## Freya

- by Clint Digital

Freya is a small and propitious Nordic goddess. She is known for love, beauty and wealth to name a few – but her favorite is music.

FREYA will fit perfectly in any room - office or bedroom. FREYA is easy to move around because she is light weight and small in size. Bringing her from room to room or even outdoors in a garden has never been easier.

# AudioEngine

Amazing sound, Guaranteed

## A2+ Powered Desktop Speakers

The Audioengine 2+ is the new standard for computer audio and these small, but high-performance speakers are the perfect upgrade for your computer. Everyone knows the difference between custom-built, small batch products and the disappointment of mass-produced and over-marketed products. The A2+ was designed and hand-built with the goal of exceeding expectations of both value and performance.

Satin black	Glossy white
<a href="#">AUDIOENGINE-2+B</a>	<a href="#">AUDIOENGINE-2+W</a>

## A5+ Powered Speakers

Audioengine 5+ Premium Powered Speakers deliver audiophile-quality sound and features at a price that continues to set the standard for affordable high-quality audio. Connect your iDevice, computer, TV, or any other audio component for great stereo sound in any room.

Satin black	Glossy white	Solid bamboo
<a href="#">AUDIOENGINE-5+N</a>	<a href="#">AUDIOENGINE-5+W</a>	<a href="#">AUDIOENGINE-5+B</a>

## S8 Powered Subwoofer

Excellent performance for music, movies, and games. Audioengine S8 is the perfect bass extension for Audioengine powered speakers or as an upgrade to any music system. Super compact size and wireless-ready. S8 an 8" custom woofer, this powered subwoofer is small enough to place in a corner or hide behind furniture. The S8 delivers great bass performance and it's low, tight, and smooth bass will blend well with the other speakers in your system.

# Odin

- by Clint Digital

ODIN is the ruler of Asgard - home of the gods - and the father of Thor. He is the most powerful god - but with a soft touch.

ODIN is perfectly suited for the living room, providing an astonishingly great and room filling sound with its 2 speakers and 2 tweeters inside the cabinet.

The triangular shape of ODIN is designed to be placed on the floor in a corner of a large room. The sound is pushed from the speaker towards the walls and will make the music reflect into the entire room.

# Vifa Copenhagen

## Premium Wireless

Speakersystem with AirPlay & dlna

Creating authentic sound has been our passion for more than 80 years. Copenhagen weaves years of refined craftsmanship with contemporary lifestyle. With its light Nordic design, the loudspeaker plays elegantly together with the surroundings. Simple to use and portable, Copenhagen lets you create the atmosphere to suit your moment. It's pure enjoyment in every detail.

Stay tuned!

vifa

### The Design

To create Copenhagen, we collaborated with the Danish innovation and design consultancy design-people. Henrik Mathiassen, Design & Creative Director at design-people, gives us a brief insight into the design process behind Copenhagen.

### The Sound

Creating authentic sound is a matter of orchestration. It's the art of making the finest components and technology play together. Only human talent, the love of music, and an uncompromising attitude to quality can make this happen. This is our philosophy and the reason why you will be thrilled by the sound of Copenhagen; a sound that is true to your favorite pieces of music, both for peaceful moments and for celebration.

# Your TV. Everywhere!

Love watching TV - movies, live sports and shows, but not always in your living room.

That doesn't mean you can't stay up-to-date with everything. Whether you're at home or on-the-go, Slingbox 350 lets you watch all your live and recorded shows, on phone, tablet or laptop – internationally, via 3G, 4G, LTE or Wifi.

## Watch TV Anywhere

No matter where you are in the world, or your backyard - watch and control all of your TV on your mobile devices, live or recorded, over the Internet.

## Stunning Full HD 1080p Quality

Extend your living room TV experience in sparkling high definition video up to 1080p. Tune in to your favorite programs on your tablet, phone, Mac, PC, or connected TV and enjoy your shows in the best possible quality.

## Absolutely No Monthly Fees

You already pay a lot of money for your current cable or satellite subscription. Only Sling lets you take it anywhere in the world without additional monthly fees.

