

End of Sale Announcement

HP 8800 1GB DRAM (JC136A)

Internal Announcement Date: May 16, 2013

Public Announcement Date: June 7, 2013

Last Ship Date: December 31, 2013 or while supplies last.

HP 8800 1GB SDRAM Options (JC136A)

The HP 8800 1GB SDRAM (JC136A) will go End of Sale on December 31, 2013. The supplier has stopped building this sku and inventory is limited. It is important that you identify any strategic accounts or partners that currently actively source these products to begin planning a transition.

Planned End of Sale (EoS) Product	
Product Number	Product Description
JC136A	HP 8800 1GB SDRAM

About the replacement:

- ❖ JC136A is used on the HP 8800 Single Engine MPU (JC137A) and Dual Engine MPU (JC138A). Both MPUs went end-of-sale last year and were replaced by HP 8800 Single Fabric MPU (JC596A) and HP 8800 Dual Fabric MPU (JC597A). Although not a direct replacement, the corresponding SDRAM used on the new MPU modules is JC609A.

Replacement Product(s)	
Product Number	Product Description
