setup

SMARTDOCK EXTENDER BOX

Basic expansion kit that consolidates cross-room cabling to a 5-in-1 proprietary cable (14mm diameter, not routable through standard conduit).

Part #: 960-001118

- 16 ft (5m) cable is sufficient for smaller rooms
- Adds an HDMI input for wired content sharing

LOGITECH SCREEN SHARE

Bringing instant and easy content sharing to any conference room computer by simply connecting a laptop or tablet via HDMI.

Part #: 939-001553

- Wired content sharing for conference room computers
- Share from any device with an HDMI-compatible output
- Works with most any meeting or webinar service⁵

PERSONAL COLLABORATION

DESKTOP SOLUTIONS

Making a video call in personal space requires avoiding distractions and staying in control of what viewers can see. Logitech personal collaboration solutions can turn any desktop into an instant collaboration space. With a plug-and-play USB HD webcam and/or headset combination or a mobile hands-free speakerphone, face-to-face desktop collaboration is easy. Premium webcams include RightLight to optimize images for more natural light and color. And all audio solutions provide crystal clear audio with noise-cancelling technology to ensure you can hear and be heard whether you are in an open space or a private office.

DESKTOP SOLUTIONS

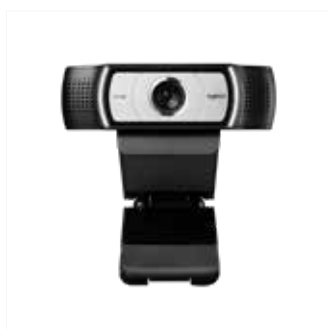

LOGITECH BRIO

Ultra HD webcam for video conferencing, streaming, and recording.

Part #: 960-001106

- Spectacular video quality up to 4K
- Look great in any light with HDR and RightLight 3
- Enhanced security with Windows Hello™ facial log-in
- Works with your video conferencing applications⁵

LOGITECH C930e WEBCAM

Business webcam with a wide field of view and HD digital zoom.

Part #: 960-000972

- 1080p HD quality, ideal for video conferencing
- Excellent low-light performance with RightLight 2
- Premium glass lens
- Works with your video conferencing applications⁵

LOGITECH C925e WEBCAM

Affordable 1080p HD webcam with integrated privacy shade.

Part #: 960-001076

- Designed for desktop video conferencing
- RightLight 2 ensures clear video with typical office lighting
- Sliding internal shade assures privacy
- Works with your video conferencing applications⁵

LOGITECH B525 HD WEBCAM

Ideal for on-the-go professionals with a compact, foldable, 360° swivel design.

Part #: 960-000842

- 1080p HD quality in a compact form factor
- Folds for grab-and-go convenience
- 360° swivel so you can point in any direction
- Works with your video conferencing applications⁵

LOGITECH MOBILE SPEAKERPHONE P710e

Hands-free calling and audio with noise-cancelling technology for your phone or tablet. Pair Bluetooth devices or connect with NFC by simply touching a device to the P710e.

Part #: 980-000742

- Works with most any computer or mobile device
- Go cordless with up to 15 hours of talk time
- Integrated stand for smartphones and tablets

LOGITECH ZONE WIRELESS

Wireless headset designed to enhance focus and productivity in busy workspaces. Connects via USB-A dongle and Bluetooth.
PART #: 981-000798

LOGITECH ZONE WIRELESS PLUS

Connect Zone Wireless Plus to your Logitech wireless desktop with a single Unifying™ USB dongle.
Part #: 981-000806

- Great for Music and Talking
- Simple Controls. Easy to Use.
- All-Day Comfort
- Connect Multiple Devices

LOGITECH WIRELESS HEADSET H820e

Wireless headset for increased mobility. Designed for comfort with padded headband and soft replaceable ear pads.
Part #: 981-000517 (Dual), 981-000512 (Mono)

- Up to 300-foot range
- Up to 10 hours of talk time
- Noise-cancelling technology
- Works with your video conferencing applications⁵

LOGITECH USB HEADSET H650e

Wired headset with clear audio, acoustic echo cancellation, and a noise-cancelling boom mic.
Part #: 981-000519 (Dual), 981-000514 (Mono)

- Tactile and intuitive controls
- Enterprise-grade audio quality
- Designed and certified for business
- Works with your video conferencing applications⁵
- Works with your video conferencing applications⁵

LOGITECH USB HEADSET H570e

Easy-to-use add wired headset for all-day comfort and productivity.
Part #: 981-000575 (Dual), 981-000571 (Mono)

- Strong and light for long-term comfort
- Easy-to-find inline controls
- Clear audio at a great price
- Works with your video conferencing applications⁵