## Slingbox 350 Features

- Watch and control your live and recorded TV shows anywhere - in up to Full HD.
- No blocked shows or games on any device, in any location. Watch your favorite shows and sports on all the channels you subscribe to, even when you're overseas.
- Never miss a final episode or live event. View them when you want, where you want, and become the spoiler in your social group.
- Play and schedule DVR recordings.
- Watch on a second TV anywhere via Apple TV®, Chromecast®, and Roku®.
- Features Ethernet, composite and component in/out connections.
- Absolutely no monthly fees.

# Titan Shield

## Tempered Glass

The ultimate protection for Smartphones & Tablets

### Scratch resistant

Titan Shield is very resistant to scratches and most encounters such as keys and coins. Like all glass, the Titan Shield surface can be scratched - but only with very hard materials and a significant amount of force.

### Breaking is good

Titan Shield is built to break as it absorbs the shock damage from a strong impact. If the Titan Shield did not break in those cases, you would risk damaging the original screen of the device.

### Curved edges

All glass including screen protectors is most vulnerable in the corners as it is an exposed and unprotected edge. However, Titan Shield has minimized the risk by making the edges curved for all smart phones.

# MagnIQ™

## The Ultimate Universal Mounting system

The MagnIQ™ Covers and Mounts are the perfect smart phone covers and holders for your car; it's a sleek, compact, versatile and adjustable, and so effortless that they are actually fun to use.

Dock your phone to the dashboard or windshield in a snap - visible and accessible right where you need it. MagnIQ™ is a universal solution that works with all MagnIQ™ enabled smartphones or tablets.

The MagnIQ™ Car Mounts is designed around a special dual mode vacuum cup that actively seals and keeps its suction for the long term, providing a dependable mount for your phone.

The MagnIQ™ Car Mounts comes complete with a set of MagnIQ™ pads which can be hidden inside phone cover making it a part of the MagnIQ™ system, or you can buy one of the cool new Wallet covers with MagnIQ™ fully integrated.

### Smart Phone Wallet Covers

The sleek and cool MagnIQ™ Wallet covers comes with two slots for credit cards and works seamlessly with the Car Mounts. You can even attach your phone to the refrigerator door or a whiteboard so that it's easy to find every time. Find available items below.

### Windshield Car Mount

The sleek MagnIQ™ Windshield mount has a very flat mount that works equally well on the windshield as the dashboard of the car. With the ball joint you can angle the mounting surface any way you want, wherever you want in the car.

ES80360

### Dashboard Car Stand

The elegant MagnIQ™ Dashboard stand sits perfectly on the top of the dashboard. With the ball joint you can angle the mounting surface any way you want. It works with smartphones and you can even use it with tablets.

## iGrill<sup>2</sup> Barbecue Thermometer

### Designed For The Pros, Built For Everyone

Add this advanced Bluetooth® Smart grilling thermometer to your toolset, complete with professional grade probes, for award-worthy meat.

### 45 Meter Range

Know when your food is ready from your mobile device. Let the iDevices® Connected app know what you're grilling, leave the probe in the meat while it cooks and go relax!

### Four Probe Capacity

Includes two Pro Meat Probes for monitoring multiple temperatures at once.

Add to your collection with additional Pro Meat Probes or the Pro Ambient Temperature Probe for maximum coverage.

### Pro Grade Probes

Includes two heavy-duty meat probes, measuring between -30°C and 300°C, designed for extreme grilling and smoking.

### Take The Guesswork Out Of Grilling

A single probe, wireless Bluetooth® Smart thermometer to tell you when your food has reached your desired temperature.

### Magnetic Mounting

This pocket-size grilling tool comes with magnetic mounting in a 2-inch package that you can put almost anywhere.

Add in its 150-hour battery life and the iGrillmini is the essential grilling tool.

iGrill<sup>2</sup> IGR0009

iGrill mini

### Creating Connections

Connecting to the iDevices Connected app is easy thanks to new Bluetooth® Smart technology. Once you power on your product, the app will take care of the rest for you. Manage all of your iDevices products from one dashboard and dive deeper into each product as you wish.

## ue Thermometer

### Smart LED

With the new Smart LED you can see the progress of your cook without lifting the lid or cutting into your meat! The LED progresses through four different stages so at a glance you know what's up.

### Connected App

With the iDevices® Connected app you can monitor all your food temperatures and graphs using one convenient dashboard. Whether you're grilling or smoking this app has you covered.

## Kitchen Thermometer

### Perfection Everyday

The thermometer has two probes, a display with proximity wake-up, magnetic mounting and two probe wraps that conveniently clip together and mount to the back of your device.

### Multi Tasking Chef

Multitask in the kitchen and do other things around the house while staying connected through wireless Bluetooth technology and 200-hour battery life.

### Dual Probes

Whether you're cooking two pieces of meat or a whole turkey, having two temperature probes gives you the flexibility to create meals like a master chef.

### Illuminated Display

Doing a quick check of your current food temperature is easy with the illuminated display while in your kitchen.

### Connected App

Through the iDevices® Connected app, you can use preset or custom temperature alarms that alert you when your food is ready. Look up new recipes and share your own.

Kitchen Thermometer IKT0002E

IGR0001E

## Pro Candy Probe

## Unlock Your Inner Candy Making Skills

Impress your friends and family with homemade candies and treats! The Pro Candy Probe is compatible with any iGrill or Kitchen Thermometer product and doubles as an oil thermometer.

## Get It Right. Every Time

Closely monitor the temperature of your sugary syrup or oil on your smartphone. Simply clip the candy probe metal clip to the side of your pot and set min and max temperatures within the iDevices Connected app to receive alerts if the temperature of the candy or oil gets too hot or cold!

Pro Candy Probe is available early 2015

## Enhance your active lifestyle

### Runtastic LED Head Lamp

40 lumen output & Weatherproof

The functional Runtastic Headlamp is your perfect, trustworthy companion for activities in low-light environments and at dusk, dawn or in the night. And, it's not just for your head!

The included bike mount allows for quick and easy installation of the headlamp on your bike. Plus, thanks to the practical velcro tape you'll receive, you can attach the Runtastic Headlamp to many other surfaces, too.

RUNFHL1

### iHealth Wireless Pulse Oximeter

Get the most out of your fitness training

The Wireless Pulse Oximeter is a great and reliable way to spot-check your blood oxygen saturation (SpO2) and pulse rate whether you're hiking high elevations or training for a marathon. Track and view your blood oxygen level readings instantly on the device LCD display and through the iHealth MyVitals app from your smartphone.

PO3

### Olympus SH60 | 16 MP

Sharpness at any distance

The SH-60 has plenty to boast about, like its super-sharp image stabilisation (IS) technology. Thanks to the Hybrid 5-Axis IS normally found in D-SLRs, the compact SH-60 effectively counteracts

blur in all five directions. In fact, it's so effective, you can actually make a movie as you run, entirely blur-free.

On top that, the SH-60 has a high-zoom lens that lets you get close to the details from up to 40cm away – perfect for creating fascinating still shots or smooth 1080 Full HD

movies. Packed with Photo Story, this pocket-sized wonder lets you create an artistic collage for sharing on social networks or printing to make a special gift.

SH60 Black [V107070BE000](#)

SH60 Silver [V107070SE000](#)

SH60 White [V107070WE000](#)

### Olympus Stylus1 | 12MP

Super-slim. Extra-powerful. All-purpose.

Combining the best of STYLUS technologies, the pioneering OM-D series and D-SLR photography, the STYLUS 1 is a new breed of camera in a whole category of its own. Take the Electronic Viewfinder adapted from the

OM-D E-M5 for instance, which gives you a field coverage of 100% and by that outperforms the field coverage of entry-level D-SLR cameras. Or the i.ZUIKO DIGITAL zoom lens with 10.7x magnification and a constant bright aperture of 1:2.8. Plus the large (1/1.7") BSI CMOS sensor, virtually unheard of in this class. These technological innovations are engineered into a remarkably compact body that is convenient to carry, whilst the zoom lens is designed with such ingenuity that it appears to disappear when retracted.

V109010BE000

### Veho SAEM™ S6 Water Resistant Phone Case

Fits most smartphones incl. iPhones

The rugged SAEM™ S6 water resistant smartphone case features the patented Pinnagrip system which enables the S6 to grip, hold and protect most varieties of smartphones including iPhones.

Attach the SAEM™ S6 anywhere using the supplied karabiner or to your handlebars using the optional handlebar mount. The X-Touch screen means your smartphone is fully functional while in the case and the rear window allows the camera to continue to operate.

VSA-100-PG

## Deeper Smart Fishfinder

The world's first smart fishfinder made for both amateurs and professionals, compatible with mobile devices, tablets and smartphones with Android 2.3+ and iOS 5.0+ operating systems.

### Fishing Sonar for SmartPhones

The sonar ensures that your fishing goes successfully in fresh or salt water anywhere around the globe – when the sonar is paired with a smart device you own, the unique technology allows you to see the view of the pond's bed reflected by sonar's emitted waves on the screen of a phone or a tablet, to learn about the water temperature and, of course, where the fish are.

### Successful Fishing Trips

The smart FishFinder sonar works in depths from 0.5 to 40 meters and uses Bluetooth connection to show the information about the fish, the pond bed, water temperature and underwater obstacles you may bump into, on the screen of a smartphone or a tablet. Smart fishfinder can be used in salt and fresh water. Two beams combines great detail and a wide coverage area.

- the installation is surprisingly simple.

## Monitoring Center Software & Apps

Free MicroView Monitoring Center software for PC or MAC is included with all video recorders. The software gives you the ability to manage and control several cameras and recorders in one common management software. Furthermore you can download free Monitoring Center Apps for Apple iOS and Android.

### Network Video Recorder for up to 8 cameras

- Embedded management software supports live view, storage, and playback of the connected cameras
- HDMI and VGA outputs at up to 1920x1080 resolution.

A new generation recorder combining multiple advanced technologies. Support for most common brands and ONVIF.

MVINVR-08POE

### Mini Bullet Camera 1.3 Megapixels

- 4mm@ F2.0 lens
- IR light up to 30 meter range

The i13B is a 1.3 megapixel IR mini bullet camera with a wealth of features including a true day/night function providing clear images during day and night and IP66 rated housing protecting the camera against harsh outdoor weather environments.

MVIB-01IR

### Mini Dome Camera 1.3 Megapixels

- 2.8mm@ F2.0 lens
- IR light up to 30 meter range

A 1.3 megapixel network dome camera with wide dynamic range, digital noise reduction, dual streaming, power over ethernet for quick and easy installation and IP66/IK10 rated housing protecting the camera against harsh outdoor weather conditions and vandal attempts.

MVID-01IR

### Varifocal Dome Camera 3 Megapixels

- Varifocal 2.8 - 12 mm @ F1.4 lens
- IR light up to 30 meter range
- SD card slot (Edge storage)

# EnGenius

Home Guardian Kit with  
Wireless Network HD Camera and IoT Gateway

## Take more control of your digital life.

The EnGenius Home Guardian Kit (EBK1000) includes the EnGenius Intelligent IoT Cloud Gateway (EPG5000) and one HD720P IP Network Camera (EDS1130) for monitoring a home or small business. Both products work with a suite of free EnGenius IoT mobile apps available for iPhone®, iPad® or Android™ devices.

### Wireless HD Camera

Personal Cloud IoT 1MP 720P Wireless  
Network HD Camera

The included EPS1030 features a 1 Megapixel resolution camera with an IR-Cut filter for day/night mode for monitoring rooms, entryways, patios, and more.

It is capable of streaming up to two codecs simultaneously with up to 30 frames per second using H.264, MPEG-4, or Motion JPEG.

- 2-way audio
- Push notifications & playback
- One-touch setup
- IEEE 802.11b/g/n compliant
- Cost effective solution

### Dual Band IoT Gateway

Dual Band IoT Intelligent Cloud Gateway  
with Gigabit ports and a USB Port

The included EPG5000's built-in 4-Port Gigabit switch is ideal for large file transfers and connecting

home entertainment devices like HDTVs, Blu-ray players, set top boxes or game consoles so they can access a family's Internet connection. Stream video / transfer files at wireless speeds of up to 1300 Mbps on the 5 GHz band and up to 450 Mbps on the 2.4 GHz band.

- Wireless AC1750 Speeds (IEEE 802.11a/b/g/n/ac)
- Save On International Calls With the EnTalk-Lite App
- EnShare USB Media Sharing
- Access EnGenius IP Cameras on the Network with APP
- Protect your family, monitor your employees

EBK1000	Home Guardian Kit (Camera & Gateway)
EDS1130	Additional IP cameras
EPG5000	Additional Dual Band IOT Gateway
